

The Sudan Beacon - News

FORTIETH YEAR

THURSDAY, JANUARY 14, 1965

NUMBER 40

WOODWORK BY DALTON

HOMER MORRIS, who philosophizes from the store next door to the newspaper office in Sudan, allowed Monday that somebody must have goofed. When asked why, he explained: "This isn't any new year - it looks to me just like the other one did."

And we have to agree that in most ways, it does. Income tax forms arrived on the first day to remind everyone that things haven't changed. And to many, January has about the same appeal in relationship to the year that Blue Monday has to the week.

However, none of us should look on the coming year with apprehension. It's pretty easy to look upon our day-to-day activities with some dread, but it can be a better year for all of us if we try a little harder to show some zeal in whatever we are doing.

DID YOU EVER catch a fish with a tag on it? If so, your first reaction may have been that things are getting so regimented that even the fish have to have a license before you can catch them. However, that isn't the case. Those fish tags—little clips in a fish's jaw or yellow plastic thread in its side, furnish data to the Texas Parks and Wildlife Dept. biologists.

These guys use the information to determine how fast fish grow, how they migrate, etc.

It is reported that 724 persons have returned fish tags to the department since Sept. 1, 1962. Turning in the tags will get you a free fishing lure from one of several Texas companies.

DUE DEGREE—Hubert Lee Austin, former pastor of First Baptist Church, Sudan, will receive the Bachelor of Divinity degree from Southwestern Baptist Theological Seminary in Fort Worth Jan. 21.

LOCAL BSA CHAPTER PRESENTS BOOK REVIEW

The Vets Delta Chapter of BSA met Jan. 7 in the home of Mrs. Diane Palmer with Mrs. Paul DeLoach as co-hostess.

The program was a book review on "Dale Carnegie" given by Paul DeLoach.

Ann Cannon was elected the chapter Beauty Queen. She will compete for district queen at the district meeting to be held in Ft. Worth, Jan. 17.

Those attending were Mesdames Gena Martin, Donna Testerman, Ann Cannon, Betty Van Horn, Paul DeLoach, Joanne Bagley, Wayne Fisher and the hostess.

RUE JEAN HANCOCK TO GO TO RICE

Rue Jean Hancock, 16, a Sudan High School senior honor student, has been accepted for admission into Rice University next fall, one of 121 students already accepted by the school.

She is the daughter of Mr. and Mrs. W. E. Hancock. She and the other students were admitted under the provisions of an Early Decision Plan, a new system instituted at Rice for the first time this year. The plan allows students interested in applying to Rice University to submit their application after completing their junior year in high school rather than waiting until the middle of their senior year to file the necessary papers.

Approximately 450 students are admitted to the freshman class each year, and the selection is made on a highly competitive basis from a large number of well qualified applicants.

Rice seeks the student with a record of scholastic achievement and intellectual potential. The criteria used in an attempt to predict these qualities are: (1) high school records; (2) scores on the Scholastic Aptitude and Achievement Tests administered by the College Entrance Examination Board; (3) performance on the College Entrance Examination Board Writing Sample; (4) and the evaluation made by high school teachers, counselors and university representatives in personal interviews.

MULESHOE C-C BANQUET SCHEDULED

The 15th Annual Banquet of the Muleshoe Chamber of Commerce will be held Thursday, Jan. 14, at 7:30 p. m. in the High School Cafeteria with W. H. (Bill) Collyns, Editor of the Midland Reporter-Telegram and 10-year district vice president of the West Texas Chamber of Commerce, as speaker.

Outgoing, President Roger Albertson will yield the reins of the organization to Charles G. Lewis, dentist, other new officers and directors will be introduced, the "Outstanding Conservation Farmer" award will be made, and the high school music department will entertain with selections from "The Music Man".

SCHOOL LIBRARY GETS SHIPMENT OF BOOKS

Sudan elementary school has received about \$600 worth of books for classes through the sixth grade, according to Principal Bernard Wilson, who said students already are making use of the new volumes.

REV. HAZEL LEADS BIBLE STUDY

Rev. Willie Hesel led the Bible study from the Book of Genesis when the WMU of the First Baptist Church met Monday afternoon.

Others present were Mesdames L. F. Meeks, E. E. DeLoach, J. P. Arnold, John Ruth, Linda Hestlin, Halbert Harvey, Homer Morris, Oscar Vinson, Willie Hesel.

Rev. Willie Hesel, Rev. Mena Padillo and Homer Morris attended an Executive Board meeting and Baptist Women conference in Farwell Monday night.

Silverton Socks Sudan Teams

PRIZE WINNERS—Shown here is the first group of young Sudan citizens whose pictures were made recently for publication, including the three first prize winners. From left to right, top row: Paul Kent (first prize), son of Mr. and Mrs. Pat Kent, his sister, Kirt Kent, Chall Palmer (second prize), daughter of Mr. and Mrs. Bill Palmer, and Cindy Baldrige, daughter of Mr. and Mrs. Carol Baldrige. Bottom row: Ann Testerman (third prize), daughter of Mr. and Mrs. Harold Testerman, Donna Bulloch and James Bulloch, children of Mr. and Mrs. Max Bulloch, and Christie Wiseman, daughter of Mr. and Mrs. Buddy Wiseman.

The Sudan Hornets found the best net recently against Silverton last Tuesday night, but Silverton had even better results and handed the Hornets their second straight loss in district play, 72-65.

The Hornets, district champions for the last six years in a row, also lost, a 28-21 decision, after having led throughout the first half and after tying the score in the last period. The Hornets now are 1-1 in district play.

Six players—three on each team—hit in double figures in the boys game. Sudan had Corley Baker with 21, Mike Smith 19 and Danny Martin 15. Silverton had Greg Towe with 25, Freddie Stafford 24, and Joe Bruton 13. Sudan led 15-13 at the end of the first quarter, and trailed thereafter. The Hornets scored 23 points in the final quarter.

