## WOODWORK

BY DALTON

IN THIS time of bad guys and good guys, I'd say that Stan Myles is a good guy. Myles runs a body shop in the Watts district of Los Angeles and every Saturday the kids--about 80 of them--line up outside to get their dimes.

You know where Watts is. That is the place where they had a big riot when riots were unheard-of in the United States. It's an almost totally black section of LA where people used to live in poverty and misery. And a lot of them still do, I expect.

Anyway, Stan Myles every Saturday checks the kids out one by one, using a list he keeps, then hands each one who qualifies as a member of the Neighborhood Good Guys Club a dime. He's been handing out the pocket money for five years.

The kids are between the ages of 3 and 14; most of their families are on welfare, and in many of the homes there is no father.

Good Guys must have clean faces, neat appearance and never break windows, fight or get into trouble, and they must obey their mothers. A good report card during the year brings an extra dime or two.

In five years since he started handing out dimes, the Associated Press reports, Myles has lost only \$20 worth of merchandise from his shop and has never had a broken window. This is in an area where there is lots of thievery and vandalism.

Sometimes being a Good Guy has its rewards in this lifetime as well as the next one.

\*\*\*  
KNOTHOLES in the Woodwork: Japanese drank an all-time high of 298.9 million gallons of beer during the three months ending Aug. 31. If they keep that up, pretty soon they'll start looking like Americans... Which reminds me that NEA's Lee Mueller says "Fat" is the dirtiest word in the U. S. vocabulary. If you don't believe it, he says, just tell someone he or she is fat... And speaking of dirty words, we understand that two four-letter words which the hippies consider too foul to use are "work" and "earn."

The activities of each Hornet this week were mostly centered toward the preparation for the Sundown showdown. There seemed to be an excitement in the air as we enter into a new football season and anticipate the goals we will reach by the end of it.

Several students have attended various workshops recently. The annual staff went to Amarillo to attend a workshop there. New and different ideas in making a more interesting and creative

## HORNETS MEET SUNDOWN IN OPENER

THE 1970 SUDAN HORNETS AND COACHES

The 1970 football season officially opens here Friday night for the Sudan Hornets when they host the Sundown Roughnecks.

Coach Bill Adams reported that the boys are in fine shape and spirit. However he said that Sundown has a good team, as always, with fair size and are run by an outstanding quarterback. Adams anticipates a close game with the Hornets winning, of course.

The starting line-up for Sudan Friday night will be Dennis West, right end, Allan Roberts, right tackle, Johnny King, right guard, Larry May, center, Eugene Lopez, left guard, Gerald Chisholm, left tackle, Randy Glover, left end, Bo Lance, quarterback, Roger Bellar, right halfback, David Weaver, fullback, Gregory McNabb, left halfback.

Other team members include: Kim Ingram, quarterback; Brad West, halfback; Steve Edwards, fullback; Roger Boyles, fullback; Ronnie Gilbert, center; Gary Edwards, guard; David Heard, guard; Kevin Humphreys, guard; Keith Downs, tackle; Carl Burnett, tackle; Terry Evins, tackle; Harry Jefferson, fullback; Roger Swart, end; Karis Reeves, end; Gregory McNabb, Steve Edwards, Johnny King, captains.

Game time is 8 p. m. and admission will be \$1.50 for adults and 50¢ for students. Everyone is urged to attend and support the hometown boys in their opening game.

\*\*\*  
The Hornets scored 3 times in the scrimmage against Monterrey last Friday while the Lubbock team scored only once.

The Junior Varsity team will play Muleshoe, at Muleshoe, tonight, Thursday, at 7 p. m. Admission to all home junior varsity and junior high football games this season will be 50 cents for adults and 25 cents for students.

Members of the B-team include Curtis Chester, Mark Hanna Terry Graves, Roby Lynn, Don Noles, Ernest Jefferson, Tommy Seymour, Bruce Pierce, Donnie Weaver, Mike Sharp, Raymond Brown, Winford Roberts, Jerry Price, Ryan Dale Harvey, Kevin May, Johnny Thomas, and Edward Sloan.

### News of Our SERVICEMEN

Sp-4 Cary Glen Logan, son of Mr. and Mrs. Charles Logan, has reported to active duty in Vietnam after his R & R in Australia for seven days.

## Cockerham Rites Held

Oscar Dalton Cockerham, 83, a Sudan pioneer, died Thursday afternoon in the South Plains Hospital at Amherst.

Cockerham, a native of Arkansas, came to Sudan in the late twenties and operated the Sudan Hotel until he retired and moved to Littlefield around 1960. He had resided at Amherst Manor for the past year.

Graveside services were held Saturday morning in Littlefield Memorial Park with the Rev. R. B. Hall, pastor of the First Baptist Church of Littlefield, officiating. Burial was under the direction of Payne Funeral Home of Amherst.

