## Courthouse Marker Goes Up on Lawn

Sheriff H. E. "Gene" Eckols, chairman for Memorial Markers, was notified this week by the Texas State Historical Society Committee that the marker for Colonels John Cunningham and William Felton Upton would arrive and be placed on the courthouse grounds. The marker has now been received and was installed on the Southeast lawn of the courthouse grounds. A formal dedication is to be held in November, according to County Judge Allen Moore. He said full details would be made public at a later date.

## SCHOOL ASKS FOR BIDS ON FIELD AND TRACK

Rankin School Board is again calling for bids on construction of an athletic field and cinder track. An advertisement on bids appears elsewhere in this issue of The News. In their previous call on bidding some 90 days ago, the Board rejected all bids as being too high.

## Hallowe'en Carnival to be at Bus Barn --

# Spoooky Business Brews For Rankin Saturday Nite

New features have been added to the entertainment which will be available to all at the Hallowe'en Carnival this Saturday night. The Booster Club will have a ferris wheel which provides amusement for the younger set. Also, there will be a real live witch walking around the Bus Barn, site of this year's carnival, along with a mystery fortune teller. Some may want to try and guess the identity of the mystery

## VOTERS TO BALLOT ON NOVEMBER 9TH

Upton voters will join their fellow Texans on November 9 at the polls. In Upton County only the four amendment proposals to the State Constitution will appear on the ballot.

A sample ballot appears on an inside page of this issue of The News. It is suggested that it be kept by readers for study.

Rankin Lions Club will sponsor a Hallowe'en Parade preceding the Carnival. Formation will be held at the football field parking area with parade starting time at 5:30 p.m. Anyone may enter and prizes will be awarded to those having the best costumes.

From the football parking lot, the parade will proceed North up Main Street to 10th, and for that point work its way to the Bus Barn.

Bill Williams is parade chairman and may be contacted for detailed information.

fortune teller.

There will also be a nursery operated at the Methodist Church Educational Building. The nursery will be operated by the FHA girls of Rankin High School and will be open at 6:30 p.m. with a charge of 25-cents per child being made.

Floor plans are available to those organizations who have purchased booth space. All booth builders are asked to be on hand at 9 a.m. Saturday, October 26, at the Bus Barn to start construction.

The Carnival is being sponsored by Omicron Tau Chapter of Beta Sigma Phi. However, other organizations who have bought booth space include the Booster Club, four high school classes, the Rusekah Lodge, Explorer and Girl Scouts, Xi Epsilon Chi and the FHA.

## Lynda Kilchrist gets DAR Award in RHS

In cooperation with the National Society Daughters of the American Revolution, the Rankin High School seniors and faculty recently selected Lynda Kilchrist for the DAR Good Citizen Award. Lynda is the daughter of Mr. and Mrs. Preston Patton. She was selected on the basis of her outstanding qualities of dependability, service, leadership and patriotism. With this honor she will vie for the state DAR honors and a \$75.00 scholarship.

Since being in high school, Lynda has received many honors. She served as class officer her sophomore and junior year, vice-

could be an upset in the making.

Fans who plan on making the trip are reminded that a new, and shorter route is now open to them. A paved road, south of Sheffield, has now been completed and will cut off a number of miles on the trip. Game time is 7:30 p.m.

For the season, Sanderson has not had much luck in the win column and has not faced as strong competition as has the

## JR. HIGH GAME—

On Thursday at 5:00 pm. the Rankin Junior high will play the Monahans Juniors in the Red Devil Stadium. The Juniors had little trouble last week as they romped to a win before the home-comers over the Iraan Juniors. They also hold a win over the Monahans team.

The "B" team is open this week.

Red Devils. But for some reason, perhaps because Rankin has the upper hand in the series, the Eagles always seem to put their best foot forward in the Rankin game and play hard and tough. Rankin will be in top shape with all the squad ready for action, as they were last week.

## JANIS HALE NAMED HOMECOMING QUEEN

Highlight of half-time activities at homecoming was the crowning of Miss Janis Hale as the 1963 Homecoming Queen. She is the daughter of Mr. and Mrs. J. B. Hale and a senior student.

She was presented with one-dozen red roses and a crown at the ceremony.

Runners-up were Misses Lynda Kilchrist, Carol Shipp and Jo Lynn Steele.

## THE AMENDMENTS—

On November 9 there will be an election in Texas. Upton residents will be voting, along with the rest of the state on four constitutional amendments.

