Serving the Interests of Rankin and Upton County

XXXVII—NUMBER 40

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, OCTOBER 3, 1963

**BROOM SALE** was indicated last Thursday when the Lions Club staged their annual Broom Sale and refreshments, all made by Texas blind. The Lions reported a sale about equal to previous years.

"Our Guests", say Owners --

## Rankin Drug Schedules Annual Opening Sat.

Rankin Drug will stage their annual opening Saturday, October 5. The Rankin Drug will have free coffee, balloons and gum, all day. Managers have announced they have also expanded the drug; adding a King's candies for all and many new fall items are now also serving steaks, steak-finger baskets, fries, and homemade pies. They will shortly add home-made stew to their menu.

"Come on in Saturday and let us serve you free coffee, and be sure to bring the kids for their balloons and gum," the new owners, Mr. and Mrs. Leslie McFadden have said.

### Red Cross First Aid Course Set in Future

Rankin Volunteer Fire Department has scheduled a Red Cross approved First Aid Course for Rankin in the very near future. Instructor will be Mr. Glenn Crites of McCamey. There is no charge and those attending will be required only to purchase a 75-cent first-aid handbook. Registrations for the course are (Continued to Back Page)

### Varsity Eleven Has Open Date --

## Plenty of Action Slated For Rankin Ball Clubs

The Rankin Red Devils will have an open date this Friday following their second loss of the season, a 19-28 tilt in Alpine last Friday night. Rankin led the contest at halftime by a 13-6 mark but were unable to contain the Bucks in the last two stanzas.

### What's This--Don't You Like Money?

What's a matter? Don't feel like it's your lucky day? Well it just might be. There is money awaiting some lucky winners in the MDA Jackpot awards, a total of \$50.00, in fact. And there are some 10 store prizes being offered.

If you are one of those who has not yet checked his number in last week's News, you should do so. Those numbers were all distributed and someone has the winners. It could well be yours. Better check them.

### Appointment Made To Hospital Board

Among recent business carried out by the Upton County Commissioners' Court has been the appointment of Mr. Leslie McFadden as a member of the Rankin Hospital Board. He replaces A. E. Ivy who resigned September 1 when he moved to Ft. Stockton.

McFadden, owner of the Rankin Drug, works for the Ranchers' Wool and Mohair Assn.

On October 11, the Red Devils go to McCamey, then on October 18, open district play with their homecoming game against the Eldorado Eagles.

The fact that there is an open date on Friday does not leave Rankin football fans without action, however.

On Thursday, October 3, there will be staged here what may be a record of sorts when the Rankin Junior High and "B" teams host the McCamey Badgers' juniors and "B" squad. This affair will be a tripple-header.

Starting off the action at approximately 4:30 will be a 7th Grade game. This will be followed at about 5:00 p.m. by an 8th

Grade game and at approximately 6:30, the "B" teams are to stage the nightcap.

That ought to be enough football for just about the most ardent fan.

Rankin Junior High has played two games, winning over Monahans and getting themselves tied here last Thursday by the Big Lake juniors, 6-6. In the "B" contest on the same night, it was the Owls all the way as they had an easy 28-8 win over the Rankin "B" team. This was the first action for the Red Devil "B" squad.

There is no charge for attendance to any of these Thursday games and the public is encouraged to lend their support.

### Player of the Week

**ROBERT BRUMMETT**—Robbie, to some, took all the honors in the Crane game with his teammates voting him the outstanding player on both offense and defense. The junior halfback tips the scales at 153 pounds.

## Traffic Mishap Claims Son of Mrs. C. T. Bull

Pvt. First Class Harold D. Stokes, son of Mrs. C. T. Bull of Rankin, was killed in a car accident at Sanford, N. C. on September 30. He was riding in a car with four other service men when they were forced off the road by another vehicle. Two others were killed and two are in critical condition.

He was 23 years and 9 months

old and had been in the Air Force about two years. The message notifying his parents of his death was received in Rankin on Tuesday, October 1 from the Commanding General, 18th Airborne Corps, Fort Bragg, N. C.

Funeral services will be held at Gilmer, Texas on Saturday, October 5 at 10:30 a.m.

## ROAD BUILDING—

Pick most any day and make a highway trip of over 100 miles in any direction from Rankin and chances are that you will run into at least one stretch of highway that will be under repair. It takes a constant building and repairing program to keep up with modern day highway demands.

And it gets bigger each year.

While roads are necessary, the manner in which they are often constructed is not necessary. It was a time not too long ago that whenever a road was being built or repaired, the traffic over that particular stretch of travel was protected and provided for. But not any more. Now you do the best you can on finding your way around, over and thru road under construction.

On a recent trip to McCamey, I barreled into a stretch of wet roadway. After driving about five miles in this I came upon a small sign sitting over to one side that said, "Wet Oil". And it meant exactly what it said. Result: an

expensive wash job. And I was not the only one to get an oil bath. It seems peculiar that bigger signs were not erected or a means of bypassing the oil provided.

It seems to me road builders should remember who is paying the bill.

And along this line, Marvin Tomme, editor and publisher of The Ralls Banner, said last week:

"Having made a couple of short weekend treks recently in which I drove more than I should have for the time allotted, I came up with some rather unusual conclusions.

