## WOODWORK

BY DALTON

THERE ARE more Johns in our family tree than someone way out on the last limb can keep up with. Sometimes, I have a brother John who is flier (somebody up there likes me), a cousin John in California, two Uncle Johns, and we even have a couple of Johns in our own house.

At my family gathering where someone mentions John, there's always confusion about which one they mean. My own suggestion that we call them First John, Second John, etc., got a cool reception.

Anyway, we were visited this week by one of our Uncle Johns, John C. Carter of Phoenix, Ariz., and, kinfolks or not, I can say that here is an interesting person.

Carter for years worked in copper and gold mines when he was a young man, and as a child lived in the California gold country.

"I remember we kids used to swipe pit pans from our mothers and go down to the streams and pan gold which washed down from the mountains. In those days we could take in whatever we panned and get paid \$17 an ounce—of course, we never got anywhere near an ounce, but we would get enough to pay for our slingshots and marbles."

About 100 miles north of Phoenix is a "ghost town," the former thriving mining town of Jerome, where Carter worked for five years for copper mines, and where he and his wife spent their honeymoon.

"This town was built on the side of a mountain, and you had to go to the end of one street and climb up to the next one," Mrs. Carter recalled. "We lived there two years and I never did figure out how they ever built it."

All in all, Carter worked in mines about 25 years. He recalls that Jerome was known as

JOHN C. CARTER  
... Early Day Miner...

the "Billion-Dollar Mining Camp," and in the early 20s had a bi-weekly payroll of a quarter of a million dollars.

Major mining activity ceased at Jerome around 1929, but some mining activities continued up to about eight years ago, Carter said. Jerome now is a favorite stopping place for tourists, and has among its attractions a mining museum which includes many artifacts from the days when Carter worked there and from earlier days.

Carter also recalls one time around 1908 when he was a teenager that he and a friend worked over a pile of discarded material which still had some gold in it. They worked about two weeks

## Dodgers Hand Cubs Setback

The Sudan Dodgers edged the Amherst Cubs 3-2 Monday night, handing the Cubs their second loss this season and moving the Dodgers up into second place behind the Cubs, as the Dodgers ran their winning streak to four games.

The close ballgame at Amherst was a real pitcher's duel, with Stevie Martin the winner over the Cubs' ace, Royce McAdams. McAdams struck out 10 batters and Martin eight. Saving the game for the Dodgers were two double-plays, one involving Martin and Roy Graves, and one between Shawn Potter and Billy Ford.

Last Thursday night, the Dodgers downed the Angels 8-4 as James Sloan pitched for the Angels, who put up a stiff fight. Steve Smith and Mickey Gilbert pitched for the Dodgers. Also Thursday, McAdams hurled a one-hitter as the Cubs downed the Cardinals 6-1, with Green Underwood pitching for the Cards.

On Friday night, the Cubs beat the Braves 12-6 behind the pitching of Rodney Maxfield. Gary Robinson hit a bases-loaded home run and Mike Coffey also homered.

Billy Ford pitched a one-hitter for the Dodgers as they walloped the Cardinals 19-4 Friday night. Home runs were hit by Martin

and melted their proceeds into a small gold brick which brought them some \$400 at the price of about \$20 an ounce.

That netted the two about \$100 a week in a period when the highest paid mine workers were getting about \$25 a week. That would be the present-day equivalent of making roughly \$600 a week.

"Mining is a fascinating thing," Carter remarked, "because, like the fellow says, you are getting hold of some money that hasn't been spent yet."

That is quite a switch, since most of us are busy spending money we don't have yet.

and Damon Provence. Gilbert had two doubles and a triple, and Harvey Willeby hit a double off the fence which lacked only inches of clearing for a home run.

Dusty Rudd and Monte Roberts pitched for the Cards.

The Angels stayed in the cellar with a 17-8 loss to the Braves Monday night, although the Angels led 6-2 for three innings. Freddy Perez pitched for the Angels.

Sudan teams took the lead in the first games of Pee Wee League action, with the Sudan Reds on top after winning two games. The Sudan Blues, with a 1-1 record, follow the Reds, and Amherst and Fieldton each has lost one game, with no wins.

