Maize Days Schedule Packed

Carrying on in the tradition of former Maize Days celebrations, something new will be featured in this year's celebration.

The Harden Family will put on an archery exhibition Saturday at 10 a.m. at the City Park. Following this family group will be the McKenzie Gun Slingers Club of Lubbock, who will put on a performance.

Actually, the "something new" begins with tonight's Maize Queen pageant, where an entirely new format will be used (see separate story).

Starting the day off Friday, Friona Rainbow Girls will sponsor their annual pancake breakfast from 6 to 9 a.m. at the Friona Country Club.

The annual Maize Days parade will move down Main Street beginning at 10:30 a.m. Friday. At noon, the Friona Chamber of Commerce and Agriculture is sponsoring a luncheon of turkey and dressing at the cafeteria.

The annual Kids Contests will begin at 3 p.m. at Chieftain Field. Also featured will be the tractor rodeo and tub-setting contest. Climaxing Friday's bill of fare will be the football game between Friona's Chieftains and Plains' Cowboys, who each started the season with a win last week.

The big annual free barbecue highlights Saturday's schedule. It will be preceded by the afore-mentioned entertainment in the City Park, along with the judging of the beard-growing contest by the Friona Jaycees at 11:30 a.m.

IN FOOTBALL FEATURE

Cowpokes Out To Put Damper On Celebration

The Plains Cowboys will come to town Friday night bent on spoiling Friona's Maize Days football feature, and gain at least some revenge for the Chief's come-from-behind win at Plains last fall.

Friona, which trailed at half-time 14-0 in the 1963 game at Plains, rallied for 15 points in the final quarter of the contest and made off with a 15-14 win in the third game of the season.

The Cowboys will return basically the same team which for three quarters had Friona on the brink of defeat last season.

"They have at least seven and maybe nine boys back who started against us last year.

We're going to have to be at our best to beat them," stated Coach Don Light this week.

Coach Light told members of the Friona Booster Club on Monday that the defensive play as evidenced by the Chieftains against Farwell would have to improve considerably if Friona expected to stay on the same field with Plains.

After Tuesday's workout, Light said the defense was picking up. "In fact, it looked much better than our offense did today," he said. He stated that the Chieftains' goal-line defense, which was somewhat leaky last Friday, looked much improved.

Although the Chieftains only allowed one touchdown against Farwell, the team gave up 182 total yards, and when Farwell

had its touchdown drive underway, Friona couldn't get the defense up in time to turn back the drive.

Coach Light explained that when he sent the first-string defense back in the game late in the fourth quarter against Farwell it wasn't so much to keep Farwell from scoring as it was to give the first unit a chance to work on the goal-line defense.

The Chieftains worked out Monday morning, taking advantage of the Labor Day holiday, and Coach Light said the boys looked good "for a Monday."

As a result of the Chieftains' challenge system, senior Doyle Mabry will start at center in Friday's ball game, replacing Bing Bingham.

Another change will see Larry Johnson at the left inside linebacker on defense, with Doug Dodd moving to the right side.

Larry Buckley, senior end who didn't even suit up for the season opener because of an ankle injury, is working out this week. Dale Milner, senior tackle who missed most of the game after taking a hard knock at the beginning, is ready to go this week.

Meeting Tuesday On Draw Project

An informative-type meeting concerning the Running Water Draw watershed project will be held Tuesday, September 15 at Farwell with members of the Farmer County Commissioner's Court at the Courthouse.

Phil Grazier, who will be the engineer in charge of the planning party which will survey the draw, will be on hand to answer questions pertaining to the project.

It has been established that a multi-purpose structure on the draw is completely feasible, and one item of business for the meeting will be to discuss the aspects of a multi-purpose structure, and to find out what will have to be done to build one in connection with the Running Water Draw flood project.

A. L. Black, member of the steering committee on the project, says that the opinion rendered by the engineers was that Farmer County could have a lake comparable to Buffalo Lake in scope, if not as big.

The prospects of a multi-purpose dam across Running Water Draw, which would provide recreational facilities as well as floodwater control on the draw.

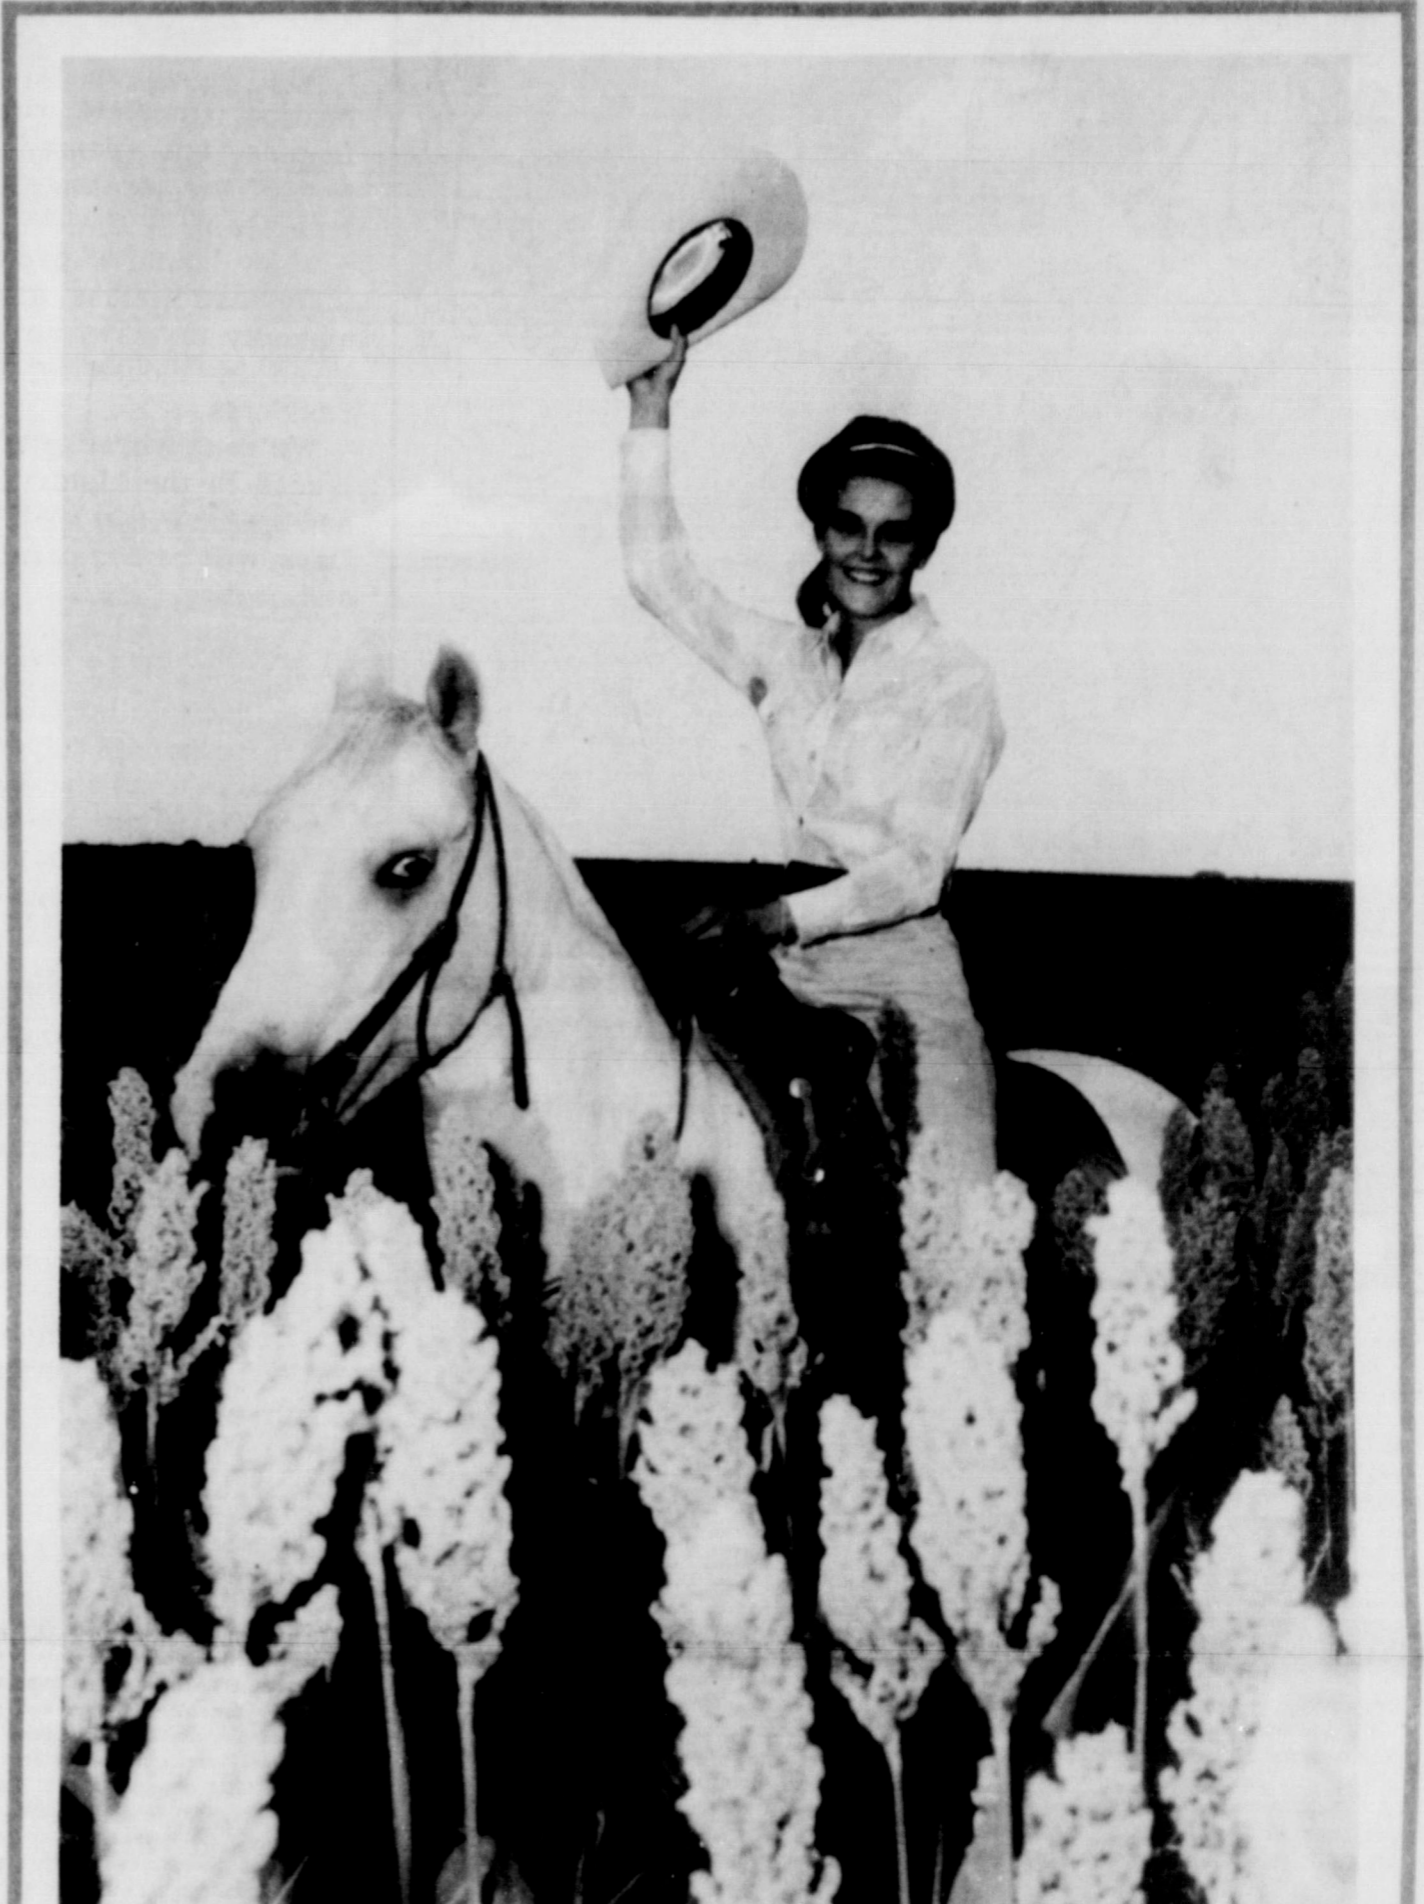

All persons interested in such a lake are invited and encouraged to attend the meeting next Tuesday.

As Jimmie Smith, work unit conservationist with the Soil Conservation Service put it: "It's up to the people now to decide whether they want such a structure, and what we need to do to get it."

Price Appears Here Tuesday

Bob Price, candidate for U.S. Representative of the 18th Congressional District, will make an appearance in Friona Tuesday, September 15, according to Jim Dixon, county Republican chairman.

Price, who will oppose incumbent Walter Rogers for the representative post in November, will speak at the Friona High School Auditorium at 8 p.m.

GREETING VISITORS . . . Sheryl Long, reigning Maize Queen, waves a welcome to Frionans and visitors who will be enjoying the Maize Days festivities this weekend.

Sheryl, shown here on her horse Buttons in a field of ripening maize belonging to her father, W. H. Long, will crown the new Maize Queen in ceremonies tonight.

IN CONTEST TONIGHT

Queen Title Is Sought By Twenty-Seven Girls

The Maize Queen of 1964 will be named tonight at the Friona High School auditorium, from among a field of 27 girls who have been entered by a corresponding number of clubs, businesses and organizations.

The program, which will differ somewhat from those of the past, will begin at 8:15. Ad-

mission of \$1 and 50 cents will be charged.

Because of a tendency for the queen's program to run late with a large number of entries, the format has been changed this year. A field of 10 finalists will be selected, and only this group will present the talent portion of the contest.

The judging of the queen contestants will actually begin at a buffet supper at Friona County Club at 5 p.m. today. There, the girls will be interviewed by judges, who will grade the contestants on poise, personality and appearance.

At the auditorium, each girl will appear in formal dress, after which the judges will narrow the field to the top 10, prior to the presentation of talent acts by the girls.

Local talent will be featured at the beginning and at intermission time during the program. Mrs. Bill Beene will sing "It's A-Maize Days Time of the Year" at the beginning of the program.

Also on the program will be a comedy routine, featuring "Bull Willie and Maize" (Bill Wooley and Mrs. David T. McVey). At the first intermission, Brenda Hawker, Friona's exchange student for 1964-65, will be interviewed.

At the second intermission, Pete Mace (The Poor Man's Al Hirt) will present musical selections, accompanied by Mrs. J. L. Witten. Mrs. Witten will also provide back-

ground music for the pageant.

Johnny Lynn, manager of Radio Station KDHN in Dimmitt, will be master of ceremonies for the second consecutive year.

Mrs. Eva Miller is in charge of the queen's contest committee. Mrs. Bill Beene heads the talent committee, Mrs. Lee Renner is chairman of the buffet committee and Mrs. John D. Sanders is in charge of stage and queen's float decorations.

Those entered in the contest and their sponsors are: Shirley Phipps (Mobil Oil

Wholesale); Barbara Lloyd (Friona Star); Jo Nell Wood (Ben Franklin Store); Lynn Wilson (Etrich-Spring Agency); Pat Burton (Hub Grain Company).

Also Merylene Massie (Soil Builders); Sandra Beene (Claborn's); Karen Osborn (West Friona Grain); and Donna Fuks (Friona Young Homemakers Club).

Also Becky Bails (Hub Store); Linda Outland (Modern Study Club); Carolyn Hamilton (The

FRIDAY, SATURDAY

White Auto Store Has Grand Opening

The White Auto Store of Friona is staging its grand opening Friday and Saturday, having recently completed its remodeling job and completely restocked.

Coffee and doughnuts will be served Friday and Saturday. Three nice door prizes will be given away. (See advertisement in this issue).

