between local law agencies, the Rankin and an individual paid off last Friday of two hot-checks were being sought over

Browning at Bert's Ice responsible for getting rolling that led to the capture of the much-suspected woman who entered late Friday evening to cash a check Pecos bank. After receiving the check, she called operator of the Rankin Bureau who, in turn, Sheriff Gene Eckols. After the situation with all

parties, Eckols decided that there was definitely something wrong with the situation and, after determining that the suspect had driven away in the company of a man and small boy toward Big Lake, he called the Reagan County officers and gave them the details. At that time, they were following the car in Big Lake and made the arrest. Not, however, before the check-passers had added another victim to their long list when they cashed the check in Big Lake that Mrs. Browning had refused to honor.

### CAUGHT

Taken into custody were Helen Hunt, 30, and Walter Stevenson, 34, both of Cleveland, Ohio. They also had with them a three-year-old boy belonging to Mrs. Hunt who had left her husband and four other children in Ohio some three weeks ago as she went on the check-writing spree with Stevenson that covered almost every major town from Ohio to the West Coast and back as far as Big Lake.

Stevenson had only been paroled from the pen for a few weeks where he had been serving a 1-25 year sentence for armed robbery.

In their possession was a check writer numerous blank and forged checks and much merchandise which they had purchased in order to get the checks cashed.

Friday night the Rankin Red Devils will journey to Sanderson and try to pluck the Eagle's feathers for win number three. They are expected to have a bit more trouble in adding the Sanderson crew to their victory list than they have encountered thus far this season. Sanderson won their opener over Grandfalls two weeks ago and lost last week to Van Horn by a 12-20 count.

Sparking the Eagle offensive will be Brucks Bader, a 156 pound Senior back who is believed by local coaches to be the best player on the Eagle squad. He will have, as a running mate, David Graham, another Senior who tips the scales at 195.

Sanderson operates their offensive from the single wing formation which takes full advantage of the

scores will be necessary.

Proceeds from the tournament are to be used toward purchase of equipment for the local club.

President C. G. Taylor has stated that "we want everyone who can to take part in this tournament. We believe that you will enjoy the play and there are going to be lots of winners—and you will be helping out the golf club to provide a better course."

### HARLAN HOTEL AND CAFE IN OWNERSHIP CHANGE

Announcement was made this week of the sale and lease of the Harlan Hotel and Cafe. New owners of the property located just east of the courthouse is Concho Properties, Inc. of San Angelo. They purchased the hotel from its former owner, Carl Delaney.

Leasing and operating both the hotel and the cafe is L. B. Binyon, also of San Angelo and a former resident of Rankin. Binyon has had a great deal of experience in both hotel management and cafe operation and presently operates similar interests in San Angelo.

He stated this week that he now has most of the property cleaned up and that the cafe is open from 5:00 a.m. in the mornings. Additional painting and repairs are to be made on the property.

"We are not trying to make a lot of money—just a living," Binyon has said. "We intend to treat all of our customers right and to give them a good feed for their money," he stated.

## THEY WIN AGAIN

Two wins in a row and the Red Devils have already tied the 1957 record in that column. From here on in, it's all room for improvement. And, from here on in, the sledding is going to get rougher.

Beginning Friday night when the locals go to Sanderson, it will be possible to size up the team more accurately since the Sanderson lads have already played two of our district foes in Van Horn and Grandfalls—loosing to the Horns and taking a relatively easy win over the Cowboys of Grandfalls.

Like many another fan, we had to make the trip to Richland in spirit only and know only what we hear from those who did attend. From all accounts the Coyotes put up a better fight than did the Iran Braves and the Red Devils put up a better defense—if that was possible—while proving that they are a team to be watched in the passing department as well as running.

Elsewhere in the district last week the Wink Wildcats lost to a New Mexico Class B state championship team, Grandfalls was walloped by Loraine and Van Horn downed the Sanderson Eagles. The fact that the Wink crew lost a game—proving that they are just like anybody else and can be beaten—is not necessarily grounds for local fans to get their hopes up that the Wildcat has lost any of his claws.

This New Mexico team—although

rated as Class B in their state—is what we call Class A and you can imagine what Rankin would have to do to beat last year's Class A Texas champions.

As for Friday night's tilt in the Eagles nest, we believe that Sanderson has one of the best elevens that they have fielded in some time. They run from the single-wing and have two big, fast boys to give it punch. But, on the other hand, it looks like Rankin may have one of their better ball clubs in the making this year so we will take the Red Devils to make it win number 3 over Sanderson. The score—just about the same as it has been in the last two outings.

## HAT TIPPING TIME—

This week it will be necessary to pass the roses to a whole group of local folks. First to the two 4-H youngsters, Bud Poage and Miss Pat Fell for their winning of the Rutherford Achievement award. The girls get to keep theirs since it makes them three-time winners. As for the boys, they have a bit of work to do yet but we're almost sure they will collect it to the home grounds sooner or later.

