

Friona, County Voters Give Cox Margin

Farmer County voters, like those throughout the area and unlike the state majority, went for Republican Jack Cox in Tuesday's governor's race.

Cox carried six of the county's eight boxes in compiling a 1008-919 vote edge over Democrat John Connally, who was elected Tuesday by a considerable margin.

Connally carried only the Bovina precinct (209-129) and Oklahoma Lane (77-70), as well as having an edge in absentee votes, 20-17.

Otherwise, Democratic candidates had the advantage over Republicans in the other races, although some GOP candidates carried various boxes in the county.

In the race for Congressman-at-large, Democrat Joe Pool

was given a slight edge over Republican Des Barry, 1061-937. Barry carried the same six precincts that Cox carried in the governor's race, however.

Walter Rogers, Democratic incumbent for congressman of the 18th District, received a 1125-885 vote from Farmer County, although Friona went for Republican Jack Seale (337-319), as did Rhea (34-18), and Lakeview (29-27).

Farmer County resident John Zahn, defeated in his bid for state senator by Democratic incumbent Andy Rogers, was defeated by Rogers in the county, 1202-983. Zahn's only margin in the county was in his hometown precinct at Farwell, 205-165.

Bill Clayton, Democrat elected to the office of state representative for the 91st District, got an edge of 1170-841

in the county, Frank Ford, Republican candidate, had majorities at Black and Rhea, and the two tied at Lakeview, 28-28.

Otherwise, it was the Democrats all the way, although Republican candidates, as they did statewide, picked up considerably more support than has usually been the case on state and district levels.

County voters joined those throughout the state in turning thumbs down proposed state constitutional amendment number 14, the "Trial de Novo" proposal.

There may have been some indecision about others on the bulky amendment agenda, but there was none on this one, as Farmer voters went against, 1,116 to 263.

As a matter of fact, county voters went on record as in favor of only three of the amendments. They were number 2 (welfare increase), by a 766-668 vote; number 4 (water reservoirs), by 720-657, and number 8 (disability payments), 702-660.

The number voting was surely a record for the county for an "off year" election. Almost 2,000 persons turned out, which was about double the number that voted in 1958, the last time a governor was elected when there was no president being elected.

Heavy voting caused the county totals to be late being assembled. In Friona, where 669 people voted, tabulators worked until after 1 a.m. Wednesday counting the ballots, and in Bovina, it was 3 a.m. before all the ballots were counted.

SITE STUDIED

Council To Accept Bids For New Water Tower

The Friona City Council voted Monday night to accept bids for a second overhead water storage tank for the city.

The bids are being advertised beginning with this issue of the Star. Bids are to be opened the afternoon of December 10.

In order to provide a site for the new tower, the council voted to purchase on options lots belonging to Raymond Jones, which is just outside the present northern city limits.

The site, in line with recommendations by M.R. Smith, consulting engineer for the city, will be a location considered suitable for such a tank.

The lots are described as lots one through six, block three, of the Jones Addition. The location is the north end of Pierce Street, where the intersection of 15th Street is made.

Bidders will make two bids, one for a 200,000 gallon tank,

and one for a 250,000 gallon tank. It was decided to hold bids for the foundation of the tank separately. It was Smith's contention that there could be a saving to the city by accepting bids separately.

Smith told the council that by locating the tank in the northern part of the city, maximum efficiency could be maintained in Friona's water pressure.

The engineer, who is associated with the firm of Parkhill,

Smith and Cooper, Lubbock, estimated that if acceptable bids were received December 10, a likely target date for completion of the new tower would be May 15.

In other items of business, the council approved a motion to purchase a nylon street sweeper broom from the Rynal Corporation of California, for the list price of \$258.20.

Bob Saunders of General (Cont. on page 3, Section II.)

Elections are over for another two years -- and I'm glad. And, since this is supposed to be a Democratic system of government, I will submit to the defeat which the rest of the state handed the candidates which I chose to support with my vote. But that doesn't mean that I won't yell like a wounded banshee if they get too far out of line. (Just a little bit can be too far sometimes.)

I am gratified to see that the majority of Friona voters agreed with my choice of candidates in most cases. Of course, it didn't help too much in the overall picture but it sure showed where we stand.

I have heard that the voting against a winning candidate could swing more weight with the official during his term of office if he was entertaining any thought of seeking another term. The idea is that the opposition must be won over else it might be cast the defeating votes in the next election.

If there is anything to this supposition, Friona and Farmer County should have their full say during the next few years.

Frankly, I am overjoyed with the turnout for the election Tuesday. I had hope for a good crowd but even my highest hopes were bested.

To every person casting a vote, I wish to extend my personal thanks and "Pat-on-the-back."

I am sure that a lot of the credit for the good turnout can go to the activity of the candidates themselves, they winners and losers, deserve special commendation.

There is another angle of the elections which warrants a little elaboration.

The good turnout at the polls during this off-year election shows high interest of the people in their state government. This interest was roused in the voters through active campaigning by the candidates and through the numerous news media.

The most immediate incident credited with sweeping the voters out of the woodwork is the Cuban Crisis. But there is not any one item or incident on which all the credit--or blame--can be placed--it all amounts to concern of the people for their governmental representatives.

As in the past, many people will think that since they have voted, they have done all they can and will forget the whole matter for two years.

There might have been a time when this type of thinking would be suitable but in the fast moving world of today whereas much can transpire in a single day as once happened in a month, it is not enough.

We must all keep up with the elected officials and make it our personal business to know what they are doing and how they are representing us. We can no longer let them go their own way until the next elections. It would be very dangerous, if not disastrous if the majority of the people failed to keep up their very recent interest in politics and the officials whom they elected.

There will not be time to catch up at the last minute, two years from now.

After all the witches, bog-
lins and vandals gave up and
went home Halloween night, the

TREAT RESULTS. . . Friona grade school students who were members of classes bringing in the most candy for charity Halloween night are, left to right, John Lee Rule, Benita McAlister, Johnny Bingham and Esther Smith.

"EVERYBODY'S CRAZY"

Juniors Present Comedy Tonight

The junior class of Friona High School will present its class play, "Everybody's Crazy," tonight at the High School Auditorium. Curtain time is 8 p.m.

A comedy in three acts, the play concerns three collegians who buy a broken-down hotel as a means of making money.

The three are Herb Stanley, played by Gary Renner, Elmer

Sneed, portrayed by Tex Phipps, and Tommy Wilkins, who is Gregory Jarrell.

David Carson plays the landlord, William Bates, who is after his money. Carolyn Gunn depicts Keturah Katt, an old maid who dabbles in spiritualism. Mary Ethel Wilson plays Julia Mather, her niece, who is in love with Herb.

Mrs. Spooner, a widow with a bundle of nerves, is played by Portia McGea. Geoffrey Van Gordon, a guest who walks in his sleep, is S. D. Baize. His wife, Caroline, is portrayed by Lois Moyer. Dianne Taylor plays their daughter, Celia, who is especially fond of a tick of gum.

Numan Loafman plays the part of an old bachelor who has nightmares. Carolyn Herring portrays Libby Ann, a cock who is afraid of ghosts. Kay Coffey is a colored man, who doesn't blame her a bit.

Edwin Taylor plays the bell hop, Jasper, who thinks "everybody's crazy." Garry Moore-

man plays the messenger boy. Oh yes. There's a ghost in the play, a real one, it seems. No one knows his identity, naturally.

SOS Date Scheduled

The date for Farmer County's Type I Sabin Oral Vaccine mass inoculation has been tentatively set for Sunday, December 2. It was announced this week.

Dr. Paul Spring, county health officer, said that preliminary plans called for clinics to be set up in Lazbuddie, Friona, Bovina and Farwell.

