SOMEBODY OUGHT to say a good word for Daylight Savings Time. So I'll say one: I like it. I realize that this is going against the tide, since the popular thing these days is to cry out against it, about how it doesn't save any energy, how bad it is for kids to go to school in the dark, and all that stuff. But I still like it. Our business doesn't open until 9 anyway, and it is nice to go home in daylight sometimes. And it's good for working in the yard, or so I'm told by those people who work in yards.

I'm no fanatic about it though. If we decide to go back to standard time, I'm not going to resign from the human race, or lay down on the floor and kick and scream, or tear off my clothing and start doing laps around city hall.

SPEAKING OF kicking and screaming, I just can't generate too much sympathy for the truckers who are hollering about high fuel prices and wanting higher speed limits. In Texas, the speed limit is the same as it always was for trucks -- 55 miles an hour.

On the general topic of energy and vehicles, we note with interest that a man named DeWitt LeFevre of Beaver Falls, N. Y., is spearheading a campaign to get citizens to ask Congress to repeal auto emission control legislation. In a release, LeFevre said that General Motors President Edward Cole recently testified that removal of controls would save about 2.7 billion gallons of gasoline a year. Rep. Jerry Litton (D-Mo.) and Rep. William Stuckey (Ga.), introduced bills which would suspend the controls during the current energy emergency, and would permit removal of existing control devices.

A Syracuse, N. Y., auto dealer said "Any experienced mechanic could learn how to perform the operation in an hour or two." And, LeFevre says, a check of several auto dealers revealed the job would cost an average of \$14.

A YOUNG man came into an agent's office for an audition, announcing that he did bird imitations.

"Don't waste my time, buddy," the agent snapped. "I don't need any bird imitations." "Okay -- sorry I bothered you," the young man replied, reaching for his hat. Then he flew out the window.

MRS. LUCY MORELAND SEEKS RE-ELECTION AS COUNTY TREASURER

Lucy Moreland has authorized The Sudan Beacon News to announce her candidacy for election to the office of County Treasurer of Lamb County.

I would like to take this opportunity to thank the citizens of Lamb County for permitting me to serve them as their County

Treasurer, and to announce that I am a candidate for re-election to this office, subject to the action of the Democratic Primary May 4th.

My husband and I reside in Littlefield, and have two children, a boy age 14 and a girl age 10.

I have enjoyed serving you as your County Treasurer, and I will try to see as many of you as possible between now and election date; but because of my duties of my office, it may be impossible for me to see each and every one of you, so please consider this as a personal request for your vote.

If you do choose to re-elect me, I will strive to continue to perform the duties and responsibilities of this office to the very best of my abilities.

I have sincerely appreciated your vote and support in the past, and am requesting your vote and influence in the forthcoming elections.

RICK HUDSON

REVIVAL SERVICES TO BEGIN AT BAPTIST CHURCH SUNDAY

Rick Hudson, a native of Amarillo where he graduated from Palo Duro High School, and a student at Wayland Baptist College, will be in charge of the music services in the upcoming

revival at the First Baptist Church February 17-20, 1974.

Hudson has served as Music and Youth Director of Hillcrest Baptist College, Amarillo, and has recently been called as Minister of Music of Youth of First Baptist Church, Olton. He and his wife, Patricia, have two boys, Jeremy and Jason.

Hudson will present a brief selection of contemporary Gospel Songs Saturday night at the special supper in Fellowship Hall of First Baptist Church. Also on the program that night will be Freshman Football Coach Jess Stiles of Texas Tech and his wife, and Defensive Cornerback Gary Bartel. The prayer supper will feature a menu of spaghetti and soft drinks. All young people are invited to attend this Special Revival Prayer Service Saturday night and Revival Services Sunday morning through Wednesday night.

GRAND CHAMPION LAMB--Pictured above is Cindy Moss with her lamb that took first place honors in the recent Sudan Livestock Show. She also displays the ribbon and trophy that was presented to her.

RESERVE CHAMPION HEAVYWEIGHT LAMB-- Troy Moss shows his lamb that won in the heavyweight division of the recent Sudan Livestock Show. The ribbon and trophy he won is also on display.

Dawn and Michelle Gaston, daughters of Mr. and Mrs. Wix Gaston, underwent tonsillectomies recently.

