WOODWORK BY DALTON

WITH the lady of our house turned on her washing machine the other day, water started running out on the garage floor. This did not come as a complete surprise, as the washer is about 10 years old, and every time something happens to it, we figure we're about due to get a new one.

Curiously, she leaves it to me to check on such mechanical problems before calling the repair man. But I was away, so she did a little checking on her own. Sure enough, she spotted something clogging the drain and causing the overflow. This was the first place she checked, since it's not unusual for a sock or handkerchief or some other small item of clothing to jump out of the tub and stop the drain.

She pulled on the article with her fingers, but couldn't retrieve it. But with the long-nosed pliers she finally got it out.

It was a dead mouse, and she skipped lunch that day.

HOUSEWIVES, it seems, have taken up the popular pastime of demonstrating. If a boycott can be considered a demonstra-

tion. They're protesting high food prices, with varying results.

The fairness of the housewives' boycotts, which have been spreading all over the nation, and which includes several Texas towns, is questionable. Certainly I'm not one to argue that food prices are too high. I know the grocery bill is a terrific item in any household. But I am convinced (or maybe brainwashed) that groceries operate on a pretty small margin of profit. I happen to know for a fact that some of the "leaders", as the advertised grocery specials are called, which are advertised in the columns of this newspaper are items sold at cost, or just a penny or two per item above cost. And in some cases, these specials are sold below cost. I don't expect to make no money on the specials; but they know that it takes some of these good deals to get customers in the store, and the grocers hope to make back the losses on other items sold.

If they sold all the items at cost, most of them wouldn't be in business too long.

The housewives have a good point; however, in demanding that the stores drop all the contest gimmicks, free prize stuff, and trading stamps and return that money to the customer in the form of lower prices.

HORNETS CLIP EAGLES, 33-6

The Sudan Hornets won their seventh straight victory Friday night by defeating the O'Donnell Eagles 33-6, in a non-conference clash in Masten Stadium. The defensive unit did a great job holding the Eagles, although

the Eagles did score a six-pointer against Sudan, making a total of 20 points scored against the Hornets this season.

The Hornets have scored a total of 171 points this season. They gained 241 yards rushing against the Eagles Friday, bringing their total yards rushing to 1611.

The first quarter of Friday's game seemed to be a warming up period for both teams, but about midway Danny Brewer of the Eagles intercepted a pass thrown by Hornet QB Ronnie Hill. The Eagles moved the ball down to the Hornet 28 where the Hornets took over on downs and proceeded to move the ball to the mid-field stripe as the quarter ended.

The Hornets had to punt on fourth down with the Eagles gaining possession on their 10 yard line. They attempted a pass, which Gary Gatewood in-

tercepted and the Hornets had the ball on the Eagles' 32. This good fortune was soon reversed as Hill attempted to pass and the Eagles intercepted. After a futile attempt to move downfield, the Eagles again took to the air with Gatewood intercepting on the 40 and running all the way for the first score of the game. The try for extra point failed and the score was Hornets 6, Eagles 0.

Just before the gun sounded for the half, Mike Bellar ran over from the 18 for a TD. This time the kick was good and Hornets were out front, 13-0.

The Eagles came back fighting in the second half and after completing a 38 yard pass and aided by Hornet penalties, they moved to the 2 where QB Steve Gary carried the ball across the double strip for the TD. Try for extra point failed and the

score was Hornets 13, Eagles 6. But the Hornets were not finished, and moved the ball to the Eagles 8, where M. Bellar (continued on page 2)

The 18th Congressional district has been revised recently and this will be the first time that Lamb County has been included in this district.

Some of the highlights of Miller's informal speech touched on his service record, which includes serving as District Attorney in Amarillo for the past six years; although he said that he did not like to make war an issue in politics that he would not undermine the government's program; taxation, he is in favor of cutting down inessential spending; the West Texas Water

problem, at which time he stated that we will need Federal help to settle ownership and to devise a means of bringing water to this area and believes in investing money for the development of this project on a state and local basis, and the farmer getting his fair share of the nation's income.

He also pointed his views on the advantages of electing a democrat to congress and said that he sought the job of congressman as a communicator between the people of this district and the federal government. He said that the only way to do this was to visit and talk with the people. At this time he pointed out, especially to the Sudan high school civics class which was present, that any citizen may send a telegram expressing his views on any matter to his congressman at a special rate, and that this service is greatly appreciated by all congressmen.

Continuing, he urged all citizens, regardless of their political beliefs to go to the polls Nov. 8 and vote for the candidates of their choice in all phases of the election from local through federal offices.