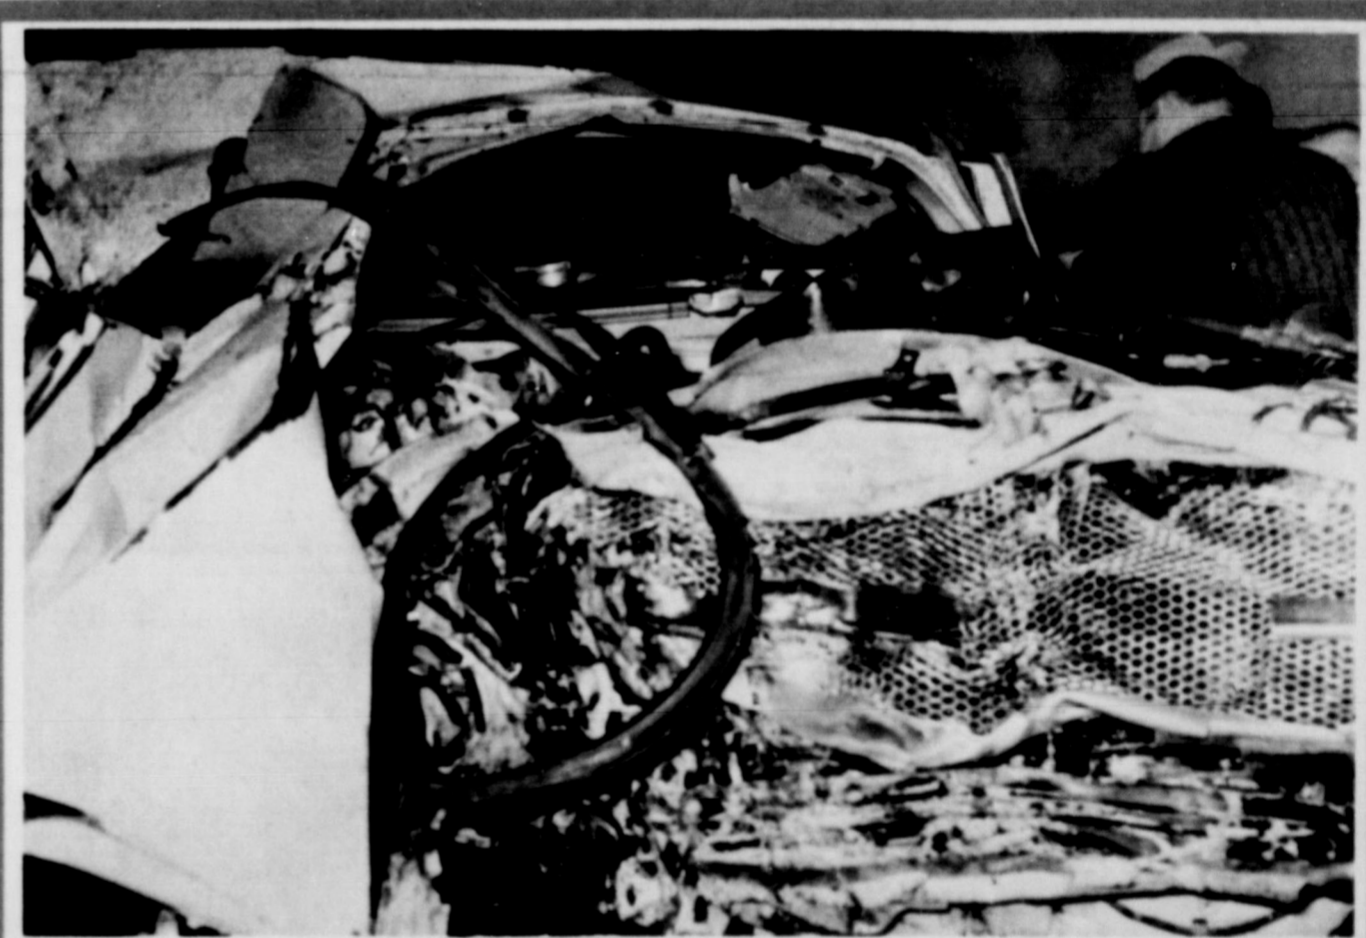

Contract Let On Farm Road

A contract for 4.5 miles of construction on FM Road 2397 in Farmer County has been awarded to a Lubbock firm, it was announced in Austin this week by the State Highway Commission.

James C. Kerr submitted the low bid of \$77,142 on the project. Grading, structures, base and surfacing from end of present FM 2397, eight miles southeast of Friona, east to Castro County line is expected to take 75 working days, according to Oscar L. Crain, District Highway Engineer at Lubbock.

Condition Critical

Latest reports from Mrs. Cecil Bass indicate that her condition is critical. She underwent open heart surgery at Parkland Memorial Hospital in Dallas Monday morning. Her husband, Mr. and Mrs. Hoyt Smith and Lewis Smith are in Dallas.

DEATH CAR. . . This is the 1961 Chrysler in which Mrs. Fred Carson of Friona was killed last Saturday in a head-on crash with another woman, Maxine Banks of Kentucky.

Workers are shown cutting the door from Mrs. Carson's automobile.

NEAR FRIONA

Head-On Collision Kills Mrs. Carson, One Other

Funeral services were held in Friona Monday for Mrs. Fred Carson, 39, killed in a head-on automobile collision near the city last Saturday.

Mrs. Carson and a Kentucky woman, Mrs. Maxine Spencer Banks were each killed when the automobiles they were driving collided on U. S. Highway 60, two and one-half miles southwest of Friona.

Mrs. Carson was returning from Clovis at the time of the accident; Mrs. Banks was enroute to Portales, N. M., from Sanford, Kentucky, for a visit with her mother and a sister.

Services for Mrs. Carson were conducted at the Sixth Street Church of Christ, with Paul Smith, minister, officiating. Burial was in Friona Cemetery, under the direction of Claborn Funeral Home.

Palbearers were Granville McFarland, Sloan Osborn, Rene

Sneed, Charles Allen, Marty Martinez and Loyd Shackelford. Honorary pallbearer was Dr. George Anderson.

Survivors include Mr. Carson, retired farmer-rancher-banker, who was hospitalized and recovering from pneumonia at the time of the accident, a daughter, Mrs. Jack Fulham of Friona and a stepson, David Carson of Friona.

Other survivors include her mother, Mrs. G. Farrington of Abilene; five sisters, Mrs. Hall Cutler of Pampa, Mrs. Perry Bennett of Anson, Mrs. Joe M. Downey of Nocona, Mrs. K. B. Blair of Dallas and Mrs. R. E. York of Monahans.

Two brothers survive, Jimmy Farrington and Kenneth Farrington of Abilene. A stepdaughter, Mrs. Vady Peters of Amarillo, also survives, along with several nieces and

nephews. Mrs. Carson was born Mildred Isabel Farrington in Denton, Texas, December 28, 1922.

She was married to Mr. Carson in September of 1956.

Medallions Awarded To Parmer Buildings

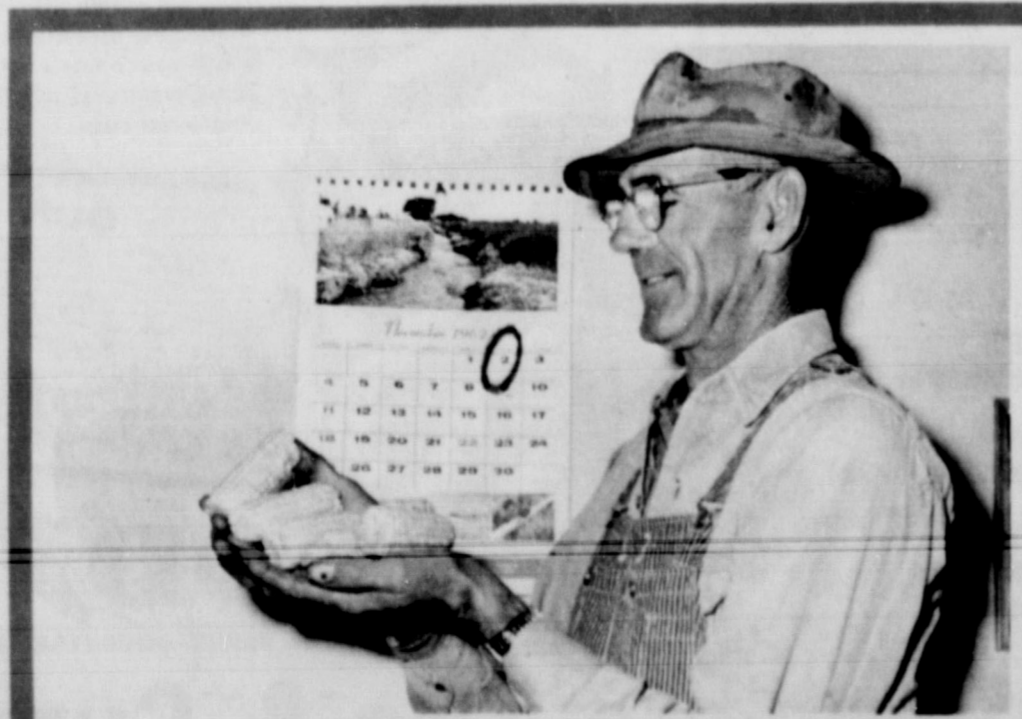

Two Historical Building Medallions have been awarded for structures in Farwell, the first for Parmer County. This announcement was made by Mr. John Ben Shepperd of Odessa, member of the Texas State Historical Survey Committee, sponsoring State Agency.

The Medallions have been sent for the Parmer County Courthouse and the old Bank Building which is now the Capitol Mineral Rights Company. Historical Building Medallions are awards of the State of Texas for structures of his-

torical, architectural or cultural significance to the area or the State of Texas.

The Old Bank Building was later occupied by companies that stemmed from the company that built the Texas State Capitol. It was one of the first buildings built in Farwell.

The three-story brick Parmer County Courthouse has been the scene of Parmer County development and growth. The structure is in good repair and is of Modernized Tudor architecture.

LATE CROP. . . Howard Ford displays ears of corn he picked on the date indicated on the calendar (November 2). Ford played the roasting ears on August 12. He said it was the latest maturing corn he had ever planted.

Dear Editor:
Following is a copy of a letter we were proud to send to the Friona Auxiliary Police. Please print it so that everyone may know of the fine job they're doing:

Auxiliary Police Friona, Texas
It has been noted that the diligent work and attention to duty by all members of the Friona Auxiliary Police Force on the evening of October 31, 1962 (Halloween Night), precluded a considerable amount of damage within our city. The manner and dignity with which you conducted yourselves is a credit to good police work. I join the Chief of Police in congratulating you on a job well done. The aldermen, school officials and the citizens of Friona are appreciative of your contributions to this important task.

R. L. Fleming,
Mayor of Friona

Trio Jailed On Charges Of Burglary

Three persons were placed in custody at Farwell last week on \$1,000 bond each. They are

charged in connection with the burglary at AA Bowl in Farwell, at which a television set was taken, along with a small amount of change.

last week. They are David Barner, Dale Kellogg and Gerald Ecker. Already in custody is Virginia Tully. The quartet, from the northeast and southeast, were employed by a travelling show.

The trio were jailed following extradition hearings at Portales

J.A. Bell Buried Monday

Funeral services for J. A. Bell, formerly of Friona, were conducted in Rose Chapel of Gilliland Funeral Home in Hereford at 2:30 p.m. Monday.

Mr. Bell, who moved to Hereford from Friona a few years ago, was born January 4, 1875 in Georgia and died November 2, 1962 at Hereford. He had been in ill health several years.

Rev. John Ferguson, pastor of in charge of the services. Pallbearers were C. E. Watts, Johnny Welborn, M. E. Dean, M. P. Vaught, Elmer Carlson and E. W. Kendrick.

