"A CHILD who sits down to watch television is more anxious to be amused and entertained than to be educated," TV Guide said in its Oct. 18 issue.

The mag went on to say, "Given a choice between Bugs Bunny and Misterogers, children will watch Bugs Bunny. They don't have the critical ability to make judgments about which shows are better."

I guess I'm a little shy of critical ability, too. Given the choice between Bugs Bunny and almost any of the junk on TV today, I'd watch Bugs Bunny, too.

TV Guide did a survey to back up its figures, though. They also noted that the young viewers (between the ages 2 and 11) watched a surprising (to them) number of so-called adult programs.

A conclusion from TV Guide: "Children don't care whether television enriches their lives; they want to be amused."

Yeah, and that goes for adults, too.

MAYBE you think it's too early, but with all the rush that's bound to come for them, you'd better order your 100,000-gallon tanker truck of cologne right now for

a Christmas gift.

You can get it from Neiman-Marcus for just \$5 million, delivered to your house.

If this seems a bit steep for a Christmas gift, you might want to rent a zoo for one year. It comes with a keeper, says the N-M catalog, and leases for \$13,750 a year.

Another goodie is a computer for the kitchen which gives complete menus, plus proper wine and recipe information. This Honeywell appliance is \$10,600, including a two-week course in programming.

Among the cheepie gifts are a crocodile purse, \$575, a turtle from the Galapagos islands, just \$1,200, a baby girl elephant from Thailand, \$5,000, an umbrella for your dog, \$10.

Cheapest thing I saw in the catalog was a mesh-belted key chain, for \$5.

I hadn't figured on spending that much.

It has rained about six more inches in a week—Monday to Monday.

Mr. and Mrs. Pete Phillips attended the monthly meeting of the Caprock Water Utilities Association in Plainview Thursday night.

Members and their wives were treated to a special "Ladies Night" meal and tour of Plainview's new water treatment plant which has only been in operation since February, 1969.

SUDAN WINS OVER VEGA, 22-21

The Sudan Hornets edged the Vega Longhorns Friday night at Vega, 22-21. The Hornets did not get on the score board until the fourth quarter, and trailed the Longhorns after they put 21 points on the board in the second quarter, 21-0. But the Hornet defense held the Longhorns to only 14 yards rushing in the second half.

The first quarter was a defensive battle with neither team getting close to making a touchdown.

It was in the second quarter when all the fireworks broke loose as the Vega Longhorns made a fast 21 points. HB Jackie Richardson ran 14 yards around right end for the first Longhorn score. Kenzie Donathan kicked the EP to give the Longhorns a 7-0 lead. After the Longhorn kicked following the TD, the Hornets fumbled the ball on their own 14 yard line, and Dale Artho was there to cover it for Vega. So the Longhorns had the ball on the Hornet 14 and a few plays later FB Ronnie Fargman carried over for the next TD from 3 yards out. Again Donathan kicked the point to give the Longhorns a 14 to 0 lead. The Hornets again had trouble moving the ball and were forced to punt on a 4th down. The Longhorns took over on their 25 yard line, and on the second play HB Richardson ran 73 yards for his second touchdown in the game. Donathan kicked the EP and the Longhorns were plowing up the field with a 21 to 0 lead as the first half ended.

Starting the second half, the defensive battle was on all through the third quarter, and the Hornets were still down 21-0, operating from their own 22 yard line.

Early in the 4th quarter, QB Rex Boyles got the ball rolling for the Hornets as he passed to FB David Weaver on a 58 yard gain to the Longhorn 21. This nets needed as they now looked like the fighting Hornet team they really are. A few plays later on a 4th down play, FB Larry Hanna carried the ball

over for the Hornet TD from the 5 yard line. QB Boyles tried to run for two points but failed. The Hornet defensive unit dug in and stopped the Longhorns cold in the 4th quarter. About midway of the quarter, QB Boyles went to the air again as he passed to HB Jerry Bellar, who was downed on the 1 yard line. On the next play Bellar went over for the TD, and also ran the conversion for 2 points. This narrowed the Longhorn lead, 21-14. With time running out, QB Boyles passed to Weaver who took the ball in on the Longhorn 21. Two plays later Bellar ran 19 yards around left end for another Hornet TD, and the score was Vega 21, Sudan 20. The Hornets chose to go for the 2 points, and Hanna plunged over, taking half of the Longhorn line with him, and the Hornets led 22-21 for the first time in the game. With less than a minute, showing on the clock, the Longhorns moved to the Hornet 40, where they fumbled and End Randy Glover covered the ball with only 40 seconds left on the clock. The Hornets ran the clock out to win over Vega, 22-21.

