CHURCH BENEFIT

Also Issues Call For Road Paving Bids-

County Drops Tax Rate By 31-Cents For Coming Year

It was more good news on the local front for tax payers this week as the Upton County Commissioners' Court, meeting in their capacity as the Board of Equalization, last Monday announced a 31-cent drop in the tax rate for the coming year. The old tax rate was \$1.26 and was lowered to 95-cents in the Monday action.

The reduced rate will apply to all taxes for the coming year on local property, land and oil values and is based on each \$100 of valuation. All local and land values are to remain the same as last year.

Adjustment to oil valuation was somewhat more favorable toward

the county than was first thought, due to new production making up for some of the loss of oil property that is no longer producing or has declined in production. At that, a drop of some \$800,000 in overall county values was taken, leaving total county valuation at a little over \$48 million.

This figure is expected to produce something over \$458,000 for the county through taxes and will be supplemented by various other revenues such as sale on car tags, etc. Approximately \$146,000 will be lost from the lowering of values and reduction of tax rate.

One of the major factors that permitted the Commissioners to

make the 31-cent cut in the tax rate was the retirement of what is known as the Benedum Road Tax Bonds. These bonds were voted several years ago to finance construction of the road leading into the Benedum Plant area and they have now been paid off. The 31-cent tax levy had always been

earmarked for payment of these bonds and thus will not adversely affect other county operating funds.

CALL FOR BIDS

In other action by the Court bids were called for on paving projects totaling some 570,400 sq. yards of work including surface treatment of various types.

Bids are to be opened at 1 p.m. on July 24. Specifications are on file with the County Judge and the County Clerk.

Most of this work will be topping on county roads already in existence with about 12 miles to be worked over in the Rankin area. Also included in the Rankin work will be re-topping of the Hospital Street from the Midland Highway, some repair work on some streets and a shrrt bit of new paving.

No new street paving is planned in Rankin at this time.

Go-Karters To Have Saturday Nite Races

Rankin Go-Kart Association is all set to welcome a good field of Kart drivers here Saturday night, July 1 as they run under the lights at the local track. Entries are expected from Odessa, Big Spring, Big Lake and several other West Texas points.

Time trials are scheduled to get underway at about 7:00 p.m. A charge of 50-cents per carload is being made for admission to these races. All funds go to the local association.

Rankin Student at A&M For Scientific Study

COLLEGE STATION (Spl) — Lonnie Ferrell, a senior at Rankin High School, is on the Texas A. and M. College campus now for six weeks of intensive study in astronomy and astronautics.

Lonnie is one of 30 such high school students selected for this honor. He is the son of Mr. and Mrs. John D. Hurst.

At Texas A. and M. College until July 29, he will delve into advanced studies concerned with astronomy, physics, mathematics and celestial mechanics.

Particular emphasis will be placed on the computation of orbits through the use of desk calculators and also IBM computers in the College's Data Processing Center. These concepts will be applied to the theory of double stars, the planetary-type bodies in the solar system, and also to artificial satellites and probes.

Lonnie will have the opportunity to hear and work in the laboratories with some of the world's leading scientists in the field, both local College staff members, and from other parts of the United

LONNIE FERRELL

States.

Highlights of the summer study program will be field trips to the McDonald Observatory, the Air Medical Center at Brooks Air Force Base, to a planetarium, to the Harvard Radio Telescope, and to Cape Canaveral or Vandenberg. (Continued to Page 2)

Holiday Closing To Vary

Prospects are for a mixed-up Fourth of July holiday week-end for Rankin with 4, 3 1/2, 3, and 1-day closings scheduled by business houses and offices. County employees will be off for four days starting Saturday with other firms having varied closings. The bank will shut down on July 4th only. Several grocery stores have indicated that they will close Sunday, Monday and Tuesday as has Johnson's Dept. Store. At least one cafe, Hurst Barbecue, has announced that they will be open throughout the period.

