## WOODWORK

**KNOT HOLES** in the Woodwork: For the first time since our forefathers did it in 1776, someone has declared independence from Great Britain. And here we are taking the side of the British. How times have changed. Of course, we must follow the dictates of Martin Luther King. Seriously I can't deny the rights of four million blacks to have some say in a government operated by 225,000 whites...

The aluminum companies were quick to bow to the wrath of the Great White Father, meaning Elbiejay, and chickened out on their plan to raise prices. This was described as "a great patriotic gesture" by Defense Sec. Robert McNamara, but one can't help feeling the companies were afraid of what Johnson might be able to do to them. The president's ability to make everyone start ginning when he says cotton is uncanny. He must have something on everybody...

The federal government is tightening its hold on school operations and on the activities of cities, states and local governments by offering a lot of money in programs generally considered "too good to pass up." In many instances, it cannot be argued that the federal money makes wonderful projects possible which otherwise could never come to pass. But already the government tells the schools and others to some extent how they must spend their own money in order to qualify for the federal funds, too. There may come a time when all teachers and administrators will be hired and paid by the government, and chosen more for their politics than their ability.

IT'S AMUSING, in a way, that The Texas AFL-CIO has voted to expel its former president from the International Brotherhood of Electrical Workers because of his "pro-management position." The victim, Jerry Holleman, now heads a management consultant firm in San Antonio. He formerly was undersecretary of labor, resigning after his name became linked to Billy Sol. I know nothing about Holleman, but it strikes me as amusing that he should be kicked out of the union for fraternizing with the enemy.

It appears a union man isn't even supposed to have a kind word for management.

PRINCESS MARGARET seems to be the most human of all royalty. She can't help being a princess, and I suppose she can't help protocol which compels her to treat her husband like a pet puppy dog. He must follow a few steps behind her everywhere, and, of course, they always have separate rooms. This must be very degrading to the male ego, even though the job likely pays well.

ALTHOUGH it hardly seems possible, it's time for the draft card burners and bearded beatniks to begin their Christmas shopping.

## Community Service To Be Held Here

A Community Thanksgiving Service will be held Wednesday, Nov. 24, at 8 p. m. in the First Methodist Church.

Rev. Willie Hazel will give the sermon with Rev. Moses Padilla leading the prayer and Rev. Jack Riley conducting the order of worship. Noel Lumpkin will direct the music program.

The offering will go to the Community Service Fund.

All community and area residents are invited to attend this service and participate in worship with your friends.

## SUDAN JAYCEES HOLD ANNUAL TURKEY SHOOT

The Sudan Jaycees will hold their annual turkey shoot this weekend beginning at 1 p. m. Saturday and from 1 to 6 p. m. Sunday.

The shoot will be located east of the Sands Motel and Cafe on Highway 84, in the vacant field, according to the club spokesman, O'Don Bellar.

Bellar also stated that although contestants may furnish their own gun and ammunition, they will have ammunition for sale at the shoot. He also expressed his appreciation to the entrants of the contest last weekend and invites everyone out for the shoot this weekend.

## School To Recess For Holiday

W. E. Hancock, superintendent of Sudan Public Schools, announced that school will recess at the regular time Wednesday afternoon, Nov. 24 with classes resuming at the regular time Monday morning, Nov. 29.

Hancock, in reviewing the activities of the school, stated that the fifth and sixth grades are being added to the regular physical education program of the school. Both girls and boys will have P. E. classes taught by regular physical education coaches. These classes will begin Monday, Nov. 29.

The students in both high school and the elementary grades have been participating in the National Standard Achievement tests recently. Vocational aptitude tests have also been given to high school students.

Hancock also said that plans are being discussed for the formation of a booster club for the athletic department of Sudan High School.

## ATHLETIC BOOSTER CLUB TO BE FORMED HERE

A meeting will be held tonight, Thursday, at 7:30 p. m. in the Community Center to form an Athletic Booster Club for the Sudan School.

There will be several speakers from neighboring towns who have formed booster clubs, to discuss the formation of the club, its

needs and the problems to be overcome as well as the pleasure to be obtained from doing this type of work.