Last Friday, Sudan ran into a red-hot shooting team from Farwell, which hit a phenomenal percentage in rolling to an 82-54 win. Despite the margin, Baker led all scorers with 30 big points. Joyce Williams of Sudan scored 18 and Mert Mills of Silverton had 19 in Tuesday night's game. Last Friday, Sudan stopped Farwell girls 39-24 as Tanya Fox posted 22 points. Joann Rhodes had 19 for Farwell.

Springtime will come to Sudan Friday, and the local teams will journey to Kress next Tuesday.

SUDAN SEWING CLUB TO MEET THURSDAY

The Sudan Sewing Club will have its first meeting of the year when the group will meet Thursday afternoon in the home of Mrs. Martin Maxwell. Officers will be elected and names for secret pals will be drawn.

Baptist Men's Day will be observed Sunday, Jan. 24, when Roy Bass, lawyer and a Baptist layman of Lubbock, will be guest speaker at the local Baptist Church.

Jaycees, Teachers Set Basketball Game Monday

The Sudan Jaycees will take on the Sudan school faculty (plus one school employe's husband) in a regulation basketball game at 7:30 p. m. next Monday, Jan. 18.

Admission will be 50 cents for students and \$1.00 for adults, with proceeds to be used in jay-

cee activities such as Little League baseball, tennis tournament, and support of Sudan Cub Scouts.

Playing for the faculty, according to school officials, will be Wayne Potter, Henry Hall, Ralph Stewart, Joe Kent, Hank Brown, Calvin Vernon, Darrell Foster, Jimmy Alsop and Arthur

Nelson.

Playing for the Jaycees will be Joe Bellar, O'Don Bellar, Rex Foust, Jerry Foust, John Humphreys, Edward Fisher, Donnie Shannon, Jimmy Newman, Bobby Newman and Curly Allen.

Coaching the Jaycees will be Al Carlock and Dalton Wood.

Phil Gordon is Jaycee president; Harvey Galsby is first vice president; Fisher is second vice president; and Jacky Van Ness is secretary-treasurer. O'Don Bellar is interclub director, with Wood as public relations chairman.

FRIDAY DEADLINE FOR FARM INCOME GUESS

If you are a farmer who earned at least two-thirds of your 1964 gross income from farming, you should file your estimated Federal income tax return on or before Friday, Jan. 15, 1965, according to Elton W. Davidson Administrative Officer of the Plainview office of Internal Revenue Service. Form 1040-ES should be used.

However, a farmer does not need to file this estimate if he files his final return on Form 1040 and pay in full any tax due by Feb. 15, 1965.

Mr. and Mrs. Richard Powell were in Lubbock Monday to be with her father, Mr. Davis, who is confined to a hospital and is reported to be seriously ill.

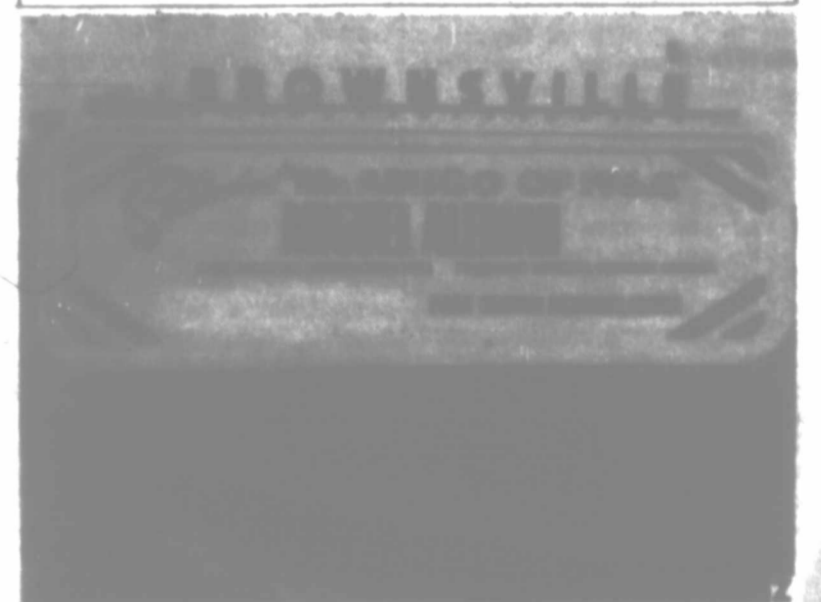

LADIES BIBLE CLASS MEETS MONDAY

Mrs. Joe Foster led the study from the Book of Romans at the meeting Monday afternoon of the Ladies Bible Class of the Church of Christ.

Present were Mesdames R. S. Gatzwood, Weaver Barnett, Mickey Blake, Quinton McCaghen, Joe Fisher, Beulah Wiseman, E. B. Nutchinson, C. E. Nichols, Bernard Wilson, Paul Mathews, Weldon Wiseman and Mrs. Holloman.

New Use For Billboards:

Hailing Foreign Statesman

Texas came up with a new and novel use for billboards recently. They were used to hail a foreign statesman, former Mexican president Miguel Aleman, who was chosen as the first "Mr. Amigo" by the Greater Brownsville (Texas) Commission.

Thirty-four of these billboards along the three main access routes to the International Bridge between Brownsville and Matamoros, Mexico, greeted the dignitaries and guests from Washington, D.C. and Mexico City as well as from the major cities of Texas and northern Mexico as they converged on Brownsville Monday in a 1,000-pass institutional dinner for Mr. Aleman. The "Mr. Amigo" award will be given annually to honor a leading citizen of Mexico who has furthered international understanding, promoted cultural exchanges and brought about a better understanding of the ideals, goals and purposes of the people of the two countries.

A business friend of the United States, Mr. Aleman is now president of the National Tourist Council of Mexico's Ambassadorial Commission. He is renowned in his own country as the founder of the "New Mexico" for the Mexican his presidential visit to Brownsville (1940-42) gave to Brownsville public works and cultural and educational projects, and the cultural life of the city.

