FORTY-SEVENTH YEAR NUMBER 9

WOODWORK

BY DALTON

ALL THESE years I've been playing ping pong and nobody ever asked me to go to Red China. I have heard a couple of suggestions on places I could go, but never as an honored guest.

Just think what fun it would be to get humiliated in a ping pong match before hundreds of thousands of politely smiling Chinese, who applaud graciously as you lunge futilely at the servings-up by the sons of Chairman Mao.

Those Oranges probably never saw ping pong the likes of which we used to play in our garage in Sudan a few years back, with many of the games not getting underway until about 11 p. m.

I remember getting a certain Sudan meat-chopper out of bed a few times just so we'd have a fourth for doubles that started after a certain other fantastic athlete got off duty at Plant X. It's pretty doubtful that any of us would have the energy to start playing table tennis at such an unlikely hour these days, but still, we enjoyed it.

Of course, we weren't in a class with the American team which went to China, much less the Chinese rascals. (Incidentally, I call them Oranges because they are Chinese Reds, and everybody knows Chinese are yellow-skinned...)

Without question we who played in a dusty garage in Sudan would have been pitifully outclassed in the arenas of Peking, or wherever they played. But if we could have played those Chinese in that garage, I believe we might have taken them. For one thing, they play about five feet back of the table, and there wasn't that much room in the garage. Besides, we had learned how to run halfway up the wall to get a shot, then use the wall to rebound from to be ready for the return.

Chairman Mao's boys probably never had to cope with anything like that.

Mr. and Mrs. Julian Damron of Circle Back are the parents of an adopted son, Andrew Keith, born April 13, weighing 7 pounds, 15 ounces.

Grandparents are Mr. and Mrs. C. G. Damron of Needmore and Mr. and Mrs. Leroy Young of Sudan. Great-grandparent is Mrs. Ray Richardson of Great Bend, Kansas.

Mr. and Mrs. Robbie Rudd of Lubbock are the parents of a daughter, April LeeAnn, born Wednesday, April 14, weighing 7 pounds 1 ounce in St. Mary's Hospital.

Grandparents are Mr. and Mrs. Cresty Rudd and Mr. and Mrs. George Ritchie, all of Sudan. Great-grandparents include Mr. and Mrs. A. B. Enloe of Amherst, Mrs. Jessie Ritchie of San Jose, Calif. and Mrs. Edna Corley of Belen, N. M.

The home of Mr. and Mrs. Lloyd Gilreath is shown on the right after the wind severely damaged the roof and blew down the television antenna. Many other residents reported damage to roofs and fences.

CITY WARNS AGAINST USE OF FIREARMS

Mayor Arnold Reed issued a statement this week warning against vandalism and use of firearms on city property. Mentioned in particular was the city water works and sewer facilities, and the dump grounds

located on the north edge of town.

Reed stressed that the use of firearms is prohibited on these properties and violators will be prosecuted by law. He also added that vandalism, including

damage by dune buggies and motor bikes driven on the banks of the city water reservoir, is prohibited. Warning signs are being posted at these sites and residents are hereby warned to obey these restrictions or face

prosecution by law.

The mayor also announced that a month-long City-Wide Cleanup will begin Monday, April 26, when residents are asked to make a dedicated effort to clean up the trash which has been blown into their yards and alleys. Special collections will be made by the maintenance personnel for trash piled at the rear or the front of property. Also, persons who have objects too large for the regular collection, may request a machine to pick this up by calling city hall.

In an effort to keep the alleys clean, the city has constructed a number of barrel stabilizers. These are very simple to make and install from junk pipe and the city employees will be glad to aid you in construction or installation of these.

HAIL SUPPRESSION PERMIT TABLED

The Texas State Board Water Development met in Austin Tuesday when the issuance of an operating permit for Atmospherics Inc. of Plainview, who conducts the area hail suppression program, was on the agenda for discussion.

Late Tuesday, the Board announced that they were tabling the discussion and would make their decision public on Saturday.

Locally, the Better Weather Inc. continued to collect their dues from farmers in the designated part of the county which is favoring the suppression and rain stimulation program. A spokesman stated that all monies would be refunded in full if the program did not go into effect.

The southeast corner of the county is the only area of Lamb County contemplating going in to the program.

BASEBALL CONCESSIONS TO BE PLANNED

All women who have sons participating in the Sudan Baseball program, including Babe Ruth, Little League and Pee Wee teams, are requested to meet Friday, April 23, at 10 a. m. in the home of Mrs. Dale Hanna.

Mrs. Hanna reported that all mothers are needed to plan a concession program for the season and urges that they attend the meeting.

She also reported that workers are needed for repair work on the ball park and concession stand. If anyone is interested in donating a night of work, they should contact Bob Davison or Powell Legg.

The baseball season officially begins April 29.

Practice began Monday for the Sudan members of the Inter-City Little League.

Cardinal team members, coached by Pat Minyard, worked out Monday. The Angels, coached by Noble Dudgeon, had their first session Tuesday with the Dodgers to meet today, Thursday, at 4 p. m. Donnie Cowart is coach for the Dodgers.

