SECTION 1

Seldom have I been the one to complain about the amount of taxes which I am required to pay -- in a serious manner. I'll admit, I could use the tax money -- and according to a tidbit of information picked up this week, I could use it more to the nation's advantage than the government is doing.

If you were asked where a lot of your tax money is going -- or why the debt limit is always being raised, you would probably answer that the costs of defense, space exploration and foreign aid are the main answers.

But, there is more to it than that. A huge part of the tax money collected by the government -- at least it is huge to me -- is in fact, wasted -- I repeat, wasted.

The "horrible" examples of federal government waste seemingly are endless. The super-duper bargain basement type sales of this waste but it sure is graphic. Here are some of the latest -- showing equipment bought new and sold at tremendous losses, according to a report on good authority in "Human Events."

• Ten pile-driving rigs; cost, \$6,653 each; sold for \$775 each; net loss, 88.5 cents on the dollar.

• Fifteen walking tractor saws; cost, \$2,129 each; sold for \$197 each; loss, 91 cents on the dollar.

• Heavy lifting double-gypsy winch; cost, \$22,000; sold for \$500; loss, 97.3 cents on the dollar.

• Holst, wire rope; cost, \$12,480; sold for \$750; loss, 94 cents on the dollar.

• Impregnating plant for processing clothes; cost, \$44,260; sold for \$2,669; loss, 93.8 cents on the dollar.

• Eight switchboard panels; cost, \$3,000 each; sold for \$74.31 each; loss, 97.5 cents on the dollar.

• Eleven gasoline engines; cost, \$2,360 each; sold for \$360 each; loss 84.6 cents on the dollar.

• Two distillation units; cost, \$43,000 each; sold for \$5,806 each; loss, 87 cents on the dollar.

• One mechanical power press; cost, \$174,494; sold for \$25,509; loss 85.3 cents on the dollar.

• One crane, hoist, derrick, winch and spare parts; cost \$6,616; sold for \$218; loss 97 cents on the dollar.

Now tell me, in view of the above facts, do we not have the right to raise our voices in protest at tax paying time? I say don't yell at having to pay taxes, but scream "bloody murder" at the way a lot of the money is used -- to subsidize some private business through cut-rate sales -- an utter waste of federal monies resulting increase of national debt as a result.

--TH--
Special to "Farmer John" THANK YOU!

Your support makes my job a lot easier -- the job of saying what appears in need of saying regardless of where the finger points, I am glad to see a person with whatever it takes to write a letter to the editor and voice his feelings on a controversial subject knowing that, in all probability, the letter would be printed for all to see and read. I would like to see more people write a letter to the editor, either pro or con, on any subject.

I seriously doubt that I will be able to stir up enough feeling to be felt beyond the immediate area -- and maybe not even here. The bitter truth is, people of today are too apathetic and nonchalant to become disturbed enough to take any action until someone hits them over the head -- or in the pocket-book.

But, I wish you to know that I am not just trying to be an alarmist or sensationalist for the sake of readership. I really believe that our way of life is in danger. If the present trend is not turned, we will be living under near absolute federal rule within my lifetime.

And I am alarmed -- and a little scared.

(Continued on Page 2)

SITTING PRETTY . . . The three captains of the Friona Squaws, all seniors, discuss the team's standing in district with Coach Baker Duggins. Left to right are Sandra Hoover, Janet Buckley and Kay Burleson. The Squaws have clinched a tie for the championship, and placed the pressure on the Dimmitt Bobbies.

IN FRIONA

County Stock Show Set For March 7-9

Dates for the 1963 Parmer County Junior Livestock Show have been announced for March 7, 8 and 9 in Friona, by the Friona Lions Club, sponsor of the annual event.

According to early estimates, it appears that this year's show will see a new record for the number of barrows entered.

Temperatures remained cold in Friona during the past week, although the mercury finally got up as high as 69 degrees Tuesday.

The low for the week was one degree, registered both last Wednesday and Thursday. Sunday's low was two degrees.

A trace of snow was recorded last Wednesday, although, the moisture for the month of January stands at just .2 of an inch.

January 23 Max. 20 Min. 1
January 24 55 1
January 25 63 26
January 26 32 6
January 27 33 2
January 28 59 13
January 29 69 28

(Continued on Page 2)

Preliminary estimates indicate that approximately 170 barrows will be entered. This compares to 130 which were entered last year.

The steer division apparently will be smaller this year, with 36 expected, compared to 69 last year. The lamb division will be about the same, with 40 lambs expected to be entered.

Entry fees of \$2 for steers and \$1 for swine and sheep are required to accompany the entry. Exhibitors cannot show

more than one steer, two lambs, two barrows, or more than a total of three animals.

No animal is eligible for the show if it has passed through an auction sale in conjunction with another livestock show.

Because of the large number of barrows expected to be entered, the weigh-in time has been moved up to begin at 1 p.m. Thursday, March 7, to be completed by 6 p.m. that day.

Sifting of the swine and lamb division will begin at 8 a.m. (Continued on Page 2)

County Bond Sales Impressive In '62

Parmer County residents bought a total of \$163,157 worth of series E and H savings bonds during 1962, which exceeded its goal for the year by \$73,157.

By selling 181.3 per cent of its goal, Parmer County was second only to Floyd County in District 3, and was eighth in the entire state as to percentage of goal achieved.

Parmer County's district led the five districts in the state's Area I division, by selling 90.4 of its savings bond goal for 1962. The county was topped only by Floyd County in the district, which raised 185.6 per cent of its goal.

Neighboring Castro County sold \$67,326 in bonds, representing 74.8 per cent of its goal, and Bailey County sold \$54,300 worth, only 45.3 per cent of its quota.

Deaf Smith County, while in a different district alignment, was the leading county in the

state by percentage, selling 266.4 per cent of its goal.

Other area counties among the leaders for percentage of goal were Briscoe (sixth) and Cochran (tenth).

"We were real proud of our achievement," said Frank Spring, Friona State Bank president, chairman of the county's drive. Spring received a plaque recently in a ceremony signifying the achievement. It was the second straight year for Parmer County to exceed its quota.

(Continued on Page 2)

Abbott Awarded Foundation Job

The contract for construction of a foundation for the City of Friona's new 200,000-gallon water storage tower was awarded to W. B. Abbott of Lubbock in a special meeting of the Friona City Council last Friday.

The Lubbock firm was low bidder of five bids received by the council, with a bid of \$2,850 on the job. Bids ranged to a high of \$4,509.

Contracts also were awarded for other materials for connections to the new water tower. The contract for fittings and pipe were given to McWane Cast Iron Pipe Company of Dallas,

with a bid of \$2,435.96.

Awarded the contract for valves, bolts, and gaskets was Clowe and Cowan, Inc., Amarillo, on a bid of \$587.87. Lewis Dodson Engineering Company of Amarillo got the contract for altitude valves, by bidding \$727.

In other business at the special meeting, the council authorized the council authorized \$186 expenditure for insurance on the Fire Department. It was agreed to enter into contract with Camillo Gallicia as caretaker of the city dump grounds, for whatever scrap he can salvage.

TO MAKE DRIVE . . . City Manager Jake Outland discusses the forthcoming fund drive for the Gonzales Warm Springs Foundation with Joe Macrafter, one of the foundation's "axes."

CHIEFS TAKE 75-55 WIN

Dimmitt Team Is Put "On Spot"

The district championship is at least halfway in the possession of the Friona High School Squaws, and they will know in the next five days whether they will have a half or whole share of the title.

Dimmitt is the only team with a chance to tie the Squaws, and the Bobbies must play tough Olton tomorrow, before winding up the regular season here Tuesday.

Coach Baker Duggins' group sewed up at least a tie for the championship by downing Olton, 52-47 in a game there Tuesday. That left them with a 6-1 district mark, compared to Dimmitt's 4-2.

Tomorrow night, the Chiefs and Squaws take a break from conference action and host teams from Tulsa of neighboring District 2-AA, in what should be a couple of good games.

The Chiefs got back on the winning trail after four straight losses by trampling Olton, 75-55 in their game Tuesday. The score represented a new season high output for Coach Vernon Scott's quintet, which had lost two straight overtime games.

The girls' game, which meant everything to the Squaws, was a dandy from start to finish. Baskets by Charlotte Nettles and Janet Buckley paced Friona to an 11-9 lead at the end of the first quarter.

Nettles scored eight points, including four for four at the foul line, as the Squaws kept the lead during the second quarter. They led by as much as six points, but Olton cut the margin to one at halftime, 29-28.

Tito Jennings, playing with a hand injury, was able to score only four points the first half. But she scored the first three field goals for Friona in the second half, pushing the Squaws into a seven-point lead, 35-28, their longest of the game.

Olton cut the Friona advantage back to three points, 37-34, going into the final period. Their high-scoring forward, Gayle Nicholas, cut the lead to two points, 37-36, as the fourth quarter started, but that was as close as Olton was to come, although Friona never had much of a cushion.

Buckley gave the Squaws a five-point lead with two free throws with six minutes left, and Jennings made it six points, 43-37, with another pair with 4:20 showing on the clock.

Olton kept close, though, cutting the lead to two points, 45-43 with three minutes left, and 47-45 with two minutes to play. Buckley scored two more free throws for a 49-45 lead, and Nettles added two more for a six point lead, 51-45, with 1:20 to play, and Olton was able to trim the final margin to five, 52-47.

Good free throw shooting (Buckley hit five of six attempts in the last quarter), along with stellar defensive play by the Squaw guards, Kay Burleson, Sandra Hoover and Glendene McClellan, keyed the victory. The Chief-Mustang game was close for one quarter, but after

that the lid almost was blown off Olton's new gymnasium, and the baskets were given a good workout until the final whistle blew.