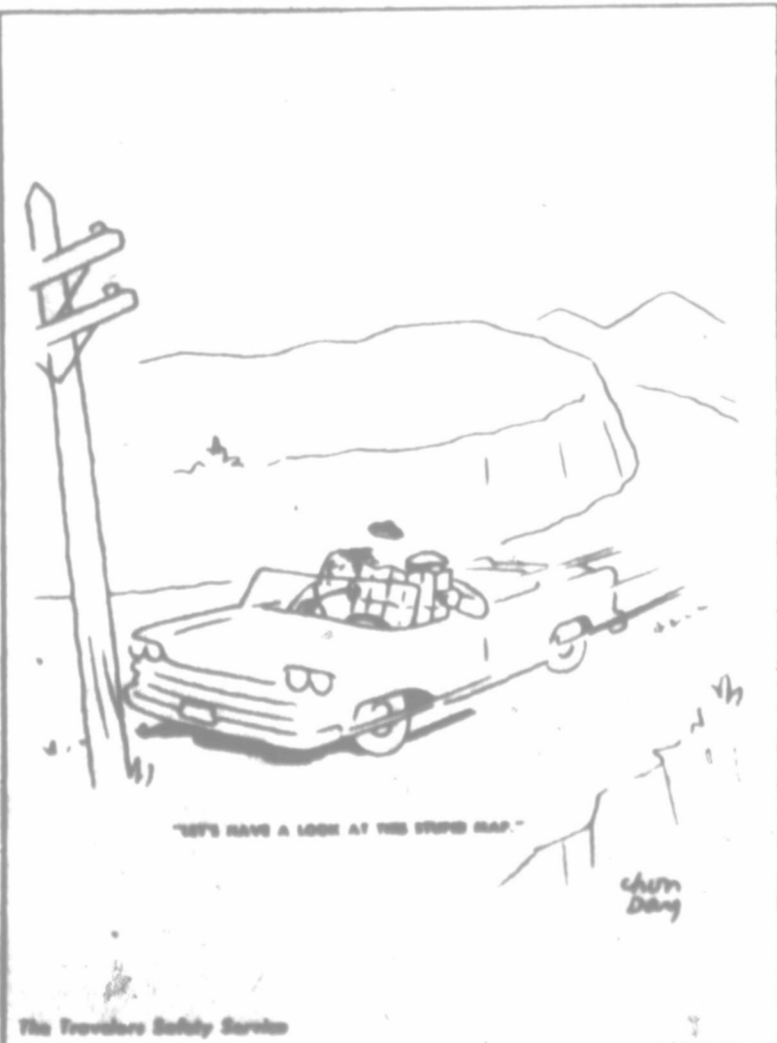

Illustration and speed are major causes of highway accidents.

Culture Is Topic

"Cultural Festivals of New Mexico" was the subject topic for the meeting of the 1964 Study

Club held Monday evening in the home of Mrs. Jack Riley.

Director for the evening was Mrs. E. D. Hill, who gave the topic, "The True Grander of history in these guidelines which contain the two greatest of the individual". Mrs. Hill read an article on "Freedom Not Given".

Mrs. Riley opened on the program and discussed the subject "New Nations of the World Who Have Gained Their Independence Since World War II".

Mrs. Hill presided at the business meeting and announced a dinner workshop will be held Sunday in Lubbock.

Present were Madeline Hill, Riley, May, W. V. Toney, J. S. Smith, Sam Wood, Max Bellch, Kenneth Wiseman, Gordon Taylor.

SUDAN RESIDENTS ATTEND HISTORICAL MEETING

Mrs. and Mrs. L. E. Slate and Mrs. S. D. Hay were in Amarillo Sunday to attend a meeting of the Historical Society Survey of Lamb County. Hosts and hostesses for the meeting were Mr. and Mrs. Lester LaGrange and Mr. and Mrs. Leo Payne.

Appearing on the program was Mrs. Randall Crawford who reviewed the book, "The West Is For Us".

Guests were present from Earth, Springlake, Olton, Littlefield, Sulon.

ARMY GUARANTEES CHOICE OF RECRUITS

Young men can even write their own ticket for travel, before enlisting in the Army, according to Sgt. Larry Hooley.

Those who can qualify for infantry, artillery or armor training can choose their overseas area - Europe or the Far East. What's more, Sgt. Hooley said you get the overseas area of your choice guaranteed—with no obligation on your part.

It's all part of the Army's choice - before-enlistment program, a program Sgt. Hooley said he would be glad to explain any time at his office, 1010 13th St., Lubbock, or call collect PO 3-2821.

Mrs. LeeRoy Young has returned home after undergoing surgery in Lubbock.

By Rosemary

Women have always known that while men may be stronger they are definitely not smarter. And now an internationally known male expert in occupational medicine is giving the distaff side the scientific evidence it has been waiting to hear.

At a recent international health congress, Swedish doctor Sven Forsman presented a report on intelligence tests showing equality in brainpower between males and females and rebuff of the traditional assumption that women are physiologically better qualified than men for certain jobs such as nursing or assembly line work. What is more some working women of our nation are lending practical support to Dr. Forsman's findings. Among them are the women railroad workers, baggage handlers, truck drivers, glaziers, plumbers, undertakers, doctors, dentists, lawyers, engineers, and even politicians.

Working women should take note of two economic facts. Last year, everyone working on an eight-hour day, put in two hours and 21 minutes to pay taxes. A further burden has been placed on the taxpayer by the increase in the federal civilian payroll. Senator Harry F. Byrd reports that the payroll has jumped from \$4.9 billion to \$9.4 billion in 10 years, with raises and upgrading more responsible for the rise than an increase in the number of employees.

New advances in gins allow women to sew and mend without using needle and thread. A creamy paste that comes in a tube mends, patches, sews buttons and

steps run in zippers. Future gins that will enable garments to be made without sewing are currently being researched.

The latest trend to wigs and wiglets is responsible for starting a new fashion in

headwear. One milliner with an interest in the wig business has combined hair and hats. Curis that match the wearer's own are tacked on to hats by means of sticky paper that attaches to the brims of hats. Now a girl can don a new hat and hair-do at the same time.

"There are 365 days in a year but more than 2,659 special days are designated for observance."

