Homecoming queen candidates have been selected by the Rankin High School (RHS) plans and are being firmed up about ready for Homecoming, which will be held October 12.

Candidates this year include Richardson, daughter of Mrs. James Richardson; Phillips Camp, Joann Sullivan, daughter of Mr. and Mrs. Sullivan of Rankin, Angela

Vick, daughter of Mr. and Mrs. H. W. Vick of Rankin, and Denisa Day, daughter of Mr. and Mrs. W. M. Day of Rankin. All four girls are seniors and the final determination as to which will reign as Homecoming Queen will be announced at halftime ceremonies at the Rankin - Clint football game.

This final selection is also determined by a vote of the Rankin High School student body.

## Picked; Testimony Underway 3rd District Court Civil Case

Jury panel originally consisting of some 120 as drawn by the jury wheel system, a list of 40 persons who were after those with excused dismissed. Under the new system, all names listed on the panel, even if a person has died or moved out of the county.

Case styled Estate of Alberta vs George F. Smith in the 83rd District Court. An appeal is being taken to a Probate Court ruled down in March of '71. Alberta Haley, a long-time resident of Rankin, died in 1968. George Smith, also a resident here for a number of years, was appointed executor of

the estate.

A daughter of Mrs. Haley's is seeking an accounting and settlement of the estate. She is represented by M. W. Plummer, an attorney from Houston, and also a Kansas City, Kansas attorney. The daughter also lives in Kansas City at this time. Smith is represented by John A. Menefee of McCamey.

Testimony heard Tuesday centered around funds that had been expended by Smith, and those allegedly collected by him, in the operations of the estate since the death of Mrs. Haley. The principal piece of property involved is a cafe and bar, now operated under the name of the Gusher Lounge.

Witnesses were still being called Wednesday morning and testimony (Continued to back page)

## 7:30 P. M. Kickoff Slated in Wildcat Land --

# Devils Open Crown Defense Friday Night

Friday night will see the start of an effort on the part of the Rankin Red Devils to successfully defend their District 6A championship in football. Last season they rolled over all six opponents without a setback. This year, the title may not come so easily, if at all.

Picked in pre-season to repeat as district winners, Rankin will travel to Wildcat country in Wink for their district opener. A 7:30 p.m. kickoff time is slated—which is 30 minutes earlier than the original time announced and that which appears on schedules distributed earlier in the season. Fans are reminded that a 7:30 starting time will prevail for all conference games.

Rankin will be favored to beat the Wink team; however, in the

past the Red Devils have not always prevailed when they were supposed to, as attested by the fact that it was not until 1970 that Rankin ever beat a Wink team in a series that has been played—off and on—since 1956.

However, since they got the hang of it, the local have done rather well, having won the last three meets; and showing considerable strength in doing so by rolling up 94 points to 12 for the Cats. Over the entire series; however, it's rather lopsided for the Wink elevens as they have posted a total of 226 points to 166 for RHS.

Though thin in numbers this year, the Wildcats are reported to be a much better team than they were last year with one of their strong points being on defense. Like the Devils, they have yet to get much going in the way of offense and — again like the Red Devils—are 1-3 for the season. Both have played Stanton and Jal with Rankin putting it on the Panthers 40-0 and losing to Stanton 14-8. Wink went down to the Buffaloes 27-0 and were in it all the way with Jal before losing 6-0 in the 4th quarter.

A further indication that all may not come up roses for the Maroon and White can be found on their

injury list where five players are either out or are playing at reduced capacity. Missing and not expected to suit out will be Tom Lindsey, Randy Hodges and Gehrig Feuge while Brad Winn and Mark Russom are expected to be available but slowed somewhat by leg problems.

## Firewood for Bonfire Sought

Materials suitable for the homecoming pep rally bonfire are being sought by students of RHS—no tires or old trees, please.

Persons having suitable materials are asked to call 693-2351 at the high school and a truck will be sent out. Collection is to get underway Oct. 11 and the bonfire and pep rally will be held at 7:30 that night.

## Revival Services set for Sunday Start

There will be a Youth Revival meeting beginning on Sunday morning, October 7 at the Faith Assembly of God Church, located at 104 West 10th Street in Rankin.

David Crispin, an Odessa teenager, will be the speaker and there will be special music each service.

"On behalf of the Assembly of God Church, we urge each and everyone to attend," said a spokesman for the congregation.

Services are to begin at 7:30 p.m. each evening.

## Pecan Tree Ordering Underway for Uptonites

To order pecan trees reminded Dub Day, Upton Extension Agent, today. The project is sponsored by the Upton County Pecan Growers Association. Anyone interested should contact Day at his office, phone 693-2351 in Rankin.

