

INSECT AND WEED CONTROL CHEMICAL EXPENSES STUDIED

With increased production costs, new chemicals on the market and problems with insects and weed and grass control, farmers are looking for ways to combine operations that will produce results with a minimum expense. However, studies at the High Plains Research Foundation in 1974 have already shown that some combinations of herbicides and insecticides simply create new problems. One particular study, conducted by Jim Schrib and Gaylan Goddard, agronomists at the Foundation, can be seen during the 18th Annual Field Day at the Foundation Headquarters at Halfway on September 12.

The purpose of this study is to determine if a herbicide-insecticide interaction could occur which in turn would have a detrimental effect upon the grain sorghum.

Thimet and Di-Syston were applied in-furrow at planting time at the rate of one pound of active ingredient per acre, a pre-emerge application of Milogard, Aatrex and Igran at rates of 2.4 pounds per acre of active ingredient were sprayed on each of the above insecticide treatments.

The area was then sprinkler irrigated so as to thoroughly concentrate the herbicide-insecticide combination around the grain sorghum seed as might occur in a heavy rainfall period.

Stand counts and injury ratings taken approximately 25 days after application indicated that interactions definitely had occurred, resulting in severe reduction of stand. Grain sorghum stands of 63,000 plants per acre were obtained where Milogard was applied without insecticide. When Milogard was sprayed over the in-furrow application of Di-Syston this population was reduced to 50,000. At the same time, a further reduction was seen when Milogard was applied over Timet, resulting in as few as 18,000 plants per acre. In some cases, even more severe damage was noted.

Additional information can be obtained at the High Plains Research Foundation by calling 806-364-0129 and these studies can be observed on the field tours from 1:30 to 5:00 p.m. on Thursday, September 12, 1974, during the 18th Annual Field Day and Open House.

Mr. and Mrs. J. C. Wells were in Abernathy Sunday to visit their daughter and family, the Wayne Willifords. They spent the night and returned home Monday.

Sunday visitors in the home of Mr. and Mrs. Glen Cardwell Susan and Glenda were his parents, Mr. and Mrs. Hal Cardwell who had spent the weekend; her brother, Mr. and Mrs. Derly Hobbs and Tana of Plains; her father, L. B. Hobbs of Plains who is here for an extended visit; and Mr. and Mrs. Buddy Usleton of Temple, Ok.

Vera Nix was scheduled to undergo surgery in a Lubbock hospital Monday.

Rev. and Mrs. Eddie Freeman and children have returned home after a two-week vacation.

Jay House spent the weekend in Monahans visiting his sister, Mr. and Mrs. Roy Mahan, and his mother, Mrs. Florence House who is still a patient in the hospital in Monahans.

The Rev. Mrs. Hazel House

is attending Perkins School of Theology of Ft. Worth.

Visiting Tuesday night in the G. C. Ritchie home were Mr. and Mrs. Robbie Rudd and April of Levelland. They recently moved from Lubbock to Levelland where she is administrator of a nursing home.

Mark Warren, son of Mr. and Mrs. Leon Warren, has returned home after spending several days visiting in Deming, N. M.

Mr. and Mrs. Wayne Amos of Marshall were recent visitors in Sudan.

Mrs. Claude Patton of Lubbock visited here Sunday with her sisters, Mr. and Glenn Chester and family and Mr. and Mrs. Wayne Doty and family.

David Doty of Midland spent from Friday until Tuesday night here with his parents, Mr. and Mrs. Wayne Doty, Jo Gaye and Donald, and attended funeral services for Audie Gore. Their daughter and son-in-law, Mr. and Mrs. Billy Gore of Midland, arrived Monday night to attend the funeral and for a visit in the home of his parents, Mr. and Mrs. Billy

Gore and children. Mr. and Mrs. Bob Nelson and children are vacationing this week.

Medieval healers claimed that gold fused under certain astrological signs could cure appendicitis.

