Postal Receipts Show Big Gain Of 51.1% In June

A whopping big 51.1% increase in postal receipts has been registered by the Rankin Post Office for the month of June, 1959 over that of

a year ago, according to Grace Roach, postmaster. This represents total receipts of \$2,164.13 as compared with \$1,285.38 for a year ago.

A six-month average shows an increase at the local post office of 21.32% over the first six months of a year ago. From January 1, 1959 through June, 1959, receipts were \$8,384.05 as compared with a figure of \$6,598.55 for the same period in 1958.

Nine new boxes were rented here

during June just past.

Miss Roach pointed out that a part of the big increase could be contributed to the fact that an increase in postal rates has gone into effect since last year. However, she also pointed out that this increase was only about 15% and would not make the total difference in added revenue.

It has also been learned that the Postal Department has ordered a cut in the hours worked by the local office with Mrs. Winnie Kidd having been put on a part-time basis and Mrs. Pat Yocham working only four hours each day. Miss Roach and Walter Goodwin are still working full time. The postmaster stated that the cut was put into effect in consideration of the amount of business handled by the Rankin post office one year ago. It does not take into consideration the current volume of business.

Refreshments of home-made ice cream and cookies were served to the gathering on the church lawn. A love offering was presented to Mr. and Mrs. Bishop by the membership.

Anderson this week Rankin News that H. B. No. 47, has been passed by the Legislature during the Governor's

both District Judges for their work as juvenile officers. In effect, this bill would allow the above counties to pay the judge of the 112th District an additional \$100 per month.

The bill would be payable from the general fund of the State. The total salary paid by the State to the judge is not to exceed \$100 per month to

Upton County Commissioners, who originally approved the bill, have stated, however, that they will not, at the present time, pay any additional salary to the judge under the new law. It is understood that the only county that has agreed to the raise in pay thus far is Crockett.

Base pay to District Judges from the State of Texas is \$12,000 per year. Should the counties involved ever decide to pay the maximum allowed under the new law, the total salary for the judge in the 112th District would be \$20,000 per year, plus certain expense allowances by the counties.

THE HUMBLE HOME—

We went, we saw and we wuz took. With good authority and a flat wallet, I can report that the land of Billy the Kid, Jesse James and other old-time robbers still lives on. Only difference is they use a cash register now instead of a gun. And no old west outlaw ever had the nerve to take it from the "foreigners" like the good people along the tourist trail nowadays.

In Silverton, Colorado, a hamburger was \$1.00—and you couldn't eat it while gasoline went for almost 40 cents a gallon and rooms—if you had reservations—were as high as \$18 bucks a night for a foursome.

Green fees at golf courses were \$2.50 on week days and \$3.50 on the week-ends—the only thing I found reasonable. Of course you can play all day in Rankin for 50c.

Caught some nice trout—at \$1.50 a pound and paid \$4.50 before I could get the family back off the bank.

Saw some beautiful country—at \$5.50 per train ticket from Durango to Silverton, about an hour's drive by car. Even saw a little now—no extra charge.

And learned that about 90 per cent of Colorado makes Rankin look like the garden of Eden.

Drove about 3,000 miles and fin-

Yes sir, we return to Rankin a lot more satisfied with the country and the town than when we left but will always cherish fond memories of our vacation. Among them will be: "Slow down", "Watch that truck in front", "Easy on these curves", "Daddy, let's stop and buy something", "Where are we going to sleep tonight", "Watch the road and quit looking at all the girls in the shorts", and that ever present bit of a phrase "Daddy, stop the car. I've got to go to the bathroom."

And a good time was had by all—especially those birds with the cash registers.

THAT NIGHT AGAIN—

Sometimes an editor will write a column such as this for weeks on end without getting much of a rise out of anyone except politicians and then a simple subject is brought out that appears to be dear to the

hearts of many.

Such was our comments a week or so ago on the stop light down by the bank. That things haunts a lot of folks it seems—in any case, a lot have talked to me about the subject and are in agreement that it should be nominated for the "Meanest Stop Light in Texas" award.

But before we lynch the thing, W. O. Adams has come up with a solution that is so simple I can't believe I didn't think of it myself.

In a letter to the editor Adams says:

"Reference is made to the item in your column last week (July 16) concerning the traffic light at the bank intersection. I always experience the same difficulty, no matter from what direction I approach. I have a simple solution. Perhaps you would like to sign my petition to the City Council requesting that they take measures to change the "stop" to "go" and vice-versa."

Bring on that petition, W. O.—

I'm a'waitin' with pen in hand.

BEING PREPARED—

About every thirty days some wizard in Washington will issue a statement in many, many words telling of the great danger to the people of the US in case of an atomic war and how many would escape the dangers of radiation, blast and fallout if only they had a proper shelter. In fact, one company—in an effort to interest the public in bomb shelters—recently had a couple of newlyweds spend 7 days in one of the things. Strangely enough, they are still married.