Neither team had more than a two-point lead the first quarter, which ended tied, 14-11. Larry Buckley gave the Chiefs the lead early in the second quarter,

however, and they were not to lose it again.

Buckley, who had his highest point total of the season with 23, scored two field goals and four free shots within four minutes, to pace Friona to a 27-17 lead.

Danny Murphree then took (Continued on Page 2)

AND YOUNG VANDALS

Officers Arrest Break-In Suspect

Parmer County law enforcement officers apprehended a 20-year old man Sunday in Muleshoe who confessed nine break-ins in Parmer County recently, the latest being at Lazbuddie Saturday night.

Barton Fish, who has been living at Hub, was arrested at Muleshoe after attempting to cash in dimes which supposedly were taken from the Treffer #66 Station in a break-in early Sunday morning.

Fish admitted the Treffer break-in, as well as Neel's Grocery at Hub, the West Hub Gin Cafe, and Bovina break-ins at Northside Service Station, Bonds Oil Company, Bovina Implement Company, Crooks Service Station, Neil Smith Service Station and Paul Jones Service Station. The latter break-ins were reported to have happened Thursday, January 24.

Parmer officers also investigated an incident of vandalism at the Lazbuddie School Saturday night, resulting in approximately \$300 in damage.

Two juveniles were taken into custody, according to Sheriff Charlie Lovelace, one from Castro County and another from Lamb County. The youths admitted the vandalism, the sheriff said. The youngsters allegedly caused a good deal of damage by throwing large rocks through school windows.

District Court Sentences Six

Six persons were tried in 154th District Judicial Court in Farwell last week, four for burglary, one for theft and another for bigamy.

Dale Kellogg, Gerald Ecker, David Barnes and Virginia Sue Tully pleaded guilty to burglarizing AA Bowl in Farwell last summer, and each received a three-year prison sentence.

T. F. Jackson pleaded guilty of theft, and was assessed a two-year jail term.

James Lyday was found guilty of bigamy, and was given a three-year suspended sentence.

Church Of Christ In Annual Spring Meet

The Sixth Street Church of Christ will conduct its annual spring meeting from February 3 to 10.

"The guest evangelist, Guy N. Woods, is one of the outstanding preachers in the church today," said Paul Smith, pastor. Brother Woods devotes all of his time to meetings and writing. He conducts something over thirty five meetings each year, and has participated in more than four hundred meetings in the last fifteen years.

Woods has published several books, is a staff writer for the Gospel Advocate, and has engaged in more than one hundred religious discussions with most of the well-known debaters of this day.

Congregational singing will be directed by Hubert L. Arant, of Lubbock. Brother Arant has been engaged in this work for many years, and is well known for his ability to inspire the singing wherever he goes.

Sunday, February 3, there will be a basket dinner at the

GUY WOODS

school cafeteria at 1 p.m. The week-day services will be at 8:45 a.m. and 7:30 each evening. Everyone is cordially invited to attend the services of this gospel meeting.

LOW BIDDER . . . M. R. (Red) Smith, consulting city engineer, talks with Forest Sommerville, representing W. B. Abbott Construction Company, which will build the foundation for the city's new water tower.

New "Bonds For Tax Refunds" Program May Prove Popular

The new plan to give U. S. taxpayers the opportunity to take tax refunds in Savings Bonds is one that should prove a boon to individual citizens, as well as a constructive step in the direction of easing the Nation's debt management problem.

Public interest in this plan has been evident for a long time. A recent survey indicated that a significant number of taxpayers who received refunds last year might have taken them in Bonds if given the option. Individual taxpayers can benefit from the plan by making it a method of insuring that their refunds are not simply absorbed into household money, to vanish in day-to-day spending. The plan will permit the setting aside of the nucleus of a special fund for educating their children, planning for retirement, and the like. And for all taxpayers it represents an opportunity to own a real share in America while earning a good return on their money.

The Treasury hopes to benefit from the plan, too. At present more than 45 billion dollars in Series E and H Savings Bonds are outstanding, nearly one-sixth of the national debt. The Treasury is keenly interested in increasing the amount of money in Bonds, since every dollar in this type of security is a dollar less that the Treasury has to raise through the commercial banking system. The Treasury is also aware of the beneficial effect that Savings Bonds have in encouraging the habit of thrift and in helping to maintain economic stability in communities throughout the country.

Just as the Payroll Savings Plan has appealed to many people because it is an automatic way of saving, it is expected that the new tax refund plan will be popular for much the same reason. The Treasury hopes so.

It would be well for all citizens who are expecting tax refunds this year to consider seriously taking them in Savings Bonds -- to benefit themselves and their country. A check mark in the proper place on the new tax forms can put you in an active role in supporting the Nation, and feathering your own nest at the same time.

A Report From Bill Clayton
 State Representative
 91st Dist.

According to reports from persons who have seen our state government function for many years, the present session of the State Legislature has begun work and accomplished more in the first weeks than at any previous sessions. By the end of last week there had been two hundred and sixty bills introduced in the House of Representatives and one hundred and fifty-seven bills introduced in the Senate. All of the Committees have organized, and have begun regular meetings. The Appropriation Committee, of which I am a mem-

ber, has had meetings daily for two weeks, and we have heard the budget requests that were presented by all of the state supported colleges and universities and the requests from the Judicial Branch. This Committee will continue daily meetings until all budget requests from the various State agencies have been heard. At the end of these hearings the Committee will present a bill to the House of Representatives, and this bill will be the recommendations of our Committee for the financial operations of the State for the next bi-ennium.

Mailbag

Dear Sir:
 Your column in this week's Star seems well worth a favorable comment. It takes a brave cur to bite the hand that tosses him a handout, but it does not take too intelligent a beast to anticipate the terrible stomach pains when the bait is devoured.

With democracy and natural free competitive system torn asunder, what next? And what broke bureaucrat could have the wit and personal magnetism to placate the enraged beast?

At a recent church meeting on the state level in our own state, an incident occurred that was quite significant as to which way the wind blows. In a forum discussion, one of the principal speakers expressed the opinion that Senator Goldwater was the most honest and most courageous and perhaps even the most nearly correct man in public life. The reaction was electric. One would have thought news of the dropping of the hydrogen bomb had been received. A man very active in one of our large churches asked a companion "Is this man serious?" In a very short time the whole assembly was alive with the hum of earnest, interested discussion.

Lets listen! "Just Castin'" by our own Travis may start the hum of public interest in our community.

"Farmer John" F.W.R.

Squaws

(Continued from Page 1)

over scoring chores, and chunked in eight points, as the Chiefs took a 39-22 halftime lead.

The second half was fast and furious, with both teams throwing defense to the wind, although each tried pressing the other. Buckley, who scored 22 of his 23 points in three quarters, scored eight of them in the third quarter, pacing Friona to a 55-39 lead.

Reserves played most of the fourth quarter, but they didn't slow the scoring attack, as 20 points were added to the total. (Friona scored 25 points in the second quarter, incidentally.)

They tied their former season high with 2:33 to go in the game when S. D. Baize got a lay-in for a 67-47 lead. Baize sent the team over the 70 mark with 1:15 left, with a crisp shot good for a 71-53 lead.

The Chiefs went back into a tie with Morton for third district with a 3-4 record.

Stock Show --

(Continued from Page 1)

Friday, because of the smaller number of steers expected, show officials decided that entrants may wait until Saturday morning to bring their steers to the show if they wish.

Entries must be approved by either a vocational agriculture instructor or by the county agent, according to Bill Nichols, general chairman of the show.

Once again, the show is to coincide with Public Schools week, so that students showing animals will not be absent from class during examination periods.

Castin --

(Continued from Page 1)

There have been a number of comments supporting our position, but yours was the only letter received on the subject.

It is said that every little bit helps. Perhaps if we keep adding our bit, there will come a final straw to break the back of the "federal-control" camel someday.

To you, Mr. Floyd W. Reeve, I say "Thanks again."

Calvary Baptist Has Program

Calvary Baptist Choir is presenting a Negro Spiritual "Does Jesus Care", for special music Sunday morning during the regular worship service. Ladson Worley, music director, stated

that the choir had done a fine job in preparing for this occasion and added this is a good start toward our Easter Cantata, "Hallelujah! What a Saviour!" which will be presented Easter.

County Bond --

(Continued from Page 1)

"Our foreign nation allies are glad to see our bond sales in the U.S. at a high peak. They feel that if the national debt can be kept in the hands of individuals, the country isn't too bad off," Spring said.

Parmer County doesn't make any special effort in its bond program. "The people here know the advantage of having bonds. They don't have to pay income tax on the cumulative interest, and that is attractive," Spring said.

Fallwell-Jones Wedding Vows Read

Wedding vows for Patty Fallwell, daughter of Mr. and Mrs. Buck Fallwell, and Glendel Jones, son of Mr. and Mrs. Cayson Jones, were read in the Fallwell home at 4 p.m. Saturday.

Rev. Audye Wiley, pastor of Calvary Baptist Church, read the double ring ceremony.

Barbara Fallwell was her sister's maid of honor. Best man was Randy Dickson.

The bride wore a double knit suit of aqua with tapestry accessories. Her corsage was of pink baby roses and feathered

carnations. Mrs. J. O. Wall, Roswell, sister of the groom, and Barbara Fallwell served cake and punch from a lace covered table.

Guests at the wedding were parents of the couple, Dennis and Debbie Fallwell, Friona, and Vicky and Mike Wall, Roswell.

Mr. and Mrs. Jones are at home here. He is a 1960 graduate of Friona High School and is connected with Jones Gulf station. She was a senior in Friona High School at the time of her marriage.

