Baseball Try-outs Signal Start of Little League Work

Baseball try-outs with sixty-five boys competing for places on teams. This was the first year but a few expected better than submitting applications on Thursday. Those who wish to join must have their applications and turned in before that

time. Managers named to this year's teams include Pinkie Holt, Cards, Cleddy Vickers, Dodgers, Luther Parish, Yankees, and Joe Montgomery, Giants. The Cardinals are the defending champions.

Leon Houchins will again act as scorekeeper for the league. Beginning on May 25, the four teams will enter an 18-game series to determine a pennet winner. In addition to their regular games, they will furnish an all-star team which will participate in district and zone competition.

"We have some new help this year and probably won't have quite as many boys as last year so we should be able to have better Little League baseball for Rankin and the kids," one official has pointed out.

Freshmen Take Top Honors

For the second time this year, the Freshman Class had the honors of supplying the top student of Rankin High School when Sujane West posted a 96.8 average for the fifth six week's honor roll. This was also her second time to top the high school honor list.

In second place was Senior Andra Mitchell with 96.3 and in third

Rehearsal will be at 9:00 a.m. on Thursday with the play presented Thursday afternoon.

At 8:00 a.m. Saturday, Senior Declamation competition will be held with Larry Simpson giving "Lincoln's First Inaugural Address". At the same hour, Lonnie Ferrell will compete in Poetry Reading with his reading of "Kubla Kahn" by Samuel Taylor Coleridge.

At 1:00 p. m. Barbara Bushong will carry the Rankin banner in the Extemporaneous Speaking contests.

On Friday at 1:00 p.m. the Rankin debate team composed of Johnny Ramirez and Betty Gains will present the topic: Resolved: "Should the United States Adapt the Essential Features of the British System of Education."

Also competing on Saturday will be Andra Mitchell in Ready Writing, also in shorthand, Elbert Basham, F. J. Malicoat and Wayne Craig in Slide Rule and Emmitt

Swimming Instructors Needed For Courses

Two swimming instructors will be needed this year for work at the Rankin swimming pool which will open as soon as school is out in May.

Those wishing to make application should submit their requests to Mrs. J. T. Bushong not later than May 12. At that time a meeting of those in charge of the summer recreation program will be held and the applications considered.

Duties of the instructors will involve teaching swimming to the youth who will make up the classes. Life-guard duties will be performed by a regular guard employed on a season-long basis by the county. Applicants should be at least graduating seniors.

TRACK ENTRIES

In the track and field events, Rankin has seven entries qualified.

They will include Johnny Ramirez in the mile run and the mile relays. Ramirez has ranked as high as 8th in the state in the mile run and holds a record at Eldorado of 4:36.7. The state's best time for the current year is around 4:25.

In the 440 yard dash and the 220-yard dash Rankin will also have a record-setter in Wayne Windham. He has run the 440 in 50.6 which ranks among the better times in the state for Class B field runners.

For the 180-yard low hurdles, it will be Bill Lewis. In the 880- yard

run, Charles Allen will represent the local entries. Jimmy Little will compete in the shot put and the mile relay while Jimmy Harris will join team mate Stanley James in the mile relay. Johnny Little will pace Ramariz in the mile run.

While the Red Devil track team has not won any of the area contests, they have placed first in a number of events, due mostly to the outstanding efforts of Windham and Ramirez, the latter having never been defeated this year in the mile run. Other good prospects are Allen in the 880 and Lewis in the low hurdles. Jimmy Little has been better than average in the shot put but is expected to find strong competition in the Regional meet.

FUTURE CITIZENS PICTURE SERIES BEGUN; WILL CONTINUE WEEKLY

With this issue, The Rankin News begins publication of the Future Citizens pictures, an annual affair, in which those who participated in an earlier photo series get their children's pictures published. This series will continue weekly with as many pictures being run as space permits.

Once a picture appears in the newspaper, parents may call at the News office and pick up a billfold-size snapshot, free of charge, if they so desire.

All printing cuts are kept by the News and are in a file for future use. At some later date, some of these youngsters will likely have their adult pictures published as the top student of Rankin Schools, a band-leader, football star, or even Mayor of the City.

This week's six pictures are of the Children of Mr. and Mrs. Bobby Joe Conn and Mr. and Mrs. Kenneth Hayes. Others will be run in whatever order space will permit.