A nice bit of work, kids. Then, to the citizens who helped snare the hot check crooks: Mrs. Bert Browning, Myrle Brown and Sheriff H. E. "Gene" Eckols, there should go a special bouquet for it is cooperation such as this that is responsible for good law enforcement.

They saved a lot of people money when they were active in putting those two out of circulation. Somehow, if we were in the hot check business—which ought to beat newspapering—we'd get pretty upset to know that we passed checks in just about every major city in the West and then run into a place no bigger than Rankin and get the hammer on the head.

Guess that'll show them city-slickers that they are not dealing with a bunch of hicks when they come this way.

And it should be added—we recall not long ago hearing the Captain of the Texas Rangers from Midland say that "crooks usually stay out of Upton County because the word has gotten around that Sheriff Eckols and his department are very efficient in picking up the professional law breakers." At that time we thought the Captain was just trying to be a nice fellow but now we see what he means. Of course you can't blame these two hot-checkers for they were "foreigners" and were just plain ignorant of the facts of life in Upton County.

Sheriff Eckols has the support of a lot of people in enforcing the law and that makes for good respect of the county on the part of those who would play the part of

the "bad guys".

## SUPREME SCHOOL BOARD—

We liked a little piece in the Ft. Worth Star-Telegram last week in which the writer referred to "The Supreme School Board" in talking about the Little Rock intergration mess. He hit the nail right on the head. There no longer is any such thing as a local school board in the United States. We may be allowed to play at the game of running our own schools but they are subject to be taken out of our hands at any time the so-called Supreme Court sees fit.

We rush here and there trying to build a better gun or rocket than the Russians and are always going about with our gun tied down and our hand ready to draw. This is a mistake. Russia is not going to fight with us—they won't have to.

They have won every round of the "cold war" since the last hot one stopped in 1945 and they are

## Society To Erect Historical Marker

Upton County Historical Society met September 2 in the Mendoza Trail Museum at the airport in McCamey to discuss placing of a historical marker in Upton County. Steps will be taken to place the marker at old Upland north of Rankin.

Mrs. Jack Smith gave reports; Miss Maggie Taylor read a copy for the first record of minutes; and Mrs. Opal Nix spoke on early-day music and dances in the county and told of the salt trail her father started from the salt flats located in the northwest part of the county.

Mrs. Armo Helmers, Girvin post mistress, said that the old Butterfield trail stopped in Girvin for 10 minutes in its route to the west coast. Mrs. J. W. Smith of Girvin will speak at the October 2 meeting of the Society. She will discuss the Castle Gap and Horsehead Crossings. Her father, Tall Dawson, was one of the first settlers in this area.

Attending were women from Rankin, Bakersfield, Girvin and McCamey.

Mr. and Mrs. Cecil Hodges of Iraan were visitors in Rankin Tuesday.

Mr. and Mrs. Perry Campbell visited with friends over the weekend in Buckeye, New Mexico.

Mr. and Mrs. Leroy Weist of Kermit and son and Mr. and Mrs. J. L. Conner and daughter of Wink visited last week with their mother, Mrs. George Ferguson.

still winning. Anyone who is so asleep as to believe that all the intergration trouble is caused by the Negro just to get into a white school is indeed in a deep slumber.

The socialist state—with all decisions settled in a centralized agency—call it the Supreme Court or the Communist Politbureau—is now with us and unless we as citizens will elect to office men who will make an effort to stop some of this foolishness—it will remain as the law of the land and we and Russia will no longer have anything to squabble about for we'll both be standing on the same side of the fence.

**Bus Regulations Put  
In All School Vehicles**

Rankin School board this week was having signs posted in all the school buses stating the rules and regulations governing transportation of students. These rules were being posted in order that all those who use the buses will understand their operations as relating to the passengers.

Rules as posted state that: "Bus drivers are in complete charge of passengers at all times. If punishment becomes necessary, drivers are authorized to take such measures as they see fit to keep order.

Pupils are to remain seated at all times until they reach their destination.

Pupils who refuse to co-operate with the bus driver and school officials may forfeit their right to ride the bus.

The rules are signed by the superintendent and the president of the school board.

"There are rules that are required by state school law and are for the purpose of providing safety on the buses. They apply to all who ride the buses whether to and from school or on out-of-town trips," Supt. Scrivner pointed out.

### POULTRY LEGISLATION PROTECTS CONSUMER

Health protection for the consumer is the objective of the new Poultry Products Inspection Act. The federal law was effective on a voluntary basis last May but becomes mandatory on January 1. It provides that all ready-to-cook poultry shipped across state lines must be inspected for wholesomeness by the U. S. Department of Agriculture.

