Serving the Interests of Rankin and Upton County

XXXVIII—NUMBER 11

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, MARCH 19, 1964

line is April 1st --

Fair Drew Biggest Attendance Last Year--

Vehicle License Sales Entering Final Weeks

Some ten days left before the 1964 registration deadline, sale of 1964 registration plates in the county has a long way to go according to figures released this morning from the office of H. E. "Gene" Rev. White, Methodist pastor, a total of 3684 vehicles of all types were registered in Upton County. Of this figure, 3077 was passenger cars, 807 in Texas and 753 was for miscellaneous vehicles such as trailers, trucks, truck-tractors, scooters, trailer houses, etc. For this year, only 675 registrations have been issued. Of this number, approximately 500 have been for automobiles and the remainder for other vehicles.

The sub-station in McCamey. The regular office hours from 8:00 to 5:00 are observed with the offices closed on Saturday and Sundays. Vehicle owners should have with them at the time of registering, their title to the vehicle to be registered and last year's registration papers.

Ballot Positions Drawn on Monday

The executive committee of the Upton County Democratic Party met last Monday at the courthouse to hold the drawing for positions on the ballot for the first Democratic Primary election scheduled May 2.

In the only two local contested races, the drawing went as follows:

For Precinct 1 Commissioner—1st on the ballot will be H. Wheeler, 2nd will be Clint Shaw, and 3rd will be DeWayne Lindsey.

For Constable, Precinct No. 1—E. M. Sullivan will be first and C. A. "Pap" Shaffer, second.

The committee will meet again next Monday to make up the ballot and place the order for its printing.

On the Republican side, the Upton County committee, headed by Dr. J. D. Gossett, chairman, met and decided to hold a primary. Full details will be announced later.

School Science Fair Show Set for Thursday Display

The second annual local science fair will get under way Thursday, March 19. The attendance at the fair last year was one of the largest at any school function in some time, according to school officials, and arrangements have been made to give the public more time to view the exhibits this year.

Over two hundred projects will be displayed on the elementary, junior high and high school level. Due to this large number, the displays will be set up this year in

the Rankin Park Building.

Students will set up their projects during the day, Thursday, and judging will begin at 5:00 p.m. however, due to the limited amount of time, the awards will

not be announced until Friday.

Two public showings of the displays will be offered this year—the first on Thursday night from 7:30 to 9:30 p.m.; and the second, from 9:00 a.m. until 4:00 p.m. on Friday.

A number of both local and out-of-town judges have been secured to award the prizes. None of the teachers in the Rankin system will be on the judging teams.

The winners of this fair will compete in the Regional Science Fair in Odessa April 9, 10, and 11.

Awards will be in the form of a blue ribbon for 1st division, a red ribbon for 2nd division, and a white ribbon for a 3rd division work.

Everybody Has Fun at the Fair ?

If the old saw is true that Papa pays the bills—and there are those who will maintain that such is indeed the case—then Mama must do the leg work.

For the past two weeks, a lot of Mamas—and a few Papas and even some of the students—have been scurrying about the countryside, seeking everything from Christmas decorations to half cracked atoms and other assorted materials for the construction of science projects.

Some have complained and a few have broken out in a rash but—judging from last year's exhibition—we will all be lined up with a slightly expanded chest as we stand before Junior's masterpiece on display Thursday night.

And woe to the judge who says it's not worthy of placing.

Joe Bradley is new Johnson's Employee

Porter Johnson, owner of the L. Porter Johnson's in Rankin, has announced that Mr. Joe A. Bradley is now associated with that firm. Mr. Bradley has been in this line of business for some 20 years and has worked in Fort Stockton and Odessa.

The family, consisting of Mrs. Bradley and two sons, Ronnie, a senior in Permian High in Odessa, and Dallas, age five, will join Mr. Bradley here in Rankin. However, Ronnie will finish his school in Permian.

"We believe that Mr. Bradley will be an asset to us in our business operations and will be of much help and benefit to our customers," Mr. Johnson said.

"Free" Poll Taxes Not Very Popular

Free poll taxes have not proven exactly popular in Upton County with only 6 issued by the tax assessors office. The "free" vote receipts are good only for voting on Federal offices and may not be used for casting a ballot in any local or state race. They came about when an amendment to the U.S. constitution was approved

(Continued to back page)

League Meet Set for Friday

Members of Rankin Little League scheduled a public meeting Friday night, March 20 at Yates Hotel. All persons interested in Little League are to attend the meeting and in making plans for the summer season.

