Serving the Interests of Rankin and Upton County

XXXVII—NUMBER 13

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, MARCH 29, 1962

One-Act Play is Winner City Voters to Polls Tues.

Rankin High School One-Act play won first place in the 1-A contest, held last evening in the Sul Ross auditorium in Alpine. The play, "The Best Actress," was written by J. B. Pettit, Jr., head of drama at Rankin. It was judged the four plays by Rankin, Iraan, Sandhollow and Dr. Boyd chose "The Best Actress" as the winner of the winning play in the 1-A contest. The cast included: the Anderson cast, and a host. From Rankin came West, Pam Simpson, Mike Farrell; from Sander-son, Jay Jones; and the others were Sofrona O-Dicky, etc.

onal Meet in Lubbock, April 13-14, according to Mrs. June Prentice, director.

Plans Formed for Jr.-Sr. Banquet

Final plans are being made for the Junior-Senior Banquet and prom which will be held March 31 at the Rankin Park Building. The banquet will begin at 7:00 o'clock p.m. with the prom to follow at approximately 8:30. The stage band from Pecos High will provide music for dancing. The prom is for high school students and their dates only. The prophecy, written by Jeanne Smith, concerns the members of the senior class. The seniors have written their class will. These will be read at the banquet. Several sophomore girls and boys will serve.

The juniors began decorating for the occasion on Monday. Mrs. Bert Browning is assisting the class with stage decorations. The theme and decorations will remain a surprise for the special guests.

Guests other than the honored (Continued to Back Page)

Rankin Band Group Wins 1st Division

In the regional University Interscholastic League solo and ensemble contest last Saturday in Odessa, Rankin Band had three entries that won I Division Ratings.

Anita Potter won first in class I Piano Solo and will continue to compete at the State contest to be held in Austin on June 11 and 12.

Sue Kennedy won a first in class II Bass Clarinet solo.

A trumpet trio, in Class II, also won First Division and was composed of Ruth Brummett, Dan Humphreys and James Scarborough.

Qualified voters living within the city limits of Rankin will go to the polls next Tuesday, April 3 and elect a Mayor and one City Councilman to serve two-year terms. Seats up for voting are those of J. B. Pettit, Jr., the Mayor; and Marcus Price, City Councilman. Mike Hughes is the other member of the council.

Polls will open at 8 a.m. at

the city hall and voting will continue until 7 p.m.—including the noon hour. W. O. Adams will be the election judge with Coral Rankin as assistant. Clerks are to be Mary Pierce and Mrs. Bill Medley. As of Tuesday, five absentee ballots had been cast at the city hall. Absentee voting is to close Friday, March 30.

Contesting for the seats, with

names listed as they are to appear on the ballot are:

FOR MAYOR:

J. B. Pettit, Jr. E. B. Bloodworth and Billy A. Brown.

FOR COUNCILMAN:

M. O. Price, R. L. Bell, Eddie Yocham and D. L. Trowbridge.

College Film Showing Scheduled for Tuesday

Dr. Bryan Wildenthal, president of Sul Ross State College, has made arrangements with CBS-TV for area showings of an Armstrong Circle Theatre presentation, "Day of Confusion: The College Admission Story."

The date set for the Rankin program is April 3, 7:30 p.m. in the high school auditorium. Preceding the film presentation, to be handled by Mr. Bill Williams of Sul Ross, there will be a film-strip program by Principal Bill J. Hood on "A Briefing for Parents; Your Child and College."

"Your Child and College" dis-

cusses such questions as "Who Should Go to College?", "Which College?", "How Do Colleges Select Students" and other related topics.

All parents are urged to attend, especially those with children in grades 8-12, and while the material is directed toward the parents, students will also be welcome.

After the filmstrip and film, a question and answer session will be held by Mr. Williams and Mr. Hood to help clarify individual questions concerning college entrance.

Rankin Boosters Will Meet Tuesday

Rankin Booster Club has scheduled a meeting for Tuesday night, April 3 at the elementary school cafeteria. Time is 7:30.

At this meeting new officers for the 1962-63 year are to be elected and other plans made. All the members and anyone else interested are urged to attend.