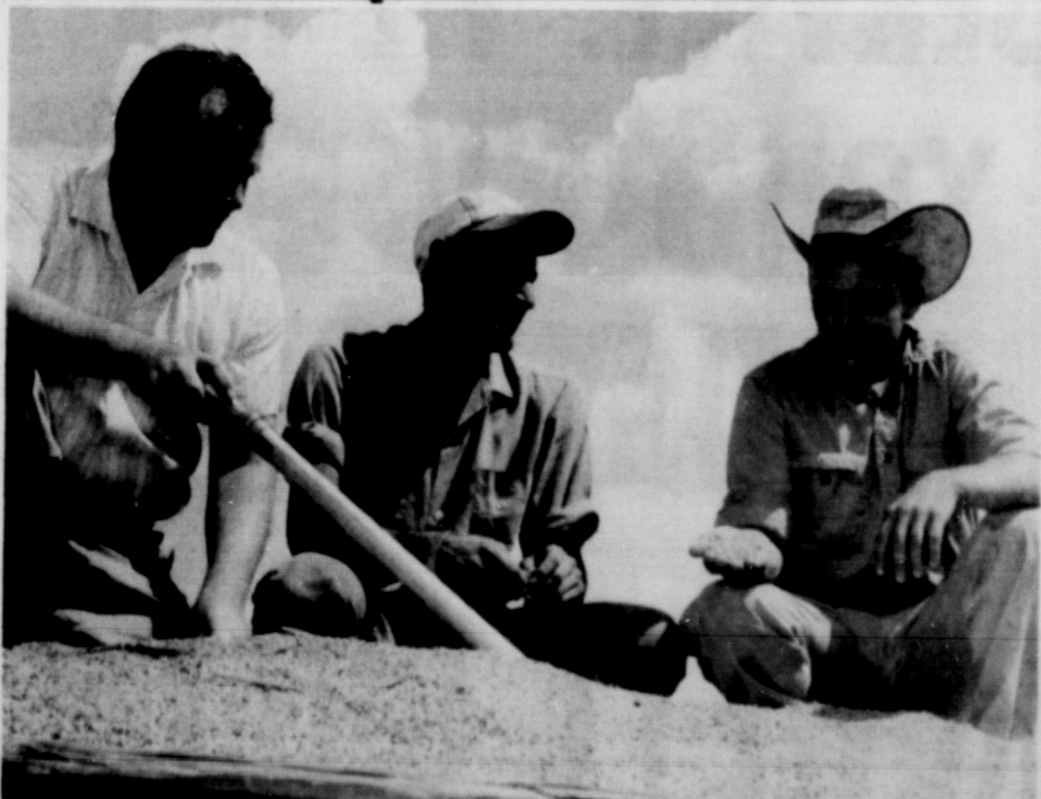

The local White's store, which recently underwent a change of ownership, features a complete line of automobile goods, household items, sporting goods, tools and many other

lines.

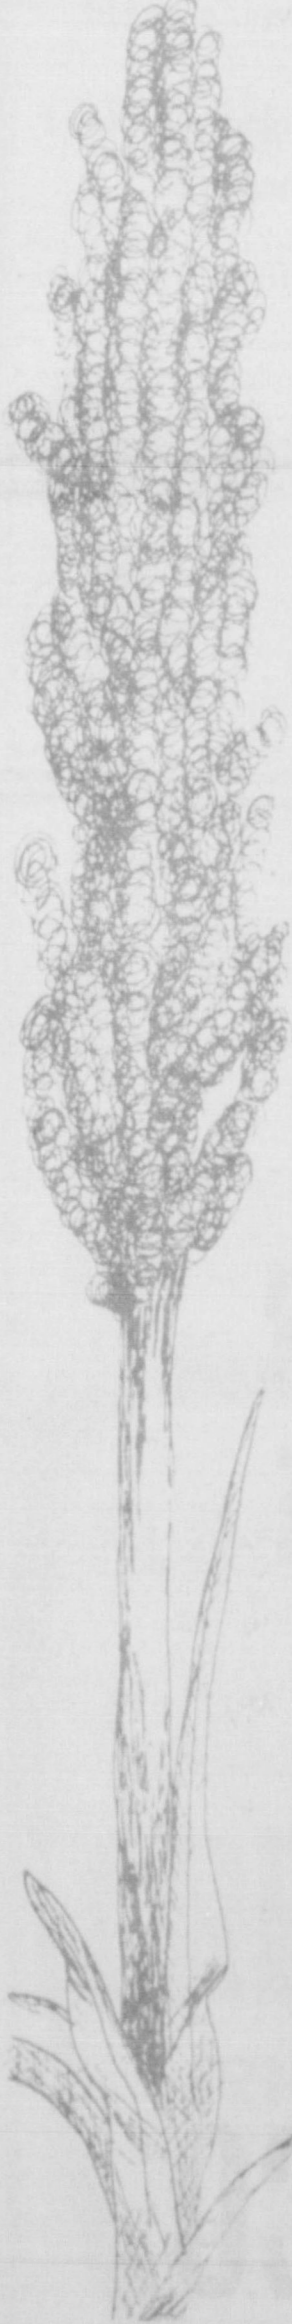

Leland Hutson, formerly of Fort Worth, is manager of the store. A native of Arlington, Hutson was formerly with Chance-Vaugh Aircraft Corporation in Grand Prairie.

Hutson is a partnership with the Poyner White Stores, Inc., which operates stores in five other West Texas and Eastern New Mexico locations.

Hutson invites Friona residents to come in and see the changes that have been made in the store, have a cup of coffee and get acquainted.

FRIONA'S FIRST . . . Mike Ellis, right, brought the first load of 1964 Maize to a Friona elevator on Tuesday, a 15,380-pound load to West Friona Grain. On the left is Bill Bailey of West Friona Grain, and Jessie Maruffo is in the center. The hybrid Texas 660 tested 58-pounds to the bushel, with 14.70 moisture.

WELCOME TO
FRIONA'S
MAIZE DAYS CELEBRATION

AN EDITORIAL

It's Time Of Year To Have A Big Time

The eighth annual Maize Days celebration, complete with all the frills and fancies, and planned in the good tradition of former Maize Days celebrations, is set to roll.

Many hours of preparation by various individuals, clubs and organizations go annually to make up the celebration enjoyed by thousands of Friona and area residents.

We're celebrating with one of the largest issues in the history of the Friona Star, and we know that the 1964 edition of Maize Days will be comparable, both in quantity and quality.

Many dollars have been donated and otherwise spent by local merchants to assure Frionans of having a good time. Let's remember this during Maize Days and afterwards by patronizing our local merchants.

Friona Chamber of Commerce and Agriculture is the sponsor of Maize Days. Porter Roberts, chamber manager, has worked tirelessly in tying up the "loose ends" of the celebration.

A celebration is only as good as those of us make it who have a small part in it, so what do you say we put out just a little extra.

Maize Days celebration is Friona's main attraction and annual "party" for itself and its citizens, so come one, come all, let's have a good time. It's here for the having.

Robert F. Lorenzen, M.D., editor of Arizona Medicine, says: "In its 1963-64 legislative program the National Congress of PTA has urged support of 'expanded public health services for all children and youth.' It further states 'the National Congress will support legislation to strengthen the Food and Drug Administration to inspect food, drug and cosmetic establishments, and to ensure the purity and safety of their products.' We would remind the PTA that it is not the Food and Drug Administration that has developed the means to investigate, develop and market the most astounding array of disease-preventing vaccines and miraculous pharmaceuticals imaginable. Rather, it is the drug industry of this country. . ."

Current Comments From . . .

SUDAN. . . (A few comments from Dalton Wood on "How To Make Money.")

THE SECRET Service says counterfeiting of U. S. Currency has increased during the past year and blames nationwide crime trends as well as improved printing methods.

The economic situation of some of the counterfeiters might have something to do with it, too. Nowadays, it sometimes seems that the only way to make money might be to print it.

THE SUDAN BEACON NEWS

DALLAS. . . We are noticing a lot of stickers and buttons with AuH2O, which is the chemical symbol for gold and water.

A local science teacher says the two ingredients won't mix—but he is a Democrat or trying to confuse the matter with facts.

It is apparent even now that the Cuban and Russian vote next November will not be cast for Barry Goldwater, Nikky and Fidel don't

like Barry any more than Senators Javits and Keating do.

Thomas Rites Conducted Here

Final rites for Mrs. Mary Lucinda Thomas, 80, who died Monday afternoon at Wichita Falls, were conducted from First Baptist Church at 2 p. m. Wednesday.

Rev. Bill Burton, pastor was the officiating minister.

Mrs. Thomas, whose husband died May 14 lived in Friona from 1926 to 1962.

Survivors include a daughter, Mrs. Lillie Mae Brannon, Phoenix, Ariz; four sons, Elbert Thomas, Lubbock, John and Fred Thomas, both of Friona, and Ralph Thomas, Morgan City, La.; a brother, two sisters, 15 grandchildren and 22 great-grandchildren.

Burial was in Friona cemetery under direction of Claiborn Funeral Home.

Still in literary circles: Halfback Donnie Anderson of Texas Tech will be honored on All-America teams chosen for the October True by Fred Russell and for the October Argosy by Tom Harmon.

OVER RIVAL FARWELL

Chiefs Make It Look Easy With 34-7 Victory

You'd think Friona never had any trouble beating Farwell, the way the Chieftains handled the Steers in the season opener last Friday at Farwell.

The Chiefs, showing surprising power through the air lanes, powered to a 34-7 win over their old rivals, making it two straight over the Steers for the first time since 1957-58.

Friona didn't completely overwhelm the Steers from a statistical viewpoint, but they received a couple of breaks, and looked like a seasoned team in taking quick advantage of them.

For instance, on the opening kickoff, Farwell's Jerry Childs fumbled the ball back to his own two-yard line, and was swarmed under by a group of Chieftains. First running play lost back to the one, and on third down, the Steers tried a quick-kick. The punt attempt dribbled off the kicker's toe, and George Rushing recovered it at the Farwell six yard line.

It took just two plays for Friona to break the scoring ice for the 1964 season. Danny Murphree was caught for a yard loss on the first play, but after Farwell was penalized back to its four yard line for being off-sides, Doug Dodd blasted through the Steer wall for the touchdown, taking a couple of Farwell tacklers with him.

Dodd then kicked the point, the first of five he booted during the night, and Friona led, 7-0 after only 2:14 had been played in the game.

The Steers couldn't move following the kickoff, making just four yards in three plays, and punted. A holding penalty stopped what might have been

a drive by the Chiefs, and Friona had to punt.

Giant tackle Gene Weatherly, who apparently is the team's new punting champion, put his toe into the ball and it sailed and bounced a distance of 60 yards, giving the Steers possession on their own 16-yard line.

At this point Farwell racked up its initial first down of the night, but after moving to their own 42-yard line, the Steers once again had to punt. After a short 22-yard punt, Friona put the ball in play on its own 35-yard line and began a 65-yard touchdown march.

Dodd picked up nine yards, and quarterback Jim Snead made a first down with a five-yard keeper play. Dodd made another first, by gaining 11 yards in two plays. Murphree got the Chiefs in scoring position with a 15-yard punt before he was bumped out of bounds at the Farwell 23.

Snead picked up another first down on a four-yard keeper play to the 12. From there, Milton Hargus, who spelled bad news to the Steers in last year's meeting here, raced around left end and scampered into the end zone for Friona's second tally.

Dodd's kick made the score 14-0, Friona, with 9:07 remaining to play in the half.

Bobby Field ran the kick back to the Farwell 42, and Farwell racked up two first downs, moving the ball to the Friona 36. However, a holding penalty against the Steers forced them to punt once again.

The Chieftains took over the ball at their own 30, 70 yards away from the goal line and with about five minutes left in the half. The way it turned out, the Chiefs didn't need that much time.

Snead made nine yards on a keeper play, then on the second down play he faded back, found Ronnie Brookfield streaking down the right sideline, and rifled a perfect pass that Brookfield took at about the Farwell 25, and romped untouched for the score. Dodd made it 21-0 with 3:17 left in the half.

Friona received the second half kickoff, and it required the Chieftains just six plays to register their fourth touchdown. Hargus took the kick on his own 20 and raced down the left sideline 27 yards, almost breaking away before Farwell arrested him at the Friona 47.

Three running plays netted Friona a first down, with Dodd, Murphree and Hargus doing the honors. Then, after Dodd made seven yards in two plays, it was third and three at the Farwell 36.

Snead decided to take to the airways once again, and this time it was Jesse Shirley who worked his way into the open and Snead hit him at about the 10. Shirley scooted in for the score, and Dodd methodically made it 28-0 with only three minutes gone in the third quarter.

By now, Farwell had taken about all they could stand. The Steers also got a good runback, by Jerry Childs to the 39-yard line. Bobby Field, the sophomore quarterback, clicked on a pass to Danny Huffaker to put the ball in Chieftain territory.

Then after Childs gained 17 yards to the Friona 20, Huffaker suddenly became unstoppable. He carried the ball five straight times, for gains of nine, three, three, four and one, the final yard being good for Farwell's score. Childs kicked for a 28-7 score.

Friona couldn't move the ball

following the kickoff, and punted to the Steers. They gave it back after only one first down, and the Chiefs started their last, and weirdest scoring drive.

Operating from his own 36-yard line, Snead lofted a pass which was gathered in by Murphree about midfield. He had a block at that point, outran a couple of defenders, but was finally corralled at the Farwell 12 when two blockers ganged up on him.

At this point the drive seemed to stall, as Murphree lost yardage and a 15-yard penalty set Friona back to the 30 yard line. On fourth down, the Chieftains tried a field goal, with Dodd kicking.

The kick didn't ever get over shoulder-high, as a Farwell lineman deflected it. This turned out to be a break for Friona, as the Chieftains pounced on the "live" ball at the Farwell four. Dodd's number was called on the first down play, and he responded with a left end sweep good for six points. It mattered little that he missed his final PAT try, for Friona led 34-7.

The last few minutes were action-filled, even if there was no scoring. In the remainder of the game, Friona intercepted two Farwell passes as the Steers took to the air, and gave the ball back to Farwell once on a fumble.

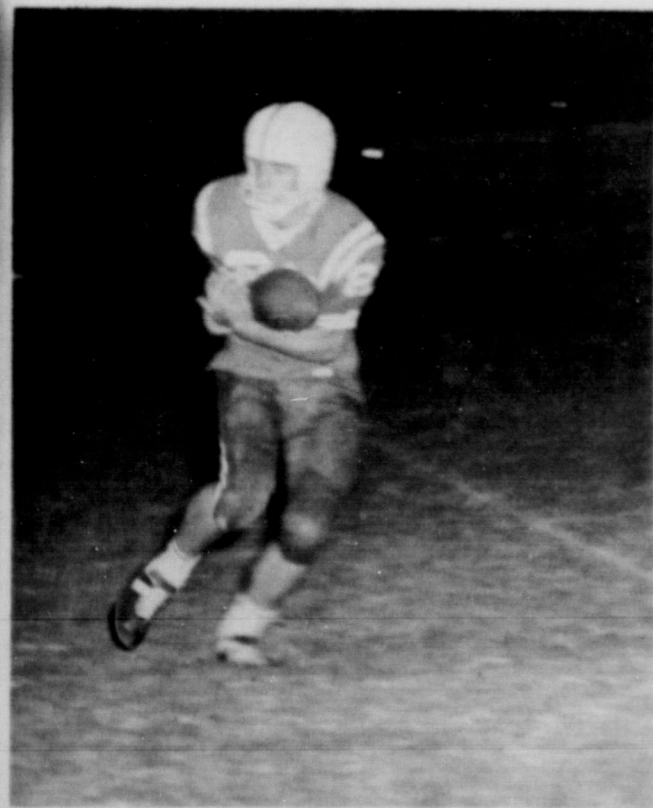

Although Friona dominated scoring, the first down count was close, 12-11 favoring Friona. The Chiefs, with their surprising passing success, totaled more yards passing than rushing (149-143) for a total offense of 292 yards to Farwell's 182.

Dodd was the leading rusher with 63 yards. Snead accounted for 169 total yards, 149 passing and 20 rushing.