PERSONALS

Guests for dinner Friday in the home of Mr. and Mrs. Bill Curry were a number of Tech students who are friends of their daughter, Dyanne. Those present were Katy Robinson and Cindy Mowry of Dallas, Jim Swanger and John Amundson of Stockton, Randy Humphreys and Dyanne. Following the dinner the group attended the Farwell.

Julia girls basketball game. For two of the girls, Katy and Cindy, this was the first girls' basketball game for them to see.

J. M. Shetterworth has been seriously ill and confined to a hospital in Littlefield.

Mrs. R. H. Davis was ill last week and confined to a hospital in Littlefield.

The family of Lilla Belle Walker expresses their eternal gratitude for your many kindnesses evidenced in thought, word and deed during the long illness and death of our loved one.

THE STORY OF IRRIGATION...

LONG BEFORE THE ADVENT OF TODAY'S PLASTIC PIPE, EGYPTIANS CARRIED WATER FROM THE NILE IN JARS TO IRRIGATE CROPS AND BLAME THE THIRST OF THE PHARAO BUILDERS.

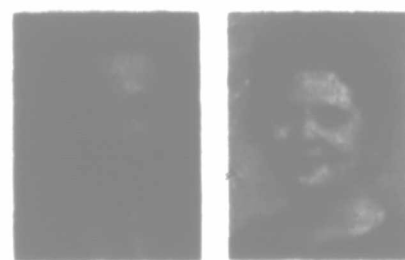

IN INDIA THE FIRST WATER-RISING MACHINERY WAS DEVELOPED. THE "DINGLI" CONSISTED OF A TOWEL WITH A BUCKET SUSPENDED FROM ONE END OF A CROSS-BEAM WITH A COUNTERPOISE AT THE OTHER.

TODAY IRRIGATION IS NO LONGER LIMITED TO THE DISTANCE MAN CAN CARRY WATER. IN TEXAS LAND IS BEING DEVELOPED BY A 135-MILE UNDERGROUND NETWORK OF BARNETT'S POLYVINYL CHLORIDE PIPE CARRYING WATER FROM A WELL 25 MILES AWAY.

Community-Minded 4-H Alumni Win 1964 Recognition Plaques

Mrs. Garner

Four living examples of pure citizenship have been selected by the Cooperative Extension Service for the 1964 Texas 4-H Alumni award.

Mrs. Lee Garner of Andrews, Dean Gantt of Waxahachie, Mrs. Charles Crober of Port Lavaca and Ben Stanley of Seminole, received burnished copper recognition plaques mounted on walnut from the Olin Mathieson Chemical Corporation, sponsor of the awards for former 4-H'ers.

Mrs. Lou Garner, a homemaker and substitute teacher, helped organize the first Young Homemakers Club, an auxiliary of Young Farmers, which is now a state-wide organization.

She has been president of home demonstration clubs and is a member of a garden club. She has worked enthusiastically with 4-H girls in Comanche and Andrews Counties. In addition, she has taught Sunday School for many years.

Stanley, currently district manager for the L. B. Foster Company, was appointed sales manager in a major corporation at the early age of 25. He was one of the pioneers in the sprinkler irrigation field.

In his present position he has successfully managed the company from a rather small beginning into a large industrial organization.

Stanley has served the 4-H program as an adult leader in

maker and mother of three sons, is quite active in church, school and community affairs in Calhoun County and surrounding area.

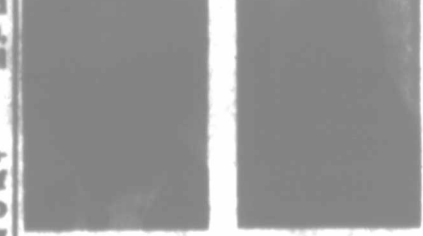

She has given seven years of continuous 4-H leadership. She has served her local home demonstration club in every office and has been on the Calhoun County 4-H Council for six years. She is a member of the 4-H committee of the Texas Home Demonstration Association.

Mrs. Crober has been PTA historian and for three years chairman of the women's division of the County Fair Association.

Stanley, currently district manager for the L. B. Foster Company, was appointed sales manager in a major corporation at the early age of 25. He was one of the pioneers in the sprinkler irrigation field.

In his present position he has successfully managed the company from a rather small beginning into a large industrial organization.

Stanley has served the 4-H program as an adult leader in

Stanley

beef projects and by judging at livestock shows in the region. He has spoken at adult leader schools in Gaines and other counties. He has assisted at the state level in securing higher salaries for Extension personnel.

His service to youth has extended to such groups as the M. S. Day Youth Center and the Texas Junior Foreword Association.

These four outstanding 4-H alumni are among 25 million former 4-H'ers in the 50 states and Puerto Rico.

'65 Chevelle by Chevrolet

Chevelle Malibu Super Sport Coupe

(discover the difference)
Find out what 350 hp feels like

in America's favorite intermediate size car

Next time you're feeling low, come on in and plunk yourself down in the bucket seat of a Chevelle Malibu Super Sport. Flick the ignition—bring that special-order 350-hp power plant to life. Then go find a road and try not to smile.

We think it's the greatest pep pill since weekends—and that goes for the other Chevelle V8's too. The 195-hp. And the 250- and 300-hp jobs we can order for you.

And of course if power doesn't sell you right off, maybe Chevelle's short turning radius and overall handling ease will. Or its Full Coil suspension ride. Or its all-vinyl, carpeted interior. Or maybe it's just plain old Chevelle value.

DEVOTIONAL BY HAZEL HOUSE

"God Loves Man"

Scriptures: Acts 2: 1-11; St. John 20: 19, 26; Matt. 28: 19, 20.

God in every era has provided a way for His witness to be present with man—and has given a confirmation to this witness.

For instance, after His resurrection and ascension back into heaven, Jesus Christ and the Father sent back to earth the person of the Holy Ghost on the day of Pentecost. The birth of the Holy Ghost was evidenced by: wind from heaven "as of a rushing mighty wind", filling all the house where the disciples were sitting; cloven tongues as of fire and they who had waited 10 days for the promised power, spoke with other tongues "as the Spirit gave them utterance". All these Galileans spoke in the different languages of each and every man present that day.