Officers will be elected and by-laws will be written. A club constitution will also be arranged.

The purpose of the organization will be to support the athletic

teams of Sudan and to boost team morale and pride in any way possible. This will include all aspects of athletics such as football, basketball, tennis and track and will include teams from the fifth grade through high school. The club will work in close association with the school officials and coaches at all times.

Other area towns who have formed such clubs have had noticeable success in backing athletic teams. This not only adds to the prestige of the school, but to the community as well.

All residents, or anyone interested, are invited and urged to attend this organizational meeting.

JoAnn Cartwright, Linda Patterson.

The band has been working diligently by having extra practice sessions the last week in order to obtain a first division rating. Moton also stated that the Hornet Band is scheduled to march at 11:16 a. m. next Tuesday and urges the public to attend.

## Sudan Loses To Hale Center 34-12

By DALTON WOOD

The Sudan Hornets closed out a rather dismal season on the short end of another score Friday night, but carried the fight to the visiting Hale Center Owls in a manner which left Hornet fans bawling in pride.

Hale Center, favored by some to win by a margin up to 50 points or better, had to fight from behind to down Sudan 34-12, and not until the last quarter did the Sudan hopes of pulling an astounding upset fade, as the talented Owls finally pulled away from a 20-12 score at the end of the third.

Cocher Jim Cain's charges, bolstered mightily by the return of senior halfback Corley Baker and the determined running of FB Mike Bellar, put forth what most fans agreed was easily their best game of a frustrating 2-8 season.

And the Hornets' dumb little sophomore quarterback Ronnie Hill, winding up a season of headknocks against some rugged opposition, lit on 8 of 15 passes for 113 yards, with Baker grabbing five of them for 73.

Frank Cain and Baker led a Hornet offense which was inspired in its efforts to contain Hale Center's explosive backfield. And the two top running threats, halfbacks J. D. Davis and Buddy Duha, were stopped for the most part until Davis finally demonstrated his credentials in streaking 58 yards for a score in the fourth period.

Statistics showed the closeness of the game in contrast to the final score. Sudan had 16 first downs to 14 for Hale Center, and in total offense, the Owls had only a 24-yard edge.

The Hornets, who declined to punt in the entire game, pushed the astonished Owls around considerably in the first period, and took a 6-0 lead when FB Larry Morgan lunged across from about 3 inches away with just 3 seconds left in the quarter.

Earlier, Sudan had driven to the 5-yard line, but was halted and an attempted field goal by Bellar was wide. The touchdown

came a bit later after tackle Mike Boyler pounced on a fumble at the Owl 18 and Baker followed up with a 68-yard run to the 6-inch line, where the visitors drew a 3-inch penalty for piling on.

There was 8:45 left in the second quarter when Hale Center took the lead, with QB Don Touman testing the first of the three scoring bombs to end Larry Weil, this one a 40-yarder on fourth down. Touman ran for two points to give the Owls an 8-6 lead. Touman drilled Weil in the end zone from 7 yards out for the next score, with 3:07 left, but Sudan was not through for this half.

Hill sent Morgan, Bellar and Baker through the crazy lines to the Hornet 40, and then came one of the game's most daring plays, although it didn't score. Hill dropped back with several great lineups in pursuit and found Morgan with a pass just past the line of scrimmage. Morgan showed some nifty stepping downfield, crossing all the way over the far sideline and streaking 58 yards before he was captured on the 11. For time ran out on the 11:00 hour and the half ended 14-6.

Touman hit Weil on a 33-yarder as soon as Hale Center got the second half kickoff, and it appeared briefly as though the Owls were going to make it the run-away game had expected. But Sudan took the kickoff and dove right back to score, traveling 47 yards after Monte Roberts took the kickoff from his 30 to the Owl 47. The biggest gainer in the drive was Hill's fourth-down pass to Baker, who rambled heartily 25 yards to the Owl 3. Baker scored a few plays later crashing over from the 6 after taking another Hill aerial. Sudan missed the extra point effort and the score was 20-12.