Tuesday the Blues came from behind to down Fieldton 9-5, behind the pitching of Andy Perez. Fieldton took a 4-0 lead in the first inning on a bases-loaded home run by the pitcher, but Blue players Norman Chisholm and Ronald Parmer hit home runs. Kevin Wiseman of the Blues also hit what would have been a home run, but failed to touch third base, and was called out.

The Sudan Reds walloped Amherst 26-2 Monday as Jerry Dale Price pitched for the winners. For the Reds, Pete Garza and Kevin May each hit two home runs and solo homers were hit by Reagan Baker and Terry Wood.

Mark Nicholson's triple which drove in one of Amherst's runs in the first inning was the home team's best hit.

The Blues are scheduled to play Fieldton there today (Thursday), and will play at Amherst Monday. The Reds will make up an earlier game at Fieldton Monday and Fieldton is to play the

## Schools To Integrate This Fall

The Sudan school board voted unanimously Monday night to integrate grades seven through twelve, in compliance with recommendations of the accreditation committee of the state board of education.

The action was taken after three public meetings and lengthy consideration of any possible alternatives. Board members agreed there were no feasible alternatives which would allow the school to retain its accreditation, loss of which would mean that Sudan High School credits would not be accepted for college entry.

On the credit side of the picture, it was noted that integration of the top six grades would bring the school a savings of about \$9,000 in teacher salaries, an important item in consideration of other costly improvements the accreditation committee has said the schools must make.

The long-expected move to integrate came as a blow to colored teachers, with only one of the present group at Collins School rehired for next year. Mrs. Iona Joyce Norman, first and second grade teacher, was rehired Monday night.

The board indicated that the other two teachers will be needed for the six-grade system at the Negro school should be teachers with elementary education majors, qualifications not met by any of the others of the present group. Among those not rehired was Horace Collins, principal of the high school since 1955.

Two white teachers also were hired for next year, Mrs. Lucille Brown of Sudan for fifth grade, and Miss Jo An Henry of Plainview for Homemaking.

Salaries of teachers for next year were set at the same rate, state schedule plus \$350 bonus.

Contract to servicing typewriters was awarded to the Jones Co. of Plainview, and the group took into consideration a new

policy of paying bus drivers. However, no action was taken.

The board voted to buy 7 to 10" new band uniforms, but deferred action on requests for an additional \$2,000 worth of band instruments and equipment pending results of the school tax election coming up June 22. It was indicated that approval of the Senate Bill 116 plan would make purchase of new band equipment feasible.

Sudan's Pony League team won by default over the Halfway team Tuesday night, but lost last week to Earth 25-5. Sudan is to play Olton here tonight (Thursday) and Earth here next Tuesday.

SPECTACULAR ENTRY — Mr. and Mrs. John Withrow, who had lived in their new home in Sudan only three weeks, were unhurt when this car crashed through the wall of the house into a front bedroom about 9:30 p. m. last Friday. Damage to the home was estimated at \$2,900.

## Sudan Man Sentenced After Car Rams House

A 23-year-old Sudan man was fined \$1,000 and sentenced to one year in Lamb County jail after his car crashed through the brick wall of a new home in Sudan last Friday night.

Cecil Konkler, 23, pleaded guilty of driving while intoxicated, and was assessed the stiff penalty by County Judge J. B. Davis. He reportedly still has a few days left in which he may appeal the sentence.

The house was insured, and adjustors reported the cost of fixing up the damage would be about \$2,900.

Two recent burglaries of Tom Henderson's Grocery and another break-in at Crossroads Station near Amherst were cleared up by the arrest of five Sudan Negro youths, according to Deputy Sheriff Homer McLaury.

Burglary charges were filed against all except one of the boys who were out of jail on \$1,000 bond, pending action by the grand jury.

Withrow, who moved to Sudan from their farm home about three weeks ago. The accident happened about 9:30 p. m. and attracted a good crowd. The Withrows were in the living room of their home at the time and were not injured.

Konkler was also not injured. He was found in the alley behind the home a short time after the accident and was jailed.