The Hornets will travel to Springlake-Earth Friday night, where they will meet the Wolverines in a game starting at 7:30 p. m.

EIGHTH GRADE GAME
The 8th graders won their first game of the year here Thursday against Vega by a score of 14-6.

Early in the first quarter, Ernest Jefferson intercepted a Vega pass and ran 60 yards for a touchdown which was called back because of a clipping penalty.

Half time score was 6-0 in favor of Vega.

In the 3rd quarter Mark Hanna ran 40 yards for a touchdown and Ernest Jefferson ran for the 2 point conversion. During the 4th quarter Mark Hanna again scored on a 30 yard run and try for extra point failed. With 4 minutes showing on the clock, Curtis Chester intercepted a Vega pass but Sudan gave up the ball when they could not gain the yardage needed for a first down. Don Noles also intercepted a Vega pass with only 1 minute of playing time remaining. The final score was Sudan 14, Vega 6.

Both 7th and 8th graders face Springlake here Thursday (today) game time 4:30 and 5:30 p. m.

WESLEY AND MARGARET BOYD

DR. RAY N. JOHNSON

METHODIST REVIVAL SCHEDULED

The Sudan First United Methodist Church will begin a series of Revival Services Sunday, Nov. 2, the pastor, Rev. Aubrey White, announced this week.

Dr. Ray N. Johnson of Lubbock will be preaching, and the Wesley Boyds of Oklahoma City will present the special music and song and lead the gospel singing.

Services will be held Sunday at the regular hours: 11:00

a. m. and at 6:00 p. m. Week-day services Monday through Thursday will be at 10:00 a. m. and 7:00 p. m.

Dr. Johnson is a native Texan and is presently the minister at Asbury Church, Lubbock. He attended Asbury College and is a graduate of McMurry College, Abilene. He did graduate work at Perkins School of Theology, and was honored with a doctor

of divinity degree by McMurry College.

Serving as chaplain for four years during World War II in Europe, Dr. Johnson has given nine years to the field of Evangelism. He is also the author of a book "Evangelism For Today".

He has conducted revivals throughout the Southwest and many parts of the United States, some on college campuses. He is married and has one son, 21, who is a Tech student.

Wesley Boyd is an Irish Baritone, born and reared near Belfast in Ireland. He entered full-time Christian service in the field of Evangelistic music during the Billy Graham Crusade in London and joined the Billy Graham team for several years. Mrs. Boyd is an outstanding pianist and was the official accompanist for most of the Music Festivals in Northern Ireland. She is a graduate of the Royal Academy of Music in London. The Boyds now make their home in Oklahoma City.

Council Joins Fight Against Rate Boost

Sudan City Council met Tuesday and voted to join other West Texas cities in fighting a gas rate increase, Mayor Arnold Reed announced Wednesday.

Pioneer Natural Gas Co., which serves Sudan and Amherst along with some 66 communities in this area, has requested an increase in the "gate rate" from 28 cents to 34 cents per 1,000

cubic feet of gas.

A hearing on the request has been scheduled for Nov. 4 before the railroad commission. The protests of the various cities will be filed at the time of the hearing.

Mrs. Wayne Rogers underwent surgery Monday at the Methodist Hospital. She is in Room 318B.

DIGGING FOR GOLD?—No, just the Sudan City employees digging for a main-line cutoff, when the Sudan main water line broke Tuesday night about 11 o'clock. The city workers stayed on the job all night, and service was restored to the Sudan area about 9:30 a. m. Wednesday morning. Fire Chief Pete Phillips is shown on the ditcher, and John Hendrix with his back to the camera.

ATTEND THE ESA TALENT SHOW SATURDAY, 7:30 P.M. SCHOOL AUD.

ASSEMBLY OF GOD SPECIAL SERVICE

Saturday evening, Nov. 1, at 7:30 p. m. is the date for a special service at the Assembly of God Church here in Sudan. Mr. and Mrs. W. D. Boyd of Lubbock will present a program entitled "The Seven Churches". Mr. and Mrs. Boyd have presented this and several other programs in the Lubbock area. They are regarded for the fine presentation and excellent narration in their programs.

Rev. H. T. Clarke, pastor of the church, invites the public to attend this service and states that

everyone is welcome.

In a recent section-wide contest at Levelland of vocalists from Assembly of God Churches, Miss Roxanne Clarke represented the Sudan church. Miss Clarke won first place in a vocal solo and will now compete with other contestants for regional honors in Midland, Nov. 26.