According to the area supervisor, more than half of the 100 eligible poultry processing plants in the Southwest have qualified under the Act. Inspectors are being trained and will be available when needed.

The law requires USDA approval of the plant, premises, blueprints, inspection labels, water and chemicals used by the processors. Sanitation is especially important.

Under the program, routine services of the USDA inspectors are provided without charge. The Act brings poultry and poultry products under inspection requirements similar to those in effect for 50 years for red meats.

Consumers will know the ready-to-cook poultry they buy has been processed in an approved plant if it carries the USDA's "Inspected for Wholesomeness" label.

### PLAN BALANCED DAILY MEALS

(Tex.) News—  
 September 18, 1958

Upton County 4-H Club members have won the most outstanding trophies offered to 4-H club boys and girls in the Extension District. In the district judging last week the girl's trophy went to Patricia Ann (Pat) Fell of McCamey and the boy's trophy to Bud Poage, son of Mr. and Mrs. Walton Poage of Rankin.

These are achievement trophies presented by Congressman J. T. Rutherford to the boy and girl in the district with the most outstanding total record in 4-H and is known as the J. T. Rutherford 4-H Achievement Award.

Cong. Rutherford will make the formal presentation of the trophies at the Upton 4-H Achievement event later this fall when the en-

graving has been completed.

Poage has been in 4-H Club work since he was eight years old. At that time he fed his first lamb. He is now in his tenth year with the Upton Club and has been a winner many times in the various show events.

He has been one of the few local club members who has fed calves and won prizes with his entries. He showed his first Black Angus calf to the County Grand Champion in 1956 and later to third place in the El Paso show. His lambs have stood first a number of times with his Denver entry winning Reserve of that show last year.

In addition to the livestock phase of the club work, Poage has been a member of several judging teams and presently teaches wool judging

to younger members of the organization.

He has held almost every office open in the club and has won the County Gold Star Award, and the Wilson Meat Animal Award. He was a delegate from District 6 in 1957 to the State Convention. In 1958, he was on the first-place wool judging team in Texas.

Pat is the daughter of Mr. and Mrs. O. V. Fell of McCamey and has had six years in 4-H club, the last three of them in Upton County.

She has conducted and assisted in demonstrations in foods, clothing, home improvement, home management, safety, family living, electric, and other phases of home making and family living. Among the records she has kept is one showing the preparation of 685 different dishes and 222 meals and one showing the construction of 75 different garments. She has exhibited her work 108 times on a local, county, district and state basis.

She has served in County offices from committee chairman to junior leader, in district from camp committees to council co-chairman, and is a member of the state council and a delegate from the district. She has given 124 talks from County to state level and helped plan and conduct two tri-county camps.

Among the district and state leadership meetings, Pat has taken part in, have been delegate to State 4-H Round-Up once and as winner in district contests twice, in dairy foods and safety teams; district conservation lab, leadership lab; district contests, achievement events

and camps; state leadership lab; and state 4-H Council workshops.

Among the awards won in addition to the trips and council honors have been medals and banners in clothing, leadership, safety, dress revue, dairy foods, safety and the coveted State Gold Star Award. Last year she won district in the Santa Fe Award and this year she won district in dairy foods, alternate in the State Fair Award and the recent dress revue in addition to the Rutherford Achievement Award.

## TO KEEP TROPHY

The Rutherford Award for girls is now in Upton County "for keeps" by virtue of Pat's winning it last week—making the third time a girl from Upton County has won and the fourth time for an Upton 4-H member to win. Any group that wins the trophy three times is entitled to keep it permanently, otherwise, it only stays in the county for one year.

Other girls who have won the trophy are Jacquelyn Lucado in 1955 and Joyce Skaines in 1957. In 1956, Joan Barton of Ward County won the honors with the Upton County entry, Mary Alice Skains, second.

## RED DEVILS RAP CAYOTES 34-0

Rankin made it win number two last Friday night after a long trip to Richland Springs as they rolled back the Cayotes 34-0. Combining a Boyd-to-McAden passing performance with the speed of their other backfield members, the Devils rolled to an estimated 400 yards to some 200 for their opponents.

Defensive line play was said to be improved in the game over what it was against Iraan the previous week. During the first quarter, however, the Red Devils had their troubles as the Cayotes used a new defensive formation on them and held the game to a scoreless deadlock for the first period.

Beginning with the second quarter, the Devils began to find their assignments and from there on in were in control of the scoring.

No major injuries were reported from the results of the game.

(Continued from page one)

They are presently in the custody of Big Lake officials who are trying to trace as many of the hot checks as possible. The suspects could not remember how many they had passed or where they had passed them but indicated that there was a large amount of money involved and many checks.