Hale Center put together a long drive which wound up in a 6-inch touchdown for FB Marvin Wilson early in the fourth period. Midway of the quarter, Davis made his 58-yard sprint to widen the gap to 34-12, as Duha ran for 2 points.

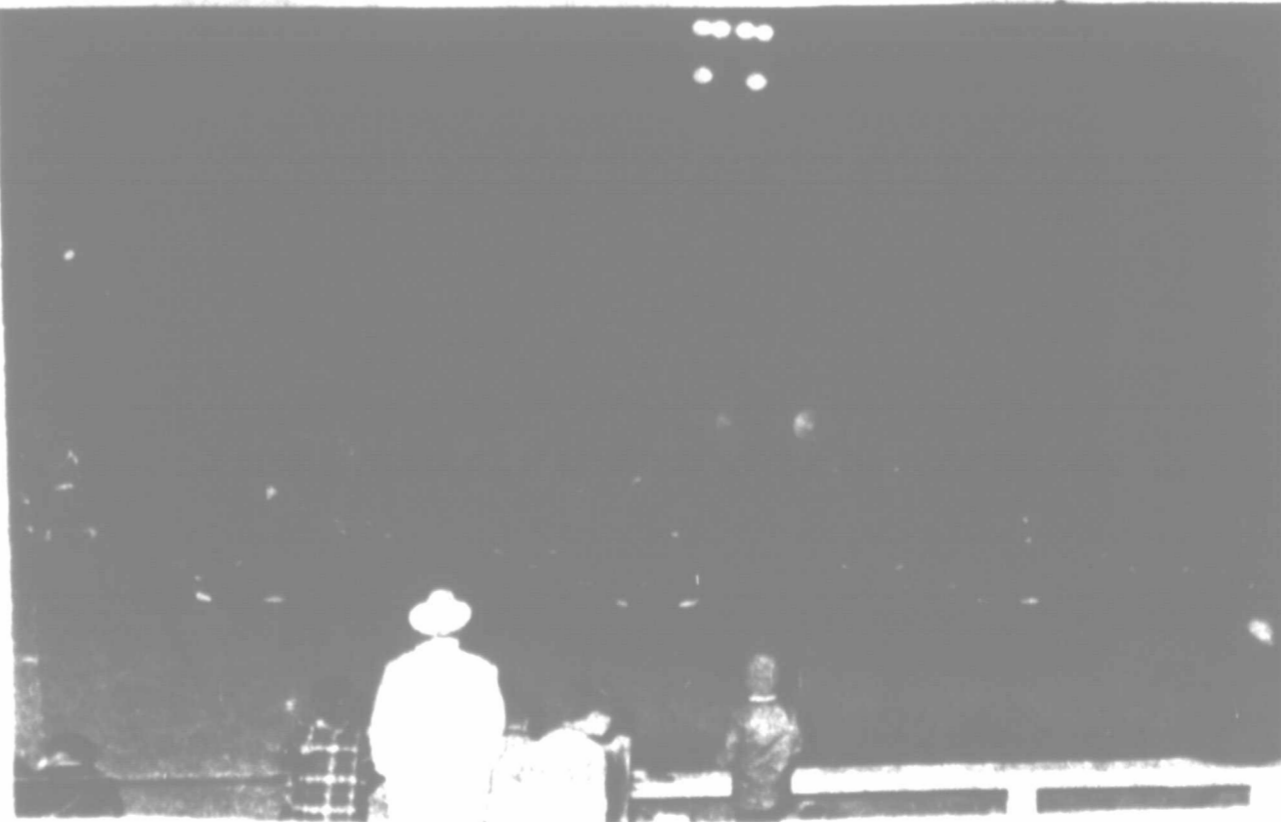

Near the end of the game, Sudan put on another drive, with Baker doing the heavy work and also taking some nice passes from Hill, but a 15-yard penalty and the clock kept the Hornets from getting any closer than the Hale Center 15.

It was the last game in District 3-A for the Owls, who will be in Class AA next season.

Bellar carried the ball 21 times for 97 yards, averaging 4.6 per carry. Baker averaged 4.0, totaling 64 yards in 16 efforts. Morgan made 23 yards in 14 tries, and also had the 80-yard journey with the pen.