Little League All-Stars To Be Selected July 1

Rankin will host the Little League Playoffs this year, it was announced by local League officials.

Playoffs will start on Friday night, July 20th between Rankin and Midkiff with the winner of that game slated to meet the Big Lake all-stars on July 21. As long as either Rankin or Midkiff is winning, playoff games will be held here.

A meeting of managers here on Thursday night, June 29 will select the all-star manager who will coach the Rankin team. Twenty-five 11-year-old and 12-year-old boys are eligible for the all-star team—14 of which will be selected along with 3 alternate

players. All-stars will be picked on July 1 with practice starting on July 6.

(Continued to Page 2)

Atlantic Exploration Moves Into Rankin

Rankin rolled out the welcome mat this week to some 25 families of the Atlantic Exploration Company who began moving into vacant homes here Monday and Tuesday.

Atlantic and Rankin are old friends, the firm having had a consignment of employees stationed here for about three years some time back.

BRAIN WASHING—

A new word that came into being during and after the Korean War is now familiar to everyone. It is the term: Brain Washing.

The Chinese are credited with discovering this idea and are said to be past masters at the art. In all the thousands of Americans captured during the Korean War by the Chinese and subjected to brain washing, about a dozen or so apparently were affected to the extent that they were putty in the hands of their captors. For that little effort, the Chinks were given the title of "Masters of the Art."

All of which, of course, is pure nonsense.

Brain washing was invented by the Americans long before the Korean War and was being put to use—and still is—and it works a lot better than the Chinese brand. Who is being brain washed by America, you say?

You and me.

You say, aw, come on. O. K. Want some examples.

Ask any worker how much he makes a week and the chances are that over 50 percent of them will quote you a figure of the amount that he actually gets home with. A very large percentage of the American workers have been brain washed to the extent that they no longer consider all the so-called deducts as being theirs. It has ceased to occur to them that they are paying out such a large load in taxes of first one kind and another. Some employers have tried holding out all the deducts from one check to bring home to their employees just how much of their money is being lifted each payday. But that hasn't worked out either for the poor guys have almost starved that week for they had precious little left.

Another fine example of expert brain washing has been put on right here in Texas this year and its results demonstrate just how well the American system of washing works. For a very short while early in the year, there was a few cries for economy in the

The Rankin (Tex.) News—
Thursday, June 29, 1961

State government in an effort to keep from having to raise taxes. That is no longer heard.

The only question being asked now in Texas as regarding taxes is: How is it to be paid.

We have ceased to consider any other alternative. We have resigned ourselves to higher taxes and not a squak is being raised.

All of that accomplished in just six months and they say that the Chinese are good at brain washing. Bah.

One very fine example of the way we have excepted the right without question of the state to spend our money is being displayed here in Upton County a little ways up the Midland Highway. There the Highway Department is spending a fair chunk of tax money for a road side park. It has a well and a windmill and a fancy little shade thing and benches, table, garbage disposals, etc. and will be attended to by Highway workmen. It's very nice.

Now just how many people do you suppose will stop at this fine little park? A dozen a day; one a day; two or three a month? Maybe two or three a month in the summer.

Not long ago, the Department had a little park east of Rankin on top of one of the hills but for some reason, they decided to tear it all down. More money wasted.

These are only petty examples. The big stuff is buried too deep for the average person to see—but as of right now, the brain washed are asking only: Which way should we pay more taxes.

The prime medication used by the socializers in their brain wash solution is the old saw of ::Look how much better off you are than you was a generation ago. The same—incidentally—is used in Communist Russia to keep the peasants in line. They say you are making more money than you ever made, you drive a better car than ou ever had, you have tv,

City Fire Rate To Be Hiked By 3 Percent

In a letter received at City Hall this week from the State Fire Insurance Board, it has been learned that the base rate for fire insurance for Rankin will be raised 3 percent effective as of now.

