PAINTINGS of flowers and of fruit and such stuff as that never did turn me on (as I believe the current phrase goes—or maybe that one already is outdated). I like some paintings, however, and last week I heard about one painting of fruit that I think I would have enjoyed seeing.

This was a large painting of a lemon, on the side of a house in Brownsville. It was the subject of considerable controversy and even some court action, but at last report, the painting was still there.

The disgruntled homeowner explained that he painted the lemon on the house "to give prospective purchasers of other homes in the subdivision the idea that homes in my division are not built in a good workmanlike manner."

The builder, understandably, was not too happy with the whole deal, and sought to get an injunction to make the homeowner remove the lemon. But it seems to me that whether he does or not, the damage has been done.

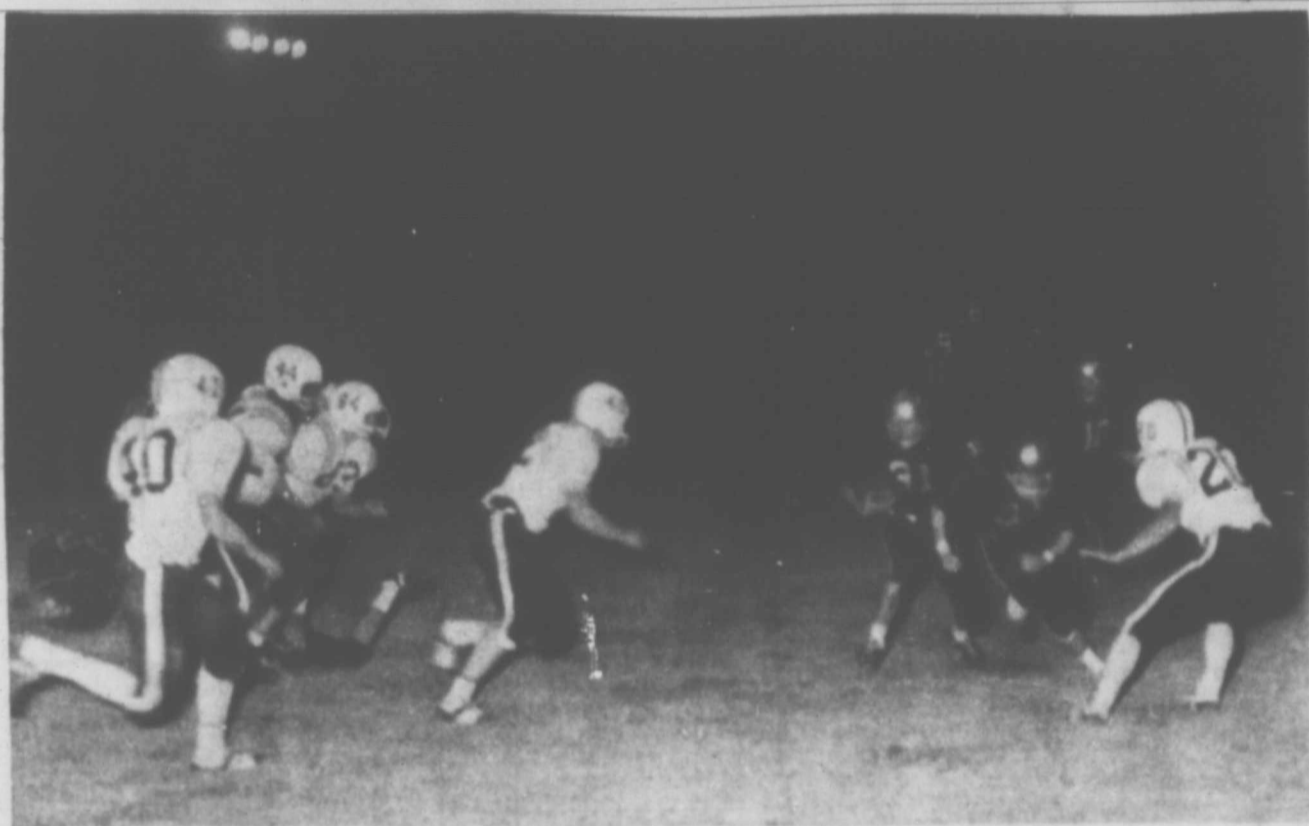

Personally I am in sympathy with the homeowner. I really don't know the facts, and in fairness to the builder, it's quite possible that the home was everything it was represented to be, but considering the general trend of workmen nowadays, it seems likely that the homeowner had every right to complain. We are living in an era of the slipshod, half-done job, an era when the general policy seems to be to do a job just well enough to get paid for it, but not so well that you won't get to do it over later.

