Memorial Day Services Set Saturday Morning

Friona is growing by leaps and bounds. Every time we come in or go out of our office we are reminded of that fact by the new Western Auto building going up next door to us.

We were taking stock of the major business buildings which have been built in Friona in the past year, and it's quite an impressive array. Most of them are pictured in this issue of the Star so that readers may be reminded of this growth.

In order to take advantage of this healthy growth in the business district, and encourage more of the same, we're investigating a new "Dollar Day" drive in Friona, and encouraging city and area shoppers to make every first Monday a big business day in Friona. This issue of the Star contains several "Dollar Day" advertisements by Friona merchants. We hope that readers will take advantage of these specials, and make Friona their "Dollar Day" shopping headquarters.

Friona's population, slightly over 2,000 at the 1960 census, now is crowding the 3,000 mark, and many people believe it is more than that figure. The number of water connections as of the first of this month was 941. Most cities use a conservative estimate of 3.5 persons per water meter. This would place the city's population at 3,294. Even if we were really conservative, and figured just three persons per water meter, this would still come to 2,823 people in our fair city, and a good increase since 1960.

Many of you are receiving the Star for the first time today since we are mailing out several "sample copies." We hope that if you are not already subscribing, that you will clip the coupon on this page, and send us your name and address. If you wish, just check the appropriate box, and we will bill you later for the subscription, and begin sending you the Star with next week's issue. If you already receive the Star, but have some friends or relatives you would like to receive the paper, why not send them a gift subscription? That's the easiest way of letting them know what's happening in Friona. Just let us tell them for you.

Clyde Hays, one of the few self-made farmers who does all of his farm work himself, was speculating the other day on how the farm land in this area has changed. "I gave \$41 per acre for my land 20 years ago. Recently a neighboring parcel of land sold for \$500 per acre. What do you suppose will be the case 20 years from today?" Hays joked about how he was slow to accept irrigation. "Why, the \$8,000 my first well cost was more than the land cost me. But the very first year after drilling the well a good maize crop more than paid for it," he commented.

Just under three weeks ago, June Rhodes' third grade class mailed individual letters to President Johnson, also sending snapshots of each of the students. This week, the class received a letter from the White House, signed by Bess Abell, social secretary to President Johnson.

Memorial Day will be observed in Friona Saturday with two programs, beginning in the City Park at 7:30 a. m.

Delivering the Memorial Day message will be Lawrence Oxford, pastor of the Friona Assembly of God Church. Music for the service will be provided by Eva Miller and the Trebellaires.

A highlight of the service at the City Park will be the placing of the wreath on the memorial marker by the "Gold Star Mother," who is Mrs. Charles Allen this year.

The second half of the program will be held at the Friona Cemetery. Features here will be the advancing of the Colors by American Legion Post 206, a "roll call of the dead," a salute to the dead by a firing squad, and taps, played by Robert Stewart.

Veterans buried in the Friona Cemetery include Carl Hall,

Owen Drake, George Messenger, Wayne Manderschied, Robert S. Houlette, Virgil Wels, Harrison Beene, Ira Bengler, Nathaniel Taylor, Carol D. Day, Arden Pirson, L. A. Jones, Haskel Hutton, Beldon C. Lawson, Charles C. Wels.

Also Albert Davis, J. D. Johnson, Burl Beene, John Standifer, F. W. Kothe, Carl Shirley, William H. Smith, Tim

Magness, Dale Stowers, Ed Baggett, Robert S. Chilson, Pat Terry, Luther Crayton, Coy Patton, John Kothe, Ashford Hill and Chester Sheets.

Other Friona veterans who lost their lives but are not buried locally include Calvin Bradley, Roy Hughes, P. L. New, Arthur T. Parker, Horace W. Coffman, R. B. Miller, Jr. and Claude Haws.

HIGH SCHOOL AUDITORIUM

Graduation Exercises Set For Today, Friday

Graduation exercises for the Friona High School Class of 1964 will be held at 8 p. m. Friday night at the high school

auditorium. Commencement exercises for the eighth grade class will be held at 8 p. m. tonight at the auditorium.

Rex Nelson and Lois Moyer will give the salutatory and valedictory addresses respectively at the high school graduation.

HONORED PAIR . . . Linda Stone and Eddie Wood were honored as "best all-around" in the junior high school awards assembly Monday.