Approximately 60 persons attended the coffee hosted by members of the Lamb County League of Democratic Women.

went the remaining distance for the second Hornet TD. Bellar intercepted a pass on the 30 a few plays later, where Larry Morgan took over for a 26 yard run as the quarter ended, 20-6, Hornets.

Morgan plunged over from the one yard line and Bellar kicked the extra point to start off the fourth quarter, making the score 27-6. Then the defensive battle continued up to the final two minutes, when Hill connected with FB Jerry Bellar in a fancy pass play. Bellar nabbed the ball on the 10 and ran over for the TD. M. Bellar kicked the point and the game ended with the Hornets winning, 33-6.

When the game ended, the

Hornets had two injured players, Mike and Jerry Bellar, Mike with a bruised shoulder and Jerry with an injured knee. Rice and Texas Tech, a pair of teams with more sizzle than strength, collide in Houston at 7 p. m. Saturday.

Rice, low rated by the experts, opened by upsetting LSU when they lost to Tennessee, followed by losses to UCLA, SMU and Texas. Rice last week carried the fight with Texas to the final gun but lost 14-10, primarily on a fumble which a Longhorn lineman ran 80 yards for a TD.

Texas Tech, too, began its season with a win over Kansas, but due to numerous injuries have lost the last five games. Texas Tech, next home game

From The Bible
Up, for this is the day.
—(Judges 4:14)

When we invite the powerful, loving action of God into our life, we can expect changes. We can expect movement and growth. When we are ready to become a part of a forward movement affirm this truth. Then throughout the day keep this invitation flowing out through positive thoughts, constructive works and orderly actions. Use this affirmation faithfully and open the door to the powerful loving action of God.

Back to Baking

by Betty Crocker

Welcome back, hot breads! And hello again to versatile, piping hot biscuits and muffins—perfect partners for autumn's hearty meals. For "quickie" variations to a batch of beautiful biscuits, try this sometime. Mix 1/2 cup shredded sharp cheese with the batter—or 1/2 teaspoon celery salt. Superb with soups and stews! To put a little fun in the muffin pan, bake the oatmeal and corn varieties below. For fancy fall "muffs," poika-dot a basic muffin batter by folding in 1/2 cup halved cranberries, tossed with 1/2 cup confectioners' sugar. Just one thing: Wherever hot breads go, be sure they go hot—snuggled into a pretty napkin.

Make up a surprise for breakfast.

OATMEAL MUFFINS

- 2 tablespoons sugar*
- 1 egg
- 1/2 cup milk
- 2 cups Bisquick
- 1/2 cup rolled oats

*Heat oven to 400°. Grease 12 muffin cups. Mix all ingredients until blended. Beat vigorously 30 seconds. Fill muffin cups 3/4 full. Bake 15 minutes.

*For richer muffins, add 2 tablespoons melted shortening or salad oil and another 2 tablespoons sugar.

More Biscuit Variations: Follow favorite biscuit recipe except—mix in 1/2 cup shredded dried beef or stir in 1/2 cup minced chives or 1/2 cup chopped peanuts.

Here's autumn's corn flavored muffins for meat casseroles.

CORN MUFFINS or STICKS

- 1 tablespoon sugar
- 1 egg
- 1/2 cup milk
- 1/2 cup Bisquick
- 1/2 cup cornmeal

Heat oven to 450°. Mix all ingredients, beat vigorously 30 seconds. Fill well-greased muffin cups or prebaked greased corn stick pans 3/4 full. Bake 12 to 15 minutes. Makes 6 muffins or 8 corn sticks.

French Bread for spaghetti? Spread slices with 1/2 cup butter creamed with 1 teaspoon poppy, caraway or sesame seed. Wrap in foil, heat 15 minutes in 400° oven. Left-over muffins or biscuits? Lucky you. Split, butter and toast under broiler. And you bring 'em back in style! Happy baking!

PERSONAL

Devotional

By HAZEL HOUSE

Scripture: James 4; Ephesians 2: 4-10.

How can one "resist the devil"? By drawing near to God - continuously! Over and over again, draw near to God, and He will draw near to you, and the devil will flee from you. This is a promise from God. Humble yourself in the sight of the Lord, and He shall lift you up.

What is sin? The temptation is not sin; all of us are tempted by the devil. Even Jesus was tempted. So, what is sin? The entertaining of the temptation in the thoughts of it, the yielding to the temptation brings forth sin. And sin always brings forth death.

