WOODWORK BY DALTON

THERE IS A grandmother in Plainview whose unusual hobby has paid off in cash. She makes miniature furniture out of tin cans. This doesn't sound like much on the surface, but it really is quite clever, the way she bends and shapes the tin into furniture pieces. She has orders for the stuff from other people, so this canny granny goes on a bender quite often.

IN CALIFORNIA, the state Senate Transportation Committee has voted to give serious consideration to a proposal to bar all gasoline-consuming cars from California highways by 1975.

The committee did this after an air pollution expert testified that a single car uses up more oxygen in a 45-minute drive than all the millions of people in the Los Angeles area can breathe during that same period.

The witness, a retired California air pollution chief, told the committee that oxygen is destroyed so fast by the internal combustion engine that human consumption is dwarfed in comparison.

More publicity on such figures as these are likely to spur efforts of the auto industry to come up with either an all-electric car, or some more efficient means of getting rid of the air pollution problem caused by gasoline engines.

Certainly the oil companies must be working on that angle themselves. If all else fails, they may just try to get rid of all the air pollution experts.

AS PART of a research program to determine the effectiveness of aerial spray in controlling mosquitoes, Hale Center, Abemathy and Plainview recently have been sprayed regularly with a U. S. Air Force plane flying very low over the rooftops.

Many residents were startled the first time or two the plane sounded like it was going through the house early in the morning (about 6 a. m. or so).

The result has been great; no more mosquitoes and folks who live in those towns hope the program will be continued next year. It would be nice if they could include this city next year, too, but I guess we could not be that lucky.

The kind of insecticide used and the method of its application have been given credit for eliminating the mosquitoes in the test towns, but I think they

Devotional

By HAZEL HOUSE

Scripture: St. John 3:16, 17;
St. Luke 15:4-7.

"As cold waters to a thirsty soul, so is good news from a far country"—Proverbs 25:25.

What is the good news of God to man? This is what man really needs to hear, and God has acted, and has spoken in His Son. Do you believe there is a God one God, who is creator of us all? Then listen to this joyful news: He cares about you! He, the Almighty God yet also the

loving, merciful Father, sent His Son to show you and me what He is like. He is our Father and loves us enough to pay such a high price to redeem us from sin. We are His image, and He wants us to be with Him so much that He continually seeks us. Jesus said, even when all are safe inside that He still goes out to find the one that is lost.

Are you lost in this great, big, crowded, confused world? Jesus seeks you. Do you want peace and love and eternal life starting now? Then lay aside all these things which would possess you, and surrender yourself to God; give up to God; let go, turn loose of things, and call on God. He hears the faintest cry of any one of us who are about to die as we call on His name. Then He finds us, and brings us just like we are (the lost sheep, cold, hungry, weak, dirty and despairing—lost without hope), and brings us into the fold to supply our every need now and forevermore.

Yes, God loves you! And that is His Good News sent down to earth in His only begotten Son. He has promised you eternal life through Jesus Christ the Lord. Will you claim His promise, or will you just die?

What can you do? God in His Word makes the way plain. Paul wrote in Romans 10:8-10, 13:

"...The Word is nigh thee, even in thy mouth, and in thy heart: that is, the word of faith, which we preach; That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation... For whosoever calleth upon the name of the Lord shall be saved."

"Whoever" means you and me. So, believe His promise, believe on His name. Confess Christ as your Savior, and you will be saved, as He said! Trust in Him, in His righteousness and power to save you from sin, not in your own. For He has all

Have all your neighbors really known how much for them your love has grown? They'll likely never know the facts unless we show them by our acts. There's something we have often heard an act will tell more than a word; so kindly acts that we bestow, will surely let our neighbors know.

TEXAS HIGHWAY PATROL LISTS COUNTY ACCIDENTS

The Texas Highway Patrol investigated 14 accidents on rural highways in Lamb County during the month of June, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in five persons injured and an estimated property damage of \$9,150.00.

The rural accident summary for this county during the first six months of 1967 shows a total of 47 accidents resulting in three persons killed, 16 persons injured, and an estimated property damage of \$62,970.00.

The number of traffic deaths

in Texas continues to rise. For the first six months of 1967 there have been 1,476 traffic deaths compared to 1,396 traffic deaths for the first six months of 1966.

This alarming increase of accidents can be reduced by drivers knowing and obeying traffic laws, being a defensive driver and being a courteous driver. The Sergeant stated, "Courtesy is contagious—try it."

Mr. and Mrs. Glen Cardwell and family are in Dallas this week, and will spend one day at Six Flags Over Texas, before returning home.

Where is Fashion Going Now? It's going wild! Everything
has gone from mini to micro—with a million new looks to
switch you on. See-through styles are current—and if you
can crochet—make a dress with the biggest possible holes!
Another fun is the baby-doll mini dress with lacy bloomers
that peep below the hem.

From the neck up the look starts
with a hairstyle that's pure and
simple. Pull hair back, then tie a
bright scarf in a bow. Your make-up
should take the subtle route, natural
and shimmering. To make this scene,
Cover Girl has created TWO new
frosty make-ups for the softest,
barest kind of glow. "Glow Lightly" Blushers are super-
subtle in Amber Glow, Natural Glow and Tawny Glow. Lips
will wear "Ice Breakers" in four kooky new frosty shades
of Frost Me Pink, Bare Baby Brick, Very Berry
Frosted and a delicious Ice Me Apricot.

From the knees down—legs are very impor-
tant and windowpane stockings are the great-
est—they let your legs show! Opaque stock-
ings are on the in—dare to wear them in the
wildest, most fun colors. Hot hints for feet and
legs: stroke a little "Glow Lightly" Blusher
on your knees, sweep it across the backs of
ankles and heels when you're wearing sting
back shoes or sandals. "Glow Lightly" are
made to put a frosty glow on your face—but
why not let legs and feet glow prettily, too!