Raymond Burdett has returned home after being ill and hospitalized at Amherst and Lubbock several weeks.

COTTON CROP LARGEST EVER

The U. S. D. A. Cotton Classing Office at Lubbock tested and classed samples from 39,000 bales during the week ending Friday, February 8th. This brought the total for the season to 2,464,000. This is the largest volume crop ever harvested on the South Plains. The previous high was set in 1962 when samples from 2,275,000 bales were classed.

This crop is also one of the highest quality crops ever produced on the South Plains. Cotton ginning, sampling and

classing continued to decline as the harvest neared completion, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office of the U. S. D. A. Most field operations are now confined to picking cotton up from the ground. Most cotton remaining to be ginned is stored in ricks in the counties east and south of Lubbock. Ginning, sampling and classing are expected to continue on a limited scale for some weeks due to the volume of this ricked cotton remaining.

The Agricultural Marketing Service of the U. S. D. A. reported increased trading on the Lubbock market during the week ending Friday. Prices were \$10.00 to \$20.00 per bale higher than the previous week but were steady the latter half of the week. Prices ranged from 2400 points over the Government Loan for short staple cotton up to 4600 points over the loan for long staple cotton. Typical lots were bringing an average of 33 cents per pound over the loan and were selling in the price range of 40 to 55 cents per pound.

Cottonseed prices were steady and farmers received \$95 to \$110 per ton.

ASSEMBLY OF GOD SLATES REVIVAL

The Assembly of God Church will begin a revival Monday, Feb. 18 and continue through Friday, Feb. 22. Services will be held each evening at 7:30 p. m. according to Rev. Henry Clarke, pastor.

Bob Goodwin, a West Texas evangelist will be bringing the messages. He is a graduate of Texas Tech and has held pastorates in various churches in West Texas. He is a former district youth leader and has been in charge of camp meetings throughout several states. At the present time he is the district presbyter and pastor of Faith Assembly of God Church in Lubbock.

Clarke issued an invitation to the public to attend these nightly services.

Monday, Feb. 18--Corn dogs/mustard, blackeye peas, carrot sticks, oatmeal cookies, milk.

Tuesday--Pizza, cream corn, garden salad, banana pudding, milk.

Wednesday--Pinto beans, macaroni-tomatoes, buttered spinach, onion slices, chocolate sheet cake, milk.

Thursday--Ham sandwiches, French fries/catsup, apricot cobbler, chocolate milk.

Friday--Chicken with noodle casserole, rolls, milk, butter, sweet potatoes, green beans, white corn syrup.

CIRCLE BACK BAPTIST SETS REVIVAL MONDAY

A revival will be held at Circle Back Baptist Church beginning February 18. The visiting evangelist will be Bro. Wayne Mahoney of Livingston, N. M.

Services will be held Monday through Saturday night at 8:00 p. m. Morning services will be Tuesday through Friday morning at 10:00 a. m. The Sunday services will be held at 11:00 a. m. and 6:00 p. m. with Sunday School at 10:00.

W. B. Kittrell will be leading the music and Mrs. O. G. Killingsworth will be pianist. A Booster Band for children and prayer meeting for adults will be held each night at 7:30 p. m. preceding the services. A nursery will be available for all services.

Bro. Douglas Gardner, pastor, extends an invitation to everyone to attend all services of this revival.

ATHLETIC BOOSTER CLUB TO MEET

A meeting of the Athletic Booster Club will be held Friday night, Feb. 15, at 8 p. m. in the school cafeteria.

Man-that's Sorghum!

Mr. Farmer, seed selection time is here and this year you can be sure of making a wise choice when you pick any of the following P.A.G. Proven Performance Hybrid Sorghums. Every P.A.G. variety features big heads of grain that dry down fast!

And more importantly... each is a proven yielder!

Book your P.A.G. Hybrid Sorghum by February 28, 1974 and take advantage of your P.A.G. Dealer's Booking Bonus Program. For every ten bags booked and purchased, you'll get one bag FREE!

Check the outstanding characteristics of these P.A.G. Hybrids and then contact your local P.A.G. Dealer today.

Adapted for areas where a medium early hybrid is desired. Large semi-open heads dry down fast. Excellent for farmers with limited water or for late planting, or a dry land sorghum crop. Fast maturity, high yield potential and easy harvest are features of this P.A.G. variety.

