ON DRAW PROJECT

Large Turnout Hears Recreation Proposal

Some 100 residents of Farmer County travelled to the courthouse in Farwell on Tuesday to hear a state Soil Conservation official explain the procedure whereby Farmer County may have a recreation spot on Running Water Draw along with the planned flood-prevention dams.

Phil Grazier of San Marcos told the group, which filled every seat in the county courtroom, that their goal was a noble one, and that lay at every hand in achieving some sort of recreational facilities on the draw.

"Everyone realizes the importance of recreation, it's an important phase of both our national and family life. You are to be commended for wanting to provide recreation here in your county," Grazier told the group.

The SCS engineer, who will head a planning party which will engineer the proposed flood-water control system sometime after the first of the year, gave an insight on what would be necessary before a "multi-purpose" structure could be built,

and gave some examples of how a facility might be financed.

"Before the federal government will take part in a cost-share program on a multi-purpose structure such as you want, we first will have to make a 'yield study' to determine whether such a structure is even feasible," Grazier stated. He referred to the amount of runoff water which would be available for a given area on the draw, based on records of the past several years.

It was pointed out that the city of Clovis, N. M., is definitely planning to incorporate a multi-purpose dam on the draw north of the New Mexico city, which would be municipally owned and operated.

However, since a facility of this nature would benefit the majority of Farmer County, it is thought that a county-wide group would need to sponsor the project.

The county commissioner's court has acted as co-sponsor of the Running Water Draw planning procedure, putting up a guaranteed amount of money (\$12,500) to assure the early

planning of the flood prevention portion of the project.

The federal government will share costs on enlarging any of the proposed flood prevention dams to a size which would make recreation possible. Funds are available to match costs of practically every phase of constructing such a facility.

In addition, it was pointed out that Farmers Home Administration will make loans to watershed projects such as this, at a low rate of interest.

A county "steering committee" is to meet within two weeks, and is expected to ask the commissioner's court to sponsor the county's multi-purpose structure, and to suggest ways and means of financing the project.

A resolution was passed by

the representatives present, commending the commissioners for taking the lead on the project to date, and encouraging them to continue their efforts, and asking them to study the financial aspects of the venture.

Residents representing a good cross-section of the county attended the informative meeting. County Judge Loyde Brewer and all four commissioners also attended. Judge Brewer reviewed the county's role in the project to date.

Members of the county watershed committee are Andy Hurst, Friona (chairman), J. W. Gammon, Lazbuddie; Arlan Hartzog, Bovina; Joe Jones, Farwell; Wendell Christian, Oklahoma Lane.

UPSETS, PERHAPS?

Experts Dwindle In Star Grid Contest

Whether the slate of games were harder, or there were more upsets, or just what the reason was, the number of experts dwindled considerably in the second week of the Friona Star's annual Cotton Bowl football contest.

Where there were seven contestants with all ten games right the first week, no one of the 112 second-week contestants got as many as eight games right. In all fairness, it should

be pointed out that due to the Dimmitt-Hale Center tie, all entries were arbitrarily given a miss to begin with. Still, everyone missed at least two more.

When the dust had cleared, it appeared that George W. Jones was the winner on the basis of the tie-breaker score. A total of eleven contestants had a score of seven correct

games. Jones came the closest to the final score of the Friona-Plains game, hitting Plains' seven points on the nose, and missing Friona's total by five. He guessed 14 and the Chieftains actually scored nine.

His misses, besides the tie, were in picking Muleshoe over Morton and Lazbuddie over Wilson. These were common obstacles for all contestants, including both the second and third prize winners.

Second place was won by Larry Mabry, who guessed the score at 21-7, and third prize was won by Hollis Horton, who said 18-8.

Others getting seven games correct, in the order they finished as to the tie-breaker, included Jerry Cass, Jimmy Maynard, Maynard Agee, Preach Collier, Donny Carthel, Jimmy Norwood, Jack Clark and Milton Hargus.

RECORD FIGURE

City Council Approves \$205,786 Budget

Friona's 1964 Maize Days celebration was a successful one in all aspects. Crowds were good for all major events, in spite of the fact that the weather turned off on the cool side for Friday and Saturday.

We'd like to offer our special thanks and congratulations to Chamber of Commerce manager Porter Roberts for a job well done.

From our standpoint, giving the Maize Days events newspaper coverage, both from the standpoint of pre-writes and followups, has been much easier since Roberts was made general chairman of the annual celebration two years ago.

Having someone who is directly connected with the Chamber of Commerce be in complete charge of the celebration is a tremendous help.

We're not saying that in the past the people who handled the general chairman's job didn't do well, but it is a help to have someone in charge of "running the show" who is a full-time chamber man.

Where in the past we've oftentimes had to run all over town and talk to each committee chairman to find out exactly what was going to happen, or after the celebration get a list of winners of each event, Roberts now has us spoiled.

Porter has made it a lot easier to write up the past two years by furnishing us with a complete list of winners in each and every contest. That way, we save contacts and phone calls.

And, being his second year at the helm, things worked even better between the Star and Maize Days for the celebration just past.

Roberts had one minor correction dealing with an editorial we ran last week in which we urged everyone to come to town and have a good time. Somewhere in the piece, we mentioned that Porter had worked "tirelessly" toward making the event a success.

About the time the kids contest and tractor rodeo were over on Friday, the genial Chamber of Commerce manager said "Tireless, heck, my feet are worn out."

We kinda ganged up on contestants in the football contest last week, I guess. The week before we had had seven people get all ten games right. So, we thought we'd give it a little more effort and got some real brain-

The Friona City Council gave final approval Monday to a \$205,786 budget for the fiscal year 1964-65. The figure represented a record budget for the city, topping the one of \$191,524 for the year just ended.

In other business, the council authorized payment of \$1,087.73 to Clow and Cowan, Inc., for labor, parts and repairs on water well number five during July.

Also, a contract was authorized with Farmer County Implement Company for repairs on the city motor grader-maintainer, estimated to cost \$750.

The council voted to authorize the contract for auditing the city's books for the 1964-65 fiscal year to the local firm of Glover, Graham and Brown.

In conjunction with the approval of the city budget, the council approved an ordinance

levying taxes for use and support. The tax rate for city property was recommended to remain the same as the past year.

Also, an ordinance was passed which exempted certain city property from taxation.

The council reconsidered an item of business from a previous meeting, wherein they had voted to install two "Guard Lights" in the City Park. It was explained that the type of lamp under discussion would cost \$4 each per month instead of \$2.25 as originally thought.

The council voted to convert two street lights adjacent to the City Park (at Seventh and Washington and Eighth and Washington intersections) to the mercury vapor type lights, which would cost the city \$2.25 per month.

The group heard a status report on the easements, right of way and laying of six-inch water main on the west side of the new school property. It was brought out that certain owners will not grant the easements needed.

Otherwise, the council approved the monthly financial statement, as well as the reading of the minutes of the August meeting.

In his monthly summary of activities, City Manager A. L. (Jake) Outland pointed out that there were six purchase orders and 132 work orders processed during the month.

Eleven parcels of city properties were transferred as reported by the county clerk's office during the month.

The report from the water department revealed that for the second consecutive month, water was consumed at a rate

of over a million gallons per day in Friona during August. A total of 31,590,570 gallons were pumped, an average of 1,019,050 per month. This was slightly below July's record total.