The lemon-painting incident reminds me of something which happened in Lubbock about 15 years ago. There was a car driving around town with a sign on the side which read, "I Bought This Car From _____, And It's A Lemon." I recall that the courts made the guy remove his sign, but there again, the message had already been put across to many people.

It's nice to know that some people have found ways of fighting back.

AFTER LAST WEEK'S game with Kress, we hope the fans will continue to recognize Sudan's Hornets as one of the finest of Hornet football teams in history. It was a bad one, and once again, as several times in the past, it seems the Hornets just couldn't go all the way to the district title. Of course, there is faint hope that Springlake will be able to beat Kress, and this would give Sudan a tie with those two teams for the title, providing the Hornets can beat Farwell. But win or lose, we've got to salute the Hornets for having a fine team.

HISTORICAL SURVEY MARKER TO BE PLACED HERE TUESDAY

The Lamb County Historical Survey Committee will place a Historical Marker on the old Watering Trough located north of the City Hall. The presentation will be made Nov. 15 at 2:30 p. m. by Reed Markham. Mayor Joe Rose will accept the marker on behalf of the city. The public is invited to attend the ceremonies.

the loss of its top offensive player Friday night was humbled 29-0 by a razor-sharp Kress team in the big game of the season of District 3-A, as Kress all but clinched the playoff spot, needing only a victory over Springlake.

After eight straight wins and boasting a defense which had yielded only 26 points in all previous games, it's a shame that the Hornets had to play their worst game of the season in what needed to have been their best effort. They should remain the local center of education Frustration High School after the Kress contest, reminiscent of the years when Sudan lost a district title by a margin of six inches to the Farwell goal line, and another time when a loss to Hale Center was brought on by an official's error, which he later admitted.

Kress racked up 21 points in

the first 14 minutes of the game, and from there on it was just an exercise in futility for the Hornets.

Kangaroo Fullback Phil Bohner scored the first touchdown from 15 yards away after a Sudan pass was intercepted early in the first period. The extra point was made, and Kress led the Hornets, 7-0. But the Kangaroos were only beginning, and FB James Jackson scored their second touchdown from the 9 yard line, and the first quarter ended, Kress 14, Sudan 0.

In the second quarter, Jackson again carried the ball over from the one yard line for the TD. The extra point was good giving the Kangaroos 21 points. As play continued, Jerry Bellar recovered a Kangaroo fumble on the 38 yard line, and the Hornets marched to the Kangaroo 22, where they lost the ball on downs. The first half ended with Kress out in front, 21-0.

Starting the second half scoring, FB Bohner went 12 yards for another Kress touchdown with Jackson carrying the ball through the middle for two extra points. Late in the third quarter the Hornets moved down to the Kangaroo 8 yard line, but failed to cross the double stripe, and Kress took over on downs. The Hornets threatened to score once more, but fumbled and lost the ball to the Kangaroos. When time ran out the game ended with Kress over Sudan, 29-0.

The Hornets have only one more scheduled conference game for this season and will play Farwell here Friday at 7:30 p. m. Homecoming will also be observed Friday, so go to the game and back this Sudan Hornet team to a win over Farwell and close out the season with an outstanding record of 9-1.

ELECTION RETURNS ANNOUNCED

Election judge Joe West reported that 315 ballots were cast in Lamb County Precinct 5 (Sudan) in Tuesday's General Election.

Tobe Vereen received the nod for Justice of Peace, getting

RODNEY M. CATE, son of Mr. and Mrs. Tommy Cate of Sudan, graduated from the United States Naval Officers Candidate School and received his commission as Ensign in the Medical Service Corps on July 22 at Newport, Rhode Island. He has been assigned to the U. S. Naval Dispensary in San Francisco as Chief of Pharmacy Service.

