Serving the Interests of Rankin and Upton County

VOLUME XXXVI—NUMBER 30

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, JULY 20, 1961

DISTRICT COURT CALLED OFF—

DWI Case Puts Man Jail For 30 Days

Coach Moves Family to Rankin

WIKENING Move family to Rankin

Wikenning, the new assistant coach and Boys Basketball coach, moved his family this week from Van Vleet where he held a similar position. Wikenning family consists of his wife, Ann, and two children, ages 3 and 1. Wikenning is a graduate of Webb County High School and Southwest Texas State College. During his college days he was an outstanding basketball player and has been named All-State in the Lone Star Conference and selected All-Tournament guard in the National Basketball Tournament, which Southwest Texas State won in 1960. His boys basketball team won 21 games last season while the Van Vleet High School football team had a 7-3 record.

Special Sunday Night Service—

Methodist Church Sets Bible School Aug. 7-11

For the Vacation Bible School at the First Methodist Church in Rankin has been set for August 7-11 for children of all ages. A special program will be held to close the school on Sunday evening, August 13. In addition there will be a

The penalty for driving while intoxicated took a big hop this week in County Court when Judge G. H. "Bud" Fisher handed down a verdict of 30 days in jail and a \$250 fine, plus the costs of court for Jack Rankin Dameron, 55-year-old Big Lake resident arrested on a DWI charge by Highway Patrolman Vic Atwood last February 26.

The case had been on the court docket for some time and attempts had been made to try it but the defendant had been granted extra time. Last Wednesday, court was convened and everybody was on hand except Dameron who was confined to the Big Lake Hospital.

The court proceeded to issue a warrant for his arrest, ordered a \$500 bond forfeited and took a dim view of the entire proceedings. On Monday, Atwood arrested Dameron as he left the hospital, brought him to Rankin and he pled guilty to the charge.

Two men who had gone on his bond for \$500 were cited to appear in court August 7 and show cause why they should not pay the bond.

Dameron is now serving his time in the county jail.

In District Court, the jury panel summoned to appear last Monday was dismissed when the case to be tried, a compensation suite, was settled out of court.

PAY FINES—

Two Rankin men, Ray Parrish and Kyle Gaddy paid fines of \$1.00 each, plus cost of court—a total of \$20.50 when they pled guilty to disturbing the peace in a fight earlier in the week. They appeared in J. P. Court No. 2. Mrs. Barcy McCain, officiating.

family night program with refreshments and a "Good-Bye" party for the young people who are going away to school or to work.

"Sunday evening, August 13 is the date of the service and everyone is invited," Rev. Lynn McAden, pastor, has said.

School Classes Register Good Scores In Tests

Results of standardized tests as given in Rankin Schools last term have now been compiled according to Supt. Kenneth Welsch. The results are determined on a group basis rather than individually and on a percentile as opposed to a grade basis. It is believed that results thus determined show more accurately the true progress of the particular group being tested.

Tests given covered such items as ability, achievement, aptitude, vocational interest and personal preference. Where available, the percentile for the grade as a whole

being tested is given and means that out of every 100 groups, the point below this percentile given is the number making lower than this group, according to the superintendent. Fiftieth percentile is the average and those below would be below average and those above would be above average.

Tests given Rankin students in the 2 through 8th grades in science, language, literature, spelling, reading vocabulary, reading comprehension, health and social studies, arithmetic reasoning and arithmetic computation show these results:

Grade	Percentile For the Group	Educational Grade for Group	Normal Ed. Grade According to Test
2nd	65th	3.2	2.2
3rd	65th	4.5	3.8
4th	65th	5.2	4.8
5th	70th	6.5	5.8
6th	55th	7.0	6.8
8th	50th	8.8	8.8

Of the above, these are composites for the grade as a whole. In each case there were those who scored a percentile of 99 or high in the 90's as well as those that scored in some cases, even down to 0. They are all averaged in to give the composite for the grade as a whole.

The seventh grade also engaged in a type of formal testing program on the achievement basis and the only available group-wise results are on a percentile basis and indicate that the class scored 61 percentile with 50th percentile being the normal. These tests covered study skills, reading, language arts and arithmetic with a number of separate areas under each.

