XXXV—NUMBER 34

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, JUNE 16, 1960

FOR A SOFT ONE for the steer riding event at the Kid Rodeo last Friday evening were Don Rankin, Bryan Evans, San Angelo, and Teddy Rankin. The boys later found the beef to be dead.

Swimming Classes Underway at Rankin Municipal Pool

Summer Swimming classes began here Monday with 150 children enrolled in swimming lessons directed by Mrs. L. Z. ... is for the benefit of the community to learn to swim. Only basic swimming—no life preservers are given. Classes are held five days a week, Monday through Friday, beginning at 10:00 a.m. and ending at 12:00 noon. The pool is open to the public during these hours. ... must be at least six years of age. The schedule of classes are: 10-11:30—Intermediate; 11:30-12:30—Advanced. ... may enroll any morning class at the pool.

Off To 7-Day Camp

Seventeen Boy Scouts and their scout master, Bill Cook, left Sunday for a week-long camping trip of the Permian Basin District at Camp Sol Meyers. While there, the boys will be participating daily in such activities as archery, swimming, arts and craft, canoeing, etc. Assisting in getting the scouts and their equipment to camp were J. B. Pettit, Kenneth Welsch and Cecil Merriman. Boys making the trip were Tom Gossett, Robert Cowles, Pete O'Bryan, Larry Whiteside, Murray Merriman, Jimmy Pettit, Mike Wheeler, Eddie Love, Jim Ivy, Mike Eckols, Tommy Sheffield, Terry Gray, Jay and Kellam Colquitt, Earlex Williams and Eddie Houch-

Low Oil Production Drops Upton County Valuation

Declining valuation was the subject of conversation last Tuesday when some 35 oil company tax representatives met with the Upton County Commissioners Court, convened as the Board of Equalization for Upton County. Although discussions were carried out on a cordial basis, the oil company tax men were firm in their stand that there would have to be some tax relief for their firms in the county due to declining production. They point-

ed out that, on their prorated oil production, the number of days allowed for producing oil was now 110 per year. This compared with approximately 200 producing days several years back. Presently, the State is operating on an 8-day allowable. The oil men were also rather firm in their contentions that the county was pouring too much money into the operation of the two county hospitals which, last year, showed a loss in excess of

\$57,000. One bright note, however, was the Rankin Hospital which showed a net profit of approximately \$2,000 last month alone. No reports were available to the court on the present financial position of the McCamey hospital. Among the final agreements reached between the oil company tax men and the court was a 5% reduction in the valuation of the prorated oil production of Upton County. This amount was figured on some 23 million dollar valuation and resulted in a loss of over 1 million in valuation for the county. This, coupled with other declining values, will cause Upton County to have some 3 millions chopped from valuations for the coming tax year, leaving approximately 49 million total valuation. In actual money loss to the county, this will amount to approximately \$44,000. Total income next tax year is expected to be in the neighborhood of \$825,000.

AND COWGIRLS—We had some from home and some from far away. Here Kay Rankin of Rankin, and Sue Presser of El Paso ride double while Drenda Kay Glenn of Rankin is alongside. (Heavens, they're all wearing a white horse. To which Kay's says: "Naaw, Nuts".)

In other actions by the court, E. B. Bloodworth was appointed as County Service Officer, replacing Earl Bone, deceased.

Rifle Team Wins 3rd In State Contest

On their first trip to State competition, the Upton County rifle team took third-place honors out of a field of 24 teams composed of boys from the 4-H Districts of Texas. Members of the team were Dennis Kennemer, Jerry McDonald, Dan Humphries and Rickey Poyner. They were accompanied by County Agent Dub Day.

The late date scheduled for beginning school is due to anticipated renovation of the junior high building and construction work in other classrooms.

Thursday Nite Fire Hits Harlan Hotel

A midnight fire last Thursday pretty well wrote a finish for the Harlan Hotel in Rankin. Built in the 1927 boom years, the old hotel has been vacant for the past year or longer but was supposed to be in the process of re-opening when the fire broke out. Considerable smoke damage resulted from the blaze which originated in the second floor of the three-floor building, in the southwest corner. Rankin Volunteer firemen prevented the structure from being a total loss. Granger Abstract office is located in the northwest corner of the ground floor and had smoke damage but no flame. Mr. and Mrs. Bill Moore visited over the week end with their son Debs, a student at A and M.