But these disciples needed a help, a visible messas to confirm that Christ was a living Lord, and the Holy Ghost witnessed to His presence, by power to continue the work of Christ, through His disciples.

Then, in our early frontier days of America, God provided a way to reach those frontiersmen, to meet their need to become aware

of God and His love for man. The Old Camp Meeting! No one planned the camp meetings—they were born out of the conditions which prevailed in that day.

Since God is the same yesterday, today and forever, I believe He will lead His church today to witness at His direction in such a way to confirm His presence, (anytime and any place they witness) that the world may know He is here in the world, and in the person of the Holy Spirit. The power of God is on earth.

But the Holy Ghost came, when the early disciples prayed, firmly and definitely believing what Christ had told them would happen, and waited 10 days for that power.

The Old Camp Meeting was born of the need of the wild, unlearned, dangerous and fierce frontier of America. But it came, after the old circuit-riding preachers, and men of God, prayed and suffered untold physical hardships, fought, and preached and bled and died for the cause of Christ—among and with the people.

So, what is the Church of Jesus

Christ, the Christian, doing today for the cause of Christ?

Today, as never before since Christ's ascension, we have spare of everything: the same Holy Spirit and the "inner witness" of our spirit with God's Spirit at His entrance into our hearts, because we believe in Jesus Christ, the Bible; the witness and testimony of all those who have lived and died (physically) in the faith (their joy and praise of God, and testimony of His power to keep His promise to never leave them, and that they would never see death); the worshipful atmosphere of the beautiful church buildings (the early frontiersmen had no church buildings); the evidence, also, of answered prayer; the miracle of a changed life, because God by His grace through faith changes a heart and gives us a new nature which is His own.

Today we also have freedom—cost a high price, but we have it. We have education, and we have material things beyond our ancestor's wildest dreams. We have, in America, food and shelter, and beauty in art and poetry, and music and fresh air; and, here in West Texas, space in which to live and look and grow.

Many other things too numerous to mention here are ours, but I would point out that today we have the finest-church-trained personnel, the most education (more educated ministers, missionaries, church board leaders, etc.), and the finest planned church programs for both local and world-wide Christian service. We have the finest in hymns and music, and church literature. And we have the most beautiful architecture and equipment in our church buildings.

So, since God and His power to save man is the same, His love for you and me is the same as when Christ died for sinners—does it not seem that the telling of the love of God, the Father, for all men, the saving power of Jesus Christ, and the joy of gaining eternal life—the revelation of a Savior from sin for each and every man and also hope for eternal life, is now up to the Christian?

Could it be that the world is saying the church is losing her influence and power, because of my, and your, lack of witness for Jesus? Could it be our home life and immoral conditions in America are caused by the lack of Christian influence and witness? What are you being for Christ—do you have a daily relationship and experience with

Him? Are you growing more like Him?

Could it be that Christians have become too busy working for money, bread and sleep, and fun and material comforts to "Mop and die" for the cause of Christ, if need be? Some Christians (Praise God!) are giving their lives, and the work of Christ goes on—but, oh, how many, many more witnesses we need to tell those who do not know Jesus, that "He loves you"; that you are eternally lost, or eternally found by your choice of whether you accept and follow Jesus as Savior and Lord.

The secret of witness is love—love of Jesus first and love for mankind, the grace and power is of God, the faith is of man; the way to seek and follow Jesus is love, prayer, reading God's Word, obedience and self-denial. God's power does the work through His own Children.

HOSPITAL REPORT

Patients this week in the South Plains Hospital at Amherst included the following:

- From Amherst—John Muller, Leon Robinson, Mrs. Lucy Nix, Mrs. J. S. Harmon.
- From Sudan—Mrs. Maggie Burdett, Henry Meyer, Mattie Testerman, Master Antonio Lopez, Willis Page, Mrs. Sarah Wright.
- From Levelland—Mrs. Opal Box, Mrs. Louise Whiteaker.
- From Olton—Mrs. Bill Price.
- From Muleshoe—Mrs. Joel Williams, and Baby Girl.
- From Earth—L. S. Griffin, J. D. Newton.
- From Friona—Paul Templeton.
- From Littlefield—Mrs. Leo Mann.

THOUGHT FOR MEDICATION

There's ever walking side by side.
To be accepted or denied,
A right or wrong that fills each day,
That never fails to come our way.
A task that we're to live, to do,
Is making choice between the two;
We find it's one continuous fight,
To always stand for what is right.

FOLLOWING THE BIRDS

Men, birds and fish have much in common. Take the matter of seasonal temperatures, for example.

With the approach of cold weather, those creatures that are able to do so move south for the winter.

The migration habits of fish, mainly the saltwater varieties, are as well defined as those of waterfowl or human sun-seekers, comment the fishing enthusiasts at Mercury outboards.

This nomadic trait causes fishermen either "feasts" or "famines," depending on the coastal angler's ability and inclination to follow his favorite sport to the temperate feeding grounds.

The "big prizes" tuna, sail fish, marlin and swordfish—all

drift south, some remaining in waters accessible to winter anglers, others crossing the equator to distant points.

The various and wide-ranging members of the Atlantic mackerel family, which migrate north in the summer, usually take up winter residence along the lower Florida coast. Pacific mackerel seek out the depths in cold weather, nearly disappearing altogether.

Except for a few resident fish which remain in southern Florida, winter sees almost total departure of the esteemed tarpon. Popular bluefish simply seem to vanish. Channel bass follow no regular pattern, moving off shore, inshore or fading from the scene for the season—depending on the locality. Some striped bass bask in the sun; others await spring under the ice. Sea trout may reverse the general trend by showing up in northern areas during the cold months.

Migratory fish have one trait in common. Prior to embarking for distant shores they feed heavily providing red-hot fishing for autumn anglers.

New Construction This Year Over \$24,000,000!