The board stated that they had not had a report from the local fire department for the past four months and stated that these reports have a definite bearing on determining the rate for fire insurance for a given town.

LETTERS To The Editor

Following was submitted
... and, although not
... to the Editor, is run
... department because we
... have any letters to the
... except these little notes
... from time to time about
... accounts. And, it ought
... remembered that every-
... their children and that
... composed this little ar-
... it on a Bad Day
... er parent has from
... me.

OF A GOOD PARENT A BAD DAY

Nothing sadder than a
... couple. It breaks your
... them stretched out
... and swimming pools
... sitting all suntanned
... on the decks of
... trotting off to Eup-
... some fools. It's an
... There's nothing but
... to spend and more
... by it!

The poor childless couple can't
fight over a child's discipline; can
not blame each other for their
child's nauseous characteristics;
and they miss all the fun of do-
ing without for the child's sake.
They go along from day to day—
doing only what they want, buy-
ing what they want and liking only
each other. It's a pretty pathetic
picture. Everyone Should Have
Children! No one should be al-
lowed to escape the wonderful
experience attached to each stage
of development of their young and
all of it's happy memories—the
"alert" nights, coughing spells,
debts, diaper deliveries, baby sit-
ters, saturated mattresses, spilled
food, tantrums, emergencies, and
never ending crises.

Then comes the real fulfillment,
as the child grows like a little
apron and become a real nut!
The wonder of watching your
over-weight ballerina make a fool
of herself in a leotard. The warm
smile of a small lad with the

sun glittering on 500 bucks worth
of braces on his teeth, chomped
to pieces by eating tons of pea-
nut brittle.

How dismally vacant is the
peaceful home without the con-
stant childish problems which make
for a well-rounded adult life and
an early breakdown! The tender,
thoughtful discussions when report
cards reveal the progeny to be
one step below the half-wit; the
close-knot family group making
a mess around the fireplace to
roast hot dogs and thumbs and
shoes.

What a feeling of reward the
first time you take the boy hunt-
ing. He didn't really mean to shoot
you in the leg. The boy was ex-
cited. Remember when he cried?
How sorry he was? How disap-
pointed that you weren't a deer?
These are moments that a man
treasures, captured forever in the
heart—and the limp!

What childless couple could
ever share the stark drama of
romantic adventure when their
beautiful daughter elopes with
some idiot? Could a woman with-
out children touch the strength
and heroism of your wife as she
tried to fling herself out of the
bedroom window. It takes a fat-
her to attain the stature of stand-
ing by, ready and resolute, to
jump after her. You realize that,
after all, your baby girl is now a

woman with the mind of a pigmy.

The childless couple lives in a
vacuum. They fill their lonely
days with a game of golf, vaca-
tions, dinner dates, civic affairs,
tranquility, leisure and money!

There is a terrifying emptiness
without children. Unfortunately
the childless couple is too un-
comfortable to know it. You just
have to look at them to see what
the years have done. He is look-
ing boyish, unlined and rested.
She is slim, well-groomed and
youthful. It isn't natural.

If they had kids, they would
look like the rest of us—tired,
grey, wrinkled and sagging. In
other words—normal.

Do you really want to live in the good old days

— or is it
just a dream?

THIS IS A GOOD DREAM

In homes served by WTU, the
average cost of a KWH of service
is 20% less than it was 10
years ago.

"What program did you watch when you were little, Mama?"

It's easy for us to forget the comforts we have
today. If we don't watch ourselves, all we think
of is the hurry and bustle of the day.

The "good old days" to the little girl pictured
above are just a few years ago to some of us. We
forget that TV's so new. Yet most of our won-
derful electric servants have been developed in
just a generation!

As still more new ones come along, it's good
to know that there will be plenty of electricity—
from companies like this one—to run them. And
the more new appliances you use, the less your
electricity will cost per average kilowatt-hour.

Now think about it for just a minute—do you
really want to live in the "good old days" without
your electric servants—or is it just a dream?