GAINS FOR CHIEFS . . . Danny Murphree, left, romps up-field with a punt return good for several yards against Farwell. Murphree also had a 49-yard gain on a pass and run play

for Friona in the season opener. Friona downed Farwell, 34-7, for their second straight win over the Steers.

TOUCHDOWN PASS . . . Jesse Shirley is shown gathering in a pass from Jim Snead which was good for a touchdown against Farwell. It was one of two touchdown passes for Friona in the game, the other being to end Ronnie Brookfield.

DODD GAINS . . . Doug Dodd circles right end for a nice gain against Farwell last week. Dodd was the leading ground-gainer for Friona as well as scoring two touchdowns and booting four extra points.

AT WILSON

Longhorns Ready For Season Opener Friday

The Lazbuddie Longhorns will be out to start their 1964 football season on the right foot Friday night when they travel to Wilson for their opening game.

Coach John Malone pronounced the team "ready" following Tuesday's workout, and released the starting lineup barring an injury or change as a result of Wednesday's scrimmage.

Malone nominated the following starting lineup: left end-Mack Holt; left tackle-Lewis Seaton; left guard - Albert Fuller, Jr.; center-Gary Eu-

banks; right guard - Johnny Mitchell; right tackle - Buddy Embry; right end - Theron Vaughan; quarterback - Terry Parham; left halfback - Alfred Steinbock; right halfback - Lloyd Bradshaw; fullback - Johnny Mabry.

H. W. Moore and Charlie Ramage will start on defense. Others who will see a lot of action include Sammy Harlan, Craig Schumann, Mike Tree and D. H. Foster, who will alternate at quarterback.

Malone said he was pleased with the work of Parham and Foster, who are working to re-

place the injured Hoppy Jennings, who will be out of action several games.

The Longhorns scrimmaged Lefors at Canyon last Saturday, and Parham tossed a pair of touchdown passes. "I think we'll be able to throw enough to keep the defense honest," said Malone.

The new Lazbuddie coach said he was particularly pleased with the Longhorn defense, which yielded only about 50 net yards to Lefors in some 30 plays.

Coach Malone said he had no idea about the strength of the Wilson team which Lazbuddie faces Friday, so he couldn't even hazard a guess as to what to expect. Wilson downed the Longhorns in last year's season opener, 28-6, so Lazbuddie will be out to avenge that loss.

LONGHORN LETTERMEN . . . Lazbuddie's returning lettermen for the 1964 season include these 15 boys. In the back, left to right are Buddy Embry, Hoppy Jennings (injured), Johnny Mitchell, Johnny Mabry, Theron Vaughn, Lewis Seaton,

Lloyd Bradshaw, and David Nelson. Kneeling are Sammy Harlan, Mack Holt, Craig Schumann, Alfred Steinbock, Leon Watson and Gary Eubanks. The Longhorns open their season Friday at Wilson.

JUNIOR CHIEFS . . . Friona B-Team, which opens its season today at Hale Center, is shown here. In the back are Teddy Renner, Vince Rowell, George Perez, Terry Fite, Johnny Claborn, Paul Hargus and Bill Weatherly. In the center row are Jerry Stephens, Danny Parker, Bob Carrothers, Mike

Riethmayer, Jimmy Grimsley, David Jones, Manuel Pacheco and Dewayne Procter. In front are Ray Lym Murphree, Tommy Jarecki, Don Hoover, Mike Smith, Tim Rhodes, Bobby Jordan and Mike Wooley.

B-Team Kicks Off Schedule

Friona High School's B-team will kick off its nine-game football schedule at Hale Center today, meeting the Owl B-team at 7 p.m. in Hale Center.

The B-team will play its first home game of the year next Thursday, hosting Olton in a contest beginning at 6 p.m.

Booster Club Meets Mondays

Friona Booster Club met and reviewed game films of the Chieftains' 34-7 win over Farwell in their first weekly meeting of the year Monday night.

George W. Jones, Booster Club president, reminds that the club meets each Monday night at 8 p.m. at the Friona High School auditorium. All members or fans who would like to become members, are urged to attend.

Your faith should increase and become stronger as you grow in understanding. The more you know and practice the truth. And when your faith is solidly based it becomes transcendent.

TODAY

High Plains Station Has Annual Field Day

The High Plains Research Foundation's Eighth Annual Field Day and traditional free barbecue will be held Thursday, September 10.

G. W. McCullough, Vice President of Phillips Petroleum Engineering Department, will be the guest speaker for the evening program. The speech to start at 7:00 p.m. will climax a full day's activities.

The field tours of the Foundation will start at 1:30 p.m. and will continue throughout the day until around 5:30 p.m. when the free barbecue will be served. The area Lions Clubs will once again help in the serving. Greeters for the guests are to be made up of the members of the area civic clubs.

This year the new car dealers of Plainview are going to provide new cars as transportation from the parking area to the registration tent. Ollie Limer, Hale County Agent, will fill his post as the dispatcher for the trucks that will carry the guests

around the Foundation for the field tours. Guides on each truck are to be the area county extension agents.

The Field Day held one year ago was the most successful in the history of the Foundation with more than 4,000 guests turning out. This year the expectations are for a record breaking crowd of 5,000.

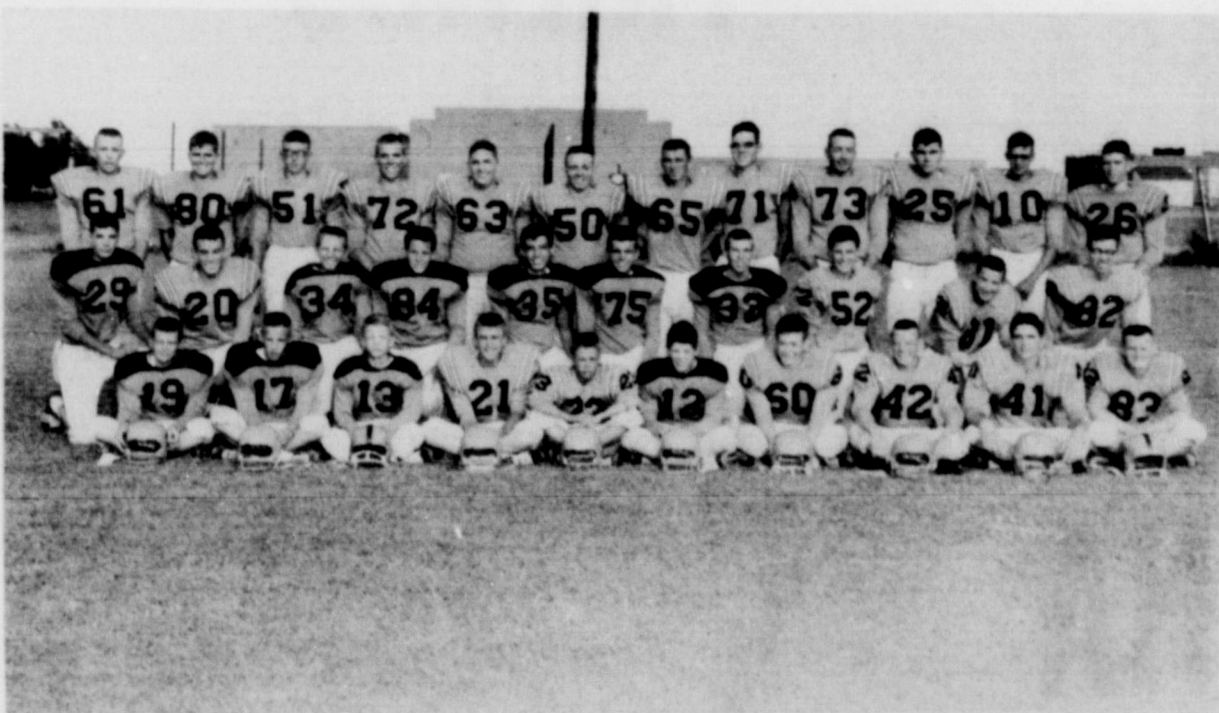

The High Plains Research Foundation is located on Highway 70, fifteen miles west of Plainview, or ten miles east of Olton.

Slate Breakfast

Plans have been completed for the annual Pancake Breakfast sponsored by Friona Rainbow Girls. Serving will begin at 6 a.m. Friday at Friona Country Club and will continue until 9 a.m.

Tickets may be obtained from any member of the organization for \$1.

Local Clubs Start The Season With New Officers

New officers of the Modern Study Club are (seated) Mrs. Ralph Wilson, Vice President; Mrs. H. K. Kendrick, President. (Standing) Mrs. Ernest Osborn, Mrs. Wright Williams, Mrs. George A. Jones and Mrs. Otho Whitefield. Friona's three federated clubs will be the host for the Caprock District Federated Clubs' Convention in March.

Looking forward to a busy year of worthy projects are the new officers of the Progressive Study Club. Seated are Mrs. B. E. Duggins, President; and Mrs. Lee Cranfill, Vice President. Standing are Mrs. John White, Secretary; Mrs. Jimmy Smith; Treasurer; and Mrs. Bill Ellis, Reporter.

Friona Woman's Club officers for the new season are Mrs. Joe Moyer, President; Mrs. John Benger, Vice President; Mrs. U. S. Akens, Secretary; Mrs. Lillian McLellan, Treasurer. The club will celebrate its 53th anniversary in October. Mrs. Pearl Kinsley is the sole living charter member of the club, organized in 1909.

Officers of the newly-organized Modern Homemakers Club are Mrs. Dalton Caffey, advisor; Mrs. Jerry London, vice president; Mrs. W. D. Buske, president; and Mrs. Leon Massey, secretary-treasurer. Mrs. Harvey Garrison, reporter-historian, was unavailable at picture time. The Modern Homemakers are a sister organization to the FHA.

Friona Jayceettes have as their pet project Mrs. O. J. Beene's class of Spanish youngsters. Officers for the club are Mrs. Ronald Smiley, president; Mrs. Dale Williams, reporter; Mrs. Virgil Phipps, vice president; and Mrs. Joe Walters, district representative. Mrs. Glenn Reeve Jr., secretary-treasurer, was unavailable for picture.

FRIONA, TEXAS

OCTOBER WEDDING PLANNED . . . Mrs. Lois Miller of Friona has announced the engagement and approaching marriage of her daughter, Lucy Beth, to Jerry D. Hinkle, son of Mrs. M. W. Adams of Amarillo and Clyde Hinkle, Floydada. Wedding vows for the couple will be read in First Baptist Church, Friona at 6 p.m. Saturday, October 3. Invitations are not being mailed locally, but friends of the couple are invited to attend.

Of Interest To THE WOMEN

WSES Begins Year With Salad Supper

First meeting of the year for Woman's Society of Christian Service of Friona Methodist Church was a salad supper in Fellowship Hall Thursday evening. Members of the program committee were hostesses.

Tables were laid with white cloths and each was centered with an arrangement of orange zinnias and marigolds in black epergnes. A suspended floral arrangement was used over the serving table. Place cards and napkins carried out the orange and black color scheme.

Mrs. Guy Latta was program

director. She announced the theme of study for the year, "Summoned to a New Age." Thursday evening's program was presented in the form of a summons and trial by jury.

Yearbooks were distributed by Mrs. Latta, who read an expression of appreciation to Mrs. Andy Hurst for handpainting the white covers in black and orange.

Two members were accepted into the society. They were Mrs. Truitt Read and Claudette McInnis. Guests were Mrs. Charles Russell, Mrs. Lillian McLellan, Mrs. Tulon White, Mrs. Truitt Read, Mrs. David Eddington, Beth Asbury, Claudette McInnis and Rev. Russell McAnally.

Others present were Mesdames Billy Sides, David Moseley, Dorothy Hough, W. M. Stewart, Ernest Tannahill, Bill Raybon, Ralph Shelton, Ed Clark, A. S. Grubbs, J. L. Shaffer, Dick Rocky, Russell McAnally, Homer Lindeman, Mack Ragsdale and Wes Long.

Also Mesdames E. H. Bradshaw, Mack Baimum, U. S.

Akens, Bill Buchanan, O. C. Jones, Jerry London, J. H. Boyle, M. B. Buchanan, H. C. Kendrick, A. L. Outland, Floyd Rector, H. R. Cocanougher, Russel O'Brian and Earl Hawkins.

Also Mesdames Tom Shelton, Billy Joe Mercer, I. T. Graves, Joe Collier, Eugene Ellis, Lewis Gore, Howard Love, Andy Hurst, Guy Latta, Gladys McVey, Tom Bandy, Kenyth Cass, Thomas Jones and Ernest Osborn.

Family Dinner Honors California Visitors

Mr. and Mrs. Dale Houlette were hosts at a family get-together on the patio of their home Wednesday afternoon. Honored guests were Mr. and Mrs. Tom Mayo and sons from California.

The Mayos have been visiting in the homes of Mr. and Mrs. Charlie Phipps at Muleshoe and members of the Phipps families in Friona. Mrs. Mayo and Mrs.

Phipps are sisters. Others present, besides the host couple and their son, Chris, and the honored guests were Mr. and Mrs. Charlie Phipps, Muleshoe; Mr. and Mrs. C. M. Phipps, Duane, Gary, Lynn and Tex; Mr. and Mrs. E. C. Phipps, Shirley, Judy, Deloris, Patricia and Myrna and Brenda Hawker.

Also Mr. and Mrs. Earl Jameson, Erian, Jan, Coy and Wade; Mr. and Mrs. G. A. Collier Jr., Nicky and Greg and Mr. and Mrs. Kenneth Ferguson, Sherri, Jerri and Wendy. Following an outdoor supper of barbecued hamburgers, ice cream and cookies, the evening was spent visiting.

Former Frionans Visit Relatives

Mr. and Mrs. Keith Blackburn and daughter, Jill, of Albuquerque, spent the Labor Day weekend visiting in the homes of their parents, Mr. and Mrs. T. E. Blackburn and Mr. and Mrs. Howard Mayfield, and other relatives and friends.

Mr. and Mrs. John Blackburn and Brenda were hosts at a family dinner in their home Sunday. Those present besides the hosts and visitors from Albuquerque, were Mr. and Mrs. T. E. Blackburn, Mr. and Mrs. Claude Blackburn and Keith Lynn, Mr. and Mrs. Dean Blackburn and Hal, and Mr. and Mrs. Rex Blackburn, David, Mike and

Lynn all of Friona. Also Mr. and Mrs. Nell Pounds, Beth and Chris, Earth, and Mr. and Mrs. Donnie Smith, Canyon.

The Keith Blackburns and Howard Mayfields spent Monday visiting in the homes of Mr. and Mrs. Woodrow Lovelace and Dianne, and Mr. and Mrs. M. A. Snider Jr. and children at Farwell.

"If you stop praising a woman, she thinks you don't love her anymore; keep it up and she'll eventually think she's too good for you."

Rhyme And Reason Theme For Study Club Year

"Rhyme and Reason" is the theme for the new Progressive Study Club yearbooks for 1964-65. The new books were distributed at the first club meeting of the season Tuesday night at the Federated Club House.

The course of study outlined in the new books is "Home and Community Living", with each program throughout the year to be based on some aspect of this theme. Localized versions of old nursery rhymes are sprinkled throughout the book with "Hickory Dickory Dock" as the book cover, including a "squeeking" mouse running up a wooden clock.

Members of the program committee were hostesses for the first meeting which carried out the nursery rhyme fantasy land theme. Mrs. Lee Cranfill

is chairman of the program committee with committee members, Mrs. John Humphrey, Mrs. Jimmy Smith and Mrs. Travis Harrell.

Club members entered a crepe paper streamer "house" for their traditional salad supper. Tables were decorated with flower arrangements depicting favorite nursery rhymes.

Mrs. Tom Jarboe led the evening prayer. Mrs. John White sang "Prayer Perfect" accompanied by Mrs. Stanley Bengie. Mrs. Baker Duggins, club president, addressed the club with aspirations for the new club year. Mrs. Lee Cranfill then distributed the yearbooks and the meeting was adjourned with the club collect said in unison.