The Booster Club, organized about two years ago, lends its support to athletic activities of the school and to such other school organizations as the Red Devil Band. Anyone who so desires can join by paying a very small fee on a yearly basis.

\$27,751.03 Subsidy

Paid Upton County Ranchers by ASCS

Soil conservation practices, approved and paid for by the Federal Government through the Agricultural Stabilization and Conservation Service Committee, totaled \$27,751.03 in Upton County for the year 1961, according to the final report by Joe M. Kelly, Jr., local ASCS Office Manager.

The past year's total of assistance given farmers and ranchers is approximately \$12,207 over that for 1960 when the figure was \$15,344 and compares with \$32,975 paid out in 1959 and with \$28,875 in 1958.

Brush control was the big item in the 1961 payment list, with \$25,762.80 paid out for this practice alone, Mr. Kelly said.

A breakdown of past year payments include the following:

- Improved Established Cover, 106 acres on 3 ranches, \$241.16
 - Deferred grazing, 4082 acres on 3 ranches, \$438.88.
 - Control of brush, 21,340.9 acres on 18 ranches, \$25,762.80.
 - Wells for livestock water, one on 1 ranch, \$418.00.
 - Storage tanks for livestock water, 2 on 2 ranches, \$550.00.
 - Pipeline practice, 4520 feet on 1 ranch, \$312.19.
- The report also noted that \$28 was paid out for "small cost-share increases."

Saturday is Deadline For Car Tag Buying

Upton County Tax Assessor-Collector, H. E. "Gene" Eckols, said this week that he has received a notice from the office of The Texas Highway Department that enforcement of the law requiring 1962 licenses to be on all vehicles by April 2 will stand as stated by statutes. The law says that April 1 is the last day on which you can purchase licenses

without having to pay a 20 percent penalty.

This year, April 1 falls on Sunday and the Highway Department has ruled, in effect, that Saturday will be the last day for purchasing tags since offices are not open on Sunday.

Sheriff Eckols also stated that a good many Upton County vehicle owners had not made their 1962 purchases according to his records and that he expected the last day or two of the month to be busy ones in that department. Eckols said that his office in the courthouse would be open all day Saturday for the convenience of those wishing to register their vehicles.

He warned that The Highway Department has notified all patrolmen to "crack down" on anyone not having the new plates on by April 2.

Upton County is rather unique in that there are often more motor vehicles registered within the county than here are poll taxes paid, indicating approximately 1 car to each adult in population.

Clothing Drive

Plans for World Clothing Drive will be held in the schools during the week of 3-4. The school nurse's designated as the contact point for any used clothing contributed by children and adults in the community to be distributed to needy areas of this county.

In the spring of 1961, over 57,000 pounds of clothing were contributed by children and adults in the community to be distributed to needy areas, received by the school nurse.

Parents and adults who have expressed interest in contributing their discarded clothing should contact the school nurse.

Textbook Selections Made

Members of the local textbook committee have completed their selections for the 1962-63 school year. The selections for local schools will be made in September, 1962. The selections for state-approved multiple copies will be made for use in the Rankin Independent School District: Elementary, Grades 4, 5, and 6: "Our Big World"; 5th grade: "The World's Continents"; 6th grade: "Our World Lands."

Vocal Music, Grades 7 and 8: Birchard Music Series, Book 7; Birchard Music Series, Book 8. American History, Grade 8: "Our United States." American Dictionaries, Grades 4-7: Thorndike-Barnhart Beginning Dictionary, Thorndike-Barnhart Junior Dictionary. High School Science: Hogg, Physical Science—A Basic Course. High School American History: Ver Steeg, "The American People." High School World History:

Mazour, "Men and Nations, A World History." Members of the Rankin School textbook committee are: Mrs. Roberta Rogers, 4th grade; Mrs. Theresa Hurn, 5th grade; Mr. Gene Austin, 5th grade; Mrs. Oleta Bloodworth, Junior High; Mrs. Johnnie Ruth Walker, 7th and 8th Grade Reading and Spelling; Mr. Clifford Wilson, 6th grade; Mrs. Ruth Love, Public School Music; Mr. Robert Holden, elementary principal; Mr. (Continued to Page 3)

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

LOWER RATES—

I suppose the city fathers on the council are to be commended for making it possible for us to buy water on summer irrigation rates but I wonder if they know that they have thus knocked in the head one of the prime arguments of husbands for getting out of doing yard work? Here we husbands have been pointing out to wives all the advantages of saving on the water bill by not having that garden spot spaded up or the lawn re-done and here comes the city and lowers the rate and out the window goes that route of escape. Looks like it's back to the shovel and rake for a lot of us.

