WOODWORK Water Valve Coin Meter BY DALTON **Is Planned** HERE WE ARE in Arkansas,

hawg heaven, some say, but I can't tell you all about this vacation right now, because I promised to dwell on the Mc-Farlin Diamond and something called "federally assisted low income housing units".

Now the McFarlin Diamond, you peons, is a \$365,000 rock which was stolen from the Witte Museum in San Antonio a little over two years ago, and the Associated Press had one of the most confusing stories about this gem the other day.

The AP story related to a court suit over an insurance policy regarding the diamond, and described it as reputed to be the largest emerald-cut canary yellow diamond in the world. It said a bunch of other stuff too, including that the diamond never has been recovered, but it never did say why not, a natural enough question since they apparently have caught the guy who stole it. The AP story just says that the suspect admitted taking the diamond to Arizona, and has been sentenced to jail for this dastardly deed.

Presumably he sold it to someone, or maybe he ate it, or gave it to the cleaning woman, or threw it at Barry Goldwater. Anyway, if you see anybody wearing a \$335,000 diamond, be suspicious,

IT SEEMS that just about every agency of the federal government is having a race to see who can build the most houses the cheapest for the economically deprived, the ethnic minorities, the homeless needy and also for a lot of folks whom we suspect just plain don't intend

George Romney, secretary of housing and urban development, said the other day he fully expects to reach by next year an annual goal of producing 600, -000 federally assisted low income housing units.

I heard some of the details of one of these programs. The government pays most or all of the interest on homes for these people who qualify because their incomes are lower than most folks' salaries. This means that the government will help a family move into a house costing \$14,000 and they have to pay only, say \$70 or \$80 a month, while the poor slob who earns \$5,000 or \$7,000 a year and finally saves up enough by hard work to move into a \$14, -000 home winds up paying \$110 a month just because he's able to do it.

Somehow this doesn't seem like much of reward for enter-

TOPS CLUB

The Sudam Tops Club met Monday, August 10 at the school. They had a weight loss of 18 pounds with eight members present. Veda Terrell won the bowl

The mext meeting will be at the school house August 17 at 3:30 p. m. Anyone interested in becoming a member of the club may contact Ramona Engram or Veda Terrell.

A coin-operated water meter will be installed on the city water valve at Sudan Community Park, Mayor Arnold Reed announced this week.

Reed said city officials agreed that a small charge is needed on the use of water from the source because of its frequent use, particularly by those mixing farm chemicals,

The meter will be set up to take quarters, Reed said, but added that the exact number of gallons to be available for this price has not yet been deter-

Other action taken by the city this week included installation of four new mercury vapor street lights on Barron Street, the last street on the south edge of town where no lights had been placed previously.

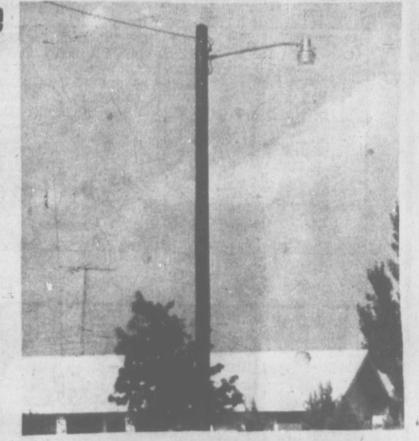

The lights already are in operation.

HUGH VINCENT HURT IN ACCIDENT MONDAY

Hugh Vincent, manager of Sudan Elevators, was reported in good condition at Medical Arts Hospital in Littlefield after treatment for an injury resulting when a truck was backed over his hand at noon Monday.

Vincent reportedly was holding a cable near the truck when it was backed up by the driver at the grain elevator. An elevator employee said Vincent lost one finger and another was badly damaged.

L. D. Terrell is a patient in the Amherst hospital

BRIGHT SIGHT -- New street lights have been installed on Barron St. This installation is at the intersection with Wilson St.

Band Director Tommy Evins has set schedule for high school (grades 8-12) band practices starting Monday, Aug. 17-21. No practice will be held on Wed-

The sessions will be held in the band hall and last from 6:30 till 8:00 p.m. Refreshments will be served.

All band students are urged to

tinues through Aug. 25.

New head coach Bill Adams said he expects 13 returning lettermen from last year's team which had a record of seven wins against three losses. That team, coached by Jim Cain, lost out to Farwell in the final game of the season in a contest to determine the district champion. Cain since has accepted the head coaching job at Grapevine, and Adams, first assistant last year, moved up to the head coaching

Included in the 13 returning lettermen, Adams said, are five defensive and five offensive starters from last year. Adams will be assisted by Dwayne Gray, James Farmer and David Ray. The latter two are new to the Sudan school system.

First game for the Hornets will be a home contest against Sundown on Sept. 11. On the preceding night the B-team will journey to Muleshoe for a game.

