RANKIN, UPTON COUNTY, TEXAS

THURSDAY, JULY 5, 1962

nning of the "Little Monaco" --

Rankin Draws Bye in First Round Play --

Mile Go-Kart Race e Held August 19

19, Rankin Go-Kart ep out into the big hey stage what they the first of a long ly International Gohere. It is billed as Monaco". The world-aro Races are run in ingloom of Monaco, renouned Grace Kel-Rankin races are to after this event.

e grind has been laid is described as the nging course in the Go-Karters and will risting, turning, hilly ing roughly from the north to 12th Street, Court, north again on 4th, east to Holmes up 10th to the courts will be required to me 55 laps of this out. Pit areas will be he rear parking area thouse and a number iews will be available

se will open at 12:45 e 19th with races to

on From Lower Grades --

start at 3:00 p.m. Sponsoring the first annual running will be the Merchan'ts Development Association, the Exemplar Chapter of Beta Sigma Phi and the Poor Boys Kart Club, as the Rankin group is known.

This week, posters and advertisements of the race were being prepaired for mailing to a large area of the country. This being their first staging of the event, the local club had little information to use on which to base an estimate of the number of entries that may be on hand but they are preparing for a large group.

Prior to the selection of the course, the Kart Association had gone from door-to-door and secured the consent of citizens living along the route to hold the race. All were said to be agreeable to the idea.

YES, INDEED-

If it's a small world, why does it cost so much to run it?

LL All-Stars Selected; Playoffs Start on July 19

Action in Little League Baseball All-Star play-offs will get underway throughout the nation on Thursday, July 19. Officials of the Rankin organization met with similar groups from the various areas last week to work out the details of play.

Area III, composed of Rankin, Midkiff and Big Lake will start their action in Big Lake on the 19th when the Reagan County All-Star try the Midkiff All-Stars. Rankin drew a bye for the first round and will meet the winner of the Midkiff-Big Lake match on Sautrday, July 21. Both these games are to be played in Big Lake. Should Rankin emerge the winner of Area III, they will host the winner of Area IV here on July 26. McCamey, Pecos and Crane make up Area IV.

On the 27th, the winner from these two areas takes on the winner from Areas I and II, composed of San Angelo, with four teams in Area I, and Ozona and Sonora in Area II.

All-Star players have already

been selected from Rankin's four teams and have set up a work-out schedule. Names of the All-Stars will be announced Thursday night at Little League and will be carried in next week's News. Some players were yet to be contacted to see whether or not they would be available for play.

STANDINGS CHANGE-

Standings in the Rankin Little League saw the front-running Cardinals, leaders of the pack throughout play thus far, dropped to second place and the Giants and Yankees move out for a first-place tie with five-won and 3-lost records. The Cards now stand at 4-won, 5-lost while the Dodgers are in last place with a 2-6 record.

The Rankin Little Rascals lost another tilt to Midkiff last Monday night but put up a stiff fight as they were topped 18-15.

They will play Midkiff here on next Monday night, July 9.

Progress Moves Slowly In Rankin-But It Moves

Rankinites may be somewhat slow in developing their projects but they are presistant.

Last Monday afternoon, a group of Scout fathers and interested parties gathered at the Rankin Boy Scout hut to apply a coat of paint to the outside of the building. They didn't quite finish before it was time to turn their attention to the Little League baseball games just across the road, but they managed to get on a good bit of paint—white—and to improve the looks of the Scout Hut considerably.

This projects was started about six years ago by members of the Rankin Lions Club, sponsorers of Rankin Boy Scout Troop 56. A little at a time, the work has been carried on by Lions, socut parents, the Boy Scouts themselves and just plain individuals who wanted to lend a hand with the result that the Scouts now have two building, a nice site and a program for continued improvements.

It may take another six years to finish the job but the work does go on—all for the improvement of Scouting and of Rankin.

In a much similar ssituation—but not quite as long in the process—is the Girl Scout Hut where work is presently at pretty much of a standstill. But, no doubt, at some future date, this, too, will be resumed and completed by some interested group or individual.

