FORTY-EIGHTH YEAR NUMBER 34

SOMEWHERE there's a hypochondriac pooch which has been dognaped and the critter's owner is willing to pay \$1,000 for the pet's return.

Well, I don't really know that the dog is hypochondriac, but it seems pretty obvious that the dog's owner has a few problems.

On Sept. 3, according to the reward poster mailed out, the Chihuahua female dog, 6 years old, named Frissy and weighing in at 2 1/2 pounds, disappeared from a motel in Austin. The owner, a Houston resident, offered the \$1,000 for the return of the dog, and placed ads in 26 Texas newspapers.

The dog was wearing a yellow collar with bells. She has been spayed, has had a hernia operation, and believe it or not, a tonsillectomy. And a broken foot.

Any other comment we could make probably would get us sued, if the owner ever heard of it.

THE OTHER day I got to wondering what cream tastes like. Not ice cream, but just plain old cream like we used to put on Wheaties when Wheaties and Post Toasties were the only breakfast cereals around, and Jack Armstrong and Little Orphan Annie never let you forget it. Come to think of it, I'm not sure that Little Orphan Annie was sponsored by a breakfast cereal; it may have been Ovaltine (I don't know what ever happened to Ovaltine, either, but whatever it was, it was too good for it).

Anyway, I haven't tasted real cream in years, although it still is available. Maybe some of the places where we drink coffee have real cream, but by the time you stir it up in all that mud, you can't taste it.

The thought of cream came to me when my wife and another former country resident were comparing notes about how they used to milk cows. Of course, I never milked a cow in my life, and like any man who knows when he's well off, I don't intend to start now. But they were talking about how you go about it, with such comments as "milk a gallon in no time, and feed the old cat while I was at it" and "yeah, that cat would stand up on his hind legs and wait for you to hit him in the mouth" and such stuff. And then they were talking about separating cream. I suppose they meant from the milk, although I wasn't going to display ignorance by asking a bunch of fool questions. I never have separated any cream, although I have split a few infinitives in my time.

It reminds me of the old story about the recipe calling for the cook to "separate two eggs" and she put one on one side of the table and one on the other.

SENIOR CITIZENS TO MEET OCTOBER 13

The Senior Citizens will meet Friday, October 13, at 2:30 p. m. at the Community Center. Members of the Church of Christ will sponsor the meeting.

FARRIS C. ODEN

ROTARY DISTRICT GOVERNOR SPEAKS HERE WEDNESDAY

Rotary District Governor Farris C. Oden spoke to the Rotary Club of Sudan Wednesday, Oct. 11. He discussed the growth of Rotary in District 573 during the past ten years and the future plans for Rotary in the coming year.

In addition to discussing the four avenues of service that are offered in Rotary - that is Club Service, Vocational Service, Community Service and International Service - he pointed out in International Service the unusual opportunities that Rotary has to extend international good-will and understanding throughout the world, calling to the club members' attention the good number of exchange students that have been sent to countries all over the world during the past twenty years, and the large number that have been received from those countries in this District during the same years.

Also, he mentioned the fact that this District has been approved for a Group Study Exchange and we will be sending give men to Finland from this District. These will be businessmen, and they will go to Finland the last part of May and be there for six weeks. A like number of businessmen will be sent from District 141 in Finland to our District during the Rotary year of 1973-74.

He also pointed out that Rotary has the great opportunity in the International Service field in aiding projects in underdeveloped countries. Rotary Clubs in these areas have more opportunities for community service than they can afford to handle.

Where they feel a project is justifiable, they report it to Rotary International and the clubs in this country have an opportunity to serve in this connection. These requests vary considerably. The principal needs in the underdeveloped countries, South America and the Orient are for medical equipment, medical supplies, hospital equipment, hospital supplies, books in English, etc.

He further pointed out President Roy D. Hickman's program of "Let's Take a New Look—each as an individual and ask—are we actively and individually involved in the four avenues of service as represented in the four objects of Rotary. Have I done my share in building our club. Can I propose a man for membership this year. How can I, through my business or profession, serve society better—what can I, as one man do to help international understanding."

Mr. and Mrs. Rex Rudd of Olton, formerly of Sudan, are parents of a boy, Eric Iles, born Saturday, Oct. 7, and weighing 5 lbs. and 6 ozs.