Of Interest To THE WOMEN

Mrs. Bill Wayne Taylor

Formal Ceremony Unites Coffey, Taylor

In a formal candlelight ceremony held at the First Baptist Church in Friona at 7:30 p.m. Saturday, January 26, Miss Carol Ann Coffey, daughter of Mr. and Mrs. Leonard Coffey of Friona and Mr. Bill Wayne Taylor, son of Dr. and Mrs. E. W. Taylor, Cypress, Calif., were united in marriage.

The Rev. Bill Burton, pastor, read the double ring vows before an altar banked with palms of jade greenery. Sixty pink tapers with spiral candleabra at either side furthered the decor. Pink satin bows marked the aisles.

Nuptial selections were played at the organ by Miss Becky Lou Coffey, sister of the bride. Miss Anita Wimberly of Kress, soloist, sang "True Love" and "All For You" accompanied by Mrs. Mike Ellis at the piano.

Maid of honor for her sister was Miss Kay Coffey. Bridesmaids were Misses Janice Skaggs, Panhandle, Judy Taylor and Mikie Welch of Friona.

The bridal attendants wore identical dresses of jade green brocade designed with shallow bateau necklines, brief sleeves and bell skirts. They wore matching shoes and small pill box hats held their bluish veils of silk illusion. They carried nosegays of pink mums tied with pink satin streamers.

Miss Mona Reed, cousin of the bride, was the flower girl. Her attire was identical to that of the bridesmaids. She carried a basket of pink mums and roses.

Jim Taylor, Amarillo, attended his brother as best man. Groomsmen were Roy Miers, Canyon; Ronnie Fancher, Olton and Ronny Crump, Seagraves.

Richard Dickson of Friona served as ring bearer. Ushers were Tommy Roberts, Friona, Lloyd Triplett, Claude and Bob Horner, Seagraves.

Danny Murphree and Jerry Cass of Friona were candlelighters.

Escorted and given in marriage by her father, the bride wore a formal wedding gown of ivory silk peau de soie fashioned with a fitted bodice of silk and wool handmade lace. Features of the bodice were bracelet length sleeves and a high scalloped neckline that dipped to a v in the back. The redingote skirt was designed

with a front panel of lace, fullness at the sides and deep pleats ending in a full chapel train.

Her waist length veil of silk English illusion was attached to a Queen's crown of pearls. She carried a cascade of pink roses on a lace covered Bible, accented with bridal satin tied in love knots.

Mrs. Coffey attended her daughter's wedding in a dress of silk shantung with matching accessories. Her corsage was of white carnations and pink garnet roses.

Seated in place of the groom's mother was his sister, Mrs. Kenny Trimble of Amarillo. She chose a dress of beige lace with brown accessories. Her corsage was of white carnations.

Miss Anita Wimberly registered the guests.

The reception was held in the fellowship hall of the church. A pink cloth with an overlay of gathered net was the setting for the reception table. It was centered with a candelabra arrangement of white candy tuft and pink baby mums. Misses Suzanne Taylor and Kitty Black presided at the bride's table. Assisting them were Misses Marca Lynn Massie, Merylene Massie and Cheryl Neill, all of Friona.

Members of the houseparty were Mrs. A. L. Black, Mrs. Calvin Talley, Mrs. Ralph Taylor, Mrs. Leon Coffey all of Friona and Mrs. Archie Skeen, Clovis.

For their honeymoon trip Mrs. Taylor wore an oyster white silk shantung suit with nude patent accessories and the orchid from her bridal bouquet.

Mrs. Taylor is a 1962 graduate of Friona High School and a pre-nursing major at West Texas State College, Canyon.

Mr. Taylor is a graduate of Palo Duro High School of Amarillo and Amarillo College. He is a senior accounting major at West Texas State. They will be at home at Canyon.

Pre-nuptial courtesies were a bridal shower hosted by Messdames Meryle Massie, Bill Baxter, Ray Castleberry, Ralph Taylor, Paul Daniel, Johnny Mars, W. D. Buske, Curtis Murphree, A. L. Black, Mack Batinum, Hop Lewis and Granville England.

Also a kitchen shower from her Rainbow sisters hosted by Marca Lynn and Merylene Massie.

Special music was presented by Kay and Jill Reithmayer at the piano. Kay selected "The Hunting Song" and Jill chose "The Wishing Star".

A sponge painting session was directed by the program directors. Various methods and techniques were discussed.

Local artists cooperating were Juanda Jarrell, Billie Long, Ethel Ruth Spring, Phyllis Anderson, Mary Sheehan, Ann Osborn and Layvon Hughes.

Patricia Yarbrough was a guest. Refreshments were served by the hostesses, Juanda Jarrell and Ann Osborn.

Local artists cooperating were Juanda Jarrell, Billie Long, Ethel Ruth Spring, Phyllis Anderson, Mary Sheehan, Ann Osborn and Layvon Hughes.

Patricia Yarbrough was a guest. Refreshments were served by the hostesses, Juanda Jarrell and Ann Osborn.

Members of the houseparty were Mrs. A. L. Black, Mrs. Calvin Talley, Mrs. Ralph Taylor, Mrs. Leon Coffey all of Friona and Mrs. Archie Skeen, Clovis.

For their honeymoon trip Mrs. Taylor wore an oyster white silk shantung suit with nude patent accessories and the orchid from her bridal bouquet.

Mrs. Taylor is a 1962 graduate of Friona High School and a pre-nursing major at West Texas State College, Canyon.

Mr. Taylor is a graduate of Palo Duro High School of Amarillo and Amarillo College. He is a senior accounting major at West Texas State. They will be at home at Canyon.

Pre-nuptial courtesies were a bridal shower hosted by Messdames Meryle Massie, Bill Baxter, Ray Castleberry, Ralph Taylor, Paul Daniel, Johnny Mars, W. D. Buske, Curtis Murphree, A. L. Black, Mack Batinum, Hop Lewis and Granville England.

Also a kitchen shower from her Rainbow sisters hosted by Marca Lynn and Merylene Massie.

Adabeth Akens Exchanges Vows With Danny Smith

Adabeth Akens, daughter of Mr. and Mrs. U. S. Akens, exchanged wedding vows with Danny Smith, son of Mr. and Mrs. Hoyt Smith, at First Methodist Church at Dimmitt at 3 p.m. Sunday, Rev. Hugh Blaylock, pastor, read the double ring ceremony.

Karen Nelson, Denver City, was the maid of honor. She wore a winter blue sheath dress and carried a long stemmed rose.

Hank Outland served as best man. Mothers of the couple were ushered to their seats by Dale Smith, cousin of the groom.

Judy Boch, pianist, played traditional marches and wedding music.

The bride, escorted to the altar by her brother-in-law, Roland Hairgroves, Hereford, wore a white sheath dress of brocade cotton. It was designed with a fitted bodice and long sleeves highlighted with self covered buttons. Her shoulder length veil of white net fell from a crown which

matched her dress. She borrowed a pearl necklace from her sister, Mrs. Jerry Lawrence, Sweetwater and carried a cascade arrangement of pink roses centered with an orchid atop a white bride's Bible.

Mrs. Akens, mother of the bride, wore a blue knit dress with grey accessories and a pink rose corsage. The groom's mother, Mrs. Smith, wore a beige suit. Her accessories were black and she wore a yellow rose corsage.

For her wedding trip Mrs. Smith wore a blue knit suit with black accessories and a corsage from her wedding bouquet.

Mr. and Mrs. Smith will be at home in Amarillo. They are both 1962 graduates of Friona High School. He has been attending West Texas State College at Canyon and she attended Texas Tech at Lubbock.

Second Daughter Born To Reeds

Mr. and Mrs. Ralph R. Reed became parents of a baby girl at 4:15 p.m. Friday at Parmour County Community Hospital. She weighed 6 lbs. 1 oz. and was named Mary Janette.

She is the second child for the couple, who have an older daughter, Mona.

Grandparents are Mr. and Mrs. G. E. Reed, Friona, and Mr. and Mrs. Floyd Skeen, Melrose. Mr. and Mrs. Ed Bogges, Friona, and Mrs. S. E. Rumbough, Melrose, are the great-grandparents.

Mrs. Reed and Mary Janette are at home following their dismissal from the hospital Monday.

Three new members, Mrs. Norbert Schueler, Mrs. Dwayne Rikley and Mrs. Clyde Tims, were accepted into the club. Year - books for 1963 were completed.

Refreshments were served to Messdames Joe Allen, Franklin Bauer, Bill Brandt, Chris Drager, Leland Gustin, Jack Patterson, Cordie Potts, Charles Sanders, Malinda Schlenker, Carl Schlenker and Herbert Schueler.

Also Messdames Floyd Schueler, Walter Schueler, Norbert Schueler, Shirley Smith, Norman Taylor, Dwayne Rikley, Clyde Tims, Billy Sifford and Raymond Schueler.

Next meeting of the organization will be in the home of Mrs. Joe Allen February 11. Mrs. Franklin Bauer will present a program on first aid.

Club Meets In Potts Home

The Rhea HD Club met Monday, January 21 in the home of Mrs. Cordie Potts. Mrs. Jack Patterson, president, conducted the business meeting. A council report was given by Mrs. Franklin Bauer, Mrs. Bill Brandt was elected reporter to fill the place being vacated by Mrs. Ray Martensen, who is moving from the community soon.

Three new members, Mrs. Norbert Schueler, Mrs. Dwayne Rikley and Mrs. Clyde Tims, were accepted into the club. Year - books for 1963 were completed.

Refreshments were served to Messdames Joe Allen, Franklin Bauer, Bill Brandt, Chris Drager, Leland Gustin, Jack Patterson, Cordie Potts, Charles Sanders, Malinda Schlenker, Carl Schlenker and Herbert Schueler.