Nine new water services were made, and one service inactivated, to bring the total active services at the end of the month to 967.

Friona Area Receives Best Rain Of Year

Largest single rain of the calendar year fell in the Friona area Monday night, when a spectacular electrical storm dumped two inches of moisture in the area, finally marking the end of the irrigation season for most farmers.

But for many farmers, the rain was just a postscript on a heavy season of irrigation, which has seen irrigation wells pumping almost unceasingly all summer.

A total of .27 inches of rain was measured on Sunday, and another .05 inches on Tuesday, bringing the week's total as of that date to 2.38 inches.

Rainfall varied to as much as three inches in places to an inch or less in others in the immediate area. The Rhea community received about an inch and one-half.

The fall around Friona and Black apparently was heaviest, ranging from two to three inches.

Temperatures during the past week were as follows:

IN TOMORROW'S GAME

Chieftains, Dalhart Renew Feud

The Friona Chieftains renew their rivalry with the Dalhart Wolves after a two-year lapse in the series, when the two teams meet Friday at 8 p.m. at Chieftain Field.

Friona has a far better background than the 1961 team which travelled to Dalhart and absorbed a 62-6 beating, their worst of the season. For, while the 1961 team had lost seven games going into battle with the Wolves and 14 straight over the past two seasons, this year's Chieftain team matches Dalhart's 2-0 season mark, and has won 10 of its last 12 games.

Dalhart has won the last three games played between the two teams, winning by a 61-0 count in 1960 here, and 50-32 in a real scoring duel in 1959 at Dalhart.

Friona's last win over the Wolves was a 13-6 decision here in 1958 -- a win distinguished in the fact that it was the first conference win by the Chieftains in class AA competition (that was their first year in class AA ball), and the last conference win until

Jaycees Set Pancake Supper

The Friona Junior Chamber of Commerce will sponsor a pancake supper prior to the Friona-Dalhart football game Friday at the Friona school cafeteria.

The supper will be held between 5 and 7 p.m. Admission will be 75 cents for adults and 50 cents for children. Sausage will be served with the meal, as well as coffee and tea.

Friona upended Dimmitt in last year's district opener.

Friona won the first two games ever played between the two teams (three, counting a forfeit win in 1941). The Chieftains won 6-0 in 1942 and 40-0 in 1944. That stands as Friona's largest margin of victory over the Wolves.

According to indications, Dalhart fans will descend from the northland en masse, rooting for their Wolves to pick up where they left off the last time the teams met.

Superintendent of Schools Alton Farr said the Dalhart superintendent had contacted him and had promised that there would be a large delegation here from Dalhart -- possibly as many as 1,000.

The teams have nothing even approaching score comparisons on which to base a prediction for the game's outcome. Friona's first two foes have come from the South Plains, while Dalhart has met one North Plains team and one from Oklahoma.

The Wolves, who beat Tulia in bi-district and Muleshoe at regional before falling in the state class AA quarterfinal game last fall, appear to have enough returning talent to make another run for the marbles, at least in the northern region.

In games to date, Dalhart holds a 35-0 win over Stratford, and a 34-6 victory over Guymon, Okla.

Scouting reports say that the Wolves are large, although not much larger than Plains, but may not possess the speed that Friona has.

Starting guard Jackie Clark has been lost to the Chiefs for two to three weeks, due to a cracked finger on his right hand. End Tommy Shirley bruised a knee in Monday's

workout, so has been going slow. Scott Cummings has a slight shoulder separation.

Bing Bingham regained the starting center position in Monday afternoon's "challenge"

session. Doyle Mabry had bumped him for the honors the preceding week.

HELPS FFA . . . Ralph Shelton, seated at right, is shown deeding a two-acre plot of land to the Friona High School Future Farmers of America. The land will be used to house agriculture projects belonging to FFA members who live in town. Also in the picture are agriculture instructors David T. McVey (seated) and Benny Pryor, standing, as well as attorney Bill Sheehan, who drew up the contract.

Winners Announced For Maize Days Contests

Winners of various contests held in conjunction with Friona's Maize Days activities were announced this week by Porter Roberts, general chairman of the celebration.

The four prize-winners in the annual beard-growing contest as judged on Saturday were: most unique beard -- Jim Lancaster; longest beard -- Irvin West; shaggiest beard -- Gerald Shavor; prettiest beard -- Eune Martin.

The three winners in the window display contest were the Jayettes, first; Girl Scout Troop 358, second; and Black Home Demonstration Club, third.

Winners in the annual parade

were announced in five divisions. Taking first place in the churches and club division was Friona Future Homemakers of America, along with a \$25 first prize. Second prize of \$15 was won by the Hub Community Association. Third was won by the Friona Girl Scouts.

In the school division, the Friona High School senior class won first prize of \$25. The freshman class took second prize of \$15, and the juniors won third place and \$10.

Only two prizes were awarded in the commercial division. Friona State Bank won the first prize money of \$25, and second prize of \$15 went to South-

western Public Service Company.

In the antique division, first prize money of \$15 was awarded to Billy Sifford and Leland Gustin of Route 2. They entered an antique Dodge automobile. Second prize of \$10 went to R. J. Renner and his Model-T Ford entry, while third prize of \$5 was awarded to the Model-T owned by Raymond Adams and driven by Truett Johnson.

In the kids division, the winners were as follows: 1. Trip Horton; 2. Myrna and Patricia Phipps; 3. Donnie Lewellen (airplane) and 4. Scooter driven by Randall Schwab pulling bride (two-year old Beth But) and groom (three-year-old Leslie But).

Honorable mention went to the Indians, Bruce and Brad Bandy; to the "little mother," Brenda Hall, and to the bicycle covered with flowers ridden by Adalea Widmeyer.

Winners in the tractor rodeo held Friday were: 1 -- Danny Carthel; 2--Roger Nelson; and 3--Nolen Morris. Winners in the tube-setting contest were 1--Danny Carthel; 2, David Jones; and 3--Nolen Morris.

Roger Gorrell was elected chairman of the registration committee and "Citizens for Johnson" committee in Parmer and Bailey Counties.

Debbie Bullock resigned as Secretary of the Young Democrats to resume duties as chairman of the "Youth for Johnson" in this Senatorial District. Ronald Johnson, of Muleshoe, was elected secretary by acclamation.

Next meeting of the Young Democrats will be October 13.

Young Demos Hear Lewis

Paul Lewis, of Lubbock, was guest speaker at the Parmer County Young Democrat meeting last Tuesday night (Sept. 8) in Muleshoe. Lewis spoke of the success of the Democratic party and the present government.

Members and guests totaling 21 attended the meeting held in the First National Bank community room. Jean Lovelady, Democratic candidate for tax assessor of Bailey County, was a special guest.

Joe Bullock, president discussed voter registration and the fact that those 21 years old on or before November 4 are eligible to vote in the coming election, if registered. Registration deadline is October 4.

five of all fire deaths occur in homes, and for every death there are about 100 serious injuries," the TFB Safety Director explained.

As part of a program for fire prevention, the Texas Farm Bureau Safety Department is presenting this demonstration before the high schools of the state. The program is being brought to Friona under the sponsorship of the Parmer County Farm Bureau. The public is invited to attend.