"There love to him that knoweth to do good, and doeth it not, to him it is sin."

Remember, not you are not me, but only God has power over the devil. But God gives His power, His all-sufficient grace to any one of us who come to Him and humbly ask.

How do I know this to be true? I am a sinner who humbly asked, I am a sinner saved by God's grace, because I believed Him and gave myself to Him. My

belief became faith, which I live by, one step at a time. My faith is founded in Jesus, in that God truly was in Jesus Christ reconciling the world to Himself.

No, morally good or evil, you're so weak, I tell you that Jesus Christ took me when I went to offer myself just as I am, a sinner, and made me God's child and His witness here. I could not save myself from temptation and sin and death. And neither can you. But Jesus can and He will, if you will!

Do you really want the power to overcome your temptation? Are you tired of your sin, sick of the burden of reward guilt of the turmoil and wars and strife? Do you really want now the inner peace, joy, eager hope, and assurance of eternal abundant life? God loves you just as you are, and only God in Jesus Christ can give you these, and He will if you only believe Him and come to Him!

Surely blessing I will bless thee. (Heb. 6:14)

Let us bless all that we have - our home, our work, our material possessions of every kind. Let us bless these things, realizing they represent our acceptance and use of God's substance. As we bless these outer expressions, our appreciative attitude quickens us to see even more of the good. If we are given a gift, if someone shares some good with us, let us remember to give our blessing for the gift and to the giver.

RANGER, 1919 - The colorful Ranger boom, which began in 1917, produced some of the widest boom down states of their kind. The scene of an auto mired in its main street gives authenticity to reports of visitors paying to be "fished" across muddy streets.

Cotton Harvest Gains Momentum

Cotton harvesting continued to gain momentum in the South Plains during the past week, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA. The Lubbock classing office classed 2,700 samples during the week ending October 21. This brought the total classed for the season to 4,000.

Despite the fact that this was a heavily planted crop, harvesting of this year's crop still lagged behind the 1965 season. Through October 21 last year, the three South Plains Cotton Classing Office had classed 26,000 samples. Approximately two-thirds of

Off in the darkness the shadows are deep Hovering the path that is rugged and steep. Yet from the gloom the sun will appear, Bringing a gladness, a comfort, a cheer. Back of all darkness, of grief and dismay, Back of the clouds that hover our way, Back of the sorrow we all must endure, Back of it all, there is something secure.

WOODWORK

BY DALTON

WHEN the lady of our house turned on her washing machine the other day, water started running out on the garage floor. This did not come as a complete surprise, as the washer is about 10 years old, and every time something happens to it, we figure we're about due to get a new one.

Customarily, she leaves it to me to check on such mechanical problems before calling the repair man. But I was away, so she did a little checking on her own. Sure enough, she spotted something clogging the drain and causing the overflow. This was the first place she checked, since it's not unusual for a sock or handkerchief or some other small item of clothing to jump out of the tub and stop the drain.

She pulled on the article with her fingers, but couldn't retrieve it. But with the long-nosed pliers she finally got it out.

It was a dead mouse, and she skipped lunch that day.

HOUSEWIVES, it seems, have taken up the popular pastime of demonstrating, if a boycott can be considered a demonstra-

tion. They're protesting high food prices, with varying results.

The fairness of the housewives' boycotts, which have been spreading all over the nation, and which includes several Texas towns, is questionable. Certainly I'm not one to argue that food prices are too high. I know the grocery bill is a terrific item in any household. But I am convinced (or maybe brainwashed) that groceries operate on a pretty small margin of profit. I happen to know for a fact that some of the "leaders", as the advertised grocery specials are called, which are advertised in the columns of this newspaper are items sold at cost, or just a penny or two per item above cost. And in some cases, these specials are sold below cost. Grocers expect to make no money on the specials; but they know that it takes some of these good deals to get customers in the store, and the grocers hope to make back the losses on other items sold.

If they sold all the items at cost, most of them wouldn't be in business too long.

The housewives have a good point, however, in demanding that the stores drop all the contest gimmicks, free prize stuff, and trading stamps and return that money to the customer in the form of lower prices.

HORNETS CLIP EAGLES, 33-6

The Sudan Hornets won their seventh straight victory Friday night by defeating the O'Donnell Eagles 33-6, in a non-conference clash in Masten Stadium. The defensive unit did a great job holding the Eagles, although

the Eagles did score a six-pointer against Sudan, making a total of 20 points scored against the Hornets this season.

The Hornets have scored a total of 171 points this season. They gained 241 yards rushing against the Eagles Friday, bringing their total yards rushing to 1611.