Paternal grandmother is Mrs. Martha Porter of Stanton.

Mr. and Mrs. James Farmer of Wahiawa, Hawaii, are parents of a son, Douglas Scott, born Sept. 28. He weighed 8 lbs., 13 ozs. and was 21 1/2 inches long.

Farmer was on the coaching staff here in the Sudan schools last year.

WOLVES EDGE HORNETS, 7-3

HORNET TAILBACK Pat Hedges, No. 20, is shown carrying the football in Friday night's game against Springlake-Earth. Hedges led the Hornets in total yards rushing with 76, followed by Hanna with 62, and Edwards with 48. Final score Springlake-Earth 7, Sudan 3. (Staff Photo)

The first quarter was a defensive game, with the Sudan Hornets, following a long drive by the Wolverines, knocking them loose from the ball and covering it in the end zone to prevent a Springlake-Earth score. But in the second quarter the Hornets moved down to the 15, where QB Kim Ingram kicked a field goal putting the Hornets out in front, 3-0.

The third quarter was a repeat of the first, with fumbles, (10

per pound since the record crop was announced.

Moore is co-chairman of Rural Texans for McGovern-Shriver. He said, "I see where Red Woodson, Farm Bureau President, is trying to talk Secretary Butz into authorizing a price support program for cottonseed. Not only is the price for cotton very low this year, but also, the price on seed is way down. Texas farmers are only receiving 52.6 percent parity on their cotton seed. This is a particularly harsh blow because of the low price of fiber this year."

Moore said he thought farmers would be less likely to listen to the USDA in the future in light of the bad advice given on cotton and because of the wheat scandal. "They will certainly not want to listen to anyone in the Nixon administration for advice on their farms," Moore concluded.

The 17 counties include Andrews, Borden, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hockley, Lynn, Lubbock, Martin, Midland, Motley, Scurry, Terry and Yoakum.

The seven counties which will come into the district in 1973 are Bailey, Castro, Deaf Smith, part of Ector, Hale, Lamb and Farmer.

"Rep. Mahon is the only person to have served as Congressman from the 19th District, having been elected in the early 'thirties when it was formed," King said. "We are grateful that this special occasion will give us an opportunity to show appreciation for the fine representation Cong. Mahon has given this district, as well as for his national leadership as chairman of the powerful House Appropriations Committee."

Tickets for the barbecue are available at county FB offices. The cost per ticket is \$5.

The Sudan Hornet-Springlake Earth Wolverine game Friday night ended with the Wolves over the Hornets, 7-3. But the referees called a pass interference on Sudan which gave the Wolves the ball on the Hornet 4-yard line.

The Hornets outplayed the Wolverines all the way, as the statistics verify, with 257 total yards to their 113.

Traveling to Hart Friday night, the Hornets will be there to battle the Hart Longhorns. Lets go and Back the Hornets to win all the way.

The seventh grade football team coached by Coach Crane topped their record last week to three wins and one game tied after their win over Springlake-Earth by a score of 6-0.

Darren Provence, Lonnie Williams and Edgar Tamplin were captains for the game against the Wolverines.

Sudan scored in the second quarter on a keeper play by Darren Provence from the one yard line. The play was set up after a recovery of a Springlake fumble on the 15 yard line. Provence made a first down on the next play by twisting and slipping out of the grasp of Wolverine hands.

Halftime and final score was 6-0 in the hard fought battle of defense which saw several penalties and fumbles by both teams.

The Sudan and Springlake-Earth eighth grade game ended in a 22-22 tie.

On the opening kick-off Springlake-Earth returned the ball the full distance for a TD and also scored a two point conversion. Sudan also scored in the first quarter with 4:01 showing on the clock on a run by Webster Johnson. In the second quarter, Springlake intercepted a Sudan pass on their 25, and ran to the 35 of Sudan. On the next play, they went over for their second touchdown, and two points after. They led by a score of 16-6 at half time.

With 22 seconds left in the third quarter, Kyle Martin scored for the Hornets and Jerry Williams went over for two more points to make the score 16-14, Springlake-Earth leading.

A Springlake-Earth punt was blocked in the fourth quarter by Webster Johnson. Johnson scored again for Sudan in the fourth with the two extra points by Kyle Martin to put Sudan in the lead, 22-16. However, with 3:09 left the Wolverines scored again to tie the game 22-22.