146 votes over W. T. Wright's 74.

Balloting for the Democratic and Republican candidates for Senator and Congressman here were close down to the finish line with Republican John Tower receiving 150 votes and Waggoner Carr only one vote away at 149. However, state-wide Tower was re-elected by a large majority to serve as the first Republican elected as a Texas Senator in over 70 years.

Democratic Dee Miller was Sudan's favorite for congressman with 169 votes, but Re-

publican Bob Price, who received 130 votes locally, won the seat of Congressman of the Texas 18th Congressional district by a narrow majority.

The Republican winning trend was strongly emphasized nationwide with actor Ronald Reagan upsetting Gov. Brown in California and with not all the returns complete at press time, the Republicans could win as high as 50 seats in the House of Representatives.

The 16 amendments to the State Constitution took up a large part of the ballot with Sudan voting against five of the amendments:

1. Farm tax limit; yes, 113;

no, 81.

2. Multi-county airport authorities; yes, 75; no, 111.

3. Withdraw Arlington State College from Permanent University Fund; yes, 65; no, 107.

4. Increase conservation district officers' terms; yes, 65; no, 119.

5. Allow county and other employe benefits; yes, 70; no, 120.

6. Survivor aid for certain officials; yes, 128; no, 96.

7. Repeal poll tax; yes, 120; no, 96.

8. Change voting qualifications; yes, 114; no, 73.

9. Enlarge criminal appeals court; yes, 93; no, 85.

10. School bond changes; yes, 115; no, 71.

11. Doubling water funds; yes, 147; no, 54.

12. Plan to end hospital districts; yes, 95; no, 79.

13. Permit some county office consolidations; yes, 71; no, 103.

14. Allow military to vote; yes, 179; no, 35.

15. Allow funds to private agencies for handicapped; yes, 144; no, 47.

16. New dates for legislative terms; yes, 123; no, 44.

State-wide all passed with the exception of amendment No. 4.

Locally all other state offices were filled by the Democratic candidates.

Homecoming Set Here

The 14th annual Homecoming of Sudan High School will be held Saturday, Nov. 12 with registration beginning at 6 p. m. in the cafeteria.

A reception, hosted by the local chapter of Future Teachers of America, will be held from 6 until 7:30 p. m.

A dinner, served by the Band Parents Organization, will begin at 7:30 to be followed by a program, business meeting and a visitation period. Price for the dinner will be \$1.50 per plate and all planning to attend are asked to call the secretary Martha Markham so that an estimate of the number to be served may be obtained.

The honored classes this year will be 1940 and 1945 and all ex-students and ex-teachers, including all persons who ever attended Sudan schools, are urged to attend and visit with school chums of the "olden days".

Buddy Wiseman will be in charge of the program which

WHICH WAY ARE YOU GOING!!

Scripture: Jeremiah 20: 1, 2, 8 - 9; 2: 8; St. Matthew 7: 7-14.

Sometimes persons who have an opportunity to hear of God and to hear God's Word seem so indifferent, so pitifully and evidently blind and unheeding. And some even ridicule the servant of God, mocking until that servant may say, like Jeremiah, "I will not make mention of Him, nor speak any more in His name. But His word was in mine heart as a burning fire shut up in my bones, and I was weary with forbearing, and I could not stay."

"But the Lord is with me". So said Jeremiah, and the children of God today continue to say this, for they have found it true. In the darkest dungeon of life, God brings us to know by our faith, that He is still God, the Father of lights, still with us and He will bring us out of this darkness, too, into the light again, if we are His own children.

Jeremiah preached to the people of His day what the Lord said. Today we preach the same gospel, the same Lord. "Behold, I set before you the way of life, and the way of death."

Just as surely as God told Jeremiah to preach these two ways to the people of Judah, even so in His new covenant, the New Testament He tells us of the way of life and death.

Hear the Word of the Lord Jesus: "Enter ye in at the strait gate: for wide is the gate, and broad is the way that leadeth to destruction, and many there be which go in thereat: Because strait is the gate, and

narrow is the way, which leadeth unto life, and few there be that find it."

What do you want, life or death? You will get one or the other. But now is when you make your choice.

Do you know how to find the strait gate, the narrow way to abundant eternal life?