A dishonest signboard, the kind beside the road that keeps you from seeing the scenery or that is stuck smack in the middle of the landscape you would like to have a picture of, is no more excusable than a crooked politician, a cheating businessman or a lying newspaper.

politicians, business-  
papers—should say  
mean and mean what  
me the wording is  
those signs through-  
that try to tell  
government is giv-  
of the money to  
new highways. These  
found especially a-  
the beginning of the

new Interstate systems, are the  
ones in reference.

The plain truth is that the  
federal government is not giving  
anybody anything. The United  
States treasury doesn't contribute  
one nickle toward the nation's  
federal-state highway programs.  
Every dollar placed in the high-  
way trust fund is collected via  
special taxes levied directly on  
highway users and not on any-  
body else—chiefly through tax  
on gasoline.

Looking at the truth closer, not  
only are motor vehicle owners  
and operators paying the bill—

but the same old story crops up  
here—they are overpaying it al-  
most 50 percent. Of the approxi-  
mately \$5 billion collected thru  
federal highway users taxes each  
year, only \$3.3 billion goes into  
the highway trust fund. The re-  
maining \$1.7 billion goes into the  
Treasury Department's general  
fund and is spent for a variety  
of projects having no connection  
with roads.

So instead of signs talking a-  
bout federal aid which we do not  
get, why not give the motorist  
the credit he deserves as the  
source for all this money?

Maybe the sign should read,  
"You as a motorist have paid—  
dearly—for this highway system.  
Enjoy it and don't let anyone  
tell you differently."

The Scoop says let's all give a  
hearty A-Men to this one. There  
may come a day when this old  
foolishness of federal aid in all  
its phases is exposed for exactly  
what it is: a big fat, hoax. There  
just isn't any such thing as fed-  
eral aid. Any time the federal  
government spent a billion—and  
that just about daily—it comes  
out of the pockets of people. You  
just can't tax things—only people.

**THE SCOREBOARD—**

Out of eleven picks last week,  
the Scoop missed two and tied  
one. The misses were Brownfield  
and Rankin I knew better on the  
Brownfield game but really be-  
lieved Rankin could beat Alpine.  
If I hadn't, I'd have said so. I  
still think we have the best ball  
club. Evidently, after the first  
half, the Red Devils felt the same  
way. Only Alpine disagreed.

Having the best ball team does  
not automatically guarantee that  
you will win the game. Sometimes  
the other fellow wants to win real  
bad and just about everybody has  
agreed that football is something  
like 10 percent ability and 90  
percent desire.

They didn't beat us—they out-  
desired us.

This week Rankin is open and  
we need this extra week. Several  
players have small injuries that

should clear up in that time. And  
it is hoped that the Red Devils  
will be able to put some patches  
on their defense. It leaks.

Picking for the week look like  
this:

**SONORA** may beat Ozona but  
it's really not a sure thing. But  
let's say Sonora by 21-18.

**BIG LAKE** keeps moving with  
a 25-6 waltz over Coahoma. The  
Owls will want to look better a-  
gainst Coahoma than did Ran-  
kin but that's going to take some  
doing.

**ROBERT LEE** shocks Iraan. It  
looks like the Braves have had  
it. Score: 38-0, Robert Lee.

**BRACKETVILLE** over Sander-  
son 14-0. I really don't know any-  
thing about Bracketville except  
way back when I once had a  
uniform for Eagle Pass High, they  
beat us with about twelve men.  
Eldorado—open.

Elsewhere in the neighborhood  
McCamey plays Wink in McCamey  
and this one will prove wheth-  
er McCamey's reshuffled back-  
field with Johnny DeMaria at  
quarterback really works. From  
here, I go with the Wildcats to  
win—handily. Then Crane plays  
Ft. Stockton and it should be all  
in favor of Crane. Stockton won't  
have much better luck with the  
Birds than did Rankin.

### Mrs. Mabry Hosts Omicron Tau Meet

Mrs. Barbara Mabry served as  
hostess September 23, for the O-  
micron Tau, Rankin chapter of  
Beta Sigma Phi.

Vice-President Peggy Collins  
conducted the business meeting  
and reports were heard from all  
standing committees. Mrs. J. L.  
Clark, the chapter's sponsor for  
the year, was a guest at the meet-  
ing.

Mrs. Barbara Weaver and Mrs.  
Collins gave an interesting pro-  
gram on "Beauty Through the  
Use of Cosmetics." Refreshments  
of coffee and cookies were served  
to approximately 18 guests.

### CARD OF THANKS

I WANT to express my sincere  
thanks and appreciation to all  
who were so nice to me while  
I was a patient in the hospital  
and since my return home; and  
to Dr. Gossett and Dr. Rob-  
ertson, the nurses and hospi-  
tal staff for their thoughtfulness  
and attentive care. I am  
very grateful for it all.

has moved a step closer to the control of houseflies with the discovery that female flies produce a chemical that attracts male flies. Scientists have found that this chemical is highly specific in its attraction, not attracting houseflies or flies of other species. The Department of Agriculture says that though more research is needed before the attractant is practical, it could be a preliminary step in developing new ways to control this insect pest.

The substance may be used to lure male flies into traps, to poison baits, or to a chemical sterilant. A prime advantage of attractants is that any chemicals combined with them do not come in contact with people, crops, live stock, fish or wildlife.

Scientists of the USDA tested the attractant with the use of a device which did not allow the male flies to see the females. Female flies were also frozen so that they made no sound and placed in the device and the male flies once again were attracted to them. From these tests researchers concluded that the smell emitted by the females was the attracting force.

Future work on the project