## Absentee Ballots On School Vote Ready

Absentee ballots may be picked up at any time at the county clerk's office for those who will not be present for next Saturday's school district election on Senate Bill 116.

Deadline for voting absentee is 5 p. m. Tuesday, June 18. Voters in the district are to go to the polls Saturday, June 22, to decide whether they will give the school board authority to raise school taxes by as much as 25 cents per \$100 evaluation.

The financing plan was defeated in an earlier vote this year, 105 to 78.

## Pancake Supper Set Saturday

Sudan Explorer Scouts will have a pancake supper Saturday, June 15, from 5 until 9 p. m. at the Community Center. This will be the first activity for the newly formed organization.

The Sudan Rotary Club is the sponsor of this scout unit and urge all that can attend this "feed" to do so. One member of the Rotary Club stated: "they are trying to make their own way and we should get behind them and support them in their new undertaking." The proceeds will be used for unit projects and their summer camping program.

Tickets may be purchased from their advisor, Charles Logan, Robert Williamson, president, or any member, Thursday, Friday and Saturday. Tickets are \$1.00 for adults and 50¢ for children 12 and under.

## WINNERS OF RADIOS AT TV LAB LISTED

Winners of the three radios given away Saturday at Radio & TV Lab in Sudan were Barbara Young, Clock-radio, Pat Minyard, 5-tube radio and Ronnie Gatewood, transistor.

Scripture: St. Matthew 9:6; 10:32-33; II Peter 2:9.

Jesus Christ died for sinners, and yet as His followers, sometimes we are inclined to talk about Jesus and our religion only to other Christians, when it is a natural thing to do, and forget then to tell the sinner that Somebody loved them enough to give His only begotten Son to die that they could have eternal life.

When any of us wonder if God really cares about all our problems, when He is so great, so Almighty, so wonderfully powerful, then we need to remember that He said in His Word that He not only cares about all of us so much that even the very hairs of our heads are numbered, but He even notes the sparrow's fall, then we can, as His children, be happily reassured that He cares

about "even me" and hears His children's prayers.

There was a man who walked by the seaside, who watched the fishermen at their work, and bade them follow Him. This man, called Jesus, was baptized by John the Baptist, who said of Jesus, "Behold the Lamb of God, that taketh away the sins of the world."

This Jesus went to die on a Cross, but He arose on the third day from the dead. He said that All Power was His (do you hear Him?), and that He had power on earth to forgive sins.

Are your sins forgiven? Are you ready now to meet Jesus, if the call came for you this instant? There is nothing as important as being "ready" for we as human creatures, can only be sure of today, this moment of physical life. And once we are called into Eternity by physical death, our opportunity to choose Jesus as our savior, as our offering for sin, is gone, for we cannot witness to all here for Jesus without a physical body that others can see and hear.

Jesus said, "You confess me on earth before men and then I will confess you as mine before the Father." You may read His exact words in the given scripture.

We hear of a neighbor's death, of a friend's death, we are shock-

ed and grieved at the sudden death of a loved one. I wonder sometimes, why we are so surprised and shocked at physical death, when we all know that physical death is a door through which all creatures must pass.

But man is more than a creature of this earth, for man has a soul that was given Him by Almighty God, and because God is eternal, that soul and spirit is eternal. Once man sinned, he was separated from God, but God so loved us (we who were created in His own image), that He made a way for us to come back into Paradise again, where no sin can come.

Listen, sinner, (and who is without sin, except Jesus?) Jesus came to pay for your sins, to pay your debt of sin, which is death, as the price had been set. Hear me, if you still have ears and eyes, Jesus is the only One who can forgive you and save you. He has all power, and is the only One who can, and wants to, take you away from the devil's hold over you, if you will let Him. Jesus cannot help you for you have a free choice like Him, and He chose to die for you and me, unless you know you need help and ask Him into your life.

Jesus stands outside your heart's door, and knocks, waiting... waiting for you to open that door

which only has a key on the inside. When you say "Jesus, I need to be forgiven for my sin; I need help. My sins are too much for me to overcome in my strength, so I need your help, your power." He will hear you, you have opened the door and, since Jesus does have All Power (think of that!) He has promised us all that we need, for He never lets any of His children be tempted that He does not make a way of escape for them. (I Corinthians 10:13.)

