ram is now being worked out to put it in action here. The first step will be a meeting for the public on Thursday, January 25.

This meeting will be open to all interested persons and will be held primarily to determin whether or not the local citizens want an education program on Civil Defense.

Rankin Schools will send two teachers to an area meeting in Fort Stockton in early February where they will take some eighteen hours of Civil Defense instruction under the Texas Education Agency program. They, in turn—and if the local citizens indicate that they so desire—will hold a Defense course in Rankin in the early part of the spring.

"We believe that this program is the most sensible one offered on Civil Defense," Mayor J. B. Pettit said this week. "We are not trying to force a study of Defense on anyone but want to make a sound and reasonable study available if the people want it—That is the sole object of the January 25 meeting—to see if the citizens want to study Civil Defense," he said.

#### SALARIES SET

As is their custom on the first meeting of the year, the Upton County Commissioners Court last Tuesday set the annual salaries for all County office holders and employees at the same basis as 1961 with the exception of the two librarians in which case an adjustment from \$3300 per year to \$3600 per year was made. They further set all J. P. salaries at \$250 per menth with the exception of one in McCamey which was set at \$1 per month.

The court also authorized a salary of \$300 per month for a secretary for offices of Home Demonstration, County Agent, County Treasurer and Auditor.

# West Texas Utilities Co. Makes Personnel Changes

E. L. Edgar, serviceman for West Texas Utilities Company in Rankin since 1948, assumed his duties as local manager on January 1. He succeeded Fred W. Welling, who retired from active service with the Company on the first of the year. The announcement was made by District Manager W. K. Ramsey of McCamey.

The new local manager was employed by WTU in January, 1948 in the service department in Eldorado and was transferred to Rankin in March. He has served as a company serviceman here for the past thirteen years.

Born in Wellington, Texas in 1926 he worked as a grocery boy while attending high school and

## B. J. (JOE) GUTHRIE SEEKS OFFICE OF COUNTY JUDGE

B. J. (Joe) Guthrie announced this week that he will be a candidate for the office of county judge for Upton County.

Guthrie has been a resident of McCamey and Upton County for 34 years. He worked for Shell Pipeline Corp. in McCamey for 27 years as chief gauger and chief engineer. He retired about seven years ago.

Mr. and Mrs. Guthrie have 3 children, one son and two daughters. The children are all married

Guthrie, in making the announcement, stated that he intended to visit everyone in the county prior to the election. He said that he considered the office a public trust and believed in a fair deal to all and special privileges for none.

Guthrie stated that if he was elected to the office, the books would be open to the public at all times because they are the property of the public. He said records of all expenditures would be kept and would be open to the public. He said that all meetings of the Commissioners Court would be open to all that wished to attend and that the minutes of the meetings would be available for all to see.

was graduated from Vernon High School in 1944. He was employed as a clerk in the men's department at Montgomery Ward Company before joining the Armed Forces in 1945 for service in World War II. Edgar served in Leyte and the

South Pacific in the Ordnance Department and was discharged in December, 1946.

Mrs. Edgar is the former Rosalee Welling. They were married in Rankin in 1948 and have two sons, Steven Randall, 11, and Ricky Allen, 6. They are members of the First Baptist Church.

Mr. Edgar is a member of the Board of Trustees of the Rankin Independent School District, secretary and treasurer of the Rankin Little League, a member of the Rankin Volunteer Fire Department, and past secretary-treasurer of the Rankin Cub Scout Pack No. 56.

#### WELLING IS A 39-YEAR VETERAN—

Fred Welling will close a 39-year career with West Texas Utilities Company under the Company's retirement plan. It was almost four decades ago when he was employed in 1922 as a power plant operator in Texline, Texas. In 1924 he was promoted to chief engineer and local manager in Texline. At that time there was no transmission line service in Texline and Welling operated the deisel plant in Texline to provide

electric service for the customers. He was also in charge of both the water system and gas system from 1924 until 1930.

When WTU sold the utilities properties in the Panhandle to Southwestern Public Service Company, Welling was transferred to Rankin where he has served as local manager for the past fifteen years.

Born in Breese, Illinois in 1895, he came to Texas early in life and worked for, the old XIT Ranch in the Panhandle. He serv-

ed two years with the U.S. Army during World War I and was with the 31st Infantry in France and Germany. He was employed by the Burlington Railroad for three years before joining WTU in 1922.

Mr. Welling is the father of 7 children; Freddit H. Welling, Earl Welling, Alfreda Carpenter, Rosalee Edgar, Eugene Welling, Violat Puckett and Glen Welling.

While living in Texline he served 9 years on the school board, as a member of the city council for six years, and was a member (Continued to Page 5)

THE OIL BOOM-

Rankin's present oil boom, which really was never too much more than a large size pop, appears to have suffered a slight puncture that will need some patching before developing much further. The big item that has caused several oil aevelopers to back off-for the immediate time at least—is bottom hole pressure.

Now to those of us who are not too familiar with the oil business, bottom-hole pressure doesn't ring any bells; but it seems that without it-you're dead-in the oil.

Bottom-hole pressure in some of the newly completed wells around Rankin is said to be acting up. The durn stuff will not hold at a steady pressure but keeps falling off and that's supposed to be bad. Just how far this will go and what the end results will beonly time can tell according to those in the know on the subject.