Steve Richards, No. 60, and Haldon Messamore, No. 63, were captains for the game.

The Wolverines defeated the junior varsity Hornets by a score of 39-0, and led the Hornets 30-0 at the half.

The 7th, 8th and junior varsity teams will play Hart here today, Thursday. First game at 4:30 p.m.

Farm Bureaus Set Oct. 24 To Honor Mahon

County Farm Bureau units in the 19th Congressional District will honor U. S. Rep. George Mahon with an "Appreciation Day" at Fair Park Coliseum in Lubbock on Oct. 24, according to H. L. (Hub) King of Brownfield, Farm Bureau state director, District 2.

Approximately 1,000 friends of the Lubbock Congressman are expected to attend the barbecue dinner which will get under way at 5:30 p. m. that day.

A bronze bust of Mahon will be unveiled at the dinner and presented to the Congressman and his family. Arrangements have been made to have the bust displayed permanently at the Texas Tech University Museum.

County Farm Bureaus in the 19th District began raising funds for the bust about two years ago. The sculptor is Mrs. Joe (Juan-dell) Wade, Lubbock.

"Although Farm Bureau is hosting this affair, we are issuing an invitation for all the congressman's friends, both in and out of agriculture, to come out and help pay tribute to this great American," King said.

The program will be "simple and short", King said. A representative from each of the counties presenting the bust will give a brief statement touching on the life or legislative career of the honoree.

Others making brief statements will include C. H. DeVaney, Washington, D. C., assistant legislative director, American Farm Bureau Federation; Warren Newberry, Waco, Texas Farm Bureau executive director; and Bill Reid, Lamesa, TFB District 6 director. DeVaney, weighed 6 lbs. and 4 ozs.

4-H News

Approximately 33 members of the 4-H club, guests and leaders attended the hay ride to the sand hills Saturday night. They rode on a trailer filled with hay and pulled by a tractor driven by Louis Fields.

They had a weiner roast and played in the sand. Some six sponsors were present.

PICADORS VS. KITTENS IN SHRINE GAME TONIGHT

The Texas Tech Picadors meet the Houston Kittens tonight, Thursday, in the sixth Annual Khiva Shrine Bowl at Jones Stadium in Lubbock. Kickoff is set for 7:30 p.m. for the freshman tilt.

The game, sponsored by the Khiva Shrine Temple, raises money for the Burns Hospital Foundation in Galveston to help crippled and burned children. Last year the contest netted more than \$33,000 as a record crowd of 25,124 turned out.

Texas Tech head freshman coach Jess Stiles has become a Shriner since becoming involved with the Khiva Shrine game. He states this is a real thrill for the players and that they try to educate the players on the game's history.

The Picadors are 2-0 for the season.

ATTEND CHURCH SUNDAY!

If your six year old saw something like this, would he know how to phone for help?

It's too important a question to leave to chance. That's why we're running this ad. If there are any six- or seven-year-olds around your house, teach them how to report emergencies. Tell them to dial "0", give their name and tell our operator where they are and what's wrong. With older children, train them to dial emergency numbers direct, since that's the fastest way to call for help. But don't stop there. Copy down the emergency numbers listed on the inside front cover or first page of your telephone directory. Add your family doctor's number. And the number of the nearest hospital. Next, tack up the list near your phone. Then get your kids to memorize it, in case it gets lost. By the time they're through memorizing those numbers, they're going to have every grownup in the house knowing them, too. Which is also why we're running this ad.

PRAISE THE LORD
By LENDA WOOD

ALL things are possible to those who believe. Sometimes when I read the Bible, I pretend it's the first time I've ever read it. In this way, it seems that I get fresh insight as to what the Bible is really saying. If we're not careful, when reading something that we think is familiar to us, we read over it, and our mind is drifting off somewhere else, and we don't really have our mind and heart on what is being read.

This week as I was reading the book of Luke, I found that Jesus met the needs of everyone who came to Him. "As the sun went down that evening, all the villagers who had any sick people in their homes, no matter what their diseases were, brought them to Jesus, and the touch of his hands healed every one! Some were possessed by demons; and the demons came out at his command..."

