SINCE some little raisers and hog raisers have been killing their animals to draw attention to their plight recently although we probably don't know whether such actions really help or hurt, it's our hope that the Sudan Dial Club, which has a swine near station, if he has a chance to get a pig, he'll get a pig. We'll be glad to see them up and shoot them.

KNOTHOLES: One young father said the extra hour gained during the night when the time was changed just meant another hour for the baby to cry. He figures the time to have that extra hour would have been during the daylight hours. . . It's sure great to win football games for a change, but it's not so great to see some of our own players do things which reflect poorly on the team, the school and the community. . . Coming up right away are Halloween and the general election. Some voters may want to combine them and write in Frankenstein for governor. . . There are only about 45 or 46 more shopping days until Christmas, which comes on a Wednesday this year. . . Tuna suddenly doesn't appeal to us much. Safe or not, there must be something more satisfying for lunch than a rat hair sandwich.

THE LITTLE OLD LADY on Lubbock St. thinks it's wonderful how the service station people know just where to set up their pumps to get the gas.

Customer: "That's fine. I'll take two."
ANNUAL KIDDIES CONTEST SET NOV. 13

Children's Pictures To Be Taken

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders".

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be in Sudan Wednesday, Nov. 13. Pictures will be taken at The Sudan Beacon News from 2 p. m. to 6 p. m.

No Charge to Parents
There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The Misses
The Misses
This paper simply wants pictures of all the youngsters and the more, the better. So the mothers and fathers

of the community in which this paper circulates should remember the date, Wednesday, Nov. 13, to bring their children to the photographer.

You will be mighty glad afterwards, if you did and very, very sorry if you do not permit your children to participate in this event. The kiddies will have fun and both mother and dad and the youngsters too, will be very proud to see their pictures in print later.

Mr. and Mrs. G. C. Churchman announce the engagement and approaching marriage of their daughter, Gwendolyn, to S. Sgt. Larry Dean Schweppe of Reese Air Force Base, Lubbock.

Larry is the son of Mr. and Mrs. Joseph J. Wenzel Jr. of Troy, Ill. The couple plan a December 14th wedding.

HORNETS UP SET BULLDOGS, 28-14

WHERE OH WHERE IS DANNY AND THE BALL? Looks as if the Amherst Bulldogs have the Hornets down for good but they came out on top after all to win the game Friday night, 28-14.

The Sudan Hornets upset the Amherst Bulldogs' applecart 28-14 here in the Sudan homecoming event Friday night. It was a turnabout from the game last year when Amherst whipped Sudan in the last minute of the game, a loss they were ready to avenge.

GAME AT A GLANCE

Junior FB Danny Williams was the Hornets workhorse for the game as he amassed 290 yards rushing, and 17 on a pass play. He leads the Hornets in total yardage with 1,246 for the season, and realizes that without the help and fine blocking of team mates it would not have been possible. Up until this game, Kyle Martin, a sophomore, had led the Hornets in total yardage. However, Martin went into the four figures also this week, and has a total of 1,022 yards with 823 of them on the ground.

Williams scored three TD's during the Friday night game and now has a total of 13 to his record, and 80 points, which includes two extra points.

Martin scored one TD in the homecoming game and two extra points to up his record to 10 TD's for the year. He has scored 20 extra points and has a total of 80 points also, tying Williams for the season.

Third highest in yardage gained is Senior QB Mitch Chester with 646 with 572 on passing, 34 on pass receiving, and 40 rushing. Senior FB Richard Tamplin is in fourth place with a 478 total, 72 of them on pass receiving and 12 passing. Besides being a running back, Tamplin is also used on the line on offense and defense. The win over Amherst was

a "big" one leaving the Hornets unbeaten in district competition and one game remaining. They travel to Motley County to play the Matadors Friday night who also remain undefeated. A win by either team will pit them against Sundown of the south zone of District 2-B. The Hornets will leave Sudan at approximately 2 p. m. for the 115 mile trip.