THE GOOD NEWS . . . City Manager A. L. (Jake) Outland smiles as he measures the rainfall from Tuesday night's shower, which came out to .95 inches in Friona. Up to two inches were recorded in the area.

Falls Up To 2" Recorded

The heavens finally opened up and poured forth their blessings in the form of gentle-falling rain Tuesday night. The good old-fashioned thunder-shower distributed from three-quarters to close to two inches of moisture over farmland in the area.

The showers came between 8 p. m. and midnight, and were generally slow-falling, ideal in nature. The official measurement in the City of Friona was .95 inches, and was the most moisture measured at one time since last August 13, when 1.32 inches fell.

Outside of the snow which fell in February, it was the only moisture to speak of since .43 and .31 inches were measured in separate readings in November.

The fall seems to have been generally heavier south of Friona. John Renner, who farms near Hub, reported one and three-quarters inches. The Oklahoma Lane area was reported to have received two inches in places.

At the J. W. Gammon farm the fall was 1.25 inches, and John Gammon, near Lazbuddie, reported one and one-half inches. North of Bovina, Earl Hise received an inch. West of Friona, this was about the same report.

The rain was welcomed wholeheartedly by farmers and ranchers of the area, who were having some trouble getting young crops started, even with irrigation.

The worth of the moisture is hard to determine, but most observers consider it quite a "money" rain.

MONDAY, JUNE 1

Friona Businesses To Hold \$ Day Sales

Monday is "Dollar Day" in Friona, and many local merchants are planning outstanding shopping bargains for the first

Monday sale. Most Friona merchants plan to close on Saturday, May 30, and urge area shoppers to ob-

serve Memorial Day that day, and plan to do their shopping on Monday.

The new "Dollar Day" program has generated a lot of interest among Friona stores, and they plan to make it a monthly feature on the first Monday each month. Many stores are observing "Dollar Day" who have not previously done so.

Some of the stores in Friona who are featuring "Dollar Day" specials include Harry's Super Market, Hurst's Department Store, Foster's Department Store, Claborn Floral, Lu-Nora's, Western Auto, Bi-Wize Drug, Johnson's Food Store, Houser's and Carl McCaslin Lumber Company.

Check the advertisements of these and other merchants in this issue of the Friona Star.

Most Stores To Close Saturday

Most Friona stores plan to be closed Saturday in observance of Memorial Day.

The Friona Chamber of Commerce and Agriculture encourages all stores to close for the national holiday.

"To show respect for our war dead by closing our stores on this holiday is the least we can do to show our gratitude to those who died defending us," stated Chamber manager, Porter Roberts.

Business establishments planning to close Saturday include Foster's, Hurst's, Carl McCaslin Lumber Company, Rockwell Brothers Lumber Company, Plains Hardware, Reed's Cleaners, Gib's Cleaners, Taylor Barber Shop, Reeve Chevrolet, Parmer County Implement Company, Maurer Machinery and Herring Implement Company.

Also Houser's Grocery, Lewis Barber Shop, Jack Anderson Barber Shop, Ben Franklin Variety, Friona Battery and Electric, Friona State Bank, White's Auto, Western Auto, Automotive Ignition, Allen's Jewelry.

Watson Elected ROTC Officer

Don Watson, son of Mr. and Mrs. C. A. Watson of Lazbuddie, has been elected executive officer for the Sam Houston Rifle Drill Team of the Reserve Officer Training Corp at West Texas State University.

Watson graduated from Lazbuddie High School. In the next academic year, the drill team plans to march in parades at WTSU homecoming, the El Paso Sun Carnival, and at Shamrock. The precision group will also compete in contests at Texas A&M and Oklahoma State University.

Lessons To Be Offered By Dive-Inn

Red Cross swimming classes will begin Monday, June 8 at Friona's Dive-Inn Swimming Pool. It was announced this week by Truett Johnson, owner. Students should sign up for the classes at the pool Monday morning, June 1, between the hours of 9 a. m. and 12 noon.

Baker Duggins will once again be instructor for the courses, which will be offered on all levels from beginners through senior lifesaving. A fee will be charged for the three-week session.

The pool this week announced its summer schedule, which will begin Monday, June 1 running through September 1.

The schedule on Monday through Friday is 2-6 p. m. Saturday's schedule is 1-6 p. m., and Sunday is 1-5 p. m. The pool will be available for private parties on certain nights.

