FORTIETH YEAR

SUDAN, LAMB COUNTY, TEXAS

THURSDAY, OCTOBER 1, 1964

NUMBER 31

## WOODWORK BY DALTON

I STILL don't know exactly how I feel about the Panhandle-South Plains Fair, but I decided I would write my opinions anyway. I'm especially qualified by virtue of not having attended the fair in several years.

Our kids wanted to go, and I really can't blame them, but the wife and I were busy and had a good excuse not to take them. Personally, I'd about as soon be shot in the head as go to the fair. (Well, hit on the head, anyway).

I feel sure that the fair has some good points, but mainly I've always felt like it's a big gyp. For the city of Lubbock, it does wonders, bringing in a lot of money. For the surrounding towns I can't see that it does much except give the school bands another place to compete.

Maybe I'm being unfair since I haven't been recently, but most exhibits bore me, and the crowds I can do without nicely. And the rides—which are the main attraction for the kids—were a terrific gyp the last time I went. Prices were high and rides were short, and the booths all were nearly impossible to beat.

One thing you can say about the fair—it is organized so that everyone is on their side. The news media all give them a lot of publicity and schools everywhere turn out just so people can take their money out of town and spend it.

Still, if they enjoy it, I guess they have a right to spend all they want to.

\*\*\*\*\*  
LAST WEEK'S football guesses weren't so hot. I missed five out of 12, but I did come close to guessing a couple of scores. I picked Sudan a 21-7 winner and it came out 20-6, and I picked Texas 21-0 over Tech and it was 23-0. For the year, I have 21 right, 10 wrong, .677 percentage. I'm gonna have to start picking more easy ones.

This week: Friona 22, Sudan 7; Amberst 14, Ropesville 13; Anton 26, Hart 12; Texas A & M 13, Texas Tech 7; Arkansas 12, TCU 8; Denver City 14, Littlefield 7; Texas 17, Army 7; Seagraves 35, Farwell 7 (Please note Mrs. Epinoza); Happy 22, Kress 13; New Deal 20, New Home 13; Sundown 26, Lubbock 7; Petersburg 50, Roosevelt 0.

Visiting Sunday afternoon in the home of Mr. and Mrs. R. E. Scott were Mr. and Mrs. Charles Heffington of Spade, Mrs. Clara Parrott and Mr. and Mrs. Earl Parrott of Littlefield. While here Mrs. Earl Parrott also visited her mother, Mrs. T. B. Adair.

Sudan's senior quarterback Mike Smith played the game of his life last Friday night, running for two touchdowns and passing for a third to lead the Hornets to a

20-6 victory over the visiting Sundown Roughnecks. Smith averaged 9 yards per carry, lugging the football 21 times for 188 yards. His first five efforts of the game went for 75, 9, 14, 11 and 13 yards. An equally glittering performance was turned in by Hornet tackle Kenzel May, whose deadly tackling from the linebacker spot has become so commonplace all season that Sudan fans are beginning to expect it.

The Hornets got a look at the finest running back they have faced so far this season in Sundown's Jimmy Morgan, whose slashing drives kept the visitors in the game almost singlehandedly.

This week the Hornets play host to a rough customer, the Friona Chiefs, a Class AA team which beat Farwell 34-7, Plains 9-7 and lost grudgingly to unbeaten Dalhart 14-0.

Smith scored first on the fourth play of the game Friday, racing 75 yards for a touchdown. HB Mike Bellar's kick was no good, and it was 6-0.

Both teams moved the ball well throughout the game, but mostly in between the 20 yard lines. There was no score in the second quarter and it remained 6-0 at halftime.

On the fifth play of the second half, Sundown's Morgan burst off the left side of the line and raced 72 yards for a touchdown which tied the score at 6-6. A running try-for points was stopped.

Sundown then drove to the Sudan 14, where Morgan was blasted loose from the ball by May, and Sudan guard Frank Cantu fell on the ball at the 17. Aided by two personal foul penalties, Sudan drove to a TD with Smith tossing a waist-high pass to FB Danny Masten for 10 yards. Smith then passed for 2 points to end Marcy Cantu, who caught it as he was falling down backward in the end zone.

### DEVOTIONAL

Scripture: Hebrews 2: 9-11, 17-18; St. John 6: 51; 10: 27-30; 15: 11-14.

I write and 'preach' and witness, because I cannot endure the thought that you may spend eternity in hell, and stand idly nearby doing or saying nothing about it. Jesus Christ, our Elder Brother, loves you, and I love you - I care about what happens to you. Christ cared so much that He gave His life that you and I might also live forever. I care so much that I cannot remain silent.