Services for William N. Humphreys, 82, were held at 3 p. m. Tuesday in the Amherst Church of Christ with Leonard Tittle, minister, officiating, assisted by the Rev. Douglas Gossett, pastor of the First United Methodist Church.

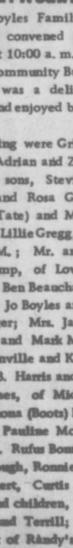

Burial was in the Amherst Cemetery under direction of Payne Funeral Home.

Humphreys, a native of Taylor County, died about 9:30 p. m. Sunday in South Plains Hospital in Amherst after a lengthy illness. He was a retired farmer and had lived in Amherst since 1924.

Survivors include his wife; five sons, John of Sudan, Carl Don of Lubbock and Jim, Arlis and Raymond, all of Amherst; two daughters, Mrs. Dorothy Franklin of Clovis and Mrs. Ruby Barrett of Abilene; two brothers, Walter of Abilene and Minta of Huntsville, Ask; five sisters, Mrs. Lela Parrish of Wingate, Mrs. Lou Smithson of Abilene, Mrs. Lillie Dean of Amarillo, Mrs. Laura Galloway of Dalhart and Mrs. Ina Mullin of Greeley, Colo.; 17 grandchildren and 17 great-grandchildren.

Jim Davidson has been named local chairman for George Bush for semator.

Mrs. Paul Chisholm has returned home from University Hospital in Lubbock where she underwent surgery last week.

The group especially was grateful for the use of the Community Building and stated that it was clean and comfortable and an i-

with an unforgettable rodeo. Boys from 4 to 18 will compete for honors during the two performances, Sunday, Sept. 6, and Monday, Sept. 7. There will be brahma bull riding, bareback brone and trick-riding,

and the youngest boys will cap-

ture the hearts of the audience

in the special stick-horse races. Comfortable reserved box seats are available in advance at regular prices from the Boys Ranch office at 600 W. 11th Street in Amarillo, for \$2.50. General admission is \$1.50 for adults and 75 cents for children and

servicemen in uniform. The performances will begin at 2 p.m. both Sunday and Monday. Delicious barbecue beef sandwiches with all the trimmings will be prepared by the boys and sold to the rodeo visitors for only \$1.

Every boy at the Ranch will have some part in the rodeo, either as a contestant or working at the many behind-the-scene jobs that make the rodeo a big success each year. The traditional rodeo is also an annual homecoming for the more than 2,500 boys who have lived at the Ranch since its founding by Cal Farley in 1939.

SCIENCE SKETCHES

WEIGHT REDUCTION and strength requirements for many applications including earthbound and space vehicles will dictate a tremendous increase in the welding of nonferrous materials during the 1970s, says ARC Products, Hanover, Pa. Some trucking firms already are putting magnesium wheels on vehicles to decrease weight.

TECHNICAL INSTITURE TO OPEN SEPTEMBER 1

A chance to "Learn to Earn" will be offered to everyone in the Panhandle, South Plains and West Texas Regions of Texas and its neighboring states when the Mid-Continent Campus of Texas State Technical Institute opens its doors Sept. 1 at Amarillo.

Technical and Vocation Training will be offered in 10 areas in both daytime and evening classes during the first trimester, or 15weeks of school.

These offerings include -- Airframe Mechanics, Building Construction Craftsman and Technology, Commercial Art and Advertising, Farm Machinery and Industrial Equipment Mechanics, Graphics and Design Technology, Livestock and Ranch Management and Technical Communications.

All courses offered at State Tech are designed to teach the subject matter in the minimum possible time and all courses are VA approved for full G. I. benefits.

A one-year course consists of three 15-week trimesters with time off between each trimester.

You shall love your neighbor as yourself .- (Matt. 22:39).

When we count our blessings, we find that we are better off than we thought we were. There is always someone we can help to a happier life, even though all we may give is a friendly smile, a cheerful greeting, or a kind act. Any good we give to others comes; and back to us, but it is up to us to start the ball rolling with our love and kindness.

level of a payment limit. The

next hurdle of course is the Sen-

ate Ag Committee where John-

level will be directed primarily

more comprehensive merchan-

prove on the House version.

LUBBOCK -- Defeat of the \$20,000 per crop limitation on farm payments under the Housepassed farm bill Aug. 5 was the result of an exceedingly strong effort from all concerned, according to Donald Johnson, executive vice president of Plains Cotton Growers, Inc., Lubbock.

Johnson, who was on the scene, said industry representatives, USDA and leading members of Congress on both sides of the aisle worked tirelessly in diluting support for the lower limit and to make it possible to retain the \$55,000 per crop limit sponsored by the House Ag Committee. He added, "We are highly grateful to our own Texas Representatives and to others in Congress who gave such solid support when it was so badly needed, "

Johnson noted that all of those voting from the Texas delegation voted with House Ag Committee Chairman Bob Poage of Waco and said, "This is quite a tribute to Mr. Poage and to our Representatives' ability to understand the severe effects a low level payment limit would have on the nation's largest in-

He also had special praise for 19th District Congressman George dising approach on which we have been working for some time, " Johnson stated.