Jesus said, "Ask, and it shall be given you; seek, and ye shall find; knock and it shall be opened unto you."

And He also said, "I am the way, the truth, and the life: no man cometh unto the Father, but by me."

This is the strait gate, the narrow way, to follow Jesus. He has gone, as He said, to prepare a place for you.

Now you know the way. So choose Jesus, follow Him and Live!

And as thy days, so shall thy strength be. —(Deut. 32:25)

Let the weak say, we are strong. Every one of us is stronger than we know, for we have the strength of God in us. That is why, even when we feel weak or lacking in strength, we should and can say to ourselves, "I am strong." The more we use the God-given strength that is within us, the stronger we feel, the more energy we have.

Maxwell - Testerman Vows Exchanged Here

Wanda Vernell Maxwell and Leonard Glen Testerman were united in marriage Oct. 14, at 2 p. m. at the home of the bride's grandparents, Mr. and Mrs. Martin Maxwell of Sudan.

Willard Cox, minister of the church of Christ, officiated for the services performed before a setting of tiers of white swirl candles accented with large blue bows. The wedding music was "I Love You Truly", "The Wedding March" and "Because".

Parents of the couple are Mr. and Mrs. Raymon Maxwell and Mr. and Mrs. Earl Testerman, all of Sudan.

The bride wore a white velvet street-length dress, featuring a v-neckline and fashioned with a princess waistline.

For something old, she carried the hankie of a great-grandmother, she wore the traditional blue garter, to complete the tradition her veil of tulle with a crown of crystal was borrowed.

The bridal bouquet was white fringed-carnations centered with a white orchid.

Mrs. Lynn Drum served her sister as Matron of Honor and was attired in a royal blue two piece crepe ensemble. She carried a long stem white carnation with blue bow.

Cecil Holt of Muleshoe was the groom's attendant. Ring bearer was Billy Drum, nephew of the bride, and Freddie Maxwell, brother of the bride, was the candlelighter.

Following the wedding, a reception was held and the bride's table featured white lace over

blue satin and accented with a white rose arrangement and white swirl candles.

For her wedding trip to Wichita Falls the bride chose a pale blue dress with brown accessories.

The couple are at home on a farm near Sudan. She is employed as a beautician at the House of Beauty.

ders, this unadorned chunk of Calcutta can produce fish under the most difficult situations when wielded with a knowing hand.

The cane pole artist must, of course, exercise his talents in a radius limited to about two times the length of his pole. But within this area he can achieve perfect casting control and handle the lure with a delicacy and precision that eludes many other fishermen.

The cane poler can plop a plug or dangle a fly with unmatched accuracy. If a toss goes slightly astray it can be yanked back without touching the water and the error erased. Retrieves can be zigzagged over a wide area with a tantalizing flourish. Dappling the surface with the lure is another cane pole technique nearly impossible to duplicate with other tackle.

Cane pole fishing is far more than just bobbers and worms, remind the Mercury folks, so give it another look, or perhaps even give it a try. You might start catching fish in those difficult places you formerly had to pass up, and that alone makes a good "case" for "cane."

A CASE FOR CANE

To many sport fishermen, the thought of a cane pole is akin to the feeling of an opera fan when subjected to a session of "rock and roll" music.

However, when considered in terms of popularity, the cane pole probably draws as many admirers in the fishing world as the rock-and-roll crowd does among music lovers.

The cane pole deserves a better reputation than it generally receives, claim the fishing experts at Mercury outboards. Besides being the best angling tool for tod-

MILITARY MAIL TO BE AIR-LIFTED

Postmaster Ken Minyard announced that henceforth all first class mail, personal sound recordings (voice letters), and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be air-lifted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-725 The Dulski Military Mail Act, which was signed by President Johnson on Nov. 2, 1966, second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be air-lifted from San Francisco to the armed forces serving in Viet Nam.

Postmaster Minyard explained that parcels weighing 5 pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from the points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airlift mail).

This will eliminate the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Viet Nam or other military post offices.

Minyard also reminded mailers that Christmas parcels weighing 5 pounds and under, though they are given airlift priority from San Francisco to Viet Nam on a space available basis, should be mailed no later

Farm Profits Threatened By Spring Fertilizer Shortage

Farmers who are looking at 1967 as the most profitable year in more than a decade may be tripped by a little rut on the road to prosperity.

