## WOODWORK BY DALTON

THERE'S THIS fellow in Denmark who has formed his own political party. He calls it the "Return Party" and at last report was the organization's only member. This should cause no landslide at the polls, but the party founder, one Ove Becker, does have a couple of plans in his platform which are interesting.

For one thing, he proposes an intelligence test for anybody seeking public office. He does not say how much intelligence a candidate should have, but he presumes the candidate should have some, which would eliminate several who have been on the ballots in this country.

More interesting, perhaps, to many expanding Americans is his proposal to tax fat people. Becker suggests the tax on obesity replace the income tax and sales taxes. For every two pounds of overweight, citizens would hand over one hour's pay every month. On the surface, this perhaps seems unjust. But it just might provide the incentive for the millions of dieters to stick with it and avoid the gorging binge which usually signifies the end of another diet.

However, just so we faties wouldn't be discriminated against, I feel there also should be an equal tax on skinny ones on the per poundage underweight.

There aren't nearly so many of these, but occasionally I hear of someone trying to put on weight.

What a glorious project that must be.

NOTE TO IRATE READER: I sign my opinions. Don't you have the courage to sign yours?

LAST WEEK, from 17 games selected, I missed the winners on three. I am proud of my choices of Baylor, Georgia and SMU as winners, as none was favored. I am most un-proud of choosing Houston, which lost 36-0.

If the blocking improves, I believe Sudan can pull a surprise over Sundown this week, and I think the Hornets can do it, by about 14-7. Amherst should continue to win, but Bovina will be rugged, and might upset the Bulldogs. Say Amherst by 6-0. Otherwise: Amherst over Flinders, Monterey over Milland, Handed over Littlefield, Abomby over Post, Tulsa over Dismitt, Hale Center over Oton, Springdale to mander Bouscort, Evan over Pottsburg, Huggy over Silverton, Texas A & M over Georgia Tech, LSU over Rice, Arkansas over Tulsa, SMU over Illinois, Baylor over Washington, Texas over Texas Tech (14-7), West Texas State over Baylor Green.

Mr. and Mrs. Lee Ray Fisher on the parents of a new daughter, born Sept. 25 in a Littlefield hospital. She weighed 6 pounds and has been named Melissa Deane.

Mr. and Mrs. Jerry Deason of near Needmore, has a new son, Randall Scott, born last week in the Littlefield Hospital.

### AREA STUDENTS RECEIVE FAIR TICKETS

More than 100 South Plains and eastern New Mexico schools received 100,000 free admission tickets to the Lubbock South Plains Fair this week. The tickets were distributed to public, private and special schools. In addition, special invitations were mailed to all faculty members.

"Area School Day" will be observed on Sept. 27, opening day of the fair. At that time, more than three dozen area high school bands will be in Lubbock to participate in the annual "Fare of Bands", which officially opens the fair at 10 a. m. Monday.

Fair officials said livestock entries are arriving daily and a new record has already been set in swine competition. More than 20 workmen are busy readying the grounds and facilities.

Times also have been announced for free demonstration flights of Bell Aerosystems' RocketBelt. The exhibitions will be presented at 2, 4 and 10:15 p. m. on Sept. 27 and at 2, 5 and 10:15 p. m. Sept. 28-29.

The RocketBelt is believed to be the only workable one-man propulsion system in the world and comes to Lubbock after a series of successful demonstrations from coast-to-coast in the United States, from Canada to Mexico, and in France and Brazil.

Other features of the fair include the return of "Holiday on Ice", NASA models of the Gemini space capsule and Lunar Excursion Module, industrial arts and hobby shows, wildlife and Navy missile displays, special kiddie rides and the popular junior parachute jump.

A record-breaking attendance of 250,000 is expected.