Take Jesus, forsaking all sin, and He can and will save you. There is no other way, no other hope for man. Is your pet sins, your education, your clubs, your jobs—is anything important when put into comparison with our eternal soul?

Your time, and mine, to make our choice is now! Do not wait—Be Ready.

Fruit-Fresh Ends Breakfast Rush

Is breakfast a problem in your house? Here is an answer to it all. Serve ready-to-eat cereal topped with fresh fruit. This does not mean that mother has to rush around at the last minute cutting up several different kinds of fruit. By using Fruit-Fresh she can cut up the fruit the night before and have it ready so that each member of the family can have the fruit of his choice.

Sliced peaches, pears, bananas or strawberries all go with any of the cold cereals. For each 2 cups of the sliced fruit use 1 teaspoon Fruit-Fresh, dissolved in about 2 tablespoons water. Slice the fruit into the solution and toss to coat each piece. Cover and store in the refrigerator overnight. The next morning when preparing breakfast turn into serving dishes and let each member of the family choose his favorite.

The cereal topped with the fruit and served with cream and sugar, muffins or rolls to go with it and coffee and extra milk for the children to drink will make an interesting breakfast, and a good start for any day.

**Household Hints** by Jean March Worden, Director, Fine Cleaner Information Center.

Do you use disinfectants in your home? Eighty-one percent of the women interviewed in a recent Gallup survey do. Big uses in bathroom cleaning but more than half the respondents use disinfectants in general cleaning. Here's how to lower the germ count all around your house.

**BABY'S ROOM**—keep high chair, bathinette, and crib clean and reasonably germ free by sponging furnishings daily with a pine oil cleaner-disinfectant solution mixed with water as the manufacturer recommends. Rinse small-fry furniture with lots of clear warm water after using any disinfectant.

**BATHROOM**—Eight out of 10 women use disinfectants here. Clean, disinfect and deodorize all porcelain and tile—sinks, bowls, and tubs—shower curtains and bathmats by using a pine oil product.

**COMMUNICATION LINES**—keep communication lines free of germs. Sponge phone and mouthpiece occasionally with a pine oil disinfectant solution especially in the sneezy season.

**HOUSEKEEPING TOOLS**—mops, cellulose sponges, dust-cloths, and your favorite clean-up gadgets do a better job if they are clean and disinfected. After each use soak your "tools" in a solution of pine oil cleaner and hot water.

**SICKROOMS**—all around the sickroom sanitation means cleanliness plus Disinfect and clean at the same time by using a pine oil disinfectant in the wash and the recommended dilution on floors and furniture.

**FOR THE GALS ONLY**  
Women are permanent fixtures on the fishing scene, and most guys don't begrudge that fact. But how welcome they are depends as much on their choice of attire as on their ability to cast a plug, a situation you gals should heed.  
Practicality is the only requirement of feminine fishing togs, say the fishin' fashion authorities at Mercury outdoors. And, while this may limit the selection of apparel, it need not make a gal unattractive.  
Certain items are taboo in a fishing rig. Skirts and long coats have a nasty habit of getting in the way. They can trip

the wearer or become adorned with lures at the wrong moment. Recommended substitutes: slacks, dungarees, shorts, bermudas or pedal-pushers.  
Canvas sneakers with rubber soles give sure footing, dry quickly and are quiet inside the boat.  
A snug-fitting windbreaker or slicker is suggested for chilling winds, cool evenings, and those unexpected squalls that may crop up. A gal should be careful of her tresses, too, keeping them under control with a non-fluttering cap that also offers protection from the sun.  
Personal essentials, including a pair of sunglasses, should be carried aboard in a lady-like duffel bag, NOT a purse, say the Mercury folks. Purses are unattractive and cumbersome.  
Above all, don't be too obvious in selecting fishing apparel. Be attractive by being practical, and if you don't outfish the skipper, too often you'll always be welcome.

## Crop Insurance Week Proclaimed

"Crop Insurance Week" June 16-22 has been proclaimed by Texas Gov. John Connally, reported Ben A. Jordan Jr., State Crop Insurance Director, who visited here Tuesday.