The obstacle, which can easily be avoided if it's seen in time, is the shortage of fertilizer generally forecast for next spring.

Heavier applications of fertilizer on the higher priced feed grains and the return to cultivation of more than 30 million acres of farmland will overburden the fertilizer industry distribution system in the spring, says Larry Long, editor of CropLife Magazine.

"Top farmers will be wise to purchase fertilizer for next year's crops and store it on the farm," the Mississippi Extension Service recently advised farmers in a newsletter.

Fertilizer consumption next year will increase 15 to 25 per cent, Long says. This growth, on top of a 15 per cent increase this year, will be more than the system can handle.

"Fall fertilization should be pushed this year like it never was before, in order to alleviate the inevitable scramble for product and application equipment during the few short weeks of the spring rush," Long says.

"The amount of this fall's fertilization may well hold the key as to what degree the farmer may realize what looks like an unprecedented year for profits in 1967."

Mr. and Mrs. Weaver Barnett were in Roswell last week to visit in the home of her brother and family, Mr. and Mrs. Mort Ewing.

Mrs. Glen Testerman has been ill and confined to a Littlefield hospital.

SHORT AND SWEET

Coffee houses are fast becoming a new type of social gathering place for teenagers... From coast to coast, enterprising young people are establishing and operating their own coffee centers... They are doing the decorating, the cooking, the waiting on tables, and even have organized entertainment... One group goes as far as putting on plays... The coffee houses are giving young people a place to go to have fun, to find creative expression... Many of the coffee centers are being sponsored by youth agencies, churches, colleges and high schools... Others are run by individual groups of teenagers...

Coffee wasn't always a social drink... In its earliest days it was considered a cure for almost any type of ailment... The Arabians, who were among the world's first coffee drinkers, considered it an ex-

Our loneliness, my friends, you'll find is only just a frame of mind; If loneliness has claimed your time, Then kindly analyze this rhyme; To render service day by day, Will drive all loneliness away; It has no place for its abode, Where we will share our neighbor's load.

Legal Notice

THE STATE OF TEXAS

TO: GENE ROBERT BOONE, defendant,

Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 5th day of December 1966, at or before ten o'clock A. M. before the Honorable District Court of Lamb County, Texas, at the Court House of said County in Littlefield, Texas.

Said Plaintiff's Petition was filed in said court, on the 14th day of July A. D. 1966, in this cause, numbered 6050 on the docket of said court, and styled, NELDA JOAN BOONE, Plaintiff, vs. GENE ROBERT BOONE, Defendant.

The names of the parties to the cause are as follows, Nelda Joan Boone is Plaintiff and Gene Robert Boone is Defendant.

A brief statement of the nature of this suit is as follows, to-wit: This is a suit for divorce, alleging cruel treatment, alleging one child to have been born to said marriage, namely Debra Renee Boone, born April 3, 1965, and further alleging that the permanent care, control and custody of said child be given over to Plaintiff; further alleging that there is no community property owned by the parties. Such petition prays for a divorce, custody of Debra Renee Boone, the child born to such marriage, and for such other and further relief, in law and in equity to which Plaintiff may show herself justly entitled, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this

process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Littlefield, Texas, this the 17th day of October A. D. 1966.

Attest:
Ernest L. Owens
(Seal) Clerk, District Court

So You Don't Need
To Use
NEWSPAPER ADVERTISING?

If You Think So, Then...

PREACHERS -- Should preach only one sermon a year

. . . we are all against sin anyway, so why harp on it?

TRAFFIC LIGHTS -- Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that should be sufficient.

TEACHERS -- No need to review lessons. Tell the children only once and they'll never forget.

HIGHWAY PATROLMEN -- Stop driving up and down, no need to caution drivers for they know the law and should obey.

MAIL ORDER FIRMS -- That send catalogues are wasting their money. Everyone knows what is sold at stores in town and of course they'll shop at home.

IF YOU ARE ONE of the foolish kind, like the Notre Dame Cathedral that has stood for six centuries but still rings the bell every day to let people know it is there, and if you believe in consistent, profitable advertising, then you will--