Here's a
bargain
for Mama!

For less than 3¢ the average family, served
by WTU, can cook a complete meal the mod-
ern electric way... and enjoy the cleanliness
and convenience of Flameless Electric Living.

THE SCOOP—

(Continued from Page 2)

you have a better house, you have more of everything.

The insinuation is, of course, that socialism provided all these things for you. But such is just not true. You only have more because you earn more and government does not earn money, therefore government cannot pay you more or cause you to earn more. Not one modern improvement has come to you through anything earned by government—only private enterprise earns in our nation and only private enterprise can pay you and when you get more pay you will—being American—spend more and have more.

The better car you drive, the tv set you love, the better home you live in were all produced by free enterprise—not by socialism.

Legal Notice

LEGAL ADVERTISEMENT

FOR BIDS

Sealed bids for construction of approximately 550,000 square yards of asphaltic surface treatment and seal coat and 15,400 square yards of double course asphaltic surface treatment on County roads located in Upton County Texas.

Bids will be received in the Office of the County Judge at Rankin, Texas until 1 P. M., July 24, 1961, and then publicly opened and read.

All proposals must be accompanied by a cashier's check or bid bond in the amount of ten (10%) per cent of the bid price, payable without recourse to the Commissioners' Court of Upton County as a guarantee that the bidder will enter into contract and execute a performance bond within ten (10) days after written notice of award of contract to him. The notice of award of contract will be given within ten (10) days following the opening of bids. The bid security must be enclosed in the same envelope with the bid. Bids without check or bid bond will not be considered.

All right is reserved, as the interest of the Owner may require, to reject any or all bids.

Plans, specifications and bidding documents may be secured from J. Silas Pittman at 1210 Gaston Street, Crane, Texas, or at the County Clerk's Office in the County Courthouse, at Rankin, Texas, upon a deposit of fifteen (\$15.00) dollars per set which sum so deposited will be refunded, provided the Contractor submits a bona fide bid and all documents are returned to the County Clerk within 48 hours following the opening of bids.

Plans and specifications are on file and may be examined at the Office of the County Judge or the County Clerk's Office at the Courthouse in Rankin, Texas.

BY ORDER OF THE UPTON COUNTY COMMISSIONERS' COURT

By: /s/ G. H. FISHER

G. H. Fisher
County Judge of Upton County

If you were allowed to do what you make, you would even more and better.

Brain washing is to make you believe that white and that socialism all that you have.

But to give you socialism must first take. Somebody has said that adults and not enough believe in Santa Claus certainly seem to have.

Snell Back Navy Tour

Field, Calif. (FHTNC)--
Squadron 213 is now at
Al Air Station, Moffett
field, having returned on
from a seven-month tour
of the western Pacific.
The squadron is

Roscoe J. Snell, airman, USN,
son of Mr. and Mrs. Roscoe Snell
of Rankin.

The Squadron was aboard the
attack aircraft carrier USS Lex-
ington operating with the 7th
Fleet.

Visits were made to Guam, Haw-
aii, Hong Kong, Japan, Okinawa
and the Philippines.

Mr. and Mrs. Noble Harkrider
returned over the week-end from
a vacation trip to Ohio.

Couple United In Saturday Ceremony

On Saturday, June 24 at 2 p.
m. at the First Baptist Church
in Rankin, the pastor, Rev. R. L.
Shannon, read the double ring
marriage ceremony that united
Marjorie Lee Matthews of Mid-
land and William Clifton (Micky)
McDonald, Jr. of Rankin. Mrs.
McDonald is the daughter of Mr.
and Mrs. Oscar Lee of Rankin
and Mr. McDonald is the son of
Mr. and Mrs. W. C. McDonald,
Sr. of Rankin.

After the ceremony friends and
relatives of the couple enjoyed a
reception at the Highland Cafe
before leaving for a brief wedding
trip to El Paso. Mesdames Ed Kole,
Cois Hamilton and Leo Tieman.