Meeting time is 7:30 at RHS Auditorium --

Dimes Fund Variety Acts to be on Stage Saturday Nite

A large number of local musical groups lined up and ready for the annual Variety Talent Show for benefit of the March of Dimes Drive will open at Rankin High School Auditorium Saturday evening, March 20. Main time is at 7:30 p.m. Proceeds from the show are to go to the Dimes fund. Admission will be by donation with the donors paying whatever they can donate to the drive. This year's show, directed by Ed Edgar, will feature a

number of musical selection and specialty acts. Among groups that are slated to perform is the RHS Red Devil Band which will open the show with a few numbers designed to liven up the gathering. Then, there will be the high school stage band, performing with some smooth rhythm. Another attraction will be the elementary school chorus under the direction of Mrs. E. W. Love.

These, and a number of other groups and individuals, promise to provide a full evening's entertainment, according to Ed Edgar, the

chairman of the drive.

Mr. Mabry, who was out of Rankin the first few days of the week due to the death of his daughter, has been assisted in the task of putting the show together by Mr. Robert Farrer.

"It looks promising for us to have a very successful fund drive for this part of the county," Edgar said this week. "If we can have a good turnout to see our local talent perform on Saturday night, then I'd say the drive was a complete success," he concluded.

SUIT FILED BY UPTON COUNTY TO DISSOLVE OR MODIFY INJUNCTION

Ed.: The following is taken from a report published last week in The McCamey News.

A suit to dissolve or modify an injunction for improper use of county road equipment by Upton County was filed last Friday (March 6) by Upton County in the 83rd District Court in Rankin.

On February 10 of this year a contempt suit for misuse of county road building equipment against Upton County's four commissioners and the county judge was dismissed in Rankin by 83rd District Judge C. E. Patterson of Alpine on a motion by the plaintiff, Russell Arnold. Also dismissed at that time was a petition to dissolve an earlier injunction against the commissioners, one that prohibited their using road equipment improperly.

(Ed.: The News report goes on to detail the various events such

as the jailing of two commissioners, etc. It then publishes the text of the suit filed Monday, March 6, which says, in part:)

II

That defendant as plaintiff in the above said suit did not have authority nor the capacity to bring such law suit nor did the allegation of plaintiff's petition justify or support judgment entered in said suit and that as a consequence the injunction issued as a result of said judgment is not supported by law and should be dissolved.

III

That said Writ of Injunction should be modified and dissolved because the judgment does not support the writ of injunction. That the terms and provisions and persons enjoined in said writ

(Continued to Page 7)

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

THEY'RE TRYING—

With a little follow-up report on the farming of this portion of Upton County, I have been enlightened somewhat. A number of those who are buying the new land are dead serious about doing something with it.

It seems that several have already moved onto their land and some have already enrolled their children in Rankin Schools. Still others are said to be planning to take up residence on the farms this summer and will have their children in school here next fall.

Several have already or are in the process of doing so—drilled as many as six water wells and from knowing a little about the cost of water well drilling, I'd say that these folk are definitely determined to grow something on their new land.

One farmer who has been in the process of clearing several of the new tracks, says that this is good farming country and that there is ample water. He says that he knows of land on the "Plains" that is selling for three to four times as high as the new Upton County product that does not have as much water nor is as suitable for farming. He says further that the development of Upton County farming is going to be on a much larger scale than almost any of the local residents believe and will be much more successful than any of us imagine.

It could be a wonderful thing economic-wise if all this is true. And I know that everyone hopes

The Rankin (Tex.) News—
Thursday, March 19, 1964

the new farming enterprise will be a huge success.

If it is, it may be coming in a nick of time for one of the more successful ranchers in the county says that this could well be the last year of ranching in this area. He believes that the lack of rainfall—plus the government—is going to put an end to that business. He made this forecast five years ago. We now do not have much time left to see whether he was right or wrong.

THE ADVERTISERS—

Perhaps there was a time in the newspaper business when the editor made a living by selling subscriptions. That time must have been long ago for during the almost twenty years that I have been around newspapers, the advertiser has been the bread and butter man for our business. The subscription is always welcome as it adds something to the pot but in truth—if there were no advertisers—your newspaper subscription would cost you something like the following.