Burial was in Friona cemetery following graveside rites at which Rev. Russel McAnally, pastor of Friona Methodist Church, officiated.

Mr. Bell was an uncle of Mrs. Will Osborn and W. B. Norwood, both long time Friona residents. Other relatives attending the services were Mr. and Mrs. Forrest Osborn, Mr. and Mrs. Howard Ford and Chloe Ann, Will Osborn, Mrs. W. B. Norwood and Lois.

Friona FTA Chapter Attends Conference

Eighteen members of the Friona High School Future Teachers Association attended the FTA District meeting at West Texas State College Tuesday.

Purpose of the meeting was for the election of officers for the year, selection of "Miss FTA," and conducting of workshops for the members.

Brenda Deaton, member of the local chapter, has served as a district officer for the past year. Sharon Reeve entered the Miss FTA contest.

Other than those two members, those attending the meet-

ing Tuesday were Carol Ray, Wanda Ready, Sandra Hoover, Cynthia Gunn, Donna Fulks, Janice Cunningham, Jan Wells, Pam Moorman, Martha Knight, Diana Taylor, Gayle White, Kay Neel, Roscoe Parr, Kay Burleson, and Mary Knight.

Mrs. Ernest Osborn, sponsor of the Friona chapter, accompanied the group.

Temps Stay About Same

Friona's weather ranged from a low of 36 Monday morning to a high of 72 last Saturday during the past week.

The city recorded only .02 inches of rain, that coming on Sunday, according to figures from the office of Arley L. (Jake) Outland, City Manager.

The means for the week were:

	Max	Min
October 24	66	37
October 25	62	41
October 26	70	42
October 27	72	47
October 28	66	44
October 29	68	36
October 30	71	38

Recent visitors in the home of Mr. and Mrs. Calvin Martin were Mr. and Mrs. Earl Lowder and daughter, Karen, of Brentwood, Calif.

Vandals Hit Area Farms

Two incidents of vandalism involving farm equipment were reported by Farmer County Sheriff Charles Lovelace.

Tools were stolen and damage was reported to combines on the farms of T. E. Wood and V. R. Wilcox, who live southeast of Friona.

The vandalism happened last Friday night, according to Lovelace.

Attend Funeral

Mr. and Mrs. Robert Collier and Mrs. Johnny Mars attended funeral services for Mrs. Maggie Blythe at San Angelo Monday. Mrs. Blythe was an aunt of Collier and Mrs. Mars.

AGRICULTURE'S EFFICIENCY...

Lets You Live Better...for Less!

DID YOU KNOW THAT . . .

- . . . Each U. S. farm worker grows 80% more food now than 15 years ago?
- . . . Today you work fewer hours to earn a month's supply of food—38 hours as compared to 59 hours 15 years ago?
- . . . In the U. S. A., only 20% of the average wage-earner's income is spent for food, while in Britain 30% goes for food, and in Russia 50% or more goes for food?

AMERICANS LIVE WELL . . . BECAUSE WE FARM WELL!

EXCLUSIVE ANGLE-BRACED LUGS MAKE THE BIG DIFFERENCE

MORE RUBBER PER LUG THAN ANY OTHER TIRE IN AMERICA. This is the "working" rubber, and the more there is, the longer the tire delivers peak traction and wear.

AVERAGE LUG WIDTH GREATER THAN ANY OTHER TIRE IN AMERICA.

LUGS DEEPER OVERALL THAN ANY OTHER TIRE IN AMERICA. Sheer pulling power from a deeper, more positive soil bite.

LUGS LONGER THAN ANY OTHER TIRE IN AMERICA. Greater frontal area to grip more soil, assure greater traction longer.

... ALL THIS WITHOUT LUGS TEARING OR FOLDING UNDER!

WE'VE GOT IT...THE TIRE WITH ANGLE-BRACED LUGS! SUPER-TORQUE!

OUTPULLS AND OUTWEARS ANY OTHER TRACTOR TIRE OR IT COSTS YOU NOTHING!

Try the Super-Torque. If it doesn't outpull and outwear any other rear tractor tire you've ever used, regardless of tractor, soil, or farming job, we'll give you your money back. Every red cent!

There isn't a better tractor tire value than Super-Torque! Field tests by more than 1,000 farmers have proved this. It digs deeper . . . pulls harder . . . wears longer than any other tractor tire. "Angle-Braced" lugs are the reason—an engineering breakthrough which allows extraordinary lug length and depth. So much more length and depth that after a full year's use a Super-Torque will probably have more wear and traction left than a brand new conventional tire.

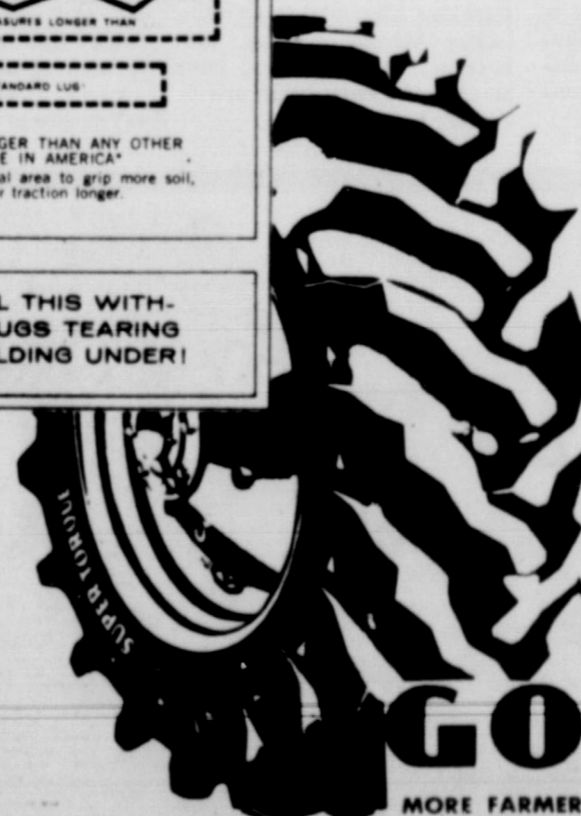

OUR PLEDGE

If in a full season's use (90 days from purchase date) your Super-Torque does not prove to have better field traction and less tread wear than any other rear tractor tire tested under the same conditions for a like period of time, your Goodyear Dealer or Goodyear Service Store, upon return of the tire, will refund in cash any portion of the purchase price. (This guarantee excludes comparison with special purpose tires.) Like all Goodyear tires the Super-Torque also is guaranteed against defects in workmanship and material without time or mileage limit. Any Goodyear tire dealer in the U.S.A. will make allowance on a new tire based on original tread depth remaining and current Goodyear Price.

SEE IT TOMORROW!

BUY IT TOMORROW!

TRY IT TOMORROW! YOURSELF!

MRS JAMES T. VARNER

Lindy Dean Weds James T. Varner

Miss Lindy Dean, daughter of Mr. and Mrs. Elmo Dean of the Rhea Community, became the bride of Airman 1/C James T. Varner, son of Mr. and Mrs. J. R. Varner of Friona, Friday evening.

Church paragon at 5:30 p.m. Mrs. Billy Sifford was her sister's matron of honor. Best man was Phillip Varner, brother of the groom.

The bride wore a street length dress of beige colored brocade satin with gold trim and bone accessories.

Others present were Billy Sifford and sons, Kenny and David, Mrs. Floyd Schlenker, grandmother of the bride, and Mrs. J. R. Varner and daughter, Gail.

Mrs. Varner, a 1962 graduate of Bovina High School, is an employee of Plains Publishers, Inc. of Friona and her husband is stationed at Cannon Air Force Base. They are making their home in Clovis.

Lisa Taylor Hosts Party

Lisa Taylor was hostess at a Halloween party Tuesday afternoon of last week. She was assisted by her mother, Mrs. George Taylor. Decorations of black cats, Jack-O-Lanterns and balloons were used.

After a game session, refreshments of pumpkin face sandwiches and orange drinks were served. Favors were noise makers and balloons.

Those attending in costume were Glenda Reeve, Terry Williams, Cathy Carrothers, Teresa Bingham, Beth Cranfill, Carolyn Murphree, Cindy and Carie Sue Messenger and Lisa Taylor.

Wedding Date Set

Mr. and Mrs. Frank J. Mustil of Stamford have announced the engagement and approaching marriage of their daughter, Ette, to Pete Jesko, son of Mr. and Mrs. Joe Jesko of Friona. Nuptial vows will be read Saturday, November 24 at 4:30 p.m. at St. Ann's Catholic Church in Stamford.

Of Interest To THE WOMEN

Club Meets In Renner Home

Nine members of the Fun and Fancy Club met at the Lee Renner home Thursday. Roll call was answered by revealing plans for Christmas. Ideas for Christmas decorations and gifts were discussed.

During the social hour refreshments were served by the hostess. Those present were Mesdames Lloyd Rector, Lloyd Mingus, Glen Mingus, Rudolph Renner Jr., Bill Bandy, Doyce Barnett, G. A. Collier Jr., Billy Dean Baxter and the hostess.

Next meeting of the club will be Nov. 30 in the home of Mrs. Bill Bandy.

Party Honors Hub Residents

Mr. and Mrs. A. E. Cannon and family and Mrs. and Mrs. Flake Thurman and sons, residents of the Hub Community, who are moving away were honored with a going away party at the Hub Community Building Saturday evening.

Gifts were presented to the guests of honor by T. I. Burlison Jr., president of the community organization.

Games were directed by Mrs. A. L. Black and Mrs. Billy Dean Baxter. Members of the Hub Home Demonstration Club served refreshments to sixty attendants.