(See advertisement in this issue of the Star.)

Little League Mothers Meet

A meeting of Little League mothers will be held Wednesday, June 3 at the Friona State Bank. The meeting will be for mothers of boys playing in the pee-wee, intermediate and Pony Leagues. It will start at 3 p. m. Election of officers will be held, according to Mrs. Earl Drake, chairman of the group.

AN EDITORIAL

“Shop At Home” Is Dollar Day Goal

We at the Friona Star are attempting to revive the old “Dollar Day” spirit in Friona, and we hope that all of our readers will go along with the idea.

First of all, Friona has just about as much to offer shoppers as any city in the area, regardless of size. We have always been quite a “shop at home” bug, and this gives us an opportunity to expound on the subject.

Friona merchants have cooperated nicely in this, our first really big “Dollar Day” effort in some time. We hope that you will look over the specials being offered, and take advantage of them.

We're kinda starting out on a small scale this month, but we hope, and it is our plan, to build the first Monday into quite a shoppers' paradise in Friona.

For instance, we plan in time to get practically every kind of business to offer “Dollar Day” specials, so that every member of the family will be affected.

This way, there will be opportunity for both mom and pop to have good reason to come to Friona each first Monday to shop.

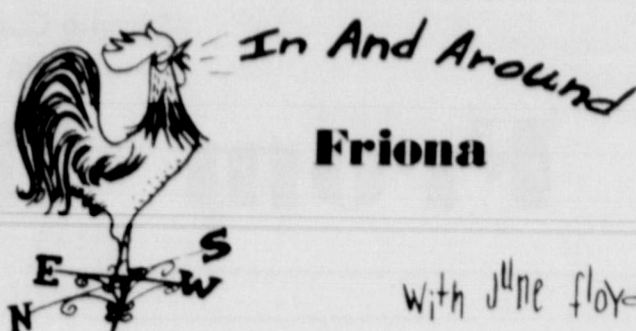

Also, with each and every merchant pulling together to get more shoppers into town on “Dollar Day,” the end result is bound to be more business for everyone.

We aren't expecting any miracles on this first attempt, but we expect the movement to snowball. People's buying habits get pretty fixed, and they aren't likely to change overnight.

But we invite you to check with these merchants offering “Dollar Day” specials. They're sincerely interested in giving the Friona consumer a good price as well as a good product.

Tell the merchants what you think of “Dollar Day.” We would also invite your comments to us at the Star.

Above all--shop at home. Frionans-- buy in Friona. You in the country -- let's get used to coming into Friona. It's closer in most cases than other shopping centers. “Dollar Day” and every day -- shop at home; it's just good business.

Persons of all ages living in Friona and the surrounding area are now able to borrow books to read on a wide variety of subjects. Reception of the Bookmobile has been very good and in all probability it will not be too long before this traveling library comes to our area more often.

There are also a lot of books at the library being sponsored by Modern Study Club at Federated Club House. Members of the library committee have been busy securing new books for younger readers.

Some of our readers may not know that the library has a number of good books to loan that are informative and educational. Not all the books are fiction.

If you want to borrow a Ladies Home Journal Cookbook, The Bride's School--complete book of engagement and wedding etiquette, Family Nursing and Child Care, Dr. Spock's Talks with Mothers or one of the many books about astronauts, just go to the library.

Roses in Friona this spring are beautiful in spite of the high winds and dry weather. Billie Fairchild has two bushes that are literally loaded with lovely blossoms. The Preach Cranfills have a tiny bush that is really about one third bush and two thirds roses.

Grandmother Reeve has a climber on her south car port divider that is blooming profusely and I enjoy looking at from the office and as I walk to and from the post office.

There are a lot of others and all of them seem to be more beautiful than ever before. Friona may eventually be a competitor of Tyler. If not in quantity, then in quality.

With the coming of warm weather, the sport of bicycle riding is becoming very popular with several ladies in Friona. It isn't unusual to see two or three cyclists on their way to the grocery store or post office.

If Mrs. Curtis Murphree, who lives about three miles north

of town, had advance notice that company was coming to her house for coffee one morning last week, she should have had no trouble putting things in order before they got there. Mrs. Bill Stephens, Mrs. Lee Renner and Mrs. Joe Talley went to the Murphree home by bicycle. I'm wondering if they got back to town in time for lunch of if the husbands prepared their own lunches that day.