BILL CLAYTON, VICE CHAIRMAN OF SOUTHERN LEGISLATIVE CONFERENCE

State Rep. Bill Clayton (D-Springlake) today took time from his duties at the Texas Constitutional Constitutional Convention to win election to the important Vice Chairman's slot of the Southern Legislative Conference during its annual meeting in San Antonio.

The 450 delegates at the Conference elected Clayton after naming Virginia's Senator J. Harry Michael Jr., to the Chairman's post. During their four day meeting, delegates heard from such dignitaries as Texas Governor Briscoe and Lt. Governor Hobby, and passed resolutions on such topics as the energy crisis, comprehensive health planning, mass transit, and deficit financing.

The Southern Legislative Conference is the representative organization for state legislators and staff coming from fifteen southern states and is an affiliate of the Council of State Governments.

One major role of the Southern Conference is to serve as the intermediary organization between the states and the federal govern-

ment and to provide for better communications between these two levels.

Clayton, a six term veteran of the Texas House, has served on the Executive Committee of the Southern Legislative Conference for the past year. In addition to this post, Clayton, a leading contender for Speaker of the Texas House of Representatives, was recently elected Chairman of the Southern Environmental Resources Conference.

Some people believe that eating eels will cure toothache.

Tuna One Dish Meal
1/2 cup margarine
3 tablespoons corn starch
1/2 teaspoon salt
1/2 teaspoon pepper
3 cups milk
1 small onion, finely chopped
2 cans (6 1/2 or 7 ounces) tuna, drained and flaked
1 package (8 ounces) elbow macaroni, cooked and drained
1 package (10 ounces) frozen peas, thawed
1 cup finely shredded Cheddar cheese
Crushed potato chips

Melt margarine in saucepan over medium heat. Blend in corn starch, salt and pepper. Remove from heat and gradually stir in milk. Cook over medium heat, stirring constantly, until mixture comes to boil and boils 1 minute. Stir in onion. Place tuna, macaroni, peas and cheese in greased 2-quart casserole. Stir in corn starch mixture. Top with potato chips. Bake in 350° F oven 20 to 25 minutes. Makes 6 to 8 servings.

NEWS FOR YOUTH

Forming A Recycling Club
This summer in addition to cycling for fun, young people can recycle for funds. About 15 cents a pound is the bounty paid to can collectors by aluminum industry reclamation centers.

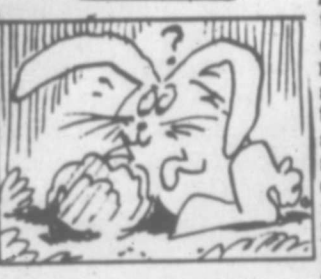

Perhaps the best way to start is to form a recycling club, and this is one club that will win parent approval and community commendation for helping to reduce litter.

You can elect officers and hold regular meetings. But your main activity will be exercise in the open air—collecting cans for profit. With only a little work, the money soon will add up to a healthy treasury for club projects or trips or for donations to a worthy cause. Some students in Dallas, for example, spent three weeks collecting aluminum cans to raise funds for

Pakistan relief.
One way to insure your success is to make a deal with regular users of aluminum cans such as restaurants or neighboring homes. Cycle around to talk to the people involved and get their cooperation. Then, set up a route and regularly pick up the cans.

Where the cans are taken depends on your local situation. Many areas have reclamation centers that will buy your cans. Other areas may have scrap metal dealers who will pay cash for your cans. In either case, collecting aluminum cans makes good cents.

For more helpful hints, write: Recycling, 721 Alcoa Bldg., Pittsburgh, Pa. 15219.

Lettuce was once classified as a sterile plant and believed to be conducive to sterility in those who ate it. Oh those poor bunnies—nobody told them!

Drink it straight, or make your own quick and easy "fix-ups" for a change. For instance, try adding fresh or canned fruit like this.

Lighten the Load!

Two things no female really wants to do in Summer are carry a heavy kitchen schedule and carry a heavy body around. Why not lighten both loads simultaneously? Plan a midsummer diet that takes pounds off you and takes you out of the kitchen pronto.