Mrs. Ellis Tatum Heads Black Club

During the business session of the Thursday afternoon meeting of Black Home Demonstration Club in the home of Mrs. Ralph Price, Mrs. Ellis Tatum was elected to serve as president during the coming club year.

Other officers elected to serve with her were Mrs. Johnny Mars, vice-president; Mrs. Bill Carthel, secretary-treasurer; Mrs. Loyd Prewett, council delegate; Mrs. Rosco Ivie, reporter, and Mrs. Gene Welch, parliamentarian.

Plans were made for a window display in Friona during the coming Maize Days celebration. Next meeting of the club will be a supper and social for members and their husbands in the Black Community Center at 7:30 p.m. September 17.

Members present were Mesdames Gene Welch, Johnny Mars, Rosco Ivie, Clyde Hays, Helen Fangman, T. J. Presley, John Bengier, F. W. Barnett, Dick Rocky, Beryl Fish, Bill Carthel and the hostess.

Club Members Make Maize Days Plans

Plans for a window display during Maize Days were made by members of the Rhea Home Demonstration Club at the Friday evening meeting at the Parish Hall.

Roll call was answered with an answer to the question, "Why do I vote?"

Mrs. Cordie Potts presented a council report during the business session, which was directed by Mrs. Floyd Schueler, president.

Club members voted to pay \$2 for THDA dues and to keep the same officers for the coming club year.

Mrs. Elmo Dean discussed the foreign foods program which will be held in October and passed out leaflets in preparation of it.

Refreshments of doughnuts and punch were served by Mrs. Bill Brandt, hostess, to Mesdames Chris Drager, Floyd Schlenker, Cordie Potts, Elmo Dean, Floyd Schueler, Clyde Tims, Shirley Smith, Dwayne Ridley, Walter Schueler, Norbert Schueler and Herbert Schueler, members, and two visitors, Mrs. Larry Moyer and Mrs. C. C. Kessler.

Deaneen Gaines Born Thursday

Mr. and Mrs. Doug Gaines, 4106 West Nineteenth St., Lubbock, became parents of a baby girl at 11:15 a. m. Thursday in Methodist Hospital.

She was named Deaneen and weighed 5 lbs. 8 ozs. She is the first child for the couple. The father is employed by Mitchell Construction.

Grandparents are Mr. and Mrs. Alvin Gaines, Friona, and Mrs. Irene Wiley, Lubbock.

Great-grandparents are Mr. and Mrs. R. G. Wiley and Mrs. Annie Scott, Friona, Mrs. Tommie Horton, Bovina, and Mr. and Mrs. J. W. Robards, Clovis.

Mr. and Mrs. Robert E. Collier and children, Darrell and Rita; Mr. and Mrs. Wayne Massey and daughters; and Mr. and Mrs. Lee Jesko of the Lazbuddie Community were among Frionans attending the Boys Ranch Rodeo Sunday.

Spring Graduates Begin College Courses, Careers

By the end of this week many of the members of Friona High School's spring graduating class will be getting ready to enroll in colleges in various parts of Texas.

Ten members of the class will enroll at Texas Tech in Lubbock. They are David Carson, Weslie Hand, Carolyn Herring, Bobby Hodges, Greg Jarrell, Numan Loafman, Rex Nelson, Lynn Phipps, Tex Phipps and Eric Rushing.

Lubbock Christian College has been chosen by Kay Neel, Charlotte Nettles, Ronnie Procter, Diana Taylor, Bob Welch and Mickey Wilson.

Mary Ethel Wilson plans to enroll at South Plains Junior College in Levelland.

Rose Ann Gresson, Edwin Taylor and Russell Scales will be classmates at West Texas

State University, Canyon. Dianne Taylor Tatum, will also be attending WTSU.

North Texas State at Denton and Wayland Baptist College, Plainview, will each have two members of the class on campus. Lynn Frye and Kay Coffey plan to go to Denton and Myrna Gay Bennett and Cheryl Neill plan to go to Plainview.

Gary Renner, who will be playing football at Texas A and I, Kingsville, left last week. Dianne Jennings is in Amarillo and will enroll at Amarillo Junior College.

Lois Ann Moyer and Patsy Hough will enroll at Hardin Simmons University in Abilene.

S. D. Batze will be attending Sul Ross College at Alpine. Several class members are employed in Friona. Judy Kirby

is an employee of Red Barn Chemical, Helen Stowers is employed by Soil Builders and Pat Floyd is on the staff of Plains Publishers, Inc.

Those who have started their homemaking careers since the close of school are Dianne Taylor, who is married to Tommy Tatum; Brenda Woodruff, who is the wife of Fred Jackson Jr. and Cathy Bailey, who is the wife of Cary Jackson.

Mrs. Fred Jackson Jr. is employed by Adams Drilling Company and Mrs. Cary Jackson is working at Ben Franklin Variety.

Eva Vinson is attending Draughan's Business College in Amarillo.

Aaron Drager, Tommy Baxter and Ronald Awrey are farming. Larry Stevick is in California and Jerry Prker is working in Amarillo. Linda Beaty has been employed at Bi-Wize Drug.

George Grant has been working this summer and is undecided about future plans.

Hospital Notes

London, Bessie Boatman, Juel Treider, Jonell Wood, Marty Martinez, Lura Bradley, Julia Vasquez and baby boy, Rodney Murphy, La Donna Murphy, Margie Melton and baby boy, Stanley Powell, Lupe Chavez, Troy Fuller, A. W. Anthony, Gladys McVey, Aulton Dowdy, Leatha Jo Roberts, Charlene Grissom and baby boy.

Randall Askins Born In Stinnett

Rev. and Mrs. Alvin Askins of Stinnett became parents of a baby boy at 8:37 p. m., Monday, August 31, in North Plains Hospital in Borger. He was named Randall Alvin and weighed 8 lbs. 15 ozs.

Randall has two sisters, Gayla and Connie. Rev. Askins and family are former residents of Friona. He served as pastor of First Assembly of God Church here several years before moving to Stinnett.

Jackson Twins Feted With Birthday Party

Lorene and Lanore Jackson, twin daughters of Mr. and Mrs. Fred Jackson Sr., were honored with a birthday party in the family home Thursday afternoon from 4 to 6 in observance of their seventeenth birthday. Co-hostesses with Mrs. Jackson were Mrs. Stanley A. Bishop and Janet.

Following opening of gifts birthday cake and punch were served.

Those present, besides the honorees and hostesses, were Karen Hughes, Beverly Fenton, Janet Rushing, Frieda Floyd, Darlene Wilson, Janet Stevick, Sandy Beene, Willie Grace Grubbs, Lyndia Chandler, Carolyn Hamilton and Patsy Rule.

Monte Sue Welch was unable to attend but sent a gift.

Leaders Attend Training Meeting

All home demonstration clubs of Parmer County were represented at a training meeting at Hub Community Center at 2:30 p. m. Tuesday, August 25.

Mrs. Cricket Taylor, county home demonstration agent, presented a workshop on foreign cookery in preparation for the annual luncheon of the Parmer County Home Demonstration clubs in November at the Oklahoma Lane Community Center.

Those taking the training were Mrs. Bill Carthel and Mrs. F. W. Barnett, Black; Mrs. T. A. Sherley, Friona; Mrs. A. L. Black, Hub; Mrs. Glenn Lust and Mrs. Ralph Broyles, Lazbuddie.

Also Mrs. Lee Mason and Mrs. A. E. Redwine, Midway; Mrs. Keith Brock, Northside; Mrs. Joel White, Oklahoma Lane and Mrs. Elmo Dean Rhea.

Son Born To Larry Moyers

Mr. and Mrs. Larry moyer of the Rhea community became parents of a baby boy at 4:52 p.m. Tuesday, September 8, at Parmer County Community Hospital.

He was named Douglas Andrew and weighed 9 lbs. 4 ozs. He is the first child for the couple.

Grandparents are Mr. and Mrs. O. B. Moyer, Friona, and Mr. and Mrs. M. E. Hickman, Muleshoe.

Browns Visit Son's Family

Mr. and Mrs. W. O. Brown, Hayward, Calif. arrived in Friona late last week for a visit in the home of Mr. and Mrs. Matt Brown and children, Steve and Gloria.

The Browns are Matt's parents and have visited in Friona several times in the past. Monday the Matt Browns and his parents attended the Boys Ranch rodeo.

Three Friona Families Take Annual Vacation

Sixteen Frionans left Friona August 15 for the eighth annual mountain vacation for the Eugene Bandy, Doyce Barnett and Billy Dean Baxter families.

The group spent six days fishing, sightseeing, horseback riding, boating and fishing in the area of Vallecito, Colo. They toured the cliff dwellings at Mesa Verde and rode the narrow gauge railway from Durango to Silverton.

Those making the trip were Mr. and Mrs. Eugene Bandy, Johnny, Clay, Todd and Chad; Mr. and Mrs. Doyce Barnett, Cindy and David; Mr. and Mrs. Billy Dean Baxter, Johnny, Debbie and Elaine Baxter and Jay Beene.

Rev. Paul Mohr Named President Of Ministers

Rev. Paul Mohr, pastor of the Congregational Church, was elected president of the Friona Ministerial Alliance at the group's regular monthly meeting this week.

Other officers elected were Rev. Russell McAnally, pastor of the Friona Methodist Church, hospital chaplain's program coordinator; Rev. Bill Burton, First Baptist Church pastor, secretary - treasurer, Rev. Burton is the retiring president of the organization.

It was noted that the five-minute devotional period which has been carried over radio station KPAN has been cancelled, along with "Today in Friona," due to lack of sponsors.

Participating in the Friona Ministerial Alliance are the following churches; Assembly of God, Calvary Baptist, Congregational Church; Methodist

Church; First Baptist Church; Baptist Mexican Mission and the Catholic church.

You'll Have A Fit

An ingenious solution to the problem of altering patterns to insure perfect fit is in the offing.

It's a new type pattern that actually consists of two sizes—one printed inside the other—to adjust according to figure needs. If you're a combination of sizes—say a size 12 hip measurement and a size 10 chest measurement—you'll find these patterns ideal.

Equally adaptable to individual fashion tastes are the new cotton fabrics for fall. Clearly the most versatile fabric on piecegoods counters, cotton appears in greater variety than ever. Textures run from smooth, soft cotton suedes to wide-waled corduroys—from flat diagonal twills to heavy-ribbed cotton ottomans.

Mrs. Deaton displays some of the antique items in her shop. The marble topped cabinet pictured here is an antique sewing cabinet. She offers a few antique reproductions and hand painted items for sale, but most of the things in her shop are on display for the enjoyment of the public.

A familiar Friona landmark is this old-time wishing well located next to the Lakeside "66" Service Station on Highway 60. Mrs. K. E. Deaton poses here with the well. Mrs. Deaton is the owner of the little antique shop directly next to the well.

Though best known for her collection of beautiful antiques, Mrs. Deaton is also an accomplished musician and enjoys entertaining her guests with this old pump organ. Her other hobbies include all kinds of handwork and china painting.

MAIZE DAYS

Banners have been put up, interesting programs have been planned, floats are being constructed for the parade and by the time you are reading this everything will be in readiness for Maize Days.

You will want to begin by attending the Queen's Contest in the auditorium Thursday evening. In addition to seeing a number of beautiful and talented young ladies compete for Maize Days Queen, you will see some fine entertainment by local persons.

Everyone in the area is invited by Friona Chamber of Commerce and Agriculture and residents of the town to attend all events planned for the weekend. You all come!

Some employees of the Spudnut shop have already started working and real soon Frionans should be able to eat freshly cooked spudnuts any time they want to.

In addition to supplying local demand, the shop will produce frozen spudnuts for cooking in other places over a large territory. This plant is a fine addition to Friona.

Additional drive-in service will soon be offered by Friona State Bank. Another window will be opened as soon as workman complete housing facilities for such an operation. Drive in banking is very popular with local bank customers and faster service will soon be available.

In spite of late freezes in the spring, prolonged dry weather and insects, many Farmer County residents have produced fine fruit crops this year. Most peach trees in the area are loaded to the breaking point

with large peaches and homemakers have filled many packages and jars with sliced peaches, peach pickles, peach preserves and peach jelly.

This has been an unusually good year for all kinds of fruit. The cherries, plums, apricots and peaches have all been of excellent quality and yields have been exceptionally good.

Dr. W. B. Miller, a retired physician from Iowa and brother of Mrs. A. O. Drake, moved to Florida some time last year and was quite anxious to see his

first hurricane.

In a letter to Mrs. Drake recently he described his reaction as follows: "Well, lashed for it. I wanted to see a hurricane, and I saw one. We haven't had any lights, telephone or television for over 24 hours. No one was killed... the houses here are built for hurricanes and have steel posts, etc."

A lot of things were wrecked. Windows were broken, even though a lot of them have storm shutters for protection, and trees every where were uproot-

ed. We had lemon, lime and avocado trees and like trees everywhere else, they are gone.

Everyone was warned every five minutes for half a day before it hit. We are all right, but uncomfortable... like every one else, we have three fans and two air conditioners, but can't use them without electricity, of course."

There is still a small New Testament in the Star office that we would like very much to return to the owner. It has (Continued on page 8)

BANK ADDITION . . . A second drive-in window is under construction at Friona State Bank, and workmen are shown doing concrete work on the project this week.

NEW RECORD SEEN

August Building Figures Climb

Building statistics in Friona continued to skyrocket during the month of August, according to figures released this week by City Manager A. L. (Jake) Outlan.

Building permit figures for the month of August showed a total of eight permits issued for construction estimated to cost \$136,400. This made August the second-biggest month of the calendar year, second only to April's total of \$155,350. Making up the bulk of the total was the addition to Parmer County Community Hospital, which accounted for \$104,000 of the total. Otherwise, there was a permit for one new residence estimated at \$19,000; one move-in residence, \$8,000; three used move-in residences, \$2,500; and two additions to residences, valued at \$2,900.

August's total put the year's estimated construction in the city limits of Friona at \$819,134, which stands just \$54,341 short of the all-time record for a calendar year, established last year. What is more, it leaves for months in which to establish a new record. By hitting the total of \$136,400, August's total became the fourth month of the year to top the \$100,000-mark in the first eight months of the year. Other months to reach that figure besides April were January, at \$123,000, and July at \$106,500.

Other monthly totals in 1964 have been: February-\$33,500; March-\$79,950; and May-\$98,000.

Highlights and Sidelights

FROM YOUR STATE
CAPITOL

AUSTIN -- "Interbasin diversions," the process of moving water from where it is to where it is needed, is being talked about more and more in Texas where half of the state's water supply is centered in the eastern one-seventh of the state.

It will be the topic of three speakers at the Association of Western State Engineers in Austin on September 21.

Speakers are Frank Raab of Oklahoma, David Hale of New Mexico and William Warne of California. All three are water officials in states which have turned to interbasin diversions to solve some water problems. Some moving already has taken place in Texas. In the Trinity watershed, for instance, Dallas is completing a pipeline and treatment plant for moving Sabine River water from Lake Tawakoni to Dallas. Also

Houston has signed a contract with the Trinity River Authority to move Trinity water to Houston.

Interbasin diversion will become the subject of more conversations for Texans when the U. S. Bureau of Reclamation releases its pending report. It proposes a 400-mile canal to move surplus water from the Sabine and Neches basins, southward to link all major rivers in Texas and meet the needs of the Gulf Coast to a point below Corpus Christi.

Gov. John Connally has asked the Texas Water Commission to speed up water planning to seek alternatives to the Bureau of Reclamation's forthcoming proposal. But the commission is strapped by the bounds of a budget inadequate for such a study, unless the 1965 Legislature increases its funds.

INSURANCE INTEREST CHARGE UPHELD -- An effort by the Allstate Insurance Company to knock out the State Board of Insurance order requiring a minimum charge of six per cent interest on insurance premiums paid by installments has failed.

Board said it found nothing in the hearing to change its mind. It reported that abuses of Texas laws, prohibiting inducements to prospective policyholders and prohibiting discrimination between policyholders, were taking place under deferred payment plans. "Net costs of handling premium payments financed by insurance companies at cut-rate interest, or no interest, will ultimately be paid by all insureds," said Board Chairman Hunter McLean. "Those electing deferred payment plans should bear such costs. . ."

