Rankin Schools Mark Enrollment Gains

In all three Rankin schools registered gains over the year ago, according to the school administrators. Total overall gain for the year was 177 students with 150 in the elementary school, 17 in the junior high, seven and

two in the senior high. There were fifty-six first graders, a near all-time record. High School enrollment also stood at near record levels.

Smallest teacher load in any one group for the entire school was seventeen.

Following are figures as of September 2, 1964.

Elementary: Sept. 3, 1963—188; Mid-term, 1964—196; May 27, 1964—204; Sept. 2, 1964—204.

Junior High: September 3, 1963—170; Mid-term, 1964—177; May 27, 1964—165; Sept. 2, 1964—177.

High School: Sept. 3, 1963—133; Mid-term, 1964—130; May 27, 1964—125; Sept. 2, 1964—148.

Totals, Sept. 3, 1963—491; Mid-term, 1964—503; May 27, 1964—495; Sept. 2, 1964—529.

Two teachers were absent at this time. Mrs. C. B. Davis, high school Spanish teacher was ill in Rankin Hospital and Mrs. Ila M. Wheat, a junior high teacher, was out because of a death in the family.

Booster Club Meets: Elects New Officers

Rankin Booster Club held its first meeting of the new school term on Tuesday night, September 1. Some forty members were on hand to hear a report by head coach Don Leach.

New officers were also elected with Bill Winters being tabbed for the president's post, Billy S. Brown, vice-president and Gerald Reeves, secretary-treasure. Membership in the club is open to both men and women with meetings held each Tuesday night in the elementary cafeteria.

Each Team Has One Win in Series --

Red Devils Test Coahoma In Season Opener Friday

Rankin's Red Devils open the 1964 football season Friday night against a tough bunch of cookies in Coahoma. The Bulldogs, according to some observers, are among the more underrated teams in the state. Fans will recall the group that performed in Rankin last year. From this team, which gave the Red Devils a bad time

before dropping the tilt 31-14, the Coahoma school graduated only three seniors.

They will be making their first appearance under their new head coach and will have a weight advantage over the Red Devils. The Bulldogs have a forward wall that averages about 187 and boast a hard running 210 pound fullback. They recently took the measure of Colorado City in a scrimmage.

And all is not gay in the Red Devil camp. In practice last Tuesday, quarterback Roy Winters injured his right hand and there is some doubt as to whether or not he will be able to handle the ball by Friday. Passing is almost definitely out for Winters. Three of the boys also missed Tuesday practice from illness.

Coach Leach, recalling the 22-6 dubbing handed the Red Devils the last time they visited in Coahoma, was far from optimistic and said that the team lacked its usual amount of hustle.

Despite the indications that it may be a long night for Rankin, local fans were confident that the Red Devils will be up and ready for the Bulldogs and a large following is expected to be in Coahoma for kickoff time at 8:00 p.m.

School will dismiss at 2:30 for the game.

Following is the roster for the Rankin Red Devils:

10	Roy Winters	QB	162	Sr.
12	Joe Graham	QB	130	So.
20	Jim Pettit	HB	135	So.

22	Rob. Brummett	HB	160	Sr.

Teenage Workers Under New Law

Today Charles H. King, Jr., Commissioner of the Bureau of Labor Statistics, announced in Austin that he wished to remind the business men of Texas that if they expected to employ any child under the age of 16 years during the approaching school term, it will be necessary for them to take certain steps in order to comply with the Laws of Texas Concerning the Employment of Children.

Commissioner King explained that the "Child Labor Law" requires that any person who employs a child under the age of 16 in his business from September 1 to June 1 must keep posted on his premises a "Child Work Permit". These permits are procured from the local County Judge who generally requires before issuing such permit proof of the child's age; that the child has completed the 7th grade in a public school; a physician's certificate that the child's health is good or adequate; and facts to show the child's parents are in economic stress.

It was pointed out by the Commissioner that the 58th Legislature amended the Laws of Texas Concerning the Employment of Children prohibiting the employment of any child under the age of 14 from September 1 to June 1 of each year and removed the exemption to the law previously given children hired in agriculture, thus bringing children hired on farms, ranches or dairies under the provisions of the law unless such child is working for its parents on their own farm.

A condensed notice of the above changes is published elsewhere in this issue of The News.

County Judge Allen Moore said that anyone having questions concerning the employment of children should feel free to contact his office for any assistance that he might be able to give.

GREETINGS—

It is with a feeling of something more than gratitude—from \$2.25 to \$2.50, in fact—that I extend greetings and welcome to a substantial number of new subscribers who saw fit to take advantage of the August subscription specials. And, of course, I won't forget the many faithful who do their bit each year to keep us going. It's nice to know that folk think enough of the News to keep up their subscriptions—even if our 20,000 goal was not quite reached. I've always been told to aim high. In this instance, the aim was a little like a federal budget—well padded.