That's right! Reddy Kilowatt will invest \$24,607,000.00 this year, in the service area of Southwestern Public Service Company, as evidence of the faith we all share in a growing land that 100 years ago promised less but has delivered more than perhaps any other area in our nation. We'll be completing another large steam electric generating unit, adding new transmission and distribution lines with one view in mind—to give you better service at the lowest possible cost. You'll have, at the touch of your finger, all the power you'll need for a powerful area.

The Electric Company

Picture shows an example of modern construction methods. The aerial, truck-mounted bucket lift is being used by two linemen in a safe and efficient manner to construct a new 230,000 volt transmission line.

Save Money Fighting Colds with Baking Soda

When a cold catches up with you, don't despair. There's a simple way to ease and bear. The raspy throat, the sniffling nose. Without filling up with these and those Pills and potions which cost a heap: It's the old time remedy, tried and cheap. Baking soda which resides in cupboards. Unless they're bare as Mother Hubbard's. A half a teaspoon in a glass of water. And everyone from Dad to daughter. Will find as a gargle it soothes the throat—Or if drunk is a fast-acting antidote. To post-aspirin queeziness. You also can mix in the juice of a lemon. This combo helps fix the pesky cold symptoms which lay you low. With nothing to do but hack and blow.

Sudan	Jan. 19
Earth	Jan. 20
Olton	Jan. 21-22

Poll Tax Receipts May Be Obtained From The City Secretary Of The Above Named Towns FROM NOW UNTIL JAN. 31.

PERSONS WHO WISH TO VOTE IN 1965 MUST OBTAIN POLL TAX RECEIPTS BY JAN. 31, 1965.

RESIDENTS OF THIS COUNTY WHO WERE 60 YEARS OF AGE BEFORE JAN. 1, 1965 DO NOT NEED POLL TAX RECEIPTS OR EXEMPTIONS TO VOTE IN 1965.

HERBERT DUNN
Tax Assessor-Collector
Lamb County

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
To: Frank T. Camacho, Defendant, Greeting:
YOU ARE COMMANDED to appear before the Honorable District Court 154th Judicial District of Lamb County at the Courthouse thereof, in Littlefield Texas, by filing a written answer

at or before 10 o'clock A. M. of the 1st Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of February A. D. 1965, to Plaintiff's Petition filed in said court, on the 8th day of January A. D. 1965, in this cause, numbered 5708 on the docket of said court and styled Francis M. Camacho, Plaintiff, vs. Frank T. Camacho, Defendant.
A brief statement of the nature of this suit is as follows, to wit: This is a suit for divorce, alleg-

ing that defendant left plaintiff for more than 2 years prior to the filing of the petition in this said cause, with the intention of abandoning plaintiff, and with the intention of never returning to live with the plaintiff as his wife, alleging that there were 4 children born of the marriage of plaintiff and defendant, said children being Delfino Camacho, a boy, 18 years of age, Minnie Camacho, a girl, 16 years of age, Jackie Camacho, a girl, 15 years of age, and Ruby Camacho, a boy, 13 years of age, alleging that Delfino Camacho is 18 years of age, and Minnie Camacho and Jackie Camacho are both married and have homes of their own, and asking for the care, custody and control of Ruby Camacho, 1 of the minor children born of the marriage of plaintiff and defendant, and praying for general relief as is

more fully shown by Plaintiff's Petition on file in this suit.
If this citation is not served within sixty days after the date of its issuance, it shall be returned unserved.
The officer executing this writ shall promptly serve the same according to requirements of law, and the mandamus hereof, and make due return as the law directs.
Signed and given under my hand and the seal of said court at Littlefield, Texas, this the 8th day of January A. D. 1965.
Attest Ernest L. Owens
(Seal) Clerk, District Court Lamb County, Texas 1-14-65

Mrs. and Mrs. Ray Shaker and family of Abilene visited during the weekend in the home of her parents, Mr. and Mrs. Marvin Tolson.

Braille Makes Books Come Alive For Girl Aided by March of Dimes

It's very comforting for a certain little girl of 11 to know that four members of her family love to read to her anytime she asks, day or night.
Trouble is, to Susie's way of thinking, no matter how ready her parents and two sisters may be to read aloud to her, they seem to take forever to get on with the story. It took an entire week, for instance, to untangle why d'Artagnan and his three musketeers took a dim view of Cardinal Richelieu.
There're always interruptions such as mother's having to get dinner ready, or her sisters' boy friends phoning incessantly, or daddy having to go off to work.
But these frustrations will soon be a thing of the past. For Susie, who by now you will suspect doesn't see, is learning to read for herself.
Susie is the pretty daughter of Horace and Ella Edwards of Nashville, Tenn. She was born with hydrocephalus, or water on the brain, and is paralyzed below the waist. Surgeons at the March of Dimes Birth Defects Center, Vanderbilt University School of Medicine, Nashville, were successful in saving the child's intellect, and today her IQ is above average.
Unfortunately, however, the pressure of the accumulating fluid in the brain caused irreversible deterioration of the optic nerves. Gradually, sparkling noon became twilight, and two years ago twilight faded to total darkness. That is the way it will be for the remainder of Susie's life.
To save the intellect and to avoid mental retardation, and even save her life, "shunt" tubes were inserted into her skull on five separate occasions to drain off the blocked fluid. Then there was additional surgery for still other disorders. A long time was required for Susie to recover from all these operations. This meant that, even though her world was turning cloudier and dimmer, and a life without light lay ahead, there just wasn't

MR. JIMMY guides Susie's fingertips over dots and points. Sightless child is a patient at March of Dimes Birth Defects Center, Vanderbilt University Hospital, Nashville.