Newsprint (paper)	7 cents
Ink	2/10 cents
Postage	1 cent
Editorial department	8 cents
Circulation dept.	3 1/2 cents
Advertising dept.	6 cents
Composing room	15 cents
Plant maintenance	2 cents
Admin. overhead, etc.	14 cents
Total per issue	56 7/10 cents

(Continued to Page 3)

WE SALUTE --

The Rankin School's Science Fair

As many of you already know, a great amount of time and effort goes into the preparation of the exhibits of the Rankin School's Science Fair and the displaying of these exhibits. Many fine interesting and scientific productions are shown and you will enjoy these as you attend the Science Fair on Thursday night.

that they also pay a pretty good chunk for you to have a newspaper at something like a reasonable price.

Advertisers are good people. I am sure you all realized that but I just wanted to call it to your attention.

And I did not—or wasn't smart enough to—figure out this breakdown of costs. I stole it from the editor of The Ralls Banner. If I had had to do the figuring, it would have added another 3/10

of a cent to every issue of the News.

Even if you can't take it with you it can sure brighten up the port of embarkation.

DIMES SHOW—

Saturday night at the high school auditorium, the March of Dimes drive committee will put on their annual variety and talent show. This will close out

this year's fund drive in Rankin.

If you have not attended one of these shows, you may well be missing one of the more entertaining benefits staged locally. We have some rather talented individuals and it is often surprising to find that when you attend you are not only entertained but that you have made a contribution to one of the more worthwhile fund drives that come along each year.

The time will be 7:30. The admission will be by donation—whatever you feel you can afford.

THE LAW SUIT—

Elsewhere in this issue is a report to the effect that the county is asking District Judge Patterson to do away with the injunction under which Russell Arnold has had a couple of the Commissioners jailed.

After digging through all the wherefores, in suches and sideways of the legal talk, the suit says simply that the county is good and tired of the whole mess and that Mr. Arnold has caused them no end of trouble with the injunction and would the Judge please toss out the whole thing and tell Mr. Arnold to behave.

Well, the question has been put. We'll have to wait for the answer.

disease, insects or nematodes; but a test will aid you in determining the need for nitrogen, phosphorus, or potassium. It will also tell at what rate they should be applied.

A test will also tell you the soil reaction or PH of your soil and the amount of organic matter and the available phosphorus and potassium, calcium and soluble salts.

The cost of sending a soil sample is \$2.00 per sample and the check should be made to Texas Agricultural Extension Service. Soil samples from Upton County should be sent to: Soil Testing Laboratory, Extension Service, Rt. 3, Lubbock, Texas.

You may pick up the sample material and the forms which must accompany the sample at my office.

Soil tests may be taken at any time of the year.

RHS Volleyball Girls Drop Pair of Games

Opening their volleyball season, the Rankin High School girls had their hands full with the McCamey girls' team in an "A" game on Tuesday, March 10 and were shelled 90-51. Jo Lynn Steele was high point with 14 while Pam and Martha Love both had 8.

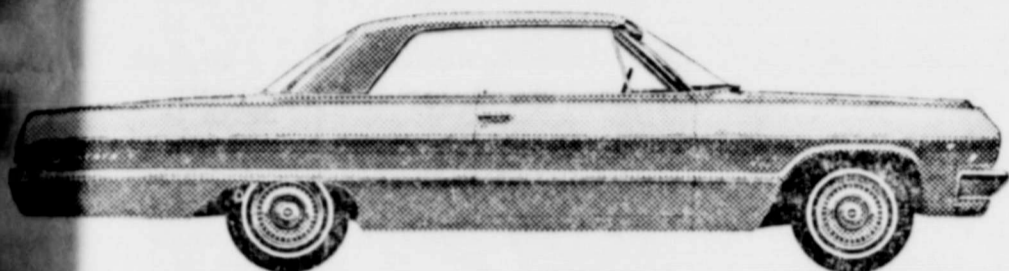

On Monday afternoon, March 16 in a return match in Rankin, their luck failed to improve as they dropped this encounter a tally of 101-85.

On this year's volleyball team for Rankin High are Misses Steele, the Love sisters, Carol Shipp, Gale Jenkins, Kathy Goodwin, Betty Richardson, Sandra Maxwell, Pat Adams, Helen Wood, Marsha Hargrove, Deborah Odom, Janice Hale and Carolyn Hill.