Also Messdames Floyd Schueler, Walter Schueler, Norbert Schueler, Shirley Smith, Norman Taylor, Dwayne Rikley, Clyde Tims, Billy Sifford and Raymond Schueler.

Next meeting of the organization will be in the home of Mrs. Joe Allen February 11. Mrs. Franklin Bauer will present a program on first aid.

Local Residents Attend Wedding

Mrs. Nora Welch, Mrs. Lucy Welch and Mr. and Mrs. Steve Struve and daughters, Kay and Sheila, attended the wedding of Gary Welch, Houston, and Mary Alice Duncum, Cameron, in Cameron at 4 p.m. Saturday.

The groom is the grandson of Mrs. Nora Welch. He and his wife are both students at Abilene Christian College.

Mr. and Mrs. J. C. McFarland visited Deon Awrey, who is hospitalized in Dallas, Friday and Saturday. Awrey, who had heart surgery recently, expects to return home soon.

Northside Club Has White Elephant Sale

Highlight of the Thursday afternoon meeting of Northside Home Demonstration Club at the Community Room of Friona State Bank was a white elephant sale. This club will be headed by Mrs. Meryle Massie, president,

during 1963. Other officers include Mrs. Jimmy Stokes, vice-president; Mrs. Keith Brock, secretary-treasurer; Mrs. Billy Joe Mercer, secretary-treasurer; Mrs. A. L. Reznik, parliamentarian; and Mrs. H. R. Cocanougher, council delegate.

Mrs. James A. Wylly was accepted as a new member of the club. Refreshments were served by Mrs. Floyd Brookfield, hostess.

Frionan Initiated Into Sorority

Mrs. Pearl McClain was one of six new members initiated into the Delta Xi Chapter of Delta Kappa Gamma when it met in the Japanese dining room of the Western Wheel Inn in Hereford January 19. Della Stagner, president, conducted the meeting.

The meeting began with a luncheon. A program in the form of a panel discussion was directed by Mrs. John Zahn, Farwell. Theme for the discussion was "The Role of Teachers in Furthering Education."

Mrs. Nolan Froehner, Dimmitt, a former Frionan was also initiated. Members from Friona include Mrs. John Bengier and Mrs. Irma Stark. Next meeting of the chapter will be at Friona Federated Club House February 9.

HD Club Makes Plans For Year

Plans for the coming year were made at the Friday afternoon meeting of Friona Home Demonstration Club in the home of Mrs. Walter Cunningham. Yearbooks were also filled in. A council report was made by Mrs. Earl Drake.

Four new members were accepted into the club. They were Mesdames Dale Williams, T. A. Sherley, Ray White and Ralph Taylor.

Assistance to the local hospital has been selected as a community service project for the group for 1963.

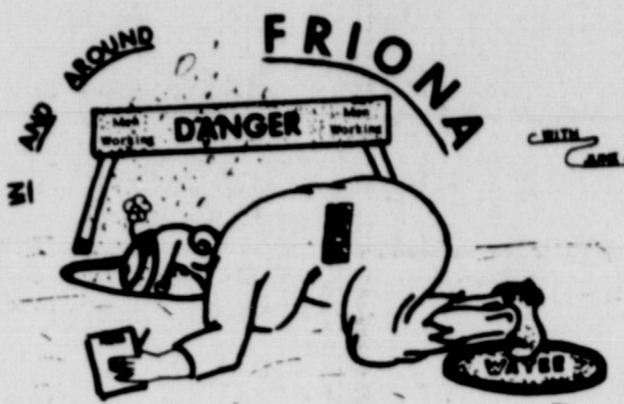

Refreshments were served by the hostess. Others present included Mesdames L. D. Taylor, Bill Morgan, J. D. Sanders and A. H. Boatman.

Next meeting of the club will be February 8 in the home of Mrs. Boatman. Feature of the meeting will be a white elephant sale.

Dinner Honors Former Resident

A birthday dinner in the home of Mr. and Mrs. Earl Drake Sunday honored Mrs. Joe Brummett of Clovis, a former Friona resident.

Others present were Joe, Jo Beth and Debbie Brummett, all of Clovis, Don Sutterfield, Tulsa, and Owen, Larry and Bobby Drake.

One of my most enjoyable experiences last week was meeting LaDawn Kemp of Dimmitt. For the past several years she has been a member of the Dimmitt Bobbies basketball team and I have read and heard a great deal about her. I found that in addition to being a good basketball player, a good sport and an ambassador of good will for her school, she is a very hospitable young lady.

Our meeting came about quite by accident due to the fact that a member of Friona's freshman girls' basketball team arrived in Dimmitt for the final game in the tournament Saturday evening with just half of her suit. I accompanied her to the Kemp home to borrow a pair of red shorts. LaDawn answered the door bell and upon learning the unfortunate circumstances very graciously assisted us.

It is indeed a pleasure to meet a young person like LaDawn. Her parents, Carl and Louise Kemp, long time residents of Dimmitt, have every reason to be proud of her.

Anyone who thinks bowling is strictly for younger women should contact Mrs. Rudolph Renner Sr. and inquire about her ideas on the subject.

Of course, it wouldn't be very tactful for me to refer to her as an old woman, but all of us know that women with grandchildren in high school wouldn't ordinarily fall in the category of young adults.

At the bowling school at Friona Lanes last week Mrs. Renner, who was the oldest member of the class, appeared to be having as much fun as any of the students.

Probably the next thing we know there will be a class for grandmothers and Mrs. Renner will be the instructor. Some women who raise large families while living on a farm and then move to town look forward to retirement.

Not so this transplanted farm homemaker. Instead of sitting down in retirement, she looks for things to keep her busily engaged in the process of growing older gracefully.

Recent low temperatures have caused some local residents to reflect on the lives of pioneers. From the squawking some of us did because there was no running water in the house, we might have left the impression that without it there was just no need trying to go any further.

Such inconveniences should cause us to take inventory and try to appreciate some of the modern conveniences we have and feel that are necessities instead of complaining because we don't have more of them.

In the Star this week there is a list of all children who have been listed in the census that is now being taken who anticipate starting to school this fall.

Mr. Alton Farr, superintendent, will appreciate it if each of our readers will check this list then report any child whose name needs to be added to it. Just phone 5322 and someone will take the name and address.

Monday will be Dollar Day in Friona. Area residents will be able to buy quality winter merchandise at greatly reduced prices at local stores.

New spring merchandise has already arrived and local

Frionans Attend Church Meeting

Members of the United Pentecostal Church Women's Auxiliary met in Amarillo Monday for an all day district meeting.

Those going from Friona were Rev. and Mrs. Frank Baber, Mrs. Joe Johnson, Mrs. P. W. Hughes, Barbara Baber and Karen Hughes.

They were accompanied by merchants will soon be showing fashions for spring and summer. Take advantage of their need to move out of season merchandise and stock up on items you will be able to use for several months yet.

Johnsons Return From Florida

Mr. and Mrs. Joe Johnson returned home Wednesday of last week after spending visiting their son, Dental Technician Nolen Johnson, at Mayport, Florida, and friends in Central Texas.

At Mineola, Texas, they visited Mr. and Mrs. Sam Sanders and Mr. and Mrs. Buford Taylor, all former residents of Friona. They also visited Mr. and Mrs. J. R. Wright at Austin.

Squaws Regain Lead By Outclassing Morton

The Squaws breathed a sigh of relief after their game at Morton last Friday, where they disposed of the Indian Maidens.

52-38, to regain undisputed possession of first place in District 3-AA. The Friona girls went into

WHY DO MEN STILL WAIT?

Fifty two men had been killed in a mine. They were just bringing up the last dead body. Clutched in one of the hands was a crumpled piece of paper. It was an earnest message from the dying to the living.

It read: "Be sure to have the baby baptized -- and go to church!" That was all there was time to say; but in the face of certain death nothing seemed more important.

Why is it that so many people wait until death scares them into saying the things that they should always be saying, and to do the things that they should always be doing? There are lots of deaths that don't allow men those last few minutes.

The whole creation shouts: There is a God! Every human heart knows: All men are sinners! Every human conscience warns: There will be an end and a judgment! And still men wait.

Now is the accepted time. Behold, now is the day of salvation. Every man's count-down is in progress. Are you ready for the zero hour? We are here to help you.

the game tied with Morton for the district lead, each with 4-1 records, and they had had to rally to edge Morton, 48-41 when the teams met at Friona.

It was a nip-and-tuck game for the first half, but the Squaws began to put it out of reach in the third quarter, and finally blew it wide open in the final stages.

Friona jumped ahead on baskets by Janet Buckley, and was headed only twice in the early stages of the game, at 5-4 and 7-6, but after Tito Jennings sank a basket for an 8-7 Friona lead, the Squaws never trailed again, although Morton tied the score several times after that, the last time being at 20-20 with a few minutes to play in the first half.

Charlotte Nettles' two free throws, which gave the Squaws a 22-20 lead, kept them in front to stay, Morton came within one point, 23-22, but Nettles scored a driving layin, and Buckley sank a shot just as the halftime buzzer sounded, giving Friona a five point lead, 27-22, at the half. That was the longest lead of the game to that point.

Up until that point, there had

for Friona, 36-27, as the third quarter ended. The Squaws had still as the third quarter. Morton began to...

(Continued on page 4)

never been more than three points separating the two teams, as they literally swapped baskets. It was 12-12 after one quarter.

Morton was definitely on the spot in the second half. Nettles got a basket to begin the half for a 29-22 lead, then added a free throw and another jump shot for a nine-point advantage, 32-23, which was the beginning of the end for Morton.