Survivors include his wife, Emma of the home; two daughters, Mrs. David Keithley of Littlefield and Mrs. Robert Jackson of Eagle Mountain, Calif.; a son, Terrell of Rockdale; one brother, L. W. Cockerham of Littlefield; 10 grandchildren.

annual were presented. Sponsor, Mrs. Elsie Wilson and Pam Nix provided transportation to the workshop.

President, Linda Lane reports of two fellow FTA students who attended the District FTA Planning Workshop in Lubbock. These students were Brent Wiseman and Georgia Ray.

The purpose of the workshop was to plan for the district meeting coming up, to be held in Littlefield. Linda Lane also mentioned the fact that Brent Wiseman is running for District FTA President this year. We all wish him the best of luck.

The seniors have elected a paper staff to edit the school paper, "Hornet Hive". The papers will be sold on Friday mornings in the high school. Each copy will be ten cents. Those on the staff include Betty Legg, editor in chief; Vallarie Newell, assistant editor; Karen Doty, sports editor; Jenine Pierce, art editor; and Patty McWilliams, elementary editor.

### SENIOR CITIZENS TO MEET FRIDAY

The Sudan Senior Citizens will meet Friday, Sept. 11, at 2:30 p. m. in the community center.

Highlighting the program will be a narration by Mrs. Laura Hay of her tour this summer when she visited many historical and well-known sites in Great Britain and Ireland.

Games will follow the program.

All senior citizens and other interested persons are invited to attend.

## 4-H Fair Set Saturday

The first annual Lamb County 4-H Fair will be held Saturday afternoon in Littlefield. The items will be on display at 427 Phelps Avenue from 1 p. m. until 4 p. m.

All 4-Hers will participate with several entries each and the

public is invited to view the displays and remain for the pie and cake auction to begin at 4 p. m. All the baked goods entered by the club members will be sold at public auction to help finance the fair.

Items to be displayed will include sewing, horticulture, crop displays, electricity, textiles, arts, crafts, hobbies, pets,

photography, food preservation. Ribbons will be given for first, second and third places in each division and a trophy will be awarded to each high point junior boy and girl and senior boy and girl.

As this is the first year for this event, the support of the public is needed for this to be proclaimed an annual event.

### BOOSTER CLUB MEETING HELD

The Sudan Booster Club met Monday night in the school cafeteria with the president Calvin Wiseman, presiding.

Highlighting the meeting was a film on the Sudan-Monterrey scrimmage and a scouting report on the Sundown Roughnecks, the Hornets opponents for tomorrow night.

A report was given by Frances Pickett, membership chairman. She stated that 105 persons have joined the club this season, but that more members are needed. Anyone who has not joined and would like to, is asked to contact Mrs. Pickett or Son Qualls.

It was also announced that a score-guessing contest will begin next week when all members present at the meeting will be given a card for predicting scores of games in the upcoming week. Winners will be named at each meeting and will be awarded two free passes. However, it was stated that a person must be present to win and must be a Booster Club member to participate.

Coach Bill Adams reminded the members of the varsity game in Muleshoe Thursday. Head Cheerleader Angela Pickett attended the meeting and issued an invitation to the public to attend the Pep Rally Friday at 3:30 p. m. in the high school gym.

### NOTICE

ESA will meet Thursday, Sept. 10 at 8:00 p. m. at the home of Mrs. Edward Fisher for the first meeting of the new year.

## Co-op Holds Annual Meet

Some 400 persons attended the annual membership meeting of the Lamb County Electric Co-operative, Inc. Tuesday night in Littlefield.

The minutes were read from the preceding meeting and reports were given on the capital credits returned from the year of 1969.

Three directors were elected by secret ballot and the results were not available at press time. Nominees were Joe Fisher and Russell Ingle, district 2; R. B. Allcorn, district 1; and L. A. Smith and J. R. Hodges for district 4.

Door prizes of light bulbs were given to each member attending with drawing held for numerous electrical appliances.

### LOCAL RESIDENT RECEIVES SENTENCE

Ronald E. Aills, formerly of Sudan, pleaded guilty to a charge of assault with intent to murder with malice and waived a jury trial when he appeared before District Judge Pat Boone, Jr. for arraignment last week.

Judge Boone found Aills guilty and sentenced him to eight years in the state penitentiary. He was charged for stabbing H. B. (Red) Davison in the abdomen after stopping him on U. S. Highway 84 between Amherst and Sudan last March. Mrs. Davison, Mrs. Aills and the Aills daughters were witnesses to the incident.

TYNE FIFE

### SUDAN PIONEER RECEIVES RECOGNITION

Tyne Fife, well-known retired Sudan farmer, was recognized as the oldest man present at the 21st annual Lamb County Pioneer Reunion recently in Littlefield. Fife, 92, came to Sudan in 1925 when he purchased

a labor of land for \$60.00 per acre. He and his family moved from near Teague in Limestone County where he was engaged in farming, the furniture business and the banking business.