Mrs. Zack Monroe of Midland,
sister of the bride, was her attend-
ant and Mr. Monroe was best
man.

After their trip to El Paso, they
will be at home in Midland.

Time to Think About Protecting Peach Trees from Borers

by
W. M. (DUB) DAY
Upton County Agent

DDT, long useful for controlling
the peach tree borer in bearing
orchards and home plantings, al-
so has proved valuable for pro-
tecting peach nursery stock a-
gainst the insect.

In recent experiments, a USDA
scientist obtained complete con-
trol of the borer by applying 4
sprays of DDT during summer
and fall. One experimental spray
of dieldrin on the trunks of 1
and 2 year-old nursery trees gave
results nearly as good, reports
ARS entomologist O. I. Snapp,
working at Fort Valley, Ga.

This borer is a major pest
whenever peaches are grown from
the Rocky Mountains eastward,
and in certain localities in Pacific
Coast States. The borer feeds at
or below ground line on living
wood of peach trees of all ages.
When abundant, the pest may
girdle and kill a tree in a year
or two. Borer-injured nursery
stock is unsalable.

DDT (8 pounds of 50 percent
wettable powder per 100 gallons
of water) was hand-sprayed on 1
year-old peach trees on July 12,
August 9, September 14 and Oc-
tober 9. When these trees were
dug the next spring, none were
infested. The rate of borer in-
festation on an untreated plot
was 11.5 percent.

In the same series of experi-
ments, 1 and 2 year-old trees
were sprayed with 6 pounds of 50
percent wettable dieldrin per 100
gallons of water on August 1.

Treated year-old trees showed an
0.8 percent infestation, compar-
ed with 30.1 percent infestation
in an untreated plot.

Two-year-old nursery trees, pro-
tected the first season with DDT
and the second with dieldrin, had
2.4 percent borer infestation the
next spring. Infestation of un-
sprayed 2-year-old trees was 41.7
percent.

Letter Tells Of Son's Navy Promotion

Mr. and Mrs. Ed Helmers re-
ceived a letter from Capt. W. W.
Bush, Jr. last week telling them
that their son, J. V. Helmers, had
been promoted to Aviation Elec-
tronics Technician, 3rd Class at
the Navy installation at Brun-
swick, Ga. The captain stated that
Helmers had been selected for the
promotion from a large number
of applications and that his high
degree of skill and knowledge in
his field led to his nomination.

He is scheduled to start flight
training work in the near future
at the Brunswick base.

Rebekah Lodge News

Rankin Rebekah Lodge met on
Thursday evening, June 22 for a
regular meeting with Noble Grand
Nadine Woodward presiding. Four-
teen members were present, 35
visits were made to the sick and
10 cards were sent to the sick.

Two old members were present,
Mrs. Lucille Rosser of Big Spring,
and Mary DeLoach, who has been
in Maryland where her husband
is stationed.

All members are urged to be
present at the next meeting on
Thursday evening, June 29 when
some candidates are to be install-
ed.

Rankin Pair Wins In Alpine Tourney

P. V. Brown and J. B. Hutchens
represented Rankin in the 2nd
Annual Partnership Tournament
at Alpine County Club last week-
end and each won a set of four
woods for first-place in the 3rd
flight.

From a poor start on the quali-
fying round, the two local golfers
pulled ahead by 2 strokes at the
end of 18 holes and held on for a
tie with a Monahans team at the
end of the regulation 27-hole
match. The closed out the match
on the first hole in a sudden death
playoff.

They were accompanied on the
trip by their families with the
wives doing the caddying and act-
ing as the rooting section.

This win did not put them a-
mong the leading money winners
in golf.

Billy Watson, former manager of
the Rankin Board of City Develop-
ment, moved back to Hillsborough
last week where he will be associ-
ated with a new firm going into
business there.