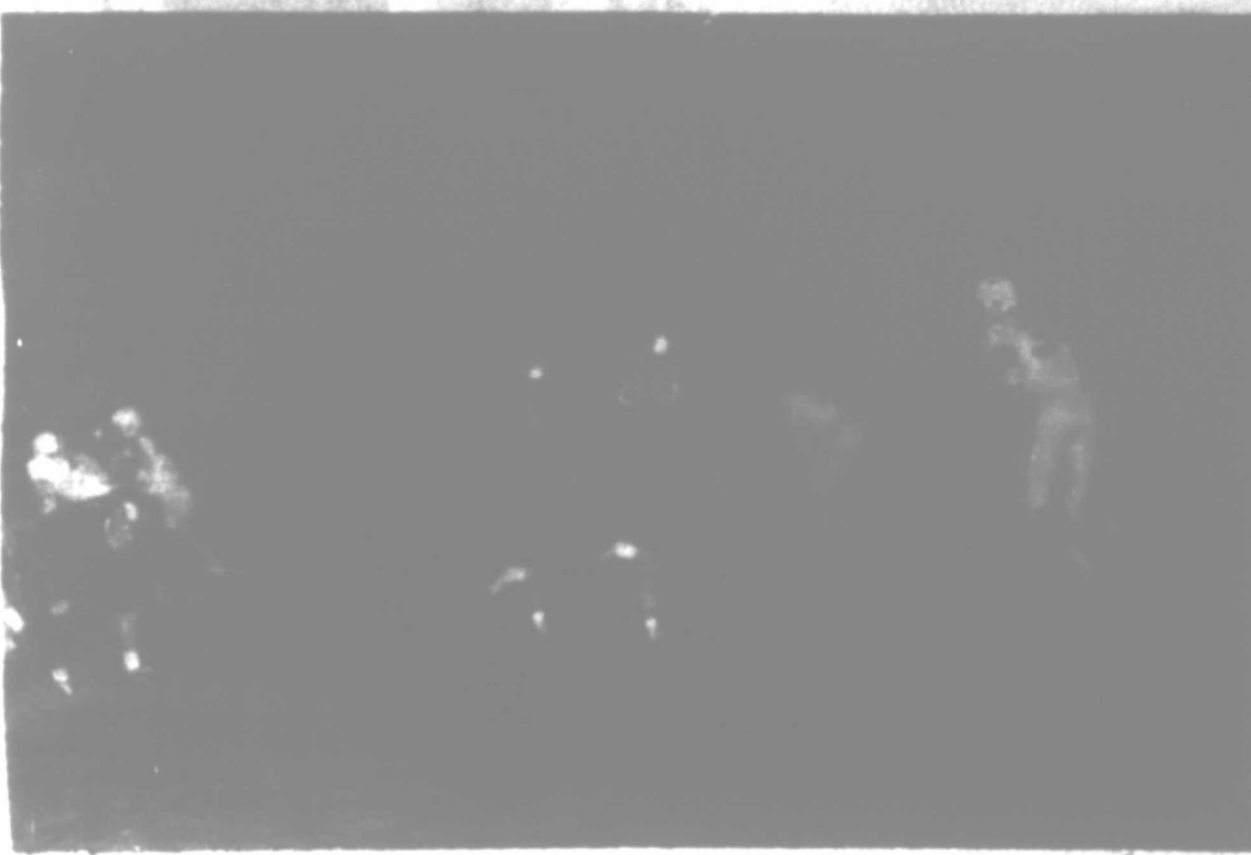

**CRAIG R. WALSER** - Airman Craig R. Walser, son of Mr. and Mrs. Buford E. Walser has been selected for technical training at Sheppard AFB as communications wiring specialist. He is a 1965 graduate of Sudan High School.

## Bulldogs Too Much For Hornets, 14-8

By MELVIN HODGES

In foggy weather Friday night, the Amherst Bulldogs kicked-off to the Sudan Hornets to begin the battle between top rated teams. The Bulldogs traveled to Manton Stadium Friday night with the intention of leading Sudan and did just that with a 14-8 victory over the Hornets.

Gary Cotwood, QB for the Hornets received the kick-off and traveled to the 25 yard line to begin the game. During the first three downs, the Hornets were able to move the ball for only 3 yards. On the fourth down, Carley Baker punted the ball down to the Amherst 22 yard line.

After receiving the ball, QB Mike Hodges of the Bulldogs took the ball on the first snap.

Soon QB James Matthews and company took the ball for the first touchdown of the game. Matthews again took the ball and flew over the goal line to add two extra points in the first TD making the score 8-0 in the early part of the first quarter.

In the second quarter, both teams engaged punting plays with their punting plays. Amherst QB Matthews attempted three punts in the second quarter, but all three punts were incomplete. Sudan QB Matthews attempted four punts in the second quarter, completing one 13 yard pass to Baker. Two of his punts were intercepted and one was intercepted by Billy Shuffell, end on the Bulldog team. Just as Shuffell intercepted the Amherst pass, the line blew ending the first half of the game.

Following the half time activities in Manton Stadium, the Hornets kicked the ball to the Bulldogs to begin the third quarter of play. The Hornets defense held the Bulldogs to a narrow 3 yard gain in the first three downs. Shuffell wanted a long punt for the Bulldogs and the Hornets took possession of the ball in Bulldog territory.

