Large Number of Entries From Texas and New Mexico On Hand--

Sixth Annual All - Kid Rodeo Opens In Rankin Friday Night

Friday evening will see the open- ing of the sixth annual Upton County Kid Rodeo.

Kicking off the show at 5:30 p.m. will be a parade from the Park Building, through town and on out

the highway to the rodeo arena. Horses, cowboys, Cowgirls, floats and assorted entries will be featured in the afternoon parading. Anyone who is interested in entering, whether as a club or individual, should contact

either Mrs. Henry Scarborough or W. D. Poyner, parade committee.

Prize money is being offered for the best entries in the parade. All contestants should be at the Park Building on the east side of Rankin, ready for marching prior to the 5:30 time, it has been announced.

RODEO EVENTS

This years version of the Kid Rodeo is expected to be "outstand- ing" according to those responsible for the show. Entries have been extra heavy and have come from all parts of the country. Several local "hands" are said to be in good condition for the competition and will be making a determined effort to keep the first-prize hand made saddle at home in Rankin.

In addition to the saddle which

will go to the all-around cowboy, winners in the various events will receive silver belt buckles.

Other than the calf scramble, a large number of separate events will be on schedule for the two-night show with such numbers as the greased pig chase, the boot scramble and the clowns—as well as the usual calf roping, steer riding and usual rodeo events—will give the audience a fast moving and exciting performance.

This year, also, for the first time, spectators will be given the advan- tage on the dust problem which has proved uncomfortable at times in the past. A good, heavy layer of sand has been hauled into the arena and spread throughout the area where the contests will be held.

This is expected to practically e- liminate the dust problem and make things much more comfortable for the bleacher crowd. Refreshments will be served at concession stands throughout the rodeo.

"We believe that the rodeo gets better every year and that this one will be even better than those in the past," Dub Day, county agent has said.

"The 4-H Club extends their sin- cere thanks to all the people who have helped us again this year and promises to do their best in putting on a top show," he concluded.

CALF SCRAMBLE IS TOP ATTRACTION

Among the top attractions of the rodeo Friday and Saturday will be the calf scramble. In this event ten calves are turned loose in the arena and twenty contestants are off at the word "go" to try and capture one of the animals and get it back across the finish line.

Prize money will be given to win- ners in accordance to the calf they catch since some will be "saltier" than others according to Frank Boyd, chairman of the calf scram- ble. Contestants will pay \$1 each as an entry fee with all this money going back as prizes. Only teenagers who are not entered in any of the "points" events such as steer rid- ing, calf roping, etc. will be el- gible to enter the scramble.

One night will be devoted to a junior division scramble with the other being open to seniors. Both boys and girls may enter the contest if they so desire.