Nine billion checks totaling \$3 trillion were cleared through the nation's 14,000 banks in 1963.

Seven Part Demonstration Illustrates Power Of Fire

Students of Friona school will have an opportunity to see for themselves how fire can be man's best friend or his worst enemy by observing a graphic fire demonstration to be presented at 9:45 a. m. on September 18, in the high school auditorium. Superintendent Alton Farr announced today.

The demonstration, in seven parts, will be given under the direction of Joe Smetana, Safety Director of the Texas Farm Bureau.

A variety of demonstration equipment will be placed on tables 16 feet in length to illustrate seven basic points: (1) what fire is; (2) how to control fires; (3) the fact that nothing

is fireproof; (4) kitchen fires and their control; (5) fuel vapors; (6) the power of petroleum products; and (7) household wiring and overloaded electrical circuits.

Smetana will point out that fire is like a three-legged stool-it can't work with one of the legs missing. The "legs" fire depends on are: (1) fuel, (2) heat, and (3) air. Yet, in American homes those three things come together in deadly and destructive combination every 57 seconds-an average of 1,500 home fires every day, according to Smetana.

"That's eight times the number of fires in factories and stores. Worse yet, four out of

MRS. SNEAD PRESIDENT

Chieftain Mothers Elect Officers

The "Chieftain Mothers," an organization of all mothers of

high school football players, met last week and elected officers for the 1964-65 school term.

Mrs. R. E. Snead was elected president. Mrs. Truett Johnson was named vice president. Mrs. I. T. Graves is the secretary-treasurer, and Mrs. James Procter is the food buyer. Mrs. Floyd Brookfield is assistant buyer.

Twenty-two mothers were present and paid their dues for the 1964-65 school year. Dues are \$1.50 for each boy and \$1.50 for the mother. Those who haven't paid their dues as yet are urged to mail them to the

club treasurer, Mrs. Graves, at Route 3, Box 113.

Dues money is used to help pay for the annual football banquet, which is held annually in November. The Chieftain Mothers operate the concession stand during home football games, assisted by members of the Booster Club.

The concession stand will be operated at some freshman, B-team and junior high games, it was announced.

Mrs. Snead appointed committees and chairmen to serve in the concession stand and to plan for the football banquet.

teasers in last week's contest.

Of course, we didn't know beforehand that the "upsets" which were turned in were going to happen, although some contestants may have wondered.

Then we had one professional game which we almost never found the final score. It turned out to be played on Saturday night instead of Sunday as we had thought it would be, and all that we ever found in the papers, after much combing, was the final score, with the San Diego Chargers beating Houston's Oilers. So if anyone else had trouble finding the results of that one, that's how it came out.

We've been doing a lot of chest-sticking-out to our friend and neighboring newspaperman, Dolph Moten. Since we both have football contests going, we enter each other's contest, as we can't enter our own.

For the first time in three years, I finally whipped out and got all ten games right the first week of the contest, and won first place by missing the Friona-Farwell score by a point. Then this week I missed one, and tied for third.

So, Moten has classed the Bovina Blade as "my second best source of income." I've also got him worried, since as an out-of-towner, I'm now leading in the race for his two Cotton Bowl tickets.

made to bring the total active services in that department to 887 as of August 31. Pete Hollis sustained a severe muscle bruise on his left arm when the sewer rod became uncontrollable while working on a stoppage August 27.

Police department records showed that 28 arrests were made during August, 22 of which were for traffic violations. Two were for driving while intoxicated, two for drunkenness, one for shoplifting and one on a traffic warrant.

There were five reports of

vandalism; three accidents were investigated, although there were no injuries. There were 19 man nights of jail occupancy with the food bill amounting to \$20.83.

S. S. Prichard, after refusing to pay a traffic ticket, requested a court trial. He was found guilty as charged and fined \$25 and court costs. Prichard elected to spend August 17-30 in jail rather than make the payment.

The City Park was mowed and watered the last week of August in preparation for the Maize Days celebration.

All school cross-walks were painted during the month in preparation for the beginning of school.

Demas hath forsaken me, having loved this present world. (II Timothy 4:10)
Writing from prison to the young man Timothy, Paul shows his disappointment and heartbreak because Demas turned his back on the Christian faith. "Having loved this present world," Demas lost the trail and no longer followed Christ. The world presents many alluring faces which could have tempted Demas. Which ones lured him from the faith we shall never know. However, Paul warns Timothy against some of them—pride, covetousness, thanklessness, a lover of pleasure more than of God.
Have we been like Demas? Having once felt the glow of Christ's spirit, have we been mean, bitter, stingy, slow of compassion?
Having our names on the church roll is not enough. We need so to live that the world may know that the moving force in our lives is the spirit of Christ. May our living Lord not say sadly to us, "Alas, you have forsaken me, having loved this present world."
PRAYER: Our Father God, grant us the gift of constancy in faith. When tempted to seek ease and comfort, arouse us with a new baptism of Thy spirit. When lured by the enticements of this world, may we keep our gaze upon Christ lest we miss the trail leading to Thy Kingdom. In our Savior's name, Amen.
THOUGH FOR THE DAY
The church does its work through those in whom the spirit of Christ is the moving

Bovina Couple Honored On Golden Wedding Anniversary

Mr. and Mrs. E. A. Hromas celebrated their Golden Wedding Anniversary recently with a reception and open house at the home of their son and his family, Mr. and Mrs. Arnold

Hromas of Bovina. Hosting the courtesies were their three children and families, Mr. and Mrs. W. F. Lovell, Bill and Judith Ann of Fort Worth; Mr. and Mrs. Clinton Skaggs, Craig and Randal also of Fort Worth; and Mr. and Mrs. Arnold Hromas, Galen and Bradley of Bovina.

Parmer County in 1919 and lived in Farwell and the Oklahoma Lane community for many years. They moved to Bovina in 1953 and have made their home here since that time. Helping receive guests along with the family at the reception were Mr. and Mrs. Wendol Christian.

Co-hosting the occasion were Mr. and Mrs. Lewis Pesch of Floydada, Mr. and Mrs. C. G. Hromas of Farwell and Mr. and Mrs. Cecil Rundell of Muleshoe.

Mr. and Mrs. Hromas were married in Albany in 1914. They made their home at Moran for four years and at Willpoint for two years. They moved to

orchid corsage of gold presented to her by the family and other members of the house-party wore gold boutonnières and orchid corsages.

Photographing the occasion were friends, Charlie Hromas, Clinton Skaggs and Mrs. J. C. Boone.

Out of town guests at the courtesies were Mr. and Mrs. Adolph Ender of Sagerton, sister and brother-in-law to Mrs. Hromas, Mr. and Mrs. H. L. Lovell, Bebe and H. L. of Water Valley, Mr. and Mrs. H. C. Atkins of Clovis, Jack Roach of Oklahoma Lane, Mr. and Mrs. Chuck Caldwell of Midland, Mr. and Mrs. E. A. Berry of Portales; Mrs. Millard Stanley, Mr. and Mrs. W. C. Sparks, Mr. and Mrs. H. L. Tidenberg, James Berry, Mr. and Mrs. J. C. Boone and granddaughter, Jal Freeman, and Mrs. Terry Carpenter all of Clovis.