A spokesman for one company charged that criticism of ruling by the National Association of Independent Insurers laid the groundwork for "an attack on the Texas rating system and policy control." N.A.I.I. claimed the order discriminates against Texas policyholders, and that the board had no authority to adopt it.

OUT OF THE RED -- State government ended its 1963-1964 fiscal year on August 31 with a fat general revenue fund balance of \$73,000,000.

It was the brightest year-end figure since 1949. "It looks better than it has for a long time," beamed State Comptroller Robert S. Calvert. Five years of deficits still are fresh in his memory. One year the State ran \$110,000,000 in the red.

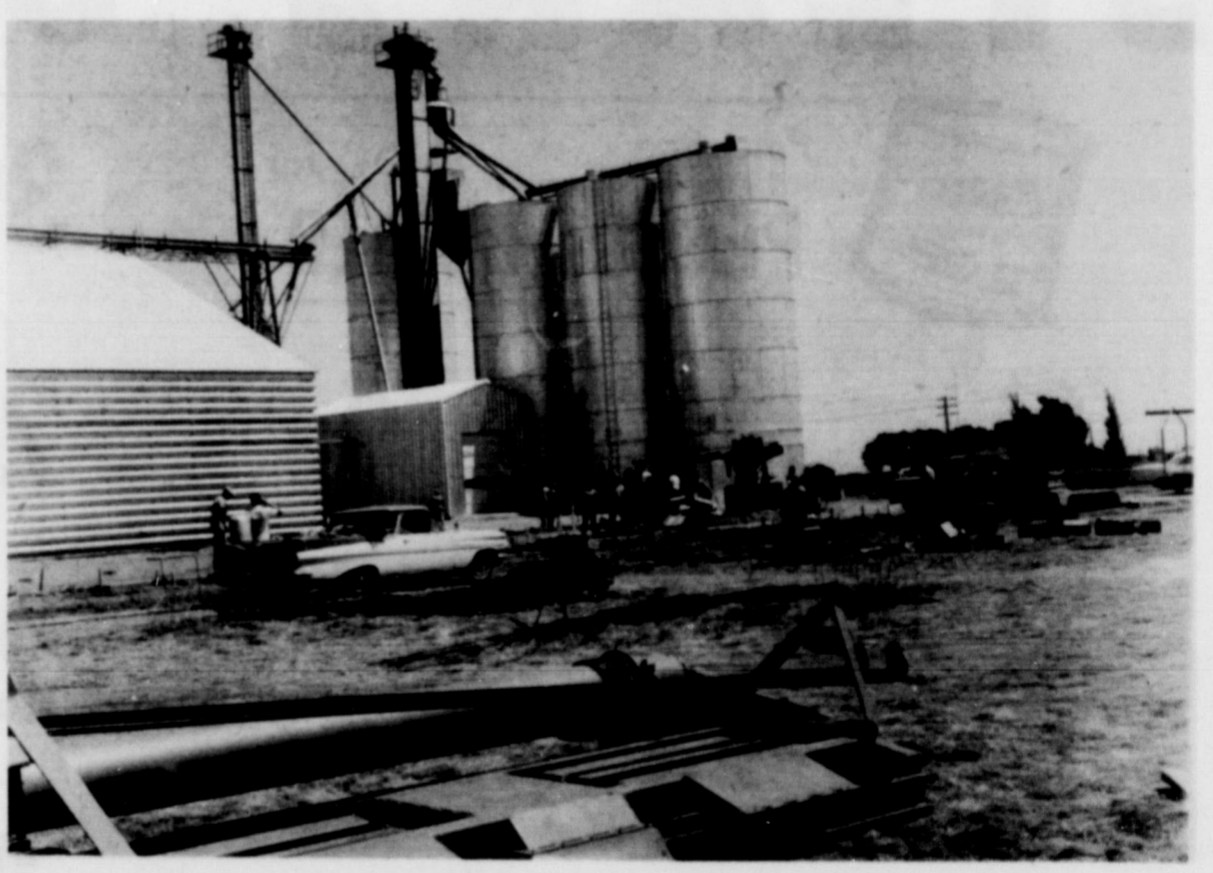

Calvert declined to speculate on the amount of surplus which will be available for legislative appropriation.

Governor Connally predicted earlier that the general revenue surplus may reach \$80,000,000 next year. Despite the abundance of money, the Governor said the Legislature likely will have to pass a new tax bill or amend the existing rates in 1965. This because of demands for more spending in education and other areas.

Calvert noted three factors in the favorable fiscal 1964 close-out: a \$24,000,000 increase this year over 1963 in general sales tax revenues; an \$8,000,000 jump in the auto sales tax; and a \$3,000,000 crude oil tax increase.

Comptroller's report showed state revenue collections during 1964 were more than \$1,600,000,000 compared with \$1,500,000,000 in 1963. Expenditures totaled \$1,500,000,000, compared with \$1,400,000,000 the previous year.

This red velvet love seat is one of the most eye-catching pieces in the antique shop. Here Mrs. Deaton shows an example of antique china-painting. The bowl was given to her by an old friend of her family.

Classes Announce Election Results

Announcements were made early this week of results of class elections in Friona High School last week. During these elections parents and sponsors were also chosen.

LEGAL NOTICE

CITATION BY PUBLICATION

TO: G. S. DeMots and his wife, Mrs. G. S. DeMots, whose first name is unknown; M. A. Morgan and his wife, Rose Mary Morgan, or Mrs. M. A. Morgan; A. G. Schultheis and his wife, Eliza R. Schultheis; R. S. Houlette also known as Robert S. Houlette and his wife, Hester A. Houlette, or Mrs. R. S. Houlette; Marshall A. Houlette and his wife, Alta Houlette or Mrs. Marshall A. Houlette Defendants; if living, whose places of residence are unknown to Plaintiff, and if dead the legal representatives of each of said named Defendants; and the unknown heirs of each of said Defendants; the legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said named Defendants are dead; the unknown heirs of the unknown heirs of the said named Defendants; the legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said named Defendants are dead; whose places of residence are unknown to Plaintiff;

DEFENDANTS; GREETING: You are hereby commanded to appear before the Honorable District Court of Farmer County, Texas, at the Courthouse thereof, in Farwell, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12 day of October, A.D., 1964, then and there to answer Plaintiff's Petition filed in said Court, on the 2nd day of July, 1964, in this cause, Numbered 2472 on the docket of said court and styled Kenneth Houlette, Plaintiff vs. Lester Houlette, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: A suit in statutory Trespas to Try Title to all of Block Number Ninety-nine (99) of the Original Town of Friona, Farmer County, Texas, as shown by the plat recorded in Volume Five (5) at page 421 of the Deed Records of Farmer County, Texas, together with all improvements located thereon, Plaintiff claims title in fee simple to the said Block No. 99, and claims title by virtue of the three, ten and twenty-five year statute of limitation of the State of Texas, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and seal of said Court at office in Farwell, Texas, this 25 day of August, 1964.

Dorothy Quickel Clerk of the District Court, Farmer County, Texas.

MADE BY GRANDFATHER

Antique Desk Pride Of Mrs. Roy Miller

The pride of the Roy V. Miller household is an antique desk which has been in Mrs. Miller's family for many years. The desk is an heirloom and is to be handed down through the

The first meeting of the Friona City Commission was held in the rear of Blackwell Hardware and Furniture Store in 1928. W. H. Warren was chosen city tax assessor.

First official act of the city commission was to purchase minutes book, city seal and a supply of rendition blanks.

Bids for work on Friona's waterworks were accepted the latter part of 1929. On October 11, 1930, the city bought the A. N. Wentworth water system at \$2,000. Terms were to pay \$300 cash and \$75 per month until the system was paid for.

On January 26, 1931, Mayor J. L. Landrum and Friona city commissioners, T. J. Crawford and J. R. Roden, discussed the possibilities of a volunteer fire department.

family to the eldest daughter of each generation.

Dan Roysden, Mrs. Miller's grandfather, made the desk back in the days when Oklahoma was still Indian Territory. He cut down a walnut tree from around the Canadian River area where he lived, took the tree to a mill to have the lumber planed, then he designed and built the desk. It is made in two pieces with the cabinet section being separate from the desk section. He also made a table as a companion piece to the desk, and another member of Mrs. Miller's family now owns the table.

Roysden is now 99 years old and lives at Minco, Oklahoma.

The Millers restored and refinished the desk back in the depression days when times were hard. Mrs. Miller remembers that the decision to spend the money to restore the desk was a difficult one to make.

"But," she remarks, "we've been thankful many times over that we've kept it in the family and in good condition."

Mrs. Miller was offered to name her price for the desk as early as 1940, but of course she has always refused to sell.

HEIRLOOM DESK . . . Mrs. Roy V. Miller enjoys writing at the desk her grandfather made by hand. The unusual desk is a family heirloom and is handed down to the oldest daughter of each generation.

SEPTEMBER 21-26

Moon Spacecraft Exhibit Highlights Tri-State Fair

Perhaps the most looked-at and talked-about exhibit at this year's Tri-State Fair, September 21-26, in Amarillo will be a model of the spacecraft that will land American astronauts on the moon before 1970.

The highly detailed model of the Apollo spacecraft is now being assembled for free public display at the 41st annual Tri-State Fair.

When the spacecraft takes off for a round-trip to the moon within the next few years, it will carry three astronauts.

One part of the spider-legged spacecraft will house two astronauts who will descend to the surface of the moon. The third astronaut will remain in another

section of the craft as it makes a lunar orbit.

The round-trip to the moon is expected to require six days.

The moon spacecraft is but one of several atomic-age exhibits that will be exhibited through six days and nights of the Tri-State Fair.

4-H Club members, Future Farmers of America and other young people across the Golden Spread will have a horse show they can call their own for the first time at the forthcoming fair.

Saturday, September 26, has been designated Youth Horse Show Day at the 1964 Tri-State Fair. The concluding day of the fair is also Rural Youth Day

and Armed Forces Day at the annual exposition.

The All-Youth Horse Show will enable boys and girls 18 years of age and under to compete for awards and public acclaim apart from adults.

The Tri-State roundup of young horsemen will be among more than 700 to be held this year under approval of the American Quarter Horse Association, world's largest western horse breed registry.

County Agents, adult 4-H Leaders and FFA teachers in many counties have been training young horsemen for competition at the Tri-State Fair since the show was announced last spring.

WELCOME TO FRIONA MAIZE DAYS
Sept. 7-12

Come to church Sunday

Read Psalm 91:11-16
What time I am afraid, I will trust in thee. (Psalm 56:3.)

Many years ago I was impressed by the story of a miner's son whose daily task it was to carry his father's lunch to him at noon. In order to reach him, the little fellow had to pass through a dimly lighted and, to him, a frightening area. Other workers regularly heard him repeating over and over: "What time I am afraid, I will trust in thee."

When we become adults, fears of some physical dangers generally leave us, but others replace them. We fear personal failures and wrong decisions. We fear that we may fall in directing our children properly toward the straight and narrow path, or that they will succumb to temptations they face on every hand.

Oh, the strength-depleting fears and anxieties we could avoid if only we would exercise the simple faith of the miner's son! May we never lose touch with the sustaining, protecting power of our loving Father in heaven.

PRAYER: Our Father, give us, we pray, such a close walk with Thee that our fears may be replaced by the comfort and joy of Thy holy presence. In Jesus' holy name we pray. Amen.

COLLECTING HOBBY . . . Gib Boatman of Gib's Cleaners poses here with a few of the antique irons in his collection. He is holding the old 18-pound iron that has been in his family for many years. In the foreground is an old iron that burns charcoal for heat.

HAS COLLECTION

Boatman's Hobby Is Antique Irons

Collecting antique irons has become a hobby for Gib Boatman. He became interested in old irons a few years ago when he was remodeling Gib's Cleaners and discovered that he had an antique 18-pound iron which had been in his family for around 45 years.

He then got to looking around for other antique pieces and through his travels around New Mexico and Oklahoma has come up with a number of old irons of various weights and styles. Perhaps his oldest pieces are some old fluting irons. These were used in the days when people wore fluted (or pleated) ruffles on their clothing. He has an iron that was heated by burning charcoal in it. Others were

heated by placing hot sand inside a container in the iron, and still others were heated by simply sitting on the stove for several minutes.

Along with the irons on display in his cleaning establishment, Boatman also has an early hand-crank sewing machine with an 1876 patent date on it and a small spinning wheel.

He has other antique items in his home. He has remarked that once he got to looking around for the old irons he became interested in other types of antiques. His favorite antique is a rocking chair which folds up into a small compact "carrying" size.

"It is interesting to find out that folding portable items are

New Publication Tells Story Of Texas History

Texas primary and elementary students found a real surprise awaiting them when school bells rang this year -- a new weekly newspaper, "The Story of Texas."

"The Story of Texas" is the first school newspaper in the United States devoted to one state and its role in world affairs. Every other issue will feature the colorful history of Texas, with articles written in news-story form as if the event took place today. Alternate issues will tell "All About Texas Today": its science, culture, industry, agriculture -- its government and its great men in world affairs.

Historical issues will reprint original maps and documents from Texas libraries and museums. The headlines will be printed in antique types, such as those used by early Texas printers.

A "FUN-TIER" page will also feature characters common only to the Lone Star State: "Pecos Bill and Slewfoot Sue" tells about a little cowpoke who can never saddle his sassy burro, Slewfoot Sue. "Jack and Sleepy" tells the antics of a jackrabbit, a horned toad, and an armadillo.

"The Story of Texas" is published in Austin by Texas Educational Service. Specialists in primary and elementary education will review each issue. Except for holidays, it will be published throughout the school year.

not really so fairly recent an invention," Boatman remarks. Another discovery Boatman has made during his searches for antiques is that what used to be called "junkyards" have changed to "antique shoppes" and prices have gone up considerably with the name change.

FAMILY HEIRLOOM

O. F. Lange Owns 150-Year-Old Trunk

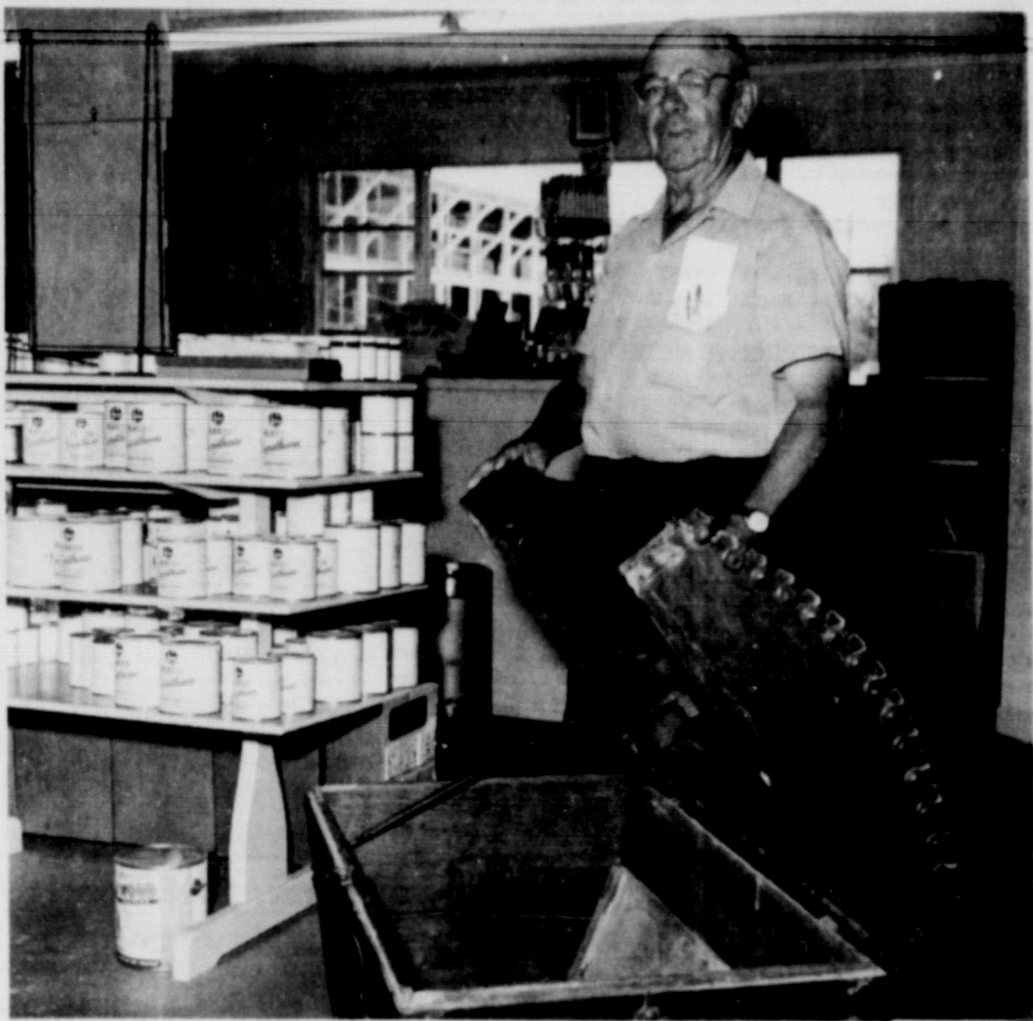

An antique trunk which is probably over 150 years old is on display at Rockwell Brothers Lumber and is owned by O. F. Lange. Lange's great grandfather brought the trunk to America in 1818 and it has been in the family ever since.