TWELVE RULES FOR RAISING DELINQUENT CHILDREN

1. Begin with infancy to give the child everything he wants. In this way he will grow up to believe the world owes him a living.

2. When he picks up bad words, laugh at him. This will make him think he's cute. It will also encourage him to pick up "cuter" phrases that will blow off the top of your head later.

3. Never give him any spiritual training. Wait until he is 21 and then let him "decide for himself".

4. Avoid use of the word "wrong". It may develop a guilt complex. This will condition him to believe later, when he is arrested for stealing a car, that society is against him and he is being persecuted.

5. Pick up everything he leaves lying around—books, shoes, and clothes. Do everything for him so that he will be experienced in throwing all responsibility on the other fellow.

6. Let him read any printed matter he can get his hands on. Be careful that the silver-ware and drinking glasses are sterilized, but let his mind feast on garbage.

7. Quarrel frequently in the presence of your children. In this way they will not be too shocked when the home is broken up later.

8. Give a child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?

9. Satisfy his every craving for food, drink and comfort. See that every sensual desire is gratified. Denial may lead to harmful frustration.

10. Take his part against neighbors, teachers, policemen. They are all prejudiced against your child.

11. When he gets into real trouble, apologize for yourself by saying, "I never could do anything for him."

12. Prepare for a life of grief. You will be likely to have it.

I am indebted to W. D. Riser of Los Angeles for the above contribution sent to me. It originated with the Houston Police Department and will assure this week's Rankin News of a wide circulation since we will all want to send

THE ARIZONIANS—

ACTLY BUSINESS

by McFeatters

"But it doesn't sound quite right!"

For most of the week, it has been our pleasure to have visitors "at the pad" from Arizona. I say pleasure because we enjoyed their company but on the other hand, they gave us an uneasy feeling. If Arizona is what they say it is, then there may just be one state in the Union that is half as good as Texas.

I learned one thing—that bunch are great boosters of the Grand Canyon State. According to them, and I have reason to believe most of their figuring was about right, the average growth for any given part of Arizona for the past decade has amounted to roughly 400 percent. Of course, taking a place that only had a population for

the entire state of a good sized Texas city, that's no great batch of people but I will admit that it appears to be doing better than the Rankin area at this time.

They say the average rainfall around Phoenix is 3 inches a year, a Texas-size sprinkle. It snowed one day last year—for the first time in 52 years. The average daytime temperature around the city of Phoenix in the summer is something like 114 but it cools off at night to about 108 which is about the same temperature as a carfull of Texas sailors passing a bathing beauty contest.

Parts of the place is stark desert, parts, lush mountains. Taxes are high, rent is "around" \$100.00

per month for a 2-bedroom but water is very cheap.

All in all, Texas might ought to buy the place and use it to park our Cadillacs in.

**Halliburton Name
Change Scheduled**

Halliburton Oil Well Cementing Company expects to have a new name soon. Adoption of the new name—Halliburton Company—is to be voted on at the forthcoming stockholders meeting June 28.

Halliburton executives say the abbreviated title will more accurately reflect the present nature of the company. When the company was organized in 1924, its only business was oil well cementing. Since then several other major services such as formation fracturing, chemical services, special tools, formation testing, pressure grouting, water well services and dump bailer services have been added. Also manufactured and purchased products related to

second place.

Red, Hugh Coats up, Hugh Coats owner, won the second race, winning all three heats. Joe Go was in second place. Okie also ran.

Officials at the track were: J. Kurkendall, on owner, C. G. Taylor and Bob Presser, judges; and Nell Rankin, starter.

**The Rankin (Tex.) News

these services are made available to Halliburton.

In addition, Halliburton has found markets for some of its products and services in other industries. A special production is now selling pneumatic lifting systems, fluid dampers, valves and other equipment originally developed for oil well cementing.

For these reasons, the company has been notified in a statement, company management believes that the name should be shortened and that the company should be moved to only one of the services provided by the company should be moved.

Formal approval is expected to be concluded June 28 at the company's annual meeting in Rankin; the new title, Halliburton Company, is expected to be in use within a few days.