COURTESY

PROTECTION

COURTESY, SERVICE and PROTECTION—The motto of the Texas Department of Public Safety stands as a guide for each DPS patrolman as he does his part toward securing and maintaining social order for the citizens of Texas. The DPS has openings for young men between the ages of 21 and 35, high school graduates, who can meet the qualifications and who want to join the rewarding law enforcement effort to protect the citizens of Texas. Check with any Department of Public Safety office or patrolman to obtain an application.

#### TEXAS DEPARTMENT OF PUBLIC SAFETY

The Texas Highway Patrol investigated ten accidents on rural highways in Lamb County during the month of October, according to Sergeant Thurman Kellor, Highway Patrol Supervisor of this area.

These wrecks accounted for two persons injured and an estimated property damage of \$7,585.00.

The rural traffic accident summary for this county from January through October of 1965 shows a total of 100 crashes. As a result of these crashes, there were two persons killed and 37 injured. The estimated property damage amounted to \$90,775.00.

November and December are noted as dangerous months in traffic and especially for pedestrians. During the last two months of 1964 in Texas there were 80 pedestrians killed and 726 injured in collisions with motor vehicles. There are many reasons for this: longer hours of darkness, bad weather, pedestrians not visible to drivers, holidays and lack of driver's and pedestrian's concentration.

The Sergeant stated, "To aid both the pedestrian and drivers, always wear something light colored when walking after dark. If possible, carry some kind of light, walk on the left side of the road facing traffic day or night so that you can see approaching traffic. If you have a dark colored raincoat or overcoat, put a strip of reflectorized material across the back and front when walking on the highway or street."

Mr. and Mrs. Rex Willingham of Lovington visited during the weekend in the home of Mr. and Mrs. Wayman Bellar.

Would you pay \$40,000 for a king-size bed? That's what the Earl of Dorset paid for a bed for King James I of England. Today's king- and queen-size beds are more reasonably priced. And they're far more comfortable than anything King James ever slept in.

Super-size bedding like the Back Supporter, for example, offers the right combination of relaxing surface comfort and firm inner support. Take your choice of innerspring or foam rubber, too.

With super-size beds becoming so popular, experts predict that the standard double or full-size bed will be outmoded in 10 years.

There's good reason. Half of a double bed is only 37 inches, the same width as a baby's crib. You need more than this for comfort and sound sleep.

Experts at the Sleep Institute of the Spring Air Mattress Company, Chicago, say that the 60-inch queen-size bed gives 20% more sleeping space than a full-size.

Yet the queen-size will fit most bedrooms. And it can be used with your present headboard and frame with the aid of simple adapter kits.

Of course, if true sleeping luxury is your goal, then the 78-inch king-size bed is for you. This gives you the equivalent of two twin beds.

Don't let the matter of blankets and sheets stop you. These are increasingly available in super-sizes at little or only moderate extra cost.

So if your mattress is due for a replacement, give yourself a royal treat: Buy super-size.

**DOGS FOR CHILDREN**  
By Bob Bartos, Manager  
Friskies Research Kennels

A battery of psychologists and educators testify to the benefits of dog ownership for children. Even the tiniest puppy comes fully accredited to teach youngsters the meaning of love, devotion, courtesy, faith and beauty.

While the simple act of owning a pet will increase any youngster's self-confidence and make him a VIP in the eyes of his playmates, the chief reason parents generally buy their child a pet is the hope that it will teach him self-discipline. Walking, feeding and grooming a dog will certainly impress youngsters with a continuing sense of responsibility, but it won't happen overnight. An automatic sense of duty doesn't come wrapped in one small puppy any more than getting a new violin automatically equips a child to play the instrument. It all takes practice even the automatic things, such as remembering to feed, groom and exercise the new puppy.

To save the child from embarrassment and the puppy from neglect, and to help them grow and learn together, parents should supervise the puppy's care.

Feeding tip: Dogs get sad in their eating ways, so start them right off as puppies by giving them a top grade of commercially prepared dog food such as Friskies Mix. It's healthier for them, easier on you.