Mr. and Mrs. Glenn Hromas showed guests the gifts displayed and the younger grandsons, Bradley Hromas, Craig and Randal Skaggs ushered guests through the reception line. Mrs. Lewis Pesch presided at the guest registry.

The reception table was laid with a white lace cloth over gold and centered with an artificial arrangement of gold and yellow mums intermingled with golden wheat and other flowers, flanked by gold candles in crystal holders. The white cake was decorated with gold, touches of green and bridal wreath. Gold party punch and mixed nuts were served to guests. The table was appointed with crystal and silver.

Presiding at the serving table were Mrs. Frank Pesch, Miss Judy Lovell, Mrs. C. G. Hromas, Miss Sandra Rundell, Mrs. Cecil Rundell. Also assisting them were Mr. and Mrs. Frank Edwards and Cecil Rundell.

Ushering guests to their places were Bill Lovell and Galen Hromas, grandsons to the couple.

During the afternoon entertainment was provided by Mrs. Harold Hawkins, Mrs. J. C. Boone and Mrs. Harold Carpenter. They sang selections and were accompanied by Harold Carpenter on the banjo.

Mrs. Hawkins was dressed in a man's costume of black top hat and tails dating 50 years ago and the women wore traditional dresses dating of the same period. The trio rode a bicycle-built-for-two and sang the song by the same name. Later in the afternoon the group including the honorees sang songs.

Mrs. Hromas complemented her blue dress with a double

Frionans Attend Parson Reunion

Several residents of Friona attended the annual Parson family reunion at Lake Eanes near Comanche, Texas, during the Labor Day Weekend. Each year the descendants of the late

Mr. and Mrs. Joe Parson meet at the same place for a family get together. Mrs. G. B. Buske, Mrs. W. H. Jones, Mrs. Aubrey Carlton and Clifford Crow, all of Friona, were accompanied by their brother W. S. Crow, Clovis. Others making the trip were Mrs. Ray Murphree, Gary and

Virginia; Mr. and Mrs. Thomas Parson, Mr. and Mrs. Ellis Parson and sons, Friona, and Mr. and Mrs. Neal Parson and daughter, Dimmitt. Mrs. T. E. Parson III and son accompanied the group to Richland Springs for a visit with her mother, Mrs. J. F. Laferty.

Edelmon Enrolls In Signal School

Private Martin W. Edelmon, son of Mr. and Mrs. Claude W. Edelmon of Friona, was recently enrolled in the U. S. Army Signal School for 21 weeks' intensive training as a radio technician.

School is limited to men of outstanding promise. Classified as a technical institute, the school gives training chiefly

in the operation, maintenance, and repair of forty different types of electronic equipment, from radio and television sets to "electronic brains." Courses are given also in meteorology and both motion-picture and still photography. A yearly average of 6,600 enlisted men are selected for admission. All are chosen from among the Army's best in point of intelligence, educational attainments, and practical ability. Roughly 90 per cent are high school graduates, and 21 per cent have completed one or more years at engineering school or college.

REMEMBERS WHEN. . . Grover Calloway, Missouri native, chats with City Manager Jake Outland about the progress the city of Friona has made since he surveyed the townsite in 1906. Calloway and his wife were Maize Days visitors last week.

Calloway Recalls Days "Before Friona" Here

One of Friona's visitors during Maize Days was Grover Calloway of Montgomery City, Mo. Calloway remembers Friona before there was even a town here. He ought to--since he was one of the engineers who helped survey the townsite.

Calloway worked with J. S. McCleary, also of Montgomery City, in surveying not only Friona, but much of Parmer and adjoining counties during the period from 1906 to 1908.

At the time Calloway first came to Friona, the only thing here were a couple of boxcars which served as the Santa Fe Railway depot. While he was here a garage was built on what is now South Main Street, and later a livery stable and a hotel.

Calloway remembers the old courthouse at the county's first county seat -- Parmerton. As a matter of fact, Calloway and other men in the survey party often slept in the courthouse at night, he said.

The oldtimer, who has attended two other Friona celebrations, including the 50th anniversary fete in 1956 and the Maize Days celebration of 1958, remembers a couple of things vividly that happened during his two-year sojourn here.

One was the big prairie fire which burned almost every thing in sight and lasted almost a week. "We saw the fire burning a long way off on a Tuesday. It was going north, so we thought it would miss us. Then darned if the wind didn't change, and it came back. We had to set 'back fires' and plow around improvements to keep them from being burned up," he said.

Another event was the terrible blizzard of 1908, which laid the country low for awhile, and people almost froze to death.

While Calloway was in Friona a Spanish railroad worker killed another, and "I suppose this was the first murder in Friona," he says.

Calloway says it is heartening how the town has grown. His first real surprise was in 1952 when he first visited Friona after leaving in 1908. "I didn't know if the town had ever built up; whether it would be just a 'wide place in the road' or 'just what,'" he explained.

The Calloways said they enjoy visiting Friona, and hoped to make other Maize Days celebrations. They visited with the Ralph Wilsons while they were in Friona.

Funeral services for Mrs. Maude Knight, 69, who died at 2:30 p. m. Sunday in her home in Muleshoe, were conducted from First Baptist Church there at 2:30 p. m. Tuesday.

Rev. Don Boles, pastor of First Presbyterian Church, was the officiating minister. He was assisted by Rev. Don Murray, pastor of First Baptist Church.

Mrs. Knight was the mother of Bob Knight, Muleshoe, a former resident, and the grandmother of Mrs. Cleatus Rhodes, Black.

Burial was in Muleshoe Cemetery.

Annual Art Exhibition Set For October 17

The second annual state Citation Art Exhibition, sponsored by Democratic Women of Texas has been slated.

The 30th District exhibit for this year will be October 17 in Dimmitt under the sponsorship of Dimmitt League of Democratic Women. Deadline for entries is October 10. Qualified to enter the competition is any artist in Texas within the ages of freshmen through senior in high school, including 1964 graduates.

The scholarship awards will be presented by Governor John Connally in the name of the Democratic Women of Texas and will consist of \$500 first prize; \$300 second prize and \$200 third prize.

Media include oils, pastels, tempera, casein, pen and ink drawings, watercolor, mixed media and plastic.

Highlighting the show in Dimmitt will be a merit award of \$50 to be presented to any amateur, one who does not derive more than half his income from sale of art work.

Elimination exhibits within this district shall be the responsibility of the state Democratic committeewomen or appointed committee for the district.

Scholarship entries must be accompanied by pen and ink, charcoal or pencil sketch to show evidence of delineation. These accompaniments need not be related to subject matter entered, but must be matted and framed.

In the state citation exhibition each district may submit as many as three major entries for scholarship awards with accompanying drawings.

The entry must be original, completed within the past year, suitably framed or prepared for display, signature of artist, not exceeding 36 by 41 inches or the equivalent in square inches, properly identified with entry card attached to the drawing and merit painting.

Each card must contain title of the painting, full name and address of entrant, and full name, address and telephone of parent or guardian. It should contain a biographical sketch including any previous training, if any.

Additional information may be obtained by contacting Mrs. Leon Smith Sr. at Lazbuddie, phone 965-3731, or Mrs. Dolph Moten in Bovina.