Eating light helps you feel cooler, but that's only half the solution toward taking off unwanted weight. Eating right while you lose is equally important. Forget fat diets, and avoid the starvation syndrome. A successful diet is one that gives you all your nutrients every day, satisfies your hunger, isn't boring and is low enough in calories to let you lose 2-3 pounds a week. Diet food should keep you healthy, should look and taste diabolical—and be easy enough to prepare so that you don't spend hours in a hot kitchen cooking and measuring. This sounds like a tall order, but it's remarkably easy.

Slender diet food from Carnation answers all these needs. First of all, it's scientifically formulated so that one serving supplies one-quarter of the Recommended Daily Allowance of all nutrients, according to the latest government standards. This means you can safely substitute it for one or more regular meals during the day. All you stand to lose is that load of excess weight! Mixed with 6 oz. nonfat milk, this mini-meal has just 164 calories. Mixed with whole milk or in the ready-to-drink pull-top can, it has 225 calories.

VANA-BANANA NOG
Pour 1/2 cup (6 oz.) nonfat milk in blender jar. Add 1 small sliced banana and 1 packet Slender Vanilla Slender. Buzz about 1 minute. Pour into very tall glass and sprinkle with nutmeg for a thick, but slim, 249 calorie meal.

Sometimes you will feel like eating your diet meal with a spoon. Here's a recipe for Peachy Pudding that's both easy to make and very easy to take.

PEACHY PUDDING
(Makes 2 servings)
1 packet Slender French Vanilla
1 1/2 tablespoons cornstarch
8-ounce can low-calorie sliced peaches
Peach syrup plus water to make 1/2 cup
1/4 cup nonfat milk
Cinnamon

Combine Slender and cornstarch in saucepan. Drain peaches; reserve syrup. Add water to syrup to make 1/2 cup. Add syrup and milk to Slender mixture. Cook over medium heat. Stir constantly until thickened and mixture just comes to a boil. Pour into 2 serving dishes. Sprinkle cinnamon on top. Cool. Arrange peach slices on top. Serve chilled for 132 calories per serving.

MRS. GEORGE MICHAEL BARNES

Couple Wed In Church

Karen Ellen Downs became the bride of George Michael Barnes of Brownsville in a double ring wedding ceremony read at 6:00 p. m. Saturday, July 13, in the Roscoe United Methodist Church. The Rev. Richard Payne of Abilene officiated for the vows.

The bride is the daughter of Mr. and Mrs. Robert E. Downs. Parents of the groom are E. F. Barnes of Brownsville and the late Mrs. Barnes. The altar was banked by a trellis of mixed spring flowers flanked by seven branched candelabras and basket arrangements of spring flowers. Windows of the church held bouquets of spring flowers and votive candles.

Organist, Mrs. Herbert Williams, rendered nuptial selections and accompanied Mrs. George F. Harley of Midland, aunt of the bride, who sang, "Wedding Song", "Sunrise" and "Wedding Prayer".

Guests were registered by the bride's sister-in-law, Mrs. Robert V. Downs. Escorted and given in marriage by her father, the bride wore a gown of white organza fashioned with a scoop neckline. Heavy lace appliques enhanced the empire bodice which was made with double ruffle sleeves. The softly gathered A-line skirt extended to a chapel length train. A wide ruffle formed the hemline of the gown. A Julietcap of matching lace held her three tiered veil of silk illusion which was framed in lace and accented with lace medallions. She carried a colonial nosegay of pink and laven-

der flowers accented with daisies, gypsophyllas and white satin picot ribbons. For something old the bride wore a heart necklace belonging to her maternal grandmother, something new was her gown and something blue was her garter. The bride's maid of honor was Shirley Freyer. Bridesmaids were the groom's sister, Becky Barnes of Brownsville and Becky Langfried. They wore lavender, pink and peach gowns made in empire style. The bodices were solid colors and the sweeping skirts were of matching floral design. They wore matching picture hats trimmed with a band of daisies and carried arrangements of mixed spring flowers.

Guests were seated by Billy Dale of Los Fresnos, Robert V. Downs of Lubbock, brother of the bride. Best man to the groom was Tommy Ewing of Houston. The mother of the bride wore a blue gown fashioned with alternate panels of lace and organza. Her accessories were white.