"Sir, if you only will, you can clean me of every trace of my disease." Jesus reached out and touched the man and said, "Of course I will. Be healed." One day as Jesus and his disciples were nearing Jericho, a blind man was sitting beside the road. When he heard that Jesus was coming, he began to cry out, "Have mercy on me!" Jesus stopped and came over to him and said to him, "What do you want?" (As if He didn't know what the man wanted. Are we crying out: Lord, have mercy on us, help us, etc., without asking Him specifically what we want? He knows what we want and need, but it seems like He wants us to say specifically what it is we're asking for.)

"Lord," he pleaded, "I want to see!" "And Jesus said, 'All right, begin seeing! Your faith has healed you'."

Jesus did only a few great miracles in his hometown, because of unbelief.

Someone explained unbelief in this way: Once there was a tightrope walker at the circus. Before he walked the rope high in the air, he asked the crowd if they believed he could do it. Of course several raised their hands affirming that they believed he could do it. Well, he walked across the wire, some 30 feet long. When he reached the other side he asked the crowd how many believed he could walk back across. Of course they all raised their hands and cheered. So he returned to the other side, dancing a little jig a couple of times going back.

Then he asked the crowd if they believed he could carry a chair on top his shoulders and walk the rope. Everyone raised their hands and cheered. Then he said, "Okay, I want a volunteer. Who will do it with me?"

No one volunteered. Is that the kind of belief we have with Jesus? We believe He can do it... with someone else. But what about you and me? He made the sick people whole and the blind to see way back then. What about now?

"Jesus Christ is the same yesterday, today, and forever." Heb. 13:8.

WTSU HOMECOMING SET FOR OCTOBER 12-14

Twenty of West Texas State University's loveliest coeds will compete for the title of Miss WTSU Oct. 12 as a highlight of Homecoming activities.

The winner of the third annual pageant will reign over the Homecoming football game with New Mexico State Oct. 14, serve as the university's official hostess during the school year and will represent WTSU at the Miss Texas Pageant in Fort Worth next summer.

Contest judging will take place over two days, in a change of format. The finals will be judged by five members of the Miss Texas Pageant.

The new Miss WTSU will be crowned by her predecessor, Linda Adams, 20, of Amarillo, after the final judging at 8 p. m. in the Activities Center ballroom.

Preliminary judging took place Saturday, Oct. 7, after which

Rudd-Truelock Nuptial Vows Read

Wedding vows were solemnized at 3 p. m. Sunday afternoon, Oct. 1, in the First United Methodist Church at Olton for Judie Carol Truelock and Duston Iles Rudd.

Officiating was the Rev. Al E. Jennings, pastor. Parents of the couple are Mr. and Mrs. A. C. Truelock and Mrs. Roy Porter of Stanton and the late Coney Iles Rudd.

Presented in marriage by her father, the bride wore a formal length gown of white organza. A Juliet cap of Venise lace held her triple tiered veil of silk illusion. Miss Cheri McMurry of Farson, Wyo. was maid of honor. Bridesmaids were Vickie Kelley and Mrs. Gale McClain of Lubbock. Candles were lighted by Tina Len Dennis and Steve Timmons of Amherst, cousin of the bridegroom.

October is National Pork Month!

Ribs Ranchero
October is a great time to discover how pork fits any taste. Especially since today's pork is produced for the most in nutrition. Contains three times as much thiamin (nerve food) as any other meat too. And it has more protein, less fat and fewer calories. Plus it's more digestible. Don't forget Ribs Ranchero, like all pork dishes, takes on even more flavor and versatility when you sauce to taste. Especially if you use either Kraft regular, hickory smoke, onion bits, garlic or hot style barbecue sauce.

Ribs Ranchero
Spareribs Orange Slices
Kraft Hot or Regular Barbecue Sauce
Cut spareribs into 4-rib portions. Place on rack of roasting pan, cover, bake at 350°, 1½ hours. Remove cover, brush generously with barbecue sauce, continue baking 1 hour, turning every 15 minutes and brushing generously with barbecue sauce. Brush orange slices with barbecue sauce; bake with ribs last 15 minutes.
To grill: 1½ hours or until well done, turning every 15 minutes and brushing generously with barbecue sauce. Brush orange slices with barbecue sauce and grill with ribs last 10 minutes.

SEE JAY FOR ALL YOUR JOB PRINTING!

If we, my friends, could analyze
Our real selves we'd be surprised;
Just happen in some time, some place,
And meet our selves once face to face;
'T would be a phase in life quite new,
To see us as our neighbors do;
I wonder if such thing could be,
If I would know my self was me.

