Local Teacher gets State Nomination

MR. ROY JOHNSON, a science teacher in Rankin High School, was nominated for the office of president of the Science Teachers Association of Texas at their recent meeting in Austin. One of only three teachers in Texas to be so honored, Mr. Johnson, like some of the national candidates, fell slightly short of winning the state office when a Dallas professor of science was elected.

Tuesday Meeting Set for Low Income

The Upton-Reagan Center for the County Community Action Council, will have a public meeting for people in the Rankin-McCamey area from 7:30-9:00 p.m., Tuesday, Nov. 16 at the Center Building, corner of E. Fifth and Crockett Sts., McCamey.

Purpose of the meeting is to acquaint people in the two-county area with the Center and its activities toward helping the low-income citizen. Open to the public, anyone from the Rankin area needing transportation may contact Mrs. Lucille Robledo, Upton-Reagan aide, who will make arrangements. They should call 693-2540 at noon or after 5:00 p.m.

One Game Away from Clean Sweep --

Red Devils to Sanderson for Final District Game

Friday night in Sanderson, the Red Devils are expected to put the finishing touches on their 1968 District 7-A football crown. The Eagles have not scored on the Red Devils for the past three years and indications are that they will find little success in that department again Friday.

For Rankin, if it is an easy game, it will be welcomed since the last two or three contests—although won rather easily—have taken a toll of the Red Devils in the form of injuries. Several varsity players will be on the doubtful list for the Sanderson tilt. Coach Mitchell has indicated that he may use some of the B-Team players—whose season is now over—to fill some of the holes and give the starters a chance to heal and rest up.

Despite the distances—about 225 miles round trip—a good following of faithful fans are expected to be on hand and

WE'VE FOUND A LOOPHOLE

Contrary to what had been the general belief among sports fans, Rankin will not have to go to Sonora should they meet in bi-district. The game will be in Rankin.

A telephone check this week by the superintendent's office with the UIL in Austin confirmed the rule that says in general that only the last games between Rankin and Sonora—that counted in district standings—are to be considered. This means that last year Rankin went to Sonora for district play while the game played here this year was not a district game.

Sonora must yet beat Junction in order to reach bi-district.

rooting for a clean sweep by the Red Devils.

Rankin has now scored 199 points this year while giving up only 70; in district play they are 133-8. Sanderson, currently in the district cellar, has scored 66 points this year and have given up 198. In district they are 28 to 115

Seeking New Patrolmen

Sammy Long of the Department of Public Safety is making a special effort to obtain qualified young men for the position of Patrolman in the Department.

Long said, "All men must be between the ages of 20 and 35, have sound physical condition, at least a high school education or equivalent, and be of not less than 20/20 vision. High moral standards are required. Contact him or any other member of the Texas Department of Public Safety immediately."

Long urged interested men to get their applications in today and take the exam before all vacancies are filled.

THE NEW HAND—

The speeches have been made, the votes have been counted and we will have a Republican living in the White House for at least the next four years. Already there are those among us who are saying that hard times will soon be upon us.

Well, maybe so—who can foretell the future. But if such is to be the case, it's a little hard to see what the Republican can do about it—if government is ever responsible for such things—since the Democrats still control the Congress and that means the purse strings.

We spent eight years under Republican Ike and I don't believe times were much harder—or better for that matter—than they were before or since. However, such reasoning is not going to calm the nerves of those over forty who will remember as long as they live that a Republican was president in the big depression of the 30's and they just

won't be happy unless we have at least a recession under Mr. Nixon.

Personally, I don't look for many changes with the exception of the faces of people in high places. The present governmental set up is such that no one man could make a great or drastic change in just four years. We will continue to have our many social programs and like the population, they will grow and become more complicated.

About the only thing that Mr. Nixon could do would be to bring a little more business-like

And these new stamps are something to behold. No longer do you get an embossed likeness of George Washington, Ben Franklin and the like. Instead, you purchase a work of art with each six-center. Just about every thing in the book has been honored on these new stamps with the exception of newspaper editors and that tongue-lapping delight of all city dogs, the fire-plugs.

But who knows, they may be

George Baker asks for Views, Opinions

Ft. Stockton—In expressing his thanks to voters of the 66th District for a 2 to 1 majority in the race for State Representative, George Baker of Fort Stockton has asked that local residents of the towns and counties give him the benefit of their views on legislative problems and matters of both local and general concern.

"A legislator can represent the people intelligently only if fully informed of local problems and local thinking. It is my desire to represent all of the people, all of the towns and all of the counties of our district with fairness, and with the benefit of fullest possible information.

"It is my aim to make the office of representative in our district mean exactly that—your agent and your spokesman in Austin", Baker said.

Final, but official, returns in the 13 counties gave Baker a total of 12,397 votes, to 5,966 for Jim Kent, his opponent from Monahans.

next game and Sonora has not yet beat Junction so let's hold off 'till next week.

A CORRECTION—

A statement in last week's 4th and 10 to the effect that this would be Rankin's first district win since moving into eleven-man ball is not exactly true. What should have been said was that it's our first district win since moving into Class A.

In 1955 under head coach Ted Kirby with Bill Cook as his assistant, the Red Devils advanced to regional where they met Rochester. Rankin won the first half but that apparently served only to rile the Rochester Steers for they came back to take the match. This was in Class B.

Among those who played on that team were Charles Allen, Bobby McAden, Adolpho Aguilar, Joe Hamilton, Carlton Stephenson, Glen Welling, Gene "Bow-Wow" McCain, and Nub Brown—ing—to name a few.

THE GOOD GUYS—

This week, 4th & 10 wishes to forward a full book of Brownie points to the Dallas Cowboys. Sunday the New York Giants came to Texas for a visit and

the Cowboys—being the perfect hosts—went all out to help them win the game. Donating the visitors the ball three times deep in their own territory and otherwise goofing off, the Dallas Milkcows—excuse me, Cowboys—definitely proved that they can play with the best of them.

They may not beat anybody that's half-way good . . . but they can play with them.

THIS WEEK—

This week Rankin goes on the long haul to Sanderson and it hardly seems worth the effort. However, we can use an easy one for a change to give an assortment of injuries a chance to improve. Several of the starters are now on the doubtful list and may remain so for some time.

About the best that we can hope for is that they will at least be able to see some action in bi-district.

PICKINGS—

RANKIN 40, Sanderson 0. It was too bad about Iraan scoring but 8 points is not too much to give up in district play.

VAN HORN 14, Iraan 12. This could go either way but Iraan was too high last week.

SOCORRO 28, Clint 6. The end of a long season for these two.

BIG LAKE 30, Stanton 0. And congratulations are in order to our pet Owls.

OZONA 18, McCamey 14. The Badgers had hoped to do better season but ran out of steam.

JUNCTION 12, Sonora 8. This is a wild guess but it's the sort of thing that could really get things in a mess. You see, the Red Devils have now figured out