Immediately following the ceremony a reception was held in Fellowship Hall of the church. The bride's table was laid with a white cloth and centered with an arrangement of spring flowers surrounded by a tall four branch candelabra. The three-tiered white cake was decorated with flowers in the bride's chosen colors.

Serving cake and punch with silver and crystal appointments were Jan Baldwin and Diane Myers of Lubbock and Rhonda Lubke of Comanche.

The groom's table was laid with a lavender dotted swiss cloth. Serving the chocolate double ring cake, se-

same sticks and coffee were Mrs. Thomas Ewing of Houston, Becky Lucas and Cathy Woods.

In the houseparty were Mmes. Marguerite Blocker, Melton Tarrant, Billy Haliman, Bob Drake, Roland Langfried, William Haney and W. A. Blankenship. Rice bags were presented to guests by Sabrena and Michelle Vincent of Sudan, cousins of the bride.

When the newly weds departed on a wedding trip to Kerville and San Antonio, the bride was wearing a navy frock made with a white eyelet bodice with white accessories.

After July 17, the couple will be at home in Lubbock. The bride is a 1972 graduate of Roscoe High School, while the bridegroom is a graduate of Brownsville High School. They are both Junior students at Texas Tech.

HIGHWAY TAXES DELINQUENT

Owners of certain trucks, truck-tractors and buses that use the public highways are liable for federal highway use tax and IRS has announced that notices of possible delinquency have been mailed to about 5,000 Texas truck and bus owners.

The tax applies to trucks weighing 13,000 pounds or more, truck-tractors of 5,000 pounds or more, and buses that use the public highways. Bus tax is figured on gross weight starting at 26,000 pounds. For trucks, the amount of tax depends on the number of axles and weight of the vehicles.

The nation's tax collectors matched their highway use tax records with state truck registration records to come up with the listing of potential nonfilers. The return is due by the end of the next month after a truck is driven on a public highway.

The mailing is the first stage of a nationwide compliance program, the Internal Revenue Service says.

In a few days, the names of truck owners who do not respond to the notice will be referred to district offices. Truck owners will then be personally contacted to clarify the tax status of the vehicles in question.

According to the federal tax agency, a person who receives a notice but is not liable for the tax should provide the information requested in the notice and return it to IRS.

Truck owners who recognize that they are delinquent should not wait to be contacted, but should file a return immediately to avoid additional penalties and interest, IRS says.

IRS Publication 349, "Federal Use Tax on Trucks, Truck-tractors and Buses," furnishes detailed information on the subject. It is available free at IRS offices.

GIVE TO BLOOD BANKS

Bonds are for cashing in on an education.

It takes more than brains to get an education. It takes money, too. And that's where U.S. Savings Bonds come in handy. For a lot of people, Bonds can make the difference between going to college or going to work. U.S. Savings Bonds. See... you're learning already.

Take stock in America.

Buy U.S. Savings Bonds Now! 8 Bonds pay 8 1/2% interest when held to maturity of 5 years, 10 months (4%), the first year. Bonds are registered if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

MAX SHERMAN APPOINTED ADVISORY COMMISSION TERM

Attending funeral services in Littlefield Thursday for Olto Jones were Mrs. C. E. Nichols and Mrs. W. V. Terry.

Funeral services were held Friday in Littlefield for Mrs. Cora Rogers. Attending from Sudan were Mesdames J. S. Smith, G. W. Masten, T. B. Adair, W. V. Terry, Bruce Newman, Willie Rosson, Rose Pinkerton, Wayne Rogers, Bob Drake, and Mr. and Mrs. Ray May.

Dr. and Mrs. William Terry, Druanne and Allison of Host Springs, Ark. are expected to arrive here during the weekend to visit his mother, Mrs. W. V. Terry. On Wednesday, they all will join their brother and son, the Bob Terrys of Roswell, N.M. in Red River.