He stated that in spite of adversity and dire circumstances, he made a bumper that first year and stuck-out the following years, crop or no-crop.

He and his wife are currently very active in church and community affairs. They are members of the Sudan Church of Christ.

## COTTON TALKS

From all reports the 1970 Lamb County cotton harvest is supposed to be improved 100 per cent over the 1969 harvest.

The Lubbock Cotton Exchange released a bulletin this week forecasting that Lamb County should produce an estimated 150,000 bales of cotton this year. The total bales harvested in 1969 was 72,000.

Clyde Day, vice president of the Lubbock Cotton Exchange said that several counties in the South Plains area are estimated

Day said that at this time the quality of cotton is very good but added that the weather is the deciding factor on the proper development of cotton.

Statements from local farmers indicate that dryland and some irrigated cotton are in danger of severe shedding of squares from lack of moisture, due to the unseasonable hot weather and high winds.

### Face Shapers and Savers

It seems as if you have this nose . . . and there it is sitting in the middle of your face, and you can't stand the shape of it (it's too big, too little, too too) and you've begged your parents to send you to a plastic surgeon but they (the old meanies) refuse, saying "Your nose is perfect, there's nothing wrong with it . . . I can't understand you kids, today." And you don't know what to do except sit in front of the mirror bemoaning your nose (or your cheekbones, or your chin or your . . .).

Well, take heart. If you're not satisfied with the way your face shapes up, why not re-structure it. Yourself. All it takes is the knowledge that dark colors reduce, while colors come to the forefront plus some RealGirl

with that nose, take some of the RealGirl Blusher and put a stripe down the middle of it. Blend it in with your makeup and just like that, your nose is diminished. If you fancy high cheekbones and that hollow look favored by models, simply suck in your cheeks and where the hollows appear dab on some Shadow, here, too.

Mr. and Mrs. Roy Hunter II of Amarillo are parents of a boy, Douglas Lee, born September 2. He weighed 9 lb. 2 oz.

Grandparents are Mr. and Mrs. Charles Logan and Mr. and Mrs. Roy Raymond Hunter of Canyon. Great grandparents are Mr. and Mrs. Roy Day.

# SCOUT NEWS

The fourth grade Junior Girl Scouts met Thursday in the home of Mrs. Arnold Reed for an organizational meeting when some 13 were present.

Troop members are Kathy Ham, Shelly Pickrell, Martha Withrow, Charlotte Chisholm, Tracie Cowart, Mary Margaret May, J' Lee Muller, Paula Ellison, Carrie Reed, Linda Evins, Sabrena Vincent. Leaders are Edith Reed, Marge Nelson, and Betty Withrow.

A Brownie organizational

meeting will be held today, Thursday, at 3:30 p. m. in the scout room of the community center when all second and third grade girls and their mothers are invited to be present.

A Sudan Neighborhood meeting is set for Tuesday, Sept. 15, at 4 p. m. in the community center. Chairman Valda Bishop issued a special invitation to all girl scout workers or anyone who is interested in working with scouts to be present.

Mrs. Peggy Sugarek, district advisor of Lubbock, will be present to aid in the organization of the scout system in Sudan.

Mrs. G. W. Masten is in Big Spring visiting her sister, Mrs. Vera Walker, and other relatives in Ackerley.

## RED CROSS MEETING HELD

Red Cross volunteers at the Lamb County Red Cross Chapter will begin Christmas shopping this month for the production of gift-filled bags to be given to each American serviceman and woman in South Vietnam next Christmas.

"We are encouraging other community organizations, religious groups, business firms and individuals to help in the gathering of items, and making the draw-string bags", said Mrs. D. R. Leonard, chairman of the Lamb County Chapter. "This is the fourth year we have participated in the project in which chapters throughout the nation assist", continued Mrs. Leonard.

Eight items are selected for inclusion in each bag for use by the recipient. Among the items needed by service personnel are ballpoint pens, plastic soap cases, small address books, washcloths, nail clippers, stainless steel mirrors, plastic snapshot holders, plastic cigarette cases, pen-size flashlights and batteries, toothbrush holders, and small vacuum-packed tins of nuts or hard candies.

September 30 is the deadline for completing the Yuletide project and everyone is asked to contribute their items before that date.

Lamb County Red Cross board met at 4 p. m., Sept. 4, in the Red Cross office. Mrs. D. R. Leonard, chairman, presided.

Mrs. Lottie Orteg of Earth was elected to the board as a new member.

The complete audit report was

reviewed, and is to be forwarded to national Red Cross. A report was heard from various communities on the "Ditty Bag" project; Olton, Littlefield, Spade, Amherst, Pleasant Valley had reports.

