HOW ABOUT a hot dog for breakfast? That's an Aggie suggestion, as you might expect, although it comes from a female Aggie, one Frances Reasonover, who carries the imposing title of Foods and Nutrition Specialist, Texas Agricultural Extension Service, Texas A&M University.

This is, however, only one of a bunch of suggestions from Frances, who says breakfast doesn't have to be bacon, eggs, cereal or toast.

We wouldn't be so familiar with Frances if we knew from the news release whether she is miss or Mrs., but we don't, and we'll be darned if we'll go to this ridiculous Ms. stuff that the Avalanche-Journal is using.

September was "Better Breakfast Month", which we didn't realize in time to make the most of it. And Frances says breakfast is important to every family member. She says "students make better grades and learn more when they eat breakfast."

But, Frances, didn't I read somewhere that people think better when they are hungry? I know that when you eat a big breakfast (or any other big meal) that you really can't seem to get your thinking gears to meshing, that thinking about anything more complicated than lying down on a couch somewhere is just too much to cope with when the stomach is full.

Anyway, she says this: "Try hot dogs, hamburgers, cheese, beans, peanut butter and jelly sandwiches, soup, macaroni and cheese, creamed meat or fish over potatoes, or cottage cheese and fruit."

Yeah. Try all of them at one breakfast, and see how you feel the rest of the day.

Breakfast varies quite a bit with individuals. Some folks don't eat breakfast at all, although the nutrition people tell us that this is the worst meal to skip. We have a cousin who used to eat ice cream for breakfast, and back in the old days, people ate potatoes and gravy. And we used to hear a song about some guy who had a beer for breakfast. When we were kids, we thought Wheaties was the breakfast (of Champions) to eat, although we also ate a lot of Post Toasties, too, so we could use the box tops and get a Junior G-man badge from Melvin Purvis.

Little Orphan Annie used to hustle Ovaltine as a breakfast drink. All we remember about Ovaltine is that we didn't like it, and that Woody Herman's Third Herd once did a song called "Who Put the Benzadrine in Mrs. Murphy's Ovaltine?" (Can't recall the tune, but the title sure stuck with me).

My own conclusion about breakfast: bacon and eggs still make the best fare, and the best time to eat them is about 10 p.m. (The main thing wrong with most breakfasts is that they're eaten at the wrong time.

MISS BLACK COMMENDED IN MERIT PROGRAM

Letters of Commendation honoring them for their high performance on the 1972 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) have been awarded to a student at Sudan High School, Principal Dale Read has announced.

The local Commended student is Susan Black, daughter of Mr. and Mrs. Richard Black, Rt. 1, Sudan.

The National Merit Scholarship Corporation (NMSC) has named 38,000 Commended students throughout the United States. These students are among the upper two percent of those who are expected to graduate from high school in 1974. Thus, the Commended students rank high, but below the 15,000 Semifinalists in September by NMSC.

Edward C. Smith, president of NMSC, said: "The high standing of Commended students in the Merit Program competition shows that they have great promise of continued success in college. Although Commended students advance no further in the Merit Scholarship competition, their attainment in this

HOLD 'EM HORNETS - The above photo shows the excellent defense that the Hornets showed Friday night against the Shallowater team. Sudan held the Mustangs to only 83 yards rushing.

The Sudan Hornets trailed a classy Shallowater team 6-7 at halftime last Friday night, but fought back in the final quarter to eke out a 12-7 victory for their third triumph against one defeat.

The game started as most had predicted: with both teams exhibiting tough defenses. However, the Hornets made their initial miscue of the evening as they coughed up a fumble on their own 47 yardline. The Mustangs capitalized on the error as the second play from scrimmage, fullback Bobby James broke loose on a middle trap for 45 yards and a touchdown. Harrison booted the conversion and Shallowater led a stunned Sudan outfit 7-0 with 7:26 to play in the first quarter.

Moments later, the "bobbling" Hornets presented the visitors with another fumble but this time the defense led by Donnie Noles and Terry Graves held strong until the Mustangs reversed the trend and fumbled back to the Hornets. Craig Harper pounced on the loose football and Sudan took control at their own 24 yard line.

