GOOD THING—

What has to be termed as one of the most beneficial community moves to be made in recent months was carried out last week by the Board of Directors of the Rankin Hospital when they purchased an ambulance for use in this area.

It's not that we've been entirely without ambulance service in this side of the county nor is the move designed to take over all ambulance work. We have had, for a number of years, the old black jobber that sits by the City Hall—and more often than not it did just that when it was needed, but we have also had the services of the Crites Funeral Home ambulance out of McCamey. Mr. Crites, who runs the business, has always been a dependable sort of fellow and

has come tearing up through the brush each and every time he has been called—but he's still seventeen miles from Rankin—plus a great deal more if the run was into the Midkiff area or east of Rankin.

A hurt or sick person can do a lot of hurting or sinking while an ambulance drives from McCamey to Rankin. It's entirely possible that that difference in time could mean the difference in whether the injured one lived or died.

We needed a good ambulance and a lot of people have talked about doing something about getting one. The Hospital Board got one without doing much talking about it and we can all

IN THE ACT--

It looks like presidential candi-
dates are coming out of every
nook and corner—at least as far
as the Democrats are concerned.
They have had two new hopefuls
more or less toss their hats into
the ring this week.

I'll bet it would come as a sur-
prise to some of you, however, to
know that right here in Rankin
we have at least one fellow who
is considering getting into the
race.

Ed Guy Branch came by the
office up in the middle of the
day—around 7 o'clock—last Mon-
day to pump a transfusion into
his subscription and said that he
just might get into the race.
However, since the Republicans
had already selected Nixon and
the Democratic field was pretty
crowded at this time, he was
thinking about coming out a-
gainst George Wallace on the
American Party ticket.

We talked some about his
qualifications for the candidacy—
he can tell 'em right up there
with the best of the lot—and I
was about ready to take on the
job as his speech writer when
he mentioned that he was plan-
ning to get Skinny Taylor to
make his nominating speech at
the 10 o'clock coffee break down
at Hurst Barbecue. That's when
he lost my support.

It's not that I don't think
Skinny could do a reasonably
good job at nominating Ed Guy—
especially if Shank Bloxom gave
the seconding speech—but I'm a
little like Bud Cummings said:
"I'd make a good politician ex-
cept for the fact that I can't
stand all that cigar smoke in
the back rooms."

Now if they want to get out
on the south forty to nominate
Ed Guy . . . well, we'll see.

Dear Sir:

Many scholarships are available that are not used because the general public has not been educated to know of their existence. One such student aid is the Connally-Carrillo Act. So few people know of this Act that Cooke County Junior College has established an office of information for the purpose of informing students throughout the State of Texas of the Connally-Carrillo Act. Cooke County Junior College will be happy to advise any student planning to attend any college of his rights under this Act.

The Texas Legislature passed the Connally-Carrillo Act in '67 which provides that a graduate of a Texas accredited high school can attend a Texas state supported college with tuition and fees paid by the state, if the student was in the top one fourth of his class and the student's total family income does not exceed \$4800.

Any student who plans to attend any state college and who thinks they are eligible for this program, should write or call me at Cooke County Junior College, Gainesville, Texas 76240, phone 817 HO 5-3476.

Sincerely,
Paul D. Thomas

Grazing Association Helping the Small Farmer & Rancher

Farmers and cattlemen are acquiring needed land resources by forming grazing associations and obtaining financial assistance from the Farmers Home Administration, the agency's County Supervisor, Robert E. Edwards, said this week.

A grazing association is composed of a group of family farmers and ranchers who join together to acquire and develop land to provide seasonal grazing for livestock belonging to its members. The nonprofit association is owned, operated, and managed by its members.

"Small farmers", Edwards has said, "can increase their incomes, make better use of land and water resources, and deve-

Other advantages of an association include providing opportunities to improve livestock quality, gain bargaining power in the market place, build more stable operations and strengthen the rural community.

The grazing associations now in operation in Texas range in size from 4 to 43 members, depending on the number of livestock to be supported and dimensions and quality of the land.

Winters Wed Saturday Midkiff Church

Barrett, daughter of Mrs. Bill Barrett of Roy Von Winters, and Mrs. W. F. Winters, were married on August 10, in the First Church of Midkiff. The Burks officiated.

The background for the ceremony featured a Bible on the altar table flanked by tapered candelabums. Baskets of blue and white carnations highlighted the foreground.

Presented in marriage by her father, the bride wore a formal length gown of embossed peau de soie in A-line silhouette. The gown featured front and back yokes and bell sleeves of imported chantilly lace trimmed with seed pearls. A chapel train of imported lace trimmed and high-

lighted with seed pearls fell in soft pleats from the back yoke. A tiara of seed pearls held the silk illusion veil. She carried an ethereal cascade of white carnations.

Jane Barrett, sister of the bride, was maid of honor. She wore an A-line cotillion blue dress of smooth peau de soie featuring an over-jacket of imported chantilly lace. She carried a long-stemmed white carnation with a white satin bow. Jesse Powell of Spur served as best man.