It was still a nine-point lead

Something To Think About

6th. Street Church of Christ
Box 515 -- Friona, Texas

The theme of Apostolic preaching can be stated in one word, "Christ!" Peter said to the multitude on Pentecost, "Ye men of Israel, hear these words; Jesus of Nazareth, a man approved of God, ... To Cornelius, the first Gentile convert, he said, "... God anointed Jesus of Nazareth with the Holy Ghost and with power, ... Paul spoke unto the Philippian jailor, "... the word of the Lord." As Philip, the evangelist, rode along with the eunuch he "... opened his mouth at the same scripture, and preached unto him Jesus." Even Felix, the Roman procurator of Judea, sent for Paul, "and heard him concerning the faith in Christ." Brother Guy N. Woods, the evangelist for our meeting, which will begin next Sunday, will follow the same theme as did the apostles. Like the great apostle Paul, he will be determined "not to know anything among you, save Jesus Christ, and him crucified." (1 Cor. 2:2) We extend a personal invitation to those who read these words to "come to the feast" and we assure that the table will not be bare. It will be spread generously with the "bread of life" which is Jesus who shed his blood for our sins." May we remind you of the time: February 3-10, Week-day services at 8:45 A.M. and 7:30 P.M., Sunday services at 9:30 and 10:30 A.M. and 6:00 P.M.

come to church sunday

"Then answered Peter, and said unto Jesus, Lord, it is good for us to be here:" (Matt. 17:46). These were the words of Simon Peter upon the Mount of Transfiguration. There were a number of reasons why Peter made this great declaration. First, because the fellowship was so sweet and wonderful. Second, because of those who were present. Peter, James, and John who accompanied the Master to the Mount of Transfiguration but there also appeared on the scene Moses and Elias. Third, God expressed Himself as being well pleased with His Son and commanded the disciples to "Hear Him." Fourth, and perhaps one of the greatest reasons was because Jesus was revealed in His glorified state thus preparing His disciples for the experience of the Cross and His Resurrection. To the disciples who were on the Mount of Transfiguration that day it was truly a great experience. However we too may share a similar experience by taking advantage of the opportunity afforded us each Sunday at the church where we worship. We can enjoy the sweet Christian fellowship, find His Will for our lives and feel His Divine Presence.

School Asks Parents To Check Census List

Superintendent of Schools A. L. Farr announced the names of 107 first-graders who have returned census blanks indicating they will be first-graders next fall.

Farr requested that parents of children who are to start to school next September check the list to make sure their child's name is on it.

Last year, a total of 107 first-graders signed census forms, and Farr says he thinks that there should be a few more potential first year students for next year.

Anyone who knows of a first grade student for 1963-64 whose name is not on the following list is requested to call the school office at 5322.

Debra Abston, Krystal Agee, Phillip Aragon, Gayla Askins, Robb Balze, Ronald Bandy, Mike Bartlett, Bradley Beene, Michael Don Bomer, David Blackburn, Phillip Bynum, Elmira Carlton, Cathy Carrothers, Cindy Cason, Mary Ann Corella, Clay Cudd, Lisa Cummings, Joe Cunningham, Phillip Duggins, Vicki Dunn, Laurie Estep.

Origin Of Lodge Discussed

Highlight of the Monday, January 21, meeting of the Rebekah Lodge at Oddfellows hall was a report on the life of Thomas Willey, founder of Oddfellowship in America by Lauretta Brookfield.

There were 22 members present. Twenty six sick visits were reported as were nine convalescent cards.

Refreshments of cake, coffee and tea were served.

Legal Notice

THE STATE OF TEXAS TO: ROY HOLLIS, Defendant in the hereinafter styled and numbered cause:

You are hereby commanded to appear before the District Court of Parmer County, Texas, to be held at the Courthouse of said County in the City of Farwell, Parmer County, Texas, at or before 10:00 A.M. of the first Monday after the expiration of forty-two (42) days from the date of issuance hereof; that is to say, at or before 10:00 A.M. of Monday, the 18 day of February 1963, and answer the petition of Frank B. Hodges Construction Company, Plaintiff in Cause No. 2323 styled Frank B. Hodges Construction Company vs. Roy Hollis, in which the following persons are Plaintiffs: Frank B. Hodges Construction Company, and the following person is Defendant: Roy Hollis. That said petition was filed in said Court on the 3rd day of October, 1962, and the nature of which said suit is as follows: Foreclosure of a paving assessment lien on Lot Thirteen (13), Block Sixty-one (61), Original Townsite, an Addition to the City of Friona, Parmer County, Texas, and against the true owner thereof, Roy Hollis, Defendant.

TAKE THIRD OVERTIME LOSS

Chiefs Becoming Known As "Hardluck Kids"

The "hardluck kids of 1963," the Friona Chieftains, lost their second-straight overtime game last Friday at Morton. This time it was a double overtime heart-stopper that dropped the Chiefs all the way to fourth place in district.

The Chieftains of Coach Vernon Scott have won just six games and lost 15 this season, but the margin of some of those losses testifies that the record could just as well be reversed. Three of the losses have been in overtime.

At Morton, the Indians led most of the night, with Friona facing an uphill battle. They finally caught the Indians, went ahead, and then had to go into overtime, only to lose by two points, 58-56 after the second three-minute overtime.

Morton grabbed a 7-2 lead after four minutes of play, but baskets by Larry Buckley and Max Reeve cut the lead to 9-8 at the end of one quarter.

Dale Milner scored a three-point play, making a lay-in and adding a free throw on a foul, to tie the game at 11-11. But the Chiefs went cold, and Morton took an 18-11 lead, it took a late rally by the Chiefs, with Danny Murphree

scoring five points in the last two minutes, to cut the lead at halftime to 22-19.

Buckley and S. D. Batze scored baskets to once again tie the game, Milner again made a three-point play, and Friona led, 31-30. At the end of the third period, Morton led, 38-37.

The teams played swapout with the lead in the final quarter. Bill Thomas stole a pass, and drove in for two points and a 44-43 lead, then scored three free throws in 30 seconds for a 47-43 Friona lead, its longest of the game, with just 3:45 left to play.

But tragedy struck, as a rash of fouls against Friona enabled Morton to come from three points behind to a one-point lead with two minutes to play.

Milner's free throw with 20

seconds to play tied the game at 49-41, and a Morton player missed a chance to win the game with a free shot as time was running out.

In the first overtime, Morton jumped ahead, and had a three-

point lead, 54-41, with just 35 seconds left. But Friona hadn't quit. Thomas drove in for a beautiful lay-in despite being closely guarded, to cut the lead to 54-53. Murphree had a similar play in the last five seconds, and was fouled, miss-

ing the basket.

He sank the free throw to tie the game, but after a time out, missed his second, to send the game into another overtime. Morton again grabbed the lead, this time by four points, and Friona wasn't able to catch them

the last time.

The Chiefs received a blow when Thomas got his fifth foul in the second overtime, having to leave the game. Thomas and Buckley led the scoring attack with 14 and 13 points respectively.

Squaws--

(Continued from page 5)

final quarter, and the Squaws were able to get open for easy shots.

Buckley sank a basket for a 42-31 lead with six minutes to play, and after Jennings made it 44-31, Buckley made two straight drive-in shots on passes from Jennings, and Friona led, 48-33, the biggest lead of the game.

Reserves played the last few minutes, as the Squaws coasted to the win, their 18th of the season.

Eighth Graders Topple Bovina

Friona eighth grade teams coasted to wins over Bovina this week. The boys took a 29-18 win, while the girls had an easy time of it, 41-3.

Danny Batze was high scorer for the boys with 11 points. Bobby Jordan scored seven. Sue Rodgers scored 19 for the girls. Kathy Jones was the leading rebounder.

The teams play their final games of the season Monday, with the boys going to Dimmitt, and the girls meeting Dimmitt teams here.

Baker Brothers To Appear Here

Dates for the annual spring revival at the First Baptist Church have been set for February 24 through March 3. The Baker brothers, Dick and Bo, well-known evangelistic team, are to lead in the revival.

FOOTSAVING EDUCATION

by James E. Edwards

I Hate (Blank) Shoes. Why Do People Buy Them?

Please -- don't hate (blank) shoes or any kind. Object to the appearance, the price, the flexibility, stiffness or the way they don't fit your child's feet but don't hate them.

If you do, you are likely to discourage other parents from trying them and (blank) shoes might be perfect for their children's feet.

We stock five different kinds of babies' shoes. No two fit alike. As soon as we take off the baby's old shoes we know that one kind won't fit because they are too shallow for the baby's pudgy instep. Some mothers will not even look at the kind that are designed for their babies' feet because someone -- they forget who -- hates them.

When a person "sounds off" against a brand of shoes, ask him or her how long they have been fitting shoes. If the answer is five years or less, change the subject to weather, baseball, or government spending.

CLOVIS, N. MEX.

