

Easter Egg Hunt Planned for Area Children April 21

The hunt is underway to invite Bunny to visit Rankin. Sponsoring his visit will be the Rankin Lions Club and local merchants and business firms with plenty of excitement promised for the small fry of the area. Time will be at 3:00 o'clock on Saturday afternoon with the pre-

school-age children scheduled to hunt eggs on the new school playground west of the elementary building. Six to 12-year-olds will do their searching on "Knobb Hill" across from the high school.

Lion members have stressed that this Easter Egg Hunt is for all the children living in the Rankin School District and not for just those in town. They have issued an invitation for all to be on hand and join in the fun.

Juniors Set 4 District Records in Meet --

Rankin Cops Top Spot In Junior Track Meet

With a promise of things to come in the future, the Rankin Junior High School track team made a shambles of the District Track and Field Meet last week as they won 9 of 12 events, placing in every event except the 100-yard dash and chalking up four new records in events. High point man for the meet was Roy Winters who personally accounted for 21 1/4 points of Rankin's total of 57 1/2 points scored in the meet. Wink was second with 33, Iraan, third with 29 1/4; Van Horn, 4th

with 6; Fabens, 5th with 5 and Sanderson 6th, with no points.

Winters won 4 first places and participated on the winning relay team. This was the maximum number of events one student was allowed to enter.

At the close of the regulation time for purchasing 1962 vehicle licenses at the Upton County office of Tax Assessor-Collector H. E. Eckols on April 1, a total of 3125 vehicles of all types had been registered. Since that date, still more have made purchases with complete totals yet to be tabulated.

A breakdown of the total shows 1900 passenger cars registered, 700 trucks, and 525 trailers, farm trucks, etc.

Last year, a total of 3647 vehicles were registered in Upton County; 1980 being automobiles, 661 trucks and 1006 for all other types. In 1959, 3350 registrations were issued in the county and in 1958, the figure was 2707. The current figure will increase as the year progresses.

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

THAT'S IT—

After some of the hottest campaigning to come along for non-paying jobs in some years, we can all settle down now and concentrate our attention on some of the more lucrative positions that will be up for voting on May 5.

School and City Candidates are chosen and whether your man won or lost is of little consequence now. The main thing is that all were elected by the agreed-upon process of free election and are now representing all of us. These non-paying jobs are tough ones to fill and we should all be willing to abide by the decisions arrived at at the polls and lend our support to those elected.

The only candidate not replaced by the voters was J. B. Pettit as Mayor. Although it's only a guess, I'd venture to say that J. B. is not too shook over the situation—even though he did offer his services for another terms. He has been a member of the City Council since 1953—nine years—and has had a hand in seeing the affairs of the City of Rankin grow from a part-time job in a rented small office to a more or less substantial business located in a city hall which reflects pride in the town—as well as having seen and had part in many other civic improvements such as the street paving.

For this nine years of service to his fellow citizens, J. B. Pettit is due a tip of the bonnet and a word of thanks from us all. He has served his community long and faithfully.

THE BALLOT—

In last week's issue of The News was a sample of the ballot that will be used in the May 5 voting. On the bottom were several propositions—which most of us were not expecting—and which are only a straw-vote thing in that their approval or disapproval will not be binding on anyone. If, for instance, the horse-racing proposition is approved on this ballot, it will not mean that we will have horse racing in Texas. It's

The Rankin (Tex.) News—

just a sampling of opinion of the voters which the legislature may or may not act upon.

So, don't get the idea that you will be putting anything into law when you decide on these propositions. As for the horsey bit, I personally don't care one way or another about the thing but it should be pointed out that the prime argument of those supporting the proposition is that a big chunk of revenue would be paid to the State of Texas thru the legalization of horse racing. This is only half true. A big hunk of money would be paid, yes, but with a budget the size used by the State of Texas, this "hunk" of revenue would amount to approximately only two-tenths of 1 percent of the total budget. Not much of a showing. As stated, I don't particularly care what is done about horse racing since I would not walk across the street

to see one but the record ought to be kept straight on just how much money will go into the till.

