## WOODWORK

BY DALTON

UNDOUBTEDLY all of you will be happy to hear that you're going to make a lot of money pretty soon. That's straight information from the Kiplinger Washington Editors, Inc., who have been making economic predictions with a pretty good batting average for years.

Now all of us know that money doesn't matter nearly so much as good health and good friends--and I sincerely mean that--but money is a nice thing to have around when the bills come in, and it's pretty nice to have anyway so long as we don't worship the dollar.

(Remember the finance company ads on television a few years ago where this guy said, "All the happiness in the world won't buy you any money"?) Anyway, the Kiplinger people, who publish the Washington Letter, Changing Times, and some other economic publications, said in a Jan. 21 letter:

"The boom of the 60s--the biggest on record--will be followed in the late 70s by a new and perhaps even bigger boom. And with it, more inflation."

They go on to say that although the short-range prospects don't appear too boomy (that's my word, not theirs), they are predicting a new boom and more inflation in the years just ahead. They point out that in 1935 during the depression they predicted inflation ahead, and in 1946 renounced the widely-held view that a severe post-war depression was inevitable.

It really would have been nicer if they had predicted a boom without the accompanying cloud of inflation. But apparently nobody has yet figured out how everybody can make more money without the prices of products and services going up.

## JUNIOR HIGH GIRLS WIN DISTRICT TITLE

The Seventh grade girls basketball team clinched the district title in their division Monday night by downing Farwell 37-35 in a very close game. Sudan led by one point throughout the game after taking an 8-7 lead at the end of the first quarter. Kay Tamplin led the scoring for Sudan with 18 points followed closely by Elizabeth Jefferson with 15. Other team members include forwards, Pam Davison, Linda Moore, Bernadette May, Sheryl Black. Guards are Norma Salazar, Mary Martinez, Sherri Read, Debra Kihn- nie, Gaylon Freeman, Gay Hedges, Pam Nelson.

In other cage play, the eighth grade girls lost 16-27 to Farwell after trailing 8-3 at the end of the first period. They hit for 7 points during the second

period to narrow the gap to 14-10 for the halftime score. Joan Hedges and Ivory Tamplin each had six points with Linda Edwards dropping two field shots in for four points.

The seventh grade boys downed Farwell 42-33 to win their eighth game of the season. Jerry Williams was leading point-getter for Sudan with 21 points and Kyle Martin added 12 and Brad Pierce 7. Sudan trailed 19-14 at the half but came alive in the second period to overtake the Farwell team.

The eighth grade boys climaxed the evening with a win over Farwell 39-18 after taking a big first half lead and adding 15 points in the third quarter to put the game out of Farwell's reach. Danny Williams put 21 points on the board to lead the scoring for Sudan.

The Junior High teams will conclude their season play Monday, Feb. 7, when they will host the teams from Hart.

The Junior Varsity boys evened their season's record at 8 wins and 8 losses by thumping a determined Bovina squad 52-44, Tuesday night at Bovina. The Hornets led throughout the game by as much as 10 and as little as 2 as a hustling defense contributed mainly to the victory. At the halfway mark it was Sudan in the lead 30-26. This lead was increased to 42-35 and the close of the third stanza before the Hornets, led by Richard Tamplin's 19 points and Pat Hedges 16 points, pulled away.

Roby Lynn had 8, Mitch Chester 7, Rory Manning 2 points to round out the scoring, accompanied by the fine defensive work of Kevin May and Carroll Legg. Tamplin and Lynn won the "battle of the boards" with 14 and 12 rebounds respectively.

Although the Hornets hit only 10 of 28 free throw attempts for 36%, they did connect on their field goals at a 42% clip, hitting 21 of 50.

The J. V.'s have two more district games, with Farwell at home Friday and at Kress Tuesday.

In other high school play, the Girls B-team lost both games this week. First, to Happy 41-37 Friday night. It was a very even game as the lead changed hands. Happy led by two points at the half and then outscored Sudan by two more points at the end of the third quarter. Sudan kept pace with them during the final period but was unable to outscore them. Mary Ann Bellar hit for 18 for Sudan, followed by Phyllis Ray with 11 points, and a fine defensive effort by the guards. In the Bovina game Mary Ann Bellar again led the scoring with 10 points, followed by Phyllis Ray with 8 and Donna Provence with 6. Sudan trailed by only two points at the half, 19-17; but Bovina put 23 points through the hoop, 15 of these in the final period, to win the game 42-26.