The Hornets displayed ball control at its finest on this possession as they steadily drove

the ball goalward. Danny Williams ran for three big plays of 14, 11, and 10 yards in the drive and Roby Lynn speared a Mitch Chester pass for 12 yards to kindle the march. Six first downs and sixteen plays later, Sudan penetrated the goal line with fullback Pat Hedges plunging the final yard behind the blocking of Graves, Richard Tamplin, and Tommy Seymore. A running attempt for the extra failed and Sudan trailed by one, 6-7, with 8:50 to play in the second stanza.

The remainder of the half was all defense as Sudan lost another fumble on the Mustang 15 yard line following a 30 yard sprint by Mitch Chester, but then forced Shallowater to punt. Hedges and Lynn each played strong defense in the final minutes as each accounted for five tackles while forcing the visitors to punt three times without ever making a first down.

The second half began dismally for the Hornets as Shallowater ignited their offense and drove to the Sudan 22 yard line. On a third down, nose-man Mart Davison crashed into the Mustang backfield and knocked the ball loose as Donnie Noles picked up the stray pigskin to end the threat.

Offensively the Hornets were impotent in the second half as they managed only four first downs to nine for the visitors, while in the first half, Sudan held a 10-3 advantage. A tough goal line defense saved the Hornets as four times Shallowater moved inside the locals' 20 yard line.

Following a Don Noles' punt, the Mustangs put their passing attack into action on their second possession and drove to the Hornet 7 before the stalwart goal line defense forced a turnover on downs. The relief was shortlived, however, as on the second play from scrimmage, fumble #4 was recovered by the Mustangs on the Sudan 7. Shallowater went immediately to their passing game but three passes later were still facing seven yards and a fourth down situation. QB Reeves dropped back, spotted an open receiver and drilled the ball only to have it knocked away at the last instant by Terry Graves. Sudan was ecstatic until they realized an offside penalty nullified the effort and moved the ball to the three yard line. Once again Shallowater passed and this time Mark Hanna was "Johnny-on-the-spot" as he deflected the ball away.

Sudan couldn't move the ball and things looked grim as Noles lined up deep in his end zone to punt, but an overanxious Mustang slipped through on the snap and "barreled" into Noles after the punt. The result was an automatic first down at the 21 yard line and a breath of fresh air for the Hornets. Williams

BODY OF AREA MAN RECOVERED FROM LAKE

The body of Larry Bynum, 26, of Muleshoe was recovered Sunday afternoon at approximately 2 p. m. by a boat crew near the spot where he was last seen in the murky waters of Bull Lake located some 10 miles south of Sudan. A search had been underway since Tuesday by local firemen and area residents and a diving crew from Lubbock. Bynum drowned while trying to swim to shore from a seaplane that sank in 18 feet of water. Bynum's companion and owner of the plane, made it safely to shore.

Services for Bynum were held at 2:30 p. m. Monday in Trinity Baptist Church, Muleshoe.

Officiating was Rev. V. L. Huggins, pastor, and Rev. P. A. Mitchell of Longview Baptist Church, Muleshoe.

Burial was in Bailey County Memorial Park.

Survivors include his wife, Kay, (the former Kay Killingsworth) and a son, Michael, of the home; his father, Edsel of El Paso; a grandfather, Ray Bayless of Muleshoe; a step-sister, Cathy Blankenship of El Paso; a brother, Eddie of Lubbock; and a stepbrother, Glenn of El Paso.

Governor Dolph Briscoe officially launches the Governor's Roundup for Scouting in Texas by serving a Roundup pocket patch on Paul Carr, Troop 233 of Uvalde, who recruited another young man into his troop. Looking on is Dr. Howard Carr, Scoutmaster. The Roundup's goal is 50,000 new members in scouting this fall.

GOVERNOR LAUNCHES SCOUT ROUNDUP

AUSTIN—The Governor's Roundup for Scouting in Texas—aimed at recruiting 50,000 new members in Scouting this fall—has been officially launched by Governor Dolph Briscoe.

Governor Briscoe pinned the first Governor's Roundup pocket patch on Paul Carr of Troop 233, Uvalde, for recruiting another young man into Scouting.