Determined to cross the goal line after receiving the ball, the Hornets marched 50 yards with the ball and came within one foot of crossing the goal line for a score. The Bulldog defensive line, however, held the Hornets back, and Shuffell lost the ball to the Bulldogs on downs.

In the fourth quarter, the Hornets came back with the same determination to score and with the fine punting arm of QB Hill the Hornets were able to score a TD in the early part of the fourth quarter. The TD play came about when Hill threw a long pass to Marjorie Sells who scampered 25 yards to cross the goal line. The Hornets then tied up the game when Hill booted the ball to Baker who danced across the line for the extra two points.

The score did not stay tied up long, however, because HB Hodges caught the kickoff from the Hornets and ran 80 yards for the second Bulldog touchdown. Hodges once again took the ball, but was pulled down when he tried for the extra two points. The long 80 yard run was the last score of the game with the final score, Amherst 14, Sudan 8.

Statistics for the game were Sudan rushing, 135 yards; Amherst rushing, 230 yards; Sudan punting, 67 yards; Amherst punting, 0; Sudan gained 50 first downs to Amherst's 8. Sudan punted into the end zone and Amherst punted twice.

Friday night, Sudan will travel to Sanderson to challenge the Roughnecks. Amherst will host Bovina in the Bulldog stadium. All local activities are urged to support the team in this season's football games.

## 125 Attend Math Course

Some one hundred and twenty-five people were present for the first Modern Math Class for Adults taught last Thursday evening by Mr. L. H. Tittle, Amherst.

The second class will be held tonight (Thursday, Sept. 23) from 7:30 to 9:30 p. m. in the school cafeteria.

Those unable to attend the first class are urged to be present for this second class. The course is being sponsored by the Sudan PTA and is free to all those wishing to attend.

Other activities of the PTA including the Get-Acquainted Coffee being held this week have been well attended. Parents are invited to these coffees to become better acquainted with the teachers.

## Mrs. Penney Rites Set

Funeral services for Mrs. Bertha Pearl Penney, 65, who died at 7:30 a. m. Tuesday in Medical Arts Hospital in Littlefield, will be held today, Thursday, at 2 p. m. in the First Baptist Church.

Mrs. Penney had lived in Sudan for 15 years where she was a member of the First Baptist Church. She and her husband operated Sudan Laundry.

The Rev. Willie Hanzl, pastor, will officiate and burial will be in Sudan Cemetery.

Survivors include her husband, H. C.; four sons, W. H. and J. C. of Lubbock, C. C. of Albuquerque, W. D. of Littlefield; three daughters, Mrs. Helen Churchman of Sudan, Mrs. J. Tullington of Lubbock, Mrs. Joe Hart of Austin; a brother, Oscar Whitehead of Sanger; four sisters, Mrs. Elva Carter of Mineral, Mrs. Helen Shultz of Pottsburg, Mrs. Frankie Hooley of Gainesville; 16 grandchildren.

### LOCAL YOUTH RECEIVE READING CERTIFICATES

The Texas State Library is proud to announce that 14 Sudan area students have earned Texas Reading Club Certificates for having read 25 or more books during the summer. They are Mary Giffels, Debbie Churchman, Gwen Churchman, Helen Black, Lydia Gunn, Susan Black, Sue Tompkins, Debra Hall, Pamela Seefeld, Leola West, Lory Thomas, Justice Cannon, Dana Black, and Craig Hagan.

the new health project. Bill Hines, Springdale superintendent, reported on legislation.

Refreshments of cookies and coffee were served to approximately 50 guests, including school nurses from each unit.

The next bi-county council meeting will be November 2 in Sudan.

Those attending from Sudan were Mrs. R. C. Williams, Mrs. Bob Davis, Mrs. Jack Riley, Mrs. Harold May and Bernard Wilson, grade school principal.

### PERSONAL

Mrs. C. M. Parnaux and her sister, Mrs. Tom O'Brien of Fort Worth left the first of the week for Las Vegas, Nevada where they were to attend a golf tournament to see Mrs. O'Brien's granddaughter, Sandra Hoyale of Fort Worth, participate in the games.

### 17 RURAL ACCIDENTS INVESTIGATED IN AUGUST

The Texas Highway Patrol investigated 17 rural traffic accidents in Lamb County during the month of August, according to Sergeant D. E. Jensen, Highway Patrol Supervisor of this area.

These wrecks accounted for eight persons injured and an estimated property damage of \$64,805.00.

The rural traffic accident summary in Lamb County for the first eight months of 1965 shows a total of 76 crashes resulting in two persons killed, 28 persons injured, and an estimated property damage of \$64,805.00.