The Conns, Teddye Jo, 6½, Danny 3½, Diana, 5, and Gena Gayle, 2-months, son and daughters of Mr. and Mrs. Bobby Joe Conn, Box 664, Rankin. The Hayes, Wade, 4, and Joy, 2, son and daughter of Mr. and Mrs. Kenneth Hayes, Box 441, Rankin.

TO LYNDON JOHNSON

Last week, along with about 600 other newspaper editors in Texas, we received from Senator Lyndon B. Johnson, a form letter—about the only kind you ever get out of Washington—which stated that all newspaper editors were very fine fellows (awh, shucks, Lyndon) and that they alwask know what the people in a community are thinking and want and that he, the Senator, would appreciate any editorial comment which said editors wish to make and call to his attention—thus keeping him well informed as to the desires of the people.

Senator, as one hound dog baying in the pack, I'd like to say a few words—not that it will likely do a bit of good for if any man would claim to know the wishes and the thinking of the people when he is usually so confused by the daily happenings that he doesn't know whether to laugh or cry, he would be a mighty presumptuous cuss.

To begin with, your move of asking for the opinions of the people has all the ear marks of a fast-running political move to really see what they think of you as President. You were elected to the office of Senator by the people to look after their rights and to help administer their government. So far as I can find out, that is still what they want and expect. Perhaps as the people who elected you to the

office, they would like to know just where you were when the troops were sent into Little Rock, where were you when there was a demand for economy in government, where were you when there was a demand for a cut in foreign aid—a real cut and not just a token thing—where were you when there was an effort being made to curb the powers of the labor unions, where were you when there was a demand to get the federal government out of private business.

In fact, Senator, just where in the thunder have you been keeping yourself?

Sure, we see your name in the newspapers, shaking hands with a hot shot from some foreign country. We read where you fall all over yourself to answer the demands of unions for extension of benefits to their members. We read that you have more power in Washington than any other man. Why don't you try using a little of it to get the government out of private business, to put the operation of the government on a business-like basis, to do just a few of the things that people have asked of you for, lo, these many years.

Senator, it doesn't make much sense to me, and that must include a lot of other people since you say in your letter that editors know what people are thinking, when we loan money to England, keep our taxes high and the English lower their taxes. Your reply to all the questions is that people are demanding more and thus the government must have more. Does it not seem reasonable for people to ask that they receive a little of the handouts when ever Hotentot in the darkest part of Dark Africa is getting a share? If we're going to be so doggone generous, it is only right that we look after our own children a bit, too.

As for your chances of becoming President, I'd say you are running a loosing battle—not that this newspaper wouldn't support you. We would in the hopes that you might yet sometime sincerely seek the desires of the people and act accordingly. And it would be another chance for Texans to brag. But as it now stands, I don't think for a minute that you do not know the desires of your fellow citizens in Texas. All that you need is the guts to do something about it instead of worrying about how your actions will effect you politically.

Thank you, Sir.

QUOTING A. M. JACKSON—

Our first tutor in the newspaper field was one A. M. Jackson, now retired in Slaton. He taught us a great deal about how to impress the public with your wisdom when in truth you know nothing; how to sell an advertiser on your product when you are not sure just how much longer you will have anything to offer, and how to dodge bill collectors.

Jackson still writes a weekly item for the Slaton paper and it is al-

ways delightful reading of the type that does not clutter up the mind with a lot of objective thinking. We submit the following from his column "JUST TALK".

Having little and nothing worth while to do I have been keeping a close watch on television lately and when I stop to consider, there have been some marvelous demonstrations. For instance, the cure for plugged up nasal passages. All you do is squirt your nose full of arrows that go gallivanting single file through a tunnel that is in the inside of a man or woman's head and as suddenly as a wink it fades into a face; a face, friendly, dumb and smiling and the sinus headache is cured before you can get up and turn the T.V. thing off.

And then there is the woman with the tornado-like headache. You know she has it the worst kind, from the sluky, almost insane look on her face and by the fact that the top section of her head is seperated from the bottom.

