ALWAYS before I would have sworn that women are the most curious critters on the planet. But I may have to back off from that statement just a little. Now, when I say they are curious, I still maintain that they do things in ways completely incomprehensible to the average male. But I also had in the past figured they had more curiosity than any other creature about what is going on.

Never would I have expected any female person to refuse to open it. But, according to the Associated Press, that's what happened in Woodbridge, Va. last week.

Army Pvt. Curtis Reel addressed this letter to his teen-age sweetheart, Elda Weese, and mailed it at Fort Benning, Ga., in 1949. A few days ago, the letter was delivered to Elda, now Mrs. Curtis Reel, after being forwarded to her parents' home.

I don't recall any postal workers' strike in 1949. The postmaster said the letter was found when the Fort Benning postoffice was dismantled recently. Said the AP:

"Mrs. Reel, now the mother of five, said she didn't plan to open the letter because of its crumbling state. "

I'm sure that the husband doesn't remember what he wrote that long ago. And most wives would have opened it just to see if he made any promises he hadn't kept.

As a matter of fact, I'm pretty curious about the contents myself, and I'm not even involved.

A good representation of the local citizens attended the Special Meeting of the local school board Monday night when the main topic of interest was the discussion of the deficit in the proposed budget for the 1970-71

The Board voted to increase taxes to allow for the deficit which came about due to the state increase in teacher's salaries. The evaluations will be based on 30 per cent of market value instead of the former 25 per cent; the local maintenance rate of \$1.50 will be the same and the sinking fund and interest rates will be reduced from 40¢ to 30¢. This means, according to W. E. Hancock, superintendent, that the over-all taxes that you paid this year will be increased by 13.7 per cent, or 13.7 cents on the dollar.

# Victory Over The Grave

By DAVID JOHNSON

He is risen. These three words state the biggest fact in Christian history for each person who has had a genuine experience with the living Savior.

the living Savior.

The whole history of civilization has been shaped and molded by the impact of the resurrection on the lives of men.

Every year ministers throughout the nation stand before their largest congregations of the year on Easter Sunday morning as church attendance soars—many people attending not to worship a risen Christ but to show off their stylish wardrobes. But Easter is more than all

of this.

The resurrection has several different aspects, according to the place from which one views

Darkest Hou

The crucifixion was the world's darkest hour. The disciples watched as Jesus died on the cross. They saw His limp body taken from the cross and placed in the sepulcher.

They grieved at His death, but not one of them ever dreamed that He would come forth alive from the grave. He was dead and dead men stay

Theirs was a double sorrow.

They grieved in the tragic rejection and death of their best Friend, whom they really loved. But, more than this, they were bewildered by it all. Their faith was in an eclipse.

The faith of many of those who had known the strong Carpenter from Nazareth had been shattered.

Death had won the victory.

The Christian faith had appeared to be a fraud. Christ,
Himself, appeared to be a liar.

God appeared to have turned

His back on the world. The view from the cross was a dark view.

The view from the tomb is quite different. The tomb was

The angel said, "He is not here, for He is risen." And now we see that the resurrection was the shattering of history by the omnipotent act of God.

It set a new example for the universe, a decisive turning point for the human race.

To men held in the grip of fear and futility, to men who see no hope for the future of mankind, the resurrection proclaims the fact there is a power at work in the world which is mightier than all the forces that crucified our Lord.

From the viewpoint of the early Christians on the day of the crucifixion, it seemed that God had been defeated. But on Sunday, the first day of the week, it was clear that God had won.

As we view the resurrection from where we stand, we recognize that life is different for you and me because Jesus arose. We are confronted with the cross and the resurrection.

Since Christ is risen from the dead, it is possible for the Christian to live every moment of every day in the presence of the living Christ.

It means that the Christian approaches no task alone, bears no sorrow alone, faces no demand alone, attacks no problem alone, endures no temptation alone.

Important victories never come cheap. The supreme victory cost God the agony and death of His most precious possession—His Son, Jesus Christ. He arose.

The victory is achieved.