September 1, 1965, marked the beginning of the new motor vehicle inspection period for all Texas motorists. "With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead", the Sergeant said.

## Shower Honors Bride-Elect

Miss Glynis Merton, bride-elect of Al Harrison, was honored with a bridal shower Saturday, Sept. 11, at the home of Mrs. Wayne Brown.

In the many gifts received, the hostess gift was an electric mixer.

Guests were registered by Mrs. Danny Merton and Mrs. Gary West. Mrs. Nathan Rich, Mrs. Gayle Brown, Mrs. Donna Cowart and Miss Jane Newman presided at the serving table and registered the gifts.

Hostesses were Mesdames T. P. Wingo, Wayne Brown, Jim Brady, Nathan Rich, R. L. Williams, Gayle Brown, Bruce Newman, F. M. Smith, Bob Davis, Joe R. Matthews, O. C. Durall, Robert Taylor, O. L. Hubbard of Littlefield and brother of Bill Hunter of Sudan, received a bachelor degree in School of Business Administration, majoring in finance, from Texas Tech on August 21, 1965. He is presently employed in Dallas by the United States government.

# JR IN HORNETS LOSE ONE, TIE ONE

The Tulsa Seventh and Eighth grade football teams last one and tied one in Friday Tuesday night. The seventh grade team was defeated by a score of 6-0. Coach Wingo stressed that this was the first game that these boys had played and prospects for future games look good. John Vaughn and Steve Edwards both played outstanding games on defense.

Returned the high was against the eighth graders from the start when Alan Black received a broken leg on the opening kick-off. After an hour delay, the game resumed but ended in a tie, 16-16. Jerry Bellar scored two touchdowns for 12 points while Billy Gove went over for two points and Larry Haman accounted for two more.

Defensive standouts during the game were Pat Minyard and Billy Gove. Coach Wingo commended all the defensive team for a good game.

This gave the Eighth grade team a season record of winning one and tying one with no losses as they defeated Amherst last week 28-6, to open the season. In the game against Amherst, Jerry Bellar took the opening kick-off and ran 70 yards for a TD. Bellar scored two more times, for a total of 18 points, Billy Gove scored a TD and 2 points after and Larry Haman went over for two extra points.

Defensive standouts were Randy Pierce, Van Wallace and Jerry Bellar.

Wingo reported that approximately 45 boys are participating

in Junior High football. This is the largest number in several years. He states that prospects for a winning season are very good.

After meeting Amherst, the two teams will enter into conference play. Games for both teams are scheduled and time for the games is tentatively set at 4:30 p. m.

Schedule for the remaining games is as follows:

Oct. 1  
Sept. 26—AMHERST  
Oct. 14—SPRINGLAKE  
Oct. 21—at SILVERTON  
Oct. 28—at KRESS  
Nov. 4—FARWELL  
Nov. 11—at HALE CENTER

## CHILDREN PRESENTS ROTARY PROGRAM

James Arnold, Vice President of the First Methodist Church in Tulsa, was in charge of the week's Tulsa Rotary Club program. He had as his guest to present the program, J. E. Chisholm, owner of Chisholm Studio in Littlefield.

Children told the group of Rotarians that had met in the First Methodist Fellowship Hall some things that small towns can do to encourage the town residents to shop downtown and how small towns can attract industry. He used the recent remodeling project in downtown Littlefield as an example. He went on to say that any town, no matter how small, if it expresses the right spirit can do something to invite industry to come into the town.

Persons visiting yesterday during the Tulsa Rotary Club meeting were Ben Kellian, representing the Boy Scouts from Lubbock, Glenn Long, and Don Rompa.

THE HUNGRY THREE—who are better known as "Gomer," "Crowd," and "Clyde," will be one of the inmate musical groups featured during the 36th Annual Texas Prison Bodeo held in Huntsville each Sunday in October. They will appear at each performance. Showtime for the wild and wacky event is 2 p. m. with a special entertainment roundup beginning at 1 p. m. in the prison stadium.

## Long Vacations

I don't blame folks for writing angry letters, when they have been offended—the wrong is in mailing them. Carl C. Wood, The Plain (Texas) Record.

"People who have an hour or so to spare usually look up someone who hasn't."

A month's vacation for long-time employees is fast becoming standard in business and industry.

Two-thirds of America's manufacturers now give four weeks' paid vacation or more to employees with at least 20 years service, compared with only 16 per cent of the companies in 1956, according to the National Industrial Conference Board.

Employees are also getting more paid holidays. About 30 per cent of the plants close for eight holidays a year, compared with 10 per cent that closed in 1956.