All of this warning is fine if one is interested in prolonging a bad situation just a little longer by the use of shelters in the ground or otherwise, but what escapes me is how the wizards and their friends who would have the government go to the huge expense of building all of these shelters, figure that people can live in the things for the length of time it would take for the effects

Mr. and Mrs. Jim Robbins Celebrate 50th Anniversary

Mr. and Mrs. Jim Robbins were honored on their 50th wedding anniversary Sunday in the Robbins' home. Their children and their families sponsored the celebration. These included Mr. and Mrs. Philip Robbins, Jim and David of Ft. Stockton and Mr. and Mrs. Randolph Moore, Dwaine, Becky Sue and John Philip of McCamey.

In 1904 Mr. Robbins went to work for Mr. Fayette Tankersley on his ranch 35 miles West of Sherwood near the present site of Barnhart. He worked there until 1909 at which time he changed to the employment of Mr. A. M. Hicks on a ranch East of present-day Big Lake and in July of that year returned to his home in Hayrick in Coke County to take his bride, Miss Jerusha Stevens.

Mr. and Mrs. Robbins were wed on July 15, 1909 to begin a long 45-mile buggy trip from Hayrick in Coke County to San Angelo. The noon meal of their wedding day was a basket lunch of fried chicken and the accompaniments. They have celebrated each July 15 of these 50 years with the same menu. The day following their wedding was spent buying housekeeping equipment, and traveling as far as Sherwood. They arrived at the Hick's

ranch on the third day and made their home there for one year.

The young bride forgot to pack her thimble and Mr. Jim, as he is now known to his many friends, fashioned one for her out of leather which she used for 3 months before their first trip to town, which was Stiles where a store-bought thimble was obtained.

After one year of marriage, Mr. Robbins decided to leave his \$30-a-month job on the Hicks ranch and the couple returned to Coke county to visit their families. While there, he bought a flock of sheep and started out on their own.

They moved to Upton County in 1912 and leased land for three years before buying the ranch near McCamey which he still owns. Robbins' father, who visited the couple soon afterwards, tried to persuade the young wife to leave her husband until he could become established in Upton County. She refused and continued to dream of the day a nice home would materialize out of the wool on the backs of the sheep.

MOVE TO RANKIN

After eleven years on the ranch near McCamey, they moved in to Rankin in order that their son, Philip, might attend school. They built a home on the site of their present one. This original dwelling was moved to their farm near McCamey while plans were underway for their modern, Austin stone home which was built in 1951.

Active members of the Rankin Methodist Church, the Robbins have carried their Bible from sheep camp

to house to church through the years. During that time, their daughter, Mrs. Moore, was graduated from McMurry College in Abilene and their son from Texas Tech in Lubbock.

LARGE GATHERING

An estimated 150 relatives and friends gathered at the Robbins' home to honor the couple. Guests were received by Mr. and Mrs. Philip Robbins and Mr. and Mrs. Moore. A golden section of the leather-bound guest log was signed in gold as guests entered.

Floral arrangements sent by their many friends and relatives added much to the beauty of the occasion. A table laid with a hand-fashioned cloth of net over gold, designed and made especially for the anniversary by a niece, Mrs. Johnnie Payne of Abilene, was centered with a bowl of yellow roses and golden leaves. At one end of the table, golden punch was served from a bowl set in a bed of roses and leaves. At the other end, a 3 tiered wedding cake topped with a traditional bride and groom, was placed. Background for the table was a buffet set with an arrangement of golden mums flanked by gold candelabra.

Organ music was furnished throughout the afternoon by Mrs. A. E. Ivy and Miss Charlene West.

Members of the house party were Mrs. Sara Lee Vardy, Mrs. Mary Jo Hodges and Mrs. Lillian Robbins, all nieces; Mrs. O. O. Moore, mother of the son-in-law; Mrs. Ina Camrud, mother of the daughter-in-law; and a grand-daughter, Miss Becky Sue Moore.

RECALL EARLY DAYS

In reminiscence, the couple recalled times in Upton County when a margin of only one vote made it possible to hold an election, when Sunday school and church were held in the railroad depot in Rankin, periods when large tents served as cafes and the town had only one general store, a blacksmith shop, one rooming house and no doctor.

Mr. and Mrs. L. Z. Titsworth and sons visited her mother in Grandfalls over the week-end.

Mr. and Mrs. Gene Harris, son of Mrs. Mike Grimm, returned to their home in El Campo, Calif. The grand children, Vacie Anna, Mark and Regina, remained in Rankin for a visit.

Mrs. Harry Hall, Jr is visiting in Quannah with her parents.

Mr. and Mrs. Buddy Craig and girls of Andrews visited recently in Rankin with friends.