HIGH SCHOOL

The ninth through 12th grades were tested in the areas of social studies, natural science, correctness of expression, quantitative thinking, reading social studies, reading natural science, reading literature and general vocabulary.

The results were determined, again on a group basis and percentile with 50th percentile being the normal.

The 9th grade percentile of the school was 70%, the 10th grade was 99%, the 11th grade was 79%, and the 12th grade, 64%.

In each of these grades, again, the percentile range was from a high of 99 to a very low less than 10%.

LL PLOYOFFS START FRIDAY

Gametime for the Little League Playoffs which are to be held in Rankin this week has been set for 8:00 p.m., according to W. C. "Box" McDonald, local chairman.

In the first go-round on Friday night, July 21, Rankin will meet Midkiff. On Saturday night, the winner of this game will try the Big Lake All-Stars here.

Should either Rankin or Midkiff get past the Reagan County team, they will meet the winner of the Ozona-Sonora game here on Thursday night, July 27.

Harold Gardner of Big Lake is to be the umpire for the Rankin-Midkiff game.

CARDINALS WIN—

In a playoff between the first half champions and the second half champs of the Rankin Little League, the Cardinals defeated the Giants last Monday night 15-5 to take the club crown.

Rankin Student Named As Alternate Winner

Miss Betty Sue Garrett, daughter of Mr. and Mrs. Lenard F. Garrett of Rankin, has been selected as an alternate for a \$2,000 scholarship from the Educational Fund for Children of Phillips Petroleum Company Employees. She was a 1961 graduate of Rankin High School and was the highest ranking girl in the graduating class.

Miss Garrett was second high in this district in the Scholastic Aptitude Test, the winner being Margaret L. Corzine of Odessa. Should Miss Corzine at any time drop out of college or fail to take advantage of the scholarship, Miss Garrett will be eligible for the remaining funds.

The Phillips Company awarded 50 such scholarships providing for \$500 annually during four years of college attendance, subject to the maintenance of a satisfactory record by the awardee.

High school students from 67 towns in 15 states took the 1961 aptitude test. Qualifying students who did not receive scholarships may apply for loans for higher education from a separate educational loan fund offered by the company.

Mr. Henry Ireton of the local

BETTY SUE GARRETT

Phillips Camp, in announcing the award winners for this area said that Miss Garrett's second place showing was "a fine compliment to both the young lady and to the Rankin Schools".

CANCER DRIVE OVER TOP—

Upton County moved past the \$900 goal set for the Cancer Fund Crusade according to Mrs. Tyson Midkiff, Rankin chairman.

Rankin, with a goal of \$400, had raised \$383.33 as of last week the chairman stated.

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

WINK WILDCATS—

Wink—with about a million dollar hand-out promised from the Federal government on their urban renewal program, appears to have a wildcat by the tail so far as suddenly coming up on the short end of critical citizen's lists is concerned. Almost every newspaper in the country seems to be getting in their licks against the project despite the fact that many of them represent towns that have themselves been aided by the Federal government such as Houston where the newspapers have taken a very dim view of the Wink deal. Most of the criticism probably stems from envy for you must admit that a town has to have a lot of determination to stay in there and plug long enough to cut through all the red tape it would take for an American community to get a million dollars out of Uncle. Now if it were a foreign country—much less effort required.

In fact, if we here in Rankin would go down to Acuna and get the Mexican government to extend their borders up to our city limits, we could put in for foreign aid and would still beat Wink to the punch.

At any rate, the hacking of the City of Wink goes on and according to their newspaper, the editor over there is receiving a mighty substantial amount of mail and credit for being responsible for the town's dipping into the treasury. Editor Dow says "taint so but he does get a kick out of some of his "fan mail".

One chap said the situation reminded him of the not-too-well liked Liberace who "smiled all the way to the bank to deposit MY money". He got another letter from some fellow who claimed to be chairman of the "Stand on Your Own Two Feet" Committee and one wanted to know why they didn't just move down the road a piece and build a new town—thus saving the taxpayers the added cost of wrecking the old one before renewing it.