Miss Clarke is the daughter of Rev. and Mrs. H. T. Clarke of Sudan and is a sophomore at Sudan High School.

PERSONALS

Mr. and Mrs. Marvin Bowling visited their son and family, Mr. and Mrs. Rodney Bowling and daughter recently in Alpine. Their granddaughter returned home with them.

Does God Really Send Judgment?

By DAVE LLEWELLYN

In 609 B.C. Jeremiah the prophet stood up in the temple at Jerusalem and declared these words of Jehovah: "If ye will not hearken to Me, to walk in My law, which I have set before you, to hearken to the words of My servants the prophets, whom I send unto you, ev. n rising up early and sending them, but ye have not hearkened; then will I make this house like Shiloh, and will make this city a curse to all the nations of the earth." (Jeremiah 26:4b-6)

And what was the response of the nation to the word of the Lord? Even before reading it, you already know, don't you? How do people usually respond to the "prophets of doom" — with repentance or rejection?

Yes, with rejection. "The priests and the prophets and all the people laid hold on him, saying, Thou shalt surely die."

The typical reaction to unpleasant truth is to deny it. But beware of over-generalizing. Though rejection is typical, it is not universal.

Never forget Nineveh. The most wicked city in the world during the days of the prophet Jonah, Nineveh was so evil that it preferred to let it be destroyed without even a warning. Yet Nineveh repented, the whole city, from the king to the peasants!

Repentance Lacking
But in Jerusalem there was little repentance in response to Jeremiah. Because they misunderstood the nature of Jehovah, they responded to the prophecy as a threat of punishment rather than as an opportunity for reconciliation.

The people had reason to mistrust Jeremiah. After all, it seemed contradictory to say

Bible Lesson for Sunday, Nov. 2, 1969

that God was going to destroy the city and house of God. But had they been open to the Spirit, God would have led them into understanding of this paradox.

How do I know this? Because one perplexed believer brought his confusion to God and was given insight. That man was Habakkuk.

When Habakkuk learned that God was sending the Chaldeans in judgment on Judah, he was astounded that God would destroy His people and His house. Habakkuk objected: "Art not Thou from everlasting, O Jehovah my God, my Holy One? We shall not die." (Habakkuk 1:12)

God's Judgment Perfect

"The righteous shall live by faith" was Jehovah's reply (2:4), and then God explained the prophecy to Habakkuk — that God did not merely predict the future. He produced it according to a marvelous plan for the world that worked together all of His promises to the faithful and punishments of the foolish in a pattern incomprehensible to man, but perfect.

The self-righteous nation could not understand the prophecy and rejected Jeremiah and Jehovah.

The faith-righteous Habakkuk could not understand the prophecy either, but he asked God and was reassured.

Twenty-two years after Jeremiah's prophecy, God judged His nation. Judah was annihilated and the remainder of the people taken captive into Babylon by the Chaldeans. Since then the Jews have re-established a nation in Palestine twice and built two temples, but the temples have been destroyed and Jerusalem remains even now a city under curse.

THE CORNERSTONE

OF YOUR COTTON PROGRAM

a special message for the cotton producer who wants to make more money

Are we exaggerating? Giving too much credit to the least cost item in your entire cotton production program? University researchers don't think so. Their studies show that quality of planting seed definitely affects net profit; that most "farmer saved" seed is decidedly inferior to pure seedstock, by as much as 116 pounds of lint an acre in some cases. Think about it. You can do two things to make more money: improve your product and lower production costs. The only common link between the two is quality seed.

There is no excuse for planting poor quality seed when you can get both guaranteed quality seed and supply in one economical package. You get both through SEED BANK, the

unique service provided by your own cooperative, Growers Seed Association. Growers has enough top quality, proven and tested seed to plant hundreds of thousands of cotton acres. Decide on the variety you want, apply at your local coop gin or elevator, receive your bank certificate and forget about it. Your seed will be ready next spring. Growers guarantees it in writing. Seed can also be custom treated.

But sign up now to be assured of the variety you want and the amount you need. Seed are sold first come, first serve, and the early freeze has created an unusually strong demand for planting seed. See your local coop for top quality JOHNNY COTTONSEED brand seed.

Public Service Expanding Area Development Dept.

Southwestern Public Service Company is expanding its area development department in an effort to offer additional services to communities and industry-seeking organizations in its service area.

The electric company has named Elvin Schofield of Amarillo to the post of industrial development consultant. In his new assignment, Schofield will develop industrial prospects for the service area on the basis of research data showing what types of industries can best utilize the resources, natural and human, of the region. In addition, he will work with the various communities served by Southwestern to help them keep up-to-date the statistical data which is of interest to prospective industries.