Another proposition is whether or not to continue the poll tax. I say do away with it. We're going to be forced into this move

sooner or later by the Federal government so we may as well get along with it. Another reason for getting rid of the poll tax is the fact that Texas and four other states are the only ones still having the requirement—one of them

being Mississippi as I care to know with Mississippi. That state has a few rises. (Continued)

A STATEMENT

TO THE VOTERS Of Upton County

Time has a way of slipping by -- especially one is "politicking" -- and in just a few more days we will go to the polls and make our selection County Judge. It has been my intention throughout the race to see and talk with each of the voters and their views and opinions on this race--as yet--I have seen everyone but if time permits, I shall.

It is my opinion that the County Judge should be the best informed official in the county, especially he should always be in touch with as many of the citizens as he can possibly reach--at all times and before election; that he is the true county-wide representative of the people on the county government and that he ought to make every effort to carry out the wishes of the majority--definitely not those of a small segment or group. Had I not felt that I would be able to serve everyone equally, I would never have made this race.

On May 5 I sincerely hope that you will vote for me for your County Judge, knowing that my earnest intentions, if elected, will be to make the county - wide representative ever to serve as County Judge -- an office that should provide outstanding leadership in any county.

If you have suggestions or questions that you wish to make to me between now and May 5, I would be happy to talk with you and I shall be contacting you as far as possible between now and then, trying to persuade you to

take in athletics. Wink may catch up here.

But for my money we have already won the one that counts—the brainy portion—and the students are to be congratulated as is the school. They still pay off in this joyful and fun-loving old world for those who have the answers from the books—even more so than those who win all the trophies in sports.

I'm for both but if you can't have both, Rankin at least won the blue ribbon entry.

HELLO THERE—

It seems that when our column gets interrupted by a flu bug that it takes us a spell to get back on the beam. But here we are and shall hope to keep up with our weekly stint so long as your newspaper wants to publish it.

One of the objectives set for the year by foods and nutrition groups of the County Program Building Committee is to give information to the general public on weight reduction, food control, fad diets, and other problems. In connection with that work, we hope to include a series of articles on control of weight.

WITH 4-H CLUBS—

Girls in 4-H clubs have been busy the past month working on

foods and on household accessories in preparation for their achievement events to be held in the near future. Big Lake girls will have their show on Friday, April 13, beginning at 3 p.m. in the school cafeteria. Ribbons and awards will be given shortly after 4 o'clock. These girls will enter two products made from master mix, candy, cookies, a favorite food, and three household articles. Ribbons will be given on all products presented.

The Rankin girls will enter the same products at their show on Saturday, May 5. The general public is invited to attend these shows. McCamey girls will plan their show for the near future.

Five junior leaders from the Big Lake 4-H clubs are making a camping trip to the Big Bend this week end. Later in the summer there will be a district camp at Scott Able Camp near Cloudcroft, New Mexico; a Tri County Camp in Rankin; and such other recreational and training activities as the girls plan. In addition they will take part in county and district favorite food shows, and dress revues.

Shannon Darling, Marsha Priffitt of Big Lake and Cheryl Little of Rankin will enter public speaking at the district contests to be held in Odessa on April 28. Gaylene Dobbs and Debbie Day of Rankin will be entering vegetable preparations. Others will be announced later.

THE WEEK AHEAD—

**ARE YOU REALLY KING OF
THE HORSE TRADERS ?**

In the not-so-long-ago past, there were men who went from place to place "trading horses". It was an honorable profession and was always played as a sort of a game—to see who could make the best trade. The horse-trader always won—as the victim found out after the trade was long-gone.

We still have horse traders. They drive autos now or offer "wholesale bargains", and they are still getting the best end of most trades. It pays you to trade with someone you know—someone you can "get your hands on" if the sale is misrepresented. **IT PAYS TO TRADE AT HOME!**

PERFECT GAME SHOT IN CRANE, TEX.