REBEKAH BAKE SALE

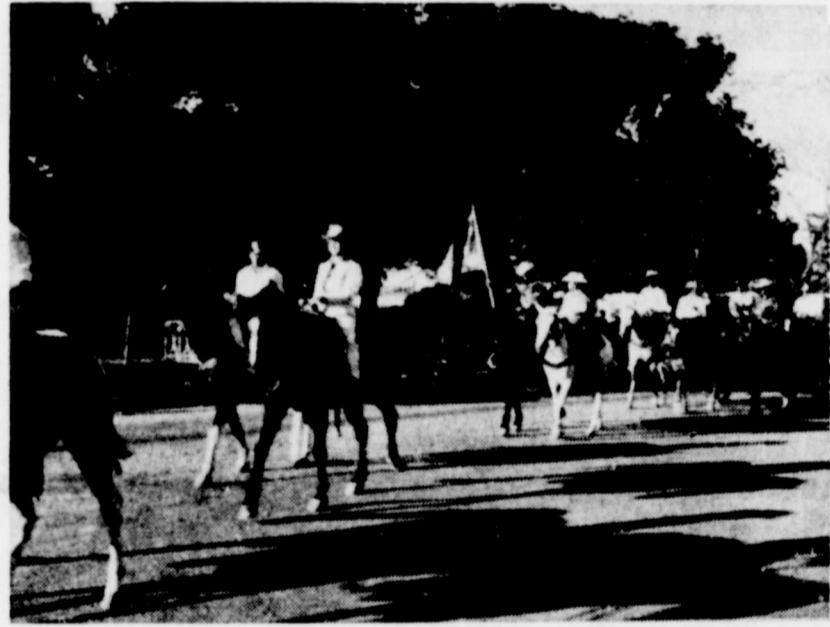

SATURDAY, JUNE 14

Rankin Rebekah Lodge No. 8 will hold a bake sale in front of the post office Saturday.

Orders are being taken by the group for Father's Day cakes and pies. In placing orders, call MYrtle 3-2550 or 3-2866. All orders will be ready for delivery before Sunday, June 15th.

CORRECTION

In last week's issue of The Ran- kin News, the names of Mesdames Walton Herral and R. D. Mc- Spadden were omitted from the list of officers for the 1958-59 Orf of Eastern Star Chapter. T ladies were installed at the installation last week.

A RODEO MUST HAVE A PARADE AND the Kid Rodeo will stage theirs Friday evening at 5:30 p.m. Paraders will form at the park building. This is a part of one of the former rodeo parades and is typical of the "Rodeo Parade."

AUDIT INDICATES INCREASED BUSINESS FOR CITY OF RANKIN OVER PAST YEAR

In the annual audit of the City of Rankin, recently completed by the auditing firm of Cherry, Eckert and Storey of San Angelo, another increase in the volume of business handled by the city hall is indicated. This yearly increase has been shown for the last number of years but never as heavy as that indicated for the 1957 work.

A schedule of cash received and money spent from the three main funds of the city are carried in this issue of the Rankin News.

Total assets for the city now stand at \$493,921.52 as indicated by the audit—the highest in the history of the City. An excess of \$27,921.52 in revenue over operating expenses was made on the 1957 business. This figure includes accounts re-

ceivable as of March 1, 1958.

MORE METERS

Customer connections on the three city operated units; gas, water and sewer show the following:

	March 31	
	1958	1957
Gas	536	485
Water	498	489
Sewer	473	407

GAS LEADS

As usual the gas system showed the bigger gain in business with a net income of \$11,717.03 as compared to \$10,780.61 for both the water and sewer business. Bonds outstanding against the city as of March 31, 1958 amounted to \$290,000. City property taxes amounted to \$14,500.84 for the year while

total monies received from all sour- ces reached \$108,025.56. Total ex- penses including bond payments a- mounted to \$96,464.06.

RODEO TIME

It's Rodeo Time in Rankin.

A lot of us don't think much about all the preparations and planning that goes into this rodeo but you can bet that those who do the work realize the fact that it takes a good bit of doing to put it on. And, further, we often don't stop to consider the fact that this is not just another kid rodeo. It is "THE" Kid Rodeo of West Texas. Its fame is known throughout the state and a good bit of New Mexico.

Entries have been coming in since around Christmas and Dub Day says that this year's bunch of "busters" are going to be "a little salty." For everybody who cares anything at all about seeing good clean competition, the show Friday and Saturday night will be a dandy.

So put on your boots, blue jeans and checked shirt—get your Bull Durham sack in your teeth and go out and whoop it up. The kids will give you a show that will

match any of them.

ABOUT THE AUDIT

This week the city commission is having published for the benefit of the citizenry, the recently completed audit of the City of Rankin. Financially, it can be said that the City has come a long way over the past few years and at least part of the credit must go to the City Commission and the Mayor.

Their operation procedure has brought the city from a very poor condition to a point where it is operated from money on hand which is a most desirable thing in any business and a rather rare situation for a government body. Rankin has come a long way in the last few years in phases other than city government and with such favorable conditions as now exists, should continue to grow and prosper even though we are now having a Republican "recession" or a Democratic "depression"—depending on who's in office.

