## Red Devils Open District in Sanderson Friday Nite

Still unable to operate at full strength due to injuries, still in quest of their first win of the new season and still not sure of just what they can do, a Red Devil team opens district play in Sanderson Friday night—ready or not.

Considered by most to be one of the weaker teams in this area, Sanderson is, nevertheless — on paper—stronger than the Rankin team. The Eagles have scored 30 points while allowing their op-

ponents 59. Rankin has managed to put 26 points on the scoreboard and has given up 93 to the opposition. Sanderson also has the third highest scoring back in the district.

Despite the statistics, however, the Red Devils will be in the favorite's role and it is this—along with the injuries—that has the Rankin coaching staff worried. They report that the Eagles can match the Red Devils in size and that they have improved in

their first few games. The fact that homecoming is only a week away is another distraction to the local team.

The Rankin-Sanderson schedule dates back many years—even

into the six-man days. Picking up with the eleven-man games, Rankin has won every game except one since 1956. Following are the results.

1952-6-7	1956 Rankin 32 - Sanderson 6
1953-12-7	1957 Rankin 18 - Sanderson 12
	1958 Rankin 22 - Sanderson 14
	1959 Rankin 32 - Sanderson 28
	1960 Rankin 34 - Sanderson 52
	1961 Rankin 20 - Sanderson 6
	1962 Rankin 27 - Sanderson 13
	1963 Rankin 27 - Sanderson 8
	1964 Rankin 40 - Sanderson 6
	1965 Rankin 56 - Sanderson 0
	1966 Rankin 68 - Sanderson 0

Rankin has scored for a total of 386 points in the current series while Sanderson has put 145 marks in the recordbook. In the past six years, the Red Devils have scored 248 points while the Eagles have posted 33.

Fans who have followed the games recall that Sanderson is always a hard game when played in Sanderson. The trip is long and the game is usually one that is marked by an all out effort on the part of the Eagles—and their boosters.

Sheriff Eckols reports that the road turning right at the foot of the big hill South of Sheffield is now paved all the way to Sanderson and represents the shortest route for Rankin fans.

### Series of Articles—

## GROUP TO UNDERTAKE PLAN ASSIST EXCEPTIONAL CHILDREN

Following is the first in a series of articles, sponsored by Rankin residents interested in helping children in this

people have shown in a series of problems present in any community. These problems concern any age who for several are exceptional. A child when the "exceptional children," is such is not always the example one child may be capable of learning at level, but has a physical that prevents him from school on the regular basis. Another child is in most circumstances; but different enough at as to bewilder teacher alike.

are other descriptions of children, but space taken here to explain

them. The group that is interested in these problems merely wants to express its intentions. First, we want to share our concern with other people by meeting periodically with other people in the area to plan ways to overcome the problems which exceptional children face. Second, we want to locate such children and their parents. Third, if there is a need, we hope to eventually initiate a special class for these children, so that their full potential can develop. Of course, a teacher with special interest and training will be necessary for such a class.

People, particularly parents who are concerned with exceptional children are urged to respond to this series of articles. Please call one of the following numbers if you have this interest: 693.2284, or 693.2208.

(This article is the first of a series. Next week's article will explain problems of physically handicapped children.)

## Sorority Starts Drive to Aid Flood Victims

Xi Epsilon Chi chapter of Beta Sigma Phi announced this week that they are sponsoring a collection drive in Rankin for victims of Hurricane Beulah and the flood-stricken areas of South Texas and Northern Mexico.

Any item of value will be accepted with particular needs being clothing and household items as well as food. A collection depot has been set up in the J. D. Gossett garage back of the Doctor's office and articles may be left there—to be shipped later by the Sorority to the areas indicated.

Those who have items they wish to contribute to the relief collection but who have no means of delivering them to the collection point, may call either Mrs. Gossett or Mrs. Ann Deel and they will arrange for a pick-up of the donations.

Prompt action with the contributions will enable the Sorority to make early shipment of

the items that are needed now by many of the victims of the disaster

### Golfers Talk Plans With Architect

A committee from Rankin Golf Club met Wednesday with Mr. Homer Pace of the firm of Pierce, Norris, Pace and Associates of Midland, the architectural firm working on proposed improvements to the club. They made an on-the-scene inspection of the golf course, the club house and other facilities, measuring distances and determining specific needs. The engineering firm is to have firm estimates on costs by next week.

As presently planned, the club will install a watering system for grass fairways — including at least three more water wells, a

## ROYAL STREET—

Who said Rankin wasn't a big town. After living here fourteen years, I learned Monday that we have a Royal Street. Tell the truth . . . did you know it?

Royal Street, although it has been on city maps for a long time, has just recently been put into service. It divides the several homes which moved into Rankin from Union Texas Petroleum and is located East of the Halliburton Camp.

If you haven't drove past that area lately, you should do so. It will—in connection with the well-kept Halliburton Camp—soon become one of the more desirable homesites in Rankin. Those folk are doing a fine job on their homes and have spaced them well—only three to each side of the block. They, along with the other UTP homes that are scattered to varied parts of Rankin, are going to be a mighty nice addition to the town and their

## KING TUT—

Not so long ago, Martin Luther King was looked upon by many as one of the more responsible Negro leaders. He plugged for a better way of life for his people through peaceful efforts. He did not believe in nor endorse violence to attain these goals—at least, he said he didn't.