The following local children read during the summer in the program: Lisa Bishop, Rhonda Gatewood, Ronald Gatewood, Carol Ewins, Paula Ellison, Linda Ewins, Lee Anne Ellison, Barry Wiseman, Tammy Gaye Wallace, Paul Kent, Perry Kent, Pam Kent, Sandra Gwajardo, Seferia Gwajardo, Frank Reed, Lee Markham, Lucky Conley, Stacey Conley, Sammy Soto, Michele Vincent, Sabrena Vincent, Dag Messamore, Randy Wiseman,

GIRL SCOUTS STUDY LAWS OF ORGANIZATION

The fourth grade Girl Scouts met last Thursday at the Community Center when they studied laws of the organization. To help them remember the laws, each scout would act out a law with the others guessing what they were doing. Final plans were made to attend Disney on Parade Saturday in Lubbock. Ann Testerman served chocolate drop cookies to those present including Glenda Cardwell, Cindy Ham, Cecelia Ramirez, Paula Stanley, and leaders Marge Nelson and Donna Testerman. The group will meet today at the scout room in the Community Center to work on their sewing badge. Wendy Wiseman, Ruth Withrow, Marie Withrow, Martha Withrow, Shelley Gore, Marilyn May, Carrie Ann Read, Tanya Ray.

WASHINGTON REPORT FROM CONG. BOB PRICE

This week the House again rejected efforts of the liberal to stack a conference committee on the minimum wage. Spurred on by the Senate, this group hoped to increase the minimum wage immediately to \$2.20, a figure which would place an enormous burden on the small businessman. I believe people should be able to earn a decent living wage; nevertheless wages must be set at a realistic level and ought to be determined by agreements between labor and management, and not by the dictates of government. I fear the adoption of this extravagant \$2.20 proposal would, in the long run, mean the closing of thousands of small businesses as well as the loss of thousands of jobs and millions of dollars in wages.

DON'T TAKE RURAL TEXANS FOR A RIDE... AND DON'T TAKE US FOR GRANTED.

HERE'S WHAT NIXON IS DOING TO RURAL AMERICA

WHEAT SCANDAL - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

TAXES - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-off.

FARM ISSUES - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

CONGLOMERATE SCANDALS - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, 'The Republicans admire our government so much they want to buy it.'

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

HERE'S WHAT MCGOVERN IS DOING FOR RURAL AMERICA

HIS STANDING - George McGovern has been elected time and again as a Democrat from a Republican farm state... because they know where he stands.

TAXES - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

FARM ISSUES - He sponsored and co-sponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

HIS BELIEFS - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern... and George McGovern needs us.

Flowers Rites Held

Services for Burt Flowers, 69, of Crosbyton, father of Clyde Flowers, were held Thursday at 3 p. m. at the Emma Church of Christ in Ralls. He died Tuesday night at Lubbock's Metho-

dist Hospital after a short illness.

Flowers was manager of Crosbyton Farmers Coop Gin at the time of his death.

Flowers was a former resident of Cone and Lorenzo, moving to the South Plains in 1924 from Collinsville. He had owned and operated a cotton gin at Lorenzo at one time.

Flowers was a member of the Cone Church of Christ and of Crosbyton Lodge No. 1020 of AF&AM.

Lay ministers Paul Keele of Big Spring and Clark Johnson of Lubbock officiated at the funeral. Burial was at Ralls Cemetery by Carter Funeral Home of Ralls.

Other survivors include four daughters, Mrs. Grady Martin of Memphis, Tenn.; Mrs. Don Krall of Odessa, Mrs. Tom Suite of Lubbock, and Mrs. S. C. Jones of Abilene; two brothers, Lee Flowers of Gainesville and Vic Flowers of Collinsville; a sister, Mrs. Vera Haralson of Sherman; and seven grandchildren.

Pallbearers were Jesse Hall, Doyle Berry, Arvil Lee Campbell, T. W. Stockton Jr., Guy Thompson and Ross Cash.

Mrs. Walker Rites Held

Mrs. G. S. Walker, 90, mother of Mrs. Hazel Gaston and Ted Walker, died at 5:25 a. m. in Ballinger Memorial Hospital following a lengthy illness. Funeral services were held at 4 p. m. Tuesday, Oct. 3, in Allen Davis Funeral Home Chapel with graveside services at 5:30 p. m. in Eden Cemetery. Rev. Plez Todd, pastor of First United Methodist Church officiated.