Costume Party In Murphree Home

Jimmy Murphree was host for a Halloween party in the home of his parents, Mr. and Mrs. Curtis Murphree, Wednesday afternoon. Guests arrived in costumes and played games.

Refreshments were served by the host to Brad Beene, Tip Nunn, Jack Sheehan, Jay Cranfill, David Barnett and Brian Witten.

Mr. and Mrs. Willard Russell of Houston, Mo. have announced the engagement and approaching marriage of their daughter, Latha, to Neal Parson, son of Mr. and Mrs. Tommy Parson of Friona. Wedding vows for the couple will be read at Calvary Baptist Church Thursday, Nov. 22 at 3:30 p.m. Invitations are not being mailed locally, but friends of the couple are invited to attend.

Gene Awtrey Family Honored With Party

A going away barbecue supper and neighborhood party at the home of Mr. and Mrs. Lloyd Rector Friday evening honored Mr. and Mrs. W. E. (Gene) Awtrey Jr. and family. The Awtrey family is moving to Ulysses, Kansas in the near future.

Those present, besides the honored guests, were Rev. and Mrs. Russell McNally, Mr. and Mrs. Billy Sides and family, Mr. and Mrs. I. T. Graves and sons, Mr. and Mrs. Homer Lindeman and children, Mr. and Mrs. Floyd Rector and

children and Mrs. and Mrs. Charles Rector and children. Also Mr. and Mrs. Rudolph Renner Jr. and children, Mr. and Mrs. Porter McGee and family, Mr. and Mrs. Paul Hill and family, Mr. and Mrs. Leo Ruzicka and children, Mr. and Mrs. Lloyd Rector and children and Mr. and Mrs. J. T. Gee.

Past Matrons Honor Mrs. Pearl Kinsley

Members of the Kinsley Past Matrons Club honored Mrs. Pearl Kinsley with a covered dish supper in the home of Mrs. Charlie Bainum Friday evening.

Following the singing of the birthday song, gifts were presented to the guest of honor. During a brief business session it was voted to contribute to the exchange student fund.

Special guests were husbands of the club members. Games of 42 were played by the group.

Those present were Mr. and Mrs. Ed Boggess, Mr. and Mrs. Charles Russell, Mr. and Mrs. Leonard Coffey, Mr. and Mrs. Mack Bainum, Mr. and Mrs. Charlie Bainum, Mrs. Lem Miller, Mrs. Pearl Kinsley, Mrs. J. T. Guinn and Mrs. Ethel Chitwood.

Next meeting of the club will be in the Leonard Coffey home December 1.

Reece Twins Born Friday

Mr. and Mrs. Jim Reece of 4225 Monroe Street, Amarillo, became parents of twin girls Friday, October 26. They weighed 3 lbs, 12 ozs. and 4 lbs, 4 ozs. and were named Kelly Sue and Shelly Ray.

Kelly and Shelly have a brother, Russell, 2. Their grandparents are Mrs. Treva Reece of Canyon and Mr. and Mrs. D. B. Newton of Flagstaff, Ariz.

Mrs. A. O. Drake of Friona is the paternal great-grandmother.

Rebekahs Meet

Friona Rebekah Lodge met in regular session at Oddfellows Hall Monday evening with 19 members present. A report of five get well cards and 14 visits was made. Refreshments of coffee, cake and lemonade were served by J. B. Williams.

Something To Think About

6th. Street Church of Christ Box 515 -- Friona Texas

pressed. The finest clothes, the newest automobile, the most luxuriously furnished homes, and the most beautifully landscaped yards are definite symbols to man of his material success, but they contribute nothing to his standing before God. Human learning, higher education and coveted academic degrees may exalt the wisdom of man, but his spiritual rank before God is not determined by his intellectual development or amount of formal education he may have. No, the Lord "seeth not as man seeth." The Lord is concerned with man's humility, not pride; his character, not reputation or academic degrees. We may impress ourselves and others with material success, but they become mere flimsy veneer before the powerful, penetrating eye of Almighty God, from whom nothing is hidden. The following observation is of eternal value: "But the Lord said unto Samuel, look not on his countenance, or on the height of his stature; because I have refused him; for man looketh on the outward appearance, but the Lord looketh on the heart." (1 Sam. 16:7)

SOMETHING TO THINK ABOUT While man places great value on things that reflect his material status, God desires that we seek inward purity, an honorable character and spiritual nobility. Man may delight in his physical prowess, metal skills, or social

come to church Sunday

LIFE WITHOUT GOD

What is life like without God? Job gives a very descriptive suggestion in Job 6:6 where he says, "Can that which is unsavoury be eaten without salt? or is there any taste in the white of an egg?" Perhaps we can think of nothing that is as tasteless as an unsalted white of an egg. Just so is any life without God. Life alone and apart from God is most unsavoury and without zest. We may still have life, just as there is the white of an egg; but for an individual to exist and say he is living, and not be aligned and right with his Maker is like eating an unsalted white of an egg. Life without God may be dressed up and highly decorated too, yet without real taste. Suppose you were to prepare for a huge banquet, you sent out elaborate invitations and decorated the place to the limit. Then you secured a fine speaker of renown and had the very finest music and all that goes to make up an excellent program. Now you give orders for the best menu of food that can be secured, but you tell the cooks to omit salt on any of the foods. It matters not the extent to which you have gone in the other preparations, the banquet will not be acclaimed a huge success because of a tasteless meal. You may acquire much of this world's goods, you may climb to lofty personal success . . . as men count success . . . but if your life is apart from God and his forgiveness and His love and mercy, it is as tasteless as the unsalted white of an egg.

It's Time To Look Forward Toward Your 1963 Agriculture Financing

And Here's What

Production Credit Offers Farmers & Ranchers Specialized, Dependable Agricultural Credit

SPECIALIZED BECAUSE

1. It handles only agricultural credit.
2. The loan committee is composed of farmers and ranchers who know farming and ranching in this area and the General Manager who has had years of credit experience and training.
3. All personnel dealing with credit have an agricultural background and agricultural credit training.

DEPENDABLE BECAUSE

1. Local conditions do not affect our supply of money, since it is all borrowed through the Intermediate Credit Bank at Houston from the investing public all over the nation.
2. The Association is owned by those who borrow from it and is in business to help them make money.
3. It is strong. With over \$4,600,000. capital and reserves it can handle most any loan regardless of size.

LOANS ARE AVAILABLE

. . . for most any agricultural purpose---Operating Expenses, Equipment Purchases, Building, Land Purchases, Pay off existing indebtedness, and are made in line with man's equity in his business and ability to repay.

LENDING IN EXCESS OF \$40,000,000 ANNUALLY

Martell LeVeque Friona Rep.

Committees Named For FFA Program Of Work

The Friona Future Farmers of America Chapter has designated 12 committees to draw up the chapter program of work for this school year. One objective of the FFA is to help develop future leadership for citizens of tomorrow.

The FFA constitution has set up group activities which will give boys experience in developing leadership. The chapter program of work report must be submitted to the State Department of Education each year. In May, each chapter must file a progress report which shows how it has assisted its members in co-operative activities.

The following committees were appointed by President Larry Potts: Organization: Travis Graves, Chairman; Johnny Baxter, Kim Buske, Lonnie Ellis, Hugh Latham, Larry Loflin, Membership; Paul Hargus, Chairman; Howard Rhodes, Larry Schilling, Stephen Wagner, James Wilson, Kenneth White.

Supervised Farming: Greg Jarrell, Chairman; Rex Nelson, Lynn Phipps, Gary Renner, Edwin Taylor, Cooperation: Milton

Hargus, Chairman, Bobby Phillips, George Rushing, Chris Tannahill, Joey Taylor, John Taylor, Community Service: Numan Lofman, Chairman; Ronnie Procter, Mike Hand, Rex Bracken, Keith Blackburn.

Leadership: Larry Buckley, Chairman; Ronnie Brookfield, Irwin Brooks, Jerry Cass, Don Collier, Dale Milner, Earnings Savings and Investments; Jimmy Sneed, Chairman; Larry Moorman, Arlen May, Joe Bob Johnson, Danny Murphree, Gary Hand, Participation in State and National Contests; Dennis Howell, Chairman; Darrell Anthony, Jackie Clark, Bernie Deaton, Mike Wilson, Charles Fry.

Recreation: Tommy Baxter, Chairman; Ronnie Awtry, Danny Black, Aaron Drager, Public Relations: Tex Phipps, Chairman; Glen Hering, Everett Gee, Joe Dutton, Scholarship; Jesse Shirley, Chairman; Jackie Stowers, Eugene Weatherly, Rex Wells, Tom Bill Shelton, Bobby Ray, Conduct of Meetings: Larry Johnson, Chairman; Scott Cummings, Billy Dutton, Mike Fallwell, Roal Gibson, Eldon Long.

As a part of the FFA leadership program, contests are being held in chapter conducting, farm skill demonstrations, FFA quiz and farm radio broadcasting. In preparation for these contests, students spend considerable class time studying each subject. The best students are then selected and act as a team in the district, area and state contests.

Such Training, according to Mr. McVey and Mr. Pryor, Teachers of Vocational Agriculture at Friona, is one of the important subjects studied by students who are taking vocational agriculture. In addition to providing valuable training for adult life, it prepares students to conduct meetings while they are in high school.

Man To Face Bigamy Charge

Farmer County officials returned James Lyday, of Page, Arizona, last week to face bigamy charges.

Lyday was returned from Flagstaff, Arizona to Farmer County.

SCHOOL MENU

Monday--hamburger patties, buttered beets, pear halves, mashed potatoes, celery sticks, butter, rolls, milk

Tuesday--pork chops, green beans, rolls, butter, sweet potatoes, apple sauce, milk, chocolate pudding

Wednesday--pinto beans, greens, corn bread, butter, hot tamales, onions, light bread, milk, cherry cobbler

Thursday--fried chicken, buttered carrots, butter, milk, potatoes Au gratin, grapefruit sections, rolls, yellow cake

Friday--vegetable soup, pickles, butter, chili, crackers, milk, peanut butter cookies.