Both varsity teams won their games Friday night against the Happy teams. The girls had a

"Cycle" to most people has something to do with a motor or a bike.

To us, "cycle" has to do with the efficient production of electric power, with efficiency and with conservation of resources.

It's about a unit we'll install in 1973. It's called a Combined Cycle Unit. It utilizes a gas turbine to help create electricity and in so doing, it produces heat. We then use this heat to make steam to run a steam turbine which, in turn, produces electricity. Using these units in combination, we generate more power but with less fuel and water than if each were to be run separately.

So, we do the "cycling" and you'll have the power you'll need at the lowest possible cost. Sounds simple, doesn't it? But, it took lots of planning and lots of engineering know-how to come up with this means of conserving resources and yet producing adequate electricity.

MRS. ALTON RAY NOBLETT

## Ring Vows Pledged

Miss Jennifer Cheryl Crisp, daughter of Mr. and Mrs. C. W. Crisp, of 4205 16th Street, Lubbock, and Alton Ray Noblett, son of Mr. and Mrs. Jack Noblett, of 115 Park Drive, Dumas, formerly of Shallowater, were united in holy matrimony Thursday evening, Jan. 27, at Southcrest Baptist Church in Lubbock.

Officiating was the Rev. Wilson Wood, pastor of Wynnewood Baptist Church, Dallas.

Vows were repeated before a greenery-covered archway flanked with baskets of pink carnations and gladiolus at each side and votive candleabras entwined with greenery and pink ribbon.

The bride was given in marriage by her father. She wore a floor-length gown of satin pear with fitted bodice, sweetheart neckline and full sleeves, with wide bridal-buttoned cuffs. Her gown and cathedral length train were enhanced with hand-applied roses, and the floor-length veil of illusion was secured with a petaled coil accented with seed pearls. Her wedding attire was designed and created by the bride. She carried a baby carnation bouquet centered with an orchid atop her white bridal Bible. For some-

thing old, she wore a gold bracelet given her by the groom; her matched pearls were borrowed from the groom's sister and she wore the traditional blue garter and carried a six-pence in her shoe.

Miss Mary Kate Ichtetz of Shallowater, was maid of honor and wore a pale pink gown. The bridesmaids were Miss Rose Maris and Miss Dawn Rohe, both of Lubbock, Miss Cecelia Neal of Smyer, and Miss Leann Isenberg of Idalou, a niece of the bride. Their gowns were hot pink, and, like Miss Ichtetz's were fashioned after the bride's. They wore ribbon and tulle headpieces matching their floor-length gowns, and carried long-stemmed carnations of the same color.

Mike Lindsey of Shallowater, served the bridegroom as best man, and groomsmen were Sam Truelock, also of Shallowater, Jay Williams, of El Paso, Johnny Bailey of Grand Prairie, and Robert Littlefield of Lubbock. The groom and his attendants wore hot pink shirts with their formal attire.

Kevin Isenberg and David Young, nephews of the bride, were candlelighters. Flower girl was Pam Chastain, and Rae-

Grain may be lost as a result of girdling which causes lodging or falling of the stalk.

The recent tests have produced concrete suggestions to minimize corn borer damage. Clymer warns that late corn plantings are especially subject to severe attack by second generation borers at a critical time in the development of the plants. He suggests planting as early as possible with early-maturing varieties to minimize crop damage.

In the Panhandle and other colder areas, double disking or plowing corn stubble exposes the borers to drying and freezing temperatures and allows almost complete overwinter kill. If wind erosion is a problem, the entomologist suggests listing the soil, which also prepares it for good retention of any winter rainfall.

If no cultural practices are used in the fall or winter, the larvae will overwinter in the stalks below ground level. Later on, farmers can usually gain some control by deep plowing in the spring to bury the larvae so the mature moths cannot emerge. Some control can be obtained by deep plowing prior to planting.

In-season control is limited to application of chemicals, which must be critically timed because the larvae are safe after they bore into the stalk. Clymer adds that insecticidal control on moderate infestations has not been economical in the tests.

## TAXPAYERS ASK IRS

Q) I want to deduct the interest I paid on my department store charge account purchases, but all my statements show are the "finance charges." Is there any way I can figure out the interest?

A) The amount of the finance charges which constitutes interest can be deducted. Interest has been defined as money paid for the use of money. However, if the interest cannot be ascertained, a deduction for the lesser of six percent of the average unpaid monthly balance of your charge account or the total finance charge allocable to the year may be taken.