# Apply Terractor Super-X the first time you plant cotton.

Think for a minute what it costs to replant an acre of cotton that doesn't make a stand. There's the cost of seed, fertilizer, herbicides, insecticides, equipment, operators and the precious time. Multiply

precious time. Multiply that by the number of acres you could lose to seed and seedling disease.

Now think about
Terraclor Super-X Soil
Fungicide. It could very
well eliminate replanting. Here's why: Terraclor Super-X is a combination of two Olin discoveries that effectively control the fungi that cause
cotton seedling disease.

How important is this to you? The regional Cotton Disease Council reports that losses average \$60,000,000 a year to seedling diseases alone.

Terraclor Super-X is applied while you plant. Your cotton seed is surrounded by protection in the furrow, where it counts.

As the seed germinates and the seedling emerges, the fungi that kill un-

protected plants are held off by Terraclor Super-X. You get a healthy, vigorous stand from only one planting.

About seed treatments: They are great . . . as far as they go. But seed treatment protection lasts only until the seed coat opens and the seedling grows into untreated soil. That's when you need Terraclor Super-X in the furrow.

Terraclor Super-X is avail-

per-X is available from your Olin dealer in three formulations: granular, liquid and dust.

A special formulation is available with a quality soil systemic insecticide impregnated in the granules for combination fungus and insect control.

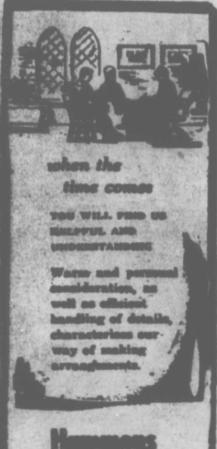

If you don't know your local Olin dealer, write to Terraclor Super-X, P. O. Box 991, Little Rock, Ark. 72203 for his name.

You ought to get to know him. He can help you get a good stand from only one planting. That's one good reason he is known as the rare bird in the business.

Scripture: St. Matthew 28:6; St. John 14:1-6; 2-:11-18.

He is Risen. . . As He said!" Jesus, the Son of God, who suffered, died on a cross, then in fulfillment of His previous works, arose from death and the grave to give us life.

Jesus suffered-that, through our faith in Him to have paid all necessary for the forgiveness of our sins, you and I might live an abundant, joyful life.

Jesus died-that we might, through Him and His righteousness return to perfection and be able to enter into God's eternal family and be with Him forever-

Jesus arose! And this is the

the truth.-(John 16:13). When tempted to speak hastily, or thoughtlessly, just stop to think and listen before acting. If we want to say the right words in a perfect way, follow God's guidance. Then we may be assured that we do not cause anyone-ourselves or others-to feel unhappy. Say and think that our actions are guided by the Mind of the joyful, glad news of Faster. We who are lost, we who must die now, in Jesus, we have found a way into life where there is no pain, sorrow or death, but only joy, peace, love and life eternal! We who were lost are found-now we know the way

When Mary Magdalene, weeping in despair and bewildered sorrow, first heard Jesus call her name, "She turned herself ...." Have you and I heard Jesus call our name and "turned" from our way to look at Him and His way? Then, have we said to Him, like Mary, "Rabonni" which is to say, "Master"? Mary would neverhave seen Jesus, if she had not turned herself to look at Him, And Jesus sent Mary to tell

His other disciples of the things He had said unto her. Today, Jesus calls us, and sends us out to tell others what He has done for us and what He

If Chrise arose as He did and ascended into Heaven, then just as surely He is coming again to earth to take us who believe and accept Him as Lord to live and reign with Him in His eternal Kingdom.

This is the 'sweet awareness of faith in Jesus to know that He remains faithful to Himself and This is our Blessed Hope, So we, as followers of Christ,

tell the Good News of Easter.

"The Lord is risen, indeed!" Turn and look at Him, truly saying "Master", and live for-

The course of history was changed when the innocent Carpenter of Nazareth was executed by order of the Roman

Whether one is a Christian or not, it is impossible to ignore the fact that the followers of the Nazarene have changed the course of history.

Roman emperors, in the first two or three centuries of the Christian era, used Christians as their victims in "sporting" events in their arenas, as lions and other wild beasts devoured the martyrs.