Walking is also becoming more popular with adults. Dr. Loyd Shackelford, Wesley Foster, Andy Hurst and Mrs. Ralph Smith are not the only Frionans who are walking for exercise these days.

Chinese elm seedlings are numerous this spring. There have been several days when a person would have had nothing to do except water our entrance way good in order to produce a fine crop of them.

From reading the Star classifieds this week you will learn that at least one Frionan is trying to take advantage of the theory, “When fate hands you a lemon, make lemonade of it.” Some enterprising person has Chinese elm seedlings for sale “by the dozen or by the million.”

Be sure to read the classifieds.

The Floyds were in Abilene this past weekend for Abilene Christian College's commencement program. Our daughter, Geneva, along with about 300 other persons, was in the graduating class. At the baccalaureate program Sunday evening, in an auditorium with a seating capacity of several thousand, our neighbors, Donny and Jerry Beth Waller were seated on the second row in front of us.

Then about noon Sunday as we were driving down one of the main thoroughfares of the city, Randol and Peggy Allen and their two daughters, Kathy and Randa, drove up to a stop light where we were stopped. Anywhere you go you soon see someone from Friona.

Library To Sponsor Summer Reading Club

The Friona Public Library will sponsor its second annual reading program beginning June 20 at 9 a.m. at the Friona Woman's Club House.

Certificates for achievement will be given at the close of the summer program.

School principals will be notified of the students' reading achievements at the close of the summer. The program is open for children of pre-primary age through the twelfth grade.

The library will be open from 9-11 May 30 and June 6, and will close June 13 for inventory.

The Texas State Library and its bookmobile are cooperating with the summer reading club, and are making additional books available, so that over 200 new books will be available for the readers which have not been available before.

HARRY'S SUPERMARKET DOLLAR DAYS

Friona Star
Friona, Texas
Dear Mrs. Floyd and Mr. Ellis: We, the officers of the American Legion Auxiliary, would like to take this means to express our appreciation for your support of our Annual Poppy sales last Saturday, May 23. The coverage your paper gave this program was very good and was truly appreciated.

We would also, like to express our appreciation and gratitude to all of the citizens of our community and town who bought a "little red Poppy". Individually our effort cannot do very much but collectively our pennies, nickels, dimes and dollars can relieve a lot of pain and distress of our disabled veterans in our Veteran hospitals and in our own community when times of distress arrive.

One third of the proceeds of this program goes to the State Headquarters of the American Legion Auxiliary, Austin, Texas, and is used on the State level and the remainder of this money is kept in our own community to be used for our own community needs.

Again may we say "Thank You" for your assistance and cooperation in our "Poppy Sales" and may we invite each and every one to the Memorial Program May 30, 1964 at 7:30 a.m. to begin in the park and conclude at the Cemetery.

Yours for service,
Mrs. J. P. Sims, Poppy Sales Chairman
Mrs. Sam Williams, President.

Time, Energy Savers Explained Thursday

Proper methods for budgeting time and energy were demonstrated at the Thursday afternoon meeting of Black Home Demonstration Club in the home of Mrs. Harry Lookingbill. Mrs. Cricket Taylor, county home demonstration agent, was assisted by two club members, Mrs. Johnny Mars and Mrs. J. B. Snead.

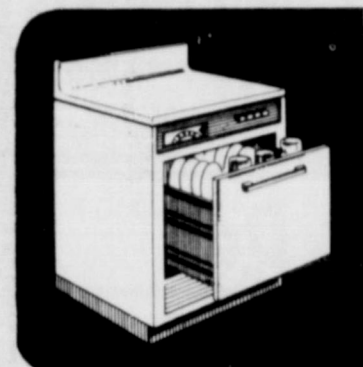

Mrs. Taylor also outlined activities of the Young Homemakers College, which is to be conducted on the Texas Tech campus later this summer. Following the club meeting, the hostess was honored with a surprise housewarming. Refreshments were served. Those present, besides the home demonstration agent, hostess and members appearing on the program, were Mesdames Pete Braxton, Bill Carthel, Helen Fangman, Ellis Tatum, Rosco Ivie, T. J. Presley, Travis Stone and Gene Welch. Also Mesdames L. H. Lookingbill Sr., Hereford, Mrs. L. H. Lookingbill Jr., Mrs. L. L. Deaton and Gay and Mrs. Phil Phipps.