Troop 233 is sponsored by St. Phillip's Episcopal Church. Dr. Howard Carr, Paul's father, is the scoutmaster.

Governor Briscoe has been active in Scouting in the Concho Valley Council for many years. He is presently a member of the Council's executive board and on the board of directors of the South Central Region, which serves five Southwestern states.

During the Governor's Roundup, which will end December 13, every youth member who recruits a new member will receive a Governor's Roundup pocket patch. Every unit leader who meets his goal will receive a Governor's Roundup coffee mug. Units meeting their goals will receive a Governor's citation and every Explorer recruiting another Explorer post member will receive a personalized citation from Governor Briscoe.

"The most important thing, of course, is that every eligible youth in Texas have the opportunity to join Scouting and to participate in this program of adventure and development," the Governor said.

"Young people in Scouting are learning about today's world, not the world in which Scouting's early images were formed. Tomorrow's Scout will be better prepared to meet the demands of his age than ever before. All of our programs are meaningful for today's youth."

"During the Roundup for Scouting, we are asking every Cub pack, every Scout troop and every Explorer post to open their doors and invite every eligible non-member in their neighborhoods to join them."

HORNETS STYMY MUSTANGS

Williams carried the ball three straight times for a first down and the anemic offense appeared to be jelling until an incomplete pass and a blitzing linebacker stopped the Hornets and a fourth down situation arose once more. This time Noles booted a "beauty" that traveled 55 yards to the Mustang 16.

On Shallowater's first play,

Mart Davison once again "clobbered" Reeves and Roby Lynn dropped on the fumble as the "death knell" tolled for Shallowater. It took Sudan only three plays to score from 11 yards out as Williams went 5, and Hedges one and five for the final score of the evening with 8:00 left in the ballgame.

Bobby Reeves and his Mustang receivers refused to believe that

JV & Jr. Hi Football

The Sudan Hornet Junior Varsity football team got a little closer to victory when they traveled to Shallowater Thursday night. They played well at times and had some bad plays.

After scoring from about 27 yards out, the Hornets held Shallowater scoreless until the last of the fourth quarter. Kyle Martin made a run with some good blocking from the 27 in the first quarter to put the Hornets ahead 6-0. The extra point try was no good and the score remained 6-0 until Shallowater scored from about 35 yards out. Their extra point try was no good. That ended the scoring in the game.

Both teams threatened in the last quarter. Sudan had first and nine to go for a TD but failed to score. Then Shallowater broke loose for a 65 yard run but the TD was saved by James Graves who made the tackle at the 25 yard line. Sudan held off the drive and time ran out.

This leaves the JV record 0-2-1. The JV team has had hard-hitting and tough games and are looking forward to the chance to make their record 1-2-1 this Thursday when they play Springlake here.

The "flu bug" forced the cancellation of the seventh grade game this week against Shal-

lowater. They were beaten, however, as they came storming back with their passing attack. Shallowater drove steadily from their own 30 and only a strong pass rush from Craig Harper, Mart Davison and Richard Tamplin partially stalled the attack. Four first downs and 12 plays later, the Mustangs were first and 10 from the Sudan 23 and it seemed as if nothing could halt the strong right arm of Reeves.

An eight yard completion put the ball on the 15 with second down and two. The secondary defensive pulled up their bootstraps from there, however, as three straight dropback passes netted no yardage and a jubilant group of Hornets took the ball with only 1:30 remaining. Sudan ran out the clock and thereby preserved the final score of 12-7.

Coach Jim Warren praised the goal line defense for their outstanding performance and Coach Tom Essex stated that he was well pleased with the effectiveness of the line in offense and its improvement. On the work of the backfield, Secondary Coach Gary Campbell felt that Shallowater has the best Class A passing attack he has seen and praised the Hornets for their fine pass defense especially at the goal line when they attempted eight passes inside the 10 with no completions.

The Hornets open their district slate as they travel to Springlake Friday. Emotion will play a vital part in the outcome so a large partisan Hornet crowd is anticipated.

water. Several players were ill and could not participate in the game. The eighth graders continued their winning ways with a 20-6 drubbing of the Shallowater 11. Taking the opening kickoff, the offense moved from their own 32 yard line and on a 12 play drive, scored from the six yard line with Running Back Harvey Donahue getting the TD. FB Steve Ritchie accounted for 53 yards on the drive. The two point conversion try was no good giving the Hornets a 6-0 lead.

