## CONTRACT LET ON BAPTIST BUILDING

Members of the board of deacons of the First Baptist Church have announced that they let the contract last Tuesday night, April 8, for the planned addition to the church building. The work calls for 8 new class rooms.

Low bidder on the project was Charles Vardy of Rankin. Four bids were submitted.

Work is to begin the latter part of this week. Some \$2600 has already been pledged to the program by members and area residents.

## BETA SIGMA PHI MARCHES FOR CANCER DRIVE

Members of the Rankin chapter of Beta Sigma Phi will be out in force beginning at 7:00 p.m. Tuesday, April 15, as they make a door-to-door drive for donations to the Cancer Fund.

"There is many promising signs that progress is being made in the fight against cancer," one member of the organization said. "The Beta Sigma Phi is sponsoring this drive to help continue this program and your financial assistance will be needed."

# County Asking For Bids On Courthouse Additions

The Upton County Commissioners Court has issued a notice to bidders for construction of the proposed courthouse addition.

Sealed proposals will be received by the Commissioners Court until

2 p.m. May 8 for additions and alterations to the courthouse and jail in Rankin. Plans and specifications are now on file at the clerk's office. Separate bids are being called for on five phases of the work: general construction, plumbing, heating, ventilating and air conditioning systems, electrical installations and jail equipment. Bidders may bid on each separately or any combination of the five.

With the call for bids, the Court will be nearing the beginning of work on the improvements to the courthouse, an issue which has been of considerable interest within the county for the past 18 months. Originally, a bond issue for \$410,000 was approved by the voters by a 9-vote majority but was cut almost in half when results of the election were contested, leaving \$225,000 for the work.

Another phase of the program which is already underway is the construction of a sub-station in McCamey. On the first call for bids on this work, it was found that no bidders were within the amount of money available to that part of the planned expansion of county facilities.

However, after some modification of specifications, bids were awarded on a similar basis as those being asked in the Rankin work. Should the county be successful in receiving favorable bids on the May 8 call, it is expected that work will be well underway by the middle of the summer.

Mrs. Bob Brasher and son, Skipper, of Blanding, Utah, and her mother, Mrs. W. A. Taylor of Tatum, New Mexico, visited several days last week with Mr. Brasher's parents. Mrs. Brasher and Skipper will visit a few days with her mother in Tatum before returning to their home. Mr. and Mrs. Brasher are now permanently located at Blanding, Utah.

## WONDERFUL

Texas Champions of Freedom

# AUGUSTUS MAGEE

Defender of Individual Rights

When Augustus Magee championed the cause of Texas freedom, the Spanish flag was flying from the Sabine to Yucatan. But for a while, the Green Flag of the Republic of the North replaced it this side of the Rio Grande... Texas' first taste of independence.

It was 1812 when Magee resigned his commission in the U. S. Army and crossed the Louisiana border to help free Texas from Spanish rule. With his men he captured Nacogdoches, Goliad and San Antonio. Though unrecognized by foreign governments, Texas was completely free for one brief summer, with a formal declaration of independence issued and a constitution written. The young republic lasted only until August 18, 1813, when the battle of Medina saw the Green Flag lowered and the red and gold of imperial Spain

again triumphant. But the determination to be free lived on, in a handful of American pioneers. Soon others of their kind joined them in the cause of liberty, and a great state was born and prospered.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland... "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

**DID YOU KNOW THAT**

The population of the United States now number about 172 million?

About 57 million are young people under 18? Over 14 million are people 65 years and over?

Only 12 percent now live on farms or ranches?

Nearly 40 million are enrolled in school or college?

Complaints of a chronic tired feeling, gloomy outlook on life, anxiety over small things, and loss of sleep often are caused from being poorly nourished?

Age doesn't change the kinds of food needed by the body for proper functioning?

Dry cleaning kills all forms of moths at the time of treatment but does not give permanent protection unless the garment is sealed in a bag immediately after cleaning?

You can moth proof washable woollens when you launder them?

**SOME FOOD QUICKIES**

Onion biscuits are good and simple to make by stirring in 2 or 3 teaspoons instant minced onion into the milk when making baking powder biscuits. The moisture free onion has a sweet, mild flavor.

Walnuts roasted in the shell give a delightful toasted flavor. Simply heat the nuts in a 400 degree oven for 15 minutes. **Cool and crack.**

A quick raisin sauce for ham can be made by combining a small can of frozen orange juice with 1/2 cup sugar, 1 1/2 cups water and 1 1/2 tablespoons cornstarch. Heat until the sauce thickens. Then add 1-3 cup raisins and salt to taste.