And, as long as we're going to have to do it anyway, what say we all make a little special effort toward having some good looking yards and trees this season?

At the same time that the lower water rates were announced, the city suggested the possibility of another cut in the city tax rate. A similar cut was put into effect last year. This is, indeed,

The Rankin (Tex.) News— Thursday, March 29, 1962

good news for if anything ever needed reversing, it's the trend toward ever higher and higher taxes. It is true that most of this higher taxation has come from the state and national levels and not from the local governments—but a cut anywhere is welcomed.

And while on the subject, it might be well to point out a few facts about our tax situation in Rankin as related to the city. These figures are all a matter of record and can be checked by anyone who cares to do so.

Rankin has the third lowest city tax rate of any incorporated town in Texas of equal size—and most likely any size since the larger the town, the higher the tax rate. With the present tax rate of .90c, we compare as follows: to McCamey, rate, \$1.75; Crane, rate, \$2.05; and Big Lake, (where a few years back they tried to do away with city taxes), rate, \$1.55.

Rankin has 6 city employees. McCamey has 19, Crane has 24, and Big Lake has 21. Neither Mc-

Camey nor Crane operates—in addition to the water and sewer systems—the gas system as does Rankin. Big Lake does operate their own gas system with their 21 employees.

On the rate for the gas service, Rankin is cheaper than Crane and McCamey and, although the exact rate was not available in the case of Big Lake, it is believed that Rankin residents get their gas cheaper than the Big Lake folks—or as cheap, at least.

With the new summer water rates, Rankin will be below all 3 sister cities in this department—unless they lower their rates.

So when the question arises as to what does Rankin have to offer, it might well be said: it's a cheap place to live—for West Texas.

'TAINT SO—

Following last weeks news cover-

rage of the Rankin Schools and their almost sure bet of getting into the Southern Association, it was brought to my attention that Rankin used to be accredited with the association—some years back.

This is true. Rankinites have always had a great deal of pride in their schools and that's the very reason they stand high today, but accreditation with the Southern Association twenty or more years ago is a far cry from being in that select group today. For one thing, the present accreditation as sought by Rankin will include all three grade levels—the high school, junior high and elementary whereas the old system only included high school—or the last three grades in those days before the 12-grade system.

The other—and important difference—is the fact that in the old system, all a school had to do was pay a membership fee—

it was thought per year—and so today. No one can buy a membership for such schools and other would be willing for they have want all things dited—but the I pay my Press Assn. a member is invited to a beer bust, and equal with the the Ft. Worth if they're still I am treated don't think much about there is some Rankin News gram. (I said Another exact (Continued)

Bill Cook, junior high principal;
Mr. Virgil Dobbs, high school sci-
ence; Mrs. June Prentice, high
school social studies, Mr. Bill
Hood, high school principal; and
Mr. Kenneth Welsch, superinten-
dent.

The State-approved list is pre-
pared by a fifteen-member State
Textbook Committee. State Com-
mittee members are appointed by
the State Board of Education.
This committee and its advisors
review all textbooks offered by
publishers. The 1961 committee
worked in cooperation with ap-
proximately 800 advisers, persons
considered to be authorities in
their fields.

The process of textbook selec-
tion, from request for bids from
interested publishers to the deli-
very of the new book to the
pupil, consumes annually about
15 months, May of one year until
September in the year following.

Interested members of the pub-
lic may also examine the books
at the same time so that in Sep-
tember, twelve months before book
delivery, the Committee meets to
hear all objections to any books
offered for adoption.