Members of the Kolvvvia Circle served refreshments to 36 members.

110 HORSE POWER

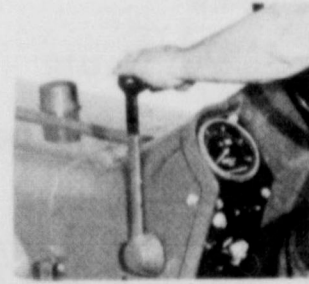

For maximum pulling power at high or slow speeds. Power shift in the foot. 10 gears, more than at the end of most days.

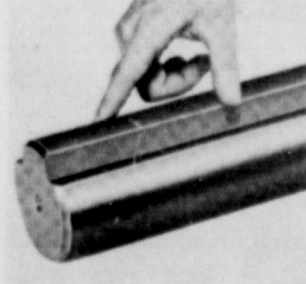

Hydraulic Power Brakes: It's amazing how easy it is to apply. The brakes on this big tractor. Self-adjusting, self-equalizing for high way travel. Work when engine is shut off.

Hydraulic Power Steering: Fingers, not arms, are used. Road shock is reduced to the minimum because there is no mechanical linkage between steering wheel and front wheels.

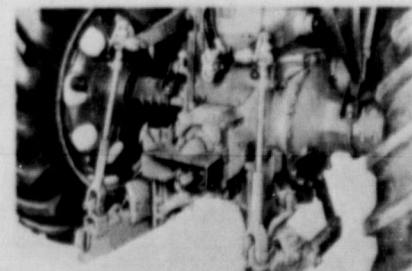

Power Shift TA: Gets the job done faster because you shift on-the-go to 4th, 5th, 6th, 7th, 8th, 9th, 10th gears. No need to throttle down or declutch. Automatic braking with engine power, too.

3 1/2" Axles: Extra large diameter for extra strength. Built-up integral axle key does away with key grooves.

PARMER COUNTY IMPLEMENT

Big Any Way You Look at It: One look at the massive rear end of the 815 tells the story of the tremendous strength and reliability of this big tractor. See for yourself!

Of Interest To THE WOMEN

Mrs. A. O. Drake spent last week visiting in the home of her daughter, Mrs. Treva Reece in Canyon. On Sunday Mrs. Drake accompanied Mr. and Mrs. Arthur Drake and Mrs. Earl Drake to Abernathy to visit in the home of Mrs. Francis Howard. Mrs. Howard and Mrs. Reece are daughters of Mrs. Drake.

SUZANNE TAYLOR

Wedding Date Revealed At Announcement Tea

The engagement of Miss Suzanne Taylor, daughter of Mr. and Mrs. George C. Taylor, was announced at a tea on Wednesday afternoon in the home of Mrs. Sloan H. Osborn, aunt of the bride-to-be. The wedding of the couple is scheduled to take place in the sanctuary of the First Baptist Church, Friona, August 29, when Miss Taylor will become the bride of William Ronnie Wood, Friona. He is the son of Mr. and Mrs. Noyle E. Wood. Date of the wedding was revealed by a white dove perched on a treble clef atop a silver candelabra singing out the good news. At his feet a tulle music staff spilled out on to the table with the names "Suzanne and Ronnie, August 29" surrounded by pink musical notes. The base of the branch was an arrangement of white stock, miniature white and pink sweetheart roses and white gypsophelia. White twisted tapers completed the design. Other table appointments included a silver punch bowl and silver bon bon dishes. Behind the table stood a long buffet and on one end stood a footed silver bowl holding an arrangement of white stock, white miniature carnations and pink sweetheart roses. A pair of white tapers in silver holders stood on the other end. On the registration table a white cupid vase held a white and pink arrangement of miniature carnations and gypsophelia and on the coffee table a cupid standing beside a fountain held a similar arrangement. Refreshments of pink and white petit fours, snow balls, cherry bon bons, white mints, nuts and pink punch were served from a table covered with a white net cloth over cotton satin. Floral arrangements of roses, columbine, mock orange and honeysuckle were used throughout the receiving rooms. Guests were greeted by Miss Taylor, her mother, Mrs. Taylor, Mrs. Noyle Wood, mother of the bridegroom-to-be, Mrs. J. B. McFarland, grandmother of Miss Taylor and Mrs. V. J. Schiller, Anton, and Mrs. T. E. Wood, grandmothers of the bridegroom-to-be. Guests were registered by Mrs. G. L. Cranfill and Mrs. Jim Roy Clements. Alternating at the refreshment table were Mrs. Roy Lee Jones, Lovington, Betty Ann Taylor, Lamesa, Mrs. R. H. McFarland, Tucumcari, Mrs. Roy Clements, Mrs. Sloan Osborn, Mrs. Claude Osborn and Mrs. J. G. McFarland, aunts of the bride-elect. Piano selections were played throughout the afternoon by Tommie Allen, Dimmitt and Mrs. Mike Ellis. Others in the houseparty were Mrs. Wesley Barnett, Mrs. Hollis Horton, Mrs. M. C. Osborn, Jonell Wood, Dale Buzbee, Spur, Cynthia Caffey, Bobby Taylor and Lisa Kathryn Taylor, sister of the bride-elect.