Perhaps the granddaddy of them all for length of time in the making has been the golf course which was started some 11 years ago in a brush pile with sand greens and no improvements. By the middle of this month, the club plans to start play on nine grass greens. They have their club house and all equipment cleared with the exception of a small balance on a recently purchased tractor, and are financially solvent.

Progress comes in Rankin—it's just slow sometimes.

AREA COWHANDS TO OZONA RODEO

The Ozona Lions Club will hold its fifth annual Junior Rodeo in Ozona July 12, 13, and 14 with this years show promising to be the biggest one yet staged.

A parade Thursday, July 12, featuring the 539th Air Force Band from Randolph Field in San Antonio will open the three-day performance.

A barbecue in the city park in Ozona will be held prior to the Thursday night performance and following all three night shows a dance will be held near the Fair Grounds arena.

The Ozona rodeo has proven to be a very popular one due to the top-grade contestants and the able way the show has been run, avoiding long drawn out sessions and allowing visiting fans time to get home at a reasonable hour.

The 1961 rodeo drew entries from all around Ozona and all over West Texas and this year's entry list already shows a number of contestants from Rankin, Eldorado, Sonora, Rock Springs,

aching of Citizenship essed in Rankin High

following is part of a articles, compiled by kin Schools, pointing methods for the teachedizenship and patriotelocal system. A premmentary covered the y grade levels.

of the varied schedule ents in the high school, is will not be exposed to teachings or type of a American Citizenship in the lower grades, there are certain subwhich give the studasic concepts in America.

American citizenship, special unrelated subas an integral part of of study. To graduate tin High School, each list complete 2½ units in the social studies, and the majority of our students complete three units.

The incidents of the past as taught in history courses have a meatning only as they are related to today's society and the part and obligation that each citizen has. Current events are discussed in the aspect that such events are usually the result of the actions of the individual citizen, such as his voting or perhaps his not voting.

Basic elements of the life of the students are delt with from the standpoint of individual responsibility. With the personal identification with local and national problems, it is hoped that the student will develop a feeling of responsibility toward shaping these outcomes in the future.

Heroism is a topic which lends itself to the study of citizenship. Discussing the heroes of the past

as compared to the Powers, Glenns, and Batchelors of our eraprovokes much thought on this

The study of American literature provides many examples of how individuals caused existing governments to make social, economic, and political improvements. A review of contemporary literature, such as the "Ugly American", enlightens students of today's problems and how we as individuals might bring about a change

The interest in the sciences is used to stimulate national pride and obligation in the thinking of the students. They are made constantly aware of the need of awareness of happenings ch a national level in the field of endeavor. Mathematics does somewhat the same as science with a pointing with pride to our na-

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

The Rankin (Tex.) News— Thursday, July 5, 1962

AMAZED-

In his weekly letter Congressman J. T. Rutherford says that he "confesses to feeling a great deal of disturbance over the 6 to 1 ruling of the Supreme Court that the saying of pertain prayers in the public schools is unconstitutional." He further says that he cannot, and does not, agree with that decision.

Well, if this is the first decision of the Supreme Court that upsets the Congressman, then he's a little behind his people out in West Texas. I'd say that a majority of the decisions handed down in recent years by this select group has given most of us a "feeling of a great deal of disturbance."

The question on which the court ruled does not disturbe me too much in itself for out here in West Texas we still feel free enough to get along reasonably well without paying too much attention to rulings of the Supreme Court. The thing that bothers me more is the fact that this is just one more twist on the headlock gradually being applied to the American people that will eventually force us to turn to the Federal Government in all things. In this particular case on which the ruling was handed down, the New York School involved had it specifically understood that no one had to attend the saying of the prayers if they did not want to. It was a thoroughly voluntary thing. Yet, the court said that it was forcing religion on students.

How silly can grown men get?
But all things have their good
points and so will this. When we
go off someplace to play football
and they have a minister pray before the game, we can take the
thing to the Supreme Court and
get the whole game throwed out—
if we lose, that is.