Schofield joined Southwestern Public Service Company in Amarillo as a sales representative in 1963. For the past few years he has been responsible for the sales of electric commercial cooking equipment in the company's Panhandle Division. He is presently serving as secretary-treasurer of the Panhandle Chapter of the Texas Restaurant Association.

A 1959 graduate of West Texas State University with a bachelor of business administration degree, Schofield received the Wall Street Journal Achievement Award that year as the outstanding WTSU business student. He is a May, 1970 candidate for a

Master of Business Administration degree at WTSU.

Schofield is a captain in the U. S. Army Reserve and served for more than 5 years as the commanding officer of the 974th Repair Parts Company, USAR, in Amarillo. He is also a director of the San Jacinto Lions Club in Amarillo.

Southwestern Public Service Company's area development department includes, in addition to Schofield, R. K. Owen, area development manager; Larry Milner, industrial development manager; and Sam A. Thomas, Jr., agricultural development manager. All members of the department are available to work with the communities and industrial development organizations in the company's four state service area.

S P C ANNOUNCES ENROLLMENT 1,659

South Plains College announced that 1,659 students are enrolled for the fall semester, which is an all-time high for the college. Among this number are 18 students from Sudan.

Hemphill-Wells of Lubbock donated 35 TV sets to South Plains College last week. The sets will be used in the Radio and TV Repair course instructed by Louis Hernandez.

Up to this time, the students were repairing sets turned in by faculty members and students. When the people at Hemphills

ELVIN SCHOFIELD

learned that the college could use some additional sets, they immediately set about to deliver these that had been taken on new sets by the firm.

Five will be graduating from the Radio and TV Repair class this semester. These five will be fully qualified for this type employment.

This is only one of the many courses offered in the Technical-Vocational-Occupational Division of the college.

CECIL AILLS

SP/4 Cecil M. Aills, son of Mr. and Mrs. R. E. Aills of Sudan, was recently on leave here with his parents and family after serving on a tour of duty in Viet Nam. While here he also visited his grandfather at Gilmer, Texas, and an uncle who was in the U. S. Air Force.

**PEP ANNUAL
FESTIVAL SET**

Pep's 24th Annual Thanksgiving Festival, "by-Geminee", is set for Nov. 27. The preparations are made for the festival according to the Church Committee, and they invite everyone to attend.

The activities feature that good ole Country Sausage made by the Pep people, with turkey and trimmings starting with dinner from 11 a. m. 'til 2 p. m. and the evening meal from 5 'til 7:30 p. m.

A Cotton and General Auction in the afternoon with carnival attractions loaded with prizes will keep those present busy all day, the committee said. There will be separate drawings, one being a painting valued at \$800 by Father Stanley Croccoila, and the other drawing is for a 3-piece luggage set and a decorator's clock.

If you think this excitement is too much, the committee said, "just wait till the Western Dance gets started at 9 p. m. till 7, sponsored by St. Philip's Church for all of you."

**Mail
Early
Campaign**

The U. S. Postal Department and Ken Minyard, officer in charge of the Sudan Post Office, has released pertinent dates and specifications as required by the Postal Department in getting mail to servicemen overseas on time.

The following periods have been designated for mailing Christmas parcels to members of the Armed Forces overseas:

1. Surface Transportation—Oct. 13 to Nov. 8.
2. SAM (Space Available Parcel Airlift)—Oct. 20 to Nov. 22.
3. PAL—Oct. 27 to Nov. 29.
4. Airmail—Dec. 1 to Dec. 13.

All articles should be packed in boxes of wood, metal, solid fiberboard, or strong double faced corrugated fiberboard, and tied with strong cord. All fiberboard boxes should be securely wrapped in heavy paper to strengthen the package.

Sufficient cushioning material should be used to prevent any rattling or loosening of articles within the package. Unless tightly filled, boxes are likely to be crushed.

In addition to the articles normally prohibited in the mail, matches of all kinds and lighter fluid may not be mailed to overseas military addresses. Cigarettes, other tobacco products, coffee and various other items are prohibited in parcels.

Addresses must be legible and complete, and should be prepared by typewriter or pen and ink. The APO and FPO numbers are the same as the zip code and must be shown.

The domestic rates of postage are applicable, and postage must be prepaid. Airmail articles weighing seven ounces or less will go at the rate of 10 cents per ounce.

Parcels paid at surface postage rates not exceeding five pounds in weight and not more than 60 inches in length and girth combined, will be airlifted (SAM) on a space available basis from the port of dispatch shown in the address to the overseas military post office.