Club Program Features Study Of Communism

Theme of the Wednesday afternoon meeting of Friona Woman's Club meeting in Federated Club House was "Communism vs Americanism." Mrs. Joe Moyer, vice-president, led the pledge of allegiance to the flag to open the meeting. Mrs. Clyde Hays chose "Colombia . . . Hothed For Communism" as her topic. "Why Do Latin Americans Dislike Us?" was the title of Mrs. O. T. Patterson's talk. Background music was provided by records. Music of each American country was presented. During the business meeting plans were made for sending old nylon hose to a group of shut-ins who use them to make rugs. Anyone who desires to participate in this project is asked to contact one of the club members. Officers for the coming two years will be installed at the May 27 meeting. Mrs. Joe Moyer, incoming president, urges all members to be present and to plan suggestions for next year's program. Mrs. Larry Milligan was a visitor. Refreshments of pie, mints and tea were served by the hostesses, Mrs. Mabelle Hartwell and Mrs. Fred White. Sixteen club members were present.

"GO THEREFORE TO THE CROSSROADS" (MATT. 22, 9)

These words may be regarded as an intimation of the universality of Christ's teaching. The truths He taught were intended for no privileged class, or caste, or rank. His mission recognized no bounds of jurisdiction, no limits of space and time. To be a disciple of Christ implies the excluding of every sort of prejudice, pettiness, narrowness. To one and all we are under obligation, like St. Paul.

Not every professed Christian sets his course by this chart. Not always do we measure up to the breadth and depth and height of Christ's ideal in which we are one - Jew and Greek and Barbarian, bond and free. Some of us set parochial, provincial, national, racial bonds to our sympathies. We are good to kinsfolk, old schoolmates, members of our political party; but we show antipathy for others. Yet in the measure that our sense of fellowship is narrowed by ties of blood, or convention, or personal profit, we are wanting in universality. This means that we distort and nullify Christ's teaching.

It is plain, dear Lord, that my friendship and zeal must correspond to Yours. This means that, like You, I must unselfishly befriend everyone, admitting no limits established by class, or race, or color, or wealth, or virtue, or sympathy, just as surely as God is my Father, every man must be my brother!

THE FRIONA FARM NEWS

DESPITE DROUGHT

Irrigated Wheat Said "Looking Good"

The irrigated wheat in the Friona area has good prospects, Gary Brown, agricultural specialist for Friona State Bank, stated this week.

Brown said that even irrigated wheat had been affected by the hot, dry winds of the spring, but that with water applications, the wheat is beginning to put on a good head. Wheat which received rain in the past few days should be practically a total loss from the very first, because of the extreme dry weather which prevailed all spring.

Wheat, which annually is about the third-largest money producing crop in the county (behind grain sorghum and cotton), has not come up with a real good money year in about three years.

Last year's crop would have been fair, except for the damaging hail which struck just about harvest time, and harvested a lot of the wheat for the farmers.

Clyde Hays, who farms east of Friona near Black, is typical

of the area's wheat farmers. Hays has 101 acres of wheat among the 380 acres he farms. Hays, who was in the process of irrigating his wheat for the fourth time since March this week, also pre-irrigated the

land. His wheat last year made about 60 bushels to the acre, which was a good yield considering that it received some hail. This year, Hays is hoping for a better yield.

Band Names Officers, Twirlers For 1964-65

Officers, twirlers and drum majors for the 1964-65 school year have been named by the Friona High School band.