BY HAZEL HOUSE

ALL THINGS ARE POSSIBLE

Scripture: St. Matthew 9:21-22; 8:26.

We have written and talked almost as much about faith as we have about prayer, and sometimes we know less about faith than about anything else.

What do you know about your own faith? You may say, "What would you have me to do—go out and do something to find out about my faith?" That is exactly the right thing to do, but not like you would probably mean. Do something that shows you have faith, and God will do the testing and trying, and He will give you more faith if you want it and ask for it. Never fear, God always does His part, if you are willing to let Him.

The devil and sin causes many terrible and heartbreaking things to happen to us in this world, but Jesus is always there with us wherever we are. If we suffer, He suffers, and as we hold on to Him by faith, He takes care of us and our needs.

Our trust in Him is what He asks of us, and wants from us, even when we cannot see our way into the future (we see through a glass, darkly). We know that He knows all things and when His thoughts and ways are not our ways, our part is simply to trust Him and go His way, letting Him guide us with His eye as He has told us He would.

Faith? Do you honestly believe God and trust Him to do what He tells you He will do? Really ask yourself this question.

When Jesus said, "Thy faith hath made thee whole," He meant just that, but we have covered up His simple meaning

and cluttered up our single-minded thinking about it, until sometimes we are just talking a lot of words about faith, without much knowledge of what faith is.

Jesus meant faith in God to be the same yesterday, today and forever! In the same love that made Him come down in Jesus to show us that He loves us enough to pay off for us our debt of death; the same power that caused the waters of the River Jordan to roll back and let God's chosen people of Israel walk across on dry land. Faith in the same God who was interested enough in an unknown woman (whose only claim on God was that she believed Jesus was the Son of God, and could heal her), to turn about and look at her and give her an open answer to a secret request. Do you know Jesus like that?

Do you want to see and know God who created all things? Then get your Bible and look at Jesus in prayer and He will reveal the Father unto you. I know He will, because He has revealed Him to me and because He said He would in St. Matthew 11:27.

Faith in God is necessary for a peaceful life now, and for life eternal. Because only when you have a secure faith in God, will you have faith in yourself, His never forgotten beloved masterpiece created for His own fellowship. Then faith in your fellowman, and you will be able to stand like a tree planted by the rivers of water, immovable in this time when the devil continues to seek us. For Satan is seeking to take us away from

**LAND COUNTY RED CROSS MEETING THIS FRIDAY**

The Land County American Red Cross held its regular meeting Friday, Sept. 17, at which time Mrs. Myrtle Clayton of Springdale was unanimously approved as a new member.

It was reported that 28 Junior Life Savings badges have been presented through the post at Earth.

Board members attending this meeting were Clevis Fomet, Curtis Williams, Jim Joyner, Mrs. Lester LaGange, Mrs. Norman Frey, Mrs. J. D. Dodson.

The next meeting will be on Friday, Oct. 29 at 4 p. m. in the Littlefield Red Cross office at which time Mrs. Bonnie Haber, chairman, expects to appoint a Fund Chairman for the coming year.

God and Heaven and into hell that was made only for the devil and his angels.

"Seek" is the key word of promise; Seek and ye shall find—If you seek God you will find life; If you seek evil you will find death. Faith in God, practiced, prayed for, grasped, lived with, and used with a job that is at hand, will make you whole.

Do you believe God? Are you seeking God's way, or seeking your own way which is the devil's way? Because man is a fallen creature since Adam fell in sin, until he takes Jesus whose shed blood covers all sin.

You serve one of two masters, God, or the devil. Who is your master? Will you believe Jesus and take Him at His word?

"It's easy to tell when you're on the right track, it's uphill."

old-fangled star-spangled savings scheme

There's nothing new about U. S. Savings Bonds. Millions of Americans have built their savings plans around them for years.

And that's the beauty of it. Bonds are a proven way to save—and they carry a guaranteed rate of interest. You'll get back \$4 for every \$3 you invest when your Bonds are held to maturity.

Just the tax angle alone is pretty enticing. You pay no state or local income tax on E. Bond interest—and you can defer federal tax until you cash your Bonds. What's more, your Bonds convert easily into cash when you need it.

There's nothing old-fashioned about the way your Bonds go to work for your country. Every penny invested helps to keep America strong and promote the cause of freedom.

Make U. S. Savings Bonds a regular part of your family's savings scheme. It's the old-fangled, star-spangled way to insure your future.