Mr. and Mrs. G. C. Ritchie and Steve returned home Sunday night after vacationing the past month in California, Oregon, Washington, Montana, Colorado, Arizona and Wyoming. They also visited friends and relatives while gone including Mrs. Jessie Ritchie, Mr. and Mrs. Arboth Rylant and girls, and Mrs. Nona Watson, and Mr. and Mrs. Danny Beauchamp and family. They also went to Disneyland, Expo 74 and Yellowstone National Park. Mr. and Mrs. Dewayne Phillips of Lubbock were here Sunday night when her parents returned.

ATTEND CHURCH

Untreated high blood pressure can lead to strokes, heart attacks, and kidney failures, Dr. Barbara Sears, health education specialist, Texas Agricultural Extension Service, The Texas A & M University System reported.

Fluorescent lighting can be mounted unseen on the upper shelf to highlight art objects displayed on lower shelves, Patricia Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service, The Texas A & M University System, advised.

MAX SHERMAN APPOINTED ADVISORY COMMISSION TERM

Lt. Governor Bill Hobby today announced the appointment of Senator Max Sherman of Amarillo to a six-year term on the Texas Advisory Commission on Intergovernmental Relations.

Senator Sherman replaces Senator Jack Hightower of Vernon, whose term has expired.

The commission was created by the Legislature to improve coordination and cooperation between the state and its local governments

and between the state and federal government by providing continuing research, information, and advisory services to public officials and citizens of Texas.

"Senator Sherman will bring a great deal of knowledge and dedication to the post," Hobby said. "His appointment continues the commission's tradition of broad representation of all levels of government in the state."

Fresh California Plums Go Oriental

A Japanese setting is a culinary natural for the plum; for while it is a native of China, the plum was domesticated in Japan. Today, California plum orchards produce more than 90 percent of the nation's plum supply.

This year the plum crop will be the second largest ever. We'll have lots of luscious fresh plums to enjoy in fragrant pies, cakes, sauces, salads, jams and jellies and the most popular way of all: on-the-spot for out-of-hand snacking at its best! Look in your store's produce section for such colorful plums as Santa Rosa, Casselman, Queen Ann, Laroda and Kelsey. They're all marvelous in Tempura Plums—a refreshingly unique dessert idea to serve as a do-it-yourself party or family special. It's a triple treat: easy to prepare, a delight to the eye, and delicious to eat.

TEMPURA PLUMS
3 eggs, separated
1 cup milk
1 1/2 cups flour
1/2 teaspoon salt
2 tablespoons melted butter
12 fresh California plums, pitted and quartered
Oil for frying
Powdered sugar

In mixing bowl, beat egg yolks with milk; beat in flour, salt and butter. In separate bowl, beat egg whites until stiff; fold into batter. Dip plums into batter; deep fry in hot oil (375 degrees) 1 or 2 minutes or until golden brown. Drain on absorbent paper. Roll in powdered sugar; serve warm.

City Without Cigarettes?

Members of the city council in a midwestern community became so worried about the cigarette problem that they decided to "go all the way." They passed an ordinance forbidding the smoking of cigarettes anywhere, any time, within the city limits.

In short order, a man was arrested for smoking on a downtown sidewalk. But instead of paying the fine, he chose to make a test case out of it. And after due deliberation, the court ruled that the ordinance was unconstitutional — "an unreasonable interference with the private rights of the citizen."

Thus, another court sustained a city ordinance against smoking in street cars. Finding this a reasonable approach to the cigarette problem, the court commented: "Smoking is agreeable to those who have the habit. But it is distasteful, and sometimes hurtful, to those compelled to breathe the atmosphere impregnated with tobacco in close and confined places."

What about the regulation of cigarette vending machines? A city ordinance sought to ban all such machines from public places. A vending company promptly challenged the ordinance in court, arguing that it was aimed at the "lawful business" of selling cigarettes.

But the city replied that its purpose was simply to prevent the sale of cigarettes to minors. This was a matter of legitimate public concern, said the court, upholding the ordinance.

"The automatic vendor," the court pointed out, "must sell to any and all who insert coins. It has no powers of discrimination. Hence it is condemned."