President of the band next year will be Keith Black, Ann Prewett will be vice president, and Shirley Hutson will be secretary.

Drum majors for the band next year will be Teto Jennings and Johnny Barker. Twirlers will be Merylene Massie, Sheryl

Long, Willie Grace Grubbs and Linda Jo Davis.

A two-week music school will be held here June 15-26, for any members of the Friona bands. The school will include band, section classes and theory.

Also available will be twirling, taught by Charlotte Nettles. Thirty members of the Friona bands will attend the McMurry College music camp in Abilene from July 12 to July 25.

NICE WHEAT. Clyde Hays, farmer in the Black community, inspects some of the better wheat on his place. Hays has 101 acres of irrigated wheat.

John Hamilton To Complete Agronomy Work

John R. Hamilton, son of Mr. and Mrs. Harry Hamilton, will complete his work in Agronomy May 31 at Kansas State University, where he has been doing master's work since his graduation from Texas A&M in 1962.

Hamilton will be employed as an assistant research agronomist with the DeKalb Agricultural Association, Inc. in the Southern Corn Research Department in Aberdeen, Mississippi. He will receive his master's degree while on the job.

Hamilton's duties will con-

Final Rites For Mrs. G.W. Morris

Final rites for Mrs. G. W. Morris were conducted from United Pentecostal Church at 2:30 p. m. Sunday, May 17 with Rev. Frank Baber, pastor, officiating. He was assisted by Rev. E. F. Houlette, Plainview, formerly of Friona.

Elder Ethel Baker was born February 5, 1885 at Little Rock, Arkansas. She was married to G. W. Morris in 1904 at Hardy, Ark. The couple later moved to Pauls Valley, Okla. and from there to Farmer County in 1926.

Her husband died June 4, 1939. Pallbearers were Jim Owens Rouel Barron, Tom Griffith, Frank Griffith, Joe Johnson and Sam Rule.

Survivors include six daughters, Mrs. J. C. Holden, Electra, Mrs. C. H. Horner, Friona, Mrs. Royce Gould, Downey, Calif., Mrs. Judge Owen, Amarillo, Mrs. David Bender, Friona and Mrs. J. D. Dodson, Amarillo.

Also 17 grandchildren and 24 great-grandchildren. Two

sons, Joe Morris and Robert Morris, and three infant daughters preceded her in death. Burial was in Friona cemetery under direction of Claborn Funeral Home.

On The Farm In Parmer County

BY JOE VAN ZANDT
County Agent

I look forward to getting acquainted with you in the near future. I am anxious to become familiar with the agricultural situation here so I can be of service to the people of Parmer County.

Soybeans look like real "comers" on the Plains. Not only are they usually a profitable crop in their own right, but they also have an advantage in their late planting date. According to Area Extension Agronomist Billy Gunter, soybeans are fast gaining acceptance as a "catch crop" for hauled-out cotton when it's too late to replant.

Gunter points out that soybeans are recommended for planting on the Plains between June 1 and June 20. However, they can be planted as late as July 1 in the southern portion of the Plains if required.

Another advantage of the late planting date is in weed control on weedy field mechanical tillage can be practiced up until the time beans are planted.

In the last few years, soybean acreage on the Texas High Plains has mushroomed. From 18,000 acres in 1956 to a record approximate 90,000 acres

In 1963, this crop has boomed in planted acreage. Gunter says over 90% of the total Texas soybean acreage is on the High Plains. While 40-45 bushels are not uncommon, average yield last year for the High Plains was approximately 32 bushels an acre. In recent years, market price has been higher than the support price.

The bulk of soybeans on the High Plains are grown within a 35 mile radius of Plainview. Producers outside this area should check with local elevator operators to see if they can handle soybeans.

To grow soybeans successfully--for both high per acre yields and high net profit--an ample amount of management knowhow is needed, continues Gunter. He outlines recommendations for soybean production as follows.

Varieties: Hill and Lee varieties are recommended for the High Plains. The variety Hinn looks promising, but at present is available only to certified seed producers. Soybeans are well adapted to all major soils of the High Plains. The only exception is where chlorosis shows up in grain sorghum.

Planting: Seed one bushel (60

pounds) per acre. Use good quality seed and place them two inches deep in the soil. Plant with a shallow bed to assure getting cutter bar of the combine below bottom pods. (On the last cultivation, lay by so cutter bar can still get under lower pods.)