It will be interesting to see just how many school will abide by this ruling, for if it's illegal to pray in the classrooms, then it's illegal to pray at ball games .etc.

On the other hand, I guess that would only apply to state operated schools. In other words, such col-

leges as Baylor, SMU and TCU can go right on with their praying while state schools such as Texas University and Texas Teah will have to knock it off.

Ain't it wonderful to have real brains guiding the destiny of the land?

SUDDEN THOUGHT-

The Kennedys—Jack and Jackie—have completed a trip to Mexico and it's reported that huge masses of cheering people were on hand to greet them. I wonder how many and how much cheering there would have been for the Kennedies if they had visited—say Dallas, Tulsa, Los Angeles or Birmingham?

One thing about the Mexicans, they may be a backward country compared to the United States but nobody has ever accused them of being foolish. If I had a big Uncle who was foolish enough to hand out money he had to borrow, I'd ring a few bells when he visited in my house, too. Just think what Mexico has to look forward to. With the aid of American dollars, they will soon become a progressive country-according to those who make up the hand-out plans, and then they can join us in trying to support the rest of the

A HOLIDAY?-

And while I'm in the cleaning up mood, would you care to join me in trying to get our hands on the dude who put a holiday on the calender right smack in the middle of the week? That's just like washing your feet with dirty socks on. If some fellow would invent a calender with all the hodidays at the end of the week, he could get rich—or better yet, just have them all in a row and we'd

all get a week off once a year.

Comes Thursday, it's sure going to seem like Monday and two Mondays in one week is asking a lot of anybody.

THE SCOOP-

(Continued from Page 2)

But there a nice thing about trying to put out a newspaper on holidays-you don't have enough business to make the work very

THE KART RACES-

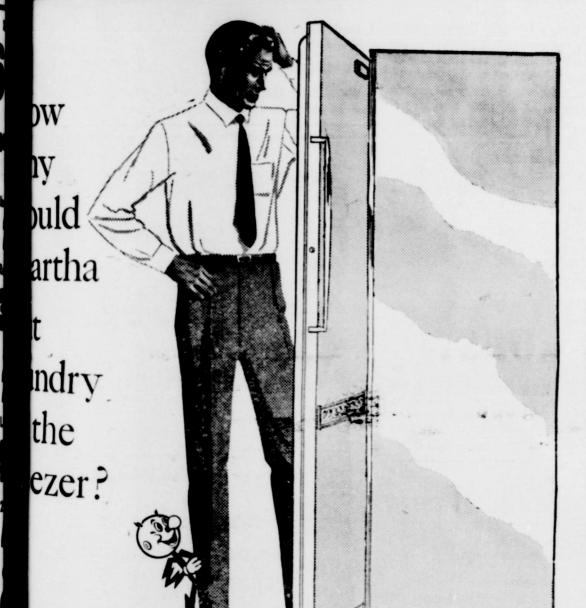

While I'm not what you would class as an afectinado when it comes to Go-Kart races, I would like to tip my cap to the Poor Boys Kart Club of Rankin for their efforts to establish a really big cart race here once a year. Their idea to hold a "Little Monaco" is most original and from what little I know about racing of any kind, the selected lay-out

in Rankin is a miniature scale of the real thing over in Grace Kelley's Monaco. It should be a real sporty course and with proper advertising and promotion, the race could be quite an annual event for Rankin.

It's also encouraging to see the support of the Exemplars and the MDA on this, as well as that of the people living along the selected route. That's good cooperation on anything-whether it be Go-Karting or what have you and who knows what may come of it.

Of late there has been a bit of yammering about car racing-and go-karts in particular with the main point of objection being that they are dangerous and that they tend to teach youngsters to drive reckless. It would seem to me that that's purely a matter of opinion and that if there are those who enjoy racing, let 'em race.

You can get your neck broken riding a bull or a bucking horse, or playing football or baseball so if racing has a few crack-ups, it's not much different from any of the other sports in that respect. As for teaching youngsters to drive recklessly, you can see a good bit of that right here in Rankin, by kids who were never on a go-kart.