**LONGER VEHICLES DUE ON TEXAS HIGHWAYS**

The State Legislature has now set to allow the operation of longer vehicles on Texas highways. These vehicles can be a maximum of 65 feet. The present length for a combination of vehicles is 50 feet. The law has been changed as a result of the trucking industry seeking to improve the efficiency and quality of service to the public.

These combinations commonly known as "double-bottoms" although used extensively, are virtually unknown in many areas of the country. Texas has been one of those areas. However, we began seeing the "big-dog" on our highways on Sept. 1.

In the past a vehicle combination of this type would have required a permit and would not have been allowed on the roadway at night.

Since the picture is changing, Texas motorists will need to change some driving habits. Look for these longer and larger vehicles at night.

Naturally your question is, can they "fit" into present day traffic? Let's look at the turning movements of these 65 feet length "double-bottoms".

According to the Department of Commerce, the 65 feet combinations have less off-tracking than the 50 feet, five-axle tractor semi trailers.

Another question, and equally important, is it safe to pass a "double-bottom"? Again the Department of Commerce says that a car going 60 m. p. h., compared to a truck going 50 m. p. h. takes only two-thirds of a second longer to pass the longer vehicle than the 50 footers.

Mainly, we will need to allow just a little more time and distance in passing these vehicles and look forward to seeing them on our roads day and night.

### SOIL CONSERVATION WORKSHOP HELD

A workshop in Conservation Education for Public School Teachers within the Lamb County Soil and Water Conservation District will be held Thursday, Sept. 30th, 7:00 p. m., at the Littlefield High School Cafeteria. The Workshop sponsored by the District is to draw attention to the need for teaching conservation of our natural resources.

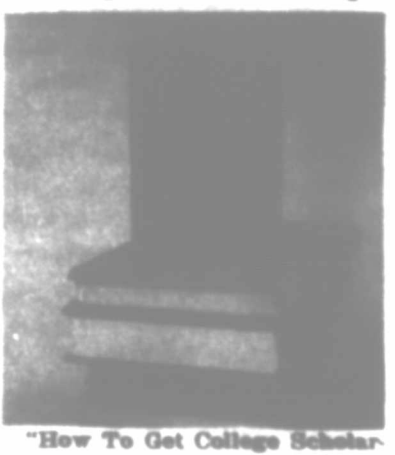

Specllet at the workshop will help the local schools adapt teaching units to meet the specific needs of our area. Local resources including Soil, Water, Range, and Wildlife will be discussed by specllet of the Soil Conservation Service, High Plains Water District, and Texas Parks and Wildlife Department.

### NEW BOOK ON COLLEGE SCHOLARSHIPS

"How To Get College Scholarships" is the title of a new 96-page book published as a public service by Scripps, manufacturer of mechanical writing instruments and cigarette lighters. A convenient pocket edition, the book informs high school and college students of hundreds of scholarships available to financially help them through college and university. Written by educational authority Gene R. Haven, it is a valuable guide to parents, counselors and educators as to how and where financial aid may be obtained.

The volume reveals that about one in every five students receives aid via scholarship grants, loans and jobs and that more than \$1 billion in financial assistance is available today. The book is free with each purchase of the 11 Wordmaster ball pens. This is the first in a series of educational publications to be presented by Scripps and new volumes on related educational subjects are planned to be issued annually.

## TIPS FOR OUTDOORSMEN

**MAKES WEEDESS HOOK**—You can make any lure weedless, or nearly so, by looping a rubber band between the point and the shank. Trick is to get the right pressure so weeds stay off, but fish stay on.

**EFFICIENT EMERGENCY STOVE**—For a tent or duck blind warmer, try filling the bottom of a 10 quart pail with four inches of sand and add several inches of glowing charcoal lumps. It warms for hours and it's safe.

**HANDY LENS COVER**—Want a quick, easy, cheap, lens-cover to protect your camera while hunting or fishing? Use cellophane tape, leaving a tongue hanging over for a pull tab. Or better yet, tuck along one of those elasticized plastic bags that Mom uses to cover small jars in the refrigerator.

**SEALS FRAYED ROPE**—Stop the mooring ropes on your boat from fraying by slipping the ends into household glue. It holds the tatters together and prolongs the life of the rope.

**PLASTIC PROTECTS LURES**—If you carefully spray new artificial baits with clear plastic they'll stay brighter longer and catch more fish as a consequence.

**POWDER REMOVES RUST**—A way to remove rust spots from guns is to dip a rag in oil, then in cement powder. Cement provides just enough mild abrasive to polish without scratching.

**HANDY GAME CARRIER**—A metal fish stringer, the kind with extra large safety pins, makes a fine game carrier for small animals like squirrels and rabbits. Just stick it through your belt loop. Hook the animals through both feet for easy transport.