Mr. and Mrs. Ivan Bookout, former residents of Rankin, were in Colorado on vacation last week. They had a chance meeting with the J. B. Hutchens family near Oray, Colo.

Mr. and Mrs. Claude Sheffield and Tommy spent last week-end in Ruidosa, New Mexico.

Mrs. Jack Smith and Johnny spent last week in Fort Stockton visiting with Mr. and Mrs. Roy Lannom and family.

Mrs. S. O. Langford, James and Mrs. Carolyn Moore spent last week end in Odessa visiting with Mr. and Mrs. Jesse Bruce.

BIG BEND CAMP

Eleven Upton County girls and three leaders were among the group who attended the Upton and Reagan 4-H encampment held recently at the Big Bend National Park.

The thirty-six girls and leaders attending agreed that it was one of the best camps yet held. The girls were enthusiastic over the mountain scenery, enjoyed the cool atmosphere (plenty cover was needed at night), and were tireless in their desire for hikes, campfire programs, games and other activities of camp life. They also cheerfully took their turn at helping prepare the food and other camp duties.

Divided into four groups and using the camping sheds as a base, the girls had the experience of camping "under the stars", the first experience of the kind for most of the girls.

Each group elected their own captain. Those elected were Karen Howe, Jo Ann Sizemore, Wanda Sizemore and Mary Malicoat.

The camp was made possible by the adults who furnished transportation and those who remained with the girls.

Upton County girls and leaders attending were Sue Gibson, Sandra Kay Bowen, Jo Ann and Wanda Sizemore, Payne Zoller, Mary Malicoat, Penny Woods, Karen Howe, Becky Thompson, Barbara Scott, Nannine Denton, Mrs. H. B. Igo, and Mrs. J. D. Carter.

CLOTHING WORKSHOP

Slothing workshops for girls have been held in every community and camp this summer where girls were interested. As a result both girls and agent have been a bit on the busy side getting skirts, dresses, and other garments ready for the County dress revue to be held on Friday, July 31 at Big Lake at 9:30 and in Rankin at 2:30.

Those attending summer activities and working on skirts or other garments include Sandra McDowell, Sandra Kay Gilliland, Shella Adams, Mary Malicoat, Janice Little, Becky Thompson, Barbara Schott

**Lt. James Granger
In Marine Exercises**

OAHU, Hawaii— Marine 2nd Lt. James H. Granger, son of Mr. and Mrs. William Granger of Rankin and husband of the former Miss Donna B. Fisher of Berrien Springs, Michigan, is participating in a major field exercise on the island of Oahu, Hawaii, July 1-26, while in service with the First Marine Brigade.

Purpose of the month-long operation and Nannine Denton.

THE WEEK AHEAD

We have a conference scheduled with one of the A&M College Specialists who will be in the county on Wednesday afternoon. Then we'll be busy with the district dress revue in Crane on Friday. The rest of the week—don't tell anyone—but we really plan to stay in the office and see if we can get some of the work done which had to wait most of the summer while we have been buried in workshops and camps of one type or another.

**H. WHEELERS HOST
FIDELLIS MATRON CLASS**

Mr. and Mrs. H. Wheeler and Kathleen were hostesses to the Fidellis Matron Sunday School Class of the First Baptist Church when they honored Mrs. Ruth Hale with a suprise dinner party last Friday.

Hamburgers and baked beans and home-made cookies were served. As entertainment, the group enjoyed a showing a slides of Canada, shown by R. L. Bell and Miss Wheeler.

tion is to familiarize Marines with their armament and to enable the Brigade to maintain its high state of combat readiness.

Employing the latest in tactical weapons, including the new concept of vertical envelopment warfare, the Marines moved by land and sea to the site of the exercise. The site is 6,000 feet above sea level and is between the two largest Hawaiian volcanoes, Mauna Loa and Mauna Kea. Marine "Fury" jets will provide close air support.

Upon completion of the exercise, the Brigade will return to its home base at the Marine Corps Air Station, Kaneohe Bay, Hawaii.

BEST ENGINES!
One of 7 Big Bests Chevy gives you over any car in its field

You've got more to go on than our say-so: *Every* motor magazine has given Chevy's standard passenger car and Corvette V8's unstinted praise. SPORTS CARS ILLUSTRATED says it this way: "... surely the most wonderfully responsive engine available today at any price." And if you want the thrift of a six, you still get the best of it in a Chevy.

BEST ECONOMY No doubt about this: a pair of Chevy sixes with Powerglide came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car, 22.38 miles per gallon.

BEST BRAKES Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR*-conducted test of repeated stops from highway speeds.
*National Association for Stock Car Advancement and Research

BEST RIDE A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

BEST TRADE-IN Check the figures in any N.A.D.A.* Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."
*National Automobile Dealers Association

BEST ROOM Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.

BEST STYLE It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."