Through the open space a long

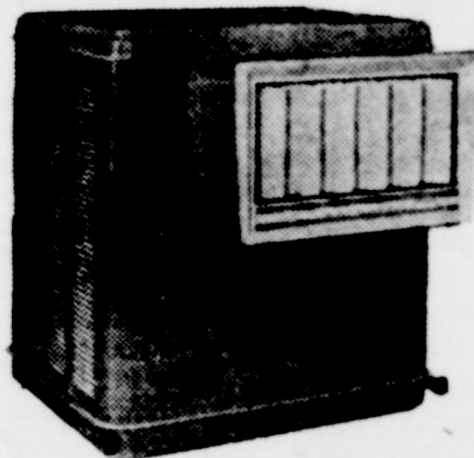

wavy line is sliding, but wait, she thakes a three way capsule and bingo, she is her own sweet self again, dumb, flirtatious and the line has gotten straightened out like the tracks of the Gulf, Colorado and Santa Fe.

Occasionally the commercials are interrupted by what the broadcasting companies call entertainment but what I like best is to see the commercials that never change and I can make the sales spiel right along with the announcer.

It would be interesting to know what the big drug manufacturers are putting in the new pills, tablets and capsules. It must be uranium of something equally as expensive. Not long ago I went to an eye doctor and he gave me a prescription for some capsules that cost me 50c each. I bought 180 of them and in a few days my tongue felt like a blow torch, the end of my nose got sore and I still could not see any better than I had been able to when I went to the doctor.

Bloxom Home Scene Of Sorority Meeting

Omicron Tau Chapter of Beta Sigma Phi met Tuesday, April 14 in the home of Mrs. Shank Bloxom with Mrs. Theresa Hurn as co-hostess.

In the business meeting conducted by the president, Sara Rozean, \$15 was voted toward the expense of the delegate to the United Nations, a project sponsored by the local chapters of IOOF and Rebekah Lodges. Also, \$5.00 was voted to buy a book for the Upton County Library in recognition of Library Week.

In a program conducted by Mrs. Hurn, "The Art of Living" was the theme with excerpts from Dr. Vincent Peal's book of the same title, setting forth the need for erasing worry, fear, and perversity of our daily lives and substituting patience, a sense of humor, and a

Christain faith. Appreciation of beautiful art, music, nature and warm human relationships were the values considered lasting by Dr. Peal.

Other members took part in the program in an exchange of questions and answers on these aims and values.

At the social hour that followed, Exemplars were invited guests at a surprise pink and blue shower for Mrs. Preston Patton.

Refreshments of cake and coffee were served to thirty-five members and guests.

The Rankin Rebekah Lodge held their regular meeting Thursday, April 16 at the IOOF Hall with Mrs. Erma Connally presiding. Fourteen were present and nine sick visits were reported and two cards sent to the sick.

Milton McCarver was in Dallas this week concerning employment with a large wholesale grocery concern.

Andersons Hosts Relatives For Sunday Christening

Mr. and Mrs. D. S. Anderson entertained several relatives over the week-end who were present Sunday for the christening of little Mary Catherine Johnson, infant daughter of Mr. and Mrs. Paul Johnson, granddaughter of Mr. and Mrs. Anderson and Mr. and Mrs. Bob Johnson.

Pecos, Upton and Crane county farmers who borrow from the Farmers Home Administration have completed making their farming plans for the year. And many are already putting new ideas into operation which should boost their 1959 farm income. Arthur C. Atkins, the agency's local county supervisor, said this week.

Better farming practices which some FHA borrowers will be putting into operation include (1) planning effective insect control programs, (2) conserving irrigation water by reducing soakage, evaporation, and

tailwater losses, (3) planting high-quality cotton seed, and (4) testing soils and applying recommended kinds and amounts of fertilizer.

During the past three months all FHA borrowers have analyzed their 1958 farm and home records. These records showed what had been planned and what has been accomplished. On the basis of the records, the families were able to determine the strong and weak points in their operations and recognize further improvements that could be made in their operations.

As proof that good farm plan-

Mr. Atkins points out that nearly 85 percent of the FHA borrowers in the three counties have repaid their FHA loans during 1958 and nearly 20 percent of these are now able to get all their necessary financing from local banks or cooperative lenders. Even greater results are expected during 1959 as it is estimated that at least 30 percent of the 1958 borrowers will be able to secure financing from local banks in 1960.