Flameless electric living is a way of life, nowadays.

Sometimes this wonderful way of life in the world of women brings about strange sights - sights that are incomprehensible to the mere man. Often, a man sees things more marvelous, even, than laundry in the freezer.

That's because Martha . . . and all the Marthas served by West Texas Utilities Company...knows better than anyone (even us) the many ways to live better, electrically.

> All right, Mister why does she put laundry in the freezer? Ask the inventor; she will also show you other

ways her family uses

flameless electricity for a better life.

This ad was suggested by Mrs. Russell E. Womack, Commercial and Public Service Division, Abilene, Texas

West Texas Utilities Company an investor owned company

Former Librarian To Meminole Position

Mrs. Janelle Moore, former librian in Rankin High School, will be employed for the coming school term as junior high librarian in the Seminole, Texas school system.

Mrs. Moore served as librarian

in Rankin schools for seven years. She is the daughter of Mr. and Mrs. J. W. Kennedy formerly of Rankin, now living in Seminole.

He had a good job but his wife complained because his average income was around midnight.

The man who stands on his own two feet is always admired in an elevator.

WE SALUTE --

The Little League All-Stars

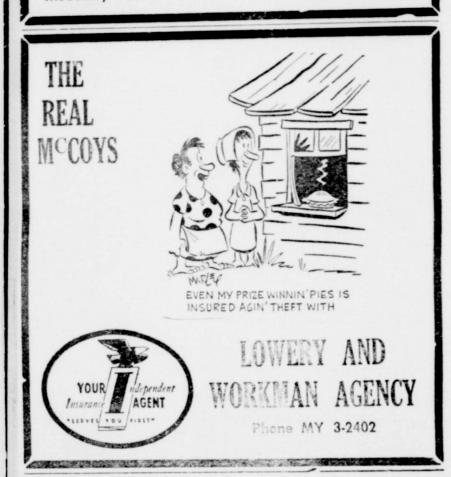

Many good boys take part in Little League Baseball and they can't all make the All-Star Team. The All-Stars are representatives for all the players who make up Little League and must be prepared to give a good account of themselves and their teammates who helped make Little League the success that it is.

FOOD CHOW-

Marsha and Diane Proffitt of Big Lake; Cheryl Little of Rankin and Deborah Harless of Mc-Camey represented Reagan and Upton counties in the district Favorite Food Show held in Kermit last week.

Diane as one of twelve in the senior group came out with a 2nd place red ribbon and Deborah, Cheryl, and Marsha as part of 22 juniors each made the blue ribbon class.

The girls plan a meiu for the day, prepare one of the foods, set the table for their menu, and then be able to answer some 20 questions on food values, preparation, and service. They also enter a record of all their work, the record book accounting for half of the total score.

Congratulations girls. When a girl has prepared for one of these shows, she has some real knowledge of food nutrients and of table service.

PROSPECTING IN SCREMENTOES—

That's the theme of the district boys and girls 4-H leadership camp to be held at the Scott Able Camp near Cloudcroft, New Mexico beginning Tuesday of next week. Divided into work groups named Picks, Shovels, Pans and Mules, the group will work on safety, leadership, records, ceremonials, and other activities under such titles

Mr. and Mrs. Ed Cunningham and children, Mary Lou and Freddie, left last week for a camping trip to Coludocroft, New Mexico.

RANKIN MASONIC LODGE

NO. 1251

Stated Meeting Nights 2nd and 4th Thursdays

7:30 P. M.

It happened IOO YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . the same year that

IN TEXAS . . a new governor, Francis Richard Lubbock, guided a bankrupt state through that bitter Civil War year. Cotton, exported through Mexico, brought desperately needed foreign gold. Homefront industries were established. Comforts were few, but morale stayed high . . and there was good

Texas beer, enjoyed then as now. For then, as now, beer was the traditional beverage of moderation - light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes

with every glass. TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served