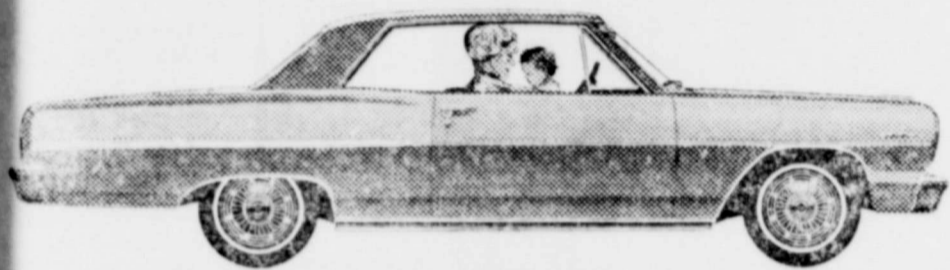

Time Now to Take Soil Testing Samples

BY W. M. (DUB) DAY
County Agent, Upton County
Since spring is here and yard and garden activities will be hurried up within the next month, here are some tips for taking soil test for proper fertilizing use.

A soil test will not tell you what to plant nor when to plant or if your soil is infested with

'64 Jet-smooth Chevrolet Impala Sport Coupe (119-in. wheelbase)

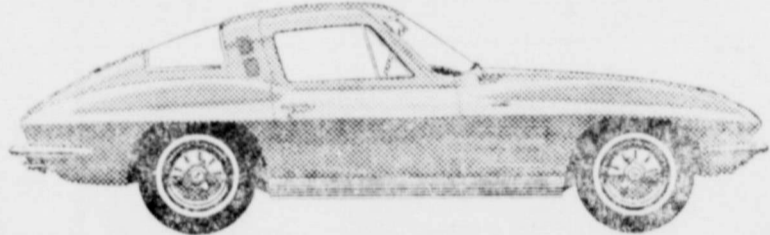

New Chevelle Malibu Sport Coupe (115-in. wheelbase)

'64 Chevy II Nova Sport Coupe (110-in. wheelbase)

'64 Corvair Monza Club Coupe (108-in. wheelbase)

'64 Corvette Sting Ray Sport Coupe (98-in. wheelbase)

Chevrolet will go to any length to make you happy

have changed a lot since a Chevy is only a Chevy. Especially your ideas that you want a Chevy to be.

Now you have the Jet-smooth Chevy—17½ feet of pure luxury, bumper bumper. The size makes it a luxury car. Not the price.

You can choose the thrifty Chevy II, a 4-foot family car with all kinds of gear and luggage space.

In a year, your choice might be a new 16-foot-plus Chevelle, and to fit nicely between Chev-

rolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

Senior High Roll by 8th Grader

8th grader Rhonda Sproul, with an average of 93.714, was student for the Fourth Six Honor Roll at Rankin

Junior High.. Joining Miss Sproul on the list for the Eighth Grade were: Jimmy Adams, Kyle Adams, Sandra Anderson, Carol Crawford, Marsha Funderburg, Billy Wayne Hale, Gay Holcomb, Roy Lee Stacey, Sandra Reeves and Penny Woods.

Sylvia Merriman is Sorority Hostess

The Xi Epsilon Chi Chapter of Beta Sigma Phi met on March 9. The hostess for the evening was Mrs. Sylvia Merriman and the meeting was held in the home

High point student for the Seventh Grade was Tommy Thompson who had a 92.429 average for the six weeks. Others in this grade were Debbie Day, Bill Hood, Mike Johnston, Joe Kendrick, John Smith, and Mike Sproul.

Susie Lacy with 93.625 was the highest honor student in the Sixth Grade and was joined by Caye Collins, Charlotte Jarvis, Sue Kendrick and Wayne Reeves.

Sewing Lessons for 4-H Girls Available

By LOU JEFFERS
County Home Demo. Agent

Girls, if you want to learn more about sewing, join a 4-H club. This goes for mothers, too. Mother can volunteer as a local club leader, and get specialized training through the county home demonstration agent and clothing specialist from A and M University.

which the sororities are sponsoring.

The slate of officers for the coming year was read and will be voted on at the next meeting. The hat party is to be held on Thursday night, March 19 at 6:30 in the home of Mrs. Lucy Simpson.

Mrs. Ann Clark brought the program which was said to be very interesting. She told of her visit last summer—along with her daughter—to 14 states including New York and Washington, D. C.