A LITTLE HELP, PLEASE

There is a little bit of mischief being carried on locally that could be done without. A number of markers and head stones have been damaged out at the cemetery by what appears to have been air gun shooters.

To be sure, the youngsters probably do not realize that they are damaging valuable property as well as being rather inconsiderate of those who rest there. Those who own the property have not yet asked officials to take a hand in catching whoever is responsible, since it is hoped that it can be stopped without having to bring embarrassment to anyone.

If you have a youngster who does some hunting on the outskirts of town, speak to him about the matter. Just point out what is involved and most likely that will be the end of the thing.

Mr. and Mrs. Fred Swagerty of Winslow, Arizona, visited this week in the home of Mr. and Mrs. J. B. Hutchens. Mrs. Swagerty and Mrs. Hutchens are sisters.

YEAR 'ROUND AIR CONDITIONER

Scientists have known for years that enough natural heat exists in outdoor air, even in the coldest weather, to heat every home in the world. If this heat could be extracted... concentrated... and brought indoors—what a solution to everyone's heating problem!

But that's just what a summer air conditioner does... in reverse. It extracts and concentrates indoor heat and moves it outdoors.

The All Electric Heat Pump Air Conditioner is an air conditioner that can reverse itself automatically to cool or heat as needed to maintain indoor comfort at an even level. An improved reverse-cycle valve, sensitive to indoor temperature changes of even a few degrees, switches from cooling to heating and back again automatically... to maintain the comfort level at which you set the thermostat.

COMPLETELY AUTOMATIC

The Electric Heat Pump is completely automatic. During changeable weather, even if it is within the hour, the Heat Pump will switch from heating to cooling and or back again as the temperature changes require.

You do not need to change the temperature dial, you just set the thermostat for the temperature you desire and forget it. The Electric Heat Pump is the ONLY completely automatic Air Conditioner.

112th Grand Jury Returns 8 True Bills

With Judge Jim C. Langdon presiding, the 112th Grand Jury returned eight true bills last Monday, June 9. Connell Ashley is district attorney in the 112th District.

Three indictments were lodged against Junior Coleman Lawhon, 25, and Frankie Lee Bean, 23, on charges of theft. Both have served terms in the state prison; Bean for forgery and Lawhon for burglary. They now await trial in Upton County jail with John A. Menefee appointed by the court to represent them on June 23.

Lee A. Walker, a five-time "loser", was charged as an habitual criminal and upon conviction will receive a mandatory life sentence. He, along with James Wayne Walker, his 18-year-old nephew, were indicted for burglary and theft in connection with a breaking and entering recently of the L. R. Grigsby residence in McCamey.

Three bills were returned for "hot checks." They were against W. F. Stricklin for a check in the amount of \$4,928.53; E. H. Holloway, \$195.24, and Jack Richardson, \$83.52. Warrants were to be issued for the arrest of the three this week.

TEXAS CHAMPIONS OF FREEDOM

CYNTHIA ANN PARKER

Symbol of Loyalty and Love of Liberty

When a Texas Cavalryman saw a blue-eyed girl of fourteen living contentedly as the adopted daughter of a Comanche Indian family, he knew the long-lost Cynthia Ann Parker had been found. Five years previously on May 19, 1836, she had been captured in a Comanche raid on Fort Parker, and taken away with the raiders. Attempts to buy her from her captors failed.

When she was next seen by a trading party on the Canadian River two years later, she was happily married to a Comanche chief, Peta Nocona, and refused to leave her foster-people. Two sons were born, Pecos and Quannah Parker, and later a daughter, Prairie Flower. At the battle of Pease River, in 1860, she and the little girl were captured and taken to Fort Cooper. There her identity was definitely established by an uncle, Isaac Parker, but Cynthia Ann wanted none of white civilization. She never became reconciled

to separation from her Comanche people, and tried many times to escape and rejoin them. The story of her loyalty to the Indians with whom she lived so long has been told and retold in song, narrative and drama and will always be a colorful chapter of Texas history.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland... "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.