New County Industry Based On Cattle Feeding

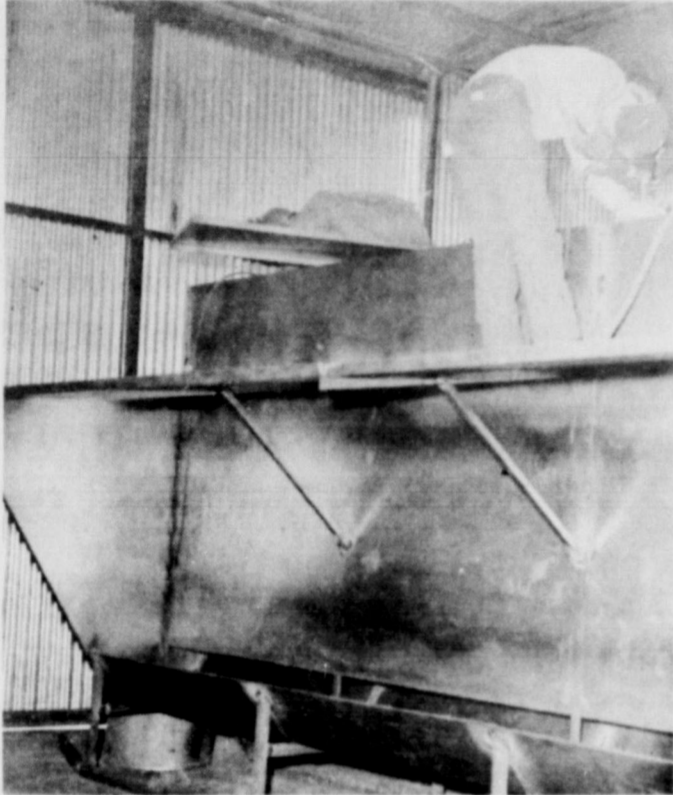

Company Begins Work At Farwell

By BILL ELLIS For Farmer County Newspapers

Cattle feeding is becoming big business in Farmer County and the area as a whole, and a couple of Farwell men have established an industry which should go hand in hand with the new "boom."

"Miracle Manufacturing Company" has been in operation in Farwell for about three weeks. It hopes to profit from the cattle industry, as well as helping cattlemen increase their profits.

The company manufactures steel products, and is specializing in cattle self-feeders. Partners in the new business are Bill Garrett and Harold Darby, who formerly operated a blacksmith shop between Texico and Clovis, New Mexico. Miracle Manufacturing also

PUTTING ON THE TRIMMINGS for a newly-constructed self-feeder is this employee of Miracle Manufacturing in Farwell.

Farmer County's newest industry employs 12 people currently--10 men in the actual manufacturing work and two people in the business office.

"If our business volume increases, we'll naturally need more employees," said Garrett, a native of this area, who grew up at Muleshoe.

Darby came to Farwell from the West Coast. He built and installed machinery for plywood in an Oregon sawmill before moving to the Southwest. The past eight months, the two men operated a shop near Texico.

Both are 33 years of age and are family men. Garrett has four children, a boy and three girls, and Darby has five children--all boys.

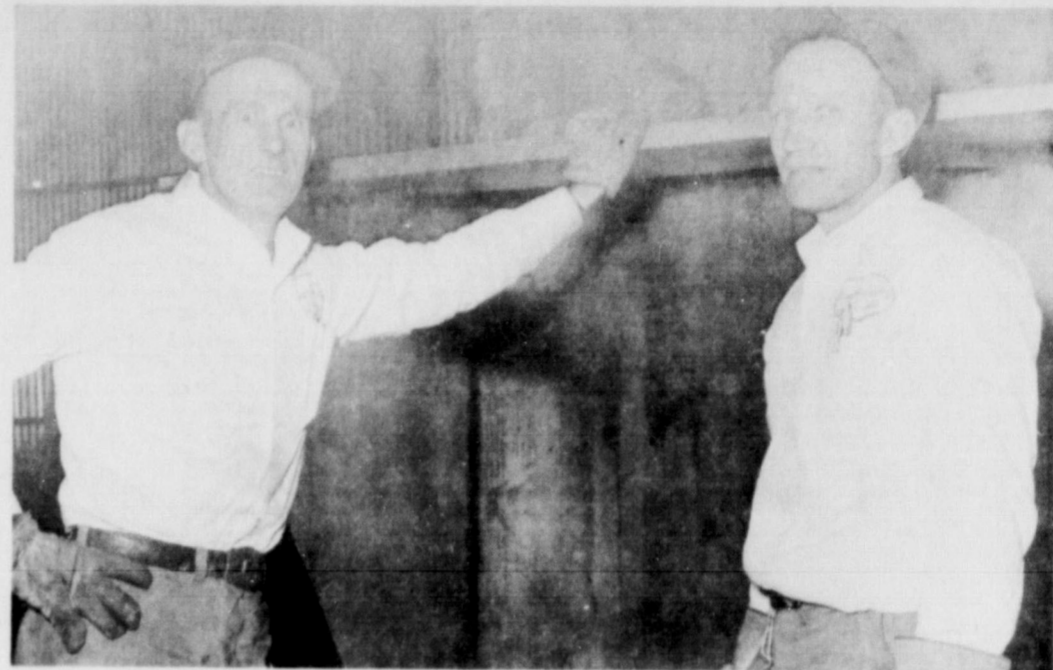

They headed toward the feeder business last May, when they built a self-feeder for F. D. Carter of Bovina. The men estimated that they manufactured about 35 feeders before they finally installed their present plant.

"I feel there is a definite need for this type of equipment in our area. This is wonderful cattle country, and we are interested in our area," says Garrett.

It is fitting that the new business should be located in the "heart" of the new cattle-feeding empire. The only other companies that manufacture feeders that Garrett and Darby know about are located in Rome and Saginaw, Texas.

"We have sold self-feeders as far away as Tucumcari, New Mexico," said Darby. Feeders are manufactured in 10-foot, 16-foot and 20-foot sizes to suit

THE HIGH PLAINS FARM AND HOME

HAROLD DARBY AND BILL GARRETT, partners in Farwell's new manufacturing plant which specializes in cattle feeders, are caught during a "pow-wow."

Dixon Attends TFB Conference

Jim Dixon, Farm Bureau policy execution chairman for Farmer County, attended the Texas Farm Bureau Legislative Conference January 22 in Austin.

The legislative director for TFB, Charlie Huff, addressed the group. At a banquet sponsored by the group, governor John Connally and Lieutenant governor Preston Smith spoke, along with Jack Lynn, legislative director of American Farm Bureau, Washington D. C.

Lynn discussed the upcoming wheat referendum, stating that Farm Bureau was against the basic contents of the referendum. Other issues, such as taxes, federal aid to education and Medicare were touched on.

Mrs. Dixon accompanied her husband on the trip. Lester Howard, Bill Millen and Jack Schuster, of Bailey County also were at the meeting. Representative Bill Clayton of Springlake attended the banquet.

The group toured the capitol, seeing the House of Representatives and Senate, and into the governor's chambers.

Dixon has prepared a report on the meeting for the Farmer County Farm Bureau directors meeting in Friona Monday.

February 16-23 is "FFA Week"

Governor John Connally has proclaimed the week of February 16-23 as FFA Week in Texas.

In presenting the proclamation to Jerry Clark, President, Texas FFA Association from Buna, the Governor pointed out that the importance of agriculture in our State increases as Texas progresses, and it is vital to our well-being that we train skilled farmers and ranchers to provide a plentiful supply of food in years to come.

Jerry Clark received the proclamation on behalf of the 39,000 active FFA members in 937 chapters and more than a quarter of a million former students.

The FFA is composed of boys who are studying vocational agriculture in the public schools in preparation for careers in farming, ranching and related fields.

In studying the science of agriculture, these Future Farmers are striving to improve this great industry for the welfare of all citizens.

4-H Club Members Like New Program

Texas 4-H Club members are taking to the horse club program like 'ducks-to-water.' Currently, reports Roy Snyder, extension animal husbandman, 4-H horse clubs are active in at least half of the State's counties. A remarkable growth is Snyder's description of the very popular 4-H educational program. Participation more than doubled last year.

Because of this upsurge of interest in riding horses and a growing number of requests for subject matter information, Snyder and other members of the animal husbandry and other departments of Texas A&M College are busy trying to serve these needs. In addition to subject matter, the first statewide 4-H horse and pony show is scheduled for August 22 and 23 at Texas A&M College. Snyder says all county agricultural agents in Texas now have the rules and general information covering the operation of the show.

Ten classes have been set up

under the halter division of the show and six under the performance division. Ribbons will be awarded for the top 10 placings in each class and trophies will go to the first place class winners, he adds. In addition, a trophy will be presented to the owner of the high point horse of the show, points will be accumulated in both halter and performance classes and a trophy will also be awarded the champion showman.

Snyder emphasizes that the 4-H horse program, is educational and is primarily aimed at the development of the boy or girl along with a care, maintenance and training program for the animal owned by the 4-H member. Both boys and girls

are eligible for membership. Snyder suggests to members who are interested in participating in the upcoming show, that they immediately get in touch with their local 4-H leaders and county agents and begin training their animals for the show. He especially urges them to become familiar with the rules and regulations which will govern the show.

One nautical mile measures 6080.2 feet.

COLLEGE STATION, Tex. (UPI) — The Texas Agriculture extension service reports growing salt content in irrigation water can cause poor soil structure, trapping of water and poisoning of crops if not contained.

Symptoms of excess salts in the soil are yellowed leaves, shedding and stunted growth. The service reports. To remedy "salting-up" of soil, farmers need to leach the soil, irrigate more often, plant salt-tolerant crops and use cropping practices, the service said.

CC-ENMU spring semester classes start the week beginning Monday, January 28.

Enrollments may still be made by contacting Charlie Speice, program director.

CC-ENMU office 4-6 P.M. Mondays Thru Thursdays--762-1581

LAZBUDDIE STUDENTS who competed in the Hereford Junior Livestock Show recently proudly pose with their trophies and ribbons. Back row, left to right are Richard Gordon, Lewis Seaton, Darrell Mason, Buddy Embrey, Ricky Hassell, Lloyd Bradshaw, Johnny Mitchell, Gary Eubanks. Middle row--

Terry Parham, Mike Ward, Charlotte Seaton, Marranna Gammom, Linda Gleason, Timmy Foster, Ronald Ashford. Front row -- John Ward, Thresa Seaton, Bobby Gleason, Steve Foster, Lary Eubanks, and Royce Barnes.