Perhaps, to the new readers, a word or two by explanation is in order on how we play the game—or read The News.

As you know, this is a very low budget production—not by choice but by necessity. For instance, there is no crossword puzzle. I just make mistakes in spelling and you try to catch them. No answers are printed as they are for crosswords. If I knew the answers, we wouldn't have any game. And besides, it has come to my attention that all of you who are always finding the spelling mistakes are actually poor readers. It has been proven

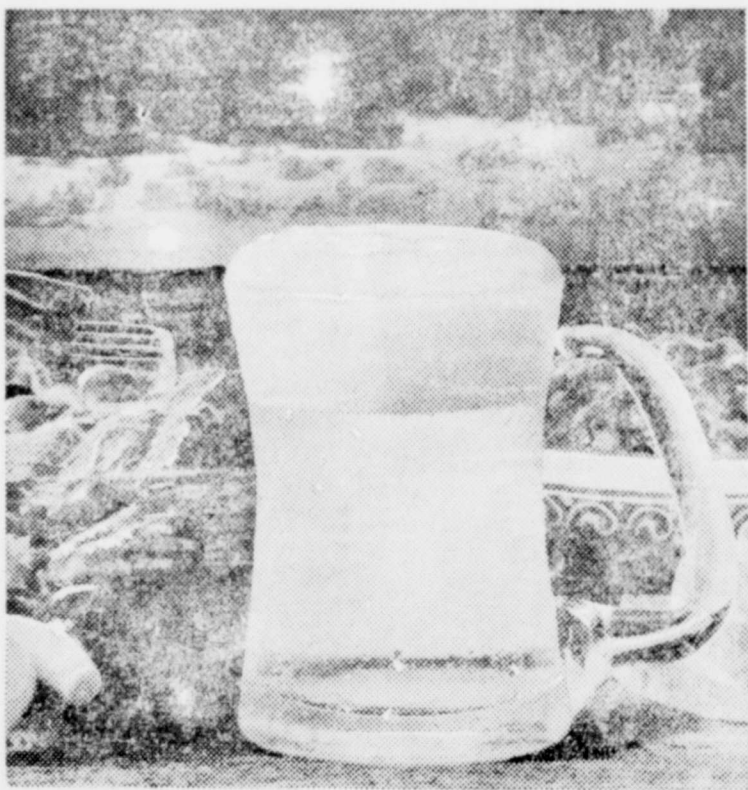

The Rankin (Tex.) News—

that, to read properly, you must glance at the word and take in its meaning—not spell it out in detail.

As for spelling, I recall that upon reaching final exams in my senior year in high school—taey used to require such subjects in all grades—a very dedicated English teacher decided that my very skimpy passing grade in that particular subject could be improved upon and insisted that I take the test again. I stood on my rights as a citizen, pointing out such long-founded principles as the individual having the right to determine how far he wished to extend himself, that we had certain inherent rights, etc.

And these were all good arguments. In fact, they were so good that I was invited to expound upon them in the presence of the high school principal. He listened very politely and then gave forth with some deeply astute reasoning of his own as to why one should improve his spelling whenever possible. As I recall, his remarks went something like this: "You do what the teacher says, boy—or else."

When faced with cold logic such as that, it's hard to resist

READING—

For those who like to read of the brave and wonderous deeds performed by our State Senator, Ralphie Yarborough, your attention is called to the September issue of Reader's Digest and the story called, "When the Bubble Burst in Crockett, Texas." Last Sunday's daily newspapers all carried releases from Ralphie in which he said the story was not true—that no one had lost any money as the result of some of his "government aid." These releases did not, however, explain how a U. S. Senator and a Fed-

era Bureau became involved and lent their support to a character such as the fellow who took the people of Crockett, Texas for a fast, gay ride.

Some things Ralphie explains and some things Ralphie doesn't explain. One wonders why his actions as a U. S. Senator need explanations in the first place.

FOOTBALL—

In past years, The Scoop has commented on football from this column. Now we are in a nine-team district and commenting on a mess like that would leave little room for knocking candidates and settling world-shattering problems under "The Scoop" heading.

So, I have transferred the football comments to another department. You will find them under the heading: "4th Down and 10."

**Elections Slated for
ASC Committeemen
In Upton County**

Hamp Carter, Upton County Chairman, Agricultural Stabilization and Conservation Committee, has called attention to the approaching election of ASC county committee for farm program ad-

ministration. Balloting must be completed before 5:00 p.m. on September 8, 1964.

