Councilman, Three for School Board

School, City To Call Elections For April

The Rankin School Board and City Council are expected to call elections for the School Board and The City of Rankin shortly.

Elections are held on the first Tuesday in April, that date being the first Saturday in April, that date being the first Tuesday in April.

Ballots are usually 30 days before the election date—thus the date would be March 2 and the election in the City of Rankin would be held by Mike Hughes.

For two-year terms.

Bloodworth, mayor, and Price, the other councilman will come up for voting in the school, the seat vacated by W. O. Adams when he was elected as business manager will be filled and terms expiring for members of the board are McGil and Ed Edgar.

Board members are elected for three-year terms.

Anyone wishing to seek election

to either of these bodies should contact Vacie Grimm, city secretary, for the city council posts and W. O. Adams, business manager for the schools.

March of Dimes Drive Underway for This Area

Plans for the March of Dimes Drive for the Rankin and Midkiff area were announced this week by Zollie Mae Rawlins, the local chairman. A similar drive is now underway in McCamey.

Ed Edgar has been named activities chairman and Raymond Roycroft, finance chairman. Mrs. O. R. Adams is in charge of the counter containers, Mrs. Claude

RHS Teacher Gets Credit for Student's Science Successes

A rather unique compliment has been given Mr. Vergil Dobbs, high school science teacher for Rankin.

According to information from the Science Clubs of America, Washington, D. C., a former Rankin student, James Tippett, has been named one of the Honors Group in the Twenty-second Annual Science Talent Search for the Westinghouse Science Scholarships and Awards.

In a letter to the local school, Dobbs was informed that Tippett had named his former teacher "as the one person who has been most influential in the development of my career."

Tippett, son of Mr. and Mrs. J. M. Tippett, now of Plains, Texas, attended the Rankin Schools from his third grade through his sophomore year in high school. During this time, he was an outstanding student and was ranked first within his class at the time of his withdrawal.

Tippett was not only interested in science during his Rankin school days but also competed in the speaking contests of the Interscholastic League. He was the regional winner in extemporaneous speaking in 1960 and in 1961, placing third in the State meet in 1960. He was also a member of the one-act play cast which won the State meet in 1961. He won the Regional meet in the Science contest in 1961 and won State in 1962 while representing Plains.

In addition to Mr. Dobbs' recognition from former students, he is highly respected by his professional colleagues. He served last year as assistant director of the Area Science Fair in Odessa, and by virtue of that position he was sent to the Seattle World's Fair with the area winners. He is the director of the Area Science Fair this year as well as of the local Fair.

Sheffield, the school children's drive, and Mrs. Jerry Landon, in charge of camp collection in the Midkiff area.

In charge of distribution of the posters has been the Girl Scouts of Troop 2-A.

Several nice contributions have already been pledged to the drive, one from the Rankin Duplicate Bridge Club and one from the employees of the Phillips Plant.

Anyone wishing to make their contribution direct can do so by mailing it to Raymond Roycroft at Post Office Box 331 in Rankin.

Edgar has stated that the Girl Scouts and Brownies will sell crutches downtown on Saturday, February 16 and that the Boy Scouts will make the Mothers' March on Tuesday, February 19. This will be a door to door drive and the Scouts, from Troop 56, will leave an envelope for those who are not at home. The public has been cautioned to be sure that they make contribu-

tions in this drive to Boy Scouts only. The Scouts will be wearing all or part of their uniforms on them.

Further plans for the drive are to be announced at a later date.

Mrs. Rawlins, in her third year as chairman of the local drive, has stated that this will be her last year to serve in this capacity.

"I want to express my thanks and appreciation to the people of the community for the splendid cooperation they have given me over the past three years. Everyone has been most helpful and willing to serve on the various committees and this has made my job much easier," Mrs. Rawlins said.

Cub Blue and Gold Banquet Feb. 13th

Rankin Cub Scout Pack has scheduled their annual Blue and Gold Banquet for Wednesday, February 13. Time will be at 6 p.m. in the elementary cafeteria. Speaker for the meeting will be County Judge Allen Moore. Robert Holden is Cubmaster for the Pack.