OLIVER WANTS YOU TO ASSIST THEM In Selecting the best qualified man for the Oliver Dealership

Oliver -- one of the oldest and best known names in farm implements today -- is going to establish a dealer to sell and service the Oliver line in this area. Oliver manufactures a complete line of high-performance tractors, tillage tools, combines, corn pickers, hay tools and materials-handling equipment -- widely known for their durability and economy.

Oliver dealers are growing in numbers and in sales volume. There are a number of reasons why. Primary among them is the multitude of services Oliver offers dealers to help them give maximum service to farmers in their communities at a profit in proportion to their investment and quality of service. Oliver believes that business organizations have the right to grow and prosper only to the extent that they serve others. Mr. Jack Ellinwood, Oliver Territory Manager, is now making a survey to determine the boundaries of the local trade area, the most effective advertising media, equipment on farms, sales and service needs and opportunities among farmers in the area, and other vital information to be used in getting the dealer off to a sound, solid start. Oliver requests your cooperation when and if Mr. Ellinwood calls on you.

This franchise is available in this community for a man with ability, character, vision and some capital. It constitutes one of the most outstanding business growth opportunities today -- a business dedicated to service to the man on whom the Nation depends for food and fiber -- the American Farmer.

Mrs. Sam Williams Wins Money Doll

Mrs. Sam Williams was this year's winner of the "Money Doll" sponsored annually by the Progressive Study Club in conjunction with Maize Days. The doll is dressed in \$25.00 currency.

"I believe it's the prettiest doll I've ever had," Mrs. Williams noted.

Proceeds from the 106 chances on the Money Doll go to the Parmer County Committee Hospital. The doll netted \$215 this year, the most it has brought in the eight years the project has been in existence, according to club president, Mrs. B. E. Duggins.

Progressive Study Club has this year stipulated that the money be used in furnishing a child's room in the new wing of the Hospital. The club's goal for this project is \$1,000.

Around \$365 has been raised for this fund thus far. The club is accepting donations from former club members and other interested parties.

Mrs. Bill Sheehan is chairman of the community service committee and is in charge of hospital donations for the club. Members of the committee who worked on the Money Doll project this year are Mmes, Newman Jarrell, Jr., M. C. Osborn, Tom Rhodes, Clarence Monroe, and Robbie Osborn.

Party Honors Seven Year Old

Cathy Cunningham, who was observing her seventh birthday, was guest of honor at a party in the home of her parents, Mr. and Mrs. Walter Cunningham, from 2:30 to 4:30 p.m. Sunday.

Following a game session directed by Mrs. Cunningham with Janice Cunningham, cousin of the honoree assisting, refreshments of birthday cake, candy, bubble gum and cold drinks were served.

Favors were leis, horns and balloons.

Others present were Kent Miller, Joe Cunningham, Bobby Zetzsche, Leesa Mercer, Sally Zetevick, Tammy Williams, Becky Powell, Linda Duke, Kathryn Duke and Christy Cunningham.

Women's Association Changes Meeting Date

Announcement was made early this week in the meeting of Friona Women's Country Club Association. The regular monthly luncheon and business meeting will be Thursday, September 24, instead of September 17, as originally planned.

This date has been changed so that local women may play golf at Hereford the 16th and 17th in the Hi-Plains September playday and Hi-Plains annual tournament.

There will be a movie at 10 a.m. at the Country Club House. This is a golf movie by women

golf touring professionals, Mickey Wright, Betsy Rawls and Patty Berg. The film is instructional and shows the various aspects of golf for women pointing out ways to play better golf.

There will be golf playing in the afternoon and bridge for those ladies who wish to play either.

All interested Friona women are invited by members of the organization to see the films and stay for the luncheon. Each person attending is asked to bring a covered dish.

Fashions For Roamin' Displayed At Meeting

Carrying out the meeting theme "Fashions For Roamin'" at the Tuesday evening meeting of Modern Study Club displays of fashions for travel were presented. Mrs. Dave Thompson was program director. Models

Mrs. Henry Lewis, Mrs. Kenneth Neill, Virgil Zeman and Wright Williams wore clothing suitable for traveling.

Mrs. Hayden Cason presented "Hair Styles For Travel" with Mrs. George C. Taylor

Jr. as her model.

Hostesses, Mrs. Weldon Dickson and Mrs. Howard Ford, served refreshments to thirty members and three guests. Mrs. J. B. Taylor, Mrs. D. C. Herring and Susan Neill.

Of Interest To THE WOMEN

Levada Hand, Herman Bush United In Home Ceremony

Levada Hand, daughter of Mr. and Mrs. L. R. Hand, and Herman Bush Jr. exchanged wedding vows in the Hand home at 7 p.m. August 28. M. B. McKinney, Church of Christ minister, Dimmitt, read the double ring ceremony.

Parents of the groom are Mr. and Mrs. Herman Bush Sr., Lubbock.

A basket of blue mums interspersed with daisies and greenery flanked by Woodwardia palms formed the setting for the ceremony.

Mrs. Dwayne Gray, Lubbock, was matron of honor. Lynn Harrist, also of Lubbock, served as best man.

Mrs. Gray wore a blue brocaded satin dress with matching headpiece and brief veil.

The bride, who was given in marriage by her father, wore a white satin dress designed with a fitted bodice, long fitted sleeves which tapered to points over her hands and tiny bell button back closing.

The scalloped neckline was outlined with Chantilly lace applique embroidered with seed pearls. Lace applique with pearls was also used to enhance the sleeves, front bodice and front skirt.

Her veil of imported illusion fell from a crown of pearls and she wore a string of pearls, a gift from the groom.

She carried a cascade arrangement of orchids and tropical roses atop a white Bible and a handkerchief belonging to her cousin, Mrs. Kirby Williams.

Guests were registered by Norma Bush, sister of the groom.

The serving table for the reception was covered with a white lace cloth over blue satin and centered with an arrangement of white and blue mums. The wedding cake was white with blue rosebud trim and topped with a miniature bride and groom standing under an archway.

A crystal punch bowl and silver appointments completed the table setting. Cake and punch were served by Judy Payne, Levelland, and Charlotte Nobles, Big Spring.

Special guests for the ceremony and reception were grandparents of the couple, Mr. and Mrs. J. W. Bush, Lubbock, and Mr. and Mrs. E. B. Brannon and Mrs. Pearl Hand all of Friona.

Out-of-town guests signing the register were Mr. and Mrs. Herman Bush Sr., Norma and Byron, Mr. and Mrs. Neal White and Debbie, Mr. and Mrs. Homer Clifton, Kay and Gary, Mr. and Mrs. Roland Simpson, Deann and Johnny, Ronny Morris, Mr. and Mrs. Scott Hahn and Mr. and Mrs. Lee Rice Jr., all of Lubbock.

Also Mrs. Denny Davidson, Wichita Falls, and Mr. and Mrs. C. A. Brindal and Stacy,

Mrs. Herman Bush

Lubbock.

Following a wedding trip to New Mexico, Mr. and Mrs. Bush are at home in Lubbock. He is a senior at Texas Tech. Mrs. Bush, a 1960 graduate of Friona High School has also attended Texas Tech.

Courtesies for Mrs. Bush included a bridal shower in the home of Mrs. Charles Short with Mesdames L. W. Loafman, D. L. Carmichael, C. W. Tan-

nahill, Raymond Fleming, Ralph Price, David Grimsley, Claude Blackburn, James Procter, Doug Malloy, and Bee Westbrook as co-hostesses.