The occasion is the 25th anniversary of the Federal Crop Insurance Corp., an agency of the U. A. Dept. of Agriculture. "Texas participation has doubled since 1961," Jordan said, "and nearly 12,000 Texas farmers now carry more than \$30 million FCIC protection on their production costs of cotton, grain sorghum or wheat against disastrous losses from all natural causes."

In Lamb County, Jordan reported, some 575 farmers carry approximately \$3,500,000 in FCIC protection to help return them their investment costs if the crop doesn't. "This will keep farmers in business despite crop disaster, and will protect townspeople, too, against the economic shock crop failures often cause," Jordan said.

## Texas Phone Rates Cut

Telephone users in Texas will get their second reduction in station-to-station late night (after 9 p. m.) long distance rates effective June 15, according to a General Telephone Company spokesman.

The new rates will apply to calls within Texas (intrastate calls).

Earlier this year long distance rates on station-to-station calls made to other states (interstate calls) after 9 p. m. were reduced, with some exceptions,

to a maximum of \$1.00.

When the newest after 9 p. m. rates become effective June 15 the maximum charge for a station-to-station call to any point in Texas will be 80¢; however, generally speaking, the calls will cost less than the maximum. The new after 9:00 p. m. intrastate rates will not apply to collect calls or calls charged to a third number.

The company spokesman emphasized that night rates will continue to be in effect between 6 p. m. and 9 p. m. and that the additional reductions will apply to station-to-station calls made to other points in Texas between 9 p. m. and 4:30 a. m.

The actual savings to customers range from 5 to 50¢, depending on the distance of the call.

Listed below are some sample rates which will apply to intrastate after 9 p. m. station-to-station calls for the first three minutes:

	Old night & Sun. rates	New late night rates (9 p. m. to 4:30 a. m.)
Sherman-Brownsville	\$1.20	80¢
Brownfield-Corpus Christi	\$1.15	80¢
Lubbock-Dallas	.95	60¢
San Angelo-Big Lake	.55	50¢

NANCY WILLIAMS

## Sudan Girl Joins Roundup

Nancy Williams, 1962 Lamb County 4-H Gold Star winner, represented District 2 in State Public Speaking at AGM College in Bryan, Texas, on June 4-6. Nancy received the honor of attending state by winning first place in district eliminations on May 4 in Lubbock. The Sudan girl ranked 14 out of 24 entries in the girls division representing the 12 districts of Texas. Approximately 2,000 4-H members, leaders and guests attended the

Roundup.

Says Nancy, "I did not do as well as I would like to have, but I do feel that any 4-H member who is lucky enough to attend State Roundup is a winner, if for nothing else, the privilege of just attending."

Nancy's speech was entitled "Today's Teaching—Tomorrow's Heritage."

Miss Williams also won the local FTA contest and represented Sudan with the same speech at the district Miss FTA contest held in Lubbock last December.

We know that to them that love God all things work together for good.

—(Rom. 8:28)  
All of us can anticipate good if we exercise our faith in God's perfect law at work in our lives. We should pray to be shown the way.

### Decorating Tips For a Lovelier Home

BY LIZ GOYAK

Have you heard? The biggest home furnishing news these days is Toile (pronounced 'wall').

And it has nothing to do with work. Rather, Toile is the French word for fabric and dates back to the 18th century when Oberkampf established his famous textile factory in Jouy, France.

The patterns of these fabrics were influenced by the elegant life of the Louis (remember Marie Antoinette?). They depict gentlemen and ladies in both formal and pastoral settings and usually were reproduced on rich linens.

With the current emphasis on provincial and Early American lines in home furnishings, Toile has achieved new importance as a mood-catching backdrop.

The United Wallpaper Company of Chicago, the nation's leading wallpaper manufacturer, has managed to recapture several delightful Toile patterns in its new collection.

For instance, Toile is available with matching fabrics in tones of wedgewood blue, ruby and sepia on a creamy background in the new Varlar Collection. Varlar is the original stainproof vinyl wallcovering which can be scrubbed 25,000 times.

The new PDQ collection of pre-pasted wallpapers (you need only dip these papers in cool water and apply to the wall) also boasts three Toile patterns.

