## ALLEN MOORE TO OFFICE OF COUNTY JUDGE

Allen Moore has resided in Upton County since 1926 and that makes him an Old Timer.

Moore is a graduate of McCamey High School. He entered armed services in May, 1942 and was discharged in September, 1945, having served with the U. S. Army in the Chinese theatre for something over

After returning to McCamey, he operated the Moore Laundry until March, 1948, at which time he accepted appointment as Deputy Tax Assessor of Upton County. While in that capacity, he was elected by the two Districts to County Auditor for the year 1951. He is Past President of the County Auditor's Asso-

ciation. Having the County Auditor's office, he has been and is active in the oilfield construction and presently is owner of the Allen Construction Company, McCamey, Rankin, and the local Permian area.

Moore is married and has three children: Jacob, presently serving in the U. S. Marine Corps; Robert, in Odessa Junior High School; and Ann, a senior in Rankin High School. Ellen, assists him in the office as well as in the chores connected with the Allen Construction Co.

## A. J. McDONALD ENTERS JP RACE

A. J. McDonald has announced that he is a candidate for Justice of the Peace, Precinct No. 2, Upton County, subject to the Democratic Primary May 5, 1962.

McDonald has lived in Rankin—except for the exception of outside trips to work—since 1913 and is well-known in the area. The family consists of Mr. and Mrs. McDonald, James, in the University of Texas, and Linda, a Senior in Rankin High School. The family owns and operates the Highway Grocery and Mkt. in Rankin.

This is McDonald's first attempt for election to a public office and he has said that he feels that the office of Justice of the Peace is an important one and that, if elected, he would give it the proper time and attention. He stated that he plans an active campaign and will be calling on the voters of the precinct later on in the year.

## January Is Poll Tax Month With Politics On Increase

January is Poll Tax month. Deadline for purchasing the right-to-vote certificates is midnight, January 31.

A report from the office of H. E. "Gene" Eckols indicated this week that the payment of poll taxes in Upton County is follow-

ing its usual pattern—slow in the early part of the month with a big volume of business on the last few days. Eckols has pointed out that voters can save themselves the inconvenience of having to wait in line by paying their poll tax as early as possible.

Indications are that Upton voters are going to get their money's worth this year in the voting department with a very heavy number of candidates already announced for county offices. In addition to the primary and general elections to be held this year, the city and school will also have voting. All require the voters to have a poll tax or exemption. Any bond elections that might be called in the year would have the same requirement.

## GENE HENDRYX IS CANDIDATE FOR REPRESENTATIVE

Gene Hendryx, 36-year-old Alpine businessman and civic leader, authorized the Rankin News this week to announce his candidacy for the State Legislature from the 72nd District of Texas.

He has held public office in Brewster County for the past 10 years and is President and General Manager of KVIF-AM-TV. He is an honor graduate of Sul Ross State College, with a Bachelor's degree in government and a Master's degree in economics.

A past president of the Sul Ross Ex-Student Association, he has served in many civic capacities and is completing a term as President of the Texas Association of Broadcasters. Hendryx is well-known throughout the state in both business and civic affairs. He is listed in Who's Who in the South and Southwest, Who's Who in American Business and Commerce and Who's Who in World Business and Commerce.

He has appeared in nation-wide broadcasts on NBC and Mutual and has been the subject of many feature articles in the press, including Time Magazine.

The former totally disabled Marine was recently honored by fellow citizens in Alpine at an appreciation banquet.

Hendryx is married to the former Lucille Kempen of Alpine and they have three sons. He is a member of the First Baptist Church.

Poll taxes may be paid any week day from 8 to 5 at the Tax Assessor's office in the courthouse.

Poll tax payments in the county over the past few years totaled:

1956: Paid—2180; Exemptions, 350 for a total of 2530.

1957: Paid—1717; Exemptions, 252 for a total of 1969.

1958: Paid—1743; Exemptions, 289 for a total of 2032.

1959: Paid—1439; Exemptions, 246 for a total of 1685.

1960: Paid—1382; Exemptions, 323 for a total of 1705.

Poll tax payments are carried on a year-behind basis, thus the 1960 figure would cover poll taxes paid and voted in 1961.

## L. A. CULLISON ANNOUNCES FOR REPRESENTATIVE

L. A. Cullison, Fort Stockton attorney, has announced that he is a candidate for State Representative in the new 72nd District which includes Upton County. His quest for the office is subject to the Democratic Primary election to be held May 5, 1962.

Cullison has practiced law in Ft. Stockton for the past four years. Prior to that time, he was in the legal department of the Small Business Administration in Dallas and before that, practiced law in Alice, Texas. He is a graduate of the Oklahoma University Law School and practiced law in Blackwell, Oklahoma before moving to Texas.