Council--

Telephone Company withdrew a proposal for a change in the method of charging customer "key" systems and an increase from \$1 to \$1.25 for each extension telephone, when councilmen failed to act on either of the proposals.

It was also voted to purchase a jet weed burner, for the city's use in special cases, from Kenneth Neel, local distributor, at \$385.00.

The City Manager was asked to make a special case of delinquent taxes owed the city by the Friona Hotel, and directed him to ask the City Attorney to make it a project to see that the taxes, delinquent since 1955, were paid.

The council decided to table a request for purchase of coveralls for city employees.

In his monthly summary of activities, City Manager Arley L. (Jake) Outland reported that a total of \$21,448.78 or 32 percent of the city taxes were collected during the first month of collections.

There were 10 building permits issued during the month of October, five for new residences for an estimated total of \$66,200; two permits for the Methodist Church and parsonage totalling \$82,320 and two business permits which brought the total building to \$160,420 during the month.

The Water Department reported that an average of 307,361 gallons per day were pumped during the month. Summer water rates ended September 20. Rainfall during the month amounted to .93 inches.

Five new water services were installed, bringing the total to 870. A block (315 feet) of two and one-quarter inch water main was installed between 9th and 10th Streets on Virginia Avenue.

In the Sewer Department report, it was pointed out that a major sewer main extension was made in the Drake Addition in the alleys of Block three and eight. A total of 700 feet of six-inch main and one 14-foot manhole was constructed at the intersection with 14th Street.

Ten stoppages were corrected and seven new sewer taps were made during the month.

Six fire calls were recorded by that department. Four were within the city limits for an estimated damage of \$6,850. A blaze at Friona Growers and Shippers October 1 was the major fire, for an estimated \$5,800 in damage.

The department purchased an oxygen bottle, which is said will make for a saving for refilling the portable bottles.

Police Department reported 36 arrests during October, 29 for traffic violations, seven for drunkenness. Halloween night activities were less than were anticipated, officers said, with a minimum of vandalism.

On the Street Department activities, it was reported that two weeks of the month were devoted to street and alley grading. It is believed that the alleys

ATTEND MEETING. Members of the Friona Future Teachers chapter which attended a meeting in Canyon Tuesday are (back) Mrs. Ernest Osborn, sponsor, Cynthia Gunn, Roscoe Parr,

Diana Taylor, Kay Neel, Pam Moorman and Kay Burleson. In Front are Sandra Hoover, Carol Ray, Brenda Deaton, Gayle White, Sharon Reeve, Martha Knight and Mary Knight.

Gospel Singers Organize Here

A group of persons from various churches in town met at the Assembly of God Church Sunday Night at 8:30 and after a period of singing Gospel Songs, organized a Community-Wide Gospel Singing.

There will be a Gospel Singing this Sunday afternoon at 2:00 P.M. This singing will be for all denominations and is strictly a non-denominational affair. Anyone who enjoys singing gospel songs is invited to attend. There will be congregational singing as well as special numbers, solos, duets, trios, quartets, and any other arrangement that anyone may desire to present.

Anyone wanting to hear good gospel singing is invited to attend and bring a friend. More information about this singing may be obtained by phoning either Cayson Jones or Forrest Osborn.

Castin--

damage reported was considerable less than last year. For this, the youngsters should be complimented.

BUT, there were a few who did not play the game fair. (I suppose there will always be a few of that kind in a group.) I don't mind the treating and wouldn't complain if some non-destructive trick were played on me if I refused to treat--but, throwing eggs on the car after being treated is not according to Hovle.

are in best condition that they have been all year.

The Sanitation Department reported a final mosquito dusting on October 5. One day was used for the use of the dump truck in hauling brush and tree limbs. The trash dump was serviced and burned thoroughly on October 25 and 26.

The annual audit for the City of Friona was made by E. T. Cummings of Canyon and his report is still pending.

Sophs Earn Chance To Start Friday

Coach Kenneth Miller said this week that his "all-sophomore" backfield which scored the two fourth-quarter touch-

downs last week at Morton would probably start against Muleshoe in the final home game of the season Friday.

"They definitely outplayed the other backs. I imagine they will be the starters Friday," Miller said.

The Chieftain coach said Tuesday that the team had the best workout it had had all year. "We really had a fine one," he said.

About the team's performance at Morton, Miller said it was the team's worst of the season. However, he did credit the efforts of Doug Dodd, Danny Murphree and Mickey Wilson, the latter for his defensive play.

He said that reports were that Muleshoe would present a tough team, perhaps as rugged as Dimmitt, although the Mules aren't as big physically as the Bobcats were.

While Muleshoe hasn't had a high scoring team, they have been tough defensively, holding both their district foes scoreless. "They have a good starting backfield, and defensively have good pursuit," Miller said.

Baptist Church Slates School Of Missions

A "School of Missions" will be presented at the First Baptist Church in Friona from November 11 through November

16, it was announced this week.

Beginning the series of programs Sunday night will be an address by the Baptist missionary to Taiwan (Formosa), Services Monday through Friday will begin at 7:30.

The mission program is carried out by all of the churches in the Amarillo Baptist Association. A different speaker will be featured each night.

Speakers will come from East Africa, home mission speakers from New Mexico, California, and the State Mission Board, from San Saba.

Rev. Boyd Pearce, of East Africa, will be the guest of the local church during the week, according to Rev. W. G. (Bill) Burton, pastor.

New Lawyer Joins Sheehan

Bill Sheehan has announced the association of Paul Yarborough in his law practice. Yarborough, a graduate of Littlefield High School, is an August graduate of University of Texas Law School.

He and his wife, Patricia, have a one year old son, Mark. They plan to move from Littlefield to the Fleming apartment on Elm Avenue.

Chiefs Uncover Backfield Combo In Morton Loss

Last week it was the fourth quarter that Friona outplayed their opposition, waiting until then to do any offensive work, and by then it was too late, although the Chieftains did salvage some prestige, and uncovered a new backfield combination in the process.

Trailing 37-0 with ten minutes remaining to play, Friona

rallied for two touchdowns by an all-sophomore backfield, and cut the final margin to a more respectable 37-14.

Halfback Doug Dodd was the Friona standout. The 155-pounder sparked the delayed comeback by picking up 86 yards on seven carries, scored one touchdown and set up the other, which was made by another soph, Danny Murphree, after which Dodd ran the points.

The fourth-period outburst kept Friona from being blanked in every sense of the word. Going into that period, the Chiefs had only one first down, and four net yards.

After Morton scored to make it 37-0, Friona decided to go work. Dodd returned the kickoff to the Friona 40, almost getting away. After Jim Sneed picked up three yards, Dodd gained 11 on two plays to the Morton 46. He then set up Friona's first touchdown, with a 26-yard burst through the middle, carrying several Morton defenders the last few yards with him.

A penalty against the Indians advanced the ball to the ten, and Murphree, given his chance with the ball, gained that distance on two consecutive carries, the final being six yards for the score. Dodd blasted in for two points, and the margin was pared to 37-8.

The Chiefs came into possession of the ball a little later on a Morton fumble, and began to drive once again, using the trap play to good advantage against the larger Indians, as they had in the previous drive.

Dodd, Murphree and Sneed

took turns during the drive, Dodd once again getting loose on a big gainer, this time on a 28-yarder to highlight the drive. He broke through from 11 yards out to claim the score, and cut the margin to 37-14. But that was their last chance at the ball.

Dodd's eight points tied him with Gee for the scoring lead on the team at 14 points. His 89 yards rushing ran his season total to 202, an average of five yards per carry, and moved him into second place behind Gee, who has been unable to do much lately because of an ankle injury.

The first three quarters saw Morton move practically at will. Fullback Larry Dupler was the sparkplug, scoring four touchdowns. He scored three of them in the first half, as Morton took an 18-0 lead to the dressing room.

Friona fumbles helped the Morton team to two of its scores. The Indians had Sherrill Griffith, a regular guard, at quarterback, but the sophomore showed tremendous polish for his first game. Regular quarterback Charlie Ledbetter had a shoulder injury, and ran from the fullback position.

The Indians drove 80, 27 and 18 yards for their first half scores, and on the first play from scrimmage in the second half, Dupler scored his fourth touchdown by intercepting a pass and running 45 yards for a 24-0 Morton lead.

Friona still couldn't move, and a nice 56-yard quick-kick by S.D. Balze backed Morton up to its own 10-yard line mid-

way of the third period. But that just caused Morton to have to go farther, and they drove the 90 yards in 11 plays for a 30-0 lead, as reserve halfback Sandy Wallace got the TD.

Another pass interception gave Morton its last score. Halfback James Beseda picked off the aerial and raced from his own 40 to the Friona 28. Six plays later, quarterback Griffith blasted in for the final Morton touchdown on a quarterback sneak up the middle. After end Ernest Chesshir kicked the only successful Morton point-after, the Chiefs decided to get on the scoreboard.

Longhorns Host Hart In Friday Contest

The Lazbuddie Longhorns, their team number trimmed due to disciplinary reasons, host Hart Friday in their next-to-last game of the year.

The Longhorns, with new players at six starting positions, were no match for the powerful Bovina Mustangs last week, and the Mustangs coasted to a 54-8 win despite efforts to hold the score down.

"I have nothing but praise for the boys who played Friday," said Coach Charley Walton. He explained that the Longhorns had four sophomores and three freshmen in their starting lineup, many of whom had played little.

"Hallie (Gee) went out of his way to hold the score down," Walton explained. "He understood our situation and was

very nice." The teams played eight minute quarters the final half.