Sudan elected to receive the opening kickoff in the homecoming game with Amherst and after gaining only eight yards in four tries had to punt. However, the punt was mishandled by the Hornets, and Amherst got the ball on the Sudan 20. It took only three plays to gain the 20 yards. Amherst QB Richard Holley passed to SE Frankie Williams for the last 12 yards and a TD. The extra point was off the toe of Curtis Ivey and still 9:26 remained in the quarter.

In short order, the Hornets scored. The TD came on the second play following the Amherst kickoff on a 90 yard scamper by Danny Williams who broke tackles and ran approximately 70 yards untouched but with Bulldog Stanley Miller in pursuit all the way. Kyle Martin again kicked the extra point and 8:55 remained in the quarter.

Early in the second quarter with 9:09 showing on the clock, the Hornets scored on a one yard run by Martin following a 57 yard drive which took eight plays. The big play in the drive was a 35 yard gain by Martin from the Sudan 42 to Amherst's 22. The kick by Martin was blocked and Sudan led 13-7. About a minute later, Sudan's D. Williams scored on a 31 yard run. The play began when Craig Pickett intercepted a Richard Holley pass. It took two plays to gain the 46 yards and Williams carried the football both times. The try for the extra point failed.

Amherst scored four minutes later on a Richard Holley pass to Frankie Williams for 33 yards. They had gained possession of the football on a Sudan fumble. Curtis Ivey kicked the extra point. The halftime score was Sudan 19-14.

The Hornets kicked to Amherst to begin the second half. Both teams were held scoreless in this period.

In the fourth quarter, Amherst fumbled on the 29 and Sudan's Craig Harper recovered. It took three plays for them to score. Williams carried the football the last 14 yards for the TD with 7:30 left and Martin kicked the extra point. Later in the quarter with 5:31 remaining the Amherst center muffed the ball over the punter's head. The Hornets chased Bulldog Dwain Tucker into the end zone after he picked up the football for a Hornet safety by James Graves and to end the scoring for the night. The final score was 28-14 in favor of the Hornets.

Coch Stewart's comments: "The team showed a lot of character during the game. Amherst got the quick TD

RAIN TOTAL HIGH FOR YEAR

Residents may be wondering just how much total precipitation the Sudan area has recorded since the rainfall began the second week in August to the present time. From 23 to 25 inches has been reported which is more than we normally get in one year and more than in most years. Many rural residents found roads almost impassable, "dragging center" in deeply rutted roads to highways. And some incidences, school buses would run on pavements only during the rainy spells.

Cotton in some areas were completely submerged by water in low-lying areas and have turned black. Grain harvest has been interrupted several times with farmers running combines about two days at a time when the rain would start again. A small amount of hail has been reported in the Sudan area proper. However, some crops to the southwest of town were pretty heavily damaged by hail in August. Pea-sized hail fell last

Wednesday for a few seconds with no damage.

Temperature reached a low of 32° here Monday morning, and 31° Tuesday morning with more visible ice but no killing damage to crops or plants.

More wet weather was in the forecast for Wednesday, prior to press time.

Monday, Nov. 11—Barbecue weiners, creamed potatoes, baby Lima beans, rolls, milk, butter, apple crisp.

Tuesday—Beef tacos, lettuce/tomato salad, black-eye peas, plum cobbler, milk.

Wednesday—Pinto beans, potato salad, turnips with greens, commel muffins, pineapple pudding, milk.

Thursday—Hamburgers, lettuce wedges / dressing, onion, pickle slices, chocolate milk, oatmeal cookie.

Friday—Hot turkey sandwiches, French fries/catsup, pear salad, milk.

GALLANT MEN & WOMEN PAID TRIBUTE BY PRESIDENT FORD

President Ford on October 28 paid tribute to the Nation's veterans as "gallant men and women who have answered the call... whenever our freedom has been threatened."

While saluting all of America's veterans, Ford gave special attention to veterans of the Vietnam War. He said of them:

"They served in spite of the most difficult psychological pressures. They served at a time when many of their peers and their elders were denouncing service to one's country as immoral. They served while some avoided service. They served without the full moral support that this nation has usually given its fighting forces."

The President emphasized that America owes a huge debt to our Vietnam veterans and must "serve them in peace... as they served us in war."