ALL HAWKS WITH A FUTURE

FUTURE STARS for Rankin pass the ball around in a half-time warm up in the Rankin gym. Players are in the sixth grade rooms of Mrs. Millspaugh and Zollie Rawlins.

Youthful basketballers have been staging half-time exhibition local games and have become popular attractions. With their demanding more of the sixth graders plan to make their half-time shows.

In this particular instance, the team from Mrs. Millspaugh's home room won the game—an incident that should provide the fans with some spirited competition when next the two teams take the court at half-time.

THE JUDGE—

Last week a "Report to the People" was made in both The Rankin News and The McCamey News by County Judge Allen Moore. It created a good bit of comment.

Now this is not to say that those who have been on the job in the county prior to the appearance on the scene of Judge Moore were lax in their duties nor that they tried to hide anything from the citizenry. They did not. But with the coming of Moore and his reports, I feel that we will all benefit. It's good to look at the county government. We need to see the good along with the bad. Moore happens to be the type person who will go to considerable lengths to keep the public informed. Previously, it has been more or less left up to the newspapers to do their own finding out and then put these findings before the public.

A word of appreciation is due the new judge.

Not that I agree with him on all cases however. This matter of combining the hospitals again in one unit, which he has sug-

gested as a means of saving the county money, doesn't jive with me and a lot of other folk.

For one thing, more people are using the hospital—here in Rankin at least—under its present set-up. And another is the fact that both towns seem to want to have their hospitals operated by their own local boards. As for saving on expenditures, it looks like the judge has accomplished one good point—he has brought the situation to the attention of the public and the hospitals have said that they believe they can cut down on the expense figure. In fact, Rankin hospital has a tentative goal of operating some \$10,000 less than last year.

That's an effort in the right direction and one on which all will agree.

It should be remembered also that hospitals are not the only place where the county is going in the hole. A number of other funds were overdrawn last year. Savings made at the hospitals in the coming year should not be

used to pull these other funds out of the red. If savings can be made in hospital operations, then it would seem reasonable that they can be made in other departments.

If we're going to continue the search for places to save money, it would seem to me that we need to move on to other fields. The hospitals have been hashed a.

THE SCOOP—

(Continued from Page 2)

round enough.

Those of us who know Judge Moore will be looking forward to other developments in the months ahead for he's never one to let things get into a rut. He and I will disagree along the way but I shall always admire his method of taking the bull by the horns and letting the chips fall where they may.

HARD TIMES?—

Between the Kennedy corporation now running the show in Washington and the high cost of feeding the family cat, one very often hears people complaining that hard times are upon us.

What they should do is get down to Speed's Cafe some morning about daylight and listen to Skinny Taylor, Shank Bloxom, Walton Poage and a few assorted sports spend money. It's a daily happening and while one is drinking his morning coffee and reading the paper, these boys run through at least \$250,000.

It makes one feel good to know that lots of money is floating around and he can leave for work knowing that sooner or later part of this loot will fall his way.

There's just one thing that bothers me about all this however. The other morning, as I went out the door, I overheard this congregation doing a goodly amount of debating about who was going to pick up the 30-cent check for the coffee.

I guess most of their ready cash is tied up in stocks and bonds.

ABOUT THAT TIME—

For anyone thinking of making the race for either the school board or the city council, the time is at hand when action

should be taken.

Both the school board and the city council will be calling their respective elections any day now and the deadlines for filing will be less than a month away.

Anyone interested in a good—non-paying job—ought to look into these jobs. If you're elected, you can expect lots of complaints and sometimes even a little thanks.

These are the only offices in which you can seek election and not have to pay a filing fee or an announcement charge to get your name in the paper.

Now there's a bargain any way you look at it.