The trunk is handed down through the family to the youngest child of each generation. There is a stipulation that if ever there are no heirs to claim the trunk it is to go to the museum in Fredricksburg.

When the Lange ancestors came to America from the Belgium-Germany area, they came by sailboat to Port Powderhorn and settled in what is now San Pedro Park in San Antonio. Then they moved farther west to Lang's Mill which is now the community of Doss.

The trunk has the initials "S. B." which Lange understands to mean that the trunk was made in Spartan, Belgium. During its lifetime the trunk has traveled every way from sailboat, to ox wagon to freight car and it is still in very good condition for its age.

Mr. and Mrs. Mike Davis and son, Phillip, of Lubbock, were weekend guests in the homes of Mr. and Mrs. F. W. Barnett, Mr. and Mrs. Wesley Barnett and children and Mr. and Mrs. J. B. Douglas. Mrs. Davis is the former Judy Barnett.

ANTIQUE TRUNK . . . This old trunk on display at Rockwell Bros. Lumber Company came to America from Germany in 1818. It belongs to the O. F. Lange family and is handed down to the youngest child of each generation.

Red Barn Announces New Plant

Plans for a million-dollar fertilizer plant in Freeport, Texas, were announced today by Red Barn Chemicals, Inc., of Shreveport, La., which operates a local branch in Friona.

In making the announcement, J. C. Berry, president, estimated that the new plant would increase the company's sales approximately five million dollars per year.

The new plant, a modification of conventional granular mixing operations, will manufacture mixed fertilizers and fertilizer materials. It is expected to be in operation before the end of the year.

The 10-acre site near Freeport was obtained from Dow Chemical Company. The land is now being readied for construction. Negotiations for erection of the plant are expected to be complete by September 1.

Red Barn Chemicals, Inc., now a distributor of fertilizers and other farm chemicals in a five-state area, was founded by Berry in 1947 as a single retail outlet in Bossier City, La., under the name Louisiana Liquid Fertilizer Company.

The company now has liquid fertilizer manufacturing plants at Slaton, and Monroe, La., and a formulating plant at Gilham, La., which produces Red Barn branded insecticides, foliar nutrients and defoliants. Company officials said that the Freeport location was chosen because it was close to a major source of raw materials. The proximity to port facilities also played a part in the decision.

Construction and operation of the new Freeport plant will be under the direction of A. E. Gibson, Vice President, Production, formerly of Nacogdoches, Texas, now Red Barn fertilizer production chief.

Sales will be under the direction of John Baker, Vice President, Sales.

Eddie Spring Buys Shorthorn

Eddie Spring, Friona, has purchased a yearling bull, Prairie Vue Marshal P312485 and a yearling heifer, Prairie Vue Glenda P312486, from W. H. Flippin, Jr., Friona.

The new animals are registered Milking Shorthorns and the record of the transfer of ownership has been made by the American Milking Shorthorn Society at Springfield, Missouri.

Texas Tech's incoming freshman end, Larry Gilbert of Kilgore, is the third future Red Raider to have been voted outstanding lineman in a Texas High School Coaching School All-Star game. Previous choices were tackle Jerrel Price of Brownfield in the 1948 contest and end David Parks of Abilene in the 1960 classic.

HAS OVER 100

Cookbooks Head Fairchild Collection

Collecting and books have been hobbies of Mrs. E. L. Fairchild as long as she can remember, but it wasn't until during her high school days that she became seriously interested in collecting cookbooks.

At the present time her collection numbers well over 100 and there is no longer room in the "Cookbook Book Case," which occupies a corner of her kitchen for all of them.

She also collects other books and it has been necessary for her to store cookbooks with fiction, history and other books in various book cases in her home.

Her first cookbook was "All About Home Cooking," published by General Foods and was a gift from Marie Gardner, Friona High School home eco-

nomics teacher, in 1934. Another book Mrs. Fairchild prizes, though it isn't really a cookbook, is a home economics book which was given to her by Mrs. J. T. Gee, another home economics teacher.

The oldest volume in the collection was presented to her as a gift by her aunt, Mrs. D. F. Heffner, and was published in 1919. Mrs. Heffner sent the book from Kansas a number of years ago.

When asked about a "favorite," Mrs. Fairchild explained, "There are so many good ones that it is difficult for me to decide which ones I prefer."

"However, some of the most interesting ones are 'Good as Gold,' which was compiled by the First Methodist Church at Blair, Nebraska; 'Mai Kai,'

which came from Honolulu, Hawaii."

"River Road Recipes," from the Junior League at Baton Rouge, La., has some of the most unusual recipes I've ever used," she added.

"Then there are two more that are very fine. They are 'Since Eve Ate Apples,' a project of the Women's Service League, Terre Haute, Ind., and 'Treasure of Personal Recipes,' from the Church of God of Prophecy at Melrose, N. M."

When Mrs. Fairchild uses a recipe that she especially likes, she makes a copy of it and puts it in a file. Names of these recipes are hardly ever the ones in the book. Recipes in the most used file have titles such as "Eva's

Fruit Salad," "Ruby's Cole Slaw," or "Jo's Apple Cake."

Upon being asked about the method she used to collect cookbooks from various states, Mrs. Fairchild made the following explanation:

"I read all classifieds in every paper I ran across and every time a woman's organization of any kind had a cookbook advertised for sale I immediately sat down and ordered a copy."

While browsing through a copy of "Good As Gold," it soon became apparent that this book was much more than a recipe book. Some of the recipes in it were:

The Ideal Homemaker
"A La Mode"
I cup patience
Mix well with

A dash of humor
Add

1 tablespoon kindness
1 tablespoon respect for rights of others

1 tablespoon ambition to seek more knowledge
1 tablespoon community participation
1 tablespoon personal neatness
1 tablespoon efficient home management

1 tablespoon interesting hobby
Blend with
A steadfast faith in God and a child's laughter.

This mixture becomes more valuable when it is used daily and mellowed with experience. Do not refrigerate.
What's in A Name?
Leftovers hot, leftovers cold,
Sneak them in, wives, don't be too bold;
Camouflage beef with celery... grind,
Adding tomato if you've a mind,
Spices and herbs, potatoes and such,
Give them a flattering, parsley touch;
Fricasseed chicken, liver saute,
Curry of veal, or Duchess fillet
May have been anything some other day.
Dover, au gratin, emnice of pork,
Toughest of foods may be pierced with a fork,
Hash from the neckbones, yummy it's good,
Keep it a secret, your little game,
Clean up the cupboard, but give it a name!

and a sister Marion, who lives in California.

Julia attended school at Lakeview and Friona and was graduated from the local high school in 1937. She was married to E. L. (Hap) Fairchild in Amarillo, May 10, 1937.

The Fairchilds moved to the farm they now live on soon after their marriage and have lived there ever since. Both of their children, Marilyn and Larry, are graduates of Friona High School and have homes near their parents.

Marilyn and her husband, Rex Blackburn, have three children, David, Mike and Lynn, Larry and his wife, the former Paula Neel, have two children, Tammy and Jeff.

Mrs. Fairchild says, "Since my children and grandchildren live so near, I have to keep so busy with my hobbies that I don't have time to be a nosy mother-in-law or doting grandmother."

Hap is an ardent fisherman and enjoys horse racing, so when he isn't farming, he is likely to be gone from home. Julia often accompanies him on his trips and spend most of her time hunting books or reading.

"Now, don't get the impression that I'm a good cook just because I happen to have a lot of cookbooks," Mrs. Fairchild said as she concluded the interview.

A lot of relatives and friends who annually receive home baked fruit cakes at Christmas time would probably disagree with her statement. During maize harvest each year she and her daughter and daughter-in-law take turns cooking for harvest crews, so each one has a two day vacation from noon meal preparation.

During this time Julia always bakes fruit cakes for holiday giving. Who would believe her statement, "I am not particularly fond of cooking."

Mrs. Fairchild, who was Julia O'Brian before her marriage isn't a native Texan, but persons she comes in contact with in New Mexico, Arizona, California or any other state she is in would probably call her "The best chamber of commerce member in Texas."

She was born in Oklahoma, but moved to the Lakeview community with her parents, Mr. and Mrs. T. A. O'Brian Sr. in 1928. She has three brothers, Kenneth, Russel and Tom, who live in the same community,

and a sister Marion, who lives in California.

THE VERMONT VILLAGE COOK... Centered in this close up view of cookbooks in the collection of Mrs. E. L. Fairchild is one from the State of Vermont. It is surrounded by copies from other states. For winter meals Mrs. Fairchild can take down "Northern Nuggets" from Alaska and for balmy days she can select meals from recipes in Mai-Kai from Hawaii.

IT MUST BE HERE SOMEWHERE... Mrs. E. L. Fairchild, a resident of the Lakeview Community is shown here turning through pages of one of her cookbooks looking for an unusual salad recipe. She has so many recipes in her collection that it is impossible for her to remember exactly where to find each one, so she keeps a file in which she keeps her favorites. The book case in the picture is reserved for cookbooks only, but doesn't hold all the collection, so each room of the Fairchild home has a few cookbooks mixed in with other books on the shelves.

JURORS LISTED

Grand, Pettit Juries To Convene Monday

Parmer County grand jury convenes Monday at 9:30 a. m. at the courthouse in Farwell. Sixteen citizens have been asked to report for grand jury duty.

They are Fred M. Burch, Jim E. Ware, Harold Carpenter, O. J. Beene, Charles Russell, T. L. Gleason, Jack Patterson, Vernone Jamison, Dave Carlson, E. A. Parham, Ronald Minyen, Gilbert Kaltwasser, Marlon Fite, Paul Fortenberry, Dick Rocky and Fern Barnett.

A total of 72 have been summoned for petit jury duty. They will report at 1:30 Monday. Named to this list were:

John R. Hays, Wesley Barnes, G. D. Anderson Jr., Joe Blair, Ernest Anthony, Joe Lewellen, Harvey Blackstone, Lady Armstrong, H. R. Campbell, Bill Baxter, Otey Hinds, C. W. Bradshaw, J. B. Barrett, Preston Cargile, Keith Brock, Mrs. Bruce Parr.

Also Wayne Clark, Mrs. Thomas Beauchamp, John Christian, John Burrow, A. G.

Schlab, Jim Roy Daniel, Ronald Bergren, Mrs. L. L. Cooper, Kenyth Cass, Travis Stone, Mrs. E. E. Engelking.

Also Tom M. Bonds, Gerald Curtis, Doyle Cummings, Ellis Tatum, Hoyt Eubanks, Earl Dean Boyd, Mrs. C. G. Davis, Lester Dean, Roscoe Ivie, E. T. Ford, Mrs. E. B. Caldwell, J. T. Ford, Fred Dennis.

Also J. R. Euler, J. W. Cammon, Geo. Cervantez, Mrs. R. D. Gerles, Mrs. Henry Lewis, Leo Balles, Charley Glover, Mrs. Jimmie Charles, Mrs. Bob Hammonds, Arthur Drake, Floyd Brookfield, Frank Hinkson, Jack Clayton, Elmer Hargrove, Bill Ellis.

Also Mrs. Mack Batnum, Mrs. Finis Jennings, F. M. Crook, Mrs. D. Brown, Paul Hall, Mrs. Bob Burkett, James D. Mabry, Allen D. Cumpton, Tom Caldwell, Hollis Horton, Claude Blackburn, J. T. Mayfield, Mrs. John F. Dixon, Mrs. Max Crim, Newman Jarrell, Mrs. T. I. Bureson, Roy M. Miller.

READY FOR HARVEST . . . Sheryl Long admires a nice head of maize in her dad's field south of Friona. The golden-red heads of maize are foretelling a bountiful harvest of the number one cash crop for Parmer County in the near future.

TODAY

Field Day Features Farm Tour

The major attraction of the Eighth Annual Field Day of the High Plains Research Foundation will be the tour of the 310 acre farm this afternoon (September 10). Five stops are scheduled for the tour where members of the Foundation staff will explain the research underway. Between stops, guides will point out other research projects enroute. The guides will be professional agricultural personnel from the area. Included will be volunteers from the Agricultural Extension Service (County Agents), Soil Conservation Service personnel, vocational agricultural instructors, and FHA officials. The large trucks with seats will be dispatched from the south of the Cotton Gin and Farm Machinery Center by Ollie

Liner, Hale County Agent. Lee Dent, Manager of the Hale Center Chamber of Commerce, and Merwyn Igo, Halfway Grain Company and a Board Member, who have conducted this program for every Field Day.

Dr. Arthur Gohlke, Assistant Director and Senior Soil Scientist, will preside at the first stop. Here the guests will be given information on farm rotation systems and chemical weed control.

James Valliant, Water Engineer, assisted by James Stair, State Vice-President of Young Farmers and a Board Member, will describe the soil and water conservation research program at the recharge well at stop two on the tour. Bench leveling, irrigation methods, and the recharge research will also be

explained.

Lloyd Langford, Assistant Agronomist, will be the speaker at stop three where the interplanted system of farming, developed at the Foundation, will be observed and results presented.

Barry Love, Associate Agronomist, will show the visitors the new crops being developed by the Foundation at stop four. Included will be soybeans, sesame, and sunflowers.

Stop five will feature farming through flame. Here Jack Parks, Agricultural Engineer, will explain and show many phases of the flame cultivation program.

The field tours will unload at the farm equipment display, at the rear of the Farm Superintendent's home, which was a

gift of Mr. and Mrs. Frank Moore. Hosts for the display are members of the Board of Trustees. These hosts will direct the visitors to the equipment display in which they are most interested. Cold drinks will be served at the Gifford-Hill Western display and cold water by Dorman and Company to the guests who are usually thirsty after their one hour ride over the Foundation Farm. An audio-visual continuous program will be shown on flame cultivation with color slides in the Halfway Community Building. The Glenn A. Beard Popcorn Co. will have gifts of popcorn in this building. This display of the latest farm machinery has always been a popular part of the Field Day at Halfway.

An interesting feature of the late afternoon program will be the flag raising and flag burning ceremony conducted by Post No. 260, Plainview American Legion, assisted by other posts in the area. Grant Hanna, Hereford, Texas, Board Member and District 18 Commander of the American Legion, will be Chairman of this program with Wilford Stoerner, Commander of Post 260.

The annual barbecue at 5:00 p.m. is being given by the Hale County State Bank and the Plainview Co-Op Compress, Inc. and served by Smokey Hewitt assisted by the Lions Clubs of the area.

The barbershop music will be presented at the conclusion of the barbecue by some 25 to 30 members of the Plainview

and Hale County Barbershop organization, directed by Luther Mann.