Several thousand of the nut-bearers are now growing in home yards and acerages in Upton

County and several hundred are generally added each year thru this tree-planting program.

### And They Grow Right Well

Pecan trees belonging to S. O. Langford and planted in 1968 show healthy growth in short time. For a view of trees, taken in 1970, see Page 7.

For orders is October 1st for a 5-6 foot tree are \$7. For the 6-7 footers, \$7.

Some 10 years ago as a program for home improvement planting pecan trees for shade and appearance, it has been disseminated somewhat to the amusement of those who, for many years, Upton County was not known for pecans — that excellent pecan may be obtained with the care of trees.

The program has advanced to the point that several commercial nurseries are now under development in Upton County and local producers have been consistent winners in state and national pecan shows.

## FOLLOW UP—

A little follow-up on last week's dog business at Rankin Elementary School shows that folk hereabouts will cooperate once the problem is explained. Principal Mike Hughes reported Friday that he had only three dogs—which is three too many—in class that day, and he expressed his appreciation for the efforts folks are making to keep their pets at home where they belong.

Even the sheep dog that had been herding the Kindergarten children got into the cooperation act by getting himself run over and killed down on the highway. That's about as good a bit of cooperation as you can get and as the fat guy says in the TV ad: "that settles that."

One last note: Hughes received a phone call from some fellow up in Lubbock who thought the sheep dog might belong to him since he had lost one in this area several weeks ago. But it didn't and it wouldn't have mattered much anyway since to dog is no longer

Now if we could just get some action on these that bark all night.

## PECAN TREE TIME —

ly should be called to your attention—even though it has been previously announced. Day is no longer a "County Agent" In fact, there are no more County Agents or Home Demonstration Agents in Texas—all are called Extension Agents and is a result. I suppose, of Women Lib and all this business of not making any distinction between jobs for men and, or women.

So go ahead and call him the County Agent if you want to but be warned that you may well be treading on dangerous ground.

### SOUNDS REASONABLE —

The following tid bit is from "Eraser Dust", the official publication of the TSTA:

"A motorist in East Texas had stopped to ask an old lady tending her garden. "Can you tell me the way to Village Mills?"

"No. I can't," was the reply. The motorist murmured, "Thanks anyway," and drove on, but suddenly heard a shout behind him.

An old fellow had joined the lady, and the pair were beckoning him to back up.

When he obeyed, the old lady announced, "This here is by husband. He don't know either."

### STAMPED ON —

For many moons, yea, since the waters of the Winnetka ran pure and clean—and that's been one heck of a long time ago — folk have been saying that the government moves in ways that are a mystery to behold. In fact, it's often hard to behold them at all.

Anyway, their latest little diddy is really a dandy. Somebody has come up with the bright idea of having the Post Office hand out the food stamps. Already the mails are not slow enough—and the Post Office is running in the red, now they must take on another job that, although may seem quite simple—the handing out of food stamps — we all know that there's never anything simple if it's a government project and the paper work involved alone will likely keep one person busy in a place no bigger than Rankin.

But I guess somebody had to do the job and in deciding how to find the right governmental agency, two Brains up in Washington probably sat down across the table from one another and one said the word, "stamps" to which the other replied "Post Office" and that is how the U. S. Postal Service got the job of handing out welfare food stamps.

Incidentally, I thought I received a letter some time ago saying — rightly so — that the U. S. Postal Service was set up to be separate and apart from the Federal Government and was to be run just like any other business. That being the case, I demand the opportunity to bid against the Post Office for the business of dispensing food stamps.

