FORD & CLAYTON AT WATER HEARING

Frank Ford, Republican candidate for State Representative who is opposing Rep. Bill Clayton in the 72nd Legislative District, today expressed his pleasure that Rep. Clayton has chosen Hereford as the host city for his water hearing for the entire West Texas Area. "It is an honor for our community to be chosen for this

meeting", Ford said, "And I shall be at the Hereford Bull Barn to personally welcome Mr. Clayton to Hereford upon his arrival". "Although I intend to open a clean, hard-hitting campaign on the issues very soon", continued Ford, "There will be a complete moratorium on politicking, so far as I am concerned, on Oct. 5, the day of the meeting. Obtaining adequate water for the future growth of our area is far too important for it to become embroiled in partisan politics,

and Mr. Clayton and I will work together on this, regardless of which of us is called upon to represent the people of this district in the next Legislature".

The 72nd District includes Cochran, Lamb, Bailey, Castro, Farmer, and Deaf Smith Counties.

BYNUM NAMED TOP BANDMASTER

Raymond T. Bynum, McMurry College Band Director, was named "Texas Bandmaster of 1968" by the Texas Bandmasters Ass'n. at the convention held in San Antonio this month. Bynum, who was host director

at the recent two-weeks McMurry College Band and Twirling School where some 400 music students were in attendance including those from our area, stated that he appreciated the great honor given him by the association. However, he said "but a greater honor to me is that for 43 years I have been associated with the school band movement in our Southwest and have seen the fine cultural and disciplinary aspects of band membership as it affects growing children."

Membership in a school band can be one of the most rewarding experiences of a growing life. There is a discipline to band (properly taught) that must carry over into adulthood that begets respect for law, respect for property and respect for people, Bynum said, and also said that there are other fine organizations, but to him band is among the greatest.

Your town is to be commended, Bynum concluded, on providing in your schools the opportunity for your own children to participate in band. Parents who buy instruments and give encouragement to their youngsters to participate fully in this program may be making the best investment possible in their own children.

CWS - CROP SENDS FOOD

A million pounds of high protein food is being shipped to famine victims in Nigeria and Biafra by CROP, the community hunger appeal of Church World Service.

Devotional

By HAZEL HOUSE

Scripture: St. Luke 16: 23; Hebrew 11: 1, 2; Romans 10: 8-13.

If I saw you, with your eyes blinded, going toward a river bank, and I stood by, saying nothing to warn you — What would you think of me?

Then, if I see by the light that is mine (Psalms 119: 105) that "you" inside your physical body are headed for a disaster far greater than a fall down the river bank, can I stand silently by and say nothing to warn you? If I could do that, I would have no love, no care for my fellowman, but, knowing that we are created to live forever in fellowship with our Creator, and knowing of God's love for me and for you, I must cry out a warning with all the urgency, with all the strength that is in me, to you "Beware! Danger, eternal danger is ahead, unless you turn around and follow Jesus by faith."

All these devotionals written would just be useless words printed on a page, if they did not tell the message of Jesus. He gave up His physical body, His life for me, so now, because I love Him in return for His precious gift of love, it is a "reasonable service" to let Him use me — and you — to tell His message of Salvation. Jesus is the only One that can save any human being.

These words are only another way of telling that Jesus loves, that Jesus alone can satisfy the needs of the heart of man, that Jesus alone gives meaning to life.

Natural man, carnal man fights against God, but the soul of man

longs for God. In every-day life, with evil on every side, even the children of our heavenly, Almighty God and King, must pray for courage to witness for Jesus, because the "crowd", still blinded, cries "Crucify Him" or just stands by. They want the things which they can see with their physical eyes, which they can only use in this world.

Do you want things that are eternal, everlasting? Do you want to live a life of peace now, an abundant, eternal life then where God is? Because of Him, in heaven there will be no sin, therefore no sorrow, no pain, no fear, no separations, no darkness, no death.