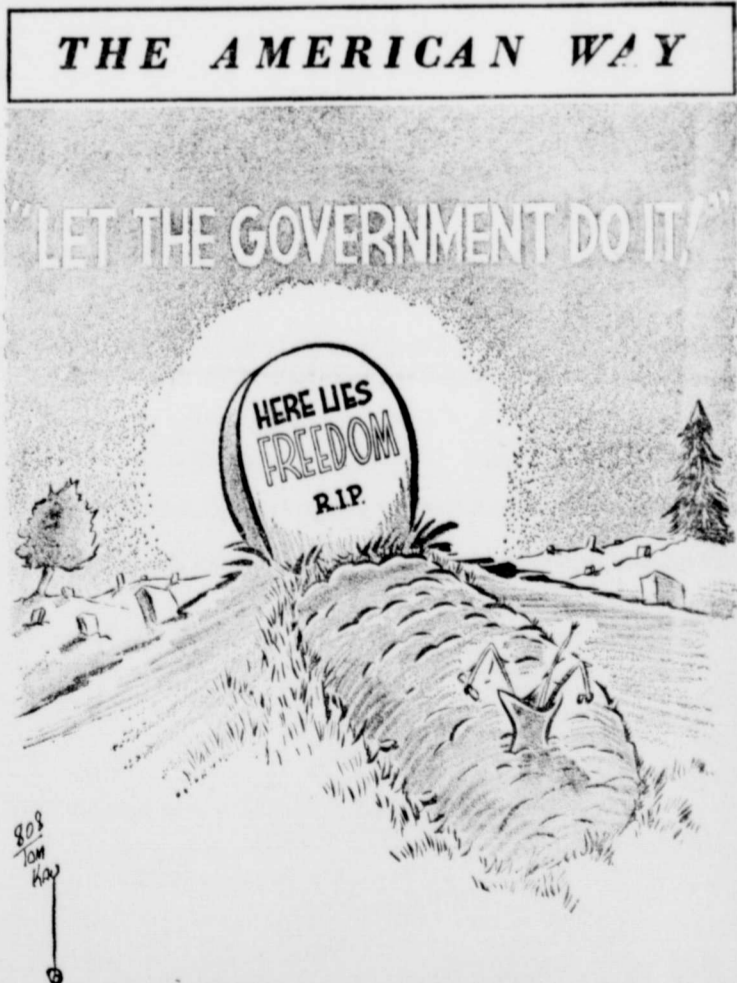

**Sales Course Termed
Successful in Rankin**

"Dynamics of Selling", a sales course from the extension service of the University of Texas, was conducted by Francis Flynn on January 28, 29, 30 and 31 in Rankin.

Participating salespeople were: J. T. Weaver with Western Co., Leon Houchins with Lowery and Workman Insurance, P. V. Brown with B. J. Service, Mrs. Alto West with L. Porter Johnson's, Mrs. Ethel Wells with L. Porter Johnson's, Mrs. Ruth Johnson with West Texas Utilities, E. O. Hyde of Hyde's Texaco Service, Mrs. Myrle Brown with Credit Bureau, Mrs. E. Guy Branch with Merle Norman Cosmetics, Mrs. Ross Wheeler with Wheeler's Mobil Service, Mrs. Edith James from the First State Bank and Mrs. Sybil Browning with Elliott and Waldron Title and Guaranty Co.

Supporting the program but unable to attend were E. B. Bloodworth, Mayor of Rankin, and Dunn Lowery, president of the First State Bank.

Certificates for having completed four such courses will go to Leon Houchins, Mrs. Ruth Johnson and Mrs. Myrle Brown.

The Fatal Consequence

Upton Club Scores In Year's First Big Show

The Upton County 4-H Club attended the Fort Worth Fair Stock Show, February 1, and came away with top wins in two out of three classes.

Glenda and Gary Huffaker of McCamey had the Champion in the Southdown Class of the show. Glenda showed the lamb from the Walton Herd flock to win first place in the Junior Southdown Class, and later competed with the winner of the Open Class for Southdown Champion.

Vickie Helmers, Grinn, had the Champion Medium Wool Lamb of the show after winning first with the lamb, a Hampshire, in the Junior Medium Wool Class.

The club also won Champion Medium Wool Group with their pen of 15 Southdowns.

A cash award of \$25.00 and 2

awards of \$25.00 each from the Swift and Armour Meat Companies will be given to the club.