Area Entomologist Gets New Position

Effective February 1, John G. Thomas, area entomologist with headquarters at Lubbock, will be transferred to the headquarters staff of the Texas Agricultural Extension Service.

His new title, according to Director John E. Hutchison, will be associate entomologist, and he replaces C. F. Garner who resigned several weeks ago. Thomas holds both B. S. and

M. S. degrees from Texas A&M College in entomology and has completed approximately two-thirds of his academic work at Kansas State University for a doctorate degree in the same field. He has served at Lubbock since June 1960. He is a native of Gray county and was an outstanding 4-H member.

Rex P. Kennedy, area farm management specialist with headquarters at Weslaco, on

May 1 will be transferred to the headquarters staff and his new title will be economist in management. His major responsibilities, according to Director Hutchison, will be to coordinate the work of the area farm management specialists and overall leadership for the extension farm management program. Kennedy has served in his present position since July 1961

and holds a B. S. degree from Texas Technological College in agricultural education and an M. S. degree from Texas A&M College in agricultural economics. He is a native of Bailey county and was a member of both 4-H and FFA during his youth. He has completed about half of his academic work at Texas A&M for a doctorate degree in farm management.

No replacements have been named for either of the area positions, but Director Hutchison said that a replacement for Kennedy would be on the job at least 30 days in advance of Kennedy's transfer.

Ginning Leaders Favor Proposals Of Cotton Bill

Ginning industry leaders in Texas Tuesday approved a legislative program that would include the provisions in the cotton bill now before Congress. A spokesman for the Texas Cotton Ginner's Association board of directors, E. H. Bush, executive vice-president, said his group reaffirmed previous cotton legislation policy which calls for a competitive price for cotton with the world market and opposes any reduction in the 16 million acre minimum allotment.

In other policies developed at the meeting, directors agreed to adopt standards for bale wrapping material when the specifications are established by the National Cotton Council. The state-wide organiza-

tion's accident prevention program for the ginning industry also was continued. The Dallas-based Association sponsors an extensive safety program for cotton gins.

The Association also recommended continued research and use of glandless cottonseed.

These were the main issues discussed by cotton industry leaders before the directors earlier in the three day meeting.

In other action, Jack Funk of Lyford was elected chairman of the Association's executive committee. The Willicy County ginner succeeds R. K. Phillips of Sugar Land.

Classing Receipts Continue Fairly Steady At Lubbock

Receipts continued to run 4,000 - 5,000 samples per day at the Lubbock Cotton Classing Office over most of the past week. Mr. Palmer reported that receipts dropped to about 2,000 samples on Friday.

For the week ending January 25 the Lubbock Office classed 31,000 samples. This pushed the season total for that office to 1,766,000 samples.

For the season the Brownfield office classed 263,768 samples and the Lamesa office classed 205,728 samples.

The total samples classed to date in the three South Plains classing offices is 2,235,500 samples. Last year at this time 2,255,000 samples had been classed.

The white grades accounted for 24 per cent of the cotton classed. Fourteen per cent of

the samples was Strict Low Middling, nine per cent was Low Middling and one per cent was Strict Good Ordinary Plus or lower.

The Light Spotted grades showed a large volume with 57 per cent. Middling Light Spotted accounted for six per cent. Strict Low Middling Light Spotted had the largest number of samples with 45 per cent and there was 11 per cent Low Middling Light Spotted. The percentages for the Spotted grades were: Middling Spotted two per cent, Strict Low Middling Spotted six per cent and Low Middling Spotted two per cent. Two per cent of the samples was classed as Tinged in grade and 11 per cent of the samples received were reduced in grade because of bark.

For the third week in a row the average staple length was 29.8 thirty-seconds of an inch. Seven-eighths of an inch accounted for one per cent, 29/32" 20 per cent, 15/16" 75 per cent and 31/32" 4 per cent. Only a trace of one inch and longer cotton was classed.

The micronaire readings remained the same with 70 per

cent of the samples classed making 3.4 or below and 30 per cent making 3.5 or above. Cotton classed as wasty continued to increase with 20 per cent as compared to 17 per cent for the week before.

Purchases of 65,800 bales were reported by the Lubbock Cotton Exchange for the week ending January 24. This is a slight increase over the preceding week when 63,000 bales were reported. For the same week a year ago 118,000 bales were reported.

The Middling one inch price increased this past week to 32.85, this compares with 33.00 at the same time last year. Quotations were raised on Low Middling Plus and Low Middling and were lowered on Strict Low-Middling Spotted and all gray cotton. The Lubbock quotations for the predominant grades are: Strict Low Middling 29/32, 29.60; Middling Light Spotted 29/32, 29.70; Middling Light Spotted 15/16, 30.20; Strict Low Middling Light Spotted 29/32, 28.90 and Strict Low Middling Light Spotted 15/16, 29.40.

FARM BUREAU SPOKESMAN

Tax Cut Without Budget Slice Disastrous, Official Warns

A federal income tax cut not accompanied by a substantial reversal of the "free spending" policies now being followed in Washington would invite "run-away inflation and a further decline in the value of the dollar," a national farm organization spokesman said Tuesday.

John C. Lynn, Washington, D.C., legislative director of the American Farm Bureau Federation, spoke to a statewide gathering of county farm bureau presidents and policy execution chairmen at an afternoon session of the Texas Farm Bureau's legislative conference at the Villa Capri Motor Hotel here, Tuesday night.

Lynn said the nation's largest general farm organization is calling for a budget cut of "at least 10 per cent below the current level in order to permit both a reduction in the deficit and a tax cut."

"Farmers recognize that federal expenditures for agriculture are contributing to the need for high taxes, and, as evidence of our willingness to share in the proposed reduction of federal spending, we recommend that the budget of the U.S. Department of Agriculture for price support operations and payments be reduced by \$1 billion, effective in fiscal 1964.

"We challenge all other groups who agree that a tax cut is desirable to make specific recommendations to Congress for comparable reductions in expenditures," he declared.

"We believe that the foreign aid program, for example, can be reduced by \$1 billion—and improved in the process."

Lynn said Farm Bureau strongly supports an adequate defense program. But he added: "Several billion dollars can be saved without impairing our defense posture by insisting that the military establishment provide a dollar's worth of defense for each dollar of expenditure."

The Farm Bureau legislative director told Texas farmers and lawmakers that advocates of government-operated supply-management controls in agriculture are "grossly dishonest and will lead farmers down the road to low per family income and regimentation of their business."

"We hear a great deal about a public relations program for agriculture," he said. "I happen to have the old fashioned theory that the best public relations programs for agriculture is to have the kinds of programs that can be justified and defended before any group. The certificate plan for wheat as enacted by the last Congress and the temporary feed grain program effective in 1963 cannot be defended before either farm or urban groups."

"How can we justify paying corn farmers as much as \$100 an acre to reduce their corn acreage 20 percent? This may sound good to those who are receiving it, but it is the way to destroy all the worthwhile features of the farm program.

"Under the Agricultural Act passed in 1962 wheat farmers will take it on the chin in 1964, whereas the producers of feed grains will be free to produce to the maximum at a reasonable government price support. It seems that the wheat farmers must give serious consideration to the forthcoming referendum.

"Under the certificate plan the Secretary of Agriculture would be given the authority to use the tightest controls ever seriously considered for any commodity," he said, adding that quality wheat producers would be "greatly penalized" and farmers living in areas where there are few alternatives to wheat production would suffer "grave consequences."

If the certificate plan is approved in the coming referendum, Lynn said Texans and "all Americans who believe in constitutional government" should support proposals to balance the federal budget and help farmers to get away from rigid government controls.

NEWS FROM THE FARM BUREAU BY RAYMOND EULER

Next Monday morning at ten o'clock, area Farm Bureau Leaders will meet in Lubbock at the Holiday Inn, Purpose of the meeting will be a membership kick-off program, Texas Farm Bureau President, C. H. DeVaney will be there to speak, along with Organization Director, Millard Shivers and Warren Newberry, AFB Field Man representative. Some of our directors will attend the meeting, and we hope you may feel like going, too.

The regular director's meeting will be held in Friona that night, and you are welcome to attend if you wish.

If you are interested in receiving a brief, documentary report of happenings of interest to agricultural and all other American people each week, you can receive Facts for You by submitting payment of only \$1.15 to Farmer County Farm Bureau. This report is prepared by Bill Wedemeyer, Research and Education Director of Texas Farm Bureau.

This week, for instance, the Communist Program for Agriculture is quoted from its own publication. You may be amazed at the parallel of this program proposal and that of the present administration agricultural planners.

We take the position that anything proposed or supported by the Communist Party is evil. The counter-argument that "there is something good in everything" is not very impressive to us. Even sickness results in some good, for instance in providing lucrative employment for the medical profession. But who, in his right mind is willing to try to propagate sickness simply to provide the "good" resulting from it, i.e., employment of the medical profession?

We read in the Congressional record a proposal by Senator Humphrey to strengthen the Davis-Bacon act, the act that sets minimum wages that contractors on federal projects can pay their employees. His argument, which takes more than half a page of the fine print, is simply that in some areas employers have been able to gain government contracts because they were furnishing the labor at a lower rate than contractors of another area were able to provide. As usual, this argument indicates that the government planners are more interested in maintaining minimum wages than getting federal projects done (using your tax money) by low, money saving bidders.

CONSIDER THIS: He that begetteth a fool doeth it to his sorrow; and the father of a fool hath no joy.