Upon payment of a fee of \$1 in addition to the regular surface rate of postage, a parcel not exceeding 30 pounds in weight or 60 inches in girth combined, will be transported by air (PAL) on a space available basis from the place of mailing.

WHAT IS FHA?

By KATHY RICE

First, the letters FHA stand for Future Homemakers of America. Second, to tell you about FHA. It is the busy dancing world of teenage girls. These girls have almost everything in common. They are, or have been, in Home Economics, are in high school, are in some of the same activities other than FHA, and are in FHA.

Some people may think that you learn to cook and sew. This is true but that is not all. For in the organization, it is girls our own age getting together for different types of functions at our monthly meetings. At these monthly meetings we learn about the world we live in, the people in it, and about ourselves as individuals.

At one of our monthly meetings we made toys, play-dough, and cookies for the children at the High Plains Training Center at Plainview. Later a speaker came to show films and told us about the center. This year we plan to have films on narcotics and alcohol, and cancer. We want to find out about these three health hazards and possibly see how we can help others to understand the dangers of narcotics and alcohol, as well as cancer's danger signals.

Besides our monthly meetings we have area, and state meetings. This gives us a chance to a chance to meet many new and different people. To learn their ideas and way of life. Often to compare our way to others.

In our organization we learn "to face the future with warm

courage and high hopes." This is true because we are America's future. We learned what our homes should be based on and how we can help as American citizens to make America better. Also we grow from a very young puerile girl to a very mature person. A person who has goals and standards set in her life for which she strives to achieve and maintain in her life.

This is our busy, dancing, never ending world of FHA. We hope we don't let America down, and pray that America doesn't let us down.

The Sudan FHA Chapter met for its regular meeting, Monday, Sept. 20, with President Angela Pickett presiding.

The roll call and minutes were read by Secretary Linda Lane. The treasurer's report was given by Pam Nix. Soldiers in Viet Nam were discussed. Yearbooks were given to the members at this meeting.

The program was a film sponsored by Smithlawn Home in Lubbock.

Refreshments were served to each one present.

**Should We Quit
In Viet Nam?**

How many more people are you willing to have killed in South Viet Nam? This is the question which we all must answer. While the tempo of the war in the rice paddies and on the mountains of South Viet Nam is slowing, the intensity of the psychological warfare—in this country—is building up to a crescendo, with protests, rallies, demonstrations, and marches designed to make us decide to pull out our troops now—immediately!

What position should we take on this most vital issue?

Why Not Just Stop?

Nobody—presumably—could be more desirous of stopping the killing in Viet Nam than the South Vietnamese, since they are the ones who have been on the receiving end of this brutal warfare for year upon weary, bloody year.

Then why don't the South Vietnamese just stop fighting, as the war protesters are urging so vociferously that the United States should do?

One answer may be found in the record of Hue, the city which was held for a time by the Communists, after the 1968 Tet offensive.

When Hue was recaptured and returned to American and South Vietnamese rule, mass graves were discovered, where bodies of civilians—many of whom had been clubbed to death or buried alive—were found.

Altogether, about 3,000 bodies were discovered—including those of many women, clergymen, physicians, and other civilians, tied together in groups of 10 to 15.

Against Killing

It is taken for granted that most people who are against war are against killing.

But how many of those who are now clamoring for an immediate end to our participation in the conflict in South Viet Nam have weighed the consequences of the action which they are advocating?

Before adopting the policy which has been urged on us by our mortal enemy, Premier Pham Van Dong of North Viet Nam—the pull-out policy—let us take into consideration our moral responsibility for the lives of the women and children of South Viet Nam, many of whom have been marked for slaughter by the Communists.

On a recent nationwide telecast, it was authoritatively stated that captured enemy documents have revealed that three million South Vietnamese have been doomed to death by the Communists. Death lists have been captured, identifying the proposed victims.

If this figure seems high—and it certainly does—remember that 3,000 bodies were actually uncovered and counted in and around the one city of Hue.

Wash Our Hands of It?

A long time ago, at the trial of Jesus, Pilate chose to declare his innocence and neutrality. Sending for a basin of water, he washed his hands, saying, "I am innocent of the blood of this just person. See ye to it."

So the Guiltless One was put to death. Was Pilate absolved of responsibility, in God's sight, by "washing his hands of it"?

Most Americans want the killing stopped in Viet Nam. Many would like to wash their hands of the whole bloody mess.

But how many innocent people—non-combatants, women and children—are we willing to sacrifice to the Red-handed slaughterers of civilians?