Number One on the ballot will be the so-called Poll Tax amendment. I am against it. Number Two will be a welfare amendment — with Federal aid. I always maintain that Federal aid is the most expensive thing we can get. Texas ought to be well able to take care of our needy without any help—and control by Washington. Number three on the ballot has to do with a local question for Jefferson County and will get my support since the final say-so is left up to the citizens of that county. Number Four is to increase the Veterans' Land Fund. This one also gets approval by the editor since the Veterans' Loan is not a grant but is repayed.

All four will likely be passed and approved.

In Number One, the Poll Tax

The Rankin (Tex.) News—  
Thursday, October 24, 1963

Amendment that asks the voters' approval for repealing the Poll Tax as a requirement to voting in Texas, we see a prime example of petty politics where certain office holders and political parties are putting on a big push to make it appear that they have found a cause for the underprivileged. In their efforts to appeal to minorities, these groups have made it appear that the poll tax in Texas has deprived many citizens of their right to vote—particularly the Negro.

This is just not true.

We have had the poll tax—and the word "poll" incidentally, has nothing to do with voting—since Texas was a Republic and is, in fact, a head tax. (One of our more educated friends pointed out that in this instance, "poll" refers to the head.) It was originated to raise money for the free Texas educational system—one of our prime complaints a-

Rankin (Tex.) News—  
October 24, 1963

... being that they  
to provide a system of  
as first promised.  
requirement that you pay

your poll tax before being able  
to vote was not put into law in  
Texas until around 1909 or there-  
abouts. And it was not put in  
at that time to keep the Negro  
from voting but to put pressure  
on those in the state who were  
getting a free ride on education  
by ignoring the "head" tax. These  
were mostly poor whites and non-

land owners.

The method devised to keep the  
Negro from voting in Texas—and  
this may shock some good citi-  
zens—was the organization of the  
Texas Democratic Party following  
the Civil War. In their preamble  
or right about one of the first  
statements made in their party  
constitution, was the ruling that  
"this shall be a white man's  
party."

This particular wording was  
dropped from the statutes in the  
1920's but the Democratic Party  
in Texas made that statement  
stick until it was knocked down  
by a ruling of the US Supreme  
Court in 1944. Up until that time  
no Negro could vote in a Demo-  
cratic Primary Election and until  
just the last few years, nomi-  
nation in the Democratic Pri-  
mary meant election in Texas.

So we see the turn of the  
wheel. Gov. Connally, a Demo-  
crat of the very party that for  
so long excluded the Negro from  
its primaries, is now beating the  
drum for repeal of the poll tax  
and trying to make it appear that

the poll tax has deprived the  
Negro of his rights. The only way  
that could be would have to be  
because one did not have the \$1.50  
to pay his poll tax and it has  
been a long time in Texas since  
a person who thought enough of  
his form of government and who  
qualified himself well enough to  
understand the issues and want  
to vote, could not scrape up en-  
ough to pay this poll tax.

It sounds to me like Mr. Connally  
has taken a page from LBJ.  
"Nevah, I say, son, nevah, pass  
up an opportunity to feather your  
own nest."

But now it looks like we will  
have a two-bit poll tax and in-  
stead of stiffening the require-  
ments to vote, as they should be,  
we will only cut the price.

**HOW SWEET IT IS—**

That ole bit about 90 percent  
desire and 10 percent ability be-  
ing the mark of a winning foot-  
ball team sorta came to light for  
many last Friday as they watch-  
ed almost in amazement as the  
Red Devils gave the Eldorado  
Eagles a good old fashioned  
country licking. The Red Devils

wanted to win and they put all  
they had into it and turned in  
one of the more thrilling victor-  
ies scored by a Rankin team in  
recent years. The cliché that it  
doesn't matter if you win or not—  
but how you play the game—or  
words to that effect—carries a lot  
of truth but on the other hand  
I don't believe that there is any-  
one who had not rather win.

This week's pickings will again  
find Rankin winning—this time  
over the Sanderson Eagles but  
let's say this: Watch 'em. Ran-  
kin. As your own boys who have  
made the trip will tell you, the  
Eagles are real tough birds when  
playing in Sanderson. You won't  
be able to ride on last week's per-  
formance nor can you look ahead.  
You'll have to be ready if you  
are to win this one.

**ELDORADO**—all shook up and  
with feathers ruffled, will take it  
out on Iraan by about 45-0.

**BIG LAKE** will get by Ozona  
without too much trouble, say  
25-6.

And next year, Rankin will  
play eight conference games. The  
new District composition stood up  
althought at least one team tried  
to get out.