Guests present were Mrs. O-quella Holmes and Mrs. Burl Williams from McCamey and Mrs. Jack Smith of Rankin. Also present was the club's honorary member, Mrs. Odessa Edwards.

Refreshments were served to the members and guests and Mrs. Burl Williams won the door prize. of Mrs. Edith James.

It was announced that surplus playground equipment had been purchased from the Rankin Independent Schools for the park

The most important tool needed for making a skirt, blouse, dress, slip cover or drapes or anything else is the sewing machine. You should know what makes it run, how to take care of it and how to get maximum use 365 days a year.

All this can be learned in 4-H. There is a special unit on "I Can Sew" for 9 and 10 year old girls and beginners. Each is taught how to get the most out of their sewing machine.

Mrs. K. D. Cranfill, local leader for the local 4-H clothing units has eight girls in Unit I. They are Pamela Stonehocker, Bobbie Weaver, Brenda Speed, Debbie Deel, Caye Colline, Faye Collins, Sharon Helms and Karen Hallmark.

She has three girls enrolled in Unit II. They are Marsha Funderburg, Dona Brown and Cieta Cranfill. These girls are learning good grooming habits, clothing selection and care as well as construction.

The Rankin 4-H Club had a theatre and slumber party in the home of the Home Demonstration Agent Friday night, March 13.

The Rankin Club is made up of eleven members and three leaders. Mrs. P. V. Brown, Mrs. Tex Collins and Mrs. Cranfill. Mrs. Brown is the organization leader, Mrs Collins is the Foods and Nutrition leader and Mrs. Cranfill leads the Clothing.

Girls may enroll at any time after their ninth birthday. For every group of ten girls, a subject leader must be secured.

Sue Ellen Mabry Buried in Temple Monday, March 16

Funeral services for Sue Ellen Mabry, six-year-old daughter of Mr. and Mrs. James Mabry of Rankin, were held Sunday at 3 p.m. in the First Baptist Church. Claire Weiderhoft, pastor of St. Paul's Lutheran Church in Big Spring, officiated.

Graveside services were held at 10 a.m. Monday, March 16 in the Hillcrest Cemetery at Temple.

The child died Friday, March 13 in a San Angelo hospital where

she had been confined for the past six weeks with cancer.

Survivors include her parents; two sisters, Rebecca Ann and Cynthia Lynn of Rankin; her grandmother, Mrs. Hattie Mabry of Killeen; and grandparents, Mr. and Mrs. Emil Hansen of Chicago, Ill.; great-grandparents, Mr. and Mrs. James F. Mabry, Sr. of Belton; and great-grandparents, Mr. and Mrs. J. T. Armour of Melrose Park, Ill.

Mr. Mabry is band director of Rankin Schools.

RECIPIENTS WITH A FLAIR

Food making seems so simple, making a good salad is a sub- requiring all the talents of a careful cook.

Ingredients must be chosen with care for a salad can be no bet-

ter than the things that go into it.

Salads should have imagination. We have a whole world of foods to choose from, so why be limited to lettuce and tomatoes.

Canned vegetables are year-

round favorites for salads. They are convenient to use; their natural color makes suitable salads with little or no garnishes.

Salads have numerous uses. Serve them anywhere on your menu, from appetizer to main dish to dessert.

Try this salad for your pre-Easter menus.

Confetti Salad Bowl

Salad:—

One 16-oz. can french style green beans, drained.

One 12-oz. can yellow, whole kernel corn, drained.

One 8½-oz. can Early June peas, drained.

Two 4½-oz. jars of sliced mushrooms, drained.

One large onion thinly sliced.

One-fourth cup diced pimento.

Dressing: —

Two teaspoon salt

One-fourth cup sugar

One-fourth cup vinegar

Three-fourths cup salad oil

For Salad: —

Combine ingredients in large bowl, tossing lightly to mix.

IS IT NOTHING TO YOU THAT A SINNER MUST DIE?

PATTERNS FOR PROGRESS

NATURAL RESOURCES

... basic factor in economic development

Many industries are established close to natural resources. One is pictured above — the Bestwall Gypsum Company near Quanah, where gypsum wall board and allied products are made. It is near Quanah because of large gypsum deposits there, and is a perfect illustration of the economic value of a natural resource to a community.