Those in attendance were: Mmes. Bonnie Haberer, Doris Frey, Blanche Dodgen, Ophelia Stone, Pearle Brandon, Anna Mae Miller, Lenore LaGrange, Ruth Leonard, Ruth Wade, and Judge G. T. Sides.

## DKG Meet Held

The Epsilon Delta Chapter of Delta Kappa Gamma met Thursday, Sept. 5, in the First National Bank building at Muleshoe. The Muleshoe members were hosts to a salad supper.

The program entitled "How Much Do We Know" was a quiz over the society's constitution. It was led by Mrs. Joyce Hedges, Mrs. Florice Blessing, and Mrs. Zoy Risinger of Amherst.

Members attending from Sudan were Maxine Nichols, Elsie Wilson, Mary Tollett, and Glyna Harrison.

## How "Red" Got His Name

By DAVE LLEWELLYN  
Everybody knows somebody named "Red." You probably have a friend with that nickname but, if not, there are still plenty of "Reds" you know — aren't there? — "Red" Grange, "Red" Skelton, and "Red" Buttons, for example.

"Red" apparently has been popular as a nickname for a long time. There is extant a very interesting record of a man nicknamed "Red" who lived about 1900 B.C.

This man was called Edom, which in an early Semitic language meant "red." There is some indication that Edom may have had red hair — but, if he did, that isn't where he got his name.

Edom became a powerful man. As head of a large tribe of descendants, he ruled a sizable area of southern Palestine around Mount Seir.

Brother Vs. Brother  
In spite of his political significance, however, the best known — and most important — thing about "Red" was how he got his name.

When "Red" was young, he was a real outdoorsman, a thoroughbred hunter-camper type. The trouble was that "Red" had a twin brother, who was just as different from "Red" as black from white.

His brother was a mamma's boy. He stayed around the house and yard all day while "Red" went out hunting. A quiet boy, he was just the opposite of his strong and active brother. But what he lacked in strength, he made up in cunning. He was a sly schemer.

As their father grew older, he became increasingly jealous of his older brother's greater rights of inheritance — for "Red" was the first-born of the two and the first-born was entitled to the birthright.

The family was divided — mother and younger twin, Jacob, against father and older twin, Esau.

The day Esau got his nickname was bad from the beginning. After being out all day on an unsuccessful hunting trip, he returned home, famished and empty-handed, to find Jacob cooking a pot of red soup.

With almost criminal cunning, Esau withheld the food from Esau until he was a transfer of his inheritance rights. By this foolish and indifferent selling of his birth rights — which were as much spiritual as physical — for a pot of red soup, Esau became known as Edom, that is, "Red."

Change Is Possible  
How would you like it if every mention of your name always called to mind the most foolish thing you ever did in your life?

Like it or not, we are named by our actions. Not so clearly as Esau, probably, but just as effectively we develop reputations that stick in people's minds as long as our names do — sometimes even after our names have been forgotten.

Yet, whatever your birth, family circumstances, economic pressures, or bad decisions have made you into, it can all be changed. Lives can be changed, and reputations with them.

The later lives of Esau and Jacob demonstrate this. All it takes is your will and God's power.

# CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega. We also call it "the little car that does everything well." Because it does.

Everything? Everything.  
Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?  
Numbers speak louder than words. The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5 1/4 feet. Weight: 2,190 lbs. for the sedan. Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.) Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck.  
Vega turned out so well that we couldn't turn out just one.

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

September 10th is Opening Day. All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

Chairmen include: Projects and finance, Edith Reed; program, Ruth Ham; Thelma May, hospitality; membership, Jean Harvey. Members were given slips to sign as to committees on which they wished to work.

The room count prize was won by Mrs. Georgeann Rasco's third

## COTTON TALKS

From all reports the 1970 Lamb County cotton harvest is supposed to be improved 100 percent over the 1969 harvest.

The Lubbock Cotton Exchange released a bulletin this week forecasting that Lamb County should produce an estimated 150,000 bales of cotton this year. The total bales harvested in 1969 was 72,000.

Clyde Day, vice president of the Lubbock Cotton Exchange said that several counties in the South Plains area are estimated

grade room with 5 present. The next meeting is set for Oct. 13 and all parents and teachers are urged to attend.

to double the number of bales produced last year.

Day said that at this time the quality of cotton is very good but added that the weather is the deciding factor on the proper development of cotton.

Statements from local farmers indicate that dryland and some irrigated cotton are in danger of severe shedding of squares from lack of moisture, due to the unseasonable hot weather and high winds.

The chorus usually makes two tours each semester and is receiving wide acclaim for its choral excellence, group spirit, and exemplary conduct.