Also a luncheon in the Gold Room of Hemphill Wells hosted by Mrs. Homer Clifton and Kay and a brunch at Hemphill Wells with Judy Payne, Charlotte Nobles, Peggy Gray, Kay Miller, Jan Hahn and Myra Stover as hostesses.

Mrs. Drake To Head HD Club

At the Thursday afternoon meeting of Friona Home Demonstration Club in the home of Mrs. Bessie Boatman officers were elected for the coming year. Mrs. Earl Drake was elected president.

Other officers elected to serve with her were Mrs. J. D. Sanders, vice-president; Mrs. Edward S. White Jr., secretary-treasurer; Mrs. Ralph Taylor, council delegate; Mrs. Ray White, reporter; and Mrs. Bessie Boatman, parliamentarian.

Members present were Mesdames Bill Morgan, Earl Drake, J. D. Sanders, Ray White and Edward S. White Jr.

Next meeting of the organization will be at 2:30 p.m. Friday, Sept. 25 in the home of Mrs. Bill Morgan.

Joel Landrum had a very unusual experience recently. He went deer hunting in Colorado and killed a deer with a bow and arrow.

WINNING FLOAT . . . The senior class of Friona High School took class honors for the fourth consecutive year with its float, entitled "Symbol of Unity." This class has won top honors with its float every year in high school.

BEST BEARDS . . . Winners in the beard-growing contest are shown with Maize Queen Sandra Reene. From the left are Lune Martin (prettiest beard); Gerald Shavor (shaggiest beard); Miss Beene, Irvin Weast, (longest beard) and Jim Lancaster (most unique beard).

TOP ENTRY . . . Friona State Bank's float, entitled "Better than Gold - It Feeds the World," was judged the top float in the commercial division of the Maize Days parade.

DOUG IS BAD NEWS

Cowboys Probably Glad That Dodd's A Senior

The Plains Cowboys are probably glad that Doug Dodd will be graduating this year. For the second straight year, Dodd played a major role as Friona scored a two-point win over the Cowboys.

Last year at Plains, Dodd ran a two-point conversion after Friona's first touchdown, and when the Chieftains scored the go-ahead TD, he added the final point in Friona's come-from-behind 15-13 win.

This past Friday, Dodd was the main cog in Friona's 9-5 victory. Dodd scored the Chieftains' only touchdown, was the leading ground-gainer with 144 yards on 24 carries, and climaxed the evening with a 32-yard field goal, to give Friona its second-straight come from behind win over the Cowboys. The win squared Friona's

all-time record against Plains at two wins for each team. Plains won the 1962 game here, 51-0, and in 1961 at Plains, 30-0.

Dodd's field goal ended what had been a night of frustration offensively for the Chieftains. Friona lost a total of four fumbles, each of which put an end to a potential scoring drive.

Luckily for Friona, the Chieftains played a stout defensive game, so that the Cowboys were able to convert only one of the fumbles into a scoring drive of their own. And for a long time, it appeared that the one touchdown would be enough for a Plains win.

The Chiefs held Plains after kicking off to the Cowboys. Friona made two first downs, with Milton Hargus ripping off an 18-yard gain on the first offen-

sive play. However, the drive bogged down at midfield, and the Chiefs had to punt.

Once again the defense held, and this time after two first downs the Chieftains lost their first fumble on an errant pitch-out by quarterback Jim Sneed.

After each team swapped punts, Plains had the ball near midfield and took to the air. The first pass was incomplete, and on the second attempt, Friona defender Danny Murphree picked off the pass at his own 20, received some good blocking and threaded his way upfield 50 yards to the Plains 30-yard line.

This was just the tonic the Chieftains needed. Sneed passed to Hargus for a seven-yard gain, Friona's only passing attempt. Then Dodd scampered 13 yards to the Plains 10, and

when he was hit late by a Plains tackler, Friona had first and goal at the five.

Dodd once again got the call, and the 170-pound bulldozer skirted right end, One man stood between Dodd and the goal-line, but he came out second-best in a head-on collision with the Friona flash, who made a three-point landing in the end zone for six points.

Then it was that Dodd, who had hit four kicking attempts in a row in the opener at Farwell, missed the placement after touchdown, the kick going off to the left.

Friona had an opportunity to make hay following the kickoff when George Rushing recovered a Plains fumble at the Cowboy 32-yard line. However, a 15-yard penalty set Friona back, and then the Chiefs lost the ball again on a fumble.

This time it proved costly. Plains halfback Greg Jones scampered for a first down on the Friona 47. Then the slippery 140-pounder, listed as only a freshman on the Cowboy roster, broke away on a 38-yard gallop, finally being arrested by safetyman Sneed at the Friona nine-yard line.

The Friona line held twice, but after a penalty against the Chieftains put the ball on the four, the Plains fullback, Joe Dan Cooke, bulled his way across for the score. Quarterback Jack Lowe split the uprights for the point-after, giving Plains a 7-6 lead that began to look insurmountable before the game was over.

Hargus returned the second half kick to the Friona 30. Then he broke loose once again on the first offensive play for 31 yards, but was hit, fumbled, and instead of a good scoring opportunity, Plains got the ball.

The Cowboys drove downfield, and aided by three first downs and a 15-yard penalty against Friona, reached the 12-yard line of the Chiefs. However, the Chieftain defense dug in, and Plains took the first crack at a field goal, but the

SIX FOR DODD . . . Doug Dodd, who was a thorn in the side of the Plains Cowboys last week, is shown getting past the lone Plains defender into the end zone for six points, giving Friona an early 6-0 lead. (Star Photo by Darrell Schwab)

CASS RAMBLES . . . Chieftain halfback Jerry Cass is shown returning a kick against Plains last Friday. Cass is surrounded by Cowboys Bruce Long, Fred Lowery, and Joe Dan Cooke. (Star Photo by Darrell Schwab)

AGAINST DIMMITT

Freshmen Kick Off '64 Schedule Today

The Friona High School freshman football team will open its schedule today at 6 p.m. with a game against Dimmitt at Chieftain Field.

Coach Mel Williams has been in the process of molding the 30-man squad into a team since the opening of school, and says they are ready for action.

One player who would have started at fullback in today's opener is away from school due to a sickness in his family. He is Ruben DeLeon. He will probably be replaced by Eddie Wood, who also plays quarterback.

Those out for this year's team include the following:

Ends -- Steve Brown; Ronnie Stevick; John Baxter; Jackie Claborn; Rick Hurst; Charles Bishop; Ronald Clausen; tackles -- Jimmy Allen; Jay Potts; Joe Moot; Randy Milloy and Sammy Bailey.

Guards -- Steve Taylor; Bobby Harper; Galen Brewer; Randy Ellis; Randy Baize; Lonnie Woodruff; centers -- Johnny McFarland and Jimmy Taylor. Backs -- Eddie Wood, Delbert Davis, Eddie Barker, Larry Graves, Ronnie Altman, Jimmy Taylor, Ruben DeLeon, Donald

FHS B-Team Scores Victory

Friona High School's B-team downed Hale Center's B-team, 6-0 in their season opener last Thursday at Hale Center.