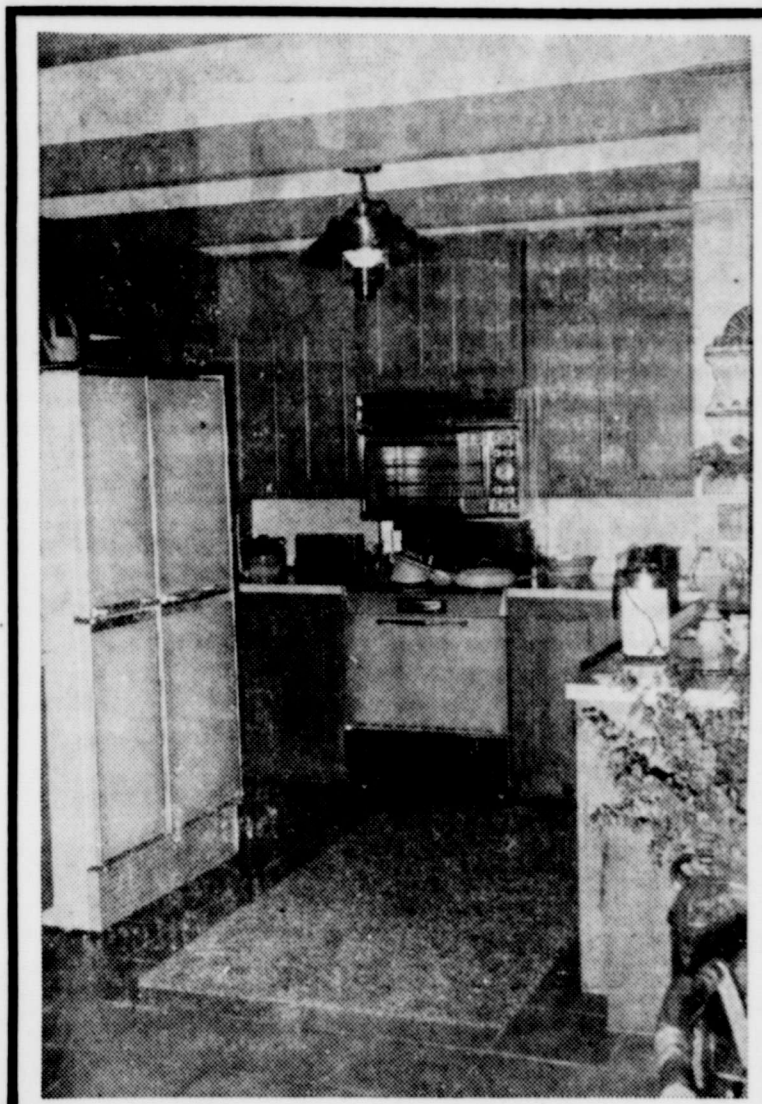

The way I figure it, I could print my own and would actually make a profit on the deal. Also, as a further incentive to draw more customers, I was going to give Green Stamps with the food stamps.

I also heard that you can now order stamps—these are the regular kind, like you use to mail a

letter to Aunt Maude—from the P. O. by mail. I think what you do is send in your money and they will mail you your stamps. And that sounds reasonable but, in our case it's going to be a little odd since we all have to go to the post office to get our mail—why not pick up some stamps at the same time?

"But", you say. "I live out in

the country and my mail comes out on a route." In that case you are, indeed, in for some good service. Just one thing, however. Make darn sure you save one last stamp to mail your letter in to order more stamps or the whole thing will be returned to you marked "insufficient postage" — and that's about the same as being overdrawn at the bank.

ON YOUR OWN TWO

\* Dedicated to the proposition that '73 is the "Year of the Red Devils."

RUFF —

Aside from the normal routine that goes on in any household, it is probably a safe wager to bet that things over at Coach Turner's house are really in disarray. He's no doubt turned the place upside down trying to find that old rabbit's foot he had season-before-last. That was the time, you will remember, when the Red Devils won about three or four ball games during the season that they lost on the field. It looked so easy then—back when it appeared that Rankin got every good bounce in the ball games.

Now the shoe is on the other foot and — despite having yet to be outplayed on the field, the Red Devils have lost three on the scoreboard and all might well be attributed to "busted" pass plays.

In football, coaches, fans and the team more or less take it for granted that you are going to get one or two of these weird pass completions against you perhaps once in a season — maybe even twice. Nobody ever has to suffer the misfortune of having them kill you in three games — nobody but the Red Devils, that is.

But, maybe that's just an excuse. Maybe what really has the Devils at 1-3 is the competition they have been playing and—hopefully, it will pay dividends now that they are coming to the part where they really count.

In any case, Turn, if you need any help looking for that rabbit's foot, I suspect there's plenty of folk who are willing to lend a hand.

DISTRICT PLAY —

We come now to the nitty gritty, the time when the fun and games are over, when, if you lose one you are in big trouble — and where it's an entirely different District 6-A than what it was last year. Different in that it is a lot better balanced and it's doubtful that there are any cinch games for any member of the district — certainly not for Rankin since all were beaten by the Red Devils last year and they will feel that they owe us a little something.

You can bet that they will all be up for their game with the Devils and "at this point in time" it's very possible that any team in the district could get it all together and just about shoot the hometown lads out of the saddle. It's going to be a pretty tough row to hoe, especially when you consider that every other team in the district is stronger than last year while Rankin does not yet have the power to blow 'em off the field like they did last season.