A better yellow endosperm adapted to both irrigated and dryland conditions. Matures medium to medium late. Excellent NDM tolerance and smut resistance. Still features outstanding head scores, threshability and standability. Heads are large and open.

If NDM and head smut tend to be a problem, S16 is a wise choice. A medium late maturing hybrid with outstanding yield potential. The head is semi-compact but dries down fast. Excellent head scores and threshability. Record yields reported during 1973.

A full season better yellow endosperm hybrid with head smut resistance and tolerant to NDM. As maturity heads open well in the medium short plant. Excellent standability characteristics. Performs well throughout the sorghum belt.

FINANCING OF PUBLIC SCHOOLS

In Texas, we will be facing many hard choices in the next few years regarding the methods by which we finance our public schools. Will there have to be major tax reforms? Will the state have to provide a larger cost of public education? Yes, Public school financing is in a severe financial bind and major reforms may have to be instigated in order to resolve this problem.

Just how much do you know about your local school district? During Texas Public Schools Week, March 4-8, you are invited to visit the public schools in your area or neighborhood. You are invited to evaluate your local schools. Visit and observe—is there enough funding being provided to assure your child of quality education? Are your teachers experienced? Are your schools being adequately maintained? These are some of the questions you can find answers to during Texas Public Schools Week, March 4-8.

Whether a parent or not, your visit and comments will be most welcome. Show your interest and your concern during Texas Public Schools Week, March 4-8.

CENSUS SURVEY ON EMPLOYMENT TO BE CONDUCTED FEB. 18

The Bureau of the Census will conduct its regular monthly survey in this area on employment and unemployment during the week of February 18-22, according to Percy R. Millard, Director of the Bureau's Data Collection Center in Dallas. The Bureau is part of the U. S. Department of Commerce's Social and Economic Statistic Administration.

Local households in the survey are among the 50,000 nationwide that have been scientifically selected to represent a cross section of all households.

The survey is taken by the Bureau for the U. S. Department of Labor, which analyzes and publishes the results each month. The Labor Department reported that the December survey showed a rise in unemployment—up to 4.9 percent in November, after reaching a 3 1/2 year low of 4.5 percent in October. Employment was little changed, following substantial gains earlier in 1973.

Information supplied by individuals participating in the survey is confidential by law and results are used only to compile statistical totals.

Census representative visiting households in this area is Mrs. Rosemary McNeese, Rt. 1, Amherst, Tx. 79312.

Numbers Down, Value Up ... Feed Grain Stocks ... See Your County Agent ... Red Meat Production Declines.

While the number of sheep and goats in Texas is about the same now as a year ago, the number of sheep farms in the state dropped 1,000 compared to a year ago and 2,500 compared to two years ago.

All sheep and lambs in the state totaled 3,200,000 head, about the same as a year ago. The number of sheep farms in Texas is estimated at 12,500, compared to 13,500 a year ago and 14,500 two years ago.

The number of goats and kids on Texas farms and ranches as of January 1 was 1,350,000, down 16 per cent from a year ago.

Nationwide, the inventory of all sheep and lambs is down seven per cent from a year ago. Texas has about 20 per cent of all sheep and lambs in the nation.

The total value of all sheep and lambs at \$32.70 per head means a combined value of more than half a billion dollars. A year ago, the value was \$468,000,000, or an average of \$26.40 per head.

STOCKS of the four feed grains—corn, barley, oats, and grain sorghum—totalled 288,000,000 bushels in Texas, the Texas Crop and Livestock Reporting Service notes.

Wheat stocks held in all positions are estimated at 53,000,000 bushels compared with 87,000,000 bushels a year ago.

Grain sorghum stocks are set at 233,000,000 bushels, down 242,000 bushels from a year ago.

Corn stocks at 37,800,000 bushels compared with 25,800,000 bushels a year ago.

Nationwide, January 1 stocks of all grains except grain sorghum and soybeans were below year earlier levels. Stocks of the four feed grains were seven per cent below those of a year ago.

FORTY-FOUR are approved for use of the M-44 cyanide chemical control device. Livestock producers in 44 Texas counties can use the M-44 provided they meet certain qualifications.

Producers in the 44 counties can use the M-44 provided they attend a training school on use of the M-44, and then provide records of experience with use of the device.

