FORTY-THIRD YEAR NUMBER 17

WOODWORK

BY DALTON

STARTING a couple of days ago, the auto insurance raisers began their annual study of how much they can boost car insurance rates without making people angry enough to march on Austin with shotguns.

The hearings started Tuesday, and one member of the State Insurance Board said last weekend that rising accident totals by insured drivers makes it appear that some more increases will be forthcoming.

Imagine that. No doubt the insurance-poor motorists, especially those with under-25 drivers in the family, will be astounded that the rates may have to be raised this year, considering that the insurance board has never met yet without raising the rates.

Already a lot of people are running the risk of driving without insurance simply because they feel they can't afford it. This puts the ones who buy the insurance at a disadvantage.

Somebody once said that everybody has a lobby in Austin except the people. I believe it.

DALLAS COUNTY and Tarrant County (Fort Worth) recently made big plans to build a super-duper airport, a facility to cost about \$250 million, and supposed to be the fanciest in the world.

They still may do it eventually, but Dallas voters recently turned thumbs down on a proposal that the two cities finance through taxes a Regional Airport Authority. Fort Worth voters passed it, and officials of both cities were stumped by the result in Dallas.

The reason for the defeat, obviously, was that people in Dallas were tired of paying more taxes. An assessment of about 15 cents per \$100 valuation for a period of seven years had been proposed.

One official later explained the defeat in a reasonable way. He said most people could not relate themselves to air travel. In other words, the average citizen never even goes to an airport, much less jump in a jet to go kiting off to Montreal or Barcelona. So they voted the issue down.

DID YOU EVER hear about what you're supposed to do about a tomato plant that won't bear? Beat it with a stick. Some folks insist this procedure won't fail to result in a bigger vegetable crop.

To me this sounds kind of like kicking the TV when it won't work, but proponents deny that it's an "old wives' tale."

The reasoning behind whacking the plants is that too much branch growth and foliage hinders tomato production. We understand the same result can be obtained by trimming off excess parts of the plant.

It's probably more fun to beat on it, though.

BOBBY BROWN TO ATTEND BAND AND TWIRLING SCHOOL

Bobby Brown, son of the Rev. and Mrs. Robert Brown of Sudan, will attend the Military College Summer Band and Twirling School scheduled to open on the Military campus July 9 through 23, according to Dr. Raymond T. Byrnes, head school director.

RODEO IS COMING TO TOWN - Shown above are two local 4-H members, Danny Cardwell and Jimmy Fields, as they prepare to enter the rodeo to be held here Saturday. All residents are urged to attend and support the local 4-H organization.

RODEO SLATED SATURDAY

County Agent Buddy Logsdon issued a request this week that all 4-Hers turn in their entries by Friday, tomorrow, to be eligible to compete in the Amherst-Sudan Play Day to be held Saturday in the Sudan arena.

Entry fees are \$2 per event.

Events will include barrel racing, pole bending, goat tying, calf riding, wagon race, and to climax the activities will be the Pig Scramble in which a registered Duroc gilt will be awarded to the winner.

Belt buckles will be given for first place in each event and rosettes through fifth place, according to Logsdon.

The bucking stock will be furnished by the First National Bank of Sudan. Local merchants and residents donated and built the bucking chutes.

All residents are invited to come out and see the show with the parade beginning at 4:30 p. m. and events scheduled to

begin at 6 p. m.

A concession will also be conducted at the arena with sandwiches, cake, cookies, candy, and soft drinks being sold by the 4-H club.

Admission will be \$1 for adults and 50¢ for children. All proceeds will go to the Amherst-Sudan 4-H club.

Entry blanks may be obtained from the county agents office, Louis Fields in Sudan, and Don Carter in Amherst.

Spraying Fee To Be Charged

Mayor Joe Rone announced this week that a fee of \$1 will be added to the July 1 water bills of local residents to compensate for the cost of spraying the city for mosquitos.

He stated that although this charge will be added only if spraying is required, the fee will be added each month during the summer that the city sprayer is operated.

The city was sprayed Saturday evening due to the influx of mosquitos which seemed to be growing larger than horseflies following the recent rains.

Rone stated that unless we receive more showers that one spraying should be sufficient to control the biting pests.

The estimated cost for the insecticide for one application, according to city hall, is \$200. It is also reported that some 430 water meters are in operation in the city at this time. They added that the initial cost does not include payment of over-time for the city employees.

SCHOOL BOARD ACCEPTS RESIGNATIONS

The Board of Trustees of the Sudan Independent school district met Monday night in regular session.

Main topic of discussion was the acceptance of resignations of five teachers, including Lucille Brown, Richard Daugherty, Tex Paris, Ruth Ellen Riley, Evelyn Thomas. The Board also hired one teacher, Mrs. Mary Brown, wife of the Methodist minister, the Rev. Robert Brown. As of now her subject has not been assigned.

Superintendent W. E. Hancock reports that this leaves only seven vacancies in the faculty, providing the school can operate on two less teachers than last year. Teachers are needed in both high school and elementary school, along with the music education teacher as the school plans to continue the music program begun last year.

Budgets for the coming school year were read and approved along with discussion of school insurance, slight hall damage, and the general upkeep of school property.

Tabled until the July meeting was the topic of Track and Stadium improvements. The board meets the third Monday night of each month, and the meetings are open to the public.

When this degree of growth is reached, it is proposed to erect a building which will house a new dial system and plans will include direct dialing.