Soloist was Mrs. Joe Matheny of Odessa and pianist was Mrs. Ila Wheat of McCombs.

Serving as ushers were Troy Anderson, Gary Peterson, Bill Barrett, brother of the bride, all of Canyon, and William Haynes, cousin of the groom, of Las Cruces, New Mexico.

A reception followed the ceremony in the fellowship hall

of the church. Debbie Winters, sister of the groom, attended the guest register. Mrs. Dan Sikes and Mrs. Joe Clark served at the reception.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended so as to read hereafter as follows:

"Section 62. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the state, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of this state as it deems advisable. The Legislature may also include officers and employees of judicial districts of the state who are or have been compensated in whole or in part directly or indirectly by the state, and may make such other reasonable inclusions, exclusions, or classification of officers and employees of judicial districts of this state as it deems advisable. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this subsection; and persons participating in a retirement system created pursuant to Section 48-a of Article III of this Constitution shall not be eligible to participate in the Fund authorized in this subsection except as permitted by Section 63 of Article XVI of this Constitution. Provided, however, any officer or employee of a county as provided for in Article XVI, Section 62, Subsection (b) of this Constitution, shall not be eligible to participate in the Fund authorized in this subsection, except as otherwise provided herein. The amount contributed by the state to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time six per centum (6%) of the compensation paid to each such person by the state.

"There is hereby created as

an agency of the State of Texas the Employees Retirement System of Texas, the rights of membership in which, the retirement privileges and benefits thereunder, and the management and operations of which shall be governed by the provisions herein contained and by present or hereafter enacted Acts of the Legislature not inconsistent herewith. The general administration and responsibility for the proper operation of said system are hereby vested in a State Board of Trustees, to be known as the State Board of Trustees of the Employees Retirement System of Texas, which Board shall be constituted and shall serve as may now or hereafter be provided by the Legislature. Said Board shall exercise such powers as are herein provided together with such other powers and duties not inconsistent herewith as may be prescribed by the Legislature. All moneys from whatever source coming into the Fund and all other securities, moneys, and assets of the Employees Retirement System of Texas shall be administered by said Board and said Board shall be the trustees thereof. The Treasurer of the State of Texas shall be custodian of said moneys and securities. Said board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, moneys, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said moneys, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness issued, or assumed or guaranteed in whole or in part, by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political subdivision of

the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Employees Retirement System including land, equipment, and office building; or in such corporation bonds, notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Employees Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its

successors; and provided further, that not less than twenty-five per cent (25%) at any one time of the book value of investments of said Fund shall be invested in Government and Municipal Securities as enumerated above. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any enabling legislation."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 5, 1968, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas relating to the Employees Retirement Fund and the Employees Retirement System of Texas, revising provisions for investments of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Employees Retirement System."

"AGAINST the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas relating to the Employees Retirement Fund and the Employees Retirement System of Texas, revising provisions for investments of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Employees Retirement System."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this State.

Kent Comes Out Against Gun Control

Jim Kent of Monahans, Republican candidate for State Representative of District 66 of southwest Texas, spoke to the Optimist International Club of Monahans recently.

Kent, in blasting the proposed new federal gun licensing laws that have been suggested by the members of the current administration, stated: "The proposed new gun laws will not solve the problem of eliminating the possession of firearms by the 4 percent of the population that is actually guilty of misuse of firearms."

In offering an alternative to gun registration, Kent suggested that the Federal and State governments direct their efforts towards computerizing and scrutinizing the undesirable elements of society that will likely be guilty of misuse of firearms and toward enforcing existing gun laws. He stressed that "it is the criminal, not the firearm, that must be controlled."

In addition, Kent pointed out that if all the gnus were elimi-

Keep It Beautiful

If America hired people for the job, it would take largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we do for ourselves. All of us. Every family that spreads picnic lunch. Every boatman who cruises the lakes waterways. Every motorist who uses our roads highways.

It is the pleasure of the U. S. Brewers Association each year to give its fullest support to the Keep America Beautiful Campaign. Remember: Every Litter Bit Hurts.

This is our land. Let's treat it right.

Screwworm Danger on Rise in all areas

BY DUB DAY
County Agent

Screwworm fly cases have taken a sharp rise this year, and producers are being asked to remain on the alert for infestations in their herds.

Many factors have added to the increase in activity of the pest in Texas, but only by good management can the fly be brought under control again.

Some ranchers have had a tendency to become lax in their efforts to keep the pest from their herds. Treating all dehorned, sheared or castrated animals with approved screwworm "dope", coupled with close observation of livestock can once again rid the state of the profit-robber.

Although wet weather has kept many ranchers from getting close to some animals in their herds, now is the time for them to inspect all livestock for open wounds and possible infestations by screwworms.

Ten specimens should be taken from an infested wound and sent to the Mission Laboratory for identification so that control measures can be initiated in the area if the sample is positive.

For more information on collecting and shipping samples of suspected screwworms and for mailing containers, it is suggested that livestock producers stop by the agent's office in the Upton County Courthouse.