The club entered 30 lambs in the Junior Show and placed 26 of the 30. They will receive over \$200 in prize money.

In addition, the two champion lambs each brought \$400 in the sale that followed the show. Other placings brought lesser amounts.

Tommy Johnson, eight-year-old, was too young to show in the Junior Show. He had four lambs entered in the open show. Tommy, who had Champion Fine Wool in the Upton County Show placed Southdowns 4th and 7th and fine wools 14th and 15th.

In the Junior Show, the following placed lambs:

Finewool Class: Vickie Helmers, 1; Gary Huffaker, 2; and Sunny Selby, 14.

Crossbred Class: Mike Wainey, 1; James Rutledge, 12; Vickie Helmers and Glenda and Gary Huffaker.

Medium Wool (Hampshire) Class: Vickie Helmers, 1; Diana Day, 2; and Mike Wainey, 41.

Southdown Class: Glenda and Gary Huffaker, 1; Vickie Helmers, 2; Diana Day, 3; 11; Annette Herrington, 14; Dan Humphries, 15; Dora Trowbridge, 17; Charles Wainey, 17; Dora Trowbridge, 18; Frank Herrington, 19; Katie and Rusty Garner and Diana Day.

The 4-H Club also has lambs entered in the El Paso and San Antonio Shows this week and several of the Upton County boys will be in the calf scramble at the San Antonio Rodeo.

We read the other day that more than 1,000 elephants are required each year to make our plastic bags. Isn't it wonderful what those huge beasts can be trained to do!

ALL

BIG

THINGS

DON'T HAPPEN IN BIG CITIES

Proof cities of small and medium size are scattered throughout the West Texas Utilities service area, plus some small towns and villages.

But collectively they compose the vital and fast-growing Center of the Southwest, where major business and industrial development is taking place.

For example: a nationally-known packing company has established a lamb processing plant here . . . an existing manufacturer has developed machinery for a new process which is the hit of the footwear industry . . . one of America's great business complexes has constructed a major textile-producing factory . . . a wool scouring plant has been built and expanded . . . a leading surgical supply company will soon start plant construction . . . and dozens of other operations are bursting out all over the area.

Yes, it is very true. All BIG things don't happen in the big cities. Our service area faces GROWTH UNLIMITED, and our own expansion plans are geared to measure and meet the electric service needs of this dynamic area, the CENTER OF THE SOUTHWEST.

TELEPHONE TALK

by Harold Johnson, Manager

AND NOW IT'S 1963

Do you ever get the feeling the years are going by faster than they used to? Seems as if I'd hardly become acquainted with 1962 when 1963 came barging in.

Personally, I'll miss 1962. It was a good year, but I know I'll get to know 1963 and like it just as well. A new pair of shoes, like a new pair of shoes, takes some getting used to.

LOOKING BACK

In the telephone business, there's not much time for looking back. There's too much ahead.

Still, I'd like to tell you a few highlights of 1962 as I saw them from my job with Southwestern Bell.

The most spectacular telephone news in 1962 was—you guessed it—Telstar, the world's first active communications satellite. If ever there was a doubt about which nation leads the way in modern communications — Telstar settled the issue in a bang.

Not all telephone progress in 1962 was as dramatic. Many unobtrusive—but vitally important—advances were made in helping you with better service.

For example, we worked hard on stormproofing the long distance network by placing more telephone cables underground and using more microwave radio relay. This helps us beat the weather by providing insurance against breaks, leaks and other malfunctions.

Another project was our cable "pressurization" program. Dry air is pumped through telephone cables and helps keep moisture out. If a cable develops a leak, the reduced pressure helps locate the trouble and fix it—usually before it affects your service.

Another big improvement in 1962 was the addition of many voice amplifiers to our telephone lines. These "voice boosters" put new pep in your phone. Whether you telephone across the state, or across the nation, your voice comes through clear and strong.

ONE LAST THOUGHT . . .

Our never-ending goal is to improve your telephone service and make it more valuable to you. And a happy 1963 to you and all of us at Southwestern Bell!

Call by number. It's twice as fast.