Cullison is a veteran of WW II, having been honorably discharged from the 36th Division in 1946. He has been a practicing attorney for 22 years, is a member of the American Legion, the Lions Club and the Methodist Church.

"I believe that the State of Texas has not made as much of an effort to help its citizens as it should," he said, "and I take for example the oil business in the State. I can see no reason for us to have an 8 or 9 day allowable and all other oil states to have from 12 to 15 days. This, among other things, I believe should be corrected."

He further stated that he planned to be in the Rankin area after the first of the year and is looking forward to meeting as many of the local voters as possible.

## SIDELIGHTS—

Among the impressions that one gets about 1962 in this early stage of the year is the one that it's a heck of a lot like 1961. In fact, our 6-year-old put the question: How can you tell it's 1962? Now there's a good question. Aside from having a calendar, I suppose the only way one could tell is to count all the folks going around with throbbing heads and blood-shot eyes, divide by two, subtract one and conclude that it's the day after new year's eve night.

Sometime—if you feel like it—and want to get an idea of what it would be like to be among the last people on earth following the explosion of a big bomb, get up about 7 a.m. on January 1 and go down town. There just 'aint hardly nobody about. Even the dogs have quit barking by that time, evidently deciding that people have taken over the howling duties for at least one night.

I made new year's real fine this year. Went to bed at 10 o'clock with a severe cold and got up on January 1 feeling a lot better than most of the folks who were feeling like a million dollars American money at about 12 a.m.

Among the things that it would be nice to do in '62 is to keep an accurate record of the Rainfall in Rankin. George Warfield, the Conoco Agent, gave me a nice, new rain gauge Christmas and I'm going to get around to putting the thing up one of these days and keeping that rainfall record. There's no hurry for at the rate it's going now, measuring the rainfall will be one of the less strenuous tasks one could undertake in the months ahead. In fact, it would be an ideal job for a Washington bureaucrat. Nothing to do and no possible way to make a mistake. Just draw his pay and play.

## THE RUNNERS—

One little item that appears to be way out in front in 1962 is the political races. With ten candidates already announced the 1st week of January, 1962 is far ahead of any other previous year in that department according to The Rankin News files where three in 1960 were the most found on any other first week of the new year. It looks like we are going to get our money's worth out of that ole poll tax receipt this year.

Folks over in Precinct Two are going to get to do the most voting since they have a commissioner running. Tommy Workman has announced for re-election and I'd say that most everybody will agree that he would be hard to beat as a commissioner. A lot of progress has been made in the county and in Rankin since Tommy has been on the court. Streets have been paved—perhaps the top accomplishment—and may civic improvements completed. This is not to say that all these things were accomplished because Tommy was commissioner but his attitude has been one of trying to cooperate on every project that could be of benefit to the people of his precinct and of the county.

Allen Moore has announced for County Judge and this race—so it is rumored—may get pretty crowded before election time. "Ironhead" can be expected to add a good bit of flavor to the proceedings and will—without doubt—give it his best efforts.

Actually, the only race with any contest at the present time is in the JP post in Precinct Two where W. J. Price, Elsie Turner and A. J. McDonald are running. This

*"The Center of the Southwest  
faces Growth Unlimited"*

We believe this to be a fact because the Southwest is growing  
25% faster than the Nation, and our service area is the heart  
of the region.

What's more, we are convinced this growth will continue,  
because expansion of commercial, industrial and agricultural  
activities all point that way.

On our part we are backing up this belief in coming growth  
with a multi-million-dollar expansion program. Our service  
facilities are being increased today, to serve more people,  
more businesses, more industries tomorrow.

Yes, for all of us, there's GROWTH UNLIMITED ahead.

**"Put Something in  
The Pot" says IRS**

All citizens or residents of the United States, including minor children, who had gross incomes of \$600 or more in 1961, must file a federal income tax return, J. R. Robinson, administrative officer, Internal Revenue Service in Odessa, announced today.

If the taxpayer is 65 or over as of December 31, 1961, he or she is not required to file unless his or her gross income for 1961 was at least \$1,200.

The IRS representative added that even though a taxpayer is not required to file under these rules, he or she must file to obtain a refund, if any income tax was withheld from his or her pay.

He said there is one exception to the general rule. Self-employed persons such as sole proprietors, partners, and independent contractors, must file an income tax return and pay a self-employment tax, if net earnings from self-

employment were \$400 or more. Many questions about federal income tax returns can be answered by telephoning the IRS office. Deadline for filing this year is Monday, April 16.
