NOT YET—

"Confusion is a way of life in a newspaper office" so said some famous person.

Things are not yet back to normal around the News office. We are still having pressing problems . . . get the joke there. Press broke down . . . pressing problems.

It's a bit deep but it's there. One of the hardest parts goes back to the saying that you can't teach an old dog new tricks but this one is going to have to learn to operate a new and entirely different press—trick or no trick.

This week's issue represents our first efforts and the results are not too satisfactory. Maybe in time—maybe not.

DOG STORY—

Almost everyone who has a dog is aware of the warning not to leave the pet in the car for long periods of time—especially with all the windows up on a hot day. What most of us don't know is "how long is very long?"

Mrs. Ross Wheeler called last Monday to say that she had a

figure that might do as a rule of thumb. It is ten hours. That's how long their dog was locked in the car before anyone found him and it was pretty hot and the dog was pretty sick when discovered according to Mrs. Wheeler.

The story does have a happy ending, however. He (the dog) has fully recovered.

So watch it or you'll have the Human Society down on you and that's just a step or two behind the NCAAP.

But not everybody has that trouble. Over in Japan or some place last week, a plane crashed, killing a number of people, and a group of the local citizenry got themselves up a protest march about the planes flying in their air.

I expect those poor folk who were killed in the plane crash were sitting up on a cloud somewhere wondering just what they

ROEDO TIME—

O. K. all you boot and saddle people—it's rodeo time and you just won't be worthy of wearing the cowhides and rolled up hats if you don't get right out among the horseflesh Friday and Saturday. For nineteen years now the kids have been coming from all over to put on a first class show in Rankin and one of the best parts is the opportunity to extend them a welcome.

Along with that goes attendance at the rodeo and a cheering hand for their strong efforts. So put on your most Westernly looking togs, bow your legs a bit—put a chaw in your jaw if you like—and saunter on out to the rodeo.

We're gonna rope e'm, ride 'em and brand 'em, pardner.

The woman motorist was trying to navigate a traffic jam. She rammed the car in front of her, then tried to back up and knocked down a pedestrian. Then she tried to move over to the curb and ran into a hydrant. A policeman came up. "Okay, lady let's see your license." "Don't be silly," she groaned; "who'd give me a license?"

"Crazy Daze" Play Planned Sunday at Rankin Golf Club

Seven teams staged a neck to neck chase in the ABC tournament last Sunday afternoon at the Rankin Golf Club which marked the first time for the women to participate in what has been an all male game up to now. With the ladies playing as the "C" partner, indications are that they will be looking for more such tournaments in the future.

Low score was a three-under par for the team of Dean Stephenson, Charlie Hale and Genevieve Titworth. They posted a 69. Hot on their heels were the two teams of C. E. Winn, R. Wilhelm and Linda Nicholson and J. B. Hutchens, Rex Shepard and Edith James. Both were two under par at 70 with the Winn team winning on the toss of a coin.

Jack Shepard, E. M. Sullivan and Jean Shepard were one-under at 71 while B. W. Hale, James Scarborough and Myrie Brown played to even par. Don Brown, Leslie Young and Moodean Holdridge posted a one-over 73 while Jim Wells, L. Z. Titworth and Linda Wilhelm were in at 79.

This week, beginning at about 1:30, the club will stage a "Crazy Daze" tournament. Open to just about everyone, entry fee will be any old relic from around the home or office that the contestant would like to pan off on someone. It need not be new or even serviceable—just an object

of some sorts—an old can opener, a loud tie received as a present, a too-small swim suit, an old lamp—anything. It should be wrapped, put in a bag or a box.

These will be the prizes to be divided up among the winners.

Play will be in the form of a three-ball partnership with two men and one woman on each team. The men will play to their handicaps while the women will tee up the ball at the 150 yard

marker to start their play. Total score will count.

In addition, such other gimmicks as can be dreamed up between now and the tournament may be added, such as a drawing after play is completed that will permit a team to score a hole-in-one on a certain hole—or draw a five-stroke penalty on a hole. After all these little goodies have been drawn, the winners will be determined.

"We're trying to get as many people interested in the game as possible," said Dean Stephenson, the tournament director. "and by having something for everyone who are beginners the game is played will get down to serious tournament play."

SHOP CAREFULLY FOR BATHING SUITS

Summer is coming—and along with it, comes new bathing suits for the swimmers and sun worshippers in the family.

Careful shopping is important because bathing suits must stand

up to considerable hard wear—abrasion from surf and sand, exposure to direct sunlight, plenty of strenuous activity, and lots of laundering—all without losing their store-freshness. Here are shopping tips from qualified representatives of the swimsuit industry.

1. Examine the stitching—there should be a double row of stitches, rather than a zigzag stitch, around the legs to prevent chafing and riding up. There should be safety stitching at points of stress, especially at leg and back seams. All stitching and seams should be perfect, with no loose threads or skipped stitches.

2. Look for lining—most suits should be lined in the bra and crotch areas, and the bra should be constructed as carefully as any undergarment.

3. Be assured of perfect fit—every suit should be tried on to check for placement of trims and ruffles, location of waistline, good matching of plaids and patterns, and shoulder straps that "give".

4. Read the label—to make sure that the suit is colorfast, completely washable, and will neither shrink nor stretch out of shape.

Once you have bought the "perfect" suit, take a little extra care to keep it in good condition; wash it in soap or detergent suds after every wearing, rinse it well, blot it by rolling in a towel, and hang it to dry in a shady place. If a dryer is used, set the heat at a low temperature. This is important because most suits

With the Nineteenth staging of the Annual Upton County 4-H Club's All-Kid Rodeo at hand, preparations were moving at a

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.