Fullback Tim Rhodes scored Friona's touchdown on a three-yard run in the third quarter. Rhodes had a touchdown called back earlier in the same series of plays due to a penalty.

Coach James Anglin praised the Junior Chieftains' defensive work. He singled out Ted Renner and Mike Wooley as having good defensive performances. Wooley made five or six unassisted tackles, Anglin said.

Hale Center had as many as a couple of first downs several times in the game, but Friona was able to hold the Owls scoreless.

FALL TO WILSON

Longhorns Play First Home Game This Week

LONGHORN SCORE . . . Lloyd Bradshaw, Lazbuddie back, is shown scoring for the Longhorns in their 26-18 loss to Wilson last Friday. Lazbuddie entertains Whiteface this week.

Lazbuddie will attempt to even its season record at 1-1 tomorrow night when they host Whiteface in their first home game of the season, beginning at 8 p. m.

The Longhorns came on strong after falling behind 26-0 at Wilson last week, scoring three touchdowns to throw a scare into Wilson, which held on for a 26-18 win.

Johnny Mabry scored two of Lazbuddie's touchdowns in last week's game. He ran two yards for the Longhorns' first TD in the second quarter, and scored their final tally in the final quarter, picking off a Wilson pass and running 35 yards for the score.

Lazbuddie's other TD was scored by Lloyd Bradshaw, who

scattered 25 yards for the score.

Lazbuddie actually matched Wilson's touchdown production, but lost the game on conversions. Wilson also scored a safety (two points) to add to its total.

The Longhorns outgained Wilson, 341 yards to 282 in total offense.

Halfback Craig Schumann had

the longest run for Lazbuddie, a 69-yard kickoff return to set up Mabry's first touchdown. Coach John Malone said he was pleased with the play of quarterback Terry Parham, who went all the way offensively and did a good job.

Lazbuddie missed a scoring opportunity the first time it had the ball, driving to the Wilson two before losing the ball.

Coach Malone stated that Whiteface, this week's opponent, beat Meadow, 22-13 in their opener last week.

"We'll have our hands full, but the boys will be out for a win," Malone said. Theron Vaughn, who has had a stiff neck due to a hard blow in the Wilson game, may see limited action Friday.

CLOTHING THOUGHTS
Fall is almost here and interest in clothing by the "fair" sex is mounting.

One of the secrets of Smart dress, is the way a man or woman wears clothes.

Often the well put-together look can do more than money for one's appearance.

We all wear clothes, but it is what we wear and how we wear it that makes the real difference.

Grace with which one wears accessories add much to your attractiveness too.

Jewelry, for instance can be worn very effectively if various ways are considered. Beautiful, well chosen jewelry can also lose through the way it is worn.

Too much matching jewelry on one costume becomes monotonous and loses its appeal.

The big question is when, where and how much?

A pin or other accessory can emphasize good points and moods. Important thing is to have the contrast (or focal point of interest) at or near point you wish to emphasize, such as pretty hair, nice complexion or pretty eyes.

This helps create a dominate idea. Use less do-

minant and related colors to play down less attractive features such as big feet, unattractive hands or a little too large waistline. It's rarely advisable to use intense color on the hands, as the eye is focused on contrast and the movement of hands can distract from the over-all appearance.

PLANNING A WARDROBE?
When planning a fall wardrobe it is well to think through a few points when selecting new-design in garments to be worn.

First ask yourself, "what kind of an image do I want to create?"

Do I want to look taller, shorter, wider, or slimmer? There are ways of creating the kind of picture you wish to and color and how to make the application to ones self but it can pay off well in the overall picture that is presented day by day to the seeing public.

If you are interested in information on use of accessories, a bulletin entitled "Accessories Around The Clock" is available for the asking.

On The Farm In Parmer County

BY JOE VAN ZANDT
County Agent

This weather we had last weekend was certainly an abrupt change from our hot, dry summer. It certainly slowed our maturing cotton down, which at this point is getting real important to much late cotton in the county.

The time required from white bloom to open boll averages from 50 to 65 days. The date of our first frost occurs on an average around October 20. This late cotton sure needs plenty of warm days the next month to go ahead and make.

COTTON DISEASE
We have found some cotton fields lightly infested with verticillium wilt the last 10 days. Verticillium Wilt is caused by a soil-borne fungus.

The organism is generally distributed throughout the cotton belt and continues to spread into irrigated alkaline soils. Many commonly grown vegetable, ornamental, and field crops are susceptible to the disease so it should be of serious concern to all people who grow plants.

Verticillium Wilt can attack and kill cotton seedlings although the most frequently observed and most serious outbreaks occur in cotton at blossom stage and later. The first symptoms is a yellow mottling of irregular shape on lower leaves. These areas are usually bounded at first by the principal veins of the leaf. The chlorotic areas die and turn brown; newer leaves show the yellowing; lower leaves are shed; upper leaves and young squares are lost; older bolls fall; and finally the stalk dies during the course of disease development.

Sometimes the roots live and sprouts emerge from the base of the plant late in the season. A cross-section of a stem reveals a dark discoloration of the vascular tissues. Scattered cotton plants may be affected in a row of healthy plants and in other cases, many plants are killed over a large area.

Control of Verticillium Wilt is difficult in fields where

the fungus is established. The first consideration for control should be adoption of strict sanitation measures to prevent spread of the fungus to clean fields on diseased cotton plant material. Crop rotations with dry-fallow-deep-plowing grain sorghum or wheat - cotton will assist in reducing the disease. Certain cultural practices have influenced the severity of Verticillium Wilt. Excessive nitrogen fertilizer or inadequate potassium levels tend to increase the disease. A soil test is the best indicator of the proper fertility program if the grower uses no more nitrogen than recommended. Excessive amounts of irrigation water tend to lower soil temperatures, making the disease more damaging while losses can be reduced by having thick uniform stands of 5-7 plants per foot of row. Avoid heavy manure applications and excessive amounts of unrotted old crop trash.

No stripper type cotton varieties have satisfactory resistance.

There is no practical chemical control for Verticillium Wilt. Chemicals which eradicate the fungus generally cost too much for field scale use. In summary, a cotton producer should use extreme caution to avoid contamination of his soil with the wilt fungus. Having failed in this, losses to the disease can be reduced through crop rotation, wise use of fertilizers, good irrigation practices, and thick planting, 5 to 7 plants per foot of row.

HARVEST CHEMICALS
A meeting to discuss harvest-aid chemicals for cotton and techniques of application will be held Wednesday, September 23, at Muleshoe starting at 2:00 p. m. in the Bailey County Electric Co-Op meeting room. The affect on cotton quality, yields profitable use and preservation of quality will be discussed by Extension Specialist.

4-H Orientation Meeting Set

A 4-H Club orientation meeting will be held Tuesday, September 22 at 8 p.m. in the Friona School Cafeteria. All parents and boys and girls, age 9 to 20, interested in organizing a 4-H Club should plan to attend.

The program will consist of a film and discussion on 4-H club work and how to organize a club. The 4-H program will be explained in detail as much as possible by leaders and county Extension Agents.

The group in attendance Tuesday night will need to decide if they want to organize a 4-H Club in Friona.

In every county and state across the nation, a concerted push is being made to offer 4-H training to more boys and girls.