The day's activities will close with a program in which Mr. Hinn, Chairman of the Board of Trustees, will be master of ceremonies and present the board of trustees. Frank Moore, President of the Foundation, will present the distinguished guests. Dr. Earl Collister will introduce the guest speaker, Mr. G. W. McCullough, Vice-President of Phillips Petroleum Co. The conclusion of the program will be the drawing for the combine cab given by the Ansel Manufacturing Co. and the \$10,000 rare gold coin by Smokey Hewitt. Mr. Homer Garrison, board member, will conduct the drawing from the registration cards.

Europe Is Prospect For U.S. Cattle Market

Some time ago, a special mission went to Europe to look into the possibilities for selling more beef there and to help lay the groundwork for promotional efforts. Mr. Jay Taylor, a cattleman and the mission's chairman, found the prospects good -- in his words, "As Europeans face increased demand with a shortening supply from their traditional suppliers, we are convinced that significant commercial trade in beef and possibly live cattle will develop."

Department of Agriculture and the American Meat Institute, which is the national representative of the packers. But the interest of the government does not mean that the taxpayers will be called upon to meet any costs. To quote Mr. Taylor again, "The effort made to sell American beef in Europe may prove to be one of the most significant moves made by any industry to help itself through government-industry cooperation. This is in the tradition of the beef and livestock industry."

Back of this drive are the

LEAGUE BOWLING IS ABOUT TO START

AT FRIONA LANES

**If You Are Interested In Bowling---
Sponsoring At Team--- Or Both---
Get Your Application In Today At
Friona Lanes Or Contact A League
Secretary**

LADIES LEAGUE . . .

Monday Nights at 6:30 P.M, 5-women team

Organizational meeting set for Monday, Sept. 14th at Friona Lanes at 7 p.m.

Tuesday Afternoon Ladies League will be started at a later date, watch for time of meeting if you can bowl in the afternoon and at no other time.

Thursday Morning -- Nine O'Clock Scholars. This league has already been organized and still has openings. It will start on Oct. 1st, 5-women teams, openings for individuals and teams. Contact Gwen Greeson, Betty Rector or call the Lanes.

Wednesday Night -- After Church. This will be a trio ladies league with one old bowler and two new bowlers to each team. Several teams already formed. Meeting will be held Wednesday, September 16th at 9 p.m. This will be a real fun league for beginners. Call the lanes to sign up.

MEN'S LEAGUES . . .

Monday night at 9 p.m. This league is not yet set up. Organizational Meeting will be held September 14th. It will be worked out to fit the bowlers and the time. Three, four or five men to a team.

Thursday night -- This league, The Industrial is formed, officers have been elected and league will start Thursday, September 17th. Openings for teams and individuals still are available. Call the Lanes. Burr Blake, Woodrow Welty, or Leonard Coffey. Will begin bowling at 8:30 p.m. and will later shift to earlier time if bowlers ask for it.

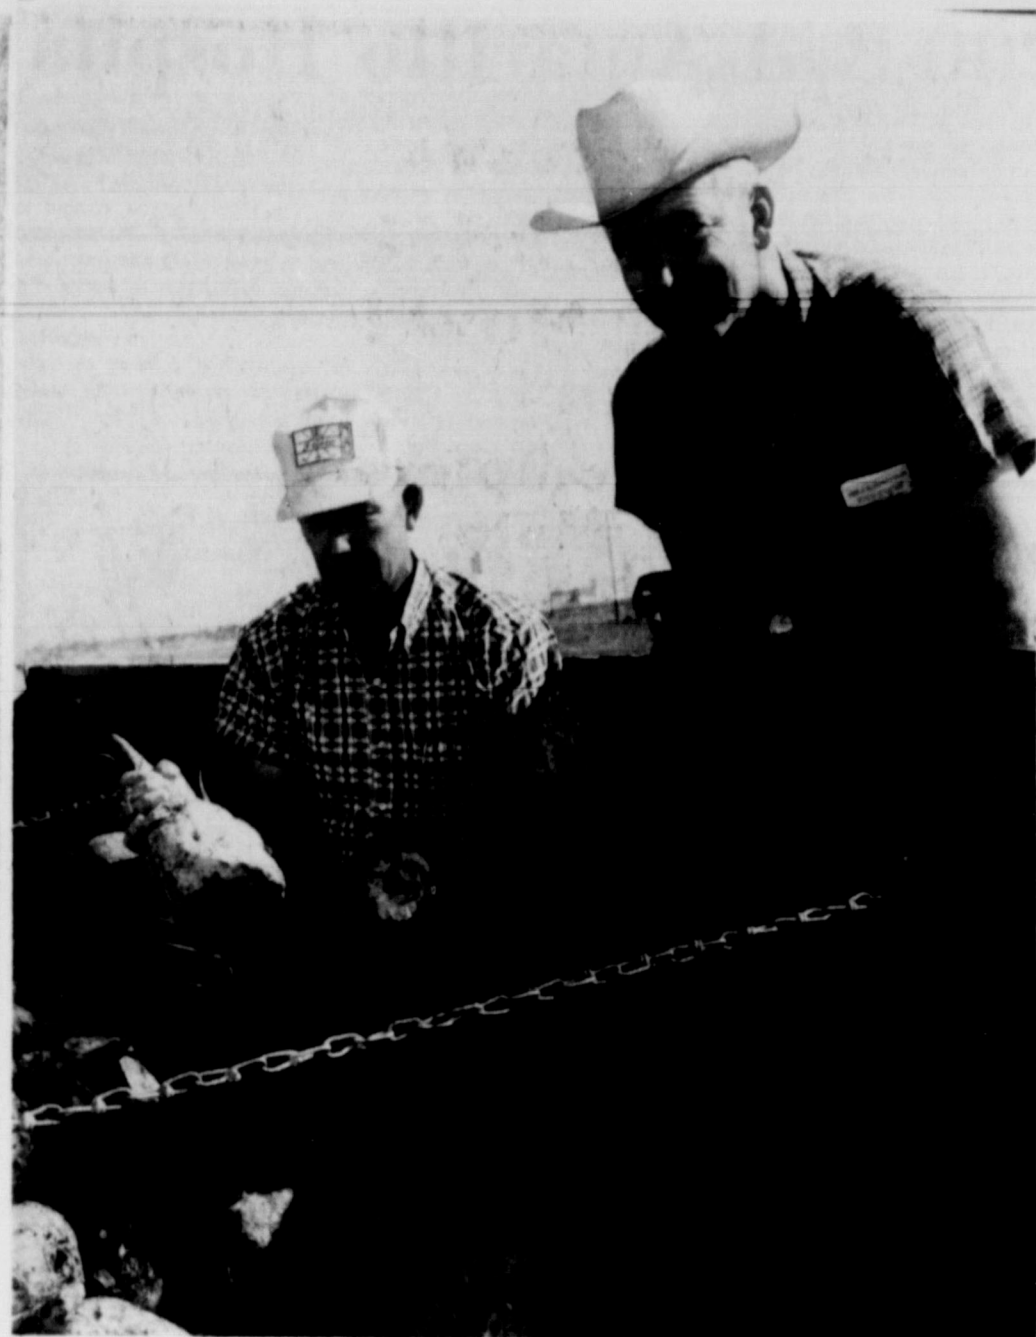

COUPLES LEAGUES . . .

Tuesday Night . . . Skirts and Trousers. Organizational Meeting set for Tuesday, Sept. 15th. Will bowl at same time as last year (8:00 p.m.) unless league otherwise votes. Openings still available. Call the Lanes.

Friday Night Couples . . . A new league for bowlers who will not be attending high school athletic events. If interested Call the Lanes. This league will be set up within next few weeks.

Also, Sunday afternoon travel leagues (bowl once each month) will be set up for men, women and couples if interest is shown. We need 10 men for two teams in a men's league, 10 women for two teams in a ladies league, four couples for two teams in a couples league.

Junior leagues will be set up through the schools for junior high girls, junior high boys, high school girls and high school boys. Times of organization will be announced through the school within a few weeks after school has been underway long enough to get all school schedules set.

HARVEST TIME . . . J. B. Taylor, left, admires a couple of beets which were harvested on his farm last week at a demonstration sponsored by Parmer County Implement Company. At the right is Newman Jarrell, Jr.

Fort Rucker Accident Injures Mike McKee

PFC James Michael McKee, son of Mr. and Mrs. R. B. McKee and a 1963 graduate of Friona High School, was injured while servicing a plane at Fort Rucker, Alabama, Thursday, August 20.

Following the accident McKee was transferred to Martin Army Hospital at Fort Benning, Ga. His parents returned from Fort Benning Monday evening after spending a week there.

McKee's left leg was injured and reports from the hospital indicate that he will be hospitalized from twelve to

eighteen months. Mail addressed to PFT James McKee, RA18650327, Ward A-6 Martin Army Hospital, Fort Benning, Ga., will be delivered to him.

He is a shield unto them that take refuge in him.— (Prov. 30:5).

Wherever you are, wherever you go you can dwell in the security of Christ's presence. He is your instant, constant help. He is your assurance of protection.

BOLL WEEVIL PROGRAM
 The Boll Weevil diapause control program will soon get underway in infested cotton fields above and below the cap rock.

A county wide meeting has been set for Thursday, September 17, at 8:00 p.m. in the Bovina School Auditorium to explain this program to cotton

farmers in Parmer County. The success of this control program holds the key to the future of cotton here in Parmer County as well as all over the Plains area.

The best experts available believe the program will work to eliminate the boll weevil threat to this area in a few short years. Otherwise, cotton producers will likely be faced with insect control programs costing up to \$36.00 per acre plus loss in production, quality and lowered land values, when the weevil infests an area.

Everyone interested and concerned with the future of cotton in this area should plan to attend this meeting. The boll weevil program will be explained in detail and a film will also be shown. Make plans to be in Bovina, Thursday night, September 17.

GASOLINE TAX REFUND
 The deadline for filing for the federal tax refund on gasoline used on a farm or ranch for farming purposes is September 30, 1964. The gasoline to be included would have been used after June 30, 1963 and before July 1, 1964.

We now have a supply of the forms available in the county agents office. Different rules apply to diesel fuel and special motor fuel and you should check with your District Director of Internal Revenue.

SORGHUM MIDGE
 Producers with blooming grain sorghum should watch the fields closely for midge. Some midge infestations have been found in the Lazbuddie and Oklahoma Lane areas the past 10 days.

FIELD DAY
 The South Plains Research and Extension Center, 7 1/2 miles north of Lubbock on U. S. 87, will hold its Annual Field Day on Tuesday, September 15.

Tours will start at 1:00 p.m. and will continue throughout the afternoon. This is a "must" on the program of anyone interested in agriculture. You will see broadcast cotton, grain sorghum variety trials, weed control, cotton diseases, sub-irrigation and other up-to-the-minute research projects.

TAKE A BREAK
 "Turn it off and take a break" -- don't let an accident cause someone to get hurt.

This is sound advice for anyone operating farm machinery during this busy harvest season I believe.

Everybody gets in a hurry this time of the year, but it's a good idea to take a break at midmorning and midafternoon. Experience has shown that these are the times when most farm machinery accidents occur.

This is true mainly because

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

4-H -- One would never know there was a drought in Parmer County when driving through the county and seeing the wonderful crops. Maize days are really here - and so are hay-fest days. With the Lazbuddie Fair, Maize Days in Friona and the organization of 4-H clubs, school and other activities, September is a really busy month.

While visiting Charlotte Davis, Lazbuddie 4-H member the other day, she showed me some canning she had done and plans to put in Fair Exhibit. Her green beans were wonderful and it is going to really take something to beat that entry. We worked on records and talked about and planned her next project, Home Improvement.

While visiting with Judy Koelzer she showed me a wardrobe full of clothes she has made. With all that experience there is no wonder that she has taken county honors in 4-H dress revue these past two years. Judy has also taken home improvement - made her own bedroom curtains and her next big project is to refinish her bedroom furniture.

Mrs. Webb Gober of the Oklahoma Lane community, has been Home Improvement leader for several girls in the Farwell Country Club and I hear of nice things they have done and hope to make a tour soon to see results of project work. Mrs. Gober demonstrated some very good ideas for bedroom im-

First Milo Cut For Lazbuddie

First load of maize to be delivered at Sherley-Anderson's Lazbuddie elevator was marketed September 1 by Junior Davis and Terry Creitz, who farms five miles east of Lazbuddie.

The maize was Texas 66 variety, and had a good test weight and moisture reading was good, stated Joe Moore, elevator manager.

provement and I'm sure I'll find some good results of her work.

A 4-H membership drive is on this month and already 9 year old girls are asking about 4-H and are ready to start. Mrs. Hershel Harding of Farwell has said she will be a leader, so that's a good start. We hope to have other parents ready and willing to be leaders when project work starts in October.

If any parent is interested in being a leader, call our office 481-3619 and leave your name and I'll contact you when leader training meetings start.

County Agent--

(Continued from page 3)

machine operators often become drowsy and tired at these times of the day and accidents have a way of happening when operators aren't alert. A short rest period is suggested for a cup of coffee, glass of milk or drink of water to replenish energy and restore alertness. Safer work can then be done.

Even if you can't stop work, take an occasional stretch or do something different for a few minutes to break the monotony. Always be sure you are wide awake while operating any type of arm machinery.

Habits play an important part in safe machinery operation. So learn how to properly handle the machines you operate? Practice what you have learned until habit will cause you to automatically react properly in dangerous situations. The habit "Tun it off and take a break" will help keep you awake, alert and out of dangerous situations.

"No mechanical device builds up momentum as fast as the human tongue."

Drive Underway To Build 200-Bed Amarillo Hospital

The increasingly serious bed shortage in the Amarillo hospitals, and the resulting possible effect on our own residents is becoming a matter of acute concern to civic leaders, medical men and patients here in Friona. As is well known, over 10,000 of the 30,000 patients admitted in 1963 to the Amarillo hospitals came from Golden Spread communities outside the city. Of these, Friona contributed 96

cases.

Therefore the drive to add 200 general medical and surgical beds to the Amarillo facilities by building the new High Plains Hospital becomes as important to Friona people as it is to the citizens of Amarillo, hospital officials believe. Last year, for instance, the 96 patients from here spent an average stay of 7.8 patient days in these institutions. This is equivalent to

occupying 2.3 beds the year round. Since a fully equipped hospital costs around \$25,000 per bed, our city had the benefit of about \$57,000 worth of hospital facilities last year.

The hospital bed shortage at Amarillo and the need for the new High Plains institution take on added significance, too when it is realized what a special position the Amarillo hospitals occupy in our Friona health

picture. As one leader puts it: "The Amarillo hospitals do not supplant our own home-town hospital and they are not there just to provide an overflow for our local institution."

"They are very largely referral hospitals which back up our own facilities. In many, perhaps most cases, people go from here to Amarillo because they are referred there by their doctors here in town. These

doctors want to give their patients the benefit of Amarillo's greater resources in the medical specialties, and in the equipment and facilities which only these larger hospitals can afford."

With the growth of our own population, that of Amarillo and that of the Golden Spread in general, the need for quick action to relieve the present load on hospital capacity is

obvious. In addition, the opening of High Plains Hospital, and the great Medical Center that is taking shape around it will mean an influx of even more specialized talent and more advanced facilities to serve the Golden Spread.

Actually, the development of the Medical Center is currently progressing right along with the drive for High Plains (Continued on page 5)

OLIVER WANTS YOU TO ASSIST THEM In Selecting the best qualified man for the Oliver Dealership

Oliver -- one of the oldest and best known names in farm implements today -- is going to establish a dealer to sell and service the Oliver line in this area.

Oliver dealers are growing in numbers and in sales volume. There are a number of reasons why. Primary among them is the multitude of services Oliver offers dealers to help them give maximum service to farmers in their communities at a profit in proportion to their investment and quality of service.

This franchise is available in this community for a man with ability, character, vision and some capital. It constitutes one of the most outstanding business growth opportunities today -- a business dedicated to service to the man on whom the Nation depends for food and fiber -- the American Farmer.