Midway in the second quarter, Flanker Edgar Tamplin broke free on a reverse and sprinted 62 yards for the second TD. An excellent block by QB Darren Provence paved the way for Tamplin. The two point conversion was added by Harvey Donahue and the Hornets went to the lockerroom with a 14-0 lead.

Opening the second half, the defense forced the Mustangs to punt after three plays and the Hornet's offense went to work again. Taking over on the Shallowater 46, FB Steve Ritchie again provided the bulk of the running attack and after a sustained 54 yard March, Harvey Donahue got his second TD on an 11 yard burst over left tackle. The two point conversion was again stopped and the Jr. Hornets had a 20-0 lead.

The remainder of the third quarter was scoreless with Coach Wiginton and Coach Essex substituting liberally. The Mustangs got their only score of the day midway in the fourth quarter on a 13 yard run. The seventh graders that were able, made the trip and all of them got to play an extended period of time in the ballgame.

The eighth grade defensive team again played an excellent game allowing only two first downs by Shallowater before being substituted for in the fourth quarter. The defensive line composed of Lonnie Williams, Roy Dudgeon, Dennis Harvey, Brett Poe and Edgar Tamplin and Linebackers Ricky Stanford, Steve Ritchie and Darren Provence played an especially outstanding game.

Both teams begin district play at home Thursday afternoon at 4:30 p.m. against Springlake here. The probable offensive starters for the eighth grade will be: Bert Byerley, center; Dennis Harvey and Barry Wiseman and Rick Hill; Roy Dudgeon and Lonnie Williams, tackles; Brett Poe and Mark Warren, ends; Darren Provence, quarterback; Edgar Tamplin, flanker; Joel Williams, halfback; and Steve Ritchie, fullback.

The seventh grade game has been cancelled again this week due to illness and small number of team members.

SPD/TDE SPONSORED MEETING TO BE HELD

"An excellent crop can turn into trailer loads of headaches if producers do not plan well enough for cotton harvesting and handling," says Buddy C. Logsdon, county Extension agent.

"Growers might be able to save themselves hundreds or even thousands of dollars by taking advantage of information to be offered at two meetings in Lamb County for producers and area citizens at Earth at the Earth Show Barns, October 8 at 1:30 p.m. and at Littlefield in the "Willy Room" of the Lamb County Electric Coop Building, October 8 at 7:30 p.m." Logsdon advised.

Designed to update producers on facts about harvest-aid chemicals, cotton harvesting and field storage, the meetings are sponsored by the South Plains Development Program and the Texas Agricultural Extension Service.

Specialists with the Extension Service based at Lubbock will present facts on the use of harvest-aid chemicals, equipment systems with specific information on labor, time and cost comparisons.

They are Roy Childers, area agricultural engineer-cotton mechanization, and Robert B. Metzger, area agronomist-cotton and Marvin Sartin, area economist-management.

Accompanying the specialists will be District Extension Agent Billy C. Gunter and Buddy C. Logsdon, Lamb County Extension Agent.

SPD is a volunteer organization composed of citizens interested in the economic and social growth of the South Plains.

SCOUTS ANNOUNCE FALL RECRUITING PLANS

The annual fall membership campaign in the South Plains Council, Boy Scouts of America, began September 1 when 331 Scout troops and Cub Scout packs started enrolling new members.

Called Governor's Roundup, the Scout council expects to give an opportunity to 4500 boys to join the Boy Scouts of America, Jack Baker, Council Commissioner, said.

Governor Dolph Briscoe, Honorary Chairman of the Fall Roundup in the State of Texas, is giving his personal leadership by awarding an individual recruiter patch, which incorporates the Seal of Texas, to each boy that recruits a new member.

Special events scheduled for this fall include School Nights, Troop Rally Night, First-Nighter, Uniform Day, camporees, and individual recruiting.

A boy may become a Scout when he is 11 years old or has completed the fifth grade or a Cub Scout when he is 8 years old or has completed the second

grade, Baker said. In addition to the boys who join existing packs and troops, Baker said, the South Plains Council's organization and expects to organize about 59 new packs and troops in the Council's 22 county area.