## Face Shapers and Savers

It seems as if you have this nose . . . and there it is sitting in the middle of your face, and you can't stand the shape of it (it's too big, too little, too too) and you've begged your parents to send you to a plastic surgeon but they (the old meanies) refuse, saying "Your nose is perfect, there's nothing wrong with it . . . I can't understand you kids, today." And you don't know what to do except sit in front of the mirror bemoaning your nose (or your cheekbones, or your chin or your . . .).

Well, take heart. If you're not satisfied with the way your face shapes up, why not re-structure it yourself. All it takes is the "Real Girl" that dark colors, reds, and whites colors, come to the rescue . . . plus some RealGirl . . .

Starting with that nose, take some of the RealGirl Blusher . . . and put a stripe down the middle of it. Blend it in with your makeup . . . and just like that, your nose . . . is diminished. If you fancy high cheekbones and that hollow look favored by models, simply suck in your cheeks and where the hollows appear dab on some Shadow, here, too.

## SCOUT NEWS

The fourth grade Junior Girl Scouts met Thursday in the home of Mrs. Arnold Reed for an organizational meeting when some 13 were present.

Troop members are Kathy Ham, Shelly Pickrell, Martha Withrow, Charlotte Chisholm, Tracie Cowart, Mary Margaret May, J' Lee Muller, Paula Ellison, Carrie Reed, Linda Ewins, Sabrena Vincent. Leaders are Edith Reed, Marge Nelson, and Betty Withrow.

A Brownie organizational

meeting will be held today, Thursday, at 3:30 p.m. in the scout room of the community center when all second and third grade girls and their mothers are invited to be present.

A Sudan Neighborhood meeting is set for Tuesday, Sept. 15, at 4 p.m. in the community center. Chairman Valda Bishop issued a special invitation to all girl scout workers or anyone who is interested in working with scouts to be present.

Mrs. Peggy Sugarek, district advisor of Lubbock, will be present to aid in the organization of the scout system in Sudan.

Mrs. G. W. Masten is in Big Spring visiting her sister, Mrs. Vera Walker, and other relatives in Ackerley.

## RED CROSS MEETING HELD

Red Cross volunteers at the Lamb County Red Cross Chapter will begin Christmas shopping this month for the production of gift-filled bags to be given to each American serviceman and woman in South Vietnam next Christmas.

"We are encouraging other community organizations, religious groups, business firms and individuals to help in the gathering of items, and making the draw-string bags", said Mrs. D. R. Leonard, chairman of the Lamb County Chapter. "This is the fourth year we have participated in the project in which chapters throughout the nation assist", continued Mrs. Leonard.

Eight items are selected for inclusion in each bag for use by the recipient. Among the items needed by service personnel are ballpoint pens, plastic soap cases, small address books, washcloths, nail clippers, stainless steel mirrors, plastic snapshot holders, plastic cigarette cases, pen-size flashlights and batteries, toothbrush holders, and small vacuum-packed tins of nuts or hard candies.

September 30 is the deadline for completing the Yuletide project and everyone is asked to contribute their items before that date.

Lamb County Red Cross board met at 4 p.m., Sept. 4, in the Red Cross office. Mrs. D. R. Leonard, chairman, presided.

Mrs. Lottie Orteg of Earth was elected to the board as a new member.

The complete audit report was

reviewed, and is to be forwarded to national Red Cross. A report was heard from various communities on the "Ditty Bag" project; Olton, Littlefield, Spade, Amherst, Pleasant Valley had reports.

Those in attendance were: Mmes. Bonnie Haberer, Doris Frey, Blanche Dodgen, Ophelia Stone, Pearle Brandon, Anna Mae Miller, Lenore LaGrange, Ruth Leonard, Ruth Wade, and Judge G. T. Sides.

## How "Red" Got His Name

By DAVE LLEWELLYN

Everybody knows somebody named "Red." You probably have a friend with that nickname but, if not, there are still plenty of "Reds" you know of — aren't there? — "Red" Grange, "Red" Skelton, and "Red" Buttons, for example. "Red" apparently has been popular as a nickname for a long time. There is extant a very interesting record of a man nicknamed "Red" who lived about 1900 B.C.

This man was called Edom, which in an early Semitic language meant "red." There is some indication that Edom may have had red hair — but, if he did, that isn't where he got his name.

He was a grandson of Abraham, though his clan was later lost by intermarriage into the Arab nations.

Edom became a powerful man. As head of a large tribe of descendants, he ruled a sizable area of southern Palestine around Mount Seir.

Brother Vs. Brother

In spite of his political significance, however, the best known — and most important — thing about "Red" was how he got his name.

When "Red" was young, he was a real outdoorsman, a thoroughbred hunter-camper type.

The trouble was that "Red" had a twin brother, who was just as different from "Red" as black from white.

His brother was a mamma's boy. He stayed around the house and yard all day while "Red" went out hunting. A quiet boy, he was just the opposite of his strong and active brother. But what he lacked in strength, he made up in cunning. He was a sly schemer.