Walton said that guard Harold Redwine played his usual steady game for Lazbuddie, and was the standout. He also gave credit to Gary Mac Brown, who scored the Longhorn's only touchdown on a 67-yard run. Freshman Ramon Cortinas, playing his first varsity game, was cited for a good performance, as was another first-year player, quarterback Hoppy Jennings.

Senior Girl Scouts Take Bicycle Ride

The senior Girl Scout troop had a bicycle hike Saturday, October 27. Ten of the girls made the trip, taking their sack lunches and riding some of 12 miles.

The troop ate their lunch at the Glen Mingus farm. The girls were gone from 9 a.m. until 4 p.m.

The girls also met Wednesday, October 31 at the Methodist Church, and made posters advertising their baby-sitting services during the election.

Those attending both meetings were Martha Martin, Kathy Jones, Lou Cochran, Carolyn Guinn, Shirley White, Becky Turner, Cindy Ingram, Linda Fallwell, Vicki Moorman, Glenda Mingus and Edith Johnson.

You could lose every cent you have by having the wrong insurance on your car or home!

After an accident, it may be too late to discover you don't have enough liability insurance. Do you have enough now to protect you against a staggering judgment?

After a fire, it's too late to wish your home insurance was up-to-date. Since inflation has increased the worth of your home, you should correspondingly increase your insurance coverage. Have you?

Protection Week

This week, November 4-10, is Protection Week. Be sure

you're really protected. Check up on your car, home, or business insurance now!

We'll be happy to analyze your insurance or appraise your home. Without charge, of course. Call us today.

'63 Chevrolet Trucks

THEY'VE ALWAYS BEEN TOUGH BUT NEVER STRONGER THAN NOW!

You can be sure that new engines, frames, suspensions that licked Mexico's Baja Run will work for you long, faithfully and at traditionally low Chevrolet cost.

A Chevrolet truck has always been a sound investment because of its quality construction. This is what makes it give you an honest day's work every day at very low cost and—when you are finished with it—return more resale money to your happy pocket.

This year stronger frames, engines that can pull more, and practically tailor-made suspension systems make Chevrolet trucks a better buy than ever. If you're in the market now, we'd welcome the chance to tell you about, and let you drive, the new trucks. Just give us a call.

See the "New Reliabilities" now at your Chevrolet dealer's

James T. Varner of Friona has been promoted to airman first class in the United States Air Force.

Airman Varner is assigned to the 474th Tactical Fighter

Wing at Cannon Air Force Base near Clovis, New Mexico, as an administrative specialist.

The newly promoted airman is the son of Mr. and Mrs. James R. Varner in Friona and attended school here before enlisting in the Air Force.

Burton Honored During State Baptist Convention

Rev. William G. "Bill" Burton, pastor of the First Baptist Church of Friona, was elected last Thursday by the Baptist General Convention of Texas in Fort Worth to the board of trustees for a proposed new Baptist hospital in Amarillo, to be built within the next four to five years.

The Amarillo Area Foundation, a Panhandle region fund-raising and civic organization,

NOW AVAILABLE

G. I. and FHA homes to be built in Friona. 100% G. I. loan and 97% FHA loan. If interested in new home, contact us.

is raising the \$5 million to construct the 200-bed hospital, and will present the building fully equipped to the Baptist convention as a gift.

Messengers to the convention voted Thursday to accept the hospital and to operate it as the ninth Baptist healing institution in the state.

The hospital will be built as a part of a medical center complex in Western Amarillo, with tentative plans calling for a psychiatric hospital, a nursing school, and perhaps a medical school.

A 25-acre plot of land on which the hospital will be built will be included in the gift from the Foundation to the Baptist convention, along with \$200,000 operating fund, provided the Baptist convention will operate and administrate the hospital.

Weekend guests in the home of Mr. and Mrs. Bert Shackelford were Mr. and Mrs. G. E. Shackelford and children of Perryton.

Rhea Residents Attend Rally

Residents of the Rhea Community attending the Lutheran Women's Missionary League fall rally at Christ Lutheran Church in Amarillo October 29 were Rev. and Mrs. E. A. Binger, Mrs. Chris Drager, Mrs. Walter Schueler and Mrs. Franklin Bauer.

"Go Ye Into Africa" was the theme of the day. Rev. J. L. Konz, who served as a missionary in Africa 16 years, was the guest speaker.

His talk was illustrated with

articles obtained there and slides made in that country.

Sunday visitors in the home of Mrs. A. O. Drake were Mr. and Mrs. Josh Howard and Mrs.

Frances Howard of Abernathy and Mr. and Mrs. Jarrell Wright of Friona.

THANK YOU

Let me take this opportunity to say THANK YOU to all who supported and worked for me. Words can never express my gratitude and appreciation for your help.

To all the people of the 91st. District -- It will indeed be a pleasure and honor to serve as your State Representative and anytime I can help you in anyway please call on me.

THE HIGH PLAINS FARM AND HOME

RAD Program Defended By Parmer County Agent

County Agent Deryl Coker this week defended attacks on the Rural Area Development program (RAD) as unfair, erroneous and completely without basis.

The program, a part of the Agriculture Act of 1962, has been given to the State Extension Service for organization.

"There has been some adverse publicity on the program, which tries to say that the program will make for more Federal control, but this just isn't right," Coker charged.

As to Parmer County's participation in the program, Coker said that there would be a reorganization of the county's Program Building Committee.

"The committee will act for Parmer County like a county chamber of commerce. It will be the people's committee, and what they decide will be for the betterment of Parmer County."

"The committee can either vote yes or no on a matter, as they see fit, and I don't see how that involves federal control," Coker continued.

"To summarize," the county agent went on, "it is a democratic means by which representative local leaders can plan and carry out a course of action designed to fully develop and utilize the total resources of the

county with the assistance of local and outside organizations." Coker emphasized that there will not be an RAD committee as such in the county, but that the program will be carried out by the regular County Program Building committee.

Functions of the committee will then be broadened to include the following:

1. Analyzing and interpreting the county's situations and trends.

2. Identifying the county's problems.

3. Estimating long-range objectives.

4. Determining priorities.

5. Preparing from the above a county program aimed at total resource development.

6. Providing leadership and assistance for program implementation.

"The program should be an ideal means of giving the Extension Service and other Department of Agriculture agencies an idea of what we should work toward," Coker concluded.

4-H Achievement Program Saturday

The annual 4-H Achievement program will be held Saturday, November 10 at 6:30 p.m. at the Hub Community Center. A covered dish supper will be served for all 4-H Club members, parents and guests.

After the meal, 4-H achievement award medals will be presented to all eligible members who entered their record book in August for judging.

Following the awards, each of the community 4-H Clubs will present talent skits.

Extension Agents Attend Annual State Conference

Parmer County Extension Agents, Miss Ettie Musil and Deryl L. Coker, were among the one thousand Texas Extension Service employees attending the Agents and Staff Conference held October 29 through November 2 at College Station. Theme for the conference this year was "Pursuing Excellence."

Speeches were presented by Administrator E. T. York, Jr. with the Federal Extension Service in Washington, D.C., who spoke on "Achieving Ex-

cellence in the Cooperative Extension Service." Other speeches included "Achieving Personal Excellence," "Identifying, Motivating and Developing Leaders for a Program of Excellence," "Citizenship Responsibility in a Democracy," "Creating an Image of Excellence for Cooperative Extension," and "Concept of Excellence in American Family Life."

It was stressed in the speeches that Extension Service personnel must broaden work with clientele beyond whom they now work with. Programs in consumer education are most important. According to statistics 40 per cent of the brides are 19 years of age or younger. Many programs based on the use of money rather than family income are needed. Both of the extension agents said they found the conference educational, as well as inspirational and challenging.

DERYL COKER ... Defends Attacks

Sterile Fly Program Changes Announced

Extension of the sterile fly release area and changes in the fly release rates were announced by officials of the Southwest Screwworm Eradication Program last week. The

latter will put a heavier burden of responsibility on individual livestock producers, Deryl Coker, Parmer County agent said.

An additional 10,000 square miles are being included in the fly release area in western Texas and the number of flies released will be stepped up in some areas and reduced in others. While definite release rates have been designated for all areas, this will tend to vary according to the number of confirmed screwworm specimens sent to the Mission laboratory for identification. Thus, says Coker, the producers, themselves, will largely determine how many flies they will get each week.

The additional area is composed roughly of the territory encompassed by a line running west from the old line along the Sutton - Schleicher County line, passing just south of Ozona and Sheffield and continuing westward until it intersects with a line coming north from the U. S. - Mexico border and passing through Sanderson. This line could vary somewhat, officials have said.

This new release area will receive 600 sterile flies per square mile per week. The Edwards Plateau and surrounding territory where native flies still exist in large numbers will receive 1,000 flies each week. The areas in southern Texas where fewer screwworm cases are being detected will receive 400 flies per square mile each week.

Program officials will be watching the number of specimens confirmed as screwworms which are sent in to the laboratory each week by livestock producers and livestock inspectors. This will largely determine whether the number of flies being dispersed in any area should be increased or reduced. So, says Coker, it is up to producers to check their livestock on a regular basis and send in samples, unless they want to run the risk of having the number of sterile flies released in their area reduced.

He said producers should put about 10 maggots or worms from a wound in a container of alcohol or water and send it to Box 969, Mission, Texas.

DIP INTO

REAL DRIVING CONFIDENCE

... the kind that results when you give your car adequate protection. It's as simple as regular use of Shamrock Motor Oil. Shamrock Motor Oils come in different categories as engines do. Your Shamrock dealer will recommend the right one for your car. You'll notice a strong family resemblance in Shamrock's new motor oil cans! There's an even stronger one in their quality... quality you can measure by your car's performance.