## Who Is Sybarite? It Might Be You

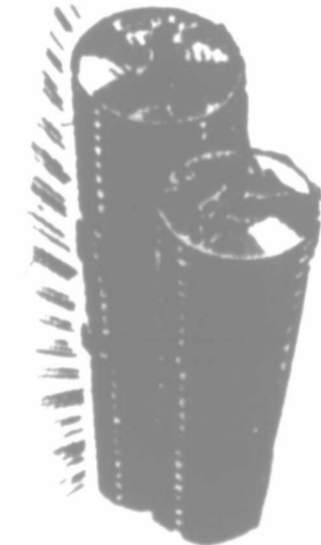

One of the biggest questions at the recent National Hair Fashion Show in New York was who (or what) is Sybarite? The two young ladies pictured above tantalized the gathering as they walked in their ancient Greek costumes among the hair stylists. Finally, the scandal-footed daughters of Zeus revealed their secret: Sybarite is a line of hair care products made for the "lover of luxury, of the finest."  
The ingenious manufacturer, Royal Beauty Laboratories, Inc., New York, N. Y., researched history books to learn of an ancient Greek City in southern Italy called Sybaris. The inhabitants, Sybarites, were known for their love of luxury and pleasure. As a result of all the curiosity the gals stirred up, hairdressers, who use the new beauty products, are preparing to be besieged by luxury-conscious women who want the "Sybarite" look.

## What They Wore... by PHYLLIS JOYCE

THE TEENAGE GIRL OF THE 18TH CENTURY HAD NO CLOTHES TO CALL HER OWN. EVERYTHING WAS A REPLICA OF HER ELDERLY WARDROBES. TO CAMOUFLAGE THE POPULAR LOW NECKLINE OF THE TIME, THE TEENAGE MUGG-FLEED IN THE LOW DECOLLETAGE WITH A 'HANDKERCHIEF' WHAT WE WOULD CALL A SCARF. THIS COULD BE DISCARDED IN AN INSTANT WHEN A MORE FORMAL APPEARANCE WAS CALLED FOR.

THE FAVORITE OUTDOOR GARMENT FOR LITTLE GIRLS FOR MANY YEARS WAS THE "RED RIDING HOOD." IT WAS MUCH PREFERRED TO A COAT, WHICH WOULD CRUSH THE LITTLE LADY'S WIDE SKIRT.

IT WAS NOT UNTIL THE 1850S THAT CLOTHING WAS DESIGNED FOR THE ADOLESCENT CHECKING AND TIGHTENING WERE YOUTHFUL AND WERE FREQUENTLY WORN BY THE TEENAGE GIRL.

TODAY WHEN BUYING WOMEN'S OR CHILDREN'S APPAREL LOOK FOR THE LABEL THE SYMBOL OF DECENCY FASHION LABOR UNIONS AND THE AMERICAN WAY OF LIFE.

YOUR ATTENTION PLEASE

Scriptures: Isaiah 1:18; St. Matthew 5:27; St. John 4:19-27.

This week I heard: Are we using God, or are we serving Him?

God must have your attention before you can hear what He speaks to you.

God needs you—but you need God more.

Forget everything else if you must—but do not forget Jesus

Before Abraham was born, I am.—(John 8:58)

I am that in you which is made in the image and wholeness and perfection. I am that in you which gives you the clear vision to accept the good I have prepared for you. I am the light of your world. My rays of life, love, wisdom, and peace dispel all darkness from your world. I am with you through eternity loving, guiding, teaching, protecting, sustaining you. I am the Christ.

Christ the Lord.

\*\*\*  
"Have mercy on us, O Lord, Have mercy on us—for all our sins we repent and seek Thy forgiveness; for all our lack of seeking to "grow" in grace, in knowledge, and wisdom, worship, and service—Have mercy on us."  
"Thou who hast died and arose and ascended into heaven there to intercede for us, Thou who hast all power and great mercy, and such love for us; Our Father, who art ever faithful to forgive us our sins and to cleanse us from all unrighteousness—Have mercy on us."  
\*\*\*

What God speaks to me in the ear, I am compelled by His love to preach from "the housetop". Will you Hear? Jesus died to redeem us from our sins, to save us from the law of sin and death. He died (are you really listening?!), He arose. Jesus lives, and He has the power to give you eternal life if you will believe in and accept Him as your Savior. He calls you to "Come, follow me."  
Will you?