The Boy Scouts of America provides a program for boys and young adults that is designed to develop desirable qualities of character, to train in the responsibilities of participating citizenship, and to develop personal fitness, Baker said. Cub Scouting is a family- and home-centered program, and Scouting is designed to achieve the BSA objectives primarily through a vigorous outdoor program.

Information about Scouting and Cub Scouting is available from the council service center, #30 Briercroft, 747-2631.

THE STATE OF TEXAS
To any Sheriff or any Constable within the State of Texas--
GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Lamb County, Texas, the accompanying citation, of which the hereinbelow following is a true copy.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Lyella L. Carlson, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Lamb County at the Courthouse thereof, in Littlefield, Texas, by filing a written answer at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 29th day of October A. D. 1973 to Plaintiff's Petition filed in said court, on the 10th day of September A. D. 1973, in this cause, numbered 7481 on the docket of said court and styled IN THE MATTER OF THE MARRIAGE OF LELAND E. CARLSON AND LYELLA L. CARLSON.

A brief statement of the nature of this suit is as follows, to-wit: *This is a suit for divorce alleging that there were no children born of this marriage of plaintiff and defendant, and there is no community property owned by the community estate of plaintiff and defendant and alleging that the whereabouts and residence of Lyella L. Carlson is unknown.

Praying for divorce and for general relief as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Littlefield, Texas, this 10th day of September A. D. 1973..

ATTEST: Ray Lynn Britt (SEAL) Clerk, District Court Lamb County, Texas.

*Here give brief statement of nature of suit, proper description of property, if any, and interest defendants are alleged to hold in said property, if they have an interest therein. See Rule 114, Rules of Civil Procedure.

Worcestershire Butters

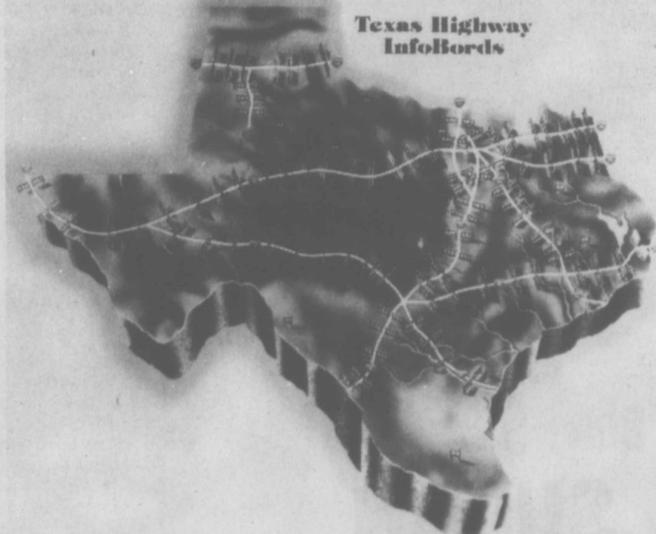

Sandwiches are the most easily made, the most packable and, if smartly seasoned with Worcestershire sauce, the most flavorful of picnic foods.

Start with this Worcester Butter: Blend ¼ cup softened butter or margarine, 1 teaspoon original Worcestershire sauce, 1 teaspoon fine dry bread crumbs and 2 teaspoons grated Parmesan cheese.

Spread on sliced bread and top with sliced ham or cold chicken; canned salmon or sardines; sliced hard-cooked eggs or cheese. Or use some of the prepared sandwich mixes or cold cuts.

The Worcester Butter may be varied by omitting Parmesan and using blue cheese instead. Or adding finely minced parsley or fresh dill to this sandwich butter. Use cracker crumbs in place of bread crumbs if you prefer, but do use a few crumbs to disperse the Worcestershire sauce evenly.

Any remaining Worcester Butter will keep. Delicious, too, on broiled meats, fowl or fish, noodles or cooked vegetables.