This means, the President said, that Vietnam veterans must share in the fruits of the American system. We must see to it, he said, that

our Vietnam veterans are not forgotten.

Pointing to the plight of the unemployed young veteran, Ford said he has ordered that the Federal Government hire at least 70,000 Vietnam Era veterans by next July 1. Progress already is being made in providing jobs for vets, the President said. He noted that unemployment among veterans has diminished since its high point in 1971, and gave much of the credit to the National Alliance of Businessmen (NAB). Ford said the NAB hopes to provide 20,000 jobs for veterans during the next year.

The President also promised improved VA hospital care for the Nation's veterans. He said VA medicine is top-flight for the most part now but that some problems exist. He said he has given VA Administrator Richard Roubush the assignment of solving these problems.

President Ford then turned to the challenge of keeping the peace. Quoting George Washington, he said: "To be prepared for war is one of the most effectual means of preserving peace."

Citing the dire results of isolationism, Ford said of Washington's declaration, "More than once in our history, we have forgotten that warning and, each time, we have paid a heavy toll in human suffering."

The President applauded the efforts of America's veterans to keep this country strong and said that is the way to build a permanent peace.

He declared: "Let this

The ancient Greeks believed that ivy could prevent drunkenness.

past Veterans Day strengthen our resolve to always walk the extra mile for peace, but always to walk it strong and unafraid—for without a mighty America no peace can long survive."

Keeping The FAITH

"And seeing the multitudes, he went up into a mountain: and when he was set, his disciples came unto him."

St. Matthew 5:1

The Sermon on the Mount is the acknowledged statement of the ideal religious life. However, there is frequently a lack of true understanding as to exactly what Jesus meant by the proper way of life. For example, are the beatitudes to be taken literally? When Jesus said: "Blessed are the poor in spirit: for theirs is the kingdom of heaven," did he mean renunciation of material wealth or that we should be weak-willed? It should be noted that a strange tradition of parting with one's possessions has often been thought of as the mark of being truly religious. Is this part of the meaning of that beatitude?

An Australian minister, the Rev. R. H. Teed, who has spent over 60 years in the ministry, has written a detailed explanation of the sometimes puzzling Sermon on the Mount. In clear understandable language, Mr. Teed reveals the lessons which have so much meaning for modern man. He guides the reader step by step unfolding the symbolic meaning of the beatitudes as well as the Ten Commandments.

To fully understand what Jesus meant in this important sermon we need to know the underlying truths and the depth of meaning in the passages.

In his 89 page book SERMON ON THE MOUNT, Mr. Teed makes these limit-

less truths easy to comprehend. In a world torn by wars, social upheaval, and industrialization, this little book can be a profound source of strength—a "light in darkness."

Mexican Peso Remains Stable; Backed by Near-Record Reserves

MEXICO CITY—(Special)—A strongly reinforced Mexican peso will continue its 20-year parity with the U.S. dollar. President Luis Echeverria asserted in his fourth State of the Union address to the Chamber of Deputies.

The exchange rate of 12.50 pesos to one U.S. dollar has been in effect since April 1954, showing an uncommon stability in the international monetary market.

"I reiterate our determination and ability to maintain the exchange rate of 12.50 pesos to one U.S. dollar without resorting to currency controls on transactions involving merchandise, services or capital," the President asserted. "This is an essential part of our basic policy aimed at protecting domestic price levels and inspiring an atmosphere of confidence for attracting productive investments to develop Mexico's resources."

The stability of the peso is backed by Banco de Mexico (central bank) reserves of 2.46 billion dollars (30.8 billion pesos). Of this total, 1.3 billion dollars (16.5 billion pesos) are primary reserves in the form of gold, silver and foreign exchange. The remaining 1.1 billion dollars (14.3 billion pesos) consists of secondary reserves in the form of special drawing rights with various international financial institutions.

Retail Store Gains May Bow To Economic Uncertainties

Big department store chains have continually reported higher sales for the past five years, but their ability to maintain the record pace is in question because of new economic uncertainties, an article in Exchange magazine reports.

It is estimated that suppliers of products to mass merchandisers will raise prices about 10 per cent this year.