Voting will be by mail and ballots have been sent to each known eligible voter. In case eligible voters fail to receive a ballot by mail, they can obtain one from the ASC county office in Big Lake. Generally, a farm owner, tenant, or sharecropper is eligible to vote if he is taking part or is eligible to take part in one or more of the programs administered by the ASC committee.

Envelopes containing marked ballots may be returned or mailed to the Reagan ASC Office, Box 606, Big Lake. Ballots will be tabulated publicly by the county committee at 10:00 p.m., September 9 in the Upton ASC office at the courthouse.

The following slate of nominees for the ASC county committee have been announced: Ray Barrett, Jr., Shankle Bloxom, Hamp Carter, DeWayne Lindsey, A. B. McGill, Preston Patton and Lewis Smith.

A committee composed of three members and two alternates is to be elected. The person receiving the highest number of votes will be chairman of the committee. The person with the second highest number of votes will be vice-chairman and so on through the second alternate committeeman.

Questions on eligibility to vote or hold office or on the election procedure, will be determined by the ASC county committee, subject to appeal to the ASC state committee.

2. "Taxes were cut \$11½ billion to increase the revenue. At the same time, expenditures were reduced to a figure which was \$5 billion more than last year."

3. "This was the first time in history that taxes were cut and expenditures were increased at the same time!"

4. "The Federal debt limit was increased \$15 billion to \$324 billion, to take care of so-called expenditure reductions and the tax cut."

5. "The deficit was reduced to an increase of \$2 billion more than the year before."

6. "We are providing some more billions for foreign aid . . . and we have more unfriendly nations now than we had when we started."

7. And to top it all: "The Government economists say there is so much growth in the economy—and such booming prosperity—that something needs to be done about poverty."

THE BOXED LUNCH—

Day after day, winter or summer, food for the "carried lunch" is serious business.

Peanut butter, cottage cheese, and ham are nutritious and wholesome until Mother gets in a rut and puts them into the packed lunch every day.

Variety will eliminate boredom, poor appetite and unpleasant experiences with pleasing the person.

To have good boxed lunch follow a few simple rules:

1. Select sandwiches to suit the occasions and conditions under which they are kept and served.
2. Carefully made sandwiches may be stored for 12 to 24 hours at temperatures under 50 degrees.
3. Select breads that team well with the filling.
4. Make every lunch exciting by having something different.
5. Use a variety of sliced breads and buns.
6. Spread a coating of soft butter, margarine, peanut butter, or cheese spread to the edges of the bread to avoid picking up moisture from salad type fillings. Use these coatings too, with honey, jelly or preserves.
7. Wrap sandwiches individually to prevent flavors of fillings from mingling.
8. Wrap salad greens and tomato slices separately so that they can be their best when eaten.
9. Pack one special sandwich every week.
10. Make lunch menu for a week.

Snake Repellents

Prove Ineffective

BY W. M. (DUB) DAY
County Agent, Upton County

Snake Repellents— Several new chemicals intended to keep snakes away from residential areas are now on the market. They are advertised as being able to repel and kill snakes.

Preliminary tests made at the

Houston Zoo indicate that the material had little effect on 12 different snakes including poisonous kinds. Each snake crawled over the repellent poured on the ground and did not show ill effects from exposure to the material.

Although these tests were not conclusive, we do not recommend the use of repellents until they can be proved effective and safe for use.

Facts about snakes:

1. Snakes apparently have no sense of taste.
2. Snakes are totally deaf.
3. One cannot determine the age of a rattlesnake by counting the number of rattlers.
4. The maximum speed attained by snakes recorded in actual tests was 3.6 miles per hour.
5. Snakes do not "sting" with their tail or

their tongue. 6. Snakes will cross a horse hair rope. 7. Snakes are not "slimy". 8. Whiskey is not a cure for snake bite. 9. Adults do not swallow their young for protection. 10. Water moccasins can bite under water. 11. Snakes can not jump at an enemy—ordinarily, a snake cannot strike more than 3/4 of its body length. 12.

to perform the work or labor for
which the permit is sought, issue
a permit for such child to enter
such employment. Every person,
firm, or corporation employing
such child shall post in a con-
spicuous place where such child
is employed, the permit issued by
the County Judge; provided that
no permit shall be issued for a
period longer than twelve months,
but may be renewed from time
to time upon satisfactory evidence
being produced that the condi-
tions under which the former
permit was issued still exist, and
no physical or moral injury has
resulted to such child by reason
of its employment. In every case
where a permit is sought for any
child, the parent, guardian or
other person in charge or control
of such child shall appear before
the County Judge in person with
such child for whom a permit is
sought before such permit shall
be issued. Nothing in this Act shall
prevent the working of children
of any age from June 1 to Sep-
tember 1 of each year except
they shall not be permitted to
work in a factory, mill, workshop,
or any other place where the em-
ployment of children is prohibited
by law.