Delegates To Adopt State Policies At FB C Convention

Delegates to the 29th Texas Farm Bureau convention at the Granada Hotel here November 11-14 will adopt state policies for the coming year and make recommendations on national policies.

Bureau members and their families, which would make this the largest convention in TFB history, are expected to attend. The 200 organized county Farm Bureaus are eligible to send more than 750 official voting delegates.

The 39-member state resolutions committee will meet here November 7 to draft tentative resolutions for consideration by voting delegates on the last two days of the convention, November 13-14. Hundreds of recommendations on scores of

issues have been received at the TFB state office in Waco from county Farm Bureau conventions.

Adopted resolutions on state-level issues will become the policies of the Texas Farm Bureau next year. Approved resolutions dealing with national matters will be forwarded to the American Farm Bureau Federation convention which will be held December 9-13 in Atlanta.

agriculture and government will address the convention as guest speakers. They include: Radio News Analyst Paul Harvey; Roger Fleming; secretary of the American Farm Bureau Federation; Senator John Tower of Texas; Wayne Tyler, manager of the AFBF's American Agricultural Marketing Association; and the Governor-Elect of Texas, either John Connally or Jack Cox.

annual address to the convention on the morning of Nov. 12, Tyler will speak at a general commodity conference Monday afternoon. Tower, Fleming and the Governor-Elect will speak Tuesday morning, Nov. 13 and Harvey will be banquet speaker that evening.

Registration will get under way at the Granada Hotel at 2 p.m., Sunday November 11. A talent fund and talk meet for Farm Bureau young people will be held that afternoon. On Sunday evening, Dr. Herbert R. Howard, pastor of Park Cities Baptist Church, Dallas, will be speaker at a vesper service.

KEEPING FIT should be fun especially for those over 30 years of age, according to Dr. Warren S. Guild of Harvard Medical School. The doctor, a former marathon runner, suggests that exercises such as hiking, cycling, swimming, rowing, mountain climbing and running are excellent for attaining physical fitness.

Classing Offices Report Slight Increase In Quality

The Lubbock Cotton Classing Office reported 28,500 samples classed for the week ending November 2 and had a carry-over of 3,500 samples. The Lamesa office classed 7,600 samples with a carry-over of 1,000 samples. The Brownfield office classed 9,200 samples with a carry-over of 1,500 samples.

and shorter .5; 29/32, 9; 15/16, 57; 31/32, 27; 1 inch, 5; 1-1/32, 1; and 1-1/16 and longer .5 percent.

The micronaire reading percentages for the week were: 2.7-2.9, .5; 3.0-3.4, .5; 3.5-3.9, 19; 4.0-4.4, 44; 4.5-4.9, 28; and 5.0-5.4, 3 per cent. Readings of 2.6 and below and 5.5 and higher each came to less than one half of one percent.

The movement of cotton on the Lubbock market continued to increase this week, with the Lubbock Cotton Exchange reporting 16,800 bales purchased for the week ending November 2. This was 5,800 bales more than the previous week and compares with 33,600 bales reported for the same week a year ago.

The Spot Cotton Quotations remained the same this week with Middling 1 inch quoted at 32.30. Quotations for the predominant grades and staples are: Middling 15/16 31.30, Middling 31/32 31.80, Strict Low Middling 15/16 30.20, Strict Low Middling 31/32 30.90, Middling Light Spotted 15/16 30.30, Middling Light Spotted

31/32 31.00. Strict Low Middling Light Spotted 15/16 29.50, and Strict Low Middling Light Spotted 31/32 29.75.

Savings Bond Sales Top Goal In County

Frank Spring, Chairman of the Parmer County Savings Bond Committee has announced that Savings Bond sales in Parmer County totaled \$14,159 during September. This put the county over its goal of \$90,000 with a grand total of \$97,704.

Texas Savings Bond sales for the first nine months of 1962 totaled \$111,734,186. This figure represents 67.7 per cent of the state's 1962 goal of \$165.1 million.

"I have been happy to note that sales of Series E Savings Bonds in the \$25, \$50, \$100 and \$200 denominations continue to rise. These are the bonds purchased primarily by employees who buy bonds on the Payroll Savings plan. This simple plan for buying bonds offers thousands of employees an opportunity to save for their own and for their country's security. If employers in this area are interested in further information about the Payroll Savings plan they may write the Savings Bonds Division, Room 500, 708 Jackson Street, Dallas 2, Texas, and complete information and free materials will be furnished them. Chairman Spring concluded.

Farmers Need Good Records For Benefits

There are cases each year where a farmer's monthly social security benefits are delayed because he has not kept good farm records, Hal Geldon, District Manager, of the Amarillo Social Security Office, said today.

Complete and accurate records are necessary not only for good farm management but for getting proper and continuous protection for social security benefits as well, he said.

Geldon explained that farm operators are required to make accurate reports of wages for their hired hands and to report their own earnings to the Internal Revenue Service for social security purposes. Good farm records assure prompt and accurate payments of social security payments to the farmer, he said.

"These records do not have to elaborate," Geldon added, but they should show the various types of farm income and expenses.

Information on becoming eligible for social security benefits may be obtained from the Amarillo Social Security Office, 1006 Adams Street.

Remember that the plant you may call impatiens, sultana or impatiens is not hardy. It must be potted and taken indoors before frost if it is to survive the winter. It makes just as good a house plant as it does a garden plant, but needs sun indoors if it is to bloom.

The HAPPY HOMEMAKER

BY JUNE FLOYD

If you still have a variety of vegetables in your garden that need to be preserved for good eating this winter, try the two following relish recipes.

Green Sweet Relish

1 quart green tomatoes, ground
1 quart onions, ground
1 dozen green peppers, ground
1/2 dozen red peppers, sweet
6 large cucumbers
1/3 cup salt

Grind all vegetables with fine blade of food chopper. Mix with salt. Let stand over night. Drain and cover with cold water. Allow to stand two hours. Drain again, then add

6 cups sugar
1 quart vinegar
2 tablespoons celery seed
2 tablespoons mustard seed
1 teaspoon tumeric
Combine all ingredients and cook 20 minutes. Add green food coloring, a few drops at a time, until desired shade is obtained. Keep simmering. Place in hot sterilized jars and seal.

Hogan's Special Relish

1 gallon ground green tomatoes
1/2 cup salt
Let stand overnight. Drain. Boil in accumulated liquid and drain again. Add the following ingredients:

1 quart ground sweet pickles
1 quart ground cabbage
1 quart ground onion
5 red peppers (chopped fine)
5 green peppers (chopped fine)
1 quart chopped celery
1/2 package celery seed
1/2 package white mustard seed
1/2 package tumeric
6-8 cups sugar
2 quarts vinegar.
Mix thoroughly and bring to boil. Seal in hot sterilized jars.

If you plan to make stuffed toys for the smaller persons on your Christmas gift list, remember to save all old nylon hose. These can be cut in strips and used for stuffing.

Also, if your patterns call for embroidery for faces, try cutting small shaped pieces of mending tape in various colors for eyes, mouths, or noses. These may be applied on if you like. * * * *

Smaller children especially enjoy playing with finger paints. A very good substitute for paint may be made by combining 2 cups water, 2 tablespoons laundry starch and food coloring.

Boil the first two ingredients until about the consistency of paste then add food coloring or small amount of dye. The paint may be stored in small bottles and one recipe may be divided so that you have several colors. * * * *

An empty match holder makes an attractive purse holder for threaded needles, pins or other small objects you want to have on hand at all times. * * * *

For a pretty easy to make dessert dish, try

Cherry Dessert

2 1/2 marshmallows
1 cup milk
Melt the above ingredients in double boiler, then cool. Then add 1 cup cream (whipped). Crush two dozen graham crackers and mix thoroughly with 1/4 cup butter.

DECORATING TIP—Got an old chest in the attic? Turn it into a handsome piece of furniture by covering it with cotton feed or flour bags. To give your room a coordinated look, cover window shades with the same fabric. Instructions from the National Cotton Council, Bag Dept., Box 9903, Memphis 12, Tennessee.

Farm Facts

Some 20 years ago only about 50 basic farm chemicals were in use. Today there are about 200 basics available and perhaps as many as 50,000 formulations of them.

"Without the fruits of research put to work through the industrial machine," comments Director George L. Mehren of the Giannini Foundation of Agricultural Economics, "production of broilers, turkeys, eggs, red meat, and dairy products could never have reached today's levels, simply because disease losses would have prevented it."

"Present methods of producing important truck crops, such as tomatoes and potatoes, would not be possible.

"Had not such pests as the Mediterranean and Mexican fruit flies been controlled by chemicals, our peaches, cherries, citrus, apples, and pears might now be luxuries.

"Modern methods of finishing livestock for market would not have developed and we would not have so abundant a supply of tasty as well as nutritious meat as we now enjoy.

"Six major parasites of cattle, hogs, sheep, and poultry would add about \$100 million annually to the nation's food bill, if we did not have the drugs to control them."