For I know the way of joy and peace and delight and love forevermore with God, our Father, and I must tell you about Jesus, who can give you all this - because I want you to know Him, too. What a Friend we have in Jesus!

Jesus died to save you and me from sin and its penalty. He came, He sought us, He died and arose and ascended back into heaven - all for us. Why? Because He loves you! We may be ever so sinful, but still God loves us. So He sent His only begotten Son to die for our sin, in our place.

God made hell for Satan and his followers. He did not intend for man to sin and follow Satan. But man is made in God's own image with a free choice of good or evil.

This is a simple explanation of the strait and narrow way that leads unto life: Repent (be sorry for your sin and turn from it and look at Jesus who loves and seeks you), and confess Jesus as your Savior and Lord, then follow Him. What a wondrous message this is to man. So which way will you choose? Where are you going?

Take Jesus, give yourself to Him now, and again you will belong to God eternally through Christ Jesus. For God made you, then when you gave yourself to Satan, God bought you and paid for your redemption from Satan with the blood of His Son - Yes, He loves man!

Choose Satan and sin (and you are choosing, for no man can be neutral) and you will suffer hell eternally. So I plead with you, as God's child not because I am righteous but because Christ is righteous - Choose Jesus, and live in His love and light forevermore!

A recent study forecast the social and economic outlook for Americans in 1970. There will be 210 million people, 20 million more than now. The average family will enjoy more than \$8,800 of spendable income - a rise of \$1,100. 10 million new cars a year will be normal,

compared with 7.5 million at present.

86 million Americans will be employed or looking for work, 10.3 million more than now. More than 25 million young people will enter the labor force. There will be fewer workers aged 55 to 64. People will be spending 70 billions a year on cars, TV sets, appliances, furniture, other durables - up 19 billions from now.

More than 7 million young people will be in college, up 2.6 million. High school enrollment will be up 20 per cent.

Colleges will have to spend 2.3 billions a year on new facilities to meet the enrollment boom - a billion more than now. Americans will continue to move west, by 1970, 37 million will live in

the Mountain and Pacific States.

Suburbs will continue to expand, central cities will be static. Farms will go on losing population, urban areas will expand. 140 million Americans, or more than 65 per cent, will live in 212 metropolitan areas - less than 9 per cent of the total land area.

This year's observance recognizes the 50th anniversary of the Cooperative Extension Service of which 4-H is a significant part. 4-H projects meet the needs of youth in both town and country. There are 27 different programs in which boys and girls can enter.

"There is a need for adult leaders in the county," said the County Home Demonstration Agent. Girls working on Foods and Nutrition are required to accomplish certain things in order to complete their goals. This project and others could lead to an award of a trip to Washington D. C., or National 4-H Congress in Chicago, or perhaps a college scholarship.

Some plans for expansion in 4-H Club membership is for each member to secure another member.

**Cool Dessert . . . Peanut Butter Bavarian**

It is not known for sure whether the molded dessert we call Bavarian really originated in Bavaria. But regardless of the name, it is known to Americans as a delectable mixture of custard, gelatin, cream and flavorings, all of which are blended together and poured into a mold of your choice. For extra-special flavor and added creaminess, make a Bavarian with Peter Pan Peanut Butter. Choose the style that says "smooth" on the jar. You'll find it's so easy to measure and blend into the egg yolks and milk. After the dessert receives a thorough chilling it will have a pronounced peanut butter flavor when you taste it. Certainly it's a dessert for all ages, so plan to serve it soon.

**PEANUT BUTTER BAVARIAN**  
(Makes 6 to 8 servings)  
1 envelope unflavored gelatin  
1/2 cup sugar  
1/2 teaspoon salt  
2 eggs, separated  
1 1/4 cups milk  
1/2 cup Peter Pan Smooth Peanut Butter  
1 teaspoon vanilla  
1 cup heavy cream, whipped  
Fresh Mint

Mix together in top of double boiler gelatin, 1/2 cup sugar and salt. Beat egg yolks, milk and peanut butter until smooth. Stir into gelatin mixture; cook over boiling water, stirring constantly, until gelatin is dissolved and peanut butter melts, 5 to 8 minutes. Remove from heat; add vanilla. Chill until mixture mounds slightly from spoon. Meanwhile, beat egg whites until soft peaks form; gradually add remaining 1/2 cup sugar, beating until stiff but not dry. Fold gelatin mixture into egg whites. Fold in whipped cream. Turn into 6-cup mold. Chill until firm. Unmold and garnish with mint.

There's ever walking side by side,  
To be accepted or denied,  
A right or wrong that fills each day,  
That never fails to come our way,  
A task that we're to live, to do,  
Is making choice between the two,  
We find it's one continuous fight,  
To always stand for what is right.