1963 Grain Program Will Benefit Feeders--Mills

The 1963 Feed Grain program will be a natural for farmers who can either feed cattle, or sell it as ensilage to local feed lots, states Prentice Mills, manager of the Farmer County ASCS office.

A farmer can put his entire grain crop into ensilage, and still receive price support payments, Mills pointed out.

One major difference in the program from past years is that

a farmer must do what he agrees to at sign-up time in order to receive diversion payments and price support.

For small farms with total feed grain base acreages of 25 acres or less, on which the producer diverts the entire feed grain base acreage, the payment rate will be 50 per cent of the county support rate on the normal production of the diverted acres. These farm-

ers will receive no price support payment, since they will have no 1963 feed grain acreage.

For other feed grain farms, the payment on the first 20 per cent reduction from the base acreage will be 20 per cent of the county support rate on the normal production of the diverted acres. On any acreage diversion above the minimum requirements, payment will be at 50 per cent of the county

support rate. Maximum diversion is 40 per cent of the base acreage of 25 acres, whichever is larger.

In addition, participating farmers (except those on small farms who divert all of their feed grain base acreage) will receive price support payments on the normal production of their 1963 feed grain acreage, without regard to whether they feed their grain, market it, or place it under price support. The payments will be figured on the farms' normal yield regardless of the actual yield on the farm in 1963.

Mills stated that signups for the 1963 program would begin in the near future. "Notices will be mailed next week, showing the average yield and diversion payments," Mills said.

When a farmer receives these notices, if they feel something isn't right, especially the acres, they should come to the ASCS office and file an appeal within 15 days, states Mills. "This is merely the official means of correcting mistakes," he explained.

Mills has prepared a chart showing the estimated gross return for farmers taking different routes for the 1963 program. For a farm with 100 acres grain sorghum base with an average yield established at 80 bushels (4480 pounds) per acre, with market price for grain at \$1.60, the following examples were determined:

The non-complying farmer would gross \$7,168. A farmer diverting 20 per cent would have a gross return of \$7,397.12. On a 30 per cent diversion, the return would be \$6,956.48. Those diverting 40 per cent, would have a gross return of \$6,515.84.

WITH THE COUNTY AGENT DERYL COKER

The extreme cold weather not only has cut into the profits of grazing cattle on wheat, but may hurt our yield in June. We won't know just what per cent of our small grain crop has frozen out until it warms up and it starts growing.

Several farmers have been in the office wanting to know if they would be given a chance to grow sugar beets, if they failed to sign up. In talking with the Agricultural Director of Holly Sugar Cooperation last week, I was informed that all farmers wanting an allotment would be considered, so if you failed to sign up in 1962, come by the office and sign up or go by the bank in Friona and tell Bill Nichols that you would like to get your name on the list to grow sugar beets.

When Holly Sugar Cooperation comes into the county and starts allocating acreage they will need a list of farmers who are interested. The rest of my column will be on the behavior of nitrogen in the soil.

The behavior of nitrogen in the interrelated succession of largely biochemical reactions involved in its availability is of major importance and the reactions are perhaps best understood by a study of the so-called nitrogen cycle. This includes many complex transformations, some of which can be controlled by management.

Nitrogen is received by the soil in the form of organic residue, commercial fertilizers, and small amounts of ammonium and nitrate salts along with rain and snow. Also certain micro-organisms fix small amounts of free nitrogen that may be eventually utilized. It is lost from the soil due to crop removal, drainage, physical erosion, and as both elemental and ammonia nitrogen. Much of the nitrogen added to a soil undergoes many transformations before final assimilation. The portion added in organic combination is subjected to the more complex changes.

All organic material when mixed into a moist soil is attacked by a widely varied population of bacteria and first broken down into amino acids in the process of aminization. The amino forms may then either be used by bacteria or be changed to ammonia. In general the same organisms that bring about aminization are also responsible for

ammonification, the process effecting the change of the amino form to ammonia. Although this can occur to some extent under almost any condition it is favored by good aeration and drainage and by the presence of calcium, magnesium, and potassium. Four things can happen to the ammonia. It may be used by the plants, used by bacteria, or fixed to the clay. Under these three are full, so to speak, it may be readily oxidized to the nitrate by certain special purpose bacteria.

This process occurs in two steps requiring two distinct groups of bacteria. One changes the ammonia to nitrous acid (NO2), and then almost immediately another group changes it to the nitrate (NO3). Under ideal conditions the process occurs rapidly. Daily rates of from 6 to 22 lbs. N per acre six inches have been measured after the application of 100 lbs. of ammonia nitrogen.

Nitrifying bacteria are extremely sensitive to their environment. Conditions influencing their activity include: Aeration—An oxidizing process. Temperature—80 to 90 degrees optimum. Practically ceases at 40 degrees. Moisture—Optimum when right for plants but still proceeds slowly even under drought conditions where plants die. Active time—Plenty in South Plains.

Presence of other plant nutrients.

Carbon-Nitrogen ratio.

Four things can happen to nitrate nitrogen. It may be used by plants, used by bacteria, lost in drainage or lost as a gas after reduction. The loss of soil nitrogen as a gas occurs under conditions not well understood. It can occur under conditions of poor aeration and it may also occur on alkaline soils. At present the extent of such loss in our area is not known.

Egg Council Seeks Best Egg Cook

The Texas Egg Council is out to find the best egg cook in Texas. It's a part of a nationwide effort by the Poultry and Egg National Board to bring to the attention of consumers the great variety of ways "nature's most nearly perfect food"—the egg—can be served, says F. Z. Beaublossom, poultry marketing specialist and Mrs. Gwendolyn Clayatt, consumer marketing specialist, both of the Texas Agricultural Extension Service.

State winners in the egg cooking promotion will go to Chicago in May to participate in the national finals. The Texas winner will go as a guest of the Texas Egg Council.

Any person, other than professional home economists, cooks, chefs and members of the sponsoring organizations, is eligible to submit their favorite recipes for egg cookery, the specialists explain.

To be eligible for state judging, each person must submit an official entry blank along with their favorite recipe. They may submit as many recipes as they wish but each must be attached to an entry blank. The entry blanks are available from either the Texas Egg Council, P.O. Box 251, Stephenville, Texas, T. A. Hensarling, secretary or from Mrs. Chyatt, 401 Caroline Street, Room 501, Houston 2, Texas.

Farm Bureau Week Proclaimed In State

Governor John B. Connally has proclaimed special week in February to emphasize the importance of farmers and ranchers joining together in a voluntary organization to promote their common interests.

agriculture to the state's economy and the past accomplishments of farm and ranch people through organized efforts, the state chief executive proclaimed the week of Feb. 3-9 as "Farm Bureau Week" in Texas. The special week coincides with an intensive membership solicitation campaign which will be conducted by the state's largest farm organization.

membership drive. TFB President C. H. DeVaney will fly by chartered plane to each of the meetings to address the volunteer membership workers from the surrounding areas. The meetings will be held at the Holiday Inn, East, in Lubbock beginning at 10 a.m.; at the Adolphus Hotel in Dallas, beginning at 2 p.m.; and at the Gunter Hotel in San Antonio, beginning at 2 p.m. County Farm Bureau presidents and membership growth committee chairmen will attend and will hear addresses by state and national Farm Bureau leaders.

livelihood either directly or indirectly from agriculture. "The abundance of food and fiber, produced ever more economically by an increasingly efficient agricultural industry, helps assure our citizens of the highest standard of living in the world.

"Through their organized efforts and by democratic procedures, the farmers and ranchers of Texas have sought a voice in State affairs and have campaigned for improvements in the economy and government of Texas.

"These organized groups recognize the necessity of having an informed, prosperous and organized agriculture in our State.

"THEREFORE, I, as Governor of Texas, do hereby designate February 3-9, 1963, as FARM BUREAU WEEK in Texas, and urge our citizens to cooperate in the recognition and observance of this week in an effort to publicize this important phase of our Texas life.

"In official recognition whereof, I hereby affix my signature this 17th day of Jan, 1963, (Signed) John B. Connally, Governor of Texas."

Release Cotton By March 4 Deadline

March 4 is the deadline for applying for released cotton acres, and also the final day for farmers who don't plan to plant all of their allotment to release it to the county committee, reminds Prentice Mills, office manager of Farmer ASCS.

"It is very important that farmers sign a release on acres they don't intend to plant. The farm and the county would both lose the allotment history on the acreage if it is not released," Mills said.

Mills indicated that the county should be able to secure more additional acres from outside the area this year, due to the recent re-division of the state by ASCS districts.

Wool Care
CHICAGO (UPI)—The most important factor in controlling wool shrinkage during laundering is to handle and agitate the fabric as little as possible, said Dr. Ruth Galbraith, director of textile research, University of Illinois.

Pizza Cheese Popular
NEW YORK (UPI)—The burgeoning popularity of pizza has shot up the consumption of Italian-type cheese. Sales of this type cheese has soared 43 per cent in five years to about 180 million pounds a year. Nearly 90 per cent of Italian-type cheeses are made in this country.

THE FORD IDEA: build the fun in... build the worry out!

Spend fifteen minutes at your Ford Dealer's—see how much difference the right idea makes! These cars are more fun than cars have ever been before. The Super Torque Ford (foreground) has V-8's up to 405 horsepower, a \$10 million ride, rich interiors and luxury features like an optional Swing-Away steering wheel. The sleek new Fairlane middleweight (center) is quick, nimble, solid as a bank—and offers America's newest V-8! Don't miss Falcon (top)—now with a new dash of fun, including the first Falcon convertible. The '63 cars from Ford are designed to be less trouble than cars have ever been before. They're tight, quiet, solid as they come—and all* have Ford's Twice-a-Year (or 6,000-mile) Maintenance!

America's liveliest, most care-free cars!