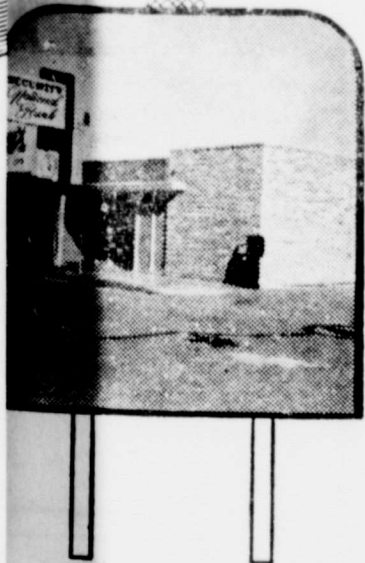

Employing 200 people, it adds payrolls, increases consumer sales, builds deposits in banks such as the one pictured left, and is a major factor in the Quanah economy.

This is a PATTERN FOR PROGRESS.

It is because here is a manufacturer using a natural resource. National studies show that each 100 new factory workers in a community increase local personal income by \$660,000, bank deposits by \$229,000, and create 65 new nonmanufacturing jobs, besides increasing all types of consumer sales.

The manufacture of natural resources pays big profits to a community, and almost every community has natural resources subject to development. WTU urges every community to assess and evaluate its own natural resources as a basic step in economic development.

WTU is proud to be a part of your community

Suit Filed --

(Continued from Page 1)

are an enlargement of the order and a contradiction of the findings in said judgment. That the Writ of Injunction as issued... enjoined the County Commissioners of Upton County, Texas contrary to the findings as set out in said judgment and as a result this plaintiff and its County Commissioners have been harassed, persecuted and hampered in the performance of their public duties.

IV

That this Defendant has constantly and consistently harassed the Plaintiffs as a result of the writ of injunction he obtained in said cause 1380 by threats of filing contempt proceedings against the agents of Plaintiff and its County Commissioners, wherein they would be fined and imprisoned because of fancied violations in the mind of this Defendant, when in truth and in fact such acts complained about by Defendant were proper and well within the scope of the duties and requirements of their authority. But nevertheless, this Plaintiff has in the past been put to the inconvenience and expense of defend-

For Dressing: —

Dissolve salt and sugar in vinegar in small jar with tight fitting cover. Add salad oil; cover and shake vigorously. Pour over salad ingredients. Chill several hours; stirring occasionally.

Serve in lettuce-lined salad bowls or on large serving bowl. Yields six to eight servings.

Cheese salad dressings are far out as the favorite. Serve this blue cheese dressing often to perk up your everyday vegetable or fruit salads.

Blue Cheese Dressing

One-half cup blue cheese
three-fourth cup mayonaise
one-half cup sour cream
one-half cup finely-chopped celery

one teaspoon salt
one light teaspoon pepper

Combine crumbled cheese with remaining ingredients in a small bowl. Chill thoroughly. Spoon over your favorite salad. Yields about one and three fourth cups dressing. Keeps well if refrigerated.

ing litigation instituted by Defendant.

V

This Plaintiff would further show the court that by reason of the broad scope of the writ of injunction as issued, its agents, servants and its County Commissioners are prevented from performing the duties and acts required of it by law in performing public services.

VI

... This Plaintiff further says that this injunction should be modified and its terms clarified so as to permit this Plaintiff, its agents, servants and its County Commissioners to perform services of public purposes without harassment, threat of prosecution, of fines and imprisonment.

VII

This Plaintiff represents to the Court that the liberty and property, its agents, servants and its County Commissioners is imperilled by a Writ of Injunction obtained in a cause wherein the Court found that the Commissioners of Upton County should not be personally enjoined and was dismissed from the case; yet they are still being personally enjoined and will so continue to be enjoined until such writ of injunction is dissolved or modified to relieve them of its burden. It has never been judicially determined that an injunction against the County Commissioners of this Plaintiff is in order; they have not had their day in court.

WHEREFORE, premises considered, this Plaintiff prays that Defendant, Russell Arnold, be cited to appear and answer herein, and for judgment dissolving the injunction as to this Plaintiff and its County Commissioners, County Judge, officers, agents and employees of Upton County; in the alternative modifying such writ of injunction to permit Upton County, its agents, servants and employees to perform such public services as is necessary and proper, and for such other and further relief, special and general, in law and in equity, as Plaintiff is justly entitled.