If bottom hole pressure is as important as it appears to beand I am right in assuming that hot air has something to do with creating this pressure, then what we need is for someone to figure out how to tap all the hot air that floats around the local coffee houses and pipe it into the bottom of some of the sickly oil wells and they'd then have pressure to burn.

But all is not lost. Just about everyone connected with the business appears to be of the opinion that the slow-down is only temporary and that Rankin may indeed see a lot more oil action during the coming year. Let'er rip.

#### ONE MORE WEEK-

The poeple who have charge of producing programs on the idiot box-sometimes called TV- have one more week to go on their current football season. It's about

It used to be that you could see five or six football games a year on TV, along with a half-dozen or so other sports spectaculars durmonths, basketball come along at

The Rankin (Tex.) News-Thursday, Jan. 11, 1962 P2

about all points, bowling, golf, ice hockey, rodeos, tennis, olimpic events and a couple of dozen other items are all thrown in on top.

Christmas-now here's one that the TV people really go all out on. They not only start it before Thanksgiving but according to some of the programs we were still viewing as late as last weekend, old Santa is still around and will be popping down the chimney any day now. Chee-e.

Getting back to football-I like the sport as well as anyone but after viewing some twenty or more games on the box this season, one feels that he has just about worn out his taste for the product. I have seen so many "men in motion", crossbucks, down-and-out passes and split ends that there just isn't room for any more. Next week-end. Im not going to watch any football-unless the weather is bad or they get a good game started.

#### UNITY-

As the old boy said just after he had straddled the buzz saw: "United I stood; divided we fall"; one hears a lot nowadays about standing together against a common foe; united for strength .. and a number of such slogans-all of which don't mean a whole lot after they're run through the wringer by politicians and all who would appeal to the patriotism of the individual American.

Truth of the matter is that in reality we have become a nation of divided little groups and special interests. We say the elected official does not represent the people; that he bends his ear to this or that special interest or group. Is it that he is playing footsie with special interests or is it that he is playing around with the wrong group-from our own personal point of view?

We Americans have become so ing the year but now football is "Associated" that almost everyone overlapping with baseball & with of us belong to some special group basketball, baseball runs for nine and whether we realize it or not,

## Halford-Rogers Marriage Performed In Local Church

The Northside Church of Christ was the setting at 7 p.m. December 29 for the wedding of Janice Halford and Robert Rogers of Iraan.

Weldon Johnston, pastor, officiated for the single ring ceremony.

Mr. and Mrs. Bob Halford are the parents of the bride while the bridegroom is the son of Mr. and Mrs. M. H. Rogers of Iraan.

Escorted and given in marriage by her father, the bride wore a princess-style gown of ivory silk, designed with a lace trimmed bo-

dice and a full spirt.

The bride's veil of silk illusion fell in shoulder-length from a headdress encrusted with seed pears.

For her bouquet, the bride carried a white Bible trimmed with gold and white feathered carnations arranged in cascade style.

Traditional wedding music was sung by Mrs. Walter R. McSpadden of Rankin.

Attending the bride was Jan Goodwin of Rankin who wore a gown of beige taffeta styled with a fitted bodice and full skirt. She wore matching accessories. Billy White of Iraan served as best man.

Following the ceremony, a reception was held in the Rankin Park Building. Serving in the house party were Mrs. Louis Mauldin of Pecos, Mrs. W. W. Wat-

ers, Mrs. M. V. Kirkpatrick and Mrs. John Goodwin, all of Rankin.

The couple will be at home in Iraan where the bridegroom is employed by Parker Drilling Co.

/TU's outlook for 1962 is for even more...

In this new year, West Texas Utilities will continue our three-step area development program.

1. We will continue our own current expansion program to permit us to serve even more people.

2. We will continue to promote the business and industrial advantages of this area in national publications.

3. We will continue to work with all area communities in their local development programs.

This is our 1962 schedule, because more than ever our service area faces GROWTH UNLIMITED.

"I am an American first, a conservative second and a Republican third." Foreman said.

"I am a conservative because I am for progress and because I believe in conserving for the individual his rights, liberty and freedom.

"I am a conservative because I believe in limited federal government, states rights, government economy, sound money and private enterprise. These policies of individual initiative and opportunity have made America a great nation," Foreman said.

Foreman said he a Republican because the Republican Party "is the most effective political movement today dedicated to preservation of Constitutional principles which protect individuals from government.

"Our present congressman is the man who voted for packing the House Rules Committee, even though he had assured West Texas he would stand strong against it. This helped open the gate for house approval of President Kennedy's legislation," Foreman said.

"He helped the Kennedy Administration push through a \$5.6 billion housing and urban renewal

bill, extension of unemployment compensation and liberal social security amendments.

"The incumbent voted for federal electric generating power expansion and for a larger government role in public works."

Foreman said he was opposed to all of these measures.

"I pledge to give the people of West Texas strong conservative representation, independent of political pressure dictates of the administration. As your congressional representative, I will continually fight for sound, conservative government and freedom for the individual."

Foreman strongly criticized the "liberals' idea" that problems can be solved by "throwing money at them." He expressed complete opposition to federal aid to education and medical care for the