Counties which are approved for the experimental predator control program are Cottle, King, Dickens, Borden, Scurry, Mitchell, Taylor, Callahan, Midland, Glasscock, Sterling, Coleman, Crane, Upton, Jeff Davis, Pecos, Presidio, Kinney, Uvalde, Medina, Bexar, McCulloch, San Saba, Mills, Stephens, Erath, Brown, Comanche, Hamilton, Bosque, Coryell, Lampasas, Bell, McLennan, Burnet, Williamson, Hood, Milam, Jim Wells, Nueces, Kleberg, Kenedy, Brooks, and Willacy.

Check with your county agent for complete details on a training school in your county if you wish to use the M-44 in predator control.

The Texas Department of Agriculture is in charge of the program on a state level. Texas Agriculture Commissioner John C. White said the experiment will help the \$85,000,000 sheep and goat industry in Texas stay in existence. "The project also means more suits, sweaters, and lamb chops for the consumer," he said.

COMMERCIAL slaughter plants in Texas produced 169,200,000 pounds of red meat during December, 1973. This is down eight per cent from the previous month and four per cent below the total produced a year ago.

The Mayans believed that shooting stars came from a lot of little bearded men who sat in the sixth heaven and tossed away their cigarette butts. You never know who's going to be a litterbug!

CECIE BANDY, SPC PRESIDENTIAL HOSTESS

Among the six South Plains coeds recently chosen for Presidential Hostesses was Cecie Bandy, daughter of Mr. and Mrs. Dewey J. Bandy of Sudan.

To further enhance the college's colorful history, Miss Bandy and five other coeds will join six returning sophomores to make a total of 12 South Plains College Presidential Hostesses.

Qualifications for hostesses include personality, poise, appearance; being well informed concerning all areas of the college and community; able to relate to and communicate with people; maintain a grade point average of 2.75; willing to do some traveling; and perhaps remaining on campus some weekends; and be willing to attend charm sessions. Freshmen must return their sophomore year. Hostess duties include being available at the college President's request for various functions and appearances; to serve as hostesses for open houses, receptions, and other special events; and to attend area high schools for college nights, and welcome dignitaries visiting the college campus.

CORRAL RESTAURANT

This restaurant located at 1008 W. American Blvd. in Muleshoe is one of the finest and most popular eating place in this section. They have gained a name that has spread over a large area as a place where both the local and traveling public can well satisfy their demands in good eating. The menu consists of many inviting and tempting dishes served with

courtesy and a pleasant smile. Luncheons and dinners are offered to satisfy the most particular.

It is indeed refreshing to find such an up-to-date restaurant as this. It is unsurpassed by any eating place in the way of service and good food.

When Mr. and Mrs. Dyer went into business it was with the idea that a modern restaurant

would be appreciated by the public. This idea was well accepted by reason of their ever increasing patronage. They have accommodations for up to 110 persons in their dining rooms for private parties and banquets.

Everyone will find this a pleasant place to visit while in Muleshoe shopping for the day. Phone 272-3182.

VALENTINE'S DAY LORE AND LEGEND

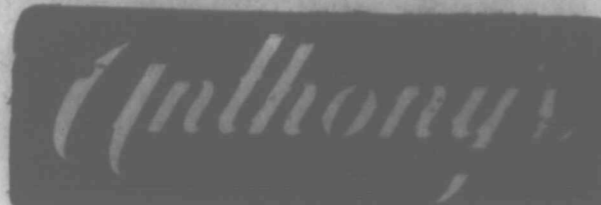

The actual origin of St. Valentine's Day has been lost in antiquity, but from earliest times February 14th has been shrouded in mystery, magic and romance. Legend says that on this day the fairy world of elves, gnomes and little folk awaken to sounds

of Spring unheard by humans; flowers and toadstools begin to stir and birds start to sing their mating songs.

Popular belief also holds that St. Valentine, a Roman priest, wrote a farewell message to the blind daughter of his jailor on the eve of his death and signed it "From Your Valentine." If this is true it is the origin of the expression used over the cen-

turies, and began the custom of sending a "Valentine" to a loved one that is ardently pursued by millions today.

The Valentine was actually the very first greeting card in history and predates the first Christmas card by about 200 years. Norcross has an extensive and rare Historical Collection of Valentines that dates back to 1710 and includes Civil War cards and the