Articles 1578, P. C. Inspectors to Have Access

The Commissioner of Labor
Statistics, or any of his deputies
or inspectors shall have free ac-
cess during working hours to all
places where children or minors
are employed, and any owner,
manager, superintendent, fore-
man or other person in authority,
who shall refuse to admit, or in
any way hinder or deter the said
Commissioner or any of his depu-
ties or inspectors from entering
or remaining in such place, or
from collecting information with
respect to the employment of
children as provided in this Act,
shall be fined not less than
Twenty-five Dollars nor more
than One Hundred Dollars.

Article 1578a, P. C. Exceptions

Provided that nothing in this
Act shall be construed as pro-

ON YOUR OWN TWO

Being a Column Dedicated to
the Proposition that only a Nut
would try to predict Football
Scores in Advance.

Last Saturday evening looked
a lot like the real thing with a
stand full of spectators out for
the Rankin-Robert Lee scrim-
mage. And half of them must
have been from Robert Lee.

It wasn't a very impressive af-
fair and it wasn't supposed to be.
Rankin moved the ball in spurts
and their defense held the same
way. One encouraging note was
in evidence and that was the ab-
sence of fumbling. I don't recall
a single time that Rankin lost
the ball and Robert Lee—only
once—via fumbles.

I believe that we can all take
heart—the Red Devils—given ade-
quate polishing time, are going
to do all right. And, for the rec-
ord, they won 13-6.

So we come now to the first
week of play and that bit of
foolishness of guessing who will
win. It's going to be tough this
year to pick winners in such a
large district with some teams
playing half-way across the state.
But here goes.

RANKIN over Coahoma— I al-
ways like Rankin in the open r.
They seem to be more ready for
that first game. Coahoma will be
real tough this year. Score: 13-
12.

CRANE pops Eldorado by about
any figure they would like to see
on the scoreboard. I believe that
this is the first time for the two
teams to contest in recent years
and Eldorado is going to get an
idea of what Rankin has had to
face the past few years with the
much larger school. Score: 25-6.

MARFA ought to sack Sander-
son without trouble. Score: 18-0.

Menard, Iraan and Junction are
all open, starting their play on
September 11.

From here on, it gets mighty
hard pickings. In the first place,
I can find no one who knows for
sure the opponent of Sonora.
Most think it's San Felipe of Del
Rio. Sonora didn't get mean un-

derstanding the employment of any
person or nurses, maids, yard-
servants or others for private
houses and families, regardless
of their age. Nothing in this Act
shall apply to employment at
farm labor of the members of
the family of a farmer, rancher,
or dairyman on their own pre-
mises, whether owned or leased.

Article 1578b, P. C.

Any parent or guardian of any
child, or any person who has
custody of any child, who know-
ingly permits such child to ac-
cept or continue employment in
violation of Articles 1573, 1574,
1576 or 1577 (Vernon's Penal
Code) shall be fined or impris-
oned, or both, in such manner as
would be any person, or agent,
or employee of any person, firm,
or corporation who violates the
provisions of any of such Articles.

til the latter part of the season
last year. I suspect that they are
going to start off mean this year
and are this forecaster's choice
as district champions.

They get the nod to win their
opener—whoever the opponent —
and to score 24 points in the
process.

McCAMEY edges Ozona. Ozona
is perhaps one of the underrated
teams of the district and may
shock the Badgers but the Lions
are also slow starters and for that
reason it looks like McCamey—
Score: 18-8.

And then we come to Big Lake
and the really hard one to de-
cide. Some think Alpine is des-
tined for great things this year—
to winning district, perhaps. It
could be but from here it looks
like:

BIG LAKE downs the Bucks in
a close-to-upset situation. Score:
7-0.

And there, dear friend, you
have the opening season's collec-
tion of what could very easily be
horrible mistakes.

SCHOOL DAYS

So you are going to educate that child of yours. Fine! But you should remember that you owe your child more than "reading, writing, and arithmetic." Someone has said: "An uneducated thief will steal a piece of coal; an educated thief will steal a railroad."
To train a child's mind without changing his heart is as dangerous as putting a loaded gun in his hands. You are increasing his capacity for evil.
The primary duty of Christian parenthood is to insure that we give back to God the children He has given us. Our children are also His children. We can be sure all is well with our children if we have brought them to God in Baptism and by faith in Christ Jesus their Savior.
Are you setting a Christian example for your child? Have you taught him that "the fear of the Lord is the beginning of wisdom"? Have you spoken to him about Christ and His forgiveness?
If not, our church—its pastor and people and educational agencies—stand ready to help you. "Come thou with us and we will do thee good."