Some farm leaders in the Senate have expressed the opinion that the Senate might be able to pass a farm bill by Labor Day, but others believe it will be impossible to meet that schedule.

A crucial test for the \$55,000 payment limit will come when the Agricultural Appropriations bill is sent to Conference Committee. The Senate version of the Appropriations measure carries a rider limiting payments to \$20,000 to any one farmer on all crops, and Representative Silvio Conte of Massachusetts has indicated he will move to have House Conferees instructed to accept the Senate amendment. he were successful the House action of Aug. 5 on a payment limit would become meaning-

On PCG's position, Johnson reiterated the organization's position of total opposition to any form of payment limit. He said order to get a farm bill passed we may be forced to endure limitation of payments, but we will not relent in our feeling that a payment limit is unjust, unjustifiable on any basis and that it will greatly impair the son pointed out that USDA and effectiveness of any farm proothers, including Plains Cotton Growers, will be seeking to im- gram. "

The farm bill as passed by the House provides a support of 35 "PCG's efforts at the Senate cents per pound, middling one inch, 3.5 to 4.5 micronaire baat changes which would (1) imsis, on yields from 11.5 million prove producer income, (2) eacres for the 1971 crop and an eliminate the limitation on payquivalent amount for the 1972 ments to individual farmers, and (3) institute the expanded and and 1973 crops.

> The loan would be 90 percent of the estimated average world price for cotton. The payment would be the difference between 35 cents a pound and the average market price for middling one inch cotton, premium micronaire, over the first five months of the cotton marketing year, Aug. 1 through Dec. 1, but in no event less than 15 cents per pound.

It provides for a set-aside of cropland, not to exceed 33 1/3 percent of the cotton allotment, as a condition of eligibility for benefits under the program. Having set aside acreage equal to the required percentage of his allotment plus the farm's normal conserving base, a farmer would be free to plant remaining acreage to any crop without penalty.

While it is not written into the law, the Secretary has agreed that the loan for 1971 would be 18.7 cents per pound, premium micronaire middling one inch cotton. This compares with this year's loan of 20, 7 cents on the same basis.

The 15 cent payment rate, which would be adjusted upward if the market price for premium micronaire middling one inch, cotton fell below 20 cents, com-

THE ROSE FAMILY REACHES FAR

This may surprise you, but there are some members of the rose family which we never seem to associate with the lovely rose.

They are the blackberry, the atrawberry, plum, pear, cherry. peach, raspherry and apricot. If you doubt this-the next time you see any of these trults blossome, look at them closely-you will find them to be miniature

We love the real rose, and our selections are always complete. Lovely long stem beauties express your love and admiration when words fail. Phone today, we'll deliver your message in flowers.

BASKET LUNCHES -- SANDWICHES

By Rhonda Racz Home Decor Director Hardwood Institute

Most decorating is done for keeps-let's face it, furniture. floor coverings and even window treatments are far too expensive to toss out or change on a whim. But unlike other decorative areas in the home, walls wear out! In fact, most walls must be "rejurbished" every few years. and the wall redressing task can be a tedious one at that. But selecting just the right wall covering needn't be a problem Just remember that the perfect treatment for walls is one which will not only be a primary contributor

also be practical and longyou money too!

a sample solution to the wood on the walls. what to do with walls problem For decorative valtoem you choose-from living | wood paneling is somewhat room to playroom, bedroom more expensive than paint forms the primary function a long-term investment. Unrative standpoint, that of scuffs, and ordinary house of birch to the rich shades lifetime"

of walnut contribute to the overall Write to Rhonda Racz, Hardmood of theme of a footh wood Institute, Suite 1422, and here's where hardwood 551 Fifth Avenue, New York. paneling really stands out N. Y. 10017.

covering that can withstand match the elegance of a more than the normal every paneled den, library or dinday wear and tear will last ing room with so much that that much longer, and save says "luxury." And nothing makes a room look quite so Hardwood paneling offers linished and lived in as

synonymous with paneling no filone, wood paneling in when it comes to endurance luses a warm glow in any and upkeep. Although hardor even the kitchen. It pers or wallpaper, it pays off as of any, successful wall like paint and paper which treatment from a true deco suffer from fingermarks, keeping walls in the lime hold dirt, easy to install light without overpowering hardwood paneling needs the rest of the foem. And a only to be dusted with a wide selection of timishes soft cloth. And while these offers a broad color range to other materials must be recontrast with any design placed periodically strong, scheme, from the light tones sturdy paneling will last a