What do you want? Just this moment, this day — What then? Since we (the real soul of us inside these physical bodies) are created in the image of God, we are going to live eternally somewhere. If you are saying by your words and deeds that you want just what you can get today, you are heading toward danger, so I must in love and concern, warn you that, although hell was made for the devil and his angels, if you serve "self" and the devil here you are choosing your way and you will spend eternity after your day of physical existence, in hell where there is darkness, murderers, thieves, liars, drunkards, and unbelievers, where the devil is.

But, if you are saying that you are giving all that you can today to tell others, in Jesus' stead, how to live forever, you will spend eternity where God is in Heaven. The choice is yours; Now is the time you can make your choice, and you are making it. I plead with you to choose Jesus while you have time, for He is the Way that leads to everlasting joy and peace.

from **The Bible**

I have loved you with an everlasting love.—(Jer. 31:3)

No individual nor any outside thing can satisfy the longing of a soul need. We have a soul desire that the conscious mind may not comprehend. Inner peace comes through knowing that God satisfies our longing soul and fills our life with His good. Then we are filled with a feeling of completeness and joy.

A SHOO-IN

For a relaxing season, it's tossable togs and new footwear that makes walking an absolute pleasure. Gay paper dresses will increase your wardrobe. They take very little upkeep, and hemming to the proper length is a snap—just use the scissors. Footwear, like Dr. Scholl's new "Contourettes," are cool, comfortable and have the new slightly-higher heel for a truly fashion look. Designed for casual wear, the shoes have a special contoured design that cups the heel, and lets toes rest comfortably over a raised "gripper." Wearing them is almost like walking barefoot in your own footprints in the sand.

**SMOKING HABITS SURVEY
TO BE CONDUCTED**

Census Bureau interviewers will conduct a survey here concerning the smoking habits of the population during the week of August 19. Director Francis H. Wilmer of the Census Regional Office in Denver announced. Interviewers will ask about people's past smoking habits as well as present habits in order to discover whether there have been significant changes over the past year.

Interviews conducted locally are part of the third annual survey of smoking habits taken among a representative sample of the nation's population to provide statistical data for the U. S. Public Health Service.

The questions on smoking will be asked during the Bureau's monthly labor force inquiries. Questions about jobs are designed to provide data for use by the U. S. Department of Labor in determining current national employment and unemployment trends.

The identity of households in the survey throughout the U. S. is confidential, and the information obtained will be used only for statistical purposes.

Interviewer who will visit households in this area between August 19 and 24 is Mrs. Rosemary McNeese, Rt. 1, Amherst.

**POPULAR CONNECTICUT FIFE-DRUM CORPS
SETS RETURN TO STATE FAIR IN DALLAS**

Those colorful Colonials from Connecticut, the fifers and drummers of the Deep River (Conn.) Drum Corps, will march again at this year's State Fair of Texas, coming up Oct. 5-20 in Dallas. The New England music makers, wearing white wigs and red and black uniforms carefully copied from those of Revolutionary times, will give several free performances daily Oct. 12 through 17. The two dozen parading Pied Pipers in three-cornered hats drew huge crowds in 1963 and 1965 at the nation's largest annual exposition. The Deep River citizens have been popular favorites since 1873; The State Fair of Texas has been the people's choice since 1886.

The world's most popular pooch, the Hush Puppies basset hound, recently took a grand tour of Hemisfair '68 in San Antonio, the walkingest world's fair in history. The well-known dog took in all Hemisfair's spectacular attractions with fair guides Sharon Caudle of Houston and Roger Maldonado of San Antonio.

Hemisfair has been called the world's first "people-designed" fair. Planners have designed broad elevated walkways, or "people expressways," to enable fairgoers to walk leisurely around the grounds with a maximum of foot comfort. Though not a "people," the basset pooch's tour was symbolic of the Hush Puppies comfort enjoyed by all fair personnel.