New programs and sponsors have been added in an attempt to bring to 4-H'ers areas of learning that will aid them in making vocational or higher educational career choices.

APPEARS HERE. . . Jack Price, center, Republican candidate for congress, admires Jim Dixon's "Goldwater handkerchief" during his visit in Friona Tuesday. Dixon is county Republican chairman. At the right is Johnny Gammon, Price's county publicity chairman.

Price Blasts Demos

Bob Price, Republican candidate for congress from the 18th District, charged in a speech here Tuesday that the Democrats have worsened rather than helped America in six major areas since they came into office in 1961.

Price spoke to a gathering at the Friona High School Auditorium. The appearance was sponsored by the Farmer County Republican party.

"Instead of the Democrats' slogan of 'let us continue,'" Price said, "the American people should be thinking 'let us begin anew.'" The G.O.P. candidate said the Democrats have overspent, dropped U. S. prestige abroad to a new low, cut back new weapons, poked the Government's nose into private affairs, condoned scandal and let Congress degenerate into a "rubber stamp."

Price said the Democrats have run up \$27 billion in debt during the past four years, have halted development of new weapons, forged shackles for American opportunity, let prestige sink so low 19 embassies have been stoned, and made Congress a doormat at the back door of the White House. He said the biggest plank in the Democrats' platform "was the one they made principle walk."

Quoting Lyndon Johnson's statement that he was going to "take the money away from the haves and give it to the have-nots that need it so much," the G.O.P. candidate said this characterized the difference between the two parties.

"My opponent has cast his lot with this socialistic Democrat platform, and the people of the district are rising up with a determination to elect a man who will represent the conservative views of the district," Price said.

Mayor Ray Cowser, of Hereford, will welcome the visitors. Music for the program will be furnished by the Whiteface Band of the Hereford Independent School District. Invocation will be by The Reverend Mr. Herschel L. Thurston, Pastor of the First Methodist Church of Hereford, and Benediction by Father Cletus McGorry, Pastor of St. Anthony's Church, Hereford. A color guard will be furnished by the Hereford Post of the American Legion.

Souvenirs of the dedication, including special gift packages of Holly sugar, will be given those attending.

Opening of the imposing plant complex will mark the culmination of several years of planning and effort to bring this new agricultural-industrial enterprise to Texas. The big plant has been named the Merrill E. Shoup plant in honor of the late Chairman of the Board of Holly Sugar Corporation.

SATURDAY, SUNDAY

Dedication For Holly Sugar Plant Upcoming

Dedication and public tours of the first beet sugar refinery in Texas, the big Holly Sugar Corporation facility at Hereford, have been set for the weekend of Sept. 19 and 20. It was announced today by Holly President Dennis O'Rourke.

Highlight of the weekend will be the principal dedicatory address by Governor John Connally at public ceremonies scheduled to begin at 10:30 a. m. Saturday, Sept. 19, at the refinery.

Immediately following the dedication program, conducted tours of the plant will start and continue through Saturday afternoon and again on Sunday from 10 a. m. until 4 p. m.

The public will be able to view some of the world's biggest and latest sugar-making equipment, and will see a number of the principal stations along the process route from the start with sugar beet roots to the point at which pure sugar crystals will emerge.

Actual sugar-making operations at Hereford are not scheduled to begin until harvest of the region's promising sugar beet crop begins on Oct. 1, but the public will get a view of the tremendous array of specialized machinery and equipment necessary in the processing of sugar beets and production of finished sugar.

In addition to Governor Connally, many national, state and local officials and dignitaries, including several members of Congress, have indicated they will attend the dedication.

The hour-long dedicatory ceremonies will be presided over by Mr. O'Rourke. Austin Rose, Jr., President of the Texas Sugar Beet Growers' Association, Inc. and President of the Deaf Smith County Chamber of Commerce at Hereford, will speak in behalf of all the sugar beet farmers who will supply beets for the Hereford refinery and for the business people of Hereford.

A new queen has been elected, the beard growing contest winners have been announced, the coffee pots have been cleaned and stored and the 1964 Maize Days celebration has been added to Friona's history. By the time you are reading this the welcome banners will have been taken down by the firemen, the trash will have been removed by city clean up men and the town will look much as it did before the big party began last week.

We had a lot of visitors from the surrounding area and some from out of town, Buddy and Phyllis Squires and sons, Larry and Buddy Gale, from Amarillo make an annual visit to Friona during Maize Days. Phyllis explained it this way, "This is the only day we can come to town and get to see just about everyone we knew when we lived here."

Visitors from Brownfield were Mr. and Mrs. Dille Kelley and children, Neal, Mary Beth and Marilyn. The Kelleys lived here several years. He was first principal and later superintendent of Friona High School and she taught second grade.

A number of Frionans hadn't seen the Kelley's youngest daughter, Marily, before. She is a very attractive young lady of about three. It was a pleasure to visit with this family.

Conversation preceding the queen's contest Thursday evening was predominantly about the weather and just about every conversation began with "Isn't it hot?"

About 24 hours later pre-football conversations were beginning something like this: "Isn't this the coolest evening you ever saw for the second football game?"

During the final quarter of the game most Friona fans were warm enough from cheering for the Chiefs who were coming out the small end of the horn in the scoring. When a field goal was kicked from quite a distance out and the local team led by two points, the roar that went up almost dispelled the cool temperature.

Moisture has been welcomed by farmers and merchants alike. Several days we had fog and mist with not much measurable moisture, but early Tuesday morning rain gauges begin to catch water and wheat land began to get a much needed drink.

All of us like to have some new crop maize by Maize Days and this time we even had two bales of cotton ginned. The first bale of cotton was ginned after noon Thursday and less than an hour later another bale was ginned.

Members of the Star staff appreciate the cooperation of everyone who had a part in helping us prepare our Maize Days edition and also the many nice things our readers have had to say about it.

Three items have found their way to the Star office and I'm sure the owners would like to have them back. One is a new Acme boot for a small boy, possibly a three or four year old. It is black with yellow and gold stitching and is practically new. The sole isn't even scuffed.

Then there is a pretty sheer head scarf. It has a pale green back-ground and has yellow and harder green squares, scallops and dots in it. It is also practically new.

Third on the list is a key ring with one key on it.

We will appreciate it very much if our readers will help us locate the owners of these objects.

4-H Meeting--

(Continued from page 4)

Friona Jaycees are sponsoring a pancake supper in the school cafeteria Friday evening. Let's all make plans to attend the football game and come in time to eat supper before going to Chieftain Field.

Every time you find a fault in a friend match it with one of your own and you'll decide all your friends are perfect.

are provided by business firms and foundations.

4-H Club work is voluntary and there are no membership dues. Members must agree to work on a project and want to learn by doing. Local adult leaders advise and encourage members in planning and carrying our projects.

The local club is the most important unit of the program. Local people determine its policies.

Club members learn to be independent, yet cooperative, and participate in a democratic society. 4-H work aids young people in useful happy living through "helping them help themselves."

Everyone interested in seeing a 4-H club organized in Friona should plan to be at the school cafeteria, Tuesday night.

A former salesman had been appointed to the police force. Returning from his first assignment, the Chief asked him, "How do you like the new job?" To which the new policeman replied, "Swell -- the pay is good, the hours okay, and the customer is always wrong."