But in recent months in an apparent effort to regain publicity being taken up by the radicals of the Negro effort, he has begun to sound more and more like a Black Power advocate and has, as a result, lost much of the support of people who could have helped him. Black Power, by the estimates of parties on both sides of the issue, represents less than 1 percent of the Negro population but because it is of a radical nature, it gets about 90 percent of the publicity and attention in the nation's press.

King has apparently decided—

"Dear Uncle Sam—Why do you  
allow me only \$600 income de-

year for a Cuban refugee.  
And if a Cuban boy or girl is

Retired persons receive \$168

but you say I need only \$50 per

The Vista Training Program  
cost \$3.1 million to train only 202

boy in the armed forces cost  
\$1,076.14, but you expect me to  
do the same for my youngster on  
\$600.

But this one takes the cake:  
You allow me only \$600 to take  
care of my child, but will give  
through A.D.C. \$800 to care for  
an illegitimate child. This leads  
me to believe you feel he is more

I am yelling, Uncle, because I

## Methodist Planning Special Services

In a day when there is so much news concerning Christian unity, there is no single event which more completely captures the sense of oneness than World-wide Communion Sunday, which will be observed at the Methodist Church in Rankin Sunday, October 1.

The day will find Christians of every color and creed uniting in the symbolic act of partaking of the elements of the Holy Communion.

Through the Methodist Committee for Overseas Relief, Methodist are able to join other churches in reaching out to help men, women and children who are refugees within their own war-torn land.

Added to the half million American service personnel in Vietnam, there are those in the U. S. and at bases elsewhere. These men receive moral support and

spiritual guidance which comes through chaplains.

## TSTA Meeting --

(Continued from Page 3)

The TSTA district which Hood heads includes teacher members from this area. A total of 18 local TSTA units comprise the district.

According to Hood a large number of accomplishments resulted from the workshop which was attended by approximately 150 district and local unit officers and leaders.

He said workshop participants suggested a number of ideas for future local, district and state programs. In addition, said Hood, many problems and challenges facing the teaching profession in Texas were discussed.

Hood was superintendent of Rankin Schools until moving to Snyder this year.

## ON YOUR OWN TWO

\* Being a Column Dedicated to the Proposition that all men are created equally but not necessarily so when it comes to winning football games — or forecasting their outcomes in advance.

### OWL GREASE—

We went, we saw and we were clobbered— but mostly on the scoreboard. Before last week's Red Devil-Owl tilt was over, fans had witnessed their usual thrill, a-minute affair that has marked past games between these two.

Rankin won the first quarter with no holds barred. Big Lake came back and edged ahead in the second and went on to ice it away in the third. The fourth was a sort of fouled up affair all around with Rankin proving that they did not lay down—no matter what the score. In fact, during most of the game, the Red Devils were their own worst enemy with penalties, fumbles and busted plays hurting them almost as much as the Owl team.

One thing the game proved — and if the Lakers had not had a well balanced and experienced team they would have found out too late—Rankin has the makings of a pretty fair ball club. It is going to take hard work by the boys but they proved in that first quarter that they have the stuff to win. Big Lake was a bit too experienced and more or less wore them down—that—plus the second half when the Devils went flatter than a flitter— whatever that means.

But everyone seemed pretty well satisfied and hopeful that before the season ends, the team can find itself.

During half-time, a sampling of Big Lake fan sentiment was taken and they were more than a little put out. They held that they had been grossly misinformed about what Rankin had and that the Red Devils were playing a lot harder than they had expected them to. That's what this corner has maintained all along. The Red Devils have some good boys. All they need is a little time.

### LOOKING AROUND—

On the verge of conference play, a bit of scanning around District 8-A gives one a slight headache and leaves more questions than answers.

Sonora has come out in their second game with apparently a great deal of improvement while Iraan failed to meet their big test in McCamey. Junction is a team that at this point has the best chance—on paper—of being a dark horse while Ozona—traditionally a slow starter— may find it hard to get started at all. For Rankin, the question is: will they shape up in time while for Sanderson and Menard, it now appears that there will never be

a time this season.

Eldorado has not looked too good but might spoil almost any team's hopes. Starting Friday, we shall see.

### THIS WEEK—

**RANKIN 25, Sanderson 6.** The Red Devils can do about whatever they like in this one but the Eagles will scratch them up a bit down in Sanderson.

**IRAAN 14, Junction 8.** Iraan—despite their won-lost record, has met the stronger competition and has the home field.

**ELDORADO 30, Menard 0.** No contest—proves nothing.

**SONORA 20, Ozona 8.** The Sonora Bronchos break out of the corral and head for green pastures.

**CRANE 28, Fabens 0.** Crane—like Iraan—has met some hefty competition and has made good marks without wins.

**BIG LAKE 28, Alpine 12.** The Big Lakers get back some of those points Alpine ran up a few years ago.

**MARFA 14—Parkland 12.** The Marfa people had a tough one last week and will have another this time.

**MCCAMEY 26, Stanton 6.** This Saturday game will be an easy opener for the Badgers.