It looks like Wink will get—

The Rankin (Tex.) News—
Thursday, July 20, 1961

along with their million—about an equal amount of unpopularity.

IS IT WAR? —

Presently there is a little action going on in Rankin that is termed a "Gas War". Prices at most of the local stations have been cut on all grades of gasoline—"for the first time that I can remember" said Cecil Merriman, a longtime resident of Rankin and operator of the Sinclair Service Station. It is the type of thing that is usually welcomed by the motorists—anywhere. And, for the time being at least, it has knocked in the head one of the prime gripes about Rankin: That gas prices are higher here than anywhere else in this area. Up to now, this statement has been true. But not any more. This week gas was selling cheaper in Rankin than in San Angelo and motorists were calling out: "Fill 'er up quick".

Jim Harkey down at the Humble Station was the first to put the lower prices into effect and Jim has purchased advertising space in this issue of the News to explain his position—that he is not interested in having a gas price war with any other stations—that he lowered his prices because he wanted to keep the gasoline business at home.

You may want to read Jim's ad which appears elsewhere in this issue.

Whether or not his objective will succeed or whether he will just make less money is something that remains to be seen but as of right now, a good many motorists in Rankin are taking advantage of the situation and hope that—be it war or peace—the price of gas remains a little lower than in the past.

THE TESTS —

Along with space ships and orbits, testing of school students on aptitudes of all sorts has become most popular of late. Rankin has

COOP—
Continued from Page 2)

fair share of testing in
schools over the past few years

and the results have been most
interesting as related in the Page
1 story in this issue of the News.

Students, parents, and school
faculty—as well as the communi-
ty as a whole—can take consid-
erable pride in the fact that the
Rankin students have scored well

above the average in these tests.

It puts teeth into the saying
that Rankin has mighty good
schools when it comes to learning
and that's what the cake walk is
all about.