How would you like it if every mention of your name always called to mind the most foolish thing you ever did in your life? Like it or not, we are named by our actions. Not so clearly as Esau, probably, but just as effectively we develop reputations that stick in people's minds as long as our names do — sometimes even after our names have been forgotten.

Yet, whatever your birth, family circumstances, economic pressures, or bad decisions have made you into, it can all be changed. Lives can be changed, and reputations with them.

The later lives of Esau and Jacob demonstrate this.

All it takes is your will and God's power.

# CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega. We also call it "the little car that does everything well." Because it does. Everything? Everything.

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

Numbers speak louder than words. The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5 1/2 feet.

Weight: 2,190 lbs. for the sedan.

Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.)

Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck.

Vega turned out so well that we couldn't turn out just one.

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

## NEWS for OUTDOORSMEN

by VERN SANFORD

Once in awhile an outdoor writer gets an opportunity to fish with a top-flight, A-#1, prize-winning, bass-fishing-champion. This was my good fortune and that of outdoor writer Earl Golding of the Waco News-Tribune one weekend at Toledo Bend.

It happened when a bunch of outdoor writers were fly-in guests of Hide-Away Harbor, Holiday Inn and the San Augustine C of C.

The expert was John Fox, National Bass Champion for 1968 . . . and an expert he is!

Like most bass champions, Fox began making his own "bait" immediately after winning the national honor.

Fortunately for us John's trip out this time was to test his newest product, not yet on the market.

We were in John's own rig, designed strictly for fishing. All of the other ten host's boats went out about the same time and most stopped at the first likely point—about a half-mile from the launching ramp. John did, too.

With the wind rather calm, none of the boats anchored—just floated where they stopped and cranked up the kicker only to come closer to shore when need be.

John brought in a half-dozen small bass before either Earl or I caught any. It wasn't long, however, before most of the boaters scattered for different areas. This was when John said "Now, I'll take you where the big ones are" . . . and that he did in short order.

Where did he go? To the brushiest area! But to him the brushiest section where the "Iron Trees" were so close to each other that we could only reach his choice spots by pulling and

pushing the boat from tree to tree, sometimes lying almost prone in the boat to clear the overhanging limbs.

Finally he found a spot that looked good. There he settled down to serious fishing . . . with plastic worms, of course.

You'll be interested in how John rigs up his gear.

To begin with, John uses a heavy bass rod designed especially for worm fishing. It's a five-and-one-half footer, real thick at the handle and slowly tapers off to the end. Only really flexible part is the tip . . . for about the final 12 or 16 inches.

His choice is 20-pound monofilament line and a not-too-heavy, cone-shaped slip-sinker. He runs the line through the sinker's pointed end, first, then ties on a large and very sharp 5/0 drop-shaft hook. After inserting the point of the hook through the nose of the worm, about an inch or so, John turns the hook over so that he can imbed the point into the worm. This makes it weedless, without the use of a metal weedguard.

Naturally, he uses the Flut-ter-tail Worm . . . his own brand . . . with a thin, flat, flexible tail.

In this case, John's experimental worm had a white tail. At its nose the worm was solid black, but it was lighter and lighter in color as it tapered to the end, becoming light gray as it reached the white tip.

That, and his Ambassador reel, comprised his fishing gear.

With no luck at the first spot, John moved to another, saying "Well, I know we'll get some lunkers now." And that he did and so did his two companions . . . thanks to him.

Here's how John did it. He

## Hardwood Hints

By Rhonda Racz  
Home Decor Director  
Hardwood Institute

As we've all discovered at one time or another, cigarette burns are a piece of furniture's worst enemy! Nothing seems to look worse than a gaping black hole marring the shiny smooth surface of a favorite table, desk or cabinet. Unfortunately these everyday mishaps can never really be avoided, no matter how careful you or your guests try to be.

One of the advantages of owning a piece of genuine hardwood furniture is that you can remove unsightly cigarette burns with a minimal amount of effort—and without the help of a professional furniture refinisher. Synthetic materials which try to imitate the look and feel of wood fall flat when it comes to furniture repair. Once they've been scratched, burned or dented, they're damaged for life. But hardwood furniture can always be fixed or refinished to look like new. Here's an easy way to remove cigarette burns from hardwood furniture yourself.

Colored wax is all you need to attack an unsightly cigarette burn. Wax sticks, available in local hardware stores, come in special shades to match the more common furniture wood stains.

Scrape out the cigarette burn with a small kitchen knife or razor blade, cleaning the damage away beneath the surface of the wood finish. Then select a wax color or mixture of colors that will match your

piece of furniture. Heat the wax sticks over a gas flame to mix the colors, then let them cool to determine whether or not you have exactly the right shade. Once you've got the proper color, reheat the wax and use it to fill in the hole where you have cleaned away the cigarette burn.