**KEEPS DRY BOOTS**—If lumbled or wading boots get damp inside, you can remedy this by cutting a piece of cardboard and inserting it in the bottom of the boots. Absorbent qualities of the cardboard will soak up the moisture.

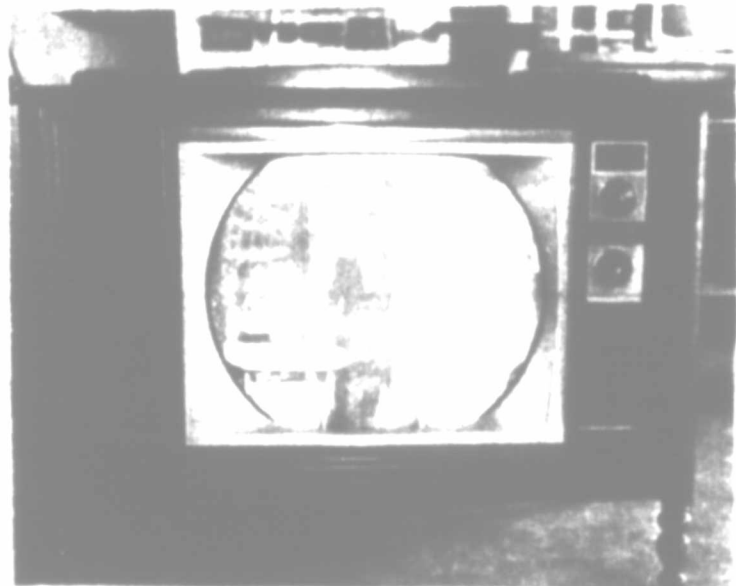

**FOR CLEANER JACKETS**—Use of plastic bags to slip game in, or simply the liver of a killed deer, will keep game fresh and jackets clean.

**VACATION WINNERS**—Mr. and Mrs. Joe Rone are shown accepting an award and a 3-day vacation trip to Rudosa from George A. Kelt, district manager of Olin Mathison Chemical Corp. On the left is Olin Field Representative, Kelly Mack Sears. Rone received the award for ten years of outstanding service as an Olin agent and for special services to the growers in the Sudan area. Rone is manager of Farmers Co-Op Gin in Sudan.

Among those to Lubbock Saturday night to attend the Tuck-Kennings were Mr. and Mrs. Jacky Van Horn, Mr. and Mrs. Edward Fisher, Mr. and Mrs. W. V. Toney, Mr. and Mrs. Guy Walden, Mr. and Mrs. J. W. Olds.

Rev. and Mrs. Frank Weir, former Sudan residents, were Sudan visitors recently and attended services at the First Methodist Church. Rev. Weir is now associate chaplain at the Methodist Hospital in Lubbock, Okla.

MARCH 14, 1793. THE COMMISSIONERS. WASHINGTON, in the Territory of COLUMBIA.

### A PREMIUM

OF a LOT in this City, to be defragated by impartial judges, and FIVE HUNDRED DOLLARS; or a MEDAL of that value, at the option of the party; will be given by the Commissioners of the Federal Buildings, to the person who, before the 15th day of July, 1793, shall produce to them the most approved PLAN, if adopted by them, for a CAPITOL, to be erected in this City; and TWO HUNDRED AND FIFTY DOLLARS, or a MEDAL, for the Plan deemed next in merit to the one they shall adopt. The building to be of brick, and to consist the following apartments, to wit:

A Conference Room } sufficient to accommodate gas } these rooms }  
A Room for the Representatives } persons each. } to be of }  
A Lobby or Antichamber to the latter } full elevation. }  
A Senate Room of 1200 square feet area }  
An Antichamber or Lobby to the last }  
12 Rooms of 600 square feet area each, for Committee Rooms and Clerks' Offices, to be of half the elevation of the former.