In October, the State Textbook
Committee recommends titles of
books from those offered. The
number of titles may not be less
than two nor more than five, a
variation determined by quality
and quantity of books offered.
This Committee then submits its
report to the Commissioner of
Education. The Commissioner may
delete any title from the list, but
he cannot add a new title or titles.
Hearings with interested individ-

uals or groups continue until No-
vember.

In November, the State Board
of Education takes official action
on the list of books recommended
by the Commissioner who is guid-
ed in his actions by the recom-
mendations of the State Text-
book Committee and its advisers.

Local textbook committees may
now adopt one or all of the titles
offered in each subject and new
textbooks will be printed in ac-
cordance with their selections.

FLY CONTROL PROGRAM WELL UNDERWAY

BY W. M. (DUB) DAY
Upton County Agent

Sterile screwworm flies are being airdropped and facilities for producing them are being enlarged in southern Texas, as a Federal-State-Rancher effort to eradicate screwworms from a large area of the Southwestern United States gets under way, the US Department of Agriculture says.

Inspections begun in mid-January have uncovered screwworm infestation in livestock in thirty southern Texas counties. Finding these destructive pests over-wintering farther north than was anticipated has accelerated the pace of eradication efforts. Temporary sterile-fly production facilities at Kerrville are being enlarged and a permanent sterile-fly "factory" is under construction near Mission. Inspection and treatment of animals within and entering the eradication area have been intensified.

Essential for eradication are (1) production and air dispersal of sexually sterile screwworm flies, (2) establishment of a fly-free barrier along the Mexican-Texas

border, (3) prompt treatment and reporting of all suspected screwworm cases, and (4) maintaining a ground inspection line to prevent movement of screwworms on infected livestock into fly-free zones.

Screwworm flies are reared by the millions in an artificial medium and made sexually sterile by radioactive cobalt. They are released by airplane over screwworm infested areas. The sterile male flies mate with native female flies, which then produce eggs that do not hatch. Thus the species is eventually wiped out. In 1958-59, this technique eradicated the screwworm from Florida, where they over-wintered and annually moved northward to infest livestock in the southeastern states.

Air release of sterile flies produced at Kerrville began February 14. Ten million a week are being airdropped in the pest's over-wintering area in southern Texas. Present facilities for rearing and sterilizing flies at Kerrville will be doubled when a new temporary building is completed. Construction began in February.

Buildings at the former Moore Air Force Base near Mission, in the Lower Rio Grande Valley, are being remodeled into a permanent headquarters for the eradication effort. Construction of these facilities has been accelerated, and they are expected to be ready by July 1 to produce 50 to 75 million sterile flies a week.

Florida is making available the state-owned equipment used to produce flies for the successful eradication of screwworms from the Southeast. ARS equipment will also be transferred from the Florida area to Mission and the Florida plant will be closed. Production of flies at Kerrville will be discontinued when the Mission facilities are open.

Agricultural Research Service Animal Inspection and Quarantine activities along the Mexican border have been intensified. Year round inspection is normally carried on there to prevent animals carrying ticks and disease from entering the US. Now, efforts will be intensified to prevent screwworm-infested animals from entering.

Mr. and Mrs. Roy Bell have returned from a weeks vacation in Galveston where they attended the Oddfellow Grand Lodge session and visited relatives in Snyder, Houston and East Texas.

Army Makes Offer To Senior Students

All seniors who may be interested in pre-qualifying for enlistment in the United States Army may now do so without obligation to enlist, and at no expense to the individual.

Pre-qualification is accomplished on Saturday at the US Army Recruiting Main Station, Abilene. By pre-qualifying now, the senior may also have the opportunity to "choose his own job" and obtain a written guarantee on his army schooling, all without being obligated to enlist or at no cost to the individual.

Interested parties should contact S/Sgt. James D. Wilson, local Army Recruiter, at the draft board or Sheriff's office on Thursdays between the hours of 12 noon

and 3 p.m. If unable to contact him in person, call collect to Midland, MUtual 4-7782 or OXFord 4-4542 and an appointment can be made to see Sgt. Wilson in the home of the interested party. All students would depart Midland by bus at 2:45 p.m. on Friday for Abilene; once in Abilene they would receive the mental and physical examination required for entrance into the services. All students would return home on Saturday afternoon.