### Two's Company

In choosing a cat, you must first decide if you would rather have a kitten or a full-grown cat. Kittens are loveable and playful, and if you have children, you'll want to get a kitty they can grow up with. A grown cat is dignified and already house-trained, but he might have difficulty adjusting to a new home. C. G. "Tex" Fawcett, authority at the Purina Pet Care Center in St. Louis says, "Each breed has its own characteristics, and the trick is in knowing what to expect." Most popular is the Domestic Short Hair who have a very easy-going manner. Siamese are the leading purebred cats; agile, gay, friendly, and they are the "talkers" of the cat world. Persian cats (once called Angora) are probably the best behaved and most content pets; they are regal looking and affectionate. Familiarize yourself with the different breeds before making a choice. You'll be happier—and so will kitty.

## Star-spangled key to a home of your own

A key to your own home is a mighty nice thing. Especially if it has stars and stripes on it.

The way to get one is to save U. S. Savings Bonds for the down payment. Or if you're beyond that point, for furniture or appliances, or the other things inside a house that make it a home.

A nest egg in Bonds can go a long way towards providing a nest and its contents—because each Series E Bond pays back \$4 at maturity for every \$3 you save.

Another thing you'll get is a nice red, white and blue feeling. The kind you get by giving your country a financial hand while you're saving.

It's easy to start saving Bonds today. A call to your payroll department, or a visit to your bank will do it.

**Quick facts about Series E Savings Bonds**

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

## How to make a holiday last all year long

"How often do you call Long Distance to friends or members of the family?"

"Well, I expect to make some calls on Thanksgiving and maybe on Christmas."

"Why wait for a holiday or special occasion to call — that's the old-fashioned way!"

"How come? Is the phone company having a sale just now?"

"No, not that. New low-cost long distance rates are now in effect all day Sunday and every night after eight — so now for a dollar or less, you can keep in touch more often."

"Say! That's a good idea! Tonight I'll make some important calls I've been putting off."

"Fine! Thanks to new low rates you can call anywhere in continental U. S. station-to-station and talk three minutes for \$1.00 or less. This is the big communications bargain — the modern way to keep in touch at all times."

## TECH TO MEET ANKARAS SATURDAY

Texas Tech makes its biggest run yet at a share of the Southwest Conference football championship when the Red Raiders tackle the defending titlists, the Arkansas Razorbacks, at Fayetteville Saturday.

Since Tech brings a 5-1 SWC mark into the game against Arkansas' 6-1, the best the Raiders can do is tie the Hogs for the

title. In that event, the Raiders would go to the Cotton Bowl at Dallas Jan. 1. For the season Arkansas is 9-0, Tech 8-1.

The 'Gator Bowl at Jacksonville Dec. 31 will likely get the best.

Come time for the regionally-telvised (NBC) contest is 1:30 p. m. The Humble network will carry the broadcast.

This is the Official Test Form for use by television viewers when the "National Citizenship Test" audience-involvement program is broadcast over CBS-TV Tuesday evening, November 23rd (10 to 11 p.m. EST). Originally scheduled for Tuesday, November 9, the showing was short-circuited by the great Northeast blackout and in fact was the only national TV show postponed that night. Due to the tremendous interest in the program, it has been rescheduled.

The program, similar to the recent National Driver's Test, centers on rights, obligations and responsibilities of citizenship, as well as attitudes toward today's specific constitutional issues.

Board of Advisers for the "National Citizenship Test" includes Vice President Hubert H. Humphrey, U.S. Senate Minority Leader Everett Dirksen, Professors Paul A. Freund and Henry F. Graff of Harvard and Columbia Universities respectively.

Use of this Official Test Form will enable home viewers to mark their own answers and see how their knowledge compares with the national average and the participating groups. The latter will include Congressmen and their wives, Democratic and Republican party leaders and a specially-selected group of St. Louis high school students.