Let the wax dry, then use the flat part of a knife blade to scrape down the wax until it's level with the original finish. Smooth your finger over the wax until it blends in with the finish of the wood. If your color mixture isn't just right, you can remove the wax easily enough and try again!

Any questions on wood? Write to Rhonda Racz, Hardwood Institute, Suite 1422, 551 Fifth Avenue, New York, N. Y. 10017.

Benni Dunn Evans is contest chairman. Entry deadline is Sept. 21 and entries received after that date will be charged \$1 extra per event. Entries may be mailed to Mrs. Evans at 3601 40th St., Lubbock, Texas 79413.

The all-trophy festival is one of the bright spots of the fair each year. It is a National Baton Twirlers' Association high-point contest.

Stevens opens this year's Fair Park Coliseum slate along with vocalist Gloria Loring plus Jack Blanchard and Misty Morgan of "Tennessee Birdwalk" fame. Charley Pride, country and western singer Johnny Duncan and Alex Houston and Elmer will be featured Wednesday and Thursday. Porter Wagoner, Jo Ann Castle, Dolly Parton, Speck Rhodes and the Wagonmasters close out the all-star week Friday and Saturday. Show times are 5:30 p. m. and 8:30 p. m. daily.

All seats are reserved and tickets are priced at \$2, \$3 and \$4. Tickets may be obtained at the coliseum box office, Luskey's Western Wear, Montgomery Ward Caprock store, Sears' downtown store or at TGEY Continental.

### TECH RAIDERS TO PLAY TULANE

Texas Tech football enters a new era and a new spirit Saturday night when the Red Raiders, under the direction of new head mentor Jim Carlen, open their 1970 season against the Green Wave of Tulane.

The Saddle Tramps, Tech men's service organization, are promoting the new look for the Raiders by introducing a slogan entitled "Spirit '70 -- The Beginning".

Tech fans attending the game Saturday night are asked to join the Saddle Tramps in visibly supporting the Red Raiders by wearing "anything red".

Saturday night's game will not be the only first for the Raiders this year. The opening game with Tulane will also kickoff Tech's first football game on their new all-weather AstroTurf playing surface. Saddle Tramps will be stationed at the entrance gates selling 3"x3" samples of the artificial turf.

Also, as in the past few years, souvenir footballs will be thrown to the fans immediately before kickoff by the Saddle Tramps.

The new era will officially start Friday night with a pep rally in Jones Stadium. The rally, starting at 6:30 p. m. will feature Tech players and coaches and a series of new yells by Tech cheerleaders and is open to the general public.

CAPTAIN LARRY COLEMAN

### LARRY COLEMAN RECEIVES RECEIVES CADET PROMOTION

Larry Keith Coleman, formerly of Amherst and a grandson of Mrs. Herndon Pace, has been promoted to the rank of Captain in the Cadet Corps.

Captain Coleman, son of Mrs. Laura Belle Coleman of Virginia, has been attending the Augusta Military Academy, Fort Defiance, Va. for some time. He received his orders to return to his command at the Academy Sept. 11, while in Amherst, where it is his custom to spend the summer months.

He is a nephew of Mrs. J. B. Harper and Mrs. E. C. Bellar of Sudan.

ATTEND CHURCH SUNDAY!

### FIELD DAY SET THURSDAY

Hundreds of High Plains farmers and businessmen are expected to attend 14th Annual Field Day activities today, Thursday, at the High Plains Research Foundation to view the latest farm research work. Also, they can take a closer look at modern farm equipment on display for three-day farm equipment show.

The farm equipment show is co-sponsored by the Plainview Chamber of Commerce and will feature various agricultural products and machinery. It will be conducted through Saturday at the research farm near Halfway. Senator Ralph Yarborough will be guests speaker for the Field Day evening program which begins at 5:00 p. m.

Door prizes and a grand prize of a vacation for two to Acapulco, Mexico also will be awarded during the evening program. The vacation trip plus \$500 expense money is sponsored by Plainview Coop Compress, Inc., City National Bank and Hale County State Bank.

The Field Day tours will feature three primary stops with Foundation scientists, Dr. Doug Owen, Jim Valliant and Joe Wright, assistant agronomist, explaining various phases of research and study underway.

Jim Schrib, assistant agronomist, will replace Dennis Moonney with a slide presentation of the Foundation's minimum tillage studies.

The semi-annual Foundation

trustees board of directors meeting will be conducted Thursday morning beginning at 9:30 a. m. in Plainview Holiday Inn.

West Texans will have an opportunity this year to enjoy a new treat. A complete three-day show comprised only of the latest in farm equipment, agricultural chemicals, new seed varieties and other farm-related products will be unveiled Thursday, today, and will continue through Friday and Saturday, Sept. 11, and 12. At Halfway, 14 miles west of Plainview, in conjunction with the Annual Field Day activities of the High Plains Research Foundation. The show is co-sponsored by the Plainview Chamber of Commerce.