LUNCHROOM PERSONNEL GIVE INSTRUCTIONS TO SECOND GRADERS

A comparison demonstration was given Tuesday afternoon by lunchroom manager, Edith Williams, aided by other staff members of the lunchroom staff.

Sponsors of this Career Education program were second grade teachers, Mary Smith and Maxine Nichols. The comparison was on "the amount of ingredients your mother might use in preparing a home meal, to the amount the lunchroom staff uses in preparing a school meal". The leading food stressed was home made bread.

The two second grade rooms visited the lunchroom

While the students were in the kitchen, they also received a visual touch of the preparation of their lunch dish meal, as they watched Rubie Shannon by children and viewed vegetables as they were prepared with No-nose blouse steaming potatoes.

Children writing "thank you" letters to lunchroom employees for their demonstrations were the following: Shawnda Mason, Tommy Gore, Diana Cabelle, Stephanie Salazar, Teresa Williams, Patricia Cruz, Ellen Walker, Johnny Williams, Jamie Engle, Dale Johnson, Rusty Sauder, Sherri Powell, Daniel Davila, Kevin King,

Jackie of SPC, and Walter of Lubbock.

Mrs. Daisy Ford visited recently with her granddaughter, Mr. and Mrs. Ronnie Carter and Kelli in Amarillo. Mrs. Carter is the former Sonja Ford.

Mrs. Louella Serratt visited last weekend with her sons, Mr. and Mrs. Delbert Serratt and family in Claude and Mr. and Mrs. Kenneth Serratt and children in Amarillo.

Mr. and Mrs. D. W. Williamson visited Monday with their daughter-in-law and granddaughter, Mrs. Harry Williamson and Kris in Lubbock.

Mrs. Verna Munger was recently dismissed as a medical patient in the Medical Arts Hospital in Littlefield. S H S - 74-PICTURED ABOVE ARE THE 150 MEMBERS OF THE HORNET BANDS INCLUDING THE MEMBERS FROM THE 5TH, 6TH & 7TH GRADES AND THE HIGH SCHOOL BAND DURING THE HALFTIME SHOW FRIDAY NIGHT AT THE SUDAN-AMHERST FOOTBALL GAME UNDER THE DIRECTION OF BOB BRYANT.

1974-75 FEATURED TWIRLERS FOR THE SUDAN HORNET BAND INCLUDE Shelley Hargrove, daughter of Mr. and Mrs. Jim Bob Hargrove, Cindy Moss, daughter of Mr. and Mrs. Tommy Moss and Mary Griffith, daughter of Marie Allen.

Key Wilcoxson all of Dalhart. His parents, Mr. and Mrs. Neal Bryant of Big Springs visited with them Friday night and watched the halftime performance of the Hornet Marching Band which their son directs.

Mrs. Marge Nelson accompanied the local basketball girls and their coach to the basketball clinic at Plainview Saturday. Some 50 to 60 girls made the trip.

Mr. and Mrs. H. H. Poter have returned home from Ft. Stockton where they visited their son, Mr. and Mrs. Bob King and family, and in Hamilton with his cousin, Mr. and Mrs. Luther Kelly.

The Sudan Hornet Band participated in the UIL marching contests Tuesday at Jones Stadium in Lubbock. According to Director Bob Bryant, the local band was given a Division III rating by judges Dr. Charles Traylor of Abilene, J. W. King Jr. of Canyon and Gerald Smith of Panhandle.

Class B schools receiving Div. I ratings were Sundown and Ropes. Wilson and Anton, ratings of II; Whitharal, Nazareth and Loop, III; and Smyer, IV.

It was reported by viewers that the local band looked "very good" and the director, Bob Bryant, stated that he felt like the band should have received a rating of at least a High II, if not a low I. The judges were inconsistent in their criticisms. Bryant commented, "The band did a great job—I was proud of the job they did and was not disappointed in them at all, but in the judges."

Twirlers Cindy Moss and Shelley Hargrove also competed in the UIL Twirling event. Shelley received a II and Cindy received a II.

Bryant expressed his appreciation for the "great" send off, by students, parents, the fire truck and the Deputy Sheriff Kermit Whitten.