Irrigation: For maximum yields, three to four summer irrigations are required. However, 30 to 35 bushels are frequently made on only two summer irrigations. The first irrigation should normally be made when bloom buds begin to appear. The last irrigation is normally in September--and can be the most important watering. Though not recommended for dryland, an occasional producer has made good yields on dryland.

Fertilizer: Soybeans are a legume and supply their own nitrogen--when properly inoculated. An exception to this is when they follow a high residue crop such as grain sorghum.

Here's a bit of information that may prove helpful to you homemakers who are interested in getting your moneys worth when buying food.

Labels provide basic information about ingredients about contents of food products and it can really pay to form the habit of reading labels on cans and food packages.

In other words, if there is more potatoes than meat in a brand of hash, the label will have potatoes before meat in the statement of content.

Labels must carry a statement of contents except in cases where government has set a "standard of identity".

Since the list of ingredients given on a label is in descending order as they appear in the product, consumers can profit by reading the label. If chicken is way down the list on a can of chicken soup, you can be quite sure there is not much chicken in the soup. Check another brand and you may find chicken first or second on the label, indicating a higher chicken content. This labeling provides the consumer with a window into the package.

Now that school is out 4-H activities are getting in "high gear". Janis Billingsley, Kathryn Gober, Mrs. Billingsley and Gary Foster will be leaving June 1st for State 4-H Round-up at A & M, where they will compete with other contestants for State awards.

Entries Needed For LL Baseball

Parents of boys who plan to take part in the Friona summer baseball program are urged to send in their application blanks this week. They are to be mailed to Mrs. John Bingham, Box 1041, Friona.

The sooner all applications are sent in, the sooner the program can get started. Officials hope to begin the Little League season sometime week after next if possible.

Ralph Taylor, member of the summer baseball committee, presented the following statement, for all who are interested, in how funds were spent last season.

Following is a list of cash received: Player donations, \$670; Sponsors' fees, \$350; Friona Chamber of Commerce, \$150; Friona Lions Club, \$150; Babe Ruth League Mothers donation, \$125.00; miscellaneous donations, \$104.66.

Under cash disbursed, the following items were listed: Vance Hall Sporting Goods -- supplies, \$164.83; Friona Star, printing, \$5.10; Carl McCaslin Lumber Company, supplies, \$40.10; Cecil Floyd, material and erecting bleachers, \$75; Gerald Shavor, labor on lights, \$32; Ethridge-Spring, insurance, \$405; Lang Transit, freight, \$4; Superior Electric Co., lights, \$17.71; Southwestern Public Service Company, lamps, \$81.15; Jerry Hinkle, manager's salary, \$720.

Total cash received totaled \$1,549.66, and total disbursements amounted to \$1,544.89, for a cash balance of \$4.77 at the beginning of this season.

All work is a composite of little tasks done daily. Some are harder than others, but if you love your work, you will do the hardest things first. In that way no stimulating challenge ever becomes a fretful burden.

BE PROTECTED AGAINST **HAIL**

AN IMPORTANT MESSAGE TO THE FARMER FOR 1964

The PANHANDLE MUTUAL HAIL ASSOCIATION is NOT a RECIPROCAL and the farmer does not have to sign a "POWER OF ATTORNEY" to anyone when buying hail insurance.

REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS

- All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
- Only PANHANDLE MUTUAL offers the complete "PACKAGE OF STEP LADDER" cotton coverage, the age of cotton STEP LADDER (PANHANDLE SPECIAL), the 10% STEP LADDER (FB-10), and the 5% STEP LADDER (FB-5). The whole package and combination of all the STEP LADDER policies are necessary to fit the West Texas farming conditions.
- The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmer an average of 84% of each premium dollar over the last 4 years for HAIL LOSSES. The less benefits is the important and simple rule of any insurance policy, and much sweeter than any taken dividend or deviation.
- A-PLUS (EXCELLENT) RATING BY "DUNN'S FIRE AND CASUALTY REPORT"
- Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
- The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
- The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tassels and bushels wheat only 48 hour waiting period and a nice premium saving in most counties.
- Free cancellation on crop failures (See Dates) -- arbitration clause.
- Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to leave you with "THE THINKING MAN'S HAIL INSURANCE"

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know about the complete "PANHANDLE STEP LADDER PACKAGE"
