THIRTY-NINTH YEAR

SUDAN, LAMB COUNTY, TEXAS THURSDAY, JANUARY 30, 1964

NUMBER 48

WOODWORK

BY DALTON

TEXAS' controversial poll tax is still with us, and if you want to vote on the state and county races this year, you have until tomorrow night to pay your poll tax of \$1.75.

There's some confusion this year due to a federal constitutional amendment abolishing the poll tax as a requirement for voting in federal elections. The amendment is expected to go into effect as soon as one more state, South Dakota, ratifies it, an action expected any time. Thirty days will be allowed after the amendment goes into effect for voters to obtain special receipts stamped "poll tax not paid", which is your ticket to vote for president, vice president, U. S. congress, etc.

I know of at least one person who stubbornly refuses to pay his poll tax because he's against the principle of poll tax. But I pointed out to him that he'd have to pay it before he could even vote to abolish the poll tax.

However, any person in a similar situation may, when and if the constitutional amendment goes into effect, vote on the federal races, provided they register in time.

Still, this isn't much use. My own objection to the poll tax has always been not so much the money as the fact that you are required to register and pay the tax by a certain time or you forfeit your right to vote.

Certainly the \$1.75 is high enough, though. One Lamb County official who is running for reelection surprised me with the statement recently that "the poll tax is wrong with the poll tax is that it ought to be \$5 instead of \$1.75." I don't agree, and told him so. To put a \$5 premium on something which every American ought to have free would be insane—\$3.25 more insane than it is already.

Although we can't possibly vote for officeholders who feel exactly as we do on every issue, it's too bad we can't find out more about the views of the various candidates before we do vote.

SANTA FE magazine makes this observation: "When the white man discovered this country, the Indians were running it. There were no taxes. There was no debt. The women did all the work. . . . And the white man thought he could improve on a system like that!"

KNOTHOLES: My car horn this week got so it would honk when I turned a corner, slammed the door, bumped the steering wheel, or sometimes when just sitting still. It never seemed to honk when I was the only car in the block; only when I met perfect wife was out sweeping her front porch, or when my worst enemies were standing nearby. . . . I got it fixed. . . . Reader's Digest article this month says cars are, too, built better than ever, and the metal is stronger than it was pre-war. I still don't believe it. . . . It's a shame, I think, that the program Outer Limits should be so lousy, when it could be so good. All they present is a bunch of horror stuff, with little even wildly plausible plot. There is much science fiction which I think is excellent, and I wonder

PTA Needs 31 Members

The four Sudan students selected why they don't use some of it. Traffic deaths on Texas highways last year—2,703—set an all-time record by a big margin. Speed too fast for existing conditions was listed by the state as the biggest killing factor.

Hornettes Stretch Record To 21-1

By LINDA WILLIAMS
The Hornettes, sparked by Candace Mudgett's 26 points, turned in a 39-28 win over Hale Center Tuesday night. Although leading in every quarter, Sudan had a hard fought victory, their 21st in 22 starts.

The winners led 13-5 at the end of the first period; 23-11 at the half, and 29-18 at the end of the third.

Loretta Tiffin led Hale Center

with 11 points. Last Friday night the Hornettes found themselves in a tight battle against Kress, winning by only a slight margin 51-52.

Miss Mudgett led the Sudan scoring with 26 points, Ginger Campbell's 19 free throws headed Kress.

Tuesday night the Sudan boys fell behind 22-10 after one quarter, and were never able to recover as Hale Center won 57-42. Hale Center outscored Sudan in every period except the last when the Hornets made 15 points to the Owl's 6.

Corley Baker led Sudan with 10 points. He was helped by Danny Masten, 8, and Danny Allen, 7. Laney hit 14 for Hale Center.

The Kress Kangaroos rocked Sudan 38-58 Friday night. Mike Glenn headed Kress with 16, while Baker sunk 13 for the losers.

Voters Over 60 Need No Exemption

A story in Tuesday's Lubbock paper caused a number of Lamb County persons over 60 to think they have to get a poll tax exemption to vote this year.

Lamb County Tax Assessor-Collector Herbert Dunn said his office has been deluged with calls from concerned county residents who earlier had been told they needed to present no papers at the polls in order to vote.

He explained that the ruling referred to in the Associated Press story applies only to persons living in towns of 10,000 population or more. In other words, the ruling doesn't apply to any Lamb County residents.

"Any person who was 60 years old before January 1, 1963, does not need a poll tax and does not need an exemption certificate to vote in Lamb County," Dunn said.

HONOR SOCIETY ADOPTS PROJECTS

LAMB FARMERS PAID \$200,000 BY FCIC

Nearly \$200,000 has been paid to Lamb County farmers so far this season by USDA's Federal Insurance Corporation to cover crop losses caused by hail and excessive moisture in 1963 and July.

In announcing the figure, FCIC Texas-New Mexico Director Ben A. Jordan Jr. added that to date three quarters of all claims filed in the county have been paid. Advanced reports indicate that the total figure may reach \$250,000, Jordan said.

FCIC representatives are accepting applications now in this county to cover the 1964 cotton and grain sorghum crops, and that information is available at the FCIC district office in Lubbock.

Scripture: 1 John 1: 3-10; 2:1-3, 15-17, 22-25.

"And these things write we unto you, that your joy may be full."

God is light. If we walk with Him, we are in the light of His fellowship (we are with Him, we searchingly study Him and His way from God's word, we pray for understanding to take the next step after Him). We have fellowship one with another on the way—and the blood of Jesus Christ, His Son, cleanseth us from all sin.

If we say we have not sinned, we lie and the truth is not in us. But if we confess our sins, He is

faithful to forgive us and to cleanse us from all sins.

"Love not the world"—Go out into it, live there; but only as pilgrims and strangers who are on their way to their real and eternal Home! Love not the things of the world—for the world passeth away. But he that doeth the will of God abideth forever." All this according to the Word of God.

We go unto God in worship, for sanctuary, rest, comfort, strength, teaching and guidance. Then, knowing who we are in Christ Jesus, we are "scattered abroad" in the world, to do the will of God that the world may see our good works and glorify God. We are not of the world, but in it we witness by our lives (in word and deed) that Jesus Christ has redeemed and saved us into eternal life, that He is strong and able to keep us; that Jesus is the Son of God who came and died to save sinners (and His blood can cleanse us from all sin).

Jesus came to give us eternal life, eternal joy and light. Do you have joy? Are you thankful this day? Or, are you only in sorrow, pain, near despair over

a strong temptation, thinking only of the darkness of life? If you can be thankful for nothing else this day, just be thankful you are alive. Be thankful for the sunshine and the blue skies, the rain, the song of the birds; and be thankful to God for someone who cares about you no matter where you are.

To just be alive—how grateful I am today! If I had a thousand tongues, I could not say enough for Jesus, (nor well-enough) that He has made it possible for you and me to be His; to live in joy and in abundant life not only today, but forevermore.

Do you know Jesus? He is truly the Son of God, who died to save us who are lost. Accept Him, follow Him, and live joyfully now and forever.

"And this is the promise that He hath promised us, even eternal life."