WORCESTERED SNACKS WITH SMACK

A fun evening with friends always calls for snacks—either as appetizers or after-dinner hospitality. Here are some ideas that are as flavorful as they are easy to make with a dash of Worcestershire.

Savory Cream Cheese Spread is a good make-ahead treat. Blend together 2 packages (8 oz. each) softened cream cheese, 1 cup butter or margarine, softened; 2 tablespoons toasted sesame seed; 1 tablespoon onion powder; 1 1/2 tablespoons original Worcestershire sauce and 2 teaspoons prepared brown mustard. Chill several hours and serve with crackers. (To toast sesame seed, sprinkle thinly in pan and bake 10 minutes in moderate oven.)

Worcestered Nuts and Bolts are always tempting. Blend 1 tablespoon melted butter or margarine and 2 tablespoons Worcestershire sauce. Add 2 cups toasted oat cereal and 1 cup pretzel sticks. Toss to coat and spread evenly over shallow baking pan. Bake in very hot oven for 8 minutes or until hot and golden brown.

Nine Day Tour Planned

Dalton Wood, editor-owner of the Slatonite, Slaton, Tx., has announced a nine-day tour to points in Europe including Holland, Germany, France, Switzerland and Belgium for March 22, 1975. He states that he will be making the jet flight and offers information

pertaining to the trip for any other interested person.

A fee of only \$628 will take care of all expenses including jet flight, accommodations, two light meals per day, sightseeing and a personal escort. Highlights of the trip will be a tour of Amsterdam with visits to a diamond factory and the home of Rembrandt; visits to the Cathedral of Cologne and a stop at the Rhine River; a tour of Paris with visits to the Eiffel Tower, Louvre, and Notre Dame Cathedral. A \$25.00 deposit will assure anyone of a reservation. Or, if you wish further information, you may write for a color brochure to Sandy Martin, c/o Slatonite, Box 775, Slaton, Texas 79364.

BOOSTER CLUB HOLDS REGULAR MEET MONDAY

Some 38 members of the Booster Club were present Monday night for viewing the film of the Sudan-Amherst football game.

Coach Jackie Stewart felt like Sudan made too many mistakes in the game, and if the Bulldogs had capitulated on each one it could have really hurt. He stated that we could not afford to make mistakes in this weeks game with Motley County Matadors. We will have to play a good defensive game and meet them tackle to tackle. The Matadors have a good passer and three big and good receivers according to Coach F. M. Smith who scouted the game. Smith felt like they are a well disciplined team and had some returning players from last years team which went to the semi-finals.

The chartered bus discussed last week for the trip to the Motley County game, will not be taken from Sudan.

Coach Al Scott reminded members of the girls' basketball game this Tuesday night at Whiteface. And on next Tuesday, Nov. 12, both the varsity and junior high girls at Bledsoe Nov. 12 with the first game at 6:30 p. m.

The JV football team will play at Shallowater Thursday night following the Anton-Shallowater junior high football game at 5 p. m. Nell Lane won the football contest last week.

LAMB CO. HIWAYS INCLUDED IN IMPROVEMENTS

Highway improvements in Lamb County are included in a \$50.2 million safety and improvement program for 1975 approved recently by the Texas Highway Commission.

District Engineer George C. Wall of Lubbock, said the work includes such projects as widening, providing additional surfacing, resurfacing, sodding, improvement of shoulders and other types of work.

The 1975 State Highway Safety and Betterment and Farm to Market Road Improvement Program statewide include 709 projects in 201 counties of the state, involving 4,328.2 miles of roads.

Fifty-two percent of the work is on U. S. -and State-

wide numbered routes, 47 percent is on Farm to Market Roads and one percent is reserved for later assignments.

Projects in Lamb County include: U. S. 84 from Bailey County Line to FM 37 - Seal Coat - 14.1 miles in length; \$230,000 estimated cost.

U. S. 84 from FM 37 to west city limits of Littlefield - Seal Coat - 4.6 miles in length; \$79,500 estimated cost.

on our mistake, but we came back and tied the game 31 seconds after they scored. For a team to bounce back that quick they have to have a lot of pride and character. I have said all along that this group of young men will give everything they have, and I felt like they did last Friday night. We made some mistakes that we haven't made before. We seemed to be a little tight prior to the game and maybe that was the reason.