Sunday was a great day for Cecil Caddell. After having 5 disappointments in which he shot 299, finally he came through with the bowlers dream — "300". In the last three years Cecil has come as close as a 299 but, always hung either a 10 or a 7 pin. This time experience and a cool head paid off in big success.

Asked his feelings during and after the famous game, Cecil said, "I wasn't paying any attention until the 10th frame. I have shot 10 in a row before and always I would hang either a 10 or 7 pin. I just knew I would do the same thing here. Then 11 smashed

like a freight train and as I shot thirteen I called it a 10 and 7 pins some choice names, just in case I should stand, because I of course threw a strike and it happened just as if there were nothing at all there."

Added it was so easy I thought I would just throw it to make sure. Sure enough it was good too. 14 pins!

813 Series—1st Game 246; 2nd Game 300; 3rd Game 267!

Crane Lanes in Crane, Texas has been in operation for 1/2 years. This is the first "300" game to ever be bowled here.

Recently Crane Lanes changed hands and there have been some few changes made. The owner states that in the future a complete face lifting will take place there. New rules, Cecil protests, score projection, etc.

at Crane, Texas, and Crane Lanes extend hearty congratulations to Cecil Caddell introducing the perfect game at Crane Lanes and invite all to take a shot at the 4th lane and person who make Crane, Texas a better place. They support a bowling alley. (adv.)

**RUTHERFORD HITS BACK
AT PUBLISHED REPORT**

ED. The following is the complete text of a statement received last week from Congressman J. T. Rutherford, which time no space permitted publishing in full at that date.

"The Odessa newspaper, which has a record of opposing me for public office, has made insinuations necessitating my making a declaration of facts as to recent developments and attendant rumors stemming from the unfortunate situation involving Mr. Billie Sol Estes of Pecos.

"This statement is not intended as a reflection against Mr. Estes, nor should it be construed as any indication of his guilt in connection with recently-filed charges. I simply do not know enough of the facts, or about his business, to render such judgment. I hold with the traditional American concept that a man is innocent until proven otherwise by due judicial procedures.

"I would not for the world grieve Mr. Estes, his fine family or friends at a time when they live with personal heart-ache. But due to the intentionally-distorted report of my comments to an Odessa newspaper reporter—who telephoned me under a fictitious name—I feel compelled to make a statement representing the true facts.

"I am not now, nor have I ever been, a stockholder, investor, partner to any degree, or interested in any way—directly or indirectly—in Mr. Estes' various enterprises. While I have known of him for a number of years and knew him casually for a lesser period, I did not actually become personally acquainted with him until within the last year. I have since enjoyed a friendly association with him and found him to be gentlemanly and honorable in his contacts with me. I have made appointments for Mr. Estes and his associates with various officials here in Washington, just as I have for many other West Texans seeking the services of my offices.

"Mr. Estes has visited my office some four or five times, and I have been his guests at two public dinners in Washington. Last fall, during a day-long visit to Pecos, Mrs. Rutherford and I were extended the use of his guest house for the purpose of changing clothes and for a brief rest. Both Mr. and Mrs. Estes were out of the city at the time.

"The first, and only major, request Mr. Estes made of me was to ask that I write State Department officials in behalf of getting missionaries, from the church denomination to which he belongs, recognized in a foreign country. I did this, and afterwards Mr. Estes wrote a personal letter to many of his church friends in which he recognized my efforts in promoting full religious freedom.

"On the few occasions that I have been around Mr. Estes and

his lovely wife, I found them to be friendly, warm people and their conduct was at all times proper. He has never made an improper request, or any request that would border on the improper, of me.

"At times like this, rumors run rampant, charges are made, gossip thrives and whisper campaigns are born. These tactics serve no useful purpose, however, and the record is easily checked.

"I always regret to see any human in personal distress. To my mind, nothing is lower than those persons who will prey on such human misfortune for political gain. Persons guilty of such conduct should be recognized for

what they are: political scavengers.

"I hope the family and the community involved will have the understanding of decent-minded West Texans, who, I feel certain, represent the vast majority.