STORMS BRING RAIN

As predicted, tornadoes came with the rain. Tornadoes dropping from ominous-looking clouds played hopscotch across the area during the weekend and early part of the week as we received our first moisture in many months. Most of the area received at least one-half inch of moisture.

Tornado clouds appeared in Sudan Thursday when consider-

able wind damage was done in the southeastern part of town. Roofs were damaged and television antennas blown down. The local fire department went into "storm alert" operation at 6:30 p. m. Thursday with four radio units in operation plus the base station at city hall. The radio system incorporated with the Lamb County radio system, giving Sudan complete area storm coverage.

The firemen went into action again Sunday night as an unconfirmed tornado was reported some nine miles northwest of Sudan. Radio units were dispatched to cover the area.

With the advent of the storm season, the local fire department and civil defense workers would like to re-familiarize the residents with the use of the storm alert.

A tornado or storm warning is an oscillating blast (fifteen seconds on and fifteen seconds off). This alert is sounded when severe weather is sighted in the area. The all-clear signal is a solid 2-minute blast and is not sounded until the area is free from storm clouds. Residents should take precautionary measures when the oscillating blast is sounded and continue to do so until the all-clear signal is heard.

The fire department also reminded residents that the most simple way to report a tornado is to call City Hall, 227-3601. There will be someone on duty at the radio during all storm alerts. However, if you do not reach someone at this number, you should call 227-4321 for a member of the fire department.

They also announced that a test will be sounded for the alarm system in the near future. This will occur on a clear day between 6 p. m. and dark. The warning will be sounded first for approximately five minutes before the all-clear signal is sounded.

An additional storm warning system will be installed in the very near future in the east part of town. This will bring the number of alarms to four which are strategically located

TIME CHANGES

The time of year when everyone loses an hour of sleep has arrived once more. Daylight Saving Time goes into effect Saturday, April 24, at midnight. All clocks will need to be run ahead one hour before you retire Saturday night, enabling you and your household to arise at the correct time Sunday morning.

Youth Center Planned

A Youth Center is being planned for Sudan and if plans advance according to schedule, it will open the last of May immediately following the closing of the current school term.

The center will be located in the building just north of the First Baptist Church on Temple Street. It will be open to all Sudan youth and recreation will include pool, ping pong, pin ball machines. A concession stand and a juke box are also planned.

A work night is scheduled for tonight (Thursday) and it was announced that workers are needed to ready the building for the center.

Also, a fund raising drive for equipment is planned in the near future. If anyone has a pool table or similar equipment to sell or donate, they are asked to contact a board member.

Members of the adult advisory board include Jerry Ray, Richard Black, Frank Lane, Mike Nix, Robert DeLoach, Billy Chester, J. R. Manning.

'FOR PETE'S SAKE' TO PREMIERE HERE

"FOR PETE'S SAKE," from World Wide Pictures, will premiere at Sudan High School Auditorium on April 30-May 1. Produced in wide screen and brilliant Eastman color, this comedy-drama stars Robert Sampson and Pippa Scott in a mile-high Denver setting, against the magnificent backdrop of the Rockies.

"FOR PETE'S SAKE!" lives day by day with a meat-and-potatoes guy who has dared to take on big questions about Christianity today, and comes up with even bigger answers. To Pete, GOD WAS NOT DEAD! Or was He?

On a damp, gray, Sunday afternoon, Pete Harper was one of a large crowd at Denver's Bear Stadium listening to a sermon during a Billy Graham Crusade. Why was he there? "It was free." It was free, but Pete, his wife, and their son all got more than they had bargained for. Moved by the message, they found themselves going forward. What then?

You will see as you live with Pete and his family during the months that follow and watch them meet the challenges of a Christian commitment. Faith becomes a working commodity for Pete, starting on the inside

and growing up and out. It grows while he's pumping gas on a busy Denver street-corner, while returning a cake plate to a neighbor, and while colliding with a gang of teenage motorcyclists who challenge him with the shattering honesty of today's youth; youth who force him to match his faith against the turbulent world of leather and dare-devil races. Ride with him as he grinds over steep mountain trails to prove that he's not afraid to try their world.

Incidentally, the film doesn't boast any angels; just warm, funny, inspiring, real humor beings! It's a love story, a laugh story, and a life-sized look at the ups and downs of the faith of a twentieth-century man.

Robert Sampson, who portrays Pete Harper, also starred in World Wide's "THE RESTLESS ONES." Pippa Scott, as Pete's wife, Marge, is well-known for her Broadway appearances and starring roles in most major television shows. Al Freeman, Jr., and John Milford work with Pete in their Denver service station. Sam Groom, Pete's fresh-from-seminary minister, is a familiar face to television fans.

Other featured players include Johnny Jensen as Pete's son, Irene Tedrow as Grandma Harper, and Nicolas Surovy as Skip, leader of the motorcycle gang. For YOUR sake, see it!

THOUGHT FOR MEDITATION

Kind words and flowers are much the same, They bring us joy in life's great game, You know what works kind words will do When they've been spoken just for you, Such words we think bring happy hours As well as do the lovely flowers, So when the flowers are scarce, are gone, Just use kind words and carry on.