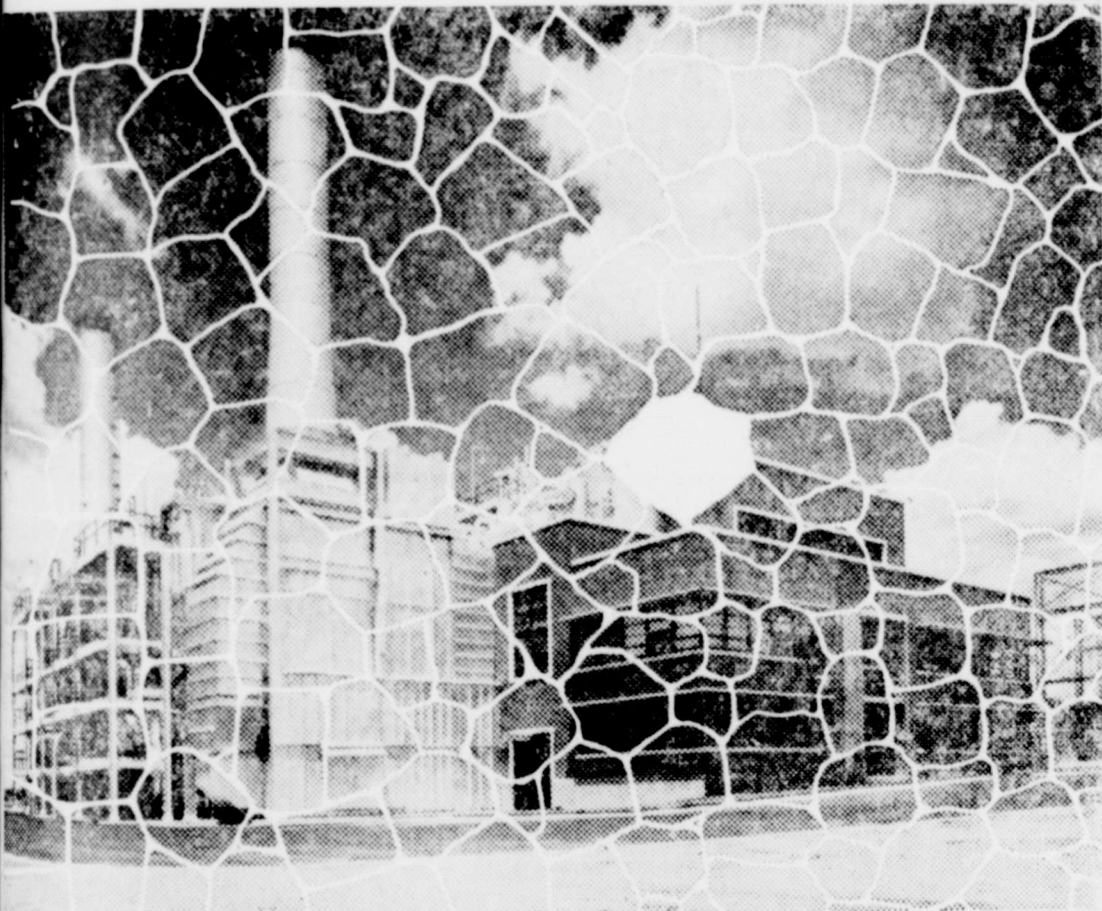

Not all agree with the manner
in which Rankin Schools are oper-
ated and that is to be expected
for most of us always think we
can do anything better than the
people who are doing it—but all
will have to admit that it gets
results.

For its size, it would seem that
Rankin Schools have had a very
large percentage of its students
win a whole batch of awards and
extra benefits as per the annual
number who get free trips to the
various scientific studies, math
courses, etc. Only the most qual-
ified students are picked for these
awards—in competition with many
others from the area—and Rankin
has had its share.

My wife is one who likes her fun:
She rides, she swims, she fishes.
I share her play—and, by the way,
She helps me with the dishes!

Crane 4-H Club To Hold Jr. Rodeo 20-22

CRANE—The 3rd annual Junior
Rodeo will be held at the local
arena July 20-22. The three per-
formances start at 7:30 p.m. This
is an American Junior Rodeo As-
sociation approved rodeo.

Crane's top professional cowboys
who are in charge of this year's
performances promise a fast mov-
ing, well organized show with Paul
Patterson doing the announcing.

J. B. Rogers, Jr., arena director,
will be assisted by Merle Kelton,
Charles McFadden and George
Teague, all top professional rodeo
hands who are helping the Crane
County 4-H put on a top notch

junior rodeo.
The local arena has been re-
vamped by 4-H boys, Crane County
road department and interested
individuals, to allow better facili-
ties for performers, more space
for parking cars and pleasant
spectator areas.

Bareback bronch riding is an
added event in this years rodeo.
Two go-rounds are scheduled in
barrel race, pole bending, steer
riding, ribbon roping, tiedown
roping, goat hair pulling and doub-
le mugging.

The champion all-round boy or
girl will be given a hand tooled
saddle and the all-round boy and
gir contestant in each age divi-
sion will receive a belt buckle.

NOT GAS FIGHT — GAS RIGHT!

Yes, to get gas to the citizens
of Rankin at the same price
that your neighborhood towns
have been selling for years.

Recently I dropped the price
of gas at my own expense with
no fanfare or notice to the
public. Since that time, I have
heard from many sources vari-
ous reasons of my doing such

an unheard-of thing in Rankin
but none even bordered on the
truth of what my fight has ac-
tually been for. It is very sim-
ple. I WANT TO KEEP RAN-
KIN'S GAS, TIRE, WASH
GREASE AND ACCESSORY
MONEY IN RANKIN.

I also wanted the co-operation
of my fellow operators in this
endeavor. I sincerely believed
that there should be an adjust-
ment made with both distribu-
tors and retailers so that YOU,

the citizens of Rankin, who have
complained these long many
years, could get your needs at
the same rate as your neighbors
in surrounding towns. There is

nothing more to gain out of it
than just that. I have done this
at the increasing travel peak of
the holiday season. I could have
remained quite and received my
normal profits from every day
sales. So the loss is to me in
my fight for the right price for
you.

Well, I really stirred up a hor-
net's nest when I started the a-
bove. Instead of receiving co-
operation by my fellow opera-
tors in my fight for you, they
have received aid from their dis-
tributors to even cut below my
price because a guy that has a
crazy idea like mine concerning
the public is not only a guy not
to co-operate with, but danger-
ous to the business here in Ran-
kin.