MEETS MONDAY City Budget Approval On Council's Docket

Final approval to a record \$278,869 annual budget for the City of Friona will be the main item of business facing the Friona City Council at its monthly meeting Monday at 8 p.m. at the City Hall.

The council will pass an ordinance levelling taxes for the fiscal year 1964-65; and will pass another exempting certain properties from taxation.

The city's board of equalization met August 5 in connection with the taxation program.

The city manager has recommended no change in the tax rate for the coming year. It is to remain \$1.30 per \$100 evaluation.

In other business, the council will be asked to approve expenses of \$1,087.83 for labor and the expenses of pulling, checking and replacing city water well number 5. The council also will act on a bill from Sain Fence Company, Clovis, for the fence around well number 6.

AMMO NOTES

By Bill Bennett, Agronomist

Nitrogen Use

Texas ranks high on a nationwide basis in the use of nitrogen and anhydrous ammonia. Texas leads the nation in total nitrogen used. The next nine states in the order of quantity of nitrogen used are California, Iowa, Illinois, Nebraska, Indiana, Georgia, Missouri, Kansas and North Carolina.

Texas also leads the nation in tonnage of anhydrous ammonia. The states following Texas include Nebraska, California, Iowa, Illinois, Missouri, Indiana, Mississippi, Washington and Louisiana.

Three of the top ten states in total nitrogen use were not in the top ten or use of ammonia. These were Georgia, North Carolina and Kansas.

States are in the North Central and South Central regions of the United States. Texas farmers used almost 20% of the total tonnage of ammonia.

Of the total nitrogen used in the nation, 25% comes from anhydrous ammonia. The nitrogen in mixed fertilizer furnishes about 32% of the actual nitrogen used. Another 13% was applied as ammonium nitrate and 12% as nitrogen solutions. The balance of the nitrogen comes from various sources such as ammonium sulphate, urea and sodium nitrate.

Mrs. Sarah Curry Buried In Kansas

Funeral services for Mrs. Sarah Bauhoff Curry were conducted from Hilyard Funeral Home at Douglass, Kansas, Tuesday.

Mrs. Curry was born Dec. 30, 1881 in Butler County, Kansas and died Sept. 4, 1964 in Michigan.

She was the mother of Mrs. Frank Griffith and Mrs. J. B. Buske, both of Friona. Other survivors include two sons, Harold Curry, Happy Camp, Calif. and George Curry, Warsaw, Ind.; one brother, Robert Bauhoff, Douglass, Kans. and five grandchildren.

Mr. and Mrs. Frank Griffith, Mr. and Mrs. J. B. Buske and Darrell attended the services.

Hospital Drive--

(Continued from page 4)

Hospital. The High Plains Institution and the Medical Center are both primary projects of the Amarillo Area Foundation, a community trust which is empowered to receive and disburse gifts -- both living and testamentary -- from Golden Spread residents and others who are interested in forwarding the health and well-being of all the people in the area.

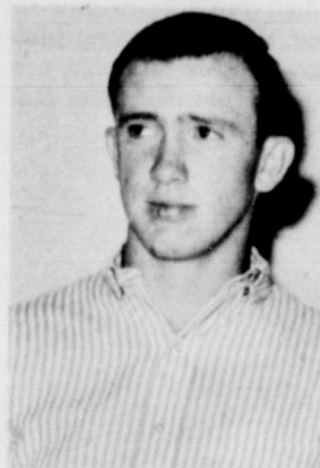

The Foundation is, among other things, trustee of the 350-acre tract on which High Plains hospital will be built. This land is to be granted exclusively to the building of hospitals, schools, and research facilities to be devoted to health; so, on this land two other institutions have already been allotted space. One, the \$1,800,000 hospital for the treatment of mental and nervous disorders, financed by the Amarillo Hospital District, will be commenced in January, 1965. It will have 100 "specialized" beds.

Commencement of High Plains Hospital is scheduled for the Autumn of 1965. The major reason for the later starting date is the need to raise funds for the building. Unlike the other two institutions, the High Plains Hospital must be financed entirely by public subscription. On completion, and under certain stipulated conditions, it will be operated by the Baptists of Texas. This precludes the use of any kind of governmental funds for its building or equipment. While to date approximately \$3,000,000 of the needed \$5,000,000 building fund has been subscribed, \$2,000,000 more remains to be raised. As a result of the need and the keen local interest in the new hospital, plans are now going forward to help raise funds in Friona to contribute to the drive. Progress in this direction, and some other important facts about the new Medical Center will be reported in later issues.

STAR FOOTBALL CONTEST Seven Contestants Pick 10 Games In First Week

RANDY MABRY

JOE MABRY

Seven people correctly picked all 10 games in the first week of the Friona Star's football contest. A total of 120 people entered the contest, a 40 per cent increase over the number of contestants who entered the first week a year ago.

Randy Mabry, who had a lot of competition from among his own family, was the winner, on the basis of the tie-breaker score. Randy missed the Friona-Farwell score by just six points, guessing 28-7. Actual score was 34-7.

Randy's older brother, Joe, came in second in the contest. Joe also had 10 games right, but guessed the tie-breaker at 35-0. Glen Mings took third place by coming up with a 30-12 forecast on the tie-breaker, which was four points off on the Friona side and five on the Farwell side, a total of nine points.

Others who got 10 games right but finished down the line on the basis of the tie-breaker were Darrell Read, Mrs. W. R. Mabry, Ethel Mings and Raymond Milner. A total of 20 entrants correctly picked nine

games, and 28 more correctly tabbed eight. "Those who haven't entered, or who didn't do too well the first week should not feel

badly," said Pete Mace, contest director. "There are still 10 weeks to go in the contest, and everyone still has a shot at the Cotton Bowl tickets. Also, we still have \$100 in weekly prizes to give away," Mace added.

The 120 entries compared to 85 for the first week's contest a year ago. Even more are expected this week, as more people usually enter the second week.

Cattle Market--

PRESENTING The New **McCormick INTERNATIONAL 24** Beet Harvesters

Ton-a-minute pulling . . . long-lasting quality

• Extra big seven-roll kicker wheel cleaning bed . . . 14-square-foot for No. 24. Every roll a cleaning roll.

• Exclusive adjustable-angle, 30-inch puller wheels, spacing also adjustable to match your beets . . . your soil conditions.

• Steer the puller unit hydraulically, independent of wheels and frame, to save beets others miss.

• Every beet rides the full length of the big, aggressive cleaning bed, that breaks up clods, rids beets of dirt.

• Cleaning action continues during the full 35-foot long trip beets make, from puller wheel to wagon or truck.

• Big, 144-cubic-foot tank holds up to 7,500 lbs. of beets . . . saves unloading stops.

• Tandem wheels excel for good flotation, minimum draft, and smooth ride.

• Extra-strength construction gives the 24 harvester more seasons of top performance.

• Operating convenience saves you time and effort.

ON THE FARM DEMONSTRATION OF THE 24 MODEL BEET HARVESTER TUESDAY SEPTEMBER 15 ON J.B. TAYLOR'S FARM

2 Miles South Of Friona
On Hiway 204
9-12 a.m. Morning
1-5 p.m. Afternoon

NEW McCORMICK FARMALL

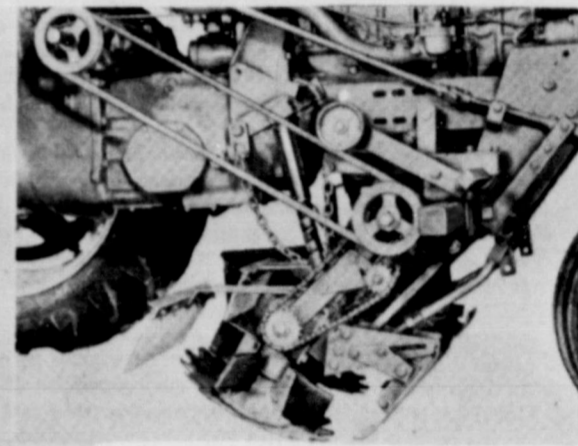

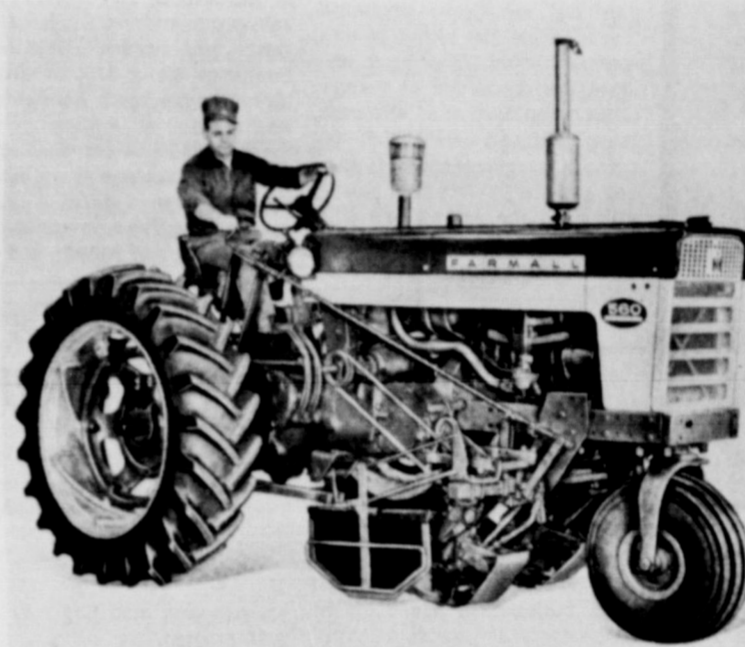

110 HORSE POWER*

For High Speed Farming

The first time in the field with one of these great new two-row harvesters, you'll be amazed by its capacity and cleaning ability. You'll save beets that you missed before, thanks to the hydraulically-steered puller unit with big, adjustable-angle puller wheels. But only after thousands of tons of beets have passed through the big 144-cubic-foot tank, will you fully appreciate the built-in quality that means efficient, non-stop harvesting, season after season. Then you'll know how much you profit from the rugged channel-steel frame, the extra-strong puller wheels, the husky, precision-built gear boxes, the extra-big bearings, and brawny drives. You'll be glad that you bought an International Beet Harvester.

Control height of finder shoe above topping disk, on-the-go. V-belt takes power from side pto. Exclusive variable-ratio finder can be set to take more top from large beets—less from small beets. It's an easy, one-pin adjustment. Also adjustable for your conditions: Finder shoe angle, finder shoe pressure, disk cutting angle.

New 21 and 22 Toppers do precision work!

Now, top and harvest, once-over. Team a 21 Topper with the 23 Harvester, or a 22 Topper with the 24 Harvester.

You'll get up to 2 to 3 extra tons of beets from each acre, thanks to the precise and fully adjustable topping action. Here's why.

Exclusive variable-ratio finder can be set to remove more of the dry, fibrous tops from large beets, while taking a minimum cut from tops of sugar-rich smaller beets. You have a choice of three ratios: 1 to 1, 1 to 1.2, and 1 to 1.4. With the 1 to 1 ratio, when you set the finder to take 2 inches from a beet protruding 4 inches, you will also take 2 inches from a small beet, protruding, say, 2 inches. But with the 1 to 1.4 ratio, you will take 2 inches from the large beet, and less than 1 1/2 inches from the small beet.

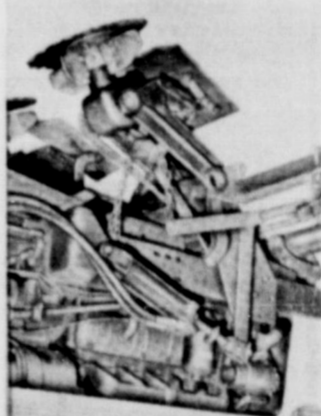

Finder shoe operating angle and fore-and-aft spacing between finder shoe and topper disk are also adjustable.

Cutting height is easily adjusted by a hand lever from the tractor seat. The hand lever regulates the distance between finder and disk.

Cutting angle of topping disks is adjustable, to meet your conditions.

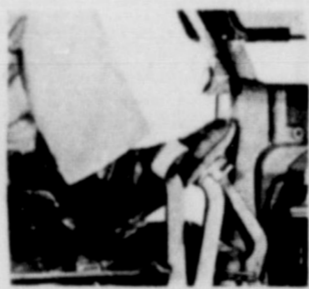

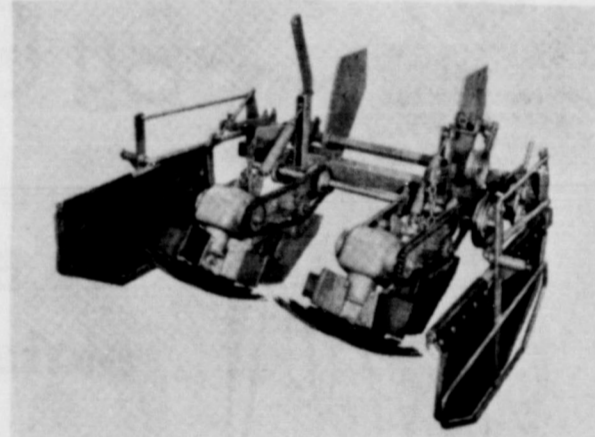

Hard-surfaced topping disks rotate in opposite directions, to slice beet tops with precision. Rubber paddles toss tops into husky curtains for neat wind-rowing action. You can double life of disk blades by interchanging from right to left, when notches show excessive wear on one side.

Raise or lower the topper hydraulically. There's an optional lift for "Fast-Hitch" tractors. Counter-balance springs are standard . . . adjust to give finder shoes a floating action that will not knock over beets in loose soils. Shock absorbers (also available) prevent bouncing during high speed operation.

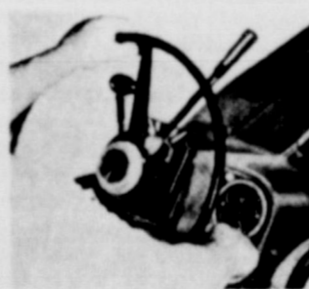

No. 22 Topper, assembled on tool bar. Notice the rugged, clean design and husky gear boxes.

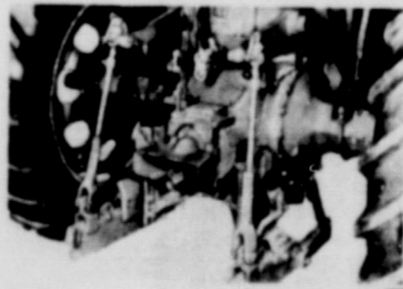

Hydraulic lift raises and lowers topper. Attaching parts are available for Fast-Hitch tractors.

Hydraulic Power Brakes. It's amazing how easy it is to apply 100 brakes on the big tractor. Self-adjusting, self-equilibrating for high-way travel. Work when engine is shut off.

Hydrostatic Power Steering. Fingersize ease plus safe, sure control. Road shock is reduced to the minimum because there is no mechanical linkage between steering wheel and front wheels.

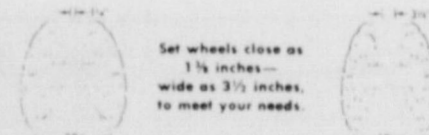

Big Any Way You Look at It: One look at the massive rear end and the 808 tells the story of the tremendous strength and reliability 24 has engineered into its big tractor line for research.

RUGGED STRENGTH

EXCLUSIVE! Adjustable angle puller wheels

- save beets of every size
- work well in every soil

Extra-heavy, 30-inch puller wheels adjust to beet size and soil conditions. Give them more or less angle as soil conditions require. You'll get beets cleaner, whether soil is light and fluffy or dry and hard. Space wheels close for small beets . . . set them wide for big beets. Rim-type puller wheels shed dirt, pull beets clean, without breaking tails.

Flex-blade paddle wheels scrub and toss beets on cleaning bed

High-speed paddle wheels knock beets from between puller wheel rims and onto the cleaning bed, with a vigorous scrubbing action to start the cleaning process. Twenty-four beefy rubber-and-fiber flaps per wheel assure aggressive action and long life.