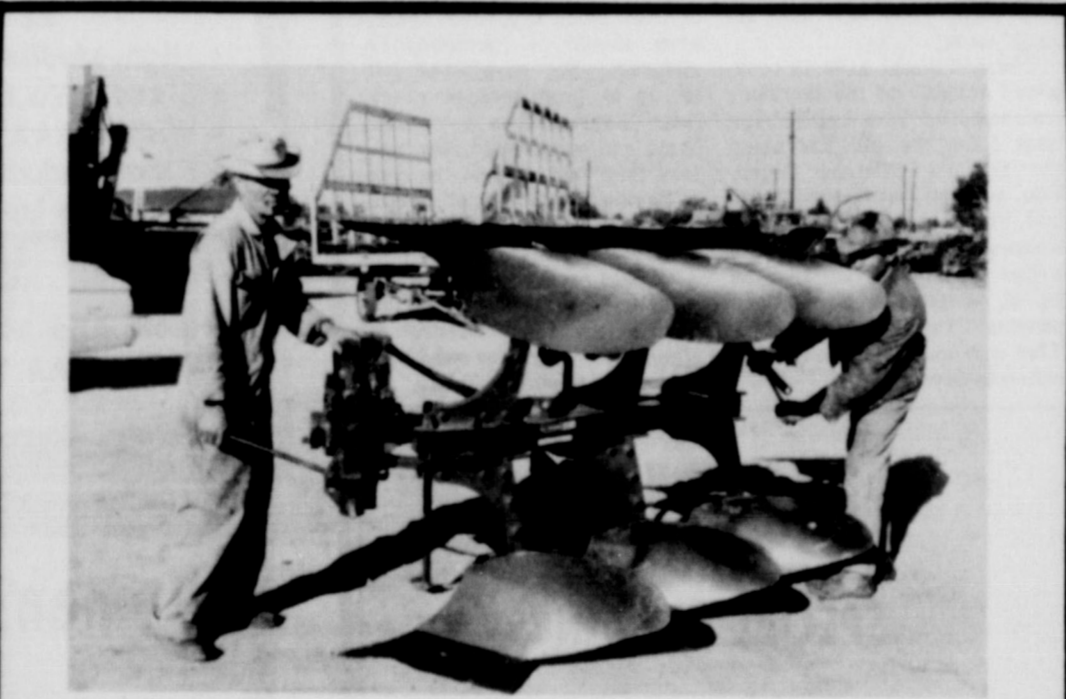

Chemicals are essential to farming today.

COMBINING SOYBEANS on the R. B. Seaton farm at Lazbuddie is Seaton's nephew, Jimmy.

ONE OF THE FARMERS in Farmer County who harvested soybeans this fall is R. B. Seaton of Lazbuddie. Seaton is shown with some of the results of his harvest.

HD Agent's Notes

BY MISS ETTIE MUSIL

We in District 1 of the Panhandle of Texas are very proud of our District 4-H Dress Revue winners who competed in the State 4-H Dress Revue recently. We just received word of the results.

Linda Jean Holt of Hansford County won first in the state and will attend 4-H Congress in Chicago with an all-expense paid trip sponsored by the Simplicity Pattern Company. We are so proud that Linda won in a group of 40 contestants.

Another District One 4-H girl won honorable mention in the Dress Revue. Phyllis Marie Daling of Gray County placed fourth in the state and Mary Ann Edlin of Hartley County won ninth place. Just think, we had three of the four girls who represented District 1 to place among the top nine in competition with 40 girls.

Yes, 4-H club work has provided much leadership and skills for many boys and girls. We shall have our County 4-H Achievement Awards Program in the Hub Community Center, Saturday, November 10. At this time achievement awards will be presented to several of the 4-H boys and girls entering their record books in judging for these awards.

In many of the awards programs only one, two, or four boys or girls are eligible for the award. Therefore, other hard working boys and girls will receive completion year pins. We hope all parents and friends will attend to back these youth in their development as future citizens.

Had you ever thought about buying time? All of us buy time in one form or another. First, do you have all the time you need? Perhaps you should give more consideration to "Buying time."

Did you ever think that time can be bought in a variety of forms? For example, a long-distance telephone call may save days of travel. A telephone call to a local home furnishings center can provide information about items a homemaker wants, and possibly save visits to other stores to find the articles.

Each time we mail a letter or a parcel we are buying time, since the postal department takes over for a few cents an errand which might take hours or days for us to do. We also buy time when we have tools sharpened or equipment put in good condition so we can work more efficiently.

When a homemaker hires someone to do many kinds of chores, she is buying time. The purchase of instant foods, such as baking mixes, instant beverages, and frozen meals at the grocery store is another method of buying time.

To make the most of our investment in the time we buy, we must use careful planning. By giving conscious thought to the matter, and by watching our opportunities, we can buy more time than we do now.

We also have a way you can get time off your mind. First, know what you want to do. Then make a mental or written plan of putting first things first. Stick by your plan. Then study your present methods of work -- are there changes you need to make? Are you doing necessary things?

Are you sharing the family living responsibilities with other members of your family? When family members share in the home responsibilities, they feel more a part of the family. They feel necessary to the smooth running of the household.

Ammonia Applications Necessary, Profitable

"Fall-winter application of anhydrous ammonia is being increasingly recognized as necessary and profitable in the West Texas Plains area according to reports from distributors of this 82 per cent nitrogen fertilizer material," said Jack F. Criswell, Memphis, Executive Vice President of the Agricultural Ammonia Institute, today.

Criswell said that "agricultural authorities have long recognized the crop growing advantages and savings of ammonia application at this time; and it is pleasing to find that the more progressive farmers of West Texas are seeing the advantages of these benefits."

Agencies like the Agricultural Extension Service and Texas Research Foundation have well proven that application at this time will lock ammonia in cool winter soils where it will be ready to promote early spring crop growth. Extensive research and years of successful field jobs have shown that fall-winter application increases crop yields as well as or better than later nitrogen fertilization, Mr. Criswell points out.

The chief reason given for the need of application at this season, said Mr. Criswell, is that it puts farmers way ahead of their spring work load jams to give them savings in time, labor and dollars.

In the fall and winter farmers are certain that adequate supplies of ammonia and equipment are available just when they want them. They thereby eliminate the fear that supply shortages or a late, wet spring will hinder putting on the nitrogen which is an essential element of profitable sized yields today.

The West Texas Plains area uses better than 10 per cent of the total agricultural ammonia consumed in the United States and local distributors would be hard pressed to supply such amounts in the spring alone, according to Mr. Criswell. Most farmers now recognize that no industry, including fertilizer, can have big enough distribution facilities to economically satisfy the needs of all consumers in two or three spring months, he added.

Criswell said it appears that the marketing situation for anhydrous ammonia in the West Plains has stabilized. Farmers are now able to obtain anhydrous ammonia at prices which guarantee them adequate service but which still represent one of the biggest farm supply bargains, even in terms of non-inflation dollars. Because of the huge volume, prices in West Texas as posted today are among the lowest in the country.

Criswell also said that his inquiries indicate that West Texas farmers now recognize fall application will hasten decomposition of last year's crop residues to release the plant foods contained in the residues and improve the soil water-holding capacity. Furthermore, he adds, soil and weather conditions are usually excellent for application in West Texas at this season.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

A vesper service, conducted by Dr. Herbert R. Howard, Pastor of Park Cities Baptist Church, Dallas will be the first full participation activity of the Texas Farm Bureau Convention Sunday, November 11. We hope you'll be there. We plan to take our whole family, the first time since children have come to live with us.

Although we don't know all who are going from Farmer County, we are reasonably sure of the following: Earnest Kube and M. T. Glasscock of Friona, Harry Hamilton of Friona and John Henderson of Black. These are the ones who have said they plan to go. We know there are others, but don't know who they are yet.

The annual address by President J. H. West will be the main event of the day Monday, followed in the evening by the queen contest. Important commodity meetings will be held throughout the afternoon.

Tuesday, November 13 will be a full day, with Roger Fleming, AFBF Secretary-Treasurer of Washington, D. C., and address by the governor-elect of Texas (Jack or John) and address by Senator John Tower. At one thirty in the afternoon the business session for delegates will get underway with the reading of minutes and consideration of resolutions (including those from your county) until 5 p.m.

Paul Harvey, Radio News Analyst and columnist of Chicago, Illinois, will be the speaker at the annual banquet Tuesday night. If you are there and don't have tickets, check with us or any other Farmer County folks to see if we have any left for you. You won't want to miss the banquet program.

Wednesday morning, work will continue on the consideration of resolutions until they have all been taken care of, and the convention will be adjourned.

If you are not among the five hundred forty-one members of Farm Bureau in Farmer County, why don't you become number five hundred forty-two?

CONSIDER THIS: The way of the wicked is an abomination unto the Lord; but he loveth him that followeth after righteousness, Proverbs 15:9

Need Good Storage Methods For Quality Cotton Seeds

It is time to think about next year's cotton plant-seed. Some growers, reports Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service, have already placed in storage seed of good quality. Others will do the same as the harvest moves into their areas.

To those who have not yet saved planting seed, Elliott suggests a first class house cleaning job for the storage facilities. Cottonseed, he points out, should be stored only in bins that have been cleaned thoroughly of waste material such as old grain, trash, feed sacks or other seed or debris which furnish living quarters for insects. It is a good practice to "sweep down" the ceiling and walls and clean the floor of the bin to remove hidden waste. Use builder's molding to cover cracks to eliminate seed collecting in them, he explains. Waste grain, seed and other materials beneath and near bins should be destroyed.

For those who have stored seed, Elliott suggests that regular checks be made of the seed and facilities to make sure insect pests haven't moved in. Insects, he adds, are more likely to become a problem if a large percentage of the seed are cracked and if stored in bins which harbored insects at the time the seed were placed in storage.

The specialist says several chemicals are recommended for use in and around the storage bins before seed are stored. Others may be used as a dust to treat the seed when they are placed in storage while other insecticides can be used to fumigate cottonseed which may have become infested with stored grain pests.

Seed treated with chemical dust should not be crushed or used for feed, emphasizes Elliott. Use caution, he adds, in fumigating cottonseed which will be used for planting purposes. Under certain conditions fumigants may lower the germination of the seed. Studies indicate that germination of seeds fumigated at high temperatures -- 80 degree F, or above and at high moisture content -- 11 percent or above may be reduced. Because the use of chemicals involve hazards, Elliott suggests that the local county agent be contacted for complete details on what and how to use recommended insecticides.

"They say" is often proved a great liar