However, I am still carrying
the burden of my crusade for
"Right Gas Prices" alone. I just
want you to know the real back-
ground of what this fight is real-
ly for and I sincerely hope that
I can get this job done for you.

How about a Fair Break for Railroads?

we're asking your support for equal treatment by government of all carriers, including the railroads

The Association of American Railroads has drawn up a document called "Magna Carta for Transportation."

We're asking for public support of this common-sense statement on public transportation policy, hoping citizens will recognize that an entire industry that serves them is being deprived of its natural rights—and will want to help.

What to do? Ask your congressman to help restore to the railroads these "four freedoms":

- Freedom from discriminatory regulation
- Freedom from discriminatory taxation
- Freedom from subsidized competition
- Freedom to provide a diversified transportation service

HAS GOOD CE FOR NUATION

W. M. DAY
County Agent

the sheep producers in
nty have asked. "How
y the American Sheep
Council has spent, how
they have left, what
pen if the wool act
continued?"

re will answer the last
st.

le chance of the Nati-

onal Wool Act to be discontinued. I think this for two reasons. The government has never discontinued any type of government program in agriculture. The name may be changed, or moved to another agency, but chances are that it will not be discontinued. The second reason, and one that I think means more than the first, is that the general farm bill sent up from the White House on last April 17, carried in it provisions for a three-year extension of the Wool Act. However, most of the House bills and two Senate bills call for permanent extension of the Wool Act.

If this act stays in effect, and if the wool growers continue to consent to the one cent per pound reduction from their incentive

Elsie Turner Installed By Rebekahs As Noble Grand

Rankin Rebekah Lodge No. 8 met at 8 p.m. Thursday, July 6 at the IOOF Hall for installation of officers for the new term.

Installing officers were District Deputy President Maxine Fenagelo from Big Lake; Deputy Marshall Dora Woodfin; Deputy Inside Guardian Pauline Diez of Texon; Deputy Warden Modine Adams; Deputy Outside Guardian Fern Kosel; Deputy Chaplain Alice Bell and Deputy Musician Cora Lee McKelvy.

Officers installed were Elsie Turner, Noble Grand; Ruth Windham, vice-grand; Mary DeLoach, chaplain; Maude Garrett, warden; Rosalee Edgard, conductor; Dora Woodfin, right support to Noble Grand; Grace Harris, inside guardian; Modine Adams, flag bearer; Pauline Diez, Rebekah flag bearer; Cora Lee McKelvy, musician; Jewel Crow, right support to vice-grand; Nadine Woodard, Jr. past noble grand.

Other Lodge officers include Al-

payment. I can see no financial problem for the A.S.P.C.

The A.S.P.C. now carries three million dollars in securities over and above the current operation expenses for the fiscal year. This is insurance for the ASPC in case the growers, in a referendum, decide they don't want to continue the promotion. Also, if the price of wool ever exceeded the national average incentive level of 62-cents, this fund would be automatically suspended.

The ASPC is an industry-owned organization, and it does not use government funds as such.

The funds, however, are collected through the A. S. C. for the U. S. Department of Agriculture, which turns the money over to the ASPC. These funds are collected from the sheep producers and are used for promotions and advertisements for the industry. These funds are taken from the incentive payment which growers receive for their wool and unshorn lambs.

I hope I have answered some of the questions that some of you have been asking over the past few months. I hope, also, that this explains to non-ranch people that this program is financed by the growers and not the U. S. Government.

ice Bell, secretary; Fern Kosel, financial secretary; Elizabeth Rains; Dora Woodfin, lodge deputy; Fern Kosel, team captain

Deputy Marshall Dora Woodfin presented the past noble grand jewel and a picture to Nadine Woodard and to each of her installing staff, red rose corsages. Elsie Turner presented her officers with a year book and red rose corsages.

Seventeen members and four visitors from the Crane Lodge were present.

A dinner was served buffet style from a table laid with white net over red satin cloth, centered with a basket of red roses, red and white candles and a Bible. The noble grand's chosen colors of red, white and gold were carried out in the decorations.