The volume will pertain to her mother's family, the Coopers, while volume 2, a history of her father's family, the Parrotts, is in the final stages of publication. Each of these books will contain a complete chapter on life in early Lamb County along with pictorial scenes. This is the final week of scheduled games with make-up games to be played as soon as possible. In recent play the Cubs defeated the Braves 17-12 while the Cardinals downed the Dodger 5-1. The Cardinal-Dodger game was called at the end of four innings due to the weather. Gary Edwards was winning pitcher and struck out ten batters. David Howell also aided the Cardinals' score with a home run. Jerry Pate was losing pitcher.

Felley's games were rained out but Monday the Cardinals came back and defeated the Braves 12-5 with Richard Tamm-Baschling a guest game. Mike Handwich was charged as losing pitcher. Devotional

By HAZEL HOUSE

Scripture: St. Matthew 11:28; St. John 3:3; Psalms 23.

Mental illness is a thing some people even refuse to think about, much less do any real constructive thinking about it. I know we should consider this fact:

All of us, each of us who have a mind, are just as subject to mental illness as we are physically subject to the measles or a sore throat.

Our "mental man" cannot be ignored; our minds go along with us in a sort of "thought pattern", in a controlled way (built in!), until, I believe, the mind gets suddenly overworked—then it must take a rest.

Did you ever get so tired physically you could hardly make it into the house when you finally do get home? If so, then we find that if we take some nourishment, take a bath, and sleep, something happens to us. We awaken refreshed and strengthened, ready for our next task. But, sometimes, not mentally rested.

Mental weariness: When God said rest on the sabbath day, He was not uttering idle words; He did not mean merely rest the physical body. Yet mankind today seems to think he is so smart that he can work seven days a week—never stopping to really "rest"—and then man's plan is to take a vacation once a year, if he can, but getting very little rest even then. But is that enough? And what about the spiritual man?

Of course, the spiritual man is not born until one decides, and does accept Jesus as Lord and Savior; until that time, the spiritual man is dead. But after he is alive, does the spiritual man get undernourished, get tired, get sick?

God is God of all of man—spirit, mind, body. If the spiritual and mental man gets tired or sick, the physical man has problems.

If you have a cold, what do you do? I know what I do: Everything I can possible think of to do to help myself, but if the cold gets worse and I cannot get over

He is to be at the Embassy in Bonn for three years and then, he will retire with 30 years of military service to his credit.

Personals

Turner. Other guests in the Turner and Carpenter home are the Turner's daughter and family, Mr. and Mrs. L. H. Hight and daughters, Teresa and Tina of Odessa.

Mr. and Mrs. Arboth Rylant and Kimberly were visitors Sun-

day in the home of her parents, Mr. and Mrs. G. C. Ritchie. Debbie Ritchie returned home to Canyon with them for a brief visit.

Mrs. Doyle Terrell has been ill and confined to the hospital in Amherst.

Mrs. Wayne Gordon underwent surgery Tuesday in West Plains Hospital in Muleshoe.

Mr. and Mrs. Charles Heffington of Littlefield visited Sunday in the home of her parents, Mr. and Mrs. R. E. Scott.

pattern as God directs, doing all I could do for myself, seek a doctor's advice, if necessary, but calmly remembering to trust all in God's loving hands, because I know He is my Creator and also my Father who loves me; He is able to keep me, so I can be calmly confident.

Spiritually tired, or sick? What are the symptoms? The symptoms of being spiritually sick may first be a loss of appetite. Then one begins to suffer from spiritual malnutrition. Our spirit is renewed day by day in contact with God; if we do not feel the desire to pray or read God's Word, we should ask God for it, because we are sick and need His help. For spiritual tiredness, rest; be still, and know that God is God. All of man, body, mind and spirit rest in this action. So, when you are tired spiritually, remember you are not "prayed up", so wait and pray.

The signs of man's physical tiredness is evident, but even more evident are the disastrous results of not feeding with good things the minds and souls of men beginning to point out to us a great need of rest and proper nourishment.

"He leads me beside the still waters. He restoreth my soul." Has your soul been restored today?

"He leadeth me"—Will God lead you today? He will, if you will follow Him.

Dee was the grandson of Wesley and Harriett (Gaby) Bernethy and Drewery and Martha McDaniel. Dee arrived in Oklaunion, Wilbarger Co., Texas, March, 1913, where he met and married Lula Belle Greathouse on July 13, 1913, at Harrold, Texas.

Lula Belle, daughter of Paul Early and Mary Elizabeth (Teague) Greathouse and granddaughter of John William and Rebecca (Beasley) Greathouse and Amos S. and Mary Elizabeth (Williams) Teague, was born November 1, 1896, at Mt. Pleasant, Texas, and her first school was Lone Star in Titus County. The Greathouse family arrived in Oklaunion on October 12, 1912.

Dee and Lula Bernethy were living in Bonham, Texas, when their first child, Orville W., was born on October 21, 1914. They returned to Oklaunion in January, 1915, where their second child, J. On August 18, 1926, the family moved to Clovis, New Mexico, where they resided until December 28, 1929, when they moved to Lubbock, Texas, where their third child, Davy Lee, was born June 20, 1930. The family returned to Sudan on January 8, 1934, and Dee was employed by C. F. Whitwell, Blacksmith, for some time, and later owning a drayage. Their home is at