The soft lines of the design blend perfectly with cherry, mahogany and rosewoods. You can create a custom appearance in your room by using the matching fabric for draperies, slipcovers or bedspreads (Toile can be outstanding in the master bedroom).

Many decorators like Toile wallcoverings and slipcovers but use felt in a corresponding solid color for cafe curtains, secured by a bright brass rod.

There are many ways to use Toile according to your individual taste. But whatever your choice, you may be assured that Toile will give your period furnishings the elegant backdrop they deserve at modest prices!

Mrs. F. C. Broyles of Walnut Springs, a former Sudan resident, has been visiting in Sudan and is a guest in the Joe Rose home.

ing Defendants in said cause, and hereinafter called Defendants: GREETINGS:

You and each of you, are hereby commanded to appear before the Honorable District Court, for the 154th Judicial District of Lamb County, Texas, to be held at the Court house of said County, in the City of Littlefield, Texas, at or before 10:00 o'clock A. M. of the First Monday after the expiration of forty two (42) days from the date of issuance hereof; that is to say, at or before 10:00 o'clock A. M. of Monday, the 1st day of July, A. D. 1963, and answer the petition of Plaintiff in Cause Number 5361, in which B. C. Cooner is Plaintiff, and each of the above named Defendants are Defendants, filed in said Court on the 15th day of May, A. D. 1963, and the nature of which said suit is as follows:

Being an action and prayer for judgment in favor of Plaintiff and against Defendants for title to and possession of the following described lands and premises lying and being situated in Lamb County, Texas, to-wit:

Lot No. Three (3) in Block No. Twenty One (21), and Lot No. Fourteen (14) in Block No. One Hundred Thirty Nine (139) all in the Original Town of Olton, Lamb County, Texas, according to the map or plat of said Town recorded in the Deed Records of Lamb County, Texas.

Plaintiff alleges that on March 27, 1963, he was and still is, the owner in fee of the above described lands and premises, and was in peaceful possession of said land on said day, and that afterward, on the 28th day of March, A. D. 1963, the Defendants unlawfully entered upon and dispossessed Plaintiff of such lands and premises, and withhold from Plaintiff the possession thereof; Plaintiff further alleges that Plaintiff has title to said lands and premises under and by virtue of the five (5) and/or ten (10) year Statutes of Limitations as is more fully shown in Plaintiff's original petition on file in this suit; and Plaintiff further prays for relief, general and special.

All of which more fully appears from Plaintiff's Original Petition on file in this office, and to which reference is here made for all intents and purposes.

If this citation is not served within 90 days after date of its issuance, it shall be returned

## Tractor Maintenance Course Scheduled Here

A tractor maintenance short course for adult farmers will be held June 17-21 under the sponsorship of the Sudan High School Vocational Agriculture Department, according to Don Ham, teacher of vocational agriculture.

The short course is being sponsored by the vocational agriculture department of Sudan High School.

Harold T. Wiedemann, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agriculture Engineering at Texas A & M College, will do the instructing. He is headquartered at Texas A & M College.

"Outstanding success" has been the words associated with the tractor maintenance short course taught by Wiedemann, according to Walter Labay, area supervisor of vocational agriculture, Plainview, Texas. Arrangements for the adult education short course in tractor maintenance and in other fields are made through Mr. Labay's office.

The short course at Sudan is scheduled to begin June 17 at 8 p. m. in the vocational agriculture building. Other meetings in the series of 5 will be held

June 18, 19, 20 and 21.

During the dates the short course is in progress, Mr. Wiedemann will be available to assist farmers with individual tractor problems and to provide "on-the-farm" instruction, according to Don Ham.

Farmers interested in attending the short course should write or call the teacher of Vocational Agriculture, Mr. Don Ham. An entry fee of \$2 will be charged. Tractor Maintenance Short course Certificates are to be presented to each individual who attends all the training sessions.

Mr. Wiedemann states that the key to longer tractor life comes from a full knowledge of the fundamentals of an engine and the application of the proper maintenance skills involving lubrication, fuels, carburetion, air cleaners, cooling systems, valves and ignition.