time to learn Braille during those long stays at the March of Dimes Center.
You could stretch a point though, and say that Susie is blessed in one way. She was not born blind, and at one time learned the alphabet as do normal children. She could read a little, too. This has now made memorizing Braille characters a less fearful occasion when Mr. Jimmy comes to teach Susie every Tuesday and Thursday.
She is blessed in still another way, which explains how Mr. Jimmy gets into the story. Susie is very firm and determined about learning the language of the sightless, and "reading" it swiftly. The decision was hers alone. All this relates back to its taking so long for her family to read aloud "The Three Musketeers" and "Alice in Wonderland" and the other stories.
Mr. Jimmy, otherwise James J. McCormick, is himself sightless. He is a professional Braille instructor provided Susie by

those county people downtown. To Susie, he's apparently also a very comical fellow who is always telling jokes that no one can understand. The two of them sit there quietly on the sofa, the lanky Mr. Jimmy with one arm around Susie to support her, and the books of Braille on his knees as he guides Susie's fingertips over the dots and points on the big page.
Then abruptly the two of them burst into gales of laughter which go unexplained to any one else in the house on Penneck Avenue. No doubt some private joke to be relished only by those who cannot see.
"Susie promised me a Christmas present," Mr. Jimmy says. "It took her four weeks to wrap it up prettily, but she had it all ready for me Christmas Eve when I came by for our lesson. In the short period of time—a stunning record for a child—Susie had memorized the alphabet we people must live by."

Mrs. Smith Leads Study

Mrs. J. E. Smith led the program "Spanish Americans" Monday morning at the meeting of the WPCS of the First Methodist Church. The study was the introductory to a church-wide study of Spanish Americans to get underway Sunday, Feb. 7. The studies will be held each Sunday during February and will get underway at 9 p. m. with a supper Sunday. Classes will be held for all grade school students with Junior and Senior high students to meet with

Garvin Hayes of Brown Implement Co., recently completed a factory training school of three days at Amarillo. This was held at International Harvester Co. The course of instruction covered the subjects of hydraulics and diesel engine service, plus shop management. The purpose of the school was to provide specialized education on farm tractor service.

So adults. Also a survey will be conducted. Those having part in the program Monday morning were Mrs. A. Johnson, Mrs. E. C. Meyer, Mrs. Joe Bart Meekham, Mrs. Tony Guston, Mrs. Bruce Newman, Mrs. Shelby Monte. They represented students from Puerto Rico, Mexico and Cuba. Others present were Mesdames C. M. Farnsworth, Rodney Nichols, Frank Lane, Jack Riley.

WEED CONTROL PROGRAM HELD MONDAY EVENING

Carol Balbridge and Richard Powell, Sulist Farm Supply, were hosts Monday night for a Triffin Weather Proof weed control program when movies were shown local farmers attending.

Attending a weed control meeting at the Koko Palace in Lubbock last Thursday were Balbridge, Powell and Tom McKenzie.

PERSONALS

Mrs. Waymon Bellar has been ill and confined to a hospital.

Mr. and Mrs. Jack Van Nem were in Anson Sunday, Jan. 3 to attend the funeral services of his mother, Mrs. W. M. Van Nem. Also attending the services was Jacky Van Nem.

SCHOOL MENU

Monday, Jan. 11—Pork chops and eating, buttered beans, green lima beans, hot rolls, butter, vegetable salad, milk.

Tuesday—Fried chicken and cream gravy, mashed potatoes, french fries, hot rolls, butter, milk, fruit salad.

Wednesday—Italian spaghetti, buttered corn, cut green beans, hot rolls, butter, oatmeal cookies, applesauce, milk.

Thursday—Brown beans, potato salad, buttered spinach, cornbread, milk, banana pudding.

Friday—Veg-o-rama, crackers, luncheon meat sandwiches, pickles, milk, cherry cobbler.