The first quarter of Friday's game seemed to be a warming up period for both teams, but about midway Danny Brewer of the Eagles intercepted a pass thrown by Hornet QB Ronnie Hill. The Eagles moved the ball down to the Hornet 28 where the Hornets took over on downs and proceeded to move the ball to the mid-field stripe as the quarter ended.

The Hornets had to punt on fourth down with the Eagles gaining possession on their 10 yard line. They attempted a pass, which Gary Gatewood in-

tercepted and the Hornets had the ball on the Eagles' 32. This good fortune was soon reversed as Hill attempted to pass and the Eagles intercepted. After a futile attempt to move downfield, the Eagles again took to the air with Gatewood intercepting on the 40 and running all the way for the first score of the game. The try for extra point failed and the score was Hornets 6, Eagles 0.

Just before the gun sounded for the half, Mike Bellar ran over from the 18 for a TD. This time the kick was good and Hornets were out front, 13-0.

The Eagles came back fighting in the second half and after completing a 38 yard pass and aided by Hornet penalties, they moved to the 2 where QB Steve Gary carried the ball across the double strip for the TD. Try for extra point failed and the

score was Hornets 13, Eagles 6.

But the Hornets were not finished, and moved the ball to the Eagles 8, where M. Bellar

problem, at which time he stated that we will need Federal help to settle ownership and to devise a means of bringing water to this area and believes in investing money for the development of this project on a state and local basis; and the farmer getting his fair share of the nation's income.

He also pointed his views on the advantages of electing a democrat to congress and said that he sought the job of congressman as a communicator between the people of this district and the federal government. He said that the only way to do this was to visit and talk with the people. At this time he pointed out, especially to the Sudan high school civics class which was present, that any citizen may send a telegram expressing his views on any matter to his congressman at a special rate, and that this service is greatly appreciated by all congressmen.

Continuing, he urged all citizens, regardless of their political beliefs to go to the polls Nov. 8 and vote for the candidates of their choice in all phases of the election from local through federal offices.

Approximately 60 persons attended the coffee hosted by members of the Lamb County League of Democratic Women.

went the remaining distance for the second Hornet TD. Bellar intercepted a pass on the 30 a few plays later, where Larry Morgan took over for a 26 yard run as the quarter ended, 20-6, Hornets.

Morgan plunged over from the one yard line and Bellar kicked the extra point to start off the fourth quarter, making the score 27-6. Then the defensive battle continued up to the final two minutes when Hill connected with HB Jerry Bellar in a fancy pass play. Bellar nabbed the ball on the 10 and ran over for the TD. M. Bellar kicked the point and the game ended with the Hornets winning, 33-6.

When the game ended, the

Back to Baking

Welcome back, hot breads. And hello again to versatile, piping-hot biscuits and muffins — perfect partners for autumn's hearty meals. For "quickie" variations to a batch of beautiful biscuits, try this sometime: Mix 1/2 cup shredded sharp cheese with the batter — or 1 1/2 teaspoons celery salt. Superb with soups and stews! To put a little fun in the muffin pan, bake the oatmeal and corn varieties below. For fancy fall "muffs," polka-dot a basic muffin batter by folding in 1/4 cup halved cranberries, tossed with 1/4 cup confectioners' sugar. Just one thing. Wherever hot breads go, be sure they go hot — snuggled into a pretty napkin.

Bake up a surprise for breakfast.

Scripture: James 4; Ephesians 2: 4-10.

How can one "resist the devil?" By drawing near to God — continuously! Over and over again, draw near to God, and He will draw near to you; and the devil will flee from you. This is a promise from God.

Humble yourself in the sight of the Lord, and He shall lift you up.

What is sin? The temptation is not sin; all of us are tempted by the devil. Even Jesus was tempted. So, what is sin? The entertaining of the temptation in the thoughts of it, the yielding to the temptation brings forth sin. And sin always brings forth death.

"Therefore to him that knoweth to do good, and doeth it not, to him it is sin."

Remember, not you and not me, but only God has power over the devil. But God gives His power, His all-sufficient grace to any one of us who come to Him and humbly ask.

How do I know this to be true? I am a sinner who humbly asked; I am a sinner saved by God's grace, because I believed Him and gave myself to Him. My

belief became faith, which I live by, one step at a time. My faith is founded in Jesus, in that God truly was in Jesus Christ reconciling the world to Himself.