THE INFOBORDS on Texas highways have been cited as the nation's most significant new travel promotion concept by DATO, national travel trade association. When the program is

completed, 188 InfoBords in rest areas along Texas Interstate and primary highways will interpret nearby scenic, historic, and recreational attractions for more than 44,500,000 travelers a year.

natural energy HOME

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource . . . natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

PIONEER NATURAL GAS COMPANY

4-H Week Oct. 7-13

4-H youth and their volunteer adult leaders throughout Texas and the nation are "getting it all together" as they observe National 4-H Week, October 7-13.

"Traditionally, since 1927, National 4-H Week has been a time for 4-H'ers, their leaders and friends to take stock of the year's accomplishments and achievements," says Dr. Don Stormer, state 4-H and youth leader for the Texas Agricultural Extension Service. "4-H Week has been a time to look to the future of 4-H in each community, the state and nation."

"4-H Gets It All Together" is the theme of this year's observance and in countless ways, 4-H has "gotten it together" by involving more young people between the ages of 9 and 19 than ever before. Latest available figures show some 5.5 million young people across the nation participate in 4-H annually. About 146,000 of these are in Texas, notes Stormer.

4-H groups exist in nearly every U. S. county and in about 85 countries around the world.

"Begun after the turn of the

century as an educational program for rural youth, 4-H today brings together both rural and urban boys and girls of all racial, economic and social backgrounds," points out the Texas A&M University System 4-H leader.

The 4-H program is designed to appeal to young people whether they live on a farm, in the suburbs or in the city. And through individual and group efforts they learn about the world around them, other people, customs and lifestyles—like and different from their own.

"And that's what the theme '4-H Gets It All Together' is all about. It's about young people of different backgrounds getting to know each other and interacting and working together solve mutual problems, such as energy, fuel and electrical conservation; improving health habits and standards; protecting our natural resources; and better agricultural efficiency," says Stormer.

The Texas Agricultural Extension Service, the parent organization of 4-H, through its county extension agents, works closely with the youth of the state in providing an exciting and challenging 4-H program, notes the 4-H leader. And dedicated volunteer adult leaders, almost 14,000 in number, give of their time and efforts to "make the best better" in 4-H.

MISS NIX HONORED WITH LUNCHEON

A luncheon honoring Pam Nix, bride-elect of Ricky Humphreys was held Saturday, Sept. 29 in the home of Mrs. Joan Gaston of Muleshoe.

Special guests for the occasion were members of the bridal wedding party which included Ann Nix, sister of the bride, Susan Gaston, Mrs. Judy Hopkins of Canyon, and Mrs. Jodie Skiles of Hereford; Misses Janice Sims, Kim Harris, and Teri Beth Line, all of West Texas State University in Canyon. Other guests included Mrs. Olin Nix, mother of the bride-elect; Mrs. John W. Humphreys, mother of the prospective bridegroom; and Mrs. Thomas Gilley of Amarillo.

Hostesses were Mrs. Gaston, Mrs. Corky Green, Mrs. Guy Nichols, all of Muleshoe, and Mrs. Doris Reeves of Farwell, and Mrs. Waymon Bellar of Sudan. They presented the honoree with a set of cookware.

Informal tables were set with colorful placemats and mums in the bride-elect's chosen colors of bronze and yellow. Mexican food was served buffet style.

Mr. and Mrs. Michael D. Smith of Austin are parents of a baby boy, Gunner Shane, who was born Friday, Sept. 28 at 7:37 a. m. in St. David's Hospital, Austin. The infant weighed 8 lbs., and 21" long.

Grandparents are Mr. and Mrs. F. M. Smith, Sudan, and Mr. and Mrs. W. M. Newcomb of Brookhaven, Miss.

By Mrs. Dan Gerber

Why do babies cry? That's a good question. They cry to make their presence felt, their needs known—they have no other way.

You'll be wondering about it—and worrying about it—when you are home with your newborn. You ask yourself if he's hungry, if he needs changing, if he has indigestion, if—heaven forbid—he's coming down with something!

Sometimes it's one answer, sometimes another—and sometimes there seems to be no answer at all. That's normal, too. Very young babies, between the time they are about two weeks old and the time they reach the age of three months, are simply getting used to being in the world.

Make sure he's all right—not wet, not hungry, not sick. Then if he's still fretful, don't worry about it. He's just getting used to being a person!