One thing for sure, it ought to be a most exciting district race and—once again 4th & 10 would warn one and all to not be looking ahead but to take 'em one at a time and not do any celebrating until the gun has sounded and the scoreboard shows the Devils

as the winners. We've already learned that that's the only place it counts.

THIS WEEK —

For openers, Rankin gets the Wink Wildcats. It would be hard to count the times— as we older fans can attest— that the Devils have taken the field against the Wildcats, loaded with talent and fully confident that they had the game in the bag, only to find in the end that they had been out-gunned in every department— especially on the scoreboards. It's true that the Wink teams of today are a far cry from those of yesteryear, but they appear to be on the way back to regaining at least a portion of the past greatness. Last week Jal only managed 6 points against them and the Stan-

## KOUNTY AGENT'S KORNER

Many homeowners may be at a loss as to why their fruit trees failed to bear this year. The failure can be the result of several different factors.

The first step in fruit production is to keep the tree healthy by proper watering, fertilization, pruning and insect and disease control. A soil test can determine the proper nutrient requirements for a particular species of fruit in that soil. All-purpose fruit sprays can prevent foliage and fruit damage from insects and diseases.

Most hardy fruit trees need a certain amount of cold weather to break their winter rest period and to promote spring growth. When winters are too mild, spring is delayed, irregular and slow as occurred in 1971 and 1972. Trees grown in climates warmer than their native one often bear poorly because of insufficient cold. Before planting a fruit tree, be sure to check its adaptation to our area.

Late winter frosts will kill open fruit blossoms, as experienced across the state this past spring. If temperatures are predicted to drop below 28 degrees after blossoms are open, trees should be

### The Rankin (Tex.) News — Thursday, October 4, 1973

covered or some type of artificial heat should be provided.

Another frequent problem is pollination. Some fruits such as apples, pears and plums require cross-pollination to insure fruitfulness. Therefore, two or more varieties of each fruit type should always be planted together. These fruit types are described as "self-unfruitful." On the other hand, all peach varieties recommended for Texas are self-fruitful, and trees of a single variety may be planted.

Occasionally, fruit trees will bear heavily one year and sparsely the next, which is known as biennial bearing.

Most trees set more fruit than can be maintained, putting stress on the trees to mature such a large number of fruit. Thinning the fruit annually and especially in heavy years will relieve some of the stress and hopefully keep the tree from falling into a biennial bearing pattern. After thinning the fruit should be larger and tastier.

### Iraan Jr. Horse Show Will be held Oct. 13

Iraan Saddle & 4-H Club will sponsor the 5th Annual Open Junior Horse Show on October 13 at the Yates Arena. 6. Three top winners and runners up will be announced during a press luncheon October 5 at 2:00 p.m. in the Baker Hotel's Texas Room, after a morning of judging events.

The forty-seven finalists, including the top winners, will model their fashions in a public showing at 10 a.m. and 11 a.m. the next morning at the Women's Building Auditorium on the State Fair grounds.

Top overall winner of the State Revue will represent Texas at the National 4-H Club Congress November 25 thru 29 in Chicago.

In the wool division, the top winners will receive bonds from the Texas Sheep and Goat Raisers' Association.

In the cotton division, the top two winners will receive cash awards from the Texas Cottonseed Crushers Association.

To compete at the state level, all forty-seven finalists took top honors in county and district competition across Texas last spring. They represent more than

17000 4-H youth now enrolled in clothing projects.

Sponsored by the Texas Agricultural Extension Service, Texas A & M University System, the State 4-H Dress Revue is a feature of the Texas 4-H and Youth Day program.

**Mrs. C. W. Lancaster  
Dies Wed. at Home**

Mrs. C. W. Lancaster of 601 W.  
8th Street in Rankin was found  
dead at her home at about noon  
Wednesday, Oct. 3. No details  
were available at presstime.

She and her husband, who is an  
employee of Union Texas, have  
lived in the Rankin area for a  
number of years. Her husband  
was at his job when she was dis-  
covered. It is also reported that  
she was to have entered the hos-  
pital today, Thursday, for possible  
surgery.

**Brownie Scouts Say  
a "BIG THANKS!"**

The Rankin Brownie Girl Scouts  
would like to thank the people of  
Rankin for the donations and  
the following business firms for  
contributions:

- Red Bluff Lumber Company
- Johnson's
- Gossett Exxon Service
- Rancher's Wool & Mohair
- Vickers Texaco Service
- West Texas Utilities Co.
- McKenzie Motor Company
- Boggs Grocery
- Cashway Grocery
- The Rankin News