The defense did a good job of shutting off the running during the game. Amherst could throw the ball and they hurt us with their pass on their TD's but we adjusted well and didn't get hurt in the second half.

On offense we did a good job of running the ball. Amherst had a tough defense. They played us in a defense designed to stop the run and we hurt them when we caught them stacked to the wrong side. I was disappointed in our throwing of the ball.

Outstanding on getting to Amherst's punt returner were Tracy Bowling and Jerry Williams.

The Pep Rally Friday will begin at approximately 1:30 p. m. prior to the Motley County game.

JUNIOR HIGH FOOTBALL
The Sudan junior high football team lost to Amherst Thursday afternoon there, 16-0, not as much as earlier in the season. That completed their games for the year.

JV FOOTBALL

The JV team was idle last week but journey to Shallowater today where they will play following the Anton-Shallowater junior high

game.

Sponsors are Don Ham and Mary Tollett. Admission prices are \$1.50 for adults, and children under 12 for \$1.00.

The varsity girls won their game in a 38-35 decision with Mary Ann Bellar leading the locals with 15 points. Beverly Chambers of Whiteface leading all scoring with 19 points.

Whiteface won the B-team contest 44-27.

The Varsity girls and the junior high girls will play at Bledsoe Nov. 12 with the first game at 6:30 p. m.

rage net income per farm was \$12,200—which places Texas farmers squarely in the middle income bracket. Out of a \$7.2 gross farm income, \$5.2 billion went to pay farm production expenses.

Cattle and calves accounted for 43.5 per cent of the total cash receipts with sorghum and cotton lint being the highest income factors in Texas' crop figures. Each added 11.7 per cent of the total farm marketings.

Texas ranked third in the nation in total cash receipts from crops and livestock. Iowa and California ranked first and second.

Cotton is still an important cash crop to Texas farmers and last year's crop was worth more than \$757 million. Cottonseed added another \$157 million.

Government payments to Texas farmers and ranchers was the lowest amount received since 1965. Payments in 1973 were for cotton, wheat, feed grain, sugarbeets, wool, mohair, cropland adjustment, rural environmental assistance and conservation programs.

Nationally, total cash receipts from farm marketings, including government payments, amounted to more than \$91 billion.

ELMER DAVIS
Muleshoe

Most courts agree that the keeper of a wild animal, even if it is seemingly tame, carries a heavy responsibility in case of an injury. (Of course, there may also be a local ordinance forbidding such pets altogether.)

Where is the dividing line between "wild" and "tame"? Generally considered wild are such animals as lions, tigers, bears, and wolves. Generally considered tame are such animals as cattle, sheep, horses, dogs, and cats.

Then there are assorted animals near the borderline, like deer, mules, and monkeys. To some degree, the law's classification depends on the customs of the community. The elephant, held tame in Burma, was held wild in Ohio. The camel, held tame in Australia, was held wild in California.

Even if the animal is classified as wild, the keeper will usually not be blamed for an injury to someone who was guilty of deliberate provocation or recklessness. In one case a youth disregarded both a barrier and warning signs to approach a leopard in a cage.

Slashed by the leopard, he later demanded damages from the animal's owner. But the court threw out his claim. The court said, in effect, that the victim had gotten what he had asked for.

to compensate for the limitations of cold water. A bleach substitute such as Borateem Plus is a big help, too.

Do not overload the washer, for that limits the cleaning action of the machine. But do wait for full loads to accumulate to save energy.

Pretreating stains and heavy soil on clothing becomes increasingly important in cold water washing. Heavily soiled or stained items may benefit from a soak before washing, adding to the water 1/4-cup of a stain fighter like the bleach substitute.

If cold water is used for pre-soaking, a longer soak (2 to 3 hours) will be needed than if warm water is used. For difficult stains, try rubbing in a few pinches of the bleach substitute before washing.

Since most powdered laundry products dissolve slowly in cold water, it would be best to add product to the wash water and let agitation start before clothes are added. If this is not possible, the product could be pre-dissolved in a jug or bottle before adding to the washer.