Mrs. Walker was born Sept. 2, 1882, in Coleman. She married G. S. Walker in Arden Aug. 11, 1904. He died Jan. 23, 1952. They went to the Norton community from Arden in 1907 and farmed there until 1942. She was a member of the Methodist Church.

Other survivors were G. S. Walker of Amarillo, Miss Opal Walker and Mrs. Katie Powers of

New Tricks for Halloween

They're coming - moppets dressed like witches, ghosts, monsters. The main thing is to keep your cool, and plan ahead. If you do, Halloween might even be fun for you.

Consider these suggestions for Halloween night:

Have a progressive Halloween party. Join with four or five other neighborhood mothers. Each will hostess a half-hour happening, like bobbing for apples at one home, a treasure hunt at another, a hot chocolate and cookie party (Carnation's individual packets of Hot Cocoa Mix are handy for this) - the cookies can be molded to Halloween shapes.

Or, if you're going to stick with the trick or treat tradition, consider mixing some good nutrition items in with candy, things like fruit, nuts, and single serving packets of Hot Cocoa Mix.

On the all-important question of costumes, why not bring our little friends into the design of them? Even mini-kids can draw a picture of how they like to dress up. The bigger ones can, under guidance, use scissors and the sewing machine to make simple outfits.

To create the proper atmosphere at your house, you might consider dressing in costume yourself and having a line-up of pumpkin heads of different sizes and expressions (happy face, mean face, etc.). You can bring out the best (or worst) in de-

signing talent by having a pumpkin-carving party with the big kids helping the little ones to design the faces.

To give the tricksters a shiver when they come in, hang black threads from the top of the front door - very cobwebby. Candle-light also helps impart the mood.

For safety, why not have neighborhood mothers establish "check-points" along the trick or treat route, each mother holding a jack-o-lantern? This avoids the "watchdog" impression given if mother tags along with the kids. In some localities, have the youngsters carry flashlights so they'll be more visible to cars.

SCHOOL SAFETY and Your Child

Parents with three-year-old "accident-prone" children are in for a surprise. A new study of accidents and their causes indicates the most perilous years from an accident standpoint are those between six and 19.

Therefore, now with school underway, parents should rightfully be concerned with their children's safety during school hours. Underwriters' Laboratories, a not-for-profit organization testing for public safety, offers you the following check of school activities.

SPORTS: A school tradition, competitive sports are looked upon as character-building. However, careful consideration should be given to the type of sport in which a student participates.

For example, have in mind your child's physical condition. Look objectively at his or her size, weight, and visual ability. Listen to your family doctor; a physical check-up is mandatory at most schools prior to participation in any sport.

Take advantage of various school organizations, such as the PTA, mother-daughter or father-son clubs. Membership in such groups can help answer important questions:

- Is the school providing modern sports equipment?
- Will athletic competitors be adequately protected?
- Is damaged equipment repaired and kept in good condition?
- Are qualified instructors supervising each sport?

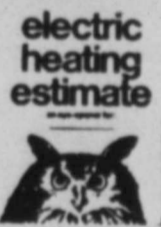

ELECTRICAL AND SHOP EQUIPMENT: On a routine basis, students in modern schools are operating equipment hardly dreamed of just a few decades ago. Audio-visual aids, language-teaching machines, and sophisticated shop equipment are controlled directly by the student.

Parents would do well to question children to assure that operation of such equipment is being properly supervised. A qualified instructor will see that machines are recognized as safe by Underwriters' Laboratories, and that they're being operated in accordance with manufacturers' instructions.

In addition, students should never take it upon themselves to tamper with, experiment on, or disassemble school equipment. If you will simply make the decision to become involved, ask questions, and make certain your children adhere to basic safety rules, those "accident-prone" school years can be effectively controlled.

A real eye-opener to electric heating costs

Electric heating operating cost estimates usually surprise our customers. They expect electric heat to cost a good bit more. A factual, easily understood, written estimate opens their eyes to the fact it can cost little more than they've been paying. Thousands of our customers are heating electrically now because they asked for the facts about electric heating costs. Phone us today for an estimate. It's free. It's accurate. And, it's a real eye-opener.