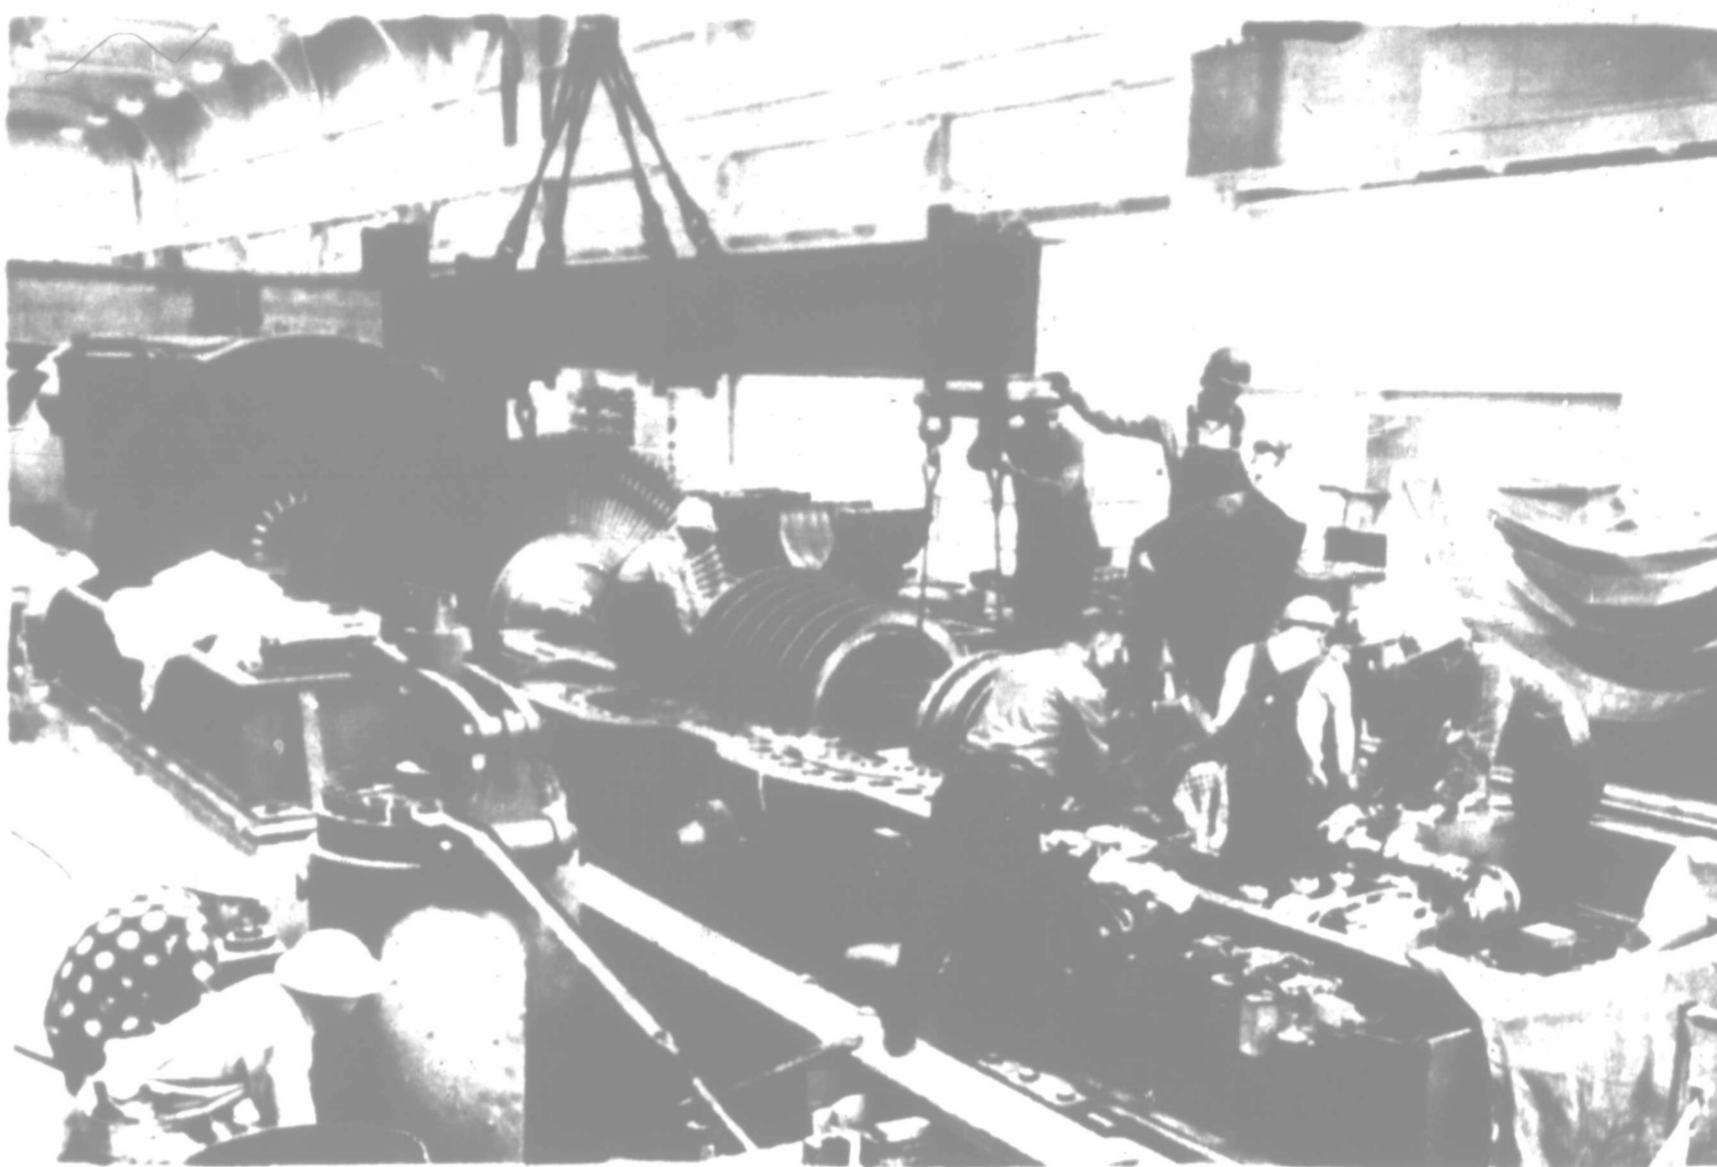

PERSONALS

Mrs. J. W. Olds and Mrs. Rodney Nichols were Lubbock business visitors Monday.

Mr. and Mrs. Byron Lynn and Byron Roby visited during the weekend in the home of Mr. and Mrs. Pat Christal in Amarillo.

Mr. and Mrs. R. D. Kamp are vacationing in Hot Springs, Ark.

Mrs. J. W. Douglas of McKinney has been visiting in the home of her daughter, Mrs. Guy Walden.

EXPANSION PLANNED—One of the major investments in the 1965 construction program of the Southwestern Public Service Company is a new 210,000 kilowatt generator, which is being installed at Cunningham Station, west of Hobbs, New Mexico. The new unit, pictured under construction, is scheduled to be in service in mid-1965. Southwestern Public Service Company's 1965 improvement program calls for an investment of \$24,607,000 in new equipment, second largest construction budget in the company's history.

What to do until an emergency happens

Emergencies have practically no sense of fair play. And almost always pick the worst possible time to happen.

People seem to prefer the day your insurance lapses to trip on your sidewalk, for example.

And the car usually waits until your bank account registers empty before demanding expensive repairs.

There's no fighting it. But you can be ready. By tucking away some reserve funds in U.S. Savings Bonds.

Bonds, themselves, are emergency proof. You can't lose the money you invest in them, even if fire, flood,

robbers or plain carelessness causes you to lose the Bonds.

And when something expensive happens, you can just take them into any bank and get yourself solvent again.

In the meantime, Uncle Sam uses your Bond dollars to handle other urgent matters, like taking care of your freedom.

Buy Bonds where you bank or on the Payroll Savings Plan where you work. Get yourself really prepared and you might even discourage a few emergencies from ever happening.

Keep freedom in your future with

We wish to express our sincere thanks to the Sudan and Littlefield fire department and our many friends and neighbors, who helped get out the fire at our residence last Tuesday. Again our "thanks" to all.

Mr. and Mrs. H. G. Boyles

brother-in-law, Chesley Schlangen. Others attending the services from Sudan were Mr. and Mrs. Raymond Maxwell, Mr. and Mrs. Sherry Gage, Mr. and Mrs. E. A. Farmer.

Rev. Jack Riley attended a District Methodist ministers meeting in Hale Center Tuesday.