A feature of particular interest will be provided by the irrigation industry where you can get a close-up look at refinements in irrigation products.

There is no charge for the entire show and interested persons will have an opportunity to view the research projects underway at the High Plains Research Foundation, as well as the farm exhibits, all three days, Sept. 10-12.

### Flower Talk

BY LOUISE  
THE AMAZING  
PLANT BULB

The bulb is a special underground stem which enables a plant to live through the winter. Like a seed the bulb holds within itself the undeveloped future plant. Unlike a seed the bulb has much stored-up nourishment, and a plant grows more quickly from a bulb than a seed.

The tulip, narcissus, lily and hyacinth are flowers grown from bulbs. The gladioli are grown from corms. Corms are like bulbs, except bulbs live on from year to year and corms die every year.

Our most important job is to have the flowers you want, when you need them. Our stock is always complete, and we happily supply your needs whenever you call.

### Women IN THE KNOW

By Jean Kingsley, Women's Consultant, The Travelers Companies  
Your Possessions and  
The Future

When you think of your family's possessions, do you consider them to be your "estate" or just property? Many people associate the word "estate" only with the extremely wealthy, but in truth, anyone who owns more than just a pair of shoes has an estate, and should organize it.

Estate planning is one way of preparing for the future and protecting your family if something should happen to the head of the house. As a woman in the know, it may be up to you to see that your husband has organized his affairs and worked out a program to make certain that his money and property go where he wants them to. Thinking of the possibility of widowhood isn't pleasant, but a little planning ahead can save you a lot of trouble and heartache later.

There are basically three things that every family should do when organizing their possessions. Both you and your husband should make a will to insure that your property is divided the way you want it to be. There should be a "letter of last instructions", including all the information and advice your family will need that is not in the will itself. Third, your estate should be designed so as little of it as possible is reduced by taxes. Estate planning, or protection, is complex, and legal help should be sought along the way.

All of this is part of planning for the future, and there are many ways to make today and tomorrow more secure and comfortable. Part of your family's security depends on devising a financial plan that suits your individual needs, and there are experts like The Travelers financial planners who can help you work out a feasible and sound plan.

There are many ways you can prepare for the future; estate planning is one important part. No one likes to go through life not knowing what's ahead, and just as financial security is important, so is planning for the unknown.

### LEWIS LLEWELLYN Freedom to Ruin?

There is a noisy minority which is today stating that we should accord them the unrestrained freedom to be as vile as they please.

Moreover, they claim the right to flaunt their gross immorality in our faces and the faces of our children — in the name of freedom.

But there is a question which we must answer. On our answer depends the fate of our nation, for historians tell us that most great civilizations have fallen because of internal decay, rather than as a result of external aggression.

The question is: what kind of freedom do we want?

**Freedom Vs. Freedom**  
There are two kinds of freedom, which are in conflict with each other.

One kind of freedom is that which film director Michelangelo Antonioni described in an interview reported in "Life" some time ago. Referring to a picture which he was then making, Antonioni said:

"The young people among whom my film is situated are all aimless, without any other drive but to reach that aimless freedom. Freedom that for them means marijuana, sexual perversion, anything. . . . What you get at the end doesn't interest me. . . . It's that conquest of freedom that matters. . . . Once it's conquered, once all discipline is discarded, once it's decadence. Decadence without any visible future."

The extent to which we have already yielded to this freedom which leads to "decadence without any visible future" is indicated by the titles which are currently appearing on some theatre marquees.

The August 28 issue of "Life" pictured a marquee proclaiming that the theater was showing three movies: "The Filthy Five," "The Promiscuous Sex," and "Sex with a Stranger."

It used to be understood, but seems now to be largely forgotten, that there are many in our country who want the freedom to live and work and rear children in communities where they will not be constantly subjected to immoral, degrading and destructive influences.

Is the right of a parent to have a wholesome community in which to bring up his children to be denied — in order to allow those who delight in immorality to be free to debase themselves and others?

**Control Environment**  
In the final analysis, of course, each individual must make the choice for himself. All that the nation or the community can do is to provide a suitable environment.

But should there not be a freedom for those who do not wish to be surrounded by pornography, obscenity, and filth?

Should we not be free to exercise our right, as a majority, to control the environment in which we and our children shall live?

The Apostle Paul, writing to his friends in Rome, said, "Made free from sin, ye became servants of righteousness. . . . When ye were the servants of sin, ye were free from righteousness. What fruit had ye then in those things whereof ye are now ashamed? For the end of these things is death."

Freedom from sin—or freedom from righteousness? Freedom from pornography and obscenity—or freedom to wallow in filth without restraint? Which freedom do we want?