So, morally good or evil, strong or weak, I tell you that Jesus Christ took me when I went to offer myself just as I am, a sinner, and made me God's child and His witness here. I could not save myself from temptation and sin and death. And neither can you. But Jesus can and He will, if you will!

Do you really want the power to overcome your temptation? Are you tired of your sin, sick of the burden of inward guilt, of the turmoil and wars and strife? Do you really want now the inner peace, joy, eager hope, and assurance of eternal abundant life? God loves you just as you are, and only God in Jesus Christ can give you these, and He will if you only believe Him and come to Him!

Present were Mrs. Willie Hazel, Mrs. Halbert Harvey, Mrs. J. P. Arnold, Mrs. T. W. Dunaway, Mrs. Oscar Vincent, Mrs. G. C. Ritchie, Mrs. L. F. Meeks, Mrs. R. E. DeLoach, Mrs. J. A. Graves.

Members of the Community Missions committee met prior to the study to plan projects for the coming year with Mrs. J. A. Graves, chairman presiding.

Present were Mesdames Graves, DeLoach, Hazel, Harvey, Arnold, Meeks.

Surely blessing I will bless thee.—(Heb. 6:14)

Let us bless all that we have — our home, our work, our material possessions of every kind. Let us bless these things, realizing they represent our acceptance and use of God's substance. As we bless these outer expressions, our appreciative attitude quickens us to see even more of the good. If we are given a gift, if someone shares some good with us, let us remember to give our blessing for the gift and to the giver.

RANGER, 1919 — The colorful Ranger boom, which began with a 1917 discovery, produced some of the wildest boom town stories of them all; but this scene of an auto mired in its main street gives authenticity to reports of visitors paying to be "ferried" across muddy streets.

Cotton Harvest Gains Momentum

Cotton harvesting continued to gain momentum on the South Plains during the past week, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA.

The Lubbock classing office classed 2,700 samples during the week ending October 21. This brought the total classed for the season to 4,000.

Despite the fact that this was an early planted crop, harvesting of this year's crop still lags behind the 1965 season. Through October 21 last year, the three South Plains Cotton Classing Office had classed 26,000 samples.

Approximately two-thirds of

the cotton classed last week was in the White grades and the remaining one-third in the Light Spotted and Spotted grades.

Micronaire readings continued to be very good but were not as high as the previous week. Eighty-six per cent of all cotton "miked" 3.5 and better, compared to 91 per cent the previous week.

Cotton prices paid South Plains farmers, as reported to the

Consumer and Marketing Service of the USDA, ranged from the loan to \$3.00 per bale over the loan for the White grades. Light spotted grades were bringing from \$1.00 to \$5.00 per bale over the loan, and the most predominant grade, Middling, has been bringing the loan level to 50 cents per bale over the loan.

Prices paid farmers for cottonseed ranged from \$65 to \$70 per ton.

Local 4-H Youth Shows Reserve Champion

Rodney Bowling, Lamb County 4-H member from Sudan, owner of a 950 pound Black Angus named Sugar, received second place in his class and was named Reserve Champion at the Texas State Fair in Dallas last week. L. C. Jennings of Corpus Cove was listed as breeder of the year old Angus.

Bowling turned down some \$1,600.00 for the sale of the animal and plans to show in major livestock shows in Houston, Fort Worth, San Antonio and Amarillo.

Bowling was accompanied to Dallas by his parents, Mr. and Mrs. Marvin Bowling and his brother, Tracy, who also showed a Black Angus and received fifth place in his class. The

calf weighed in at 830 pounds and was classified as a light-weight in his division.

Rodney has been a 4-H member for 8 years and remains active in both club and FFA work.

THE OLD SLEIGHT OF HAND
The familiar magician's slogan of "now you see it, now you don't" can be equally effective fooling fish in a similar, though less subtle, way.

Anglers who fail to mix their "tricks" usually end up with an unresponsive underwater audience, note the fishing experts at Mercury outboards. This is particularly true at this season when fish are unpredictable in their location and appetites... at any hour of any day.

To prospect successfully these days, it's necessary to use the whole bag of tricks in order to discover the right combination that clicks at that particular minute.

Anyone who continues to cast the same lure hour after hour seldom gets much more than exercise, unless it's that rare occasion when anything works.

Fall tactics are usually best when based on a methodical approach which consists of changing lures, baits and fishing holes when any given attack proves unproductive.

Each man should mentally prepare a systematic attack before starting off for a day of fishing during autumn. He should condition himself to the wisdom of mixing his tricks; to the fact that fish are stirring about in response to fluctuating temperatures and are food conscious in an unsatiable, yet unpredictable way.