## Cooking Wild Game For Better Eating

by  
**MRS. LOU JEFFERS**  
County HD Agent

Although game meat is different in flavor from domestic meat, it can be palatable and nutritious. Wild game should be cooked according to the type of cut and age of the animal. For tender cuts, such as loin and shoulder, use dry heat; season the meat with salt and pepper and place on a rack in an uncovered pan, fat side up. Do not add water and do not cover. Extra fat such as bacon, may be added to venison. Roast in a slow oven, 300 to 325 degrees F., allowing 25 to 30 minutes per pound. If the meat is frozen, a longer time will be needed for cooking.

Young and tender game is best cooked by dry heat such as roasting, broiling, pan-broiling and frying. Dry heat preserves flavor and insures tenderness. Basting with additional fat may be necessary if the meat is lean.

Old and less tender game is best when cooked by moist heat such as braising, stewing and simmering. Swiss steaks and pot roasts are cooked by braising. Add a small amount of liquid to the meat which is cooked in a covered container. Stews, fricasses and boiled game are prepared by simmering (not at boiling point) in hot liquid which partially or completely covers the meat. With moisture, the high temperatures necessary to soften the connective tissues can be obtained.

When frying game meat, first heat the frying pan until it is sizzling hot. Brown both sides of the meat, turning only once. Season when ready to turn. For thick steaks or chops, reduce heat after browning to finish cooking. Insert a rack under the meat to prevent over-cooking the meat next to the pan.

## Time to Treat Trees For Pesky Borers

BY W. M. (DUB) DAY  
County Agent, Upton County

If you have noticed wax or gum oozing from the trunk of your peach trees they are probably infested with peach tree borers

addition of suet or butter when roasting, broiling or frying. The characteristic flavor is concentrated largely in the fat and the removal of the bulk of the fat will make it less "gamey."

and now is the time to control these pests.

The insects damage the trees from about a foot above the ground to three or four inches below it.

Treatment of the peach tree borers is Paradichlorobenzene crystals applied to the infested trees between October 20 and November 15. All weeds and grass should be removed from around the tree trunk for about a foot and the PDB crystals put in a circular band around the tree about two inches from the trunk.

A mound of dirt six inches high should then be packed against the tree without allowing the crystals to touch the tree as they will harm it if they do. Leave the mounds until spring, then level them back to the original level of the ground.

Two to three year old trees require about one-half ounce of PDB crystals per tree, and four to five year old trees need about three-quarter ounces per tree. A mature tree requires 1 ounce of crystals per tree.

When the crystals are placed around the soil should be dry, and

### Tip Given on Control Only Happens Once Of Elm Leaf Beetle In a Lifetime . . . ?

A newcomer to Rankin who has had considerable experience with the Elm Leaf Beetle, the bug so fond of trees in Rankin, has offered another solution on control of the insect.

Treatment is almost exactly the same as that recommended by County Agent Dub Day for the Peach Tree Borer in his column in this week's News. Procedure calls for use of moth cake containing the formula PBD (Paradichlorobenzene). First step is to dig a trench approximately three inches deep around the tree and then crumble the moth cake, or sprinkle powdered form, into the trench. Cover with dirt and wait three or four days, then water heavily.

This should be done before the first freeze and will give the tree a better chance to come out next spring.

### The Rankin (Tex.) News—Thursday, October 24, 1963

As was reported about thirty days ago, most golfers play a lifetime and never score a hole-in-one. Billy Wayne Hale, eighth grader in Rankin Junior High, doesn't pay much attention to those things that ought to be. He had rather just go right ahead and enjoy himself.

And to get matters underway, he rapped in an ace on number 1 green at Rankin Golf Club a few weeks ago, and then, last Monday, playing with his father in an early-morning fast nine, he repeated the performance on the

same hole.  
In his first session, he put his clubs up and went home. This time he played three more holes but had lost his touch.  
And that's the way the game goes—sometimes you can't get over one ace in a round.

### NOW SEE HERE—

According to some authorities, man can live without air for seven minutes, without water for seven days, without food for seven weeks, and without brains for 70 years—so it would seem.

**THE HEXER**—Texas has its big drum, and others use assorted gimmicks to put the hex on opponents. Rankin now has their own hex-wagon, built by E. V. Warren and donated to the Booster Club. In this instance, it proclamis that the Red Devils have the Eagles in the sack—and they did.