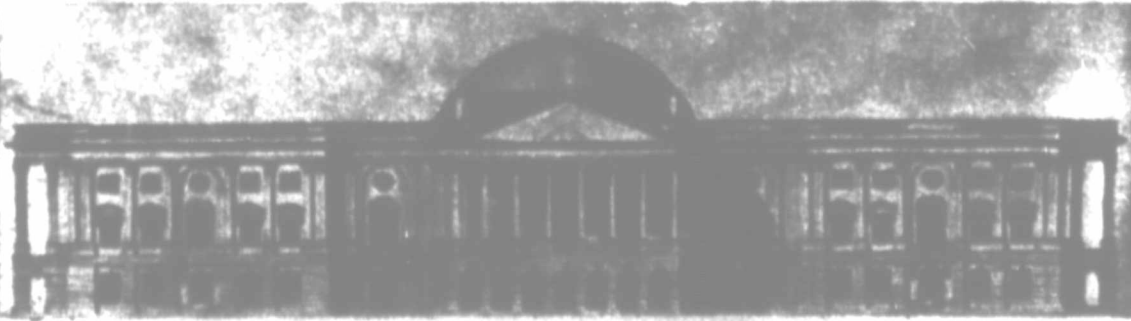

Drawings will be expected of the ground plans, elevations of each front, and sections through the building in such directions as may be necessary to explain the internal structure; and an estimate of the cubic feet of brick-work composing the whole mass of the walls.

March 14, 1793.

THE COMMISSIONERS.

Dr. William Thornton

IT WAS A CAPITOL IDEA—the inauguration and the re-opening of Congress put the nation's eyes on the Capitol in Washington, and this is the way it started in the designer's original sketch. The design resulted from a "photo contest" started by the newspaper advertisement in 1792. The prize was \$500 and a promise of "a lot in this City, to be designated by impartial judges." A medical doctor, William Thornton, who also was a painter, poet and inventor, won. Thousands of other sketches about the Capitol will be seen in a recent TV performance of the documentary, "The Capitol—Chronicle of Freedom." Sunday afternoon, October 12, at 8:30 this year grade and high school history and social science students may see the in-color program and learn from it.

**Better Storm Doors At Reduced Costs**  
 The stainless steel storm door  
 market swings wider with new  
 fabricating methods and design  
 techniques to bring good news to  
 home owners wanting a better  
 door at over-the-counter prices.  
 A growing market of 75,000  
 tons of metal today stands a-  
 stir for stainless steel. This total  
 five million storm doors sold  
 annually. Producers of the shiny  
 metal can't get all of this, of  
 course, but they can get more  
 than the small percentage of the  
 market they have now.  
 Stainless steel for storm doors  
 started shortly after World War  
 II but was on a limited scale and  
 commanded premium prices.  
 New approaches in making  
 doors has now reduced the basic  
 cost. To tap this big market,  
 producers and fabricators ap-  
 proached the problem two ways.  
 First, they used stainless steel  
 as a cover over existing alu-  
 minum doors. This applique or  
 veneer gave a new dress to  
 existing metal doors and a new  
 look for their sales and mar-  
 keting approach. Several fabri-  
 cators have been selling these  
 stainless-aluminum doors for the  
 last five years.  
 The veneer door has a num-  
 ber of advantages but the mar-  
 keting people at the fabricating  
 firms felt the American buying  
 public was ready for an all stain-  
 less steel door if they could get  
 the price of it down. The public  
 their investigation shows, is  
 more quality conscious now.  
 Second, Allied National Pro-  
 ducts, Inc. of Chicago, a storm  
 door fabricator, and Allegheny  
 Ludlum Steel Corporation, a  
 leading heavy stainless producer,  
 came up with the idea of fabri-  
 cating all sections of the storm  
 doors by roll-forming the stain-  
 less steel on a continuous basis.  
 This was easier said than done.  
 Because of the complicated  
 bending and forming operations,  
 it took a four-year development

**FFA NEWS**  
 By MICHAEL McWILLIAMS  
 The Sudan FFA chapter met  
 Tuesday at 8 p.m. in the ag  
 building. Officers were elected  
 for the current school term. They  
 are:

Bill Black, president; Jerry  
 Smith, vice president; Rodney  
 Bowling, secretary; Michael  
 McWilliams, reporter; Mike  
 Wallace, treasurer; Larry Shu-  
 shworth, sentinel; Leonard  
 Womack, historian; Bill Allen,  
 professionalist.

Bill Black was elected as dis-  
 tinct candidate after three boys  
 presented speeches during the  
 campaign. Michael McWilliams  
 and Rodney Bowling were elect-  
 ed delegates to the district meet-  
 ing. Other business transacted  
 included setting the yearly fees  
 at \$3.00 per member, thereby  
 enabling the club to subscribe to  
 the national FFA magazine for  
 each boy. Regular meeting time  
 was set at 7 p.m. on the first  
 Monday of each month.

Last week the 15 boys in Ag I  
 elected officers. They are:  
 Damon Provenzo, president;  
 Monte Roberts, vice presi-  
 dent; Mike Hama, secre-  
 tary; Deck Baker, sentinel; Tim  
 Nix, reporter; Green Underwood,  
 treasurer.
